No. MC 103993 (Sub-No. 652 TA) filed August 6, 1971. Applicant: MORGAN DRIVE AWAY, INC., 2800 West Lexington Avenue, Elkhart, IN 46514. Applicant's representative: Ralph H. Miller (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Buildings*, in sections, on undercarriages, from Hickory Grove, S.C., to points in the United States east of the Mississippi River (except Minnesota and Louisiana), for 180 days. Supporting shipper: Andrews-Gaddy Industries, Inc., Post Office Box 218, Hickory Grove, SC 29717. Send protests to: Acting District Supervisor John E. Ryden, Bureau of Operations. Interstate Commerce Commission, Room 204, 345 West Wayne Street, For Wayne, IN 46802.

No. MC 107295 (Sub-No. 541 TA), filed August 9, 1971. Applicant: PRE-FAB TRANSIT CO., Post Office Box 146, 100 South Main Street, Farmer City, IL 61842. Applicant's representative: Bruce J. Kinnee (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel pallet racks and accessories* used in the installation thereof, from the plantsite of Speedrack, Inc., at Quincy and Rock Island, Ill., to Memphis, Tenn., for 60 days. Supporting shipper: Robert E. Tofall, Traffic Manager, Speedrack, Inc., Skokie, Ill. 60076. Send protests to: Harold C. Jolliff, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 325 West Adams Street, Room 476, Springfield, IL 62704.

No. MC 108207 (Sub-No. 324 TA), filed August 9, 1971. Applicant: FROZEN FOOD EXPRESS, 318 Cadiz, Post Office Box 5888, 75207, Dallas TX 75222. Applicant's representative: J. B. Ham (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Candy*, from Dallas, Tex., to points in Oklahoma, for 150 days. Supporting shipper: Deran Confectionery Co., Inc., 4906 Cash Road, Dallas, TX 75247. Send protests to: District Supervisor E. K. Willis, Jr., Interstate Commerce Commission, Bureau of Operations, 1100 Commerce Street, Room 13C12, Dallas, TX 75202.

No. MC 110098 (Sub-No. 116 TA), filed August 9, 1971. Applicant: ZERO REFRIGERATED LINES, 1400 Ackerman Road, Post Office Box 20380, San Antonio, TX 78220. Applicant's representative: T. W. Cothren (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts, and packinghouse products*, as described in sections A and C of appendix 1 to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from the plantsite and storage facility of Swift Fresh Meats Co., Tolleson, Ariz., to points in Arkansas, Louisiana, and Mississippi, for 180 days. Supporting shipper: Swift Fresh Meats Co., Distribution Department, 115 West Jackson Boulevard, Chicago, IL 60604. Send protests to: Richard H. Dawkins, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 301 Broadway, Room 206, San Antonio, TX 78205.

No. MC 121142 (Sub-No. 9 TA), filed August 5, 1971. Applicant: J & G EXPRESS, INC., Post Office Box 2069, Jackson, MS 39209. Applicant's representative: Jerry Blount, Post Office Box 2366, Jackson, MS 39205. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk and those requiring special equipment), from Jackson, Miss., to Canton and Flora, Miss., from Jackson to Canton over U.S. Highway 51 and/or I-55, and return; and from Jackson, Miss., to Flora, Miss., over U.S. Highway 49 and return serving Jackson, Canton, and Flora, Miss., for 180 days. NOTE: Applicant intends to tack with certificate MC-121142 and to interline at Jackson and Hardy Station, Miss. Supported by: There are approximately 20 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. Send protests to: Alan C. Tarrant, District Supervisor, Interstate Commerce Commission, Bureau of Operations, Room 212, 145 East Amite Building, Jackson, Miss. 39201.

No. MC 128085 (Sub-No. 1 TA), filed August 9, 1971. Applicant: JOHN NOVAK, Route No. 1, Box 11, Laona, WI 54541. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Forest products* (except commodities in bulk, and those commodities which because of size or weight require special equipment), from the plantsites of Connor Forest Industries located in the States of Michigan and Wisconsin to points located on and east of the western boundaries of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and Texas; and (2) *materials and supplies* used in the manufacturing and distribution of above on return. Operations herein are limited to a transportation service to be performed under a continuing contract or contracts with Connors Forest Industries, for 180 days. Supporting shipper: Connor Forest Industries, 131 Thomas Street, Wausau, WI 54401 (T. M. Bennett, Corporate Traffic Manager). Send protests to: District Supervisor Lyle D. Helfer, Interstate Commerce Commission, Bureau of Operations, 135 West Wells Street, Room 807, Milwaukee, WI 53203.

No. MC 129039 (Sub-No. 7 TA), filed August 9, 1971. Applicant: JACOBY TRANSPORT SYSTEM, INC. 4754 James Street, Philadelphia, PA 19137. Applicant's representative: Paul Ribner, Suite 450, 106 South 16th Street, Philadelphia, PA 19102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Ice cream*, in packages and cartons, from the plantsites of the Dolly Madison Ice Cream Co., Inc., Philadelphia, Pa., to points in Rhode Island and Massachusetts; and (2) *materials and food products*, from points in Massachusetts and Rhode Island to the plantsites of the Dolly Madison Ice Cream Co., Inc., Philadelphia, Pa., for 180 days. Supporting shipper: Dolly Madison Ice Cream Co., Inc., Fourth and Poplar Streets, Philadelphia, PA 19123. Send Protests to: F. W. Doyle, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 1518 Walnut Street, Room 1600, Philadelphia, PA 19102.

VOL 36 161 XUM

No. MC 135865 TA. filed August 9, 1971. Applicant: APPLEGATE DRAYAGE COMPANY, 325 North Fifth Street, Sacramento, CA 95812. Applicant's representative: Bertram S. Silver, 140 Montgomery Street, San Francisco, CA 94104. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, between all points on or within 10 miles of the following routes: (1) California Highway 70, between Sacramento and Vinton, Calif., except no local service is authorized at points on California Highway 70 between Sacramento and Jarbo Gap, Calif.; and (2) California Highway 89 at the point of intersection with California Highway 70 and Greenville and unnumbered highways diverging from California Highway 89 at Greenville and at or near Crescent Mills to Taylorsville, this being the nature of a loop operation; returning over the same regular routes in the reverse direction, carrier may use any and all streets, highways, and roads for operating convenience to perform the above service, for 180 days. Supported by: There are approximately 15 statements of support attached to the application, which may be examined here at the Interstate Commerce Commission in Washington, D.C., or copies thereof which may be examined at the field office named below. Send protests to: Wm. E. Murphy, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 450 Golden Gate Avenue, Box 36004, San Francisco, CA 94102.

No. MC 135866 TA. filed August 5, 1971. Applicant: JACK L. MASSENDER, doing business as ZILLAH HAULING SERVICE, 6502 North Pittsburg, Spokane, WA 99207. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Building materials*, between points in Washington and Idaho, Oregon, Montana, and California, for 180 days. Supporting shippers: Artistic Iron Works, Inc., East 23 Montgomery, Spokane, WA 99207.; N. C. Miller Lumber Co., Inc., Cle Elum, Wash.; Savage Wholesale Building Materials, East 3229 Ferry Avenue, Spokane, WA 99220. Send protests to: E. J. Casey, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 6130 Arcade Building, Seattle, WA 98101.

By the Commission.

[FR Doc.71-12154 Filed 8-18-71;8:56 am]

FOURTH SECTION APPLICATION FOR RELIEF

AUGUST 13, 1971.

Protests to the granting of an application must be prepared in accordance with rule 1100.40 of the general rules of practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 42261—*Corn from Points in Iowa.* Filed by Western Trunk Line Committee, agent (No. A2647), for and on behalf of the Chicago and North Western Railway Co. Rates on corn (not popcorn), in bulk, in carloads, as described in the application, from points in Iowa, to Cedar Rapids and Clinton, Iowa.

Grounds for relief—Carrier competition.

Tariff—Item 4015-B of supplement 40 to Western Trunk Line Committee, agent, tariff ICC A-4702. Rates are published to become effective on September 15, 1971.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[FR Doc.71-12028 Filed 8-18-71;8:46 am]

[Notice 64]

MOTOR CARRIER APPLICATIONS AND CERTAIN OTHER PROCEEDINGS

AUGUST 13, 1971.

The following publications are governed by the new special rule 247 of the Commission's rules of practice, published in the FEDERAL REGISTER, issue of December 3, 1963, which became effective January 1, 1964.

The publications hereinafter set forth reflect the scope of the applications as filed by applicant, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission, authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

MOTOR CARRIERS OF PROPERTY

No. MC 80389 (Sub-No. 2) (Republication), filed February 4, 1970. Applicant: RUSSELL E. HARTHCOCK, doing business as ACTION MURRAY VAN LINES, 1855 West Hovey, Springfield, MO 65804. Applicant's representative: John E. Burrus, Jr., Seventh Floor, Central Trust Building, Jefferson City, MO 65101. A decision and order of the Commission, Review Board Number 3, dated July 13, 1971, and served August 3, 1971, finds; that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes, of meats, meat products, and meat byproducts, and articles distributed by meat packinghouses as described in sections A and C of appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, (a) from points in Greene County, Mo., to points in Madison and St. Clair Counties, Ill., Miami, Linn, Bourbon, Crawford, and Cherokee Counties, Kans.; and Madison, Carroll, Boone, Marion, Searcy, and Baxter Counties, Ark., and Miami, Okla.; (b) between points in Greene County, Mo., on the one hand, and, on the other, points in Missouri; (c) from points in Madison and St. Clair Counties, Ill., to points in Madison, Carroll, Boone, Marion, Searcy, and Baxter Counties, Ark., and Vernon, Barton, Jasper, Newton, McDonald, Barry, Lawrence, Dade, Cedar, St. Clair, Hickory, Polk, Greene, Stone, Taney, Christian, Webster, Dallas, Camden, Laclede, Wright, Douglas, Ozark, Howell, Texas, Pulaski, New Madrid, Dunklin, Pemiscot, Mississippi, Stoddard, Butler, Ripley, Oregon, Shannon, Reynolds, Bollinger, Scott, Perry, Cape Girardeau, Ste. Genevieve, and Carter Counties, Mo.; and (d) from St. Louis, Mo., and points in St. Louis County, Mo., to points in Madison, Carroll, Boone, Marion, Searcy, and Baxter Counties, Ark.; Linn, Bourbon, Crawford, and Cherokee Counties, Kans., and Miami, Okla.; restricted in each instance to the transportation of shipments originating at the named origins and destined to the named destinations. Because it is possible that other persons who may have relied upon the notice of the application as published in the FEDERAL REGISTER may have an interest in and would be prejudiced by the lack of proper notice, a notice of the authority actually granted applicant will be published in the FEDERAL REGISTER and issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file a petition to reopen or for other appropriate relief setting forth in detail the precise manner in which it has been so prejudiced.

No. MC 106919 (Sub-No. 3) (Republication), filed March 9, 1971, published in the FEDERAL REGISTER issue of April 1, 1971, and republished this issue. Applicant: A. L. CHIPMAN, doing business as GOODWIN MOVING AND STORAGE COMPANY, 623 Broadway, Vallejo, CA 94590. Applicant's representative: John Paul Fischer, 140 Montgomery Street, San Francisco, CA 94104. An order of the Commission, Operating Rights Board, dated July 12, 1971, and served August 9, 1971, finds; that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a common carrier by motor vehicle, over irregular routes, of used household goods between points in Alameda, Contra Costa, Marin, Sonoma, Lake, Napa, Yolo, San Francisco, Sacramento, Solano, San Joaquin, Mendocino, San Mateo, Santa Clara, Stanislaus, Calaveras, and Tuolumne Counties, Calif., restricted to the transportation of traffic having a prior or subsequent movement, in containers, beyond the points authorized and further restricted to the performance of pickup and delivery service in connection with packing, crating and containerization or unpacking, uncrating and decontainerization of such traffic. That since it is possible that other parties who have relied upon the notice in the FEDERAL REGISTER of the application as originally published may have an interest in and would be prejudiced by the lack of proper notice of the grant of authority without the requested limitation in our findings herein, a notice of the authority actually granted will be published in the FEDERAL REGISTER and issuance of the certificate in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file an appropriate petition for leave to intervene in the proceeding setting forth in detail the precise manner in which it has been prejudiced.

No. MC 107478 (Sub-No. 13) (Republication), filed January 27, 1971, published in the FEDERAL REGISTER issue of February 19, 1971, and republished this issue. Applicant: OLD DOMINION FREIGHT LINE, a corporation, Box 1189, High Point, NC 27261. Applicant's representative: Francis W. McInerny, 1000 16th Street NW., Washington, DC 20036. An order of the Commission, Operating Rights Board, dated June 30, 1971, and served July 20, 1971, finds: that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a common carrier, by motor vehicle, over irregular routes, of dairy products, and fruit drinks, from High Point, N.C., to points in Virginia. That because it is possible that other parties who have relied upon the notice of the application as published, may have an interest in and would be prejudiced by lack of proper notice of the authority described in the findings of this order, a notice of the authority actually granted will be published in the FEDERAL REGISTER and issuance of a certificate in this proceeding will be withheld for a period of 30 days from the date of such publication, during which period any proper party in interest may file an appropriate petition for leave to intervene or other appropriate pleading setting forth in precise detail the manner in which it has been so prejudiced.

APPLICATIONS FOR CERTIFICATES OR PERMITS WHICH ARE TO BE PROCESSED CONCURRENTLY WITH APPLICATIONS UNDER SECTION 5 GOVERNED BY SPECIAL RULE 240 TO THE EXTENT APPLICABLE

No. MC 35320 (Sub-No. 126), filed July 21, 1971. Applicant: T.I.M.E.-DC, INC., 2598 74th Street, Post Office Box 2550, Lubbock, TX 79408. Applicant's representatives: Frank M. Garrison, Post Office Box 2550, Lubbock, TX 79408 and Carl L. Steiner, 39 South LaSalle Street, Chicago, IL 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except classes A and B explosives, household goods as defined by the Commission, and commodities in bulk, between points in that area in the State of Illinois beginning at the Illinois-Wisconsin State line and junction Illinois Highway 31; thence along Illinois Highway 31 to junction Illinois Highway 173; thence along Illinois Highway 173 to junction Illinois Highway 47; thence along Illinois Highway 47, serving Woodstock, to junction Illinois Highway 176; thence along Illinois Highway 176 to junction Illinois Highway 23; thence along Illinois Highway 23, serving Genoa, Sycamore, and De Kalb, to junction U.S. Highway 30; thence east along U.S. Highway 30 to Hinckley; thence south over unnumbered highway via Sandwich, Millington, Newark, and Lisbon to junction with Illinois Highway 47; thence southerly along Illinois Highway 47 to junction Illinois Highway 113; thence easterly along Illinois Highway 113 to the Will County-Kankakee County line; thence northerly along the Will County-Kankakee County line to its intersection with Illinois Highway 102; thence easterly along Illinois Highway 102 to junction U.S. Highway 54 near Bradley; thence along U.S. Highway 54 to junction unnumbered highway approximately 4 miles north of Bradley; thence east over unnumbered highway via St. George to junction Illinois Highway 1; thence south on Illinois Highway 1 to junction Illinois Highway 114; thence east along Illinois Highway 114 to the Illinois-Indiana State line serving points on and within said boundary. NOTE: Applicant states it will tack at Chicago and the Chicago, Ill., commercial zone with presently held authority to perform a through service. Common control may be involved. The instant application is a matter directly related to No. MC-F-11247, published in the FEDERAL REGISTER issue of August 4, 1971. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 124947 (Sub-No. 12), filed July 14, 1971. Applicant: MACHINERY TRANSPORTS, INC., 608 Cass Street, Post Office Box 2338, East Peoria, IL 61611. Applicant's representative: Max G. Morgan, 600 Leininger Building, Oklahoma City, Okla. 73112. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight requires the use of special equipment, and related articles and supplies when their transportation is identical to the transportation of commodities which by reason of size or weight require special equipment, between points in Illinois. NOTE: The foregoing is in lieu of Heavy Machinery and property of unusual weight, length, and width to or from any point or points within the State of Illinois. Applicant states that it will be able to tack its authority in Williamson, Saline, and Franklin Counties, Ill., to this requested authority, and to retack to its base authority providing a through service between Ohio, Indiana, and Kentucky, on the one hand, and on the other, points in Colorado, Kansas, Louisiana, New Mexico, Oklahoma, Texas, Wyoming, and Arkansas, and also Beloit, Wis. This application is a matter directly related to MC-F-11235, published in the FEDERAL REGISTER issue of July 28, 1971. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

APPLICATIONS UNDER SECTIONS 5 AND 210a(b)

The following applications are governed by the Interstate Commerce Commission's special rules governing notice of filing of applications by motor carriers of property or passengers under sections 5(a) and 210a(b) of the Interstate Commerce Act and certain other proceedings with respect thereto (49 CFR 1.240).

MOTOR CARRIERS OF PROPERTY

Nos. MC-F-10690 and MC F-10758. (Supplement) (McKEE LINES, INC.—Purchase (Portion)—BILYEU REFRIGERATED TRANSPORT CORP.), published in the December 31, 1969, and February 26, 1970, issue of the FEDERAL REGISTER respectively. By supplement filed August 5, 1971, WORSTER-MICHIGAN, INC., join in as party applicant in control of the applications.

No. MC-F-10911. (Supplement) (KATUIN BROS. INC.—Purchase (Portion)—JACK LINE TRUCK LINE, INC.), published in the August 12, 1970, issue of the FEDERAL REGISTER (35 F.R. 12817). Approved by report and order of Review Board 5, on June 28, 1971. Conditioned upon joinder by ALLAN KATUIN AND WALTER KATUIN as party applicants. Petition filed August 2, 1971, by said individuals to be joined in the application.

No. MC-F-11212. (Correction) (GALLATIN-PORTLAND FREIGHT LINES, INC.—Purchase—ROBERT H. BRADSHAW, doing business as HARTSVILLE FREIGHT COMPANY), (of control of such rights through the purchase), published in the June 30, 1970, issue of the FEDERAL REGISTER (35 F.R. 12339). Prior notice should have read. GALLATIN-PORTLAND FREIGHT LINES, INC.—Lease—ROBERT H. BRADSHAW, doing business as HARTSVILLE FREIGHT COMPANY, and of control of such rights through the transaction.

No. MC-F-11240 (NESTOR BROS., INC.—Purchase (Portion)—THRUWAY

FREIGHT LINES, INC.), published in the July 28, 1971, issue of the FEDERAL REGISTER (36 F.R. 13964). Application filed August 9, 1971, for temporary authority under section 210a(b).

No. MC–F–11258. Authority sought for purchase by DEHART MOTOR LINES, INC., Highway 70W, Conover, N.C. 28613, of a portion of the operating rights of D & D TRUCKING COMPANY, INC., Highway 70W, Conover, N.C. 28613, and for acquisition by HAWTHORNE AVIATION, Post Office Box 10005, Charleston, SC 29411, of control of such rights through the purchase. Herbert Burstein, 30 Church Street, New York, NY 10007. Operating rights sought to be transferred: General commodities except cement, commodities of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment; (1) between points in Catawba, Iredell, McDowell, Alexander, Wilkes, Burke, Lincoln, Caldwell, and Gaston Counties, N.C.; and (2) between points in the counties in (1) above, on the one hand, and, on the other, points in North Carolina. Vendee is authorized to operate as a *common carrier* in North Carolina, New Jersey, New York, Pennsylvania, Virginia, Delaware, Maryland, and South Carolina. Application has not been filed for temporary authority under section 210a(b). NOTE: Certificate in Docket No. MC–99644 Sub-2, has not yet been issued.

No. MC–F–11259. Authority sought for merger into TRANS-WESTERN EXPRESS, LTD., 48 East 56th Avenue, Denver, CO 80216, of the operating rights and property of DENVER-LARAMIE-WALDEN TRUCK LINE, INC., 48 East 56th Avenue, Denver, CO 80216, and for acquisition by PAUL D. AMEN, MARCIA M. AMEN, FLOYD A. HENRIKSON, CLAIRE C. HENRIKSON, A. GENE HOOD AND PAULINE C. HOOD, all of Denver, Colo. 80216, of control of such rights and property through the transaction. Applicants' attorney: John P. Thompson, 450 Capitol Life Building, Denver, Colo. 80203. Operating rights sought to be merged: *General commodities*, except those of unusual value, classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, as a *common carrier*, over regular routes, between Denver, Colo., and Laramie, Wyo., and the intermediate points of Fort Collins, Colo., and those between Fort Collins and Laramie, without restriction: Lafayette, Longmont, Berthoud, and Loveland, Colo., restricted to traffic moving to or from Laramie, Wyo.; *general commodities*, excepting, among others, classes A and B explosives, household goods and commodities in bulk, between Loveland, Colo., on the one hand, and, on the other, Denver, Colo.; *general commodities*, except those of unusual value, classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, over an alternate route for operating convenience only, between Fort Collins, Colo., on the one hand, and, on the other, junction U.S. Highway 34 and Colorado Highway 185, with service at junction U.S. Highway 34 and Colorado Highway 185 for the purpose of joinder only. TRANS-WESTERN EXPRESS, LTD., is authorized to operate as a *common carrier* in Colorado, Wyoming, and Nebraska. Application has not been filed for temporary authority under section 201a(b).

No. MC–F–11260. Authority sought for purchase by OKLAHOMA BORDER EXPRESS, INC., 903 South Y Street, Fort Smith, AR 72901, of the operating rights and property of BOB MENDENHALL, doing business as OKLAHOMA BORDER EXPRESS, 903 South Y Street, Fort Smith, AR 72901, and for acquisition by ROBERT L. MENDENHALL, also of Fort Smith, Ark. 72901, of control of such rights and property through the purchase. Applicant's attorney: Tom Harper, Jr., Post Office Box 43, Fort Smith, AR 72901. Operating rights sought to be transferred: *General commodities*, excepting, among others, classes A and B explosives, household goods and commodities in bulk, as a *common carrier*, over regular routes, between Sallisaw, Okla., and Fort Smith, Ark., serving all intermediate points and the off-route point of Hanson, Okla., between Sallisaw, and Vian, Okla., serving all intermediate points, between Vian and Eufaula, Okla., serving the intermediate points of Gore, Warner, and Checotah, Okla., and the off-route point of Webbers Falls, Okla., serving the sites of Robert S. Kerr Lock and Dam, and Webbers Falls Lock and Dam as off-route points in connection with carrier's presently-authorized operations between Fort Smith, Ark., and Eufaula, Okla., and between Checotah and Prague, Okla., between Eufaula, Okla., junction U.S. Highway 62 and 75 at or near Henryetta, Okla., serving all intermediate points, between Fort Smith, Ark., and Marble City, Okla., serving the intermediate points of Roland, Gans, Short Mountain Damsite, and Sadie, Okla.; *general commodities*, except those of unusual value, classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between Oklahoma City, and Prague, Okla., serving all intermediate points, but restricted against the transportation of traffic (1) originating at Oklahoma City, Okla.; and (2) destined to Henryetta, Okla., and points in its commercial zone as defined by the Commission, Weleetka and Wetumka, Okla., and intermediate points on the said route, or originating at the points specified in (2) and destined to Oklahoma City, Okla. OKLAHOMA BORDER EXPRESS, INC., holds no authority from this Commission. However, it is affiliated with PARIS MOTOR FREIGHT, INC., 903 South Y Street, Fort Smith, AR 72901, which is authorized to operate as a *common carrier*, in Arkansas. Application has not been filed for temporary authority under section 210a(b).

No. MC–F–11262. Authority sought for purchase by CONSOLIDATED FREIGHTWAYS CORPORATION OF DELAWARE, 175 Linfield Drive, Menlo Park, CA 94025, of a portion of the operating rights of LEWISBURG TRANSFER COMPANY, INC., Post Office Box 403, Lewisburg, TN 37091, and for acquisition by CONSOLIDATED FREIGHTWAYS, INC., 601 California Street, San Francisco, CA 94108, of control of such rights through the purchase. Applicants' attorneys: Eugene T. Liifpfert, 1660 L Street, NW., Washington, DC 20036, Robert C. Stetson, 175 Linfield Drive, Menlo Park, CA 94025, and David Axelrod, 39 South La Salle Street, Chicago, IL 60603. Operating rights sought to be transferred: *General commodities*, excepting among others, classes A and B explosives, household goods and commodities in bulk as a *common carrier* over regular routes, between Nashville, Tenn., and Fayetteville, Tenn., serving all intermediate points south of Shelbyville, Tenn., between Fayetteville, Tenn., and Ardmore, Tenn., serving all intermediate points, between Nashville, Tenn., and Lexington, Ky., between Ardmore, Tenn., and Birmingham, Ala., serving no intermediate, between Lexington, Ky., and Wheeling, W. Va., serving Parkersburg, W. Va., as an intermediate point, over two alternate routes, with restrictions. Vendee is authorized to operate as a *common carrier* in California, Oregon, Washington, Illinois, Minnesota, Wisconsin, Montana, Colorado, Utah, Wyoming, Idaho, Indiana, Nevada, Ohio, Iowa, Michigan, Arizona and Kansas, Maryland, North Dakota, South Carolina, Georgia, Alabama, Kentucky, North Carolina, New York, Massachusetts, Oklahoma, Missouri, Texas, Louisiana, Pennsylvania, South Dakota, New Mexico, Nebraska, West Virginia, Mississippi, New Jersey, Connecticut, Alaska, and the District of Columbia. Application has been filed for temporary authority under section 210a(b).

MOTOR CARRIER OF PASSENGERS

No. MC–F–11261. Authority sought for purchase by NORTH STAR LINE, INC., 341 Ellsworth SW., Grand Rapids, MI 49502, of a portion of the operating rights of SHORT WAY LINES, INC., 49 North Erie Street, Toledo, OH 43604, and for acquisition by WILLIAM W. POST, JENNIE R. POST AND LAURENCE E. POST, all of Grand Rapids, Mich. 49502, of control of such rights through the purchase. Applicants' attorneys: William B. From Adrian over U.S. Highway 223 to Rome Center, and return over the same route, (first portion), between Toledo, Ohio and Lansing, Mich., serving all intermediate points, from Toledo over U.S. Highway 223 to Adrian, Mich., between junction U.S. Highway 127 and U.S. Highway 127 Business Route north of Jackson, Mich., and junction U.S. Highway 127 south of Jackson, Mich., serving all intermediate points, from junction U.S. Highway 127 and U.S. Highway 127 Business Route, over U.S. Highway 127 to junction U.S. Highway 127 and U.S. Highway 127 Business Route, and return over the same route, between junction U.S. Highway 127 and Interstate Highway 94 (U.S. Highway 12), and junction U.S. Highway 127 and Michigan Highway 50 (Jackson, Mich., bypass), serving all intermediate points, from junction U.S. Highway 127 and Interstate Highway 94 over U.S. Highway 127 to junction Michigan Highway 50, and return over the same route, between junction U.S. Highway 223 and U.S. Highway 223 Businss Route west of Adrian, Mich., and junction U.S. Highway 223 Business Route and U.S. Highway 223 south of Adrian, Mich., serving all intermediate points, from junction U.S. Highway 223 and U.S. Highway 223 Business Route, over U.S. Highway 223 to junction U.S. Highway 223 and U.S. Highway 223 Business Route, and return over the same route, between junction U.S. Highway 223 and Michigan Highway 52, and junction U.S. Highway 223 and U.S. Highway 223 Business Route (Adrian, Mich., bypass), serving all intermediate points, from junction U.S. Highway 223 and Michigan Highway 52 over U.S. Highway 223 to junction U.S. Highway 223 Business Route, and return over the same route, between Jackson, Mich., and Adrian, Mich., serving all intermediate points, from Jackson over Michigan Highway 50 to junction Michigan Highway 52, thence over Michigan Highway 52 to Adrian, and return over the same route, from Monroe over Michigan Highway 50 via Jackson to Eaton Rapids, and return over the same route (portion);

From Adrian over Michigan Highway 52 via Tecumseh, between Lansing, Mich., and Ann Arbor, Mich., serving all intermediate points, from Lansing over Michigan Highway 43 through East Lansing to Okemos, thence over county road to Mason, thence over Michigan Highway 36 to junction Michigan Highway 52, thence over Michigan Highway 52 to junction Interstate Highway 94, thence over Interstate Highway 94 to Ann Arbor, and return over the same route, from Stockbridge over Michigan Highway 52 (formerly Michigan Highway 92) to junction Michigan Highway 36, thence over Michigan Highway 36 to Mason, thence from Mason over unnumbered county road via Alaiedon Center and Okemos to junction Interstate Highway 96 (formerly U.S. Highway 16), thence over Interstate Highway 96 to East Lansing, thence over Michigan Highway 43 to Lansing, and return over the same route, between Stockbridge, Mich., and Ann Arbor, Mich., serving all intermediate points, from Stockbridge over Michigan Highway 92 via Chelsea, Mich., to junction Interstate Highway 94, and thence over Interstate Highway 94 to Ann Arbor, and return over the same route, *Alternate Route for Operating Convenience Only*, between junction U.S. Highway 127 and Interstate Highway 94 north of Jackson, Mich., and junction Interstate Highway 94 and Michigan Highway 52, serving no intermediate points, from junction U.S. Highway 127 and Interstate Highway 94, over Interstate Highway 94 to junction Michigan Highway 52 and return over the same route.

Restriction: The operations authorized in the alternate route described above are restricted to the transportation of traffic either (1) moving to or from Lansing, Mich., or points on U.S. Highway 127 between Lansing and Jackson, Mich., but including Jackson, or (2) moving between Jackson, Mich., on the one hand, and, on the other, Toledo, Ohio. Alternate Route for Operating Convenience Only: Passengers and their baggage, and express and newspapers in the same vehicle with passengers, between junction Interstate Highway 94 and U.S. Highway 127 near Jackson, Mich., and junction Interstate Highway 94 and Michigan Highway 52 near Chelsea, Mich., in connection with carrier's regular-route operations authorized herein, serving no intermediate points, from junction Interstate Highway 94 and U.S. Highway 127 over Interstate Highway 94 to junction Michigan Highway 52, and return over the same route.

Restriction: The operations authorized in the alternate route described above are restricted to the transportation of traffic either (1) moving to or from Lansing, Mich., or points on U.S. Highway 127 between Lansing and Jackson, Mich., but including Jackson; or (2) moving between Jackson, Mich., on the one hand, and, on the other, Toledo, Ohio, between Ann Arbor, Mich., and Flint, Mich., serving all intermediate points and the off-route points of Brighton, Mich., and Fenton, Mich., from Ann Arbor over U.S. Highway 23 Business Route to junction U.S. Highway 23, thence over U.S. Highway 23 to junction Michigan Highway 78, thence over Michigan Highway 78 to Flint, and return over the same route (portion), from Toledo over U.S. Highway 23 to Flint between Flint, Mich., and junction new U.S. Highway 23 (Interstate Highway 75) and Silver Lake Road, near Fenton, Mich., serving all intermediate points, from Flint over city streets to Flint city limits on Miller Road (Michigan Highway 78), thence over Miller Road to junction new U.S. Highway 23, and thence over new U.S. Highway 23 to junction Silver Lake Road, and return over the same route, between Flint, Mich., and Fenton, Mich., serving all intermediate points, from Flint over Fenton Road to Fenton, and return over the same route (portion), from Toledo over U.S. Highway 23 to Flint, between Ann Arbor, Mich., and Detroit, Mich., serving all intermediate points, and the off-route points of Willow Run Airport and Detroit Metropolitan Wayne County Airport, from Ann Arbor over Michigan Highway 17 to junction Willow Run Expressway, thence over Willow Run Expressway to junction Interstate Highway 94, thence over Interstate Highway 94 to Detroit: from junction Willow Run Expressway and Tyler Road over Tyler Road and Airport Access Roads to Willow Run Airport, and return over the same route; from junction Interstate Highway 94 and Merriman Road over Merriman Road and Airport Access Roads to Detroit Metropolitan Wayne County Airport, and return over the same route.

Restriction: The operations authorized immediately above are restricted against the transportation of any interstate passenger or passengers whose transportation by carrier involves movement only between points on the above-specified route between junction Merriman Road and Interstate Highway 94, on the one hand, and, on the other, Detroit, Mich. (portion), from Toledo over U.S. Highway 23 to Flint (portion) also from junction U.S. Highway 23 and U.S. Highway 12 (formerly U.S. Highway 112) at a point 5 miles southwest of Ypsilanti, Mich., over U.S. Highway 12 to Ypsilanti, thence over Michigan Highway 17 to junction U.S. Highway 23 near Ann Arbor, Mich. (portion), thence exit from Airport property on Merriman Road to Detroit Industrial Expressway (Interstate Highway 94), thence over Interstate Highway 94 to turn off for Willow Run Airport, thence over Access Roads and Airport Property to Willow Run Air Terminal, thence over Airport property and Access Roads to Interstate Highway 94, thence over Interstate Highway 94 to Ecorse Road (Michigan Highway 17) and various streets within the City of Ypsilanti, Mich., to the Ypsilanti Bus Depot (junction with present certificated route), and return over the same route, between junction Merriman Road and Interstate Highway 94 (Wayne County), Mich., and Detroit, Mich., serving all intermediate points, from junction Merriman Road and Interstate Highway 94 (Wayne County) over Interstate Highway 94 to Detroit, and return over the same route.

VOL 36 161 XUM

Restriction: The operations authorized immediately above are restricted against the transportation of any interstate passenger or passengers whose transportation by carrier involved movement only between points on the above-specified route between junction Merriman Road and Interstate Highway 94, on the one hand, and, on the other, Detroit, Mich., between Ann Arbor, Mich., and junction Interstate Highway 94 and Willow Run Expressway, Mich., serving all intermediate points, from Ann Arbor over U.S. Highway 23 Business Route to junction U.S. Highway 23, thence over U.S. Highway 23 to junction Interstate Highway 94, thence over Interstate Highway 94 to junction Willow Run Expressway, and return over the same route (portion), from Toledo over U.S. Highway 23 to Flint, between junction U.S. Highway 23 and Interstate Highway 94, and Willow Run Air Terminal, Mich., serving all intermediate points, from junction U.S. Highway 23 and Interstate Highway 94 (present certificated point) over Interstate Highway 94 to turn off for Willow Run Airport, thence over Access Roads and Airport property to Willow Run Air Terminal (junction points with route described above), and return over the same route. Vendee is authorized to operate as a common carrier in Michigan and Indiana. Application has not been filed for temporary authority under section 210a(b). NOTE: MC-13027 Sub-25, is a matter directly related.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[Notice 348]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 13, 1971.

The following are notices of filing of of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 4928 (Sub-No. 3 TA), filed August 5, 1971. Applicant: VERNON REHA and DENNIS REHA, a partnership, doing business as REHA TRUCKING, Adair, Iowa 50002. Applicant's representative: Kenneth F. Dudley, Post Office Box 279, Ottumwa, IA 52501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Feed, feed ingredients, and animal health products*, from Omaha, Nebr., to Greenfield, Monteith, and Stuart, Iowa, for 180 days. [Notice 733]

MOTOR CARRIER TRANSFER PROCEEDINGS

AUGUST 13, 1971.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-72966. By order of August 12, 1971, the Motor Carrier Board approved the transfer to Weber Trucking Co., a corporation, Cincinnati, Ohio, of Permit No. MC-128657 issued to Russell E. Scott, Zanesville, Ohio, authorizing the transportation of: Scrap meals, in dump vehicles, between points in Ohio, Indiana, Kentucky, West Virginia, Michigan, and Pennsylvania. A. Charles Tell, attorney, 100 East Broad Street, Columbus, OH 43215.

No. MC-FC-73017. By order of August 12, 1971, the Motor Carrier Board approved the transfer to B & H Motors, Inc., doing business as Deluxe Motors, Kansas City, Mo., of the operating rights in Certificate No. MC-116288 issued August 7, 1957, to H. R. Miller doing business as Miller Tow Service, Kansas City, Mo., authorizing the transportation of wrecked or disabled motor vehicles, by use of wrecker equipment only, and replacement motor vehicles for those wrecked or disabled, by use of wrecker equipment on return. Donald J. Quinn, Suite 900—1012 Baltimore, Kansas City, MO 64105 attorney for applicants.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[Notice 65]

MOTOR CARRIER, BROKER, WATER CARRIER, AND FREIGHT FORWARDER APPLICATIONS

AUGUST 13, 1971.

The following applications are governed by Special Rule 1100.247[1] of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one (1) copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's general policy statement concerning motor carrier licensing procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

No. MC 923 (Sub-No. 11), filed July 19, 1971. Applicant: OWENSBORO EXPRESS, INC., 2011 Mill Avenue, Owensboro, KY 42301. Applicant's representatives: A. O. Buck, 500 Court Square Building, Nashville, Tenn. 37201 and George M. Catlett, 703-706 McClure Building, Frankfort, Ky. 40601. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, between Louisville and Owensboro, Ky., over U.S. Highway 31-W and U.S. Highway 60, serving all intermediate points on U.S. Highway 60 except those between Louisville, Ky., and a point three (3) miles west of Maceo, Ky., from Louisville, Ky., over U.S. Highway 31-W to its junction with U.S. Highway 60; thence over U.S. Highway 60 to Owensboro, Ky., and return over the same route NOTE: If a hearing is deemed necessary, applicant requests it be held at Louisville or Owensboro, Ky.

No. MC 3252 (Sub-No. 77), filed July 12, 1971. Applicant: MERRILL TRANSPORT CO., a corporation, 1037 Forest Avenue, Portland, ME 04104. Applicant's representative: Francis E. Barrett, Jr., 536 Granite Street, Braintree, MA 02184. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (a) *Petroleum products*, in bulk, in tank vehicles, from Bennington, Vt., to Petersburg and Johnsville, N.Y., and Williamstown, Mass.; (b) *commodities*, in bulk, from Portland, Maine to points in Maine north of a line beginning at a point on the New Hampshire-Maine State line near Upton and extending through Upton and Livermore Falls to Rockport; (c) *pre-cut buildings*, from Bangor, Maine to points in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, and Pennsylvania. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. Applicant further states that no duplicating authority is sought. All duplicating authority to be canceled upon grant of authority. If a hearing is deemed necessary, applicant requests it be held at Portland, Maine or Boston, Mass.

No. MC 10761 (Sub-No. 256), filed July 1, 1971. Applicant: TRANSAMERICAN FREIGHT LINES, INC., 1700 North Waterman Avenue, Detroit, MI 48209. Applicant's representative: A. Alvis Layne, Pennsylvania Building, Washington, DC 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Food, food preparations, and foodstuffs* (except in bulk in tank vehicles), from Champaign, Ill., to Allentown, Pa., points in Pennsylvania, New York, and Maryland on and west of Interstate Highway 81, and points in Missouri, Iowa, Nebraska, Minnesota, Wisconsin, Michigan, and Ohio, restricted to the transportation of traffic originating at Champaign, Ill., and destined to Allentown, Pa., points in Pennsylvania, New York, Maryland on and west of Interstate Highway 81, and points in Missouri, Iowa, Nebraska, Minnesota, Wisconsin, Michigan, and Ohio. NOTE: If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 14702 (Sub-No. 34) (Amendment), filed June 7, 1971, published in the FEDERAL REGISTER issue of July 15, 1971, and republished in part, as amended, this issue. Applicant: OHIO FAST FREIGHT, INC., Post Office Box 808, Warren, OH 44482. Applicant's representative: Paul F. Beery, 88 East Broad Street, Columbus, OH 43215. NOTE: The sole purpose of this partial republication is to reflect the origin as the plantsites and warehouses of Alcan Aluminum Corp., at Warren, Ohio, in lieu of Fairmont, W. Va., as shown in the previous publication. The rest of the application remains as previously published.

No. MC 14702 (Sub-No. 35), filed July 28, 1971. Applicant: OHIO FAST FREIGHT, INC., Post Office Box 808, Warren, OH 44482. Applicant's representative: Paul F. Beery, 88 East Broad Street, Columbus, OH 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Aluminum, aluminum articles, building materials, alloys, metal powders, pigments, refractories, glass containers, glass bottles, glass jars, sodium silicate, and titanium dioxide* (except commodities in bulk), between Portage and Trumbull Counties, Ohio, on the one hand, and, on the other, points in Indiana, points in Michigan, on and south of Michigan Highway 46, and the Chicago, Ill. commercial zone. NOTE: Applicant states that the authority sought herein can be tacked with its existing authority at Warren, Ohio to provide service through such States as West Virginia, Pennsylvania, New Jersey, Virginia, Maryland, District of Columbia, the eastern portion of New York, and Ohio. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio.

No. MC 19227 (Sub-No. 158), filed June 30, 1971. Applicant: LEONARD BROS. TRUCKING CO., INC., 2595 NW. 20th Street, Miami, FL 33152. Applicant's representative: J. Fred Dewhurst (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steel pallet racks*, from Lodi, Calif., to points in Alabama, Kentucky, Mississippi, Tennessee, and West Virginia. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 27817 (Sub-No. 96), filed July 18, 1971. Applicant: H. C. GABLER, INC., Rural Delivery No. 3, Chambersburg, PA 17201. Applicant's representative: Christian V. Graf, 407 North Front Street, Harrisburg, PA 17101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Canned and bottled nonalcoholic beverages*, from Winchester, Va., to points in Ohio, West Virginia, Pennsylvania, Maryland (except Baltimore), North Carolina, and Virginia.

[1] Copies of Special Rule 247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

VOL 36 161 XUM

NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Harrisburg, Pa., or Washington, D.C.

No. MC 29886 (Sub-No. 272), filed July 14, 1971. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 West Sample Street, South Bend, IN 46621. Applicant's representative: Charles Pieroni (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Antipollution systems and equipment*; (2) *liquid cooling and vapor condensing systems and equipment*; (3) *environmental control and protective systems and equipment*; (4) *parts, equipment, materials, and supplies* for the commodities named in (1), (2), and (3) above; and (5) *machinery equipment and materials and supplies* used in the construction, installation, operation and maintenance of the items named in (1), (2), and (3) above, between points in Wisconsin, Iowa, Missouri, Kansas, Illinois, Indiana, Kentucky, Tennessee, Michigan, Ohio, West Virginia, Virginia, North Carolina, Maryland, Delaware, Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, and the District of Columbia. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 39249 (Sub-No. 10), filed July 14, 1971. Applicant: MARTY'S EXPRESS, INC., 2335 Wheatsheaf Lane, Philadelphia, PA 19137. Applicant's representative: John W. Frame, Box 626—2207 Old Gettysburg Road, Camp Hill, PA 17011. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such merchandise* as is dealt in by retail department stores, between Philadelphia, Pa. on the one hand, and, on the other, points in New Jersey and Delaware. Restriction: That the origin or destination must be a Gimbels store or warehouse. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Harrisburg, Pa.

No. MC 42487 (Sub-No. 775), filed August 6, 1971. Applicant: CONSOLIDATED FREIGHTWAYS CORPORATION OF DELAWARE, 175 Linfield Drive, Menlo Park, CA 94025. Applicant's representatives: V. R. Oldenburg, Post Office Box 5138, Chicago, IL 60680 and E. T. Liipfert, Suite 1100, 1660 L Street NW., Washington, DC 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk and those requiring special equipment), serving Warner Robins, Ga., as off-route points in connection with applicant's presently authorized regular routes (MC 42487 Sub 744), serving no intermediate points. NOTE: If a hearing is deemed necessary, applicant requests it be held at Atlanta, Ga.

No. MC 54847 (Sub-No. 9), filed July 12, 1971. Applicant: INTRACOASTAL TRUCK LINE, INC., Suite No. 1600, 225 Baronne, New Orleans, LA 70112. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, Tex. 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel and iron and steel articles*, (a) between Harvey, La., and points in Louisiana within 100 miles thereof, on the one hand, and, on the other, points in Mississippi; (b) between points in Louisiana south of and including the following parishes: Vernon, Rapides, Avoyelles, Pointe Coupee, West Feliciana, East Feliciana, St. Helena, Tangipahoa, and Washington, on the one hand, and, on the other, points in Alabama: and (c) between points in Louisiana and Texas. NOTE: Applicant states it holds authority to transport oilfield commodities as authorized T. E. Mercer, Ext., 74 M.C.C. 549 within all the above territory wherein authority is here sought except between points in Texas and Louisiana. Applicant is purchasing Mercer authority between Louisiana and Texas in pending Docket No. MC–F. 11204. Applicant would tack authority granted under this paragraph. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., or New Orleans, La.

No. MC 60186 (Sub-No. 42), filed July 15, 1971. Applicant: NELSON FREIGHTWAYS, INC., 47 East Street, Rockville, CT 06066. Applicant's representative: Vernon V. Baker, 1250 Connecticut Avenue NW., Suite 600, Washington, DC 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Composition flooring and facing and materials, equipment and supplies* used in the installation, manufacture and distribution thereof (except commodities in bulk), between Lisbon, Maine, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C. or Hartford, Conn.

No. MC 61394 (Sub-No. 2), filed July 16, 1971. Applicant: PIERCE ARROW TRUCKING CO., OF R.I., INC., 21 Gallup Avenue, Cranston, RI 02907. Applicant's representative: Russell B. Curnett, 36 Circuit Drive, Edgewood Station, Providence, RI 02905. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Lumber, lumber products, plywood, and trusses*, (1) between East Providence, Providence, Pawtucket, and Portsmouth, R.I., on the one hand, and, on the other Easthampton and Southwick, Mass., and points in that part of Massachusetts on and east of U.S. Highway 5, and on and south of a line beginning at the junction of U.S. Highway 5 and Massachusetts Highway 2, thence along Massachusetts Highway 2 to junction unnumbered highway (formerly Massachusetts Highway 2) east of Westminster, Mass., thence along unnumbered highway via Fitchburg, Mass., to junction Massachusetts Highway 2A (formerly Massachusetts Highway 2), thence along Massachusetts Highway 2A via Lunenburg, Ayer, Littleton, and Littleton Common, Mass., to junction Massachusetts Highway 2, near East Acton, Mass., and thence along Massachusetts Highway 2 to Boston, Mass., and points in Connecticut and Rhode Island; (2) from Fall River, Mass., to Newport, Providence, and Warwick, R.I., with no transportation for compensation on return except as otherwise authorized; and (3) from New Bedford, Mass., to Providence, R.I., with no transportation for compensation on return except as otherwise authorized. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Providence, R.I., or Boston, Mass.

No. MC 61592 (Sub-No. 225), filed July 14, 1971. Applicant: JENKINS TRUCK LINE, INC., 3708 Elm Street, Bettendorf, IA 52722. Applicant's representative: Donald Smith, 900 Circle Tower Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products and meat byproducts and articles distributed by meat packinghouses*, as described in Appendix I to the report in *Description in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, from Los Angeles, Calif., to Shreveport and New Orleans, La.; Tulsa, Okla.; Little Rock, Ark.; Dallas, Houston, and Fort Worth, Tex. NOTE: Common control may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Los Angeles, Calif.

No. MC 68917 (Sub-No. 6), filed July 19, 1971. Applicant: H. P. WELCH CO., a corporation, 400 Somerville Avenue, Somerville, MA 02143. Applicant's representative: William D. Traub, 10 East 40th Street, New York, NY 10016. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, and except dangerous explosives, household goods, when transported as a separate and distinct service in connection with so-called "household moving", commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), serving Southboro, Mass., as an off-route point in connection with authorized regular routes under MC 68917 and Subs 1, 2, 3, and 5. NOTE: If a hearing is deemed necessary, applicant requests it be held at New York, N.Y., or Washington, D.C.

No. MC 79999 (Sub-No. 11), filed July 16, 1971. Applicant: E. JACK WALTON TRUCKING COMPANY, a corporation, 13020 Sarah Lane, Post Office Box 9776, Houston, TX 77015. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, Tex. 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel and iron and steel articles*, between points in New Mexico, Kansas, Oklahoma, Texas, and Louisiana. Applicant states that it holds authority to transport oilfield commodities as authorized T. E. Mercer Ext., 74 MCC 459 within the territory described; and (2) *iron and steel and iron and steel articles* (except as authorized T. E. Mercer Ext., 74 MCC 459), (a) between points in Mississippi, Alabama, and Arkansas; and (b) between points in Mississippi, Alabama, and Arkansas, on the one hand, and, on the other, points in New Mexico, Texas, Oklahoma, Kansas, and Louisiana. NOTE: Applicant states that it holds no authority to transport oilfield commodities within the areas wherein authority is sought in (2) above. Applicant further states that if authority herein sought is granted, it would tack to transport iron and steel articles over Cooke County, Tex., to and from points in Missouri. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., or New Orleans, La.

No. 82492 (Sub-No. 57), filed July 15, 1971. Applicant: MICHIGAN & NEBRASKA TRANSIT CO., INC., 2109 Olmstead Road, Kalamazoo, MI 49003. Applicant's representative: William C. Harris, Post Office Box 2853, Kalamazoo, MI 49003. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Meats, meat products, meat byproducts and articles distributed by meat packinghouses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from the plantsites and storage facilities of Aristo Kansas Meat Packers, at or near Holton and Topeka, Kans., to points in Indiana, Michigan, Ohio, and Covington and Louisville, Ky. NOTE: Common control may be involved. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Kansas City, Mo., or Omaha, Nebr.

No. MC 82841 (Sub-No. 83), filed July 19, 1971. Applicant: HUNT TRANSPORTATION, INC., 801 Livestock Exchange Building, Omaha, Nebr. 68107. Applicant's representative: Donald L. Stern, 530 Univac Building, Omaha, Nebr. 68106. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Charcoal briquettes*, in bags, from points in Baxter County, Ark., to points in the United States (except Alaska and Hawaii); and (2) *Materials and supplies*, except in bulk, used in the manufacture thereof from points in Louisiana, Illinois, Kansas, and Missouri to points in Baxter County, Ark. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Little Rock, Ark., or Omaha, Nebr.

No. MC 93318 (Sub-No. 17), filed July 12, 1971. Applicant: JOE D. HUGHES, INC., 14035 Industrial, Houston, TX 77015. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, Tex. 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel and iron and steel articles* (a) between points in Texas, Louisiana, and Mississippi, (b) between points in Texas, Louisiana, and Mississippi, on the one hand, and, on the other, points in Alabama, (c) between points in Alabama, and (d) between points in Kansas, Louisiana, New Mexico, Oklahoma, and Texas; (2) *iron and steel and iron and steel articles* restricted against oilfield commodities as authorized T. E. Mercer Ext., 74 MCC 459 (a) between points in Arkansas, (b) between points in Arkansas, on the one hand, and, on the other, points in Kansas, New Mexico, Louisiana, Texas, Mississippi, Alabama, and Oklahoma. NOTE: Applicant states it holds authority to transport oilfield commodities as authorized T. E. Mercer Ext., 74 MCC 459 within all the above territory in (1) above, wherein authority is here sought. Applicant would tack authority granted under this paragraph. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., or New Orleans, La.

No. MC 95540 (Sub-No. 811) (Correction), filed June 7, 1971, published in the FEDERAL REGISTER issues of July 9, 1971, and July 29, 1971, and republished as corrected in part, this issue. Applicant: WATKINS MOTOR LINES, INC., 1120 West Griffin Road, Lakeland, FL 33801. Applicant's representative: Paul E. Weaver (same address as above). NOTE: The purpose of this partial republication is (1) to correctly set forth item (a) of the authority sought as follows: "(a) from Beardstown, Ill.; Downs, Kans.; St. Joseph and Phelps City Mo.; Darr, Lexington, and Minden, Nebr.; Sioux Falls and Madison, S. Dak.; Madison, Wis.; and points in Iowa, to points in Louisiana and Mississippi," and (2) correct that portion of the tacking note which inadvertently read Humboldt or Union City, Tex. to read "Humboldt or Union City, Tenn." The rest of the application remains the same.

No. MC 95876 (Sub-No. 114), filed July 16, 1971. Applicant: ANDERSON TRUCKING SERVICE, INC., 203 Cooper Avenue North, St. Cloud, MN 56301. Applicant's representatives: Val M. Higgins, 1000 First National Bank Building, Minneapolis, Minn. 55402 and Eugene Cannon (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Composition board*, from Grand Rapids, Minn., to points in Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, Ohio, North Dakota, South Dakota, Wisconsin, and Wyoming. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Minneapolis, Minn.

No. MC 99745 (Sub-No. 5), filed June 24, 1971. Applicant: IMPERIAL TRUCK LINES, INC., 101 North Avenue 18, Los Angeles, CA 90031. Applicant's representative: R. Y. Schureman, 1545 Wilshire Boulevard, Los Angeles, CA 90017. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, except commodities of unusual value, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and motor vehicles, serving the U.S. Navy Ammunition Depot at or near Fallbrook, Calif., as an off-route point in connection with applicant's presently authorized regular-route operations in No. MC 99745 (Sub-No. 4). NOTE: Applicant states that the purpose of the instant application is to remove a restriction in its Certificate No. MC 99745 (Sub-No. 4), which restricts its operations against service at the said U.S. Navy Ammunition Depot at or near Fallbrook, Calif. If a hearing is deemed necessary, applicant requests it be held at Los Angeles, Calif.

VOL 36 161 XUM

No. MC 103066 (Sub-No. 29), filed July 12, 1971. Applicant: STONE TRUCKING COMPANY, 4927 South Tacoma (Post Office Box 2104), Tulsa, OK 74101. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, Tex. 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel and iron and steel articles* (a) between points in Arkansas; (b) between points in Kansas, Oklahoma, and Texas; (c) between points in Arkansas, on the one hand, and, on the other, points in Oklahoma, Texas, Kansas, New Mexico, and Louisiana; and (d) from Houston, Tex., to points in Louisiana; and (2) *Iron and steel and iron and steel articles* (except as authorized T. E. Mercer Ext., 74 MCC 459) (a) between points in New Mexico, Mississippi, Louisiana, and Alabama and (b) between points in New Mexico, Mississippi, Louisiana, and Alabama on the one hand, and, on the other, Kansas, Oklahoma, and Texas. Except as above indicated in paragraph A, applicant holds no authority to transport oilfield commodities within the areas wherein authority is sought by this paragraph. NOTE: Applicant states that it holds authority to transport oilfield commodities as authorized T. E. Mercer Ext., 74 MCC 459 within the territories described in (1) above. Applicant would tack authority granted under this paragraph. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., and New Orleans, La.

No. MC 105159 (Sub-No. 23), filed July 16, 1971. Applicant: KNUDSEN TRUCKING, INC., 1320 West Main Street, Red Wing, MN 55066. Applicant's representative: Val M. Higgins, 1000 First National Bank Building, Minneapolis, Minn. 55402. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Vegetable oils and blends of vegetable oil with petroleum naphtha*, in bulk, in tank vehicles, from Minneapolis, Red Wing, and Mankato, Minn., to points in Alabama, Arkansas, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Mississippi, Missouri, North Carolina, New Jersey, New York, Ohio, Oklahoma, Pennsylvania, Tennessee, Texas, West Virginia, and Wisconsin. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Minneapolis, Minn.

No. MC 105461 (Sub-No. 87), filed July 15, 1971. Applicant: HERR'S MOTOR EXPRESS, INC., Post Office Box 8, Quarryville, PA 17566. Applicant's representative: Bernard N. Gingerich, 114 West State Street, Quarryville, PA 17588. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Oleomargarine, animal and vegetable oils, shortenings, and greases*, in containers, from the plantsites of Colfax Packing Co. and Liberty Shortening Corp., in Pawtucket, R.I., to points in Union, Hudson, and Essex Counties, N.J.; New York, N.Y., and points in Suffolk, Nassau, West Chester, and Rockland Counties, N.Y.; points in Berkshire, Franklin, Hampshire, Hampden, and Worcester, Mass., and points in Connecticut. NOTE: Applicant states that the requested authority cannot be tacked with is existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Philadelphia, Pa.

No. MC 105461 (Sub-No. 88), filed July 16, 1971. Applicant: HERR'S MOTOR EXPRESS, INC., Post Office Box 8, Quarryville, PA 17566. Applicant's representative: Bernard N. Gingerich, 110 West State Street, Quarryville, PA 17566. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Toys; furniture; swimming pools, equipment and supplies; bicycles; sporting goods, equipment and supplies; and camping equipment and supplies*, from the warehouse of American Leisure Products Co., in Warwick, R.I., to points in New York, New Jersey, and Delaware; and (2) *swimming pools, swimming pool equipment and supplies*, from Wilkes-Barre, Pa., to the warehouse of American Leisure Products Co., in Warwick, R.I. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Philadelphia, Pa.

No. MC 105566 (Sub-No. 45), filed July 16, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts, and articles distributed by meat packinghouses*, as described in sections A and C to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, from Worthington, Minn., to points in North Carolina, South Carolina, Tennessee, Mississippi, Virginia, West Virginia, Georgia, and Alabama. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Chicago, Ill.

No. MC 105566 (Sub-No. 46), filed July 16, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts, and articles distributed by meat packinghouses* as described in sections A and C to the report in the *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, from Omaha, Nebr., to points in North Carolina, South Carolina, Tennessee, Mississippi, Virginia, West Virginia, Georgia, and Alabama. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Chicago, Ill.

No. MC 105566 (Sub-No. 47), filed July 22, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Heating and air conditioning equipment and parts thereof*, from Columbus, Ohio to points in Arizona, California, Oregon, Washington, Nevada, Idaho, and Utah. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio or Washington, D.C.

No. MC 105566 (Sub-No. 48), filed July 22, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plastic materials*, from Indianapolis, Ind., to points in California, Oregon, and Washington. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Indianapolis, Ind., Chicago, Ill., or Washington, D.C.

No. MC 105566 (Sub-No. 49), filed July 22, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Aluminum and aluminum products*, from Benton, Ky., to points in Arizona, Utah, Nevada, Idaho, Washington, Oregon, and California. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or St. Louis, Mo.

No. MC 105566 (Sub-No. 50), filed July 22, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bananas*, from Galveston, Tex., to points in California, Arizona, New Mexico, Texas, Louisiana, Mississippi, Colorado, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Minnesota, Iowa, Missouri, Arkansas, Wisconsin, Michigan, Illinois, Indiana, Ohio, Kentucky, and Tennessee. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 105566 (Sub-No. 51), filed July 22, 1971. Applicant: SAM TANKSLEY TRUCKING, INC., Post Office Box 1119, Cape Girardeau, MO 63701. Applicant's representative: Thomas F. Kilroy, 2111 Jefferson Davis Highway, Arlington, VA 22202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bananas, plantains, pineapples, coconuts, and agricultural commodities* otherwise exempt from economic regulations under section 203(b)(6) of the Act when transported in mixed shipments with bananas, plantains, pineapples, and coconuts, from Wilmington, Del., and Baltimore, Md., to points in Georgia, Tennessee, Kentucky, Ohio, Indiana, Michigan, Wisconsin, Illinois, Minnesota, Iowa, Missouri, Kansas, and Nebraska. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 106644 (Sub-No. 122), filed June 30, 1971. Applicant: SUPERIOR TRUCKING COMPANY, INC., 2770 Peyton Road, Northwest, Post Office Box 916, Atlanta, GA 30301. Applicant's representative: Duane W. Acklie and Richard A. Peterson, Post Office Box 80806, Lincoln, NE 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities which because of their size and weight require the use of special equipment*, between points in Virginia, Maryland, Pennsylvania, New Jersey, New York, Massachusetts, and Rhode Island, on the one hand, and, on the other, points in Alabama, Florida, Georgia, Louisiana, Mississippi, Tennessee, and South Carolina. NOTE: Applicant states it already holds the requested authority, and that this application is only for the purpose of eliminating a North Carolina gateway. Applicant further states it intends to tack to serve the same states it now can serve by tacking over a North Carolina gateway. Applicant also holds contract carrier authority under MC 104724 (Sub-No. 13), therefore dual operations may be involved. If a hearing is deemed necessary, applicant requests it be held at Atlanta, Ga.

No. MC 106775 (Sub-No. 29), filed July 12, 1971. Applicant: ATLAS TRUCK LINE, INC., Post Office Box 9848, Houston, TX 77015. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, TX 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel and iron and steel articles*, between points in Arkansas, Louisiana, Mississippi, Oklahoma, Kansas, and Texas, and (2) *iron and steel and iron and steel articles*, (except oilfield commodities as authorized T. E. Mercer Ext. 74 M.C.C. 459), (a) between points in Alabama and New Mexico, and (b) between points in Alabama and New Mexico, on the one hand, and, on the other, points in Texas, Oklahoma, Kansas, Arkansas, Louisiana, and Mississippi. NOTE: Applicant states that it holds authority to transport without circuity oilfield commodities as authorized T. E. Mercer Ext. 74 M.C.C. 459, within the area where authority is sought in (1) above, and that it holds no authority to transport oilfield commodities within the area wherein authority is sought by this subparagraph (2) above, except to and from Lea and Eddy Counties, N. Mex. Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., and New Orleans, La.

No. MC 107012 (Sub-No. 121), filed July 9, 1971. Applicant: NORTH AMERICAN VAN LINES, INC., Lincoln Highway East and Meyer Road, Post Office Box 988, Fort Wayne, IN 46801. Applicant's representatives: Terry G. Fewell and Donald C. Lewis (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, from Cedartown, Ga., to points in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, West Virginia, Maryland, Virginia, Tennessee, North Carolina, South Carolina, Florida, Alabama, Mississippi, Louisiana, Arkansas, Kentucky, and the District of Columbia. NOTE: Common control and dual operations may be involved. Applicant states (1) that the requested authority can be tacked with its presently held authority at points in Arkansas, Kentucky, and Tennessee to provide service to all points in the United States, and (2) it presently holds authority to serve the States herein but must observe gateways. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., St. Louis, Mo., or Indianapolis, Ind.

No. MC 107403 (Sub-No. 821), filed July 16, 1971. Applicant: MATLACK, INC., 10 West Baltimore Avenue, Lansdowne, PA 19050. Applicant's representatives: John E. Nelson (same address as applicant) and Harry C. Ames, Jr., 666 11th Street NW., Washington, DC 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cement*, in bulk, from Bayonne and Newark, N.J., to points in Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania, and the District of Columbia. NOTE: Applicant states that the requested authority can be tacked with its existing authority but indicates that it has no present intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 107678 (Sub-No. 43), filed July 12, 1971. Applicant: HILL & HILL TRUCK LINE, INC., 14942 Talcott, Post Office Box 9698, Houston, TX 77015. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, TX 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel and iron and steel articles*, between points in Alabama, Arkansas, Kansas, Oklahoma, Louisiana, Mississippi, New Mexico, and Texas. NOTE: Applicant states that it is authorized to transport without circuity in present operation oilfield commodities as authorized T. E. Mercer, Ext. 74 MCC 459 between all areas wherein authority is here sought. Applicant further states it would transport iron and steel articles between territory here involved and points in Colorado, Utah, and Wyoming by tacking with a size and weight authority to and from Harris County, Tex., and would tack over any point in Texas with a size and weight authority to and from Alaska. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., and New Orleans, La.

No. MC 107983 (Sub-No. 11), filed July 21, 1971. Applicant: COLD-WAY EXPRESS, INC., Post Office Box 26, Morton, IL 61550. Applicant's representative: George S. Mullins, 4704 West Irving Park Road, Chicago, IL 60641. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (A) *Gravity flow farm boxes, related parts and running gear*, between Onarga, Ill., on the one hand, and, on the other, points in Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Carolina, North Dakota, Ohio, South Dakota, Tennessee, and Wisconsin, for the account of Ficklin Manufacturing Co.; (B) *gravity boxes, augers, running gears, grinder mixers and related parts*, between Crown Point, Ind., and Oelwein and Osage, Iowa, on the one hand, and, on the other, points in Alabama, Arkansas, Georgia, Illinois, Iowa, Kansas, Kentucky, Michigan, Minnesota, Mississippi, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, and Wisconsin, for the account of Helix Corp.; and (C) *wagons and running gears, breaking plows, fertilizing equipment and related parts*, between Gibson City, Ill., on the one hand, and, on the other, points in Alabama, Arkansas, Georgia, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New York, North Dakota, Ohio, Pennsylvania, South Dakota, Tennessee, Texas, and Wisconsin, for the account of M & W Gear Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Chicago or Springfield, Ill.

No. MC 108297 (Sub-No. 21), filed June 23, 1971. Applicant: FOX TRANSPORT SYSTEM, a corporation, 21 South Fifth Street, Philadelphia, PA 19106. Applicant's representative: Alan Kahn, 1920 Two Penn Center Plaza, Philadelphia, PA 19102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Dairy products*, in vehicles, equipped

VOL 36 161 XUM

with mechanical refrigeration, and *fruit juices and fruit drinks* (except commodities in bulk, in tank or hopper-type vehicles), from Fort Washington, Pa., to Exmore, Va., and (2) *such merchandise* as is dealt in by wholesale, retail, and chain grocery and food business houses, and in connection therewith, *equipment, materials, and supplies* used in the conduct of such business, between points in Dauphin, Lancaster, Perry, and York Counties, Pa.; Allegany, Baltimore, Carroll, Cecil, Frederick, Hartford, and Washington Counties, Md.; Clarke and Frederick Counties, Va.; and Berkeley and Jefferson Counties, W. Va. NOTE: Applicant states that it will tack proposed authority with present authority in Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, and the District of Columbia, tacking to be accomplished at common points in Maryland and Pennsylvania. Applicant further states that no duplicating authority is being sought. If a hearing is deemed necessary, applicant requests it be held at Harrisburg, Pa., or Washington, D.C.

No. MC 108942 (Sub-No. 5), filed July 12, 1971. Applicant: C. G. TODD TRUCKING COMPANY, a corporation, Post Office Box 24734, Dallas, TX 75224. Applicant's representative: Joe E. Fender, 802 Houston First Savings Building, Houston, TX 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel and iron and steel articles* (except oilfield commodities as authorized T. E. Mercer, Ext. 74 MCC 459), (1) between points in Texas, and (2) between points in Texas on the one hand, and, on the other, points in Oklahoma, Kansas, New Mexico, Arkansas, and Louisiana. NOTE: Applicant states that it is authorized to transport oilfield commodities between points in Texas, pursuant to its registration under MC 108942. Applicant further states it will file to convert its registration certificate by related application. Applicant further states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., and New Orleans, La.

No. MC 109637 (Sub-No. 380), filed July 12, 1971. Applicant: SOUTHERN TANK LINES, INC., 10 West Baltimore Avenue, Lansdowne, PA 19050. Applicant's representatives: John E. Nelson (same address as applicant) and Harry C. Ames, Jr., 666—11th Street NW., Washington, DC 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Alcoholic liquors and grain neutral spirits*, in bulk, in tank vehicles, between points in Kentucky, on the one hand, and, on the other, points in Mississippi and (2) *Alcoholic liquors*, in bulk, in tank vehicles, from Baltimore, Md., to points in Minnesota. NOTE: Common control may be involved. Applicant states that the requested authority can be tacked with its existing authority, but indicates that it has no present intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 111045 (Sub-No. 85) (Correction), filed July 6, 1971, published in the FEDERAL REGISTER issue of July 29, 1971 and republished in part as corrected, this issue. Applicant: REDWING CARRIERS, INC., Post Office Box 426, Tampa, FL 33601. Applicant's representatives: J. V. McCoy (same address as applicant) and Lewis H. Hill, Jr., First National Bank Building, Tampa, FL 33602. NOTE: The purpose of this republication is to reflect the correct No. MC 111045 (Sub-No. 85) in lieu of MC 11045 (Sub-No. 85) which was erroneously shown in the previous publication. The rest of the application remains as previously published.

No. MC 111401 (Sub-No. 341), filed July 19, 1971. Applicant: GROENDYKE TRANSPORT INC., 2510 Rock Island Boulevard, Enid, OK 73701. Applicant's representative: Alvin L. Hamilton (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Asphalt*, in bulk, in tank vehicles, from Tulsa, Okla., to points in Nebraska, (2) *Crude oil*, in bulk, in tank vehicles, from points in Jackson, Pottawatomie, Nemaha, and Marshall Counties, Kans., to points in Richardson County, Nebr.; (3) *Petroleum lubricating oils*, in bulk, in tank vehicles, from Ponca City, Okla., to points in Idaho, and (4) *Liquid fertilizer solutions*, in bulk, in tank vehicles, from the plantsite of Texas Sulphur Products Co., Inc., near Stinnett, Tex., to points in South Dakota. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Oklahoma City, Okla., or Kansas City, Mo.

No. MC 111401 (Sub-No. 342), filed July 19, 1971. Applicant: GROENDYKE TRANSPORT, INC., 2510 Rock Island Road, Enid, OK 73701. Applicant's representative: Alvin L. Hamilton (same address as applicant). S. Dickey Clay Manufacturing Co., at Texarkana and Saspamco, Tex., to points in Arizona, under contract with W. S. Dickey Clay Manufacturing Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Dallas, Tex., or Shreveport, La.

No. MC 114552 (Sub-No. 56), filed July 19, 1971. Applicant: SENN TRUCKING COMPANY, a corporation, Post Office Box 333, Newberry, SC 29108. Applicant's representative: Frank A. Graham, Jr., 707 Security Federal Building, Columbia, S.C. 29201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Conduit and pipe (other than iron and steel), attachments, parts and fittings therefor*, from Rootstown Township, Portage County, Ohio to points in North Carolina and South Carolina. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Columbia, S.C., Atlanta, Ga., or Washington, D.C.

No. MC 114552 (Sub-No. 57), filed July 12, 1971. Applicant: SENN TRUCKING COMPANY, a corporation, Post Office Box 333, Newberry, SC 29108. Applicant's representative: Frank A. Graham, Jr., 707 Security Federal Building, Columbia, SC 29201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Boards* made from wood chips, wood shavings, or wood fibre, alone or in combination; with or without added binder; with surface unfinished or finished with decorative or protective materials and with or without accessories and supplies used in the installation and/or application thereof, from points in Nash County, N.C., to points in Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Virginia, Vermont, West Virginia, and the District of Columbia; and (2) materials, equipment and supplies used in the manufacture and distribution of the commodities described in (1) above, from points in the destinations in (1) above, to points in Nash County, N.C. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., or Washington, D.C.

No. MC 114552 (Sub-No. 58), filed July 16, 1971. Applicant: SENN TRUCKING COMPANY, a corporation, Post Office Box 333, Newberry, SC 29108. Applicant's representative: Frank A. Graham, Jr., 707 Security Federal Building, Columbia, SC 29201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Plywood*, from the plantsite of Sumter Plywood Corp., at or near Livingston, Ala., to points in Florida, Georgia, Kentucky, North Carolina, South Carolina, and Tennessee. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Cincinnati, Ohio, Atlanta, Ga., or Columbia, S.C.

No. MC 115331 (Sub-No. 317), filed July 14, 1971. Applicant: TRUCK TRANSPORT, INCORPORATED, 1931 North Geyer Road, St. Louis, MO 63131. Applicant's representative: J. R. Ferris, 230 St. Clair Avenue, East St. Louis, IL 62201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fertilizer, fertilizer materials, fertilizer ingredients, chemicals, insecticides, herbicides, fungicides, pesticides, and rodenticides*, in containers, from East St. Louis, Ill., to points in Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Minnesota, Nebraska, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Tennessee, West Virginia, and Wisconsin. NOTE: Common control may be involved. Applicant states that the requested authority can be tacked with its existing authority but indicates that it has no present intention to tack and therefore does not identify the points or territories which can be served through tacking. If a hearing is deemed necessary, applicant requests it be held at St. Louis, Mo., or Chicago, Ill.

No. MC 115331 (Sub-No. 318), filed July 14, 1971. Applicant TRUCK TRANSPORT, INCORPORATED, 1931 North Geyer Road, St. Louis, MO 63131. Applicant's representative: J. R. Ferris, 230 St. Clair Avenue, East St. Louis, IL 62201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Toilet preparations, toilet articles and premiums, cosmetics, drugs, cleaning compounds, buffing or polishing compounds, disinfectants, and household products*: (2) *materials and supplies* used in the manufacture or sales and distribution of the commodities named in (1) above, between Fort Madison, Iowa, on the one hand, and, on the other, points in Minnesota, Wisconsin, Nebraska, Illinois, Indiana, Michigan, Ohio, Missouri, Tennessee, Iowa, Arkansas, Kansas, Kentucky, and Mississippi. NOTE: Applicant states that tacking possibilities exist, but indicates that it has no *present* intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at St. Louis, Mo., Chicago, Ill., or Washington, D.C.

No. MC 115331 (Sub-No. 319), filed July 22, 1971. Applicant: TRUCK TRANSPORT, INCORPORATED, 1931 North Geyer Road, St. Louis, MO 63131.

VOL 36 161 XUM

Applicant's representative: J. R. Ferris, 230 St. Clair Avenue, East St. Louis, IL 62201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Fertilizer*, in bulk, from Hayti, Mo., to points in Arkansas; and (2) defluorinated *phosphate feed supplements*, from North Little Rock, Ark., to points in Missouri, Tennessee, Kansas, Kentucky, and Illinois. NOTE: Applicant states that tacking possibilities exist, but indicates that it has no *present* intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at St. Louis, Mo.

No. MC 115481 (Sub-No. 3), filed July 14, 1971. Applicant: GILCHRIST BROS., INC., Coastwise and Tyler Streets, Southside, Port Newark, NJ 07114. Applicant's representative: Morton E. Kiel, 140 Cedar Street, New York, NY 10006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Lumber*, from Port Newark, N.J., to New York, N.Y., and points in Dutchess, Orange, Nassau, Putnam, Rockland, Suffolk, Sullivan, Ulster, and Westchester Counties, N.Y. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at New York, N.Y.

No. MC 115840 (Sub-No. 68), filed July 12, 1971. Applicant: COLONIAL FAST FREIGHT LINES, INC., 1215 West Bankhead Highway, Post Office Box 10327, Birmingham, AL 35202. Applicant's representative: C. E. Wesley (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Valves, hydrants, fittings, components, parts and accessories* (except in bulk), from Anniston, Ala., to points in the United States (except Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Hawaii, and Alaska). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Birmingham, Ala.

No. MC 116073 (Sub-No. 178), filed July 19, 1971. Applicant: BARRETT MOBILE HOME TRANSPORT, INC., Post Office Box 919, Moorhead, MN 56560. Applicant's representative: Robert G. Tessar, 1819 Fourth Avenue South Kegel Plaza, Moorhead, MN 56560. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trailers*, designed to be drawn by passenger automobiles, in initial movements, and *buildings and sections of buildings*, from points in Saratoga County, N.Y., to points in the United States (except Alaska and Hawaii). NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Albany, N.Y.

No. MC 116763 (Sub-No. 198) (Correction) filed June 11, 1971, published in the FEDERAL REGISTER issue of July 9, 1971, and republished in part, as corrected this issue. Applicant: CARL SUBLER TRUCKING, INC., 115 North West Street, Versailles, OH 45380. Applicant's representative: H. M. Richters (same address as applicant). NOTE: The sole purpose of this partial republication is to include West Virginia as a destination State, inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 116982 (Sub-No. 11), filed July 15, 1971. Applicant: FUCHS, INC., Rural Route 1, Box 576, Sauk City, WI 53583. Applicant's representative: Michael J. Wyngaard, 125 West Doty Street, Madison, WI 53703. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Building and housing units*, complete, knocked down, or in sections, and *component parts thereof, wood products, composition wood products, laminated products, and parts and accessories* for all of these products, (a) from Moberly, Mo., to points in New York, West Virginia, Alabama, Arkansas, Minnesota, South Dakota, Nebraska, Iowa, Missouri, Kansas, Kentucky, Illinois, Wisconsin, Michigan, Ohio, Pennsylvania, Tennessee, Indiana, Oklahoma, North Dakota, Texas, Louisiana, Mississippi, and Georgia, and (b) from Mazomanie, Wis., to points in New York, West Virginia, Alabama, Arkansas, Nebraska, Kansas, Kentucky, Ohio, Pennsylvania, Texas, Tennessee, Oklahoma, Louisiana, Mississippi, and Georgia, and (c) between Moberly, Mo., and Mazomanie, Wis., (2) *Materials, equipment and supplies* used in the manufacture, sale, distribution, erection and completion of the items named in Part 1, and *return shipments of the items named in Part 1*, (a) from points in New York, West Virginia, Alabama, Arkansas, Minnesota, South Dakota, Nebraska, Iowa, Missouri, Kansas, Kentucky, Illinois, Wisconsin, Michigan, Ohio, Pennsylvania, Tennessee, Indiana, Oklahoma, North Dakota, Texas, Louisiana, Mississippi, and Georgia, to Moberly, Mo., (b) from points in New York, West Virginia, Alabama, Arkansas, Nebraska, Kansas, Kentucky, Ohio, Pennsylvanie, Texas, Tennessee, Oklahoma, Louisiana, Mississippi, and Georgia, to Mazomanie, Wis., and (c) between Moberly, Mo., and Mazomanie, Wis.

(3) *Feed and feed ingredients*, from the plant and warehouse facilities of Kent Feeds, Inc., at or near Rockford and New Milford, Ill., to points in Suak, Columbia, and Dane Counties, Wis., on and north of U.S. Highway 18, and Iowa County, Wis., on and north of U.S. Highway 18 under contract with Kent Feeds, Inc.; (4) *building and housing units*, complete, knocked down, or in sections, and *component parts thereof, wood products, composition wood products, laminated products, and parts and accessories* for all of these products, (a) from Coldwater, Mich., to points in New York, West Virginia, Alabama, Arkansas, Minnesota, South Dakota, Nebraska, Iowa, Missouri, Kansas, Kentucky, Illinois, Wisconsin, Michigan, Ohio, Pennsylvania, Tennessee, Indiana, Oklahoma, North Dakota, Texas, Louisiana, Mississippi, and Georgia, and (b) between Moberly, Mo.; Mazomanie, Wis., and Coldwater, Mich.; (5) *materials, equipment and supplies* used in the manufacture, sale, distribution, erection, and completion of the items named in Part 1, and *return shipments of the items named in Part 1*, (a) from points in New York, West Virginia, Alabama, Arkansas, Minnesota, South Dakota, Nebraska, Iowa, Missouri, Kansas, Kentucky, Illinois, Wisconsin, Michigan, Ohio, Pennsylvania, Tennessee, Indiana, Oklahoma, North Dakota, Texas, Louisiana, Mississippi, and Georgia, and (b) between Moberly, Mo., Mazomanie, Wis., and Coldwater, Mich. Said operations in (1), (2), (4), and (5) are limited to a transportation service to be performed, under a continuing contract or contracts, with Wick Building Systems, Inc. NOTE: If a hearing is deemed necessary, applicant requests it be held at Madison or Milwaukee, Wis.

No. MC 117304 (Sub-No. 24), filed July 12, 1971. Applicant: DON PAFFILE, doing business as PAFFILE TRUCK LINES, 2906—29th Street, Lewiston, ID 83501. Applicant's representative: Don Paffile (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste or scrap paper and paper products* for recycling and reuse, from the paper mill of Potlatch Forests, Inc., near Lewiston, Idaho, to points in California, Oregon, and Washington. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Spokane, Wash.

No. MC 117765 (Sub-No. 132), filed July 8, 1971. Applicant: HAHN TRUCK LINE, INC., 5315 Northwest Fifth, Oklahoma City, OK 73107. Applicant's representative: R. E. Hagan (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Charcoal and charcoal products, lignite char briquettes*, (a) from plantsite of Cupples Co., Salem, Mo., to points in Oklahoma and Texas and (b) from plantsite of Husky Briquetting, Inc., Isanti, Minn., to points in Colorado, Illinois, Iowa, Missouri, Nebraska, North Dakota, South Dakota, and Wisconsin and (2) *Nonfrozen foodstuffs*, in containers, (a) from Stigler and Westville, Okla., to points in Alabama, Arkansas, Colorado, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, New Mexico, Tennessee, and Texas and (b) from Muskogee, Okla., to points in Iowa. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Oklahoma City, Okla.

No. MC 117940 (Sub-No. 53) (Amendment), filed June 24, 1971, published in the FEDERAL REGISTER issue of July 22, 1971, and republished in part, as amended, this issue. Applicant: NATIONWIDE CARRIERS, INC., Post Office Box 104, Maple Plain, MN 55359. Applicant's representative: Donald L. Stern, 530 Univac Building, 7100 West Center Road, Omaha, NE 68106. NOTE: The sole purposes of this partial republication is to reflect the commodity sought to be transported as *foodstuffs* in lieu of canned goods. The rest of the application remains as previously published.

No. MC 119399 (Sub-No. 28), filed July 12, 1971. Applicant: CONTRACT FREIGHTERS, INC., 2900 Davis Boulevard, Post Office Box 1375, Joplin, MO 68801. Applicant's representative: David L. Sitton (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Malt beverages and advertising matter* when moving therewith, from St. Paul, Minn., to points in Oklahoma and from Belleville, Ill., to Lamar, Mo. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Oklahoma City and Tulsa, Okla., or Kansas City, Mo.

No. MC 119670 (Sub-No. 19), filed July 9, 1971. Applicant: THE VICTOR TRANSIT CORPORATION, Post Office Box 115, Winton Place Station, Cincinnati, OH 45232. Applicant's representative: Robert H. Kinker, Post Office Box 464, Frankfort, KY 40601. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plastic material* expanded, from Cincinnati, Ohio, to points in Illinois, Indiana, Kentucky, Michigan, and West Virginia. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Cincinnati or Columbus, Ohio.

No. MC 119767 (Sub-No. 272) (Amendment), filed June 7, 1971, published in the FEDERAL REGISTER issue of July 9, 1971, and republished as amended this issue. Applicant: BEAVER TRANSPORT CO., a corporation, I–94 and County Highway C, Bristol, WI. Applicant's representative: Allan B. Torhorst, Post Office Box 307, Burlington, WI. 53105. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Food, food preparations, and foodstuffs* (except in bulk in tank vehicles), from Champaign, Ill., to points in Iowa, Minnesota, Missouri, North Dakota, South Dakota, Wisconsin, and points in Nebraska on and east of U.S. Highway 183, restricted to traffic originating at Champaign, Ill., and destined to points in the named States. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. Common control may be involved. The purpose of this republication is to reflect (1) the above restriction, and (2) a correction in the territorial scope of the authority sought. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 119774 (Sub-No. 27), filed July 12, 1971. Applicant: MARY ELLEN STIDHAM, N. M. STIDHAM, INEZ MANKINS and JAMES E. MANKINS, SR., a partnership, doing business as EAGLE TRUCKING COMPANY, Post Office Box 471, Kilgore, TX 75662. Applicant's representative: Joe G. Fender, 802 Houston First Savings Building, Houston, TX 77002. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel, and iron and steel articles*, between points in Alabama, Arkansas, Kansas, Oklahoma, Louisiana, Mississippi, New Mexico, and Texas. NOTE: Applicant states that it is authorized to transport without circuity in present operation oilfield commodities as authorized T. E. Mercer, Ext. 74 M.C.C. 459, between all areas wherein authority is here sought. Applicant further states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex., and New Orleans, La.

No. MC 119777 (Sub-No. 215), filed June 28, 1971. Applicant: LIGON SPECIALIZED HAULER, INC., Post Office Drawer "L", Madisonville, KY 42431. Applicant's representatives: Louis J. Amato, Post Office Box E, Bowling Green, KY 42101 and William G. Thomas (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Poultry, eggs and livestock supplies and equipment*, (1) from Milford Ind., to points in the United States (except Alaska and Hawaii) and (2) from Athens, Ga., to Milford, Ind. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Louisville, Ky.

No. MC 119789 (Sub-No. 83), filed July 14, 1971. Applicant: CARAVAN REFRIGERATED CARGO, INC., Post Office Box 6188, Dallas, TX 75222. Applicant's representative: James T. Moore (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Electric resistance grills; exhaust or vent fans, and roof ventilators; electric immersion heaters; electric heaters, portable; water heaters; industrial heaters; air heaters; wall or baseboard heaters; heating or power boilers; electrastatic air cleaners, air coolers; house heating furnaces; electric fans and parts thereof; pipe or tubing; immersion heating elements; electric appliances and instruments; electric motors and parts thereof; electric thermostats; steel and aluminum shutters; metal air filters; switches and circuit brakers and parts therefor; stapling machines and staples; sheet steel articles; sheet metal work, iron; stove trimmings; stove or range canopies and hoods; electric heating pads; electric hot plate, stoves, and ranges and parts therefor; wire, insulated or plain; wire, in packages; electric cable; hardware; catalogs and catalog parts and sections; advertising displays and advertising matter*, from Bennettsville, S.C., to points in California. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at St. Louis, Mo.; Dallas, Tex., or Washington, D.C.

No. MC 119897 (Sub-No. 12), filed July 12, 1971. Applicant: A–1 TRANSPORTATION COMPANY, a corporation, 8826 Mississippi Street, Houston, TX 77029. Applicant's representative: J. G. Dail, Jr., 1111 E Street NW., Washington, DC 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and steel and iron and steel articles*, (1) between points in Texas, Oklahoma, Arkansas, Louisiana, Kansas, and New Mexico; and (2) between points in Texas, Oklahoma, Arkansas, Louisiana, Kansas, and New Mexico on the one hand, and, on the other, points in Mississippi and Alabama, restricted against the transportation of pipe as described in *Mercer Extension Oil Field Commodities*, 74 M.C.C. 459. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. Applicant further states that it now holds *Mercer* type authority permitting it to operate, with the observance of certain gateways, within the territory described in part (1). Common control may be involved. If a hearing is deemed necessary, applicant does not specify a location.

No. MC 123048 (Sub-No. 199), filed July 12, 1971. Applicant: DIAMOND TRANSPORTATION SYSTEM, INC., 1919 Hamilton Avenue, Racine, WI 53401. Applicant's representatives: Paul C. Gartzke, 121 West Doty Street, Madison, WI 53703 and Paul L. Martinson (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Agricultural implements and attachments and parts for agricultural implements*, from the port of entry on the International boundary line between the United States and Canada in Minnesota to points in Arkansas, Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Missouri, Minnesota, New Hampshire, New Jersey, New York, North Dakota, Ohio, Pennsylvania, Rhode Island, South Dakota, Tennessee, Vermont, Virginia, West Virginia, and

VOL 36 161 XUM

Wisconsin; (B) *agricultural implements and farm machinery* (except farm tractors and commodities requiring special equipment), from Crystal Lake, Ill., to points in Arizona, California, Colorado, Delaware, Idaho, Illinois, Iowa, Kansas, Upper Peninsula of Michigan, Minnesota, Montana, Nebraska, Nevada, New Jersey, New Mexico, New York (Long Island only), North Dakota, Ohio, Oregon, Pennsylvania on and west of U.S. Highway 19, South Dakota, Utah, Washington, Wisconsin, and Wyoming; (C) *agricultural implements and parts, accessories and attachments for agricultural implements*, from Mosinee, Wis., to points in Illinois and Iowa; (D) *agricultural machinery, implements and parts other than hand* (except such machinery, implements and parts, which because of size or weight require the use of special equipment) as described in Appendix XII to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209, from LaPorte, Ind., to points in Colorado, Idaho, Illinois, Iowa, Kansas, Minnesota, Missouri, Nebraska, North Carolina, North Dakota, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

(E) *Dual wheels for tractors*, from Goodfield, Ill., to ports of entry on the International boundary line between the United States and Canada; (F) *agricultural implements and attachments and parts for agricultural implements*, from Hopkins, Minn., to points in New York and ports of entry on the International boundary line between the United States and Canada in North Dakota; (G) *farm wagons*, from Quincy, Ill., to points in Kentucky, Maryland, Michigan, New York, Ohio, Pennsylvania, and Wisconsin; (H) (1) *agricultural implements and attachments and parts for agricultural implements*, from Canton, Ill., to points in Arkansas, Delaware, Kansas, Maryland, Massachusetts, Michigan, New Jersey, New York, Pennsylvania, Texas, Vermont, Virginia, Wisconsin, and ports of entry on the International boundary line between the United States and Canada in Minnesota; (2) *agricultural implements and farm machinery and attachments and parts for agricultural implements and farm machinery*, from Memphis, Tenn., to points in Iowa, Illinois, Minnesota, Missouri on and west of U.S. Highway 65, and those in Wisconsin on and south of U.S. Highway 10; (3) *self-propelled loading, excavating, unloading and grading equipment, and parts, attachments and accessories* from Melrose Park, Ill., to ports of entry on the International boundary line between the United States and Canada at Detroit and Port Huron, Mich.; (4) *self-propelled loading, excavating, unloading and grading equipment, and parts, attachments and accessories*, from Libertyville, Ill., to ports of entry on the International boundary line between the United States and Canada at Detroit and Port Huron, Mich.

(I) (1) *Tractors*, (2) *accessories for tractors*, (3) *attachments for tractors*, and (4) *parts for (1) through (3)*, from Winneconne, Wis., to points in Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Mississippi, Michigan, Minnesota, Nebraska, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont; (J) *agricultural implements and attachments and parts for agricultural implements* from Des Moines, Iowa, to points in New York, New Hampshire, and the port of entry on the International boundary line between the United States and Canada at Detroit, Mich.; and (K) *tractors and attachments and parts for tractors*, from Minneapolis, Minn., to points in Nebraska, Iowa, Illinois, and Indiana. NOTE: Applicant states that the requested authority can be tacked with its existing authority but indicates that it has no present intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 123282 (Sub-No. 8), filed June 11, 1971. Applicant: McKINLAY TRANSPORT LIMITED, a corporation, Highway 25 at 401, Milton, ON, Canada. Applicant's representative: Walter N. Bieneman, Suite 1700, One Woodward Avenue, Detroit, MI 48226. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment), (1) between the port of entry on the International boundary line between the United States and Canada located at or near Port Huron, Mich., and the city of Port Huron, Mich., over city streets, serving no intermediate points, and restricted to traffic moving from or to points in Canada, and interlined with other carriers at Port Huron, Mich., and (2) between the port of entry on the International boundary line between the United States and Canada at or near Port Huron, Mich., and Detroit, Mich., as an alternate route on Canadian traffic between the Sarnia-Port Huron gateway and Detroit, Mich., over Interstate Highway 94, serving no intermediate points. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Lansing, Mich.

No. MC 123618 (Sub-No. 1), filed July 16, 1971. Applicant: KENNETH PEDELEOSE and ROBERT PEDELEOSE, a partnership, doing business as PEDELEOSE BROS., 927 Central Avenue, Bellaire, OH 43906. Applicant's representative: James M. Burtch, 100 East Broad Street, Columbus, OH 43215. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Coal*, between points in Belmont County, Ohio, on the one hand, and, on the other, points in Marshall and Ohio Counties, W. Va. NOTE: Applicant states that the requested authority cannot be tacked with its existing authority. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio or Cleveland, Ohio.

No. MC 124078 (Sub-No. 492), filed July 1, 1971. Applicant: SCHWERMAN TRUCKING CO., a corporation, 611 South 28th Street, Milwaukee, WI 53246. Applicant's representative: Richard H. Prevette (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Chemicals and water treatment compounds*, in bulk, from points in Bibb County, Ga., to points in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee. NOTE: Common control may be involved. Applicant states that the requested authority can be tacked with its existing authority but indicates that it has no present intention to tack and therefore does not identify the points or territories which can be served through tacking. Persons interested in the tacking possibilities are cautioned that failure to oppose the application may result in an unrestricted grant of authority. If a hearing is deemed necessary, applicant requests it be held at Atlanta, Ga.

No. MC 124656 (Sub-No. 3), filed July 9, 1971. Applicant: JOHN LONG TRUCKING, INC., 1030 East Denton Street, Sapulpa, OK 74066. Applicant's representative: Wilburn L. Williamson, 280 National Foundation Life Center, 3535 Northwest 58th, Oklahoma City, OK 73112. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Glass products*, from Sapulpa, Okla., to points in New Mexico. Restriction: Limited to transportation service to be performed under a continuing contract or contracts with Liberty Glass Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Oklahoma City, Okla., or Tulsa, Okla.

No. MC 124708 (Sub-No. 36), filed July 15, 1971. Applicant: MEAT PACKERS EXPRESS, INC., 222 South 72d Street, Omaha, NE 68114. Applicant's representative: Val M. Higgins, 1000 First National Bank Building, Minneapolis, MN 55402. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat by-products and articles distributed by meat packinghouses*, as described in sections A and C of appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, except hides and commodities in bulk in tank vehicles, from Denison and Iowa Falls, Iowa, to points in Arizona, California, Nevada, Oregon, and Washington, under contract with Farmland Foods, Inc., Denison, Iowa. NOTE: Applicant states that if authority sought is granted, it will surrender its existing permits from Denison and Iowa Falls to same States contained in permits MC 124708 Subs 2 and 23. Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Omaha, Nebr., or Kansas City, Mo.

No. MC 124796 (Sub-No. 87), filed July 9, 1971. Applicant: CONTINENTAL CONTRACT CARRIER CORP., 15045 East Salt Lake Avenue (Post Office Box 1257), City of Industry, CA 91747. Applicant's representatives: William J. Monheim (same address as applicant), and J. Max Harding, Post Office Box 82028, Lincoln, NE 68510. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Auto parts and accessories; automotive jacks, cranes (not self-propelled); tools, hand, pneumatic and electric; and advertising materials, premiums, racks, display cases and signs*, moving with the above-described commodities, (1) from Aberdeen, Miss., to Arden, N.C.; and (2) from Arden, N.C., to Harrisonburg, Va. Restriction: The operations authorized are limited to a transportation service to be performed under a continuing contract, or contracts with Tenneco, Inc. NOTE: Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

No. MC 125375 (Sub-No. 8), filed July 15, 1971. Applicant: F. B. GUEST, doing business as F.B.G. TRANSPORT, Route 5, Box 95A, Covington, GA 30209. Applicant's representative: Monty Schumacher, Suite 310, 2045 Peachtree Road, NE., Atlanta, GA 30309. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Bakery goods* and return of the empty racks, from Beaumont, Tex., to Lake Charles and Lafayette, La., under contract with ITT Continental Baking Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Beaumont or Houston, Tex.

No. MC 135236 (Sub-No. 1) (amendment), filed April 16, 1971, published in the FEDERAL REGISTER issue of May 6, 1971, and republished as amended, this issue. Applicant: LOGAN TRUCKING, INC., 801 Erie Avenue, Logansport, IN 46947. Applicant's representative: Donald W. Smith, 900 Circle Tower, Indianapolis, IN 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Malt beverages*, from Hammondsport, N.Y., New York, N.Y., Baltimore, Md., Port Newark, N.J., and Newark, N.J., to points in Ohio, Indiana, Kentucky, and Illinois; (2) *Used malt beverage containers* from the above-named destinations to above-named origins, on return; and (3) *Wines and champagnes*, from Carlstadt, N.J., and Hammondsport, N.Y, to points in Ohio, Indiana, Illinois, and Michigan. NOTE: The purpose of this republication is to show the city of Carlstadt, N.J., as a point of origin in lieu of North Bergen, N.J., as previously published. If a hearing is deemed necessary, applicant requests it be held at Indianapolis, Ind., or Washington, D.C.

No. MC 135316 (Sub-No. 1), filed July 13, 1971. Applicant: AIR TRUCK SERVICE, INC., doing business as KANAWHA VALLEY AIR FREIGHT, 302 L & S Building, Charleston, WV 25301. Applicant's representative: David L. Caruthers (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), between the airports serving Charleston and Huntington, W. Va., on the one hand, and, on the other, points in Boone, Braxton, Cabell, Clay, Calhoun, Gilmer, Lincoln, Logan, McDowell, Mercer, Mingo, Monroe, Pocahontas, Roane, Summers, Wayne, Webster Counties, W. Va.; points in Greenup and Boyd Counties, Ky.; and points in Lawrence, Scioto, and Gallia Counties, Ohio, restricted to traffic having an immediate, prior or subsequent movement by air. NOTE: If a hearing is deemed necessary, applicant requests it be held at Charleston, W. Va. or location suitable to the Commission.

No. MC 135389 (Sub-No. 2), filed July 6, 1971. Applicant: ELNICK WAREHOUSING AND TRUCKING, INC., 85 Bishop Street, Jersey City, NJ 07304. Applicant's representative: Morton E. Kiel, 140 Cedar Street, New York, NY 10006. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Scaffolding and shoring material*, (1) from Red Hook and Mount Vernon, N.Y., and from piers in the New York, N.Y., commercial zone, to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Virginia, West Virginia, Vermont, and the District of Columbia and (2) from the above-named destinations to Red Hook and Mount Vernon, N.Y., under contract with Universal Builders Supply Co., Inc., and SGB Epic Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at New York, N.Y.

No. MC 135471 (Sub-No. 1), filed July 12, 1971. Applicant: DONALD E. JORDAN, 6181 Southwest Erickson Street, Beaverton, OR 97005. Applicant's representative: Earle V. White, 2400 Southwest Fourth Avenue, Portland, OR 97201. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Sand, gravel and crushed rock*, between points in Clark County, Wash., and Multnomah County, Oreg., under contract with Willamette Hi-Grade Concrete Co. NOTE: If a hearing is deemed necessary, applicant requests it be held at Portland, Oreg.

No. MC 135684 (Sub-No. 1), filed July 12, 1971. Applicant: BASS TRANSPORTATION CO., INC., Old Croton Road, Flemington, NJ 08822. Applicant's representative: Bert Collins, 140 Cedar Street, New York, NY 10006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat byproducts and articles distributed by meat packinghouses* as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, restricted against the transportation of commodities in bulk, in tank vehicles, and limited to a transportation service to be performed with Needham Packing Co.; (a) from the plant and warehouse facilities of Needham Packing Co., Inc. located at West Fargo and Fargo, N. Dak.; Sioux City, Iowa and Omaha, Nebr., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia, North Carolina, and South Carolina; and (b) from the plant and warehouse facilities of Needham Packing Co., Inc., located at Sioux City, Iowa and Omaha, Nebr., to Chicago, Ill. and points in Illinois and Indiana in the Chicago Commercial zone as defined by the Commission. NOTE: Applicant holds contract carrier authority under its No. MC 87720 Sub-No. 2, and other subs, therefore dual operations may be involved. If a hearing is deemed necessary, applicant requests it be held at Washington, D.C.

No. MC 135686 (Sub-No. 1) (Correction), filed June 14, 1971, published in the FEDERAL REGISTER issues of July 22 and August 5, 1971, under MC 135721, and republished as corrected, this issue. Applicant: BRUCE FIELDS AND GLEN PIATT, a partnership, North Third Street, Union City, TN 38261. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Gasolines, diesel fuel, and kerosene*, in bulk, in tank vehicles, from the Shell Oil Co., terminal at Paducah, Ky., to the bulk storage facilities of Fields Oil Co., Inc., at Paris, Tenn., restricted to transportation originating at the plantsite of Shell Oil Co. terminal, Paducah, Ky., and terminating at the destination of Fields Oil Co., Inc., Paris, Tenn., under contract with Fields Oil Co., Inc. NOTE: The purpose of this republication is to show the correct docket number assigned thereto, MC 135686 (Sub-No. 1) in lieu of No. MC 135721, which was assigned in error. If a hearing is deemed necessary, applicant requests it be held at Nashville or Memphis, Tenn.

No. MC 135724 filed, June 14, 1971. Applicant: SHEALY & CHAPMAN TRANSPORTATION COMPANY, INC., Route 2, Box 295, Chapin, SC 29036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plywood*, from the plantsites of the Holly Hill Lumber Co., at or near Holly Hill, S.C., and Walterboro, S.C., to points in Pennsylvania, Maryland, Ohio, West Virginia, Virginia, North Carolina, South Carolina, Kentucky, Tennessee, Georgia, Florida, and Alabama. NOTE: Officers of the applicant presently hold motor common carrier authority as a partnership under MC 116731. If a hearing is deemed necessary, applicant requests it be held at Columbia, S.C., Charlotte, N.C., or Atlanta, Ga.

No. MC 135743 filed, June 21, 1971. Applicant: HAROLD WILLIAMS, doing business as WILLIAMS MOVING CO., City Highway 60 West (Post Office Box 209), Dexter, MO 63841. Applicant's representative: Ernest A. Brooks II, 1301 Ambassador Building, St. Louis, Mo. 63101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined by the Commission, between points in Ripley, Carter, Wayne, Madison, Bollinger, Perry, Cape Girardeau, Butler, Stoddard, Scott, Mississippi, New Madrid, Pemiscot, and Dunklin Counties, Mo.; points in Clay, Randolph, Greene, and Mississippi Counties, Ark.; points in Obion, Lake, Dyer, and Lauderdale Counties, Tenn.; and points in Fulton, Hickman, Carlisle, Ballard, and McCracken Counties, Ky.; and points in Alexander, Pulaski, Union, Jackson, Randolph, Monroe, and Massac Counties, Ill., on the one hand, and, on the other, points in Arkansas, Tennessee, Kentucky, Missouri, and Illinois. NOTE: If a hearing is deemed necessary, applicant requests it be held at St. Louis, Mo., or Memphis, Tenn.

No. MC 135745 filed, June 21, 1971. Applicant: RITE EQUIPMENT DIVISION OF CIVES CORP., Somerville Road, Gouverneur, NY 13642. Applicant's representative: John S. Donovan, One Mony Plaza, Suite 1509, Syracuse, NY 13202. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Radios, televisions, phonographs and stereos, combination radio-stereo-televisions, refrigerators, freezers, washers, dryers, air conditioners, dishwashers, disposals, dehumidifiers and records*, from the warehouse facilities of Associated Distributed, Inc., at Indianapolis, Ind., to Casey, Chrisman, Martinsville, Marshall, Paris and Robinson, Ill., restricted to service to be performed under a continuing contract with Associated Distributors, Inc., Indianapolis, Ind. NOTE: If a hearing is deemed necessary, applicant requests it be held at Indianapolis, Ind.

No. MC 135812, filed July 6, 1971. Applicant: PROFESSIONAL DRIVER SERVICES, INC., 146 Seventh Avenue North, Nashville, TN 37203. Applicant's representative: Walter Harwood, 1822 Parkway Towers, Nashville, TN 37219. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Trucks, tractors, semitrailers, and tractor trailer units*, in driveaway service, between points in Metropolitan Nashville and Davidson Counties, Tenn., on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), restricted on return to Nashville against initial driveaway service. NOTE: Application is accompanied with a Motion to Dismiss. If a hearing is deemed necessary, applicant requests it be held at Nashville, Tenn.

No. MC 135813, filed July 6, 1971. Applicant: PARR TRUCKING SERVICE, INC., Post Office Box 1308, Owensboro, KY 42301. Applicant's representative: Fred F. Bradley, 213 St. Clair Street, Frankfort, KY 40601. Authority is sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (a) *Construction, excavating, earth moving, mining, and road building machinery and equipment;* (b) *industrial and material handling machinery and equipment; and* (c) *parts, attachments and accessories* for the commodities described above, between points in Illinois and Kentucky. NOTE: If a hearing is deemed necessary, applicant requests it be held at Louisville or Frankfort, Ky.

No. MC 135814, filed July 20, 1971. Applicant: MAC BOYD, doing business as BOYD TRUCKING COMPANY, 1015 East Valley Boulevard, San Gabriel, CA 91776. Applicant's representative: Grady L. Fox, 222 Amarillo Building, Amarillo, TX 79101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Water well pumps and water well pump parts, materials, supplies and accessories* incidental and related to the repair, installation and maintenance of pumps, from Los Angeles, Calif., to points in Roosevelt County, N. Mex., and those in Texas located on and north of U.S. Highway 380, and on and west of Texas Highway 283. NOTE: Applicant states it intends to tack at Farwell and Amarillo, Tex., and territory to be served would be that territory sought to be purchased from Arrow Trucking Co., Inc., in MC 5623 (Sub-No. 7) said application to purchase is filed simultaneously with instant application. Applicant conducts operations as a contract carrier in No. MC 106595. The purpose of the instant application is to convert from contract carrier to common carrier. If a hearing is deemed necessary, applicant requests it be held at Amarillo, Tex., or Oklahoma City, Okla.

No. MC 135816, filed July 19, 1971. Applicant: CONSOLIDATED PAPERS, INC., Post Office Box 50, Wisconsin Rapids, WI 54494. Applicant's representative: Philip H. Porter or John D. Varda, 121 South Pinckney Street, Madison, WI 53703. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Laminated plastic products, adhesives, and equipment, materials and supplies* used in the production, sale and distribution of the same, between the plantsite, storage and warehouse facilities of Consoweld Corp. at Wisconsin Rapids, Wis., on the one hand, and, on the other, points in the Continental United States, except Alaska, under contract with Consoweld Corporation, and (2) *paperboard, sheets and boxes and equipment, materials and supplies* used in the production, distribution, and sale of the same, between the plantsite, storage and warehouse facilities of Castle Rock Container Corp. at Adams, and Wisconsin Rapids, Wis., and St. Paul-Minneapolis, Minn., commercial zone on the one hand, and, on the other, points in the Continental United States except Alaska, under contract with Castle Rock Container Corp. NOTE: If a hearing is deemed necessary, applicant requests it be held at Madison or Milwaukee, Wis., or Chicago, Ill.

No. MC 135823, filed July 8, 1971. Applicant: TOKEKI TRAFFIC—TRANSPORTATION & STORAGE CORPORATION, 1203 150th Street, Hammond, IN 46327. Applicant's representative: James C. Hardman, 127 North Dearborn Street, Chicago, IL 60602. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Foodstuffs* (except commodities in bulk), from Schiller Park, Ill., to points in the United States, except Alaska, Hawaii, Washington, Oregon, Idaho, California, Nevada, Arizona, Utah, Montana, Wyoming, and New Mexico; and (2) *materials, equipment, and supplies* used in the manufacture, sale, and distribution of foodstuffs (except commodities in bulk and those which because of size or weight require the use of special equipment), from points in Illinois, Wisconsin, Indiana, Michigan, Ohio, and Missouri to Schiller Park, Ill., under contract with Re-Mi Foods Inc. NOTE: If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill.

FREIGHT FORWARDER APPLICATION

No. FF-411 (AMERFORD INTERNATIONAL CORPORATION FREIGHT FORWARDER APPLICATION), filed August 3, 1971. Applicant: AMERFORD INTERNATIONAL CORPORATION, doing business as AMERFORD AIR CARGO, 221-20 147th Avenue, Jamaica, NY. Applicant's representative: Benjamin Liebov (same address as applicant). Authority sought under Section 410, Part IV of the Interstate Commerce Act, for a permit to institute operation as a freight forwarder, in interstate or foreign commerce, through use of the facilities of common carrier by railroad, express, water, air, and motor vehicle in the transportation of: *General commodities*, between points in the United States, restricted to shipments having a prior or subsequent movement by aircraft.

APPLICATION FOR BROKERAGE LICENSE

No. MC 130149, filed July 1, 1971. Applicant: TOLLISON JACKSON BRATTON and MELVIN C. WOOD, JR., a partnership, doing business as B & W TOURS, 105 Watkins Street, Belton, SC 29627. For a license (BMC-5) to engage in operations as a *broker* at Belton, S.C., in arranging for the transportation, in interstate or foreign commerce, of *passengers and their baggage*, beginning and ending at Belton and Honea Path, S.C., and extending to points in the United States.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

FEDERAL REGISTER
Area Code 202 Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

FLOOD INSURANCE—HUD additions to insurance and hazard area eligibility lists (2 documents) 16189, 16190

MEAT INSPECTION—USDA proposal to allow saving of swine blood as edible product; comments within 60 days 16194

FINANCIAL STATEMENTS—SEC proposal amendments; comments by 10–1–71 16196

TRADEMARK APPLICATIONS—Commerce Dept. proposal to amend regulations; comments by 10–15–71 16194

ENVIRONMENTAL QUALITY COUNCIL—Notice of pollution contingency plan for coordinating spill of oil or hazardous polluting substance 16215

GLASS—Tariff Comm. notice on injury from increased importation and termination of rates (2 documents); hearings on 11–9–71 16223

Rules and Regulations

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

PART 932—OLIVES GROWN IN CALIFORNIA

Subpart—Rules and Regulations

CANNED RIPE OLIVES OF TREE-RIPENED VARIETY

Notice was published in the FEDERAL REGISTER issue of July 8, 1971 (36 F.R. 12864), that the Department was giving consideration to a proposed amendment of § 932.109 of the rules and regulations (Subpart—Rules and Regulations; 7 CFR 932.108–932.161) currently effective pursuant to the applicable provisions of the marketing agreement, as amended, and Order No. 932, as amended (7 CFR Part 932), regulating the handling of olives grown in California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674).

The amendment would continue, for another crop year, the definition which prescribes color requirements which must be met by incoming natural condition olives in order for such olives to be handled under the exemptions applicable to olives of the tree-ripened type. The proposal was submitted by the Olive Administrative Committee, established pursuant to said marketing agreement and order as the agency to administer the provisions thereof. No written data, views, or arguments were filed with respect to said proposal during the period specified therefor in the notice.

After consideration of all relevant matter presented, including that in the notice, it is hereby found that amendment, as hereinafter set forth, of said rules and regulations is in accordance with said amended marketing agreement and order and will tend to effectuate the declared policy of the act.

Therefore, paragraph (b) of § 932.109 is amended to read as follows:

§ 932.109 Canned ripe olives of the tree-ripened type.

* * * * *

(b) The provisions of this section shall be applicable only during the crop years ending August 31, 1971, and August 31, 1972.

It is hereby found that good cause exists for not postponing the effective date hereof until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) the handling of the 1971 crop of olives is expected to begin on or about September 1, 1971—the beginning of the crop year—and this amendment of the rules and regulations should be in effect by that time so as to apply to the handling of olives during the entire crop year to effectuate the declared policy of the act, (2) the definition contained in this section is currently in effect and, unless extended by this amendment, the section will, by its provisions, terminate on August 31, 1971, (3) compliance with this amendment of the rules and regulations will require of handlers no preparation that cannot be completed by the effective time hereof, and (4) notice of proposed rule making concerning this definition, with an operative period as hereinafter specified, was published in the FEDERAL REGISTER (36 F.R. 14334), and no objection to this amendment or such operative period was received.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated August 17, 1971, to become effective upon publication in the FEDERAL REGISTER (8–20–71).

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[FR Doc.71–12180 Filed 8–19–71;8:46 am]

PART 991—HANDLING OF HOPS OF DOMESTIC PRODUCTION

Subpart—Administrative Rules and Regulations

DISPOSITION OF POOLED RESERVE HOPS

Notice was published in the July 29, 1971, issue of the FEDERAL REGISTER (36 F.R. 14005) of a proposal based upon a unanimous recommendation of the Hop Administrative Committee, to amend paragraph (c) of § 991.141 of the administrative rules and regulations (Subpart—Administrative Rules and Regulations; 7 CFR 991.130–991.601). In the amended paragraph the method of computing eligible handlers' shares of pooled reserve hops would provide that the quantity of pooled reserve hops purchased from the preceding year's reserve pool for use in normal market outlets (under § 991.40(b)(1)) be included in such computations. The subpart is operative pursuant to Order No. 991, as amended (7 CFR Part 991), regulating the handling of hops of domestic production, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674).

The provisions of present paragraph (c) of § 991.141 state, in part, that each eligible handler's share of pooled reserve hops offered for sale by the Committee be the same proportion of the quantity offered as the proportion of the quantity handled by such handler in the preceding marketing year as the first handler thereof is to the total quantity of hops so handled by all eligible handlers. So as to provide for equitable apportionment of reserve pool hops among eligible handlers, paragraph (c), as herein amended, provides that when computing eligible handlers' shares of the reserve pool, such computations include the quantities of reserve pool hops purchased by the handlers from the preceding year's reserve pool.

The notice afforded interested persons opportunity to submit written data, views, or arguments with respect to the proposal. None were received within the prescribed time.

After consideration of all relevant matter presented, including that in the notice, the information and recommendations submitted by the Committee and other available information, it is hereby found that this action will assure equitable apportionment among eligible handlers of shares of pooled reserve hops, and tend to effectuate disposition of pooled reserve hops pursuant to this part.

Therefore, Subpart—Administrative Rules and Regulations is amended by revising paragraph (c) of § 991.141 to read as follows:

§ 991.141 Disposition of pooled reserve hops under § 991.40(b)(1).

* * * * * *

(c) *Handlers' shares.* Each eligible handler's share of each variety of category (e.g., Clusters, English, Fuggles, and residues from the preparation of hops for market) of the pooled reserve hops offered by the Committee shall be the same proportion of the quantity offered as the proportion of the quantity so handled by him in the preceding marketing year (including the quantity purchased by him from the preceding year's reserve pool) is to the total quantity of hops so handled by all eligible handers in such marketing year (incuding the total quantity purchased by all such handlers from such preceding year's reserve pool): *Provided*, That the Committee may adjust the share of any handler by less than one bale to avoid splitting of individual bales.

* * * * * *

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated August 17, 1971, to become effective 30 days after publication in the FEDERAL REGISTER.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[FR Doc.71–12179 Filed 8–19–71;8:46 am]

Title 12—BANKS AND BANKING

Chapter V—Federal Home Loan Bank Board

SUBCHAPTER C—FEDERAL SAVINGS AND LOAN SYSTEM

[No. 71-811]

PART 545—OPERATIONS

Loans in Excess of 90 Percent of Value

AUGUST 17, 1971.

Resolved that, notice and public procedure having been duly afforded (36 F.R. 12045) and all relevant material presented or available having been considered by it, the Federal Home Loan Bank Board, upon the basis of such consideration, determines that it is advisable to amend § 545.6-1 of the rules and regulations for the Federal Savings and Loan System (12 CFR 545.6-1) for the purpose of permitting Federal savings and loan associations to make loans on the security of single-family dwellings in amounts in excess of 90 percent of the value thereof. Accordingly, the Federal Home Loan Bank Board hereby amends § 545.6-1 by revising subdivisions (iii) and (vii) of subparagraph (4) of paragraph (a) thereof and by adding, immediately after said subparagraph (4), a new subparagraph (5), to read as follows, effective August 20, 1971:

§ 545.6-1 **Lending powers under sections 13 and 14 of Charter K.**

• • • • •

(a) *Homes or combination of homes and business property.* • • •

• • • • •

(4) *Loans in excess of 80 percent of value.* The limitation of 80 percent set forth in subdivision (i) of subparagraph (1) of this paragraph shall be 90 percent in the case of any loan which is made in an amount not in excess of $36,000 and with respect to which the following requirements are met:

• • • • •

(iii) The loan contract requires that, in addition to interest and principal payments on the loan, the equivalent of one-twelfth of the estimated annual taxes, assessments, and insurance premiums on the real estate security be paid monthly in advance to the association; but a Federal association may waive such requirement in the case of insurance covering security property in a condominium project for which blanket insurance coverage is obtained by the project management;

• • • • •

(vii) The aggregate of the principal amount of such loan and of the association's investment in the principal amount of all other loans under this subparagraph and subparagraph (5) of this paragraph (exclusive of loans with respect to which the unpaid principal balance has been reduced to an amount not in excess of 80 percent of the value or purchase price of the real estate, whichever is less, determined at the time the loans were made) does not exceed 30 percent of the association's assets; and

• • • • •

(5) *Loans in excess of 90 percent of value.* The limitation of 80 percent set forth in subdivision (i) of subparagraph (1) of this paragraph shall be 95 percent in the case of any loan with respect to which the requirements set forth in subdivisions (i), (iii), (iv), (v), (vi), and (viii) of subparagraph (4) of this paragraph are met and with respect to which the following additional requirements are met:

(i) The amount of the loan does not exceed the lesser of: (*a*) $30,000, (*b*) 95 percent of the value of the real estate securing the loan, or (*c*) 95 percent of the purchase price of the security property;

(ii) The aggregate of the principal amount of such loan and of the association's investment in the principal amount of all other loans made under this subparagraph (exclusive of loans with respect to which the unpaid principal balance has been reduced to an amount not in excess of 90 percent of the value or purchase price of the real estate, whichever is less, determined at the time the loans were made) does not exceed 10 percent of the association's assets;

(iii) The aggregate of the principal amount of such loan and of the association's investment in the principal amount of all other loans under this subparagraph and subparagraph (4) of this paragraph (exclusive of loans with respect to which the unpaid principal balance has been reduced to an amount not in excess of 80 percent of the value or purchase price of the real estate, whichever is less, determined at the time the loans were made) does not exceed 30 percent of the association's assets; and

(iv) Either—

(*a*) That portion of the unpaid balance of such loan which is in excess of an amount equal to 90 percent of the value of the real estate is guaranteed or insured by a mortgage insurance company which has been determined to be a "qualified private insurer" by the Federal Home Loan Mortgage Corporation; or

(*b*) The association establishes and maintains a specific reserve with respect to such loan equal to 1 percent of the unpaid principal balance thereof until the unpaid principal balance has been reduced to an amount not in excess of 90 percent of the value or purchase price of the real estate security, whichever is less, determined at the time the loan was made.

• • • • •

(Sec. 5, 48 Stat. 132, as amended; 12 U.S.C. 1464. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1943-48 Comp., p. 1071)

Resolved further that, since the above amendments relieve restriction, publication of the amendments for the 30-day period specified in 12 CFR 508.14 and 5 U.S.C. 553(d) prior to the effective date of the amendments is unnecessary; and the Board hereby provides that the amendments shall become effective as hereinbefore set forth.

By the Federal Home Loan Bank Board.

[SEAL] EUGENE M. HERRIN,
Assistant Secretary.

[FR Doc.71-12231 Filed 8-19-71;8:50 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 71-EA-111; Amdt. 39-1271]

PART 39—AIRWORTHINESS DIRECTIVES

Sikorsky Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation regulations so as to amend AD 71-6-2 applicable to Sikorsky S-61L and S-61N type helicopters. Subsequent to the publication of AD 71-6-2 the manufacturers determined that a clerical error caused error in the published retirement times of six components. The times in question will be required to be reduced.

Since the component times are of a critical nature, expeditious adoption of this amendment is required. In view of the foregoing, notice and public procedure hereon are impractical and the amendment may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended so as to amend AD 71-6-2 as follows:

Revise paragraph (a) to read:

(a) Within the next 25 hours' time in service after the effective date of this revision to this AD the replacement of S-61 components must be accomplished in accordance with the schedule of section 2C of Sikorsky Service Bulletin No. 61B General—1B, dated July 13, 1971, or later FAA-approved revisions.

This amendment is effective August 26, 1971.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 11, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.71-12171 Filed 8-19-71; 8:46 am]

[Docket No. 71-EA-120; Amdt. 39-1272]

PART 39—AIRWORTHINESS DIRECTIVES

Schweizer Aircraft

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to Schweizer type SGS 1-23H gliders.

There have been reports of vertical tail flutter which were attributed to excessive play in the rudder and fin hinges. Since this deficiency can exist or develop in gliders of similar type design, an airworthiness directive is being issued which will require a repetitive inspection of the upper and lower rudder and fin hinges and replacement or alteration where necessary.

Since the foregoing requires expeditious adoption of this amendment, notice and public procedure hereon are impractical, and the amendment may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

SCHWEIZER AIRCRAFT. Applies to SGS 1-23H Type Gliders.

To prevent severe oscillations and vibrations resulting from excessively loose rudder fittings accomplish the following:

(a) Within the next 25 hours' time in service unless accomplished within the last 75 hours' time in service and thereafter at intervals not to exceed 100 hours' time in service, inspect the lower and upper rudder and fin hinges P/N 1A-107-2, P/N 23H704-16 and -17, P/N 1A-105-2, and P/N 23H705-21, to assure that neither the fore and aft nor the sidewards free-play exceeds five-thousandths (0.005) inch.

(b) If free-play in excess of the limits set forth in paragraph (a) is found, replace hinges and their connecting bolts with parts of the same part number or with FAA approved equivalent parts; or incorporate a modification described in Schweizer Aircraft Corporation Service Bulletin No. 102-23-2 dated June 29, 1971, or an FAA-approved equivalent modification. Equivalent parts or modifications must be approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

(c) The compliance times may be increased by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region upon receipt of substantiating data submitted through an FAA Maintenance Inspector.

This amendment is effective August 26, 1971.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 11, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[Docket No. 11113; Amdt. 47-13]

PART 47—AIRCRAFT REGISTRATION

Availability of One to Three Symbol Aircraft Identification Numbers

The purpose of these amendments to § 47.15 of the Federal Aviation Regulations is to remove the regulatory restrictions on the assignment and reservation of one to three symbol aircraft identification numbers.

Interested persons have been afforded an opportunity to participate in the making of these amendments by a notice of proposed rule making (Notice 71-17) issued on May 20, 1971, and published in the FEDERAL REGISTER on June 3, 1971 (36 F.R. 10801). Due consideration has been given to the one public comment presented in response to that notice, which comment concurred with the proposal.

As stated in Notice 71-17, the further reservation of one to three symbol aircraft identification numbers for FAA aircraft by regulatory provision is not now considered necessary, and removal of the restrictive rule should not affect the future assignment of small numbers to those aircraft. Also, the FAA and the public have had an undue burden attendant upon processing requests for assignment of one to three symbol numbers under § 47.15, as well as in processing a substantial number of petitions for exemption. Furthermore, removing the special rules on the assignment or reservation of these numbers will not have an adverse effect on owners of small aircraft, since § 45.29(f) of the Federal Aviation Regulations provides relief as to the size of required marks for small surfaces.

Also as stated in Notice 71-17, the FAA contemplates that after the issuance of these amendments it will release one to three symbol aircraft identification numbers on a "first come, first served" basis. Each assignment or reservation of one of these numbers will require payment of a $10 fee for a special identification number.

In consideration of the foregoing, paragraph (d) of § 47.15 of the Federal Aviation Regulations is amended to read as follows and paragraphs (e) and (g) of that section are revoked as follows, effective September 20, 1971:

§ 47.15 **Identification number.**

• • • • •

(d) Any unassigned U.S. identification number may be assigned as a special identification number. An applicant who wants a special identification number or wants to change the identification number of his aircraft may apply for it to the FAA Aircraft Registry. The fee required by § 47.17 must accompany the application.

• • • • •

(g) [Revoked]

• • • • •

(Secs. 307(c), 313(a), title V of the Federal Aviation Act of 1958, 49 U.S.C. 1348, 1354(a), 1401 et seq.; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c); § 1.47(a), Regulations of the Office of the Secretary of Transportation)

Issued in Washington, D.C., on August 13, 1971.

J. H. SHAFFER,
Administrator.

[FR Doc.71-12173 Filed 8-19-71;8:46 am]

[Airspace Docket No. 71-SW-28]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter controlled airspace in the Bartlesville, Okla., terminal area.

On June 22, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 11866) stating the Federal Aviation Administration proposed to alter the Bartlesville, Okla., control zone and transition area. In this notice of proposed rule making, it was noted that the subject heading read "Alteration of Transition Area." This should have stated "Alteration of Control Zone and Transition Area" as is correctly indicated by this docket.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 71.171 (36 F.R. 2055), the Bartlesville, Okla., control zone is amended to read:

BARTLESVILLE, OKLA.

Within a 5-mile radius of the Phillips Airport (latitude 36°45'46" N., longitude 96°00'38" W.), excluding the area north of latitude 36°46'00" N. and east of longitude 95°58'30" W. This control zone is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airman's Information Manual.

In § 71.181 (36 F.R. 2140), the Bartlesville, Okla., transition area is amended to read:

BARTLESVILLE, OKLA.

That airspace extending upward from 700 feet above the surface within a 9-mile radius of Phillips Airport (latitude 36°45'46" N., longitude 96°00'38" W.); within 5 miles each side of the Bartlesville VORTAC 176° radial extending from the 9-mile radius to 21½ miles south of the VORTAC; and within 3½ miles each side of the Bartlesville VORTAC 354° radial extending from the 9-mile radius to 12 miles north of the VORTAC; that airspace which lies within the State of Kansas extending upward from 1,200 feet above the surface within 9½ miles west and 4½ miles east of the 354° radial of the Bartlesville VORTAC extending from the VORTAC to 18½ miles north of the VORTAC.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Fort Worth, Tex., on August 12, 1971.

R. V. REYNOLDS,
Acting Director, Southwest Region.

[FR Doc.71-12174 Filed 8-19-71;8:46 am]

[Airspace Docket No. 71-SW-30]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter controlled airspace in the Oklahoma City, Okla., terminal area.

On July 9, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 12912) stating the Federal Aviation Administration proposed to alter the Oklahoma City, Okla. (Will Rogers World Airport), control zone and Oklahoma City, Okla., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 71.171 (36 F.R. 2055), the Oklahoma City, Okla. (Will Rogers World Airport), control zone is amended to read:

OKLAHOMA CITY, OKLA. (WILL ROGERS WORLD AIRPORT)

Within a 5-mile radius of Will Rogers World Airport (latitude 35°23'45" N., longitude 97°36'30" W.); within 3 miles each side of the Oklahoma City runway 17R ILS localizer north course, extending from the 5-mile-radius zone to the Tulakes, Okla., RBN; within 2 miles southwest and 3.5 miles northeast of the Oklahoma City VORTAC 105° radial extending from the 5-mile-radius zone to the VORTAC; and within 3 miles each side of the Oklahoma City runway 35R ILS localizer south course extending from the 5-mile-radius zone to the LOM (latitude 35°18'36" N., longitude 97°35'17" W.), excluding that portion which coincides with the Oklahoma City (Wiley Post) control zone.

§ 71.181 (36 F.R. 2140), the Oklahoma City, Okla., transition area is amended to read:

OKLAHOMA CITY, OKLA.

That airspace west of longitude 97°10'00" W. extending upward from 700 feet above the surface within a 23-mile radius of latitude 35°24'25" N., longitude 97°23'50" W.; within 10 miles west and 5 miles east of the Will Rogers World Airport, runway 35R ILS south course, extending from the LOM to 18.5 miles south of the LOM; and within a 5-mile radius of the Cimarron, Okla., Municipal Airport (latitude 35°29'15" N., longitude 95°49'00" W.).

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Fort Worth, Tex., on August 12, 1971.

R. V. REYNOLDS,
Acting Director, Southwest Region.

[FR Doc.71-12175 Filed 8-19-71;8:46 am]

[Airspace Docket No. 71-SW-33]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to designate a 700-foot transition area at Heber Springs, Ark.

On July 9, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 12912) stating the Federal Aviation Administration proposed to designate the Heber Springs, Ark., transition area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 71.181 (36 F.R. 2140), the following transition area is added:

HEBER SPRINGS, ARK.

That airspace extending upward from 700 feet above the surface within a 10.5-mile radius of the Heber Springs, Ark., Airport (latitude 35°30'41" N., longitude 92°00'25" W.).

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Fort Worth, Tex., on August 12, 1971.

R. V. REYNOLDS,
Acting Director, Southwest Region.

Title 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Administration, Department of Health, Education, and Welfare

[Regs. No. 5, further amended]

PART 405—FEDERAL HEALTH INSURANCE FOR THE AGED (1965——)

Subpart D—Principles of Reimbursement for Provider Costs and for Services by Hospital-Based Physicians

RETURN ON EQUITY CAPITAL OF PROPRIETARY PROVIDERS

On August 1, 1970, there was published in the FEDERAL REGISTER (35 F.R. 12332) a revision of § 405.429 which excluded from the base on which a return on equity capital and interest may be allowed amounts paid for facilities in excess of the lower of fair market value or depreciated current reproduction cost. Various parties have commented, however, that this revision is unclear as to whether the exclusion applies only to acquisitions after August 1, 1970, or to prior acquisition of assets now considered by the program to be part of the equity capital of the provider. Insofar as the exclusion is intended to apply only prospectively to acquisitions after August 1, 1970, paragraph (b) of § 405.429 is further revised to more clearly set forth this intent.

Inasmuch as this revision is highly technical in nature and merely clarifies the intent of a substantive rule already in effect, it is found upon good cause, under the administrative procedure provisions of 5 U.S.C. 553 that notice and other public procedure with respect to this revision are impractical and contrary to the public interest, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Dated: July 22, 1971.

ROBERT M. BALL,
Commissioner of Social Security.

Approved: August 16, 1971.

JOHN G. VENEMAN,
Acting Secretary of Health, Education, and Welfare.

Paragraph (b) of § 405.429 is revised to read as follows:

§ 405.429 Return on equity capital of proprietary providers.

* * * * *

(b) *Application.* Proprietary providers generally do not receive public contributions and assistance of Federal and other governmental programs such as Hill-Burton in financing capital expenditures. Proprietary institutions historically have financed capital expenditures through funds invested by owners in the expectation of earning a return. A return on investment, therefore, is needed to avoid withdrawal of capital and to attract additional capital needed for expansion. For purposes of computing the allowable return, the provider's equity capital means:

(1) The provider's investment in plant, property, and equipment related to patient care (net of depreciation) and funds deposited by a provider who leases plant, property, or equipment related to patient care and is required by the terms of the lease to deposit such funds (net of noncurrent debt related to such investment or deposited funds), and

(2) Net working capital maintained for necessary and proper operation of patient care activities (excluding the amount of any current payment made pursuant to § 405.454(g)(1)). However, debt representing loans from partners, stockholders, or related organizations on which interest payments would be allowable as costs but for the provisions of § 405.419(b)(3)(ii), is not subtracted in computing the amount of subparagraph (1) of this paragraph and this subparagraph (2), in order that the proceeds from such loans be treated as a part of the provider's equity capital. In computing the amount of equity capital upon which a return is allowable, investment in facilities is recognized on the basis of the historical cost, or other basis, used for depreciation and other purposes under the health insurance program. With respect to a facility or any tangible assets of a facility acquired after August 1, 1970, the excess of the price paid for such facility or such tangible assets over the historical cost, as defined in § 405.415(b), or the cost basis, as determined under § 405.415(g) (whichever is appropriate), is not includable in equity capital, and loans made to finance such excess portion of the cost of such acquisitions (see § 405.419(d)) are excluded in computing equity capital. For purposes of computing the allowable return the amount of equity capital is the average investment during the reporting period. The rate of return allowed, as derived from time to time based upon interest rates in accordance with this principle, is determined by the Social Security Administration and communicated through intermediaries. Return on investment as an element of allowable costs is subject to apportionment in the same manner as other elements of allowable costs. For the purposes of this regulation, the term "proprietary providers" is intended to distinguish providers, whether sole proprietorships, partnerships, or corporations, that are organized and operated with the expectation of earning profit for the owners, from other providers that are organized and operated on a nonprofit basis.

(Secs. 1102, 1814(b), 1861(v), and 1871, 49 Stat. 647, as amended, 79 Stat. 299, as amended, 79 Stat. 322, 79 Stat. 326; 42 U.S.C. 1302, 1395 et seq.)

Effective date. The foregoing amendment is effective upon its date of publication in the FEDERAL REGISTER (8-20-71)

[FR Doc.71-12213 Filed 8-19-71;8:48 am]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER C—DRUGS

PART 148v—CANDICIDIN

Candicidin Vaginal Capsules

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 2.120), § 148v.4. *Candicidin vaginal capsules* is amended to raise the upper limit of potency for the drug by changing "not more than 140 percent of the number of milligrams" in the second sentence of paragraph (a)(1) to read "not more than 150 percent of the number of milligrams".

This amendment is made to allow for a reasonable manufacturing and assay variability for the subject drug and is nonrestrictive and noncontroversial in nature; therefore, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (8-20-71).

(Sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

Dated: August 11, 1971.

H. E. SIMMONS,
Director, Bureau of Drugs.

Title 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 505—LABOR STANDARDS ON PROJECTS OR PRODUCTIONS ASSISTED BY GRANTS FROM THE NATIONAL ENDOWMENT FOR THE ARTS

Removal of Rules of Presumption; Certain Incorporations by Inference; Effective Date

On May 29, 1971, amendments to 29 CFR 505.6 were published in the FEDERAL REGISTER (36 F.R. 9865). The last paragraph of the preamble of the document states that no delay in effective date is provided for the amendments, except that the national consensus standards which are published in 29 CFR Part 1910 (36 F.R. 10466) and incorporated by reference in 41 CFR 50–204.2(a), as amended, and in 29 CFR 505.6, as amended, will be effective 90 days from the publication of the document in the FEDERAL REGISTER. The effective date provision of those amendments is hereby revised as follows:

No delay in effective date is provided for the amendments, except that the national consensus standards first promulgated in 29 CFR Part 1910, Subparts C through S, and now incorporated by reference in 41 CFR 50–204.2(a)(1) and in 29 CFR 505.6(a), both as amended, shall take effect in accordance with the pertinent effective date provisions contained in 29 CFR Part 1910.

The intent of this revision is that national consensus standards published in 29 CFR Part 1910, and incorporated by reference in 41 CFR 50–204.2(a)(1), as amended, and in 29 CFR 505.6(a), as amended, shall become effective in all the regulations simultaneously, on the effective dates provided for the standards in Part 1910. This revision reflects the fact that various subparts of Part 1910 provide for delays of more than 90 days in the effective dates of some standards, which should follow the standards in their incorporation in § 505.6.

(Sec. 5(j)(2), 79 Stat. 848; 20 U.S.C. 954(j)(2))

Signed at Washington, D.C., this 13th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

[FR Doc.71–12167 Filed 8–19–71;8:45 am]

Chapter XIII—Bureau of Labor Standards, Department of Labor

PART 1516—SAFETY AND HEALTH STANDARDS FOR FEDERAL SERVICE CONTRACTS

Removal of Assumptions, Certain Incorporations by Reference; Effective Date

On May 29, 1971, amendments to 29 CFR 1516.1 and 1516.2 were published in the FEDERAL REGISTER (36 F.R. 9865). The last paragraph of the preamble to the amendments states that no delay in effective date for the rules is provided except that national consensus standards which are published in 29 CFR Part 1910 (36 F.R. 10466) and incorporated by reference in 41 CFR 50–204.2(a) and in 29 CFR 1516.2, as amended, will become effective 90 days from the publication of the amendments in the FEDERAL REGISTER. The effective date provision of those amendments is hereby revised as follows:

No delay in effective date is provided for the amendments, except that the national consensus standards first promulgated in 29 CFR Part 1910, Subparts C through S, and now incorporated by reference in 41 CFR 50–204.2(a)(1), as amended, and in 29 CFR 1516.2, as amended, shall take effect in accordance with the pertinent effective date provisions contained in 29 CFR Part 1910.

The intent of this revision is that national consensus standards published in 29 CFR Part 1910, and incorporated by reference in 41 CFR 50–204.2(a)(1), as amended, and in 29 CFR 1516.2, as amended, shall become effective in all the regulations simultaneously, on the effective dates provided for the standards in Part 1910. This revision reflects the fact that various subparts of Part 1910 provide for delays of more than 90 days in the effective dates of some standards, which should follow the standards in their incorporation in § 1516.2.

(Secs. 2(a) (3) and (4), 74 Stat. 1034, 1035; 41 U.S.C. 351, 353)

Signed at Washington, D.C., this 13th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

Title 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

SUBCHAPTER B—PERSONNEL: MILITARY AND CIVILIAN

PART 96—MAXIMIZATION OF TRANSITIONAL MANPOWER PROGRAMS

The Deputy Secretary of Defense approved the following:

Sec.
96.1 Purpose.
96.2 Applicability.
96.3 Policy and responsibilities.
96.4 Eligibility.
96.5 Training priorities.
96.6 Resource allocation.
96.7 Control procedures.

AUTHORITY: The provisions of this Part 96 issued under sec. 301, 60 Stat. 379; 5 U.S.C. 301.

§ 96.1 Purpose.

This part sets forth policy to assure availability of Transition and Referral services to all eligible separating military personnel needing assistance in their readjustment to civilian life. It places the major management responsibility for achieving this goal on each of the Military Services.

§ 96.2 Applicability.

The provisions of this part apply to the Office of the Assistant Secretary of Defense (Manpower and Reserve Affairs), to the Military Departments, and to the Defense Supply Agency (for referral services) and encompass all officer and enlisted personnel "eligible" for transition and referral as defined under § 96.4.

§ 96.3 Policy and responsibilities.

(a) Each officer and enlisted serviceman or woman due to separate from military service and eligible for transition will be provided the opportunity for one or more of the following: Vocational counseling, training, education, job seeking assistance. However, individual counseling, training, and education courses in combat zones will be made available as a minimum only at those locations at which service education courses are otherwise available.

(b) Under the Referral Program all eligible officer and enlisted personnel will be offered personal counseling services where available. All personnel will be provided access to the automated placement services.

(c) The Assistant Secretary of Defense (Manpower and Reserve Affairs) or his designee will:

(1) Develop basic policies and guidelines for the Transition and Referral Programs.

(2) Enlist the support of and maintain primary liaison with governmental agencies having national training and employment responsibilities and resources (e.g., the Departments of Health, Education, and Welfare, Labor, Commerce, Post Office, and the Veterans Administration).

(3) Enlist the cooperation of Federal and State governments in their roles as trainers and employers.

(4) Maintain primary liaison with national trade associations, headquarters of national labor unions, headquarters of national corporations, public interest organizations, and similar organizations to develop support for the program and to develop new sources of training and job opportunities for the separating serviceman and woman.

(5) Provide policy guidance to the Defense Supply Agency computer facility on the operation of Referral computerized services.

(6) Provide a procedures manual for the Referral Program (1332.25–M1) and employers guide for the Referral Program (1332.25–G1) for retiring personnel and employer participation in the Referral Program.

(7) Develop technical resources for the conduct and support of counseling programs, for the training of counselors, and for the evaluation of counseling effectiveness of the Transition and Referral Programs.

(8) Evaluate effectiveness of the Transition and Referral Programs.

(d) The Secretaries of the Military Departments will manage the Transition and Referral Programs. In carrying out this responsibility the respective Secretaries will:

(1) Identify all eligible personnel and inform them of the benefits they are entitled to receive from Transition and Referral.

(2) Provide counseling, training and placement services for the Transition Program and counseling and registration services for the Referral Program which will meet program objectives.

(3) Inform local communities about the program, solicit local support for training and placement activities and, as appropriate, develop cooperative interservice relationships with local community activities.

(4) Budget and allocate adequate dollar and manpower resources for Transition and Referral.

(5) Establish adequate program control, inspection, and evaluation mechanisms and assure that program inadequacies are promptly and effectively remedied.

(6) Assure that Educational Officers, in planning continuing education programs for personnel, will coordinate with Transition Officers to provide programs that would satisfy local requirements.

(e) The Director of the Defense Supply Agency will operate the Referral computer facility and will:

(1) Design and operate an automated system to provide for military personnel retiree registration, receipt and handling of employer queries, matching of retiree skills and preferences against job opportunities, and the printout and dispatch of appropriate names and brief résumés to prospective employers.

(2) Manage the automated system, provide machine services and provide technical guidance and issue procedural instructions to users of the system.

(3) Make recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) or his designee on overall policies and on operational procedures for improving the Referral Program.

(4) Make periodic reports (see enclosures 1 and 2) [1] to the Assistant Secretary of Defense (Manpower and Reserve Affairs) or his designee on the program's progress and accomplishments.

(5) Budget and allocate adequate dollar and manpower resources for the tasks assigned in subparagraphs (1) through (4) of this paragraph.

§ 96.4 Eligibility.

(a) All military personnel in the last 6 months of active duty service other than reservists serving 6 months active duty under section 511(d), title 10, United States Code, and military personnel to be separated for disciplinary reasons are eligible for transition. However, the priority of the military mission and the priorities set forth under § 96.5 shall govern the release of individuals for purposes of attending training and education courses during active duty hours.

(b) Any active duty member of the Armed Forces who volunteers for participation in Referral prior to release from active duty shall be eligible for participation in Referral upon:

(1) Completion of the required length of service established by statute for entitlement to retired military pay, and six (6) months prior to completion of such duty.

(2) Establishment of eligibility for disability retirement or for disability separation with 10 or more years of active duty service.

§ 96.5 Training priorities.

Transition training shall be given to eligibles in the following order of priorities, within available resources, to the maximum extent possible.

(a) Disabled personnel.

(b) Personnel ineligible for reenlistment or continuance on active duty other than personnel to be separated for disciplinary reasons.

(c) Personnel whose military occupational specialty is in a combat specialty or a similar skill or profession without civilian marketability and who do not have a civilian marketable skill.

(d) Personnel other than those above without a marketable skill. An individual shall be considered as lacking a marketable skill if:

(1) The skill he has acquired during military service has very limited application in the civilian market place (e.g., rifleman).

(2) His competence in his specialty is at too low a level for market acceptability.

(3) Employment in the skill he has acquired is not generally available in his home community or in the area in which he intends to make his home.

(e) Others.

§ 96.6 Resource allocation.

(a) Sufficient manpower and dollar resources shall be budgeted for and allocated to the Transition and Referral Programs to assure availability of counseling, education, training, placement assistance for Transition services and counseling and registration for Referral services to all eligible personnel.

(b) Each enlisted man or woman eligible for Transition or Referral other than those excluded under § 96.4(s) shall be scheduled to attend an individual counseling session. Eligible officer personnel shall be informed of the availability of Referral counseling services and individual counseling may be made available to officers desiring the Referral services.

(c) Utilization of training and education resources shall further the objective that all courses and on-the-job training help to make the individual employable on his separation from service or serve as a steppingstone to vocationally oriented, advanced training or education.

(1) Training resources shall be: (i) Provided by private industry at no cost to the government or the individual; (ii) funded by the Labor Department using Manpower Development and Training Act funds; (iii) provided by a government agency seeking to train potential employees; (iv) or obtained from such other sources as may be available to the Military Services or individual military commanders, including available resources on military bases for formal or on-the-job training.

(2) Educational courses and services, including guidance, counseling and testing, are available to Transition and Referral eligibles from Service voluntary education programs. In cases where an educational requirement is determined, individuals shall be referred to the local Educational Service Officer.

(3) Prep courses provided by educational institutions and supported by Veterans Administration funds are a desirable vehicle for expanding the educational horizons of service personnel participating in Transition.

(i) Local Transition and education personnel shall actively enlist the cooperation of educational institutions and the Veterans Administration in establishment, design, and funding of Prep courses.

(ii) Prep courses developed as one of the education options for servicemen under Transition shall be designed to lead service personnel into continued education on their return to civilian life. In this regard, the courses shall emphasize motivational content and innovative pedagogy in order to attract service personnel who might otherwise not be expected to consider college as a desirable path toward a civilian career.

(d) Each military installation shall set up facilities to assist men separating from service to obtain civilian jobs. These facilities shall be in addition to the automated job matching facilities made available to Referral eligibles and shall meet the following criteria:

(1) Placement shall be made a specific responsibility of one or more staff personnel.

(2) Facilities may be provided for group and individual briefings by potential employers for separating personnel, but not to employment agencies or similar organizations requiring a fee either from the potential employee or the employer.

(3) Each installation shall maintain well organized files of job opportunities as provided by the Department of Labor, obtained through local contracts and other available sources. These shall be readily accessible to all Transition and Referral eligibles.

§ 96.7 Control procedures.

Each of the military services shall institute reporting and inspection procedures to monitor the effectiveness of program implementation.

(a) Reporting data shall be maintained at a single headquarters in each Service. Information will include as minimum management data such items as the number of personnel eligible for Transition, the number counseled, the number who completed education courses, the number who completed training, the number given placement assistance, the number who obtained employment, and other data needed to comply with the requirements of the Office of Management and Budget Circular A-11.

(b) Each of the Military Services shall institute regular reporting procedures and shall establish a system of continuing regular surveys of Transition and Referral effectiveness. Evaluation visits to installations shall be made periodically by representatives of a higher headquarters during each year.

(c) Quarterly and annual reports shall be forwarded to Assistant Secretary of Defense (M&RA) as outlined in format attached.[1]

(1) The Quarterly Transition Accomplishment Report has been assigned Report Control Symbol DD-M(Q)1102.

(2) The Annual Report on Characteristics of Separating Enlisted Personnel has been assigned Report Control Symbol DD-M(A)1103.

MAURICE W. ROCHE,
Director, Correspondence and Directive Division, OASD Administration.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 5A—Federal Supply Service, General Services Administration

PART 5A-3—PROCUREMENT BY NEGOTIATION

Guidelines for Reducing Administrative Costs in Making Small Purchases

The table of contents of Part 5A-3 is amended to delete § 5A-3.606-4, and to add the following new entry:

Sec.
5A-3.606-70 Advance establishment of supply sources by blanket purchase arrangements.

Subpart 5A-3.6—Small Purchases

§ 5A-3.606-4 [Deleted]

1. Section 5A-3.606-4 is deleted.

2. Section 5A-3.606-70 is added as follows:

§ 5A-3.606-70 Advance establishment of supply sources by blanket purchase arrangements.

(a) The following instructions are designed to reduce the administrative costs in connection with processing small purchases. These instructions apply primarily to the purchasing of the following types of requirements:

(1) Low dollar value items for which requirements are sporadic and not sufficiently repetitive to be carried in stock or be included in Federal Supply Schedules or term contracts; and

(2) Low dollar value items which are listed in Federal Supply Schedules or term contracts but which are not available from these sources because the quantity required is smaller than the minimum order limitation specified in these contracts and the established contractor is unwilling to accept such an order.

(b) Sections 1-3.606 and 5-3.606 contain instructions for making small purchases by blanket purchase arrangements (BPAs). BPAs are described as charge accounts with several local sources to satisfy day-to-day requirements. This section provides an additional application for the BPA; namely, as a single source instrument.

(c) When BPAs are issued to multiple sources, orders are rotated among these sources to achieve an even spread of orders, provided prices are within a narrow competitive range. Where prices vary widely, buyers make individual determinations every time they place an order to give the order to that source which offers the best terms. Whereas this "charge account" method with multiple sources is often an effective method for small purchases of specific item makes or brands, it provides little incentive to BPA sources to offer special price breaks. If, however, these same sources were faced with the prospect that only one of them would emerge as the sole supplier for satisfying small and miscellaneous requirements in a generic line of products for a specified period, e.g., 6 months or a year, there would be some inducement to these offerors to quote better terms. Consequently, the Government would gain by paying lower prices and, since the Government would have to deal with only a single source during the effective period of the single source BPA, the administrative costs would be lower.

(d) Solicitation and single source BPA provisions. Generally, SF 18, Request for Quotations, shall be used for obtaining price information for any single source BPA. The request for quotation should make it clear that a BPA will be issued to that responsive quoter who quotes the best terms to the Government for the entire requirement, at a stated level of quality, price and other factors considered. To obtain a common denominator for the evaluation of quotations, requirements must be expressed in terms of minimum acceptable quality (applicable specifications, brand-names or equal, manufacturer catalogs, etc.). Single source BPAs shall be issued for an entire line of estimated requirements, based on best discounts from established contractors' catalogs and price lists, after assuring that the catalog items of the low quoters are comparable, qualitywise, to the items offered by other quoters. The advantages of using the "price-list" method of making aggregate awards (see § 5A-2.201-74) shall also be considered. Delivery requirements should be stated within a range from immediately to not later than 10 days after receipt of order. The BPA shall contain a provision that no single order placed thereunder will exceed $2,500 and that no order will be placed for any item covered by an established Government contract source (FSS schedule, term contract, etc.) except (1) when the requirement is below the minimum order quantity stated in such contract and the established contractor is unwilling to accept such an order, or (2) the requirement is urgent and the established contractor cannot meet the delivery requirement.

(e) Delivery orders under such single source BPAs shall be issued on any authorized purchase order form or orally in accordance with § 5-3.606 and the HB, Supply Operations, Chap. 11 (FSS P 2900.2).

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c); 41 CFR 5-1.101(c))

Effective date. This regulation is effective 30 days after the date shown below, but may be observed earlier.

Dated: August 10, 1971.

L. E. SPANGLER,
Acting Commissioner, Federal Supply Service.

[FR Doc.71-12214 Filed 8-19-71;8:48 am]

Chapter 50—Public Contracts, Department of Labor

PART 50-204—SAFETY AND HEALTH STANDARDS FOR FEDERAL SUPPLY CONTRACTS

Presumptions and Incorporations by Reference; Specific National Consensus Standards; Effective Date

On May 29, 1971, amendments to 41 CFR 50-204.1, 50-204.1a, and 50-204.2 were published in the FEDERAL REGISTER (36 F.R. 9868). The last paragraph of the preamble to the amendments states that there is no delay in effective date for the amendments, except that national consensus standards which are published in 29 CFR Part 1910 (36 F.R. 10466) and incorporated by reference in § 50-204.2 (a) will be effective 90 days from the publication of the amendments in the FEDERAL REGISTER. The effective date provision of those amendments is hereby revised as follows:

No delay in effective date is provided for the amendments, except that the national consensus standards first promulgated in 29 CFR Part 1910, Subpart C through S, and now incorporated by reference in 41 CFR 50-204.2(a)(1), as amended, shall take effect in accordance with the pertinent effective date provisions contained in 29 CFR Part 1910.

The intent of this revision is to make clear that national consensus standards published in 29 CFR Part 1910, and incorporated by reference in 41 CFR 50-204.2(a)(1), as amended, shall become effective in the two regulations simultaneously, on the effective dates provided for the standards in Part 1910. The revision reflects the fact that various subparts of Part 1910 provide for delays of more than 90 days in the effective dates of some standards, which should follow the standards in their incorporation in § 50-204.2(a)(1).

(Secs. 1, 4, 49 Stat. 2036, 2038, as amended; 41 U.S.C. 35, 38)

Signed at Washington, D.C., this 13th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

Proposed Rule Making

DEPARTMENT OF THE TREASURY

Bureau of Customs

[19 CFR Part 1]

HARRISBURG, PA.

Notice of Proposed Designation of Customs Port of Entry

AUGUST 12, 1971.

In order to provide better Customs service in the Philadelphia, Pa., Customs district, it is considered desirable to establish a Customs port of entry at Harrisburg, Pa. Therefore, notice is hereby given that under the authority vested in the President by section 1 of the Act of August 1, 1914, 38 Stat. 623, as amended (19 U.S.C. 2), which was delegated to the Secretary of the Treasury by the President by Executive Order No. 10289, September 17, 1951 (3 CFR, Ch. 11), and pursuant to authority provided by Treasury Department Order No. 190, Rev. 7 (34 F.R. 15846), it is proposed to designate Harrisburg, Pa., as a Customs port of entry in the Philadelphia, Pa., Customs district (Region 111).

The geographical limits of the proposed port of entry at Harrisburg, Pa., will include all the cities, boroughs, villages, and other political subdivisions within the outer confines of the following townships located in Dauphin County: Derry, Londonderry, West Hanover, East Hanover, South Hanover, Lower Paxton, Susquehanna, Swatara, and Lower Swatara; the following townships located in Cumberland County: Upper Allen, Lower Allen, East Pennsboro, Hampden, Silver Spring, and Monroe; and Fairview Township located in York County, all in the State of Pennsylvania.

Data, views, or arguments with respect to the proposed designation of the above-described Customs port of entry may be addressed to the Commissioner of Customs, Washington, D.C. 20226. To insure consideration of such communications, they must be received in the Bureau not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER. No hearings will be held.

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Consumer and Marketing Service

[9 CFR Parts 310, 318]

MEAT INSPECTION

Saving of Blood as Edible Product

Pursuant to the authority contained in the Federal Meat Inspection Act, as amended by the Wholesome Meat Act (21 U.S.C. 601 et seq.), notice is hereby given in accordance with the administrative procedure provisions in 5 U.S.C. 553, that the Consumer and Marketing Service is considering amending § 318.6(b)(7) of the revised Meat Inspection Regulations (9 CFR Chapter I, Subchapter III; 35 F.R. 15552, as amended) and adding a new § 310.20 to said regulations to allow swine blood to be saved as an edible product subject to certain restrictions.

Statement of considerations. A principal function of the USDA Meat and Poultry Inspection Program is to assure that the meat supply is safe, wholesome, and otherwise unadulterated. This responsibility requires that studies of inspection procedures and requirements be periodically conducted. The regulations have for many years permitted the saving of blood for edible purposes from all species except swine, provided the method of collection avoids contamination, and the carcass is inspected and passed. The required inspection procedures, both ante-mortem and post-mortem, are essentially the same regardless of species; therefore, swine blood can be salvaged in the same manner as that from other species. Blood has traditionally been a normal ingredient in certain meat food products such as blood sausage.

It is proposed that a new § 310.20 be added to read as follows:

§ 310.20 Saving of blood as an edible product.

Blood may be saved for edible purposes at official establishments provided it is derived from livestock, the carcasses of which are inspected and passed, and the blood is collected, defibrinated, and handled in a sanitary manner. The defibrination of blood intended for human food purposes shall not be done with the hands.

Section 318.6(b)(7) would be amended to read as follows:

§ 318.6 Requirements concerning ingredients and other articles used in preparation of products.

* * * * *

(b) * * *

(7) Blood prepared in accordance with § 310.20 of this subchapter may be used as an ingredient of a meat food product for which a standard is prescribed in Part 319 of this subchapter if permitted by such standard and may be used in any meat food product for which no such standard is prescribed in Part 319 of this subchapter if it is a common and usual ingredient of such product.

* * * * *

Any person who wishes to submit written data, views, or arguments concerning the proposed amendments may do so by filing them, in duplicate, with the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C., 20250 within 60 days after the date of publication of this notice in the FEDERAL REGISTER. All written submissions will be made available for public inspection at the Office of the Hearing Clerk during the regular business hours (7 CFR 1.27(b)). Comments on the proposal should bear a reference to the date and page number of this issue of the FEDERAL REGISTER.

Done at Washington, D.C., on August 17, 1971.

KENNETH M. MCENROE,
Deputy Administrator, Meat and Poultry Inspection Program.

[FR Doc.71-12228 Filed 8-19-71;8:50 am]

DEPARTMENT OF COMMERCE

Patent Office

[37 CFR Part 2]

ACCESS TO PENDING APPLICATIONS

Notice of Proposed Rule Making

Notice is hereby given that, pursuant to the authority contained in section 6 of the Act of July 19, 1952 (66 Stat. 793; 35 U.S.C. 6) the Patent Office proposes to revise § 2.27 of Title 37, Code of Federal Regulations as set forth below.

All persons are invited to present their written views, objections, recommendations, or suggestions in connection with the proposed changes to the Commissioner of Patents, Washington, D.C. 20231 on or before October 15, 1971. No oral hearing will be held.

The only substantive change made in § 2.27 is elimination of the requirement to show good cause for access to pending applications. The amendment is intended to liberalize access to pending trademark applications. A written request for access will continue to be required, however, so that a record of those persons having access to pending applications may be maintained. The proposed amendment also restructures the form of the rule by dividing it into four sections for easier reading.

The text of the proposed revised section is as follows:

§ 2.27 Pending application index; access to applications.

(a) An index of pending applications including the name and address of the applicant, a reproduction or description of the mark, the goods or services with which the mark is used, the class number, the dates of use, and the serial number and filing date of the application will be available for public inspection as soon as practicable after filing.

(b) Access to the file of a particular pending trademark application will be permitted prior to publication under § 2.81 upon written request.

(c) Decisions of the Commissioner and the Trademark Trial and Appeal Board in applications and proceedings relating thereto are published or available for inspection or publication.

(d) After a mark has been registered, or published for opposition, the file of the application and all proceedings relating thereto are available for public inspection and copies of the papers may be furnished upon paying the fee therefor.

ROBERT GOTTSCHALK,
Acting Commissioner of Patents.

Approved: August 9, 1971.

JAMES H. WAKELIN, JR.,
Assistant Secretary for Science and Technology.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 141]

PENICILLIN AND CEPHALOSPORIN PREPARATIONS

Proposed Change in Sterility Testing

Recent studies have shown that the membrane filtration sterility test is made more sensitive for penicillin and cephalosporin preparations by the addition of concentrated penicillinase to the diluting fluid used to wash the membrane. The Commissioner of Food and Drugs proposes that the regulations covering such test be amended accordingly regarding penicillin and cephalosporin preparations.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and under authority delegated to him (21 CFR 2.120), the Commissioner proposes that § 141.2(e)(1)(ii) be revised to read as follows:

§ 141.2 Sterility test methods and procedures.

* * * * *

(e) * * *.

(1) * * *

(ii) *Test procedure.* Aseptically filter the solution through a bacteriological membrane filter. All air entering the filtering system is filtered through air filters capable of removing micro-organisms. Filter three 100-milliliter quantities of diluting fluid A through the membrane. For the penicillin and cephalosporin classes of antibiotics, add sufficient sterile penicillinase to diluting fluid A to inactivate the residual antibiotic activity on the membrane after filtration. By means of a sterile circular blade, paper punch, or any other suitable sterile device, cut a circular portion (approximately 17.5 millimeters in diameter) from the center of the filtering area. Transfer the cut center area to a sterile 38 by 200 millimeter (outside dimensions) test tube containing 90±10 milliliters of sterile Medium A. Incubate the tube for 7 days at 30°–32° C. Using sterile forceps, transfer the remaining outer portion of the membrane into a second similar tube containing 90±10 milliliters of medium E. Incubate the second tube for 7 days at 22°–25° C.

* * * * *

Interested persons may, within 30 days after publication hereof in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 6-62, 5600 Fishers Lane, Rockville, Md. 20852, written comments (preferably in quintuplicate) regarding this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: August 11, 1971.

H. E. SIMMONS,
Director, Bureau of Drugs.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 71-NW-13]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amendments to Part 71 of the Federal Aviation Regulations that would alter the descriptions of the Redmond, Oreg., control zone and transition area.

Interested persons may participate in the proposed rulemaking by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Operations, Procedures and Airspace Branch, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in light of comments received.

A public docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108.

The airspace requirements for Roberts Field, Redmond, Oreg., have been reviewed in accordance with criteria contained in U.S. Standard for Terminal Instrument Procedures (TERPs). The review revealed that the descriptions of the Redmond, Oreg., control zone and the Redmond, Oreg., transition area require alteration.

In consideration of the foregoing, the FAA proposes the following airspace action.

In § 71.171 (36 F.R. 2055) the description of the Redmond, Oreg., control zone is amended to read as follows:

REDMOND, OREG.

Within a 5-mile radius of Roberts Field, Redmond, Oreg. (latitude 44°15'10" N., longitude 121°08'55" W.), and within 1.5 miles each side of the Redmond VORTAC 269° and 089° radials extending from the 5-mile-radius zone to 1 mile west of the VORTAC.

In § 71.181 (36 F.R. 2140) the description of the Redmond, Oreg., transition area is amended, in part, as follows:

1. Beginning in the first line of the text, delete "* * * within 2 miles each side of the Redmond VORTAC 269° radial extending from 1 to 8 miles west of the VORTAC * * *" and substitute therefor "* * * within 2 miles each side of the Redmond VORTAC 281° radial extending from the VORTAC to 5 miles west of the VORTAC."

2. In the sixth line of the text, delete "* * * 2 miles each side of a 302° bearing from the Redmond RBN extending from the RBN to 8 miles northwest of the RBN; * * *" and substitute therefor "* * * 2 miles each side of a 302° bearing from the Roberts RBN extending from the RBN to 6 miles northwest of the RBN * * *".

3. Beginning in the 11th line of the text, delete all after "* * * Redmond VORTAC 302° radial * * *" and substitute therefor "* * * on the east by the west edge of V-25, on the south by a line 5 miles south of and parallel to the Redmond VORTAC 281° radial and on the west by an arc of a 19-mile-radius arc centered on the Redmond VORTAC."

This amendment reflects the name change of the Redmond RBN to Roberts RBN.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Seattle, Wash., on August 11, 1971.

C. B. WALK, JR.,
Director, Northwest Region.

[14 CFR Part 71]

[Airspace Docket No. 71-NW-14]

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71

of the Federal Aviation Regulations that would alter the description of the Medford, Oreg., transition area.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Operations, Procedures and Airspace Branch, Northwest Region, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

A public docket will be available for examination by interested persons in the office of the Regional Counsel, Northwest Region, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Wash. 98108.

A new instrument approach procedure is proposed for the Medford-Jackson County Airport utilizing the ILS localizer backcourse as final approach course. A review of the airspace requirements reveals that additional 700-foot transition area airspace would be required to provide controlled airspace protection for aircraft executing the proposed approach procedure while operating between 1,500 feet and 1,000 feet above the surface.

In consideration of the foregoing, the FAA proposes the following airspace action.

In § 71.181 (36 F.R. 2140) the description of the Medford, Oreg. transition area is amended as follows:

In line two of the text, delete all before "• • • that airspace extending upward • • •" and substitute therefor "That airspace extending upward from 700 feet above the surface within 2 miles each side of the Medford ILS localizer northwest course extending from 3 to 9 miles northwest of the OM and within 3.5 miles each side of the Medford ILS localizer southeast course extending from the OM to 24 miles southeast of the OM• • •".

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Seattle, Wash., on August 12, 1971.

J. H. TANNER,
Acting Director, Northwest Region.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 210]

[Releases Nos. 33-5177, 34-9264, 35-17215, IC-6645]

FORM AND CONTENT OF CERTAIN FINANCIAL STATEMENTS

Notice of Proposal To Amend Regulation S-X

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal to revise Articles 1 (17 CFR 210.1-01—210.1-02), 2 (17 CFR 210.2-01—210.2-05), 3 (17 CFR 210.3-01—210.3-20), 4 (17 CFR 210.4-01—210.4-14), 5 (17 CFR 210.5-01—210.5-04), 9 (17 CFR 210.9-01—210.9-05), 11 (17 CFR 210.11-01—210.11-02), and Rules 12-01 (17 CFR 210.12-01) to 16 (17 CFR 210.12-16) exclusive of 12-06A (17 CFR 210.12-06a), and to omit Rules 12-17 (17 CFR 210.12-17) and 12-32 (17 CFR 210.12-32), of Regulation S-X (17 CFR 210). The proposal, which would effect the first general revision of these sections of Regulation S-X since 1950, reflects changes in accounting and auditing terminology, procedures and practices that have occurred over the years. Changes are also proposed to clarify, simplify and strengthen the rules and instructions. Since a number of new rules and captions have been added and others have been omitted, combined, or relocated, many of the rules and captions have been renumbered. Revision of all other parts of the regulation for these general purposes is under consideration.

Attention is invited to some of the more significant changes proposed as follows:

A. Additional definitions as well as changes in definitions and terminology in Article 1 and other applicable parts of the rules.

B. A new Rule 2-06 pertaining to standards for reports by actuaries when accountants rely upon such reports in the examination of policy reserves and other actuarially determined amounts in financial statements of life insurance companies.

C. A new Rule 4-07 superseding Rules 4-09, 4-10, and 4-12 to provide simpler and more uniform requirements for the consolidation of financial statements of various kinds of financial subsidiaries with parent companies.

D. An expansion in the captions in Rule 5-03 relating to gross sales and revenues and related costs in recognition of the greater diversity of operations of many companies.

E. An adaptation of Items 5, 6, and 7 of Instructions as to Financial Statements of Form S-11 (17 CFR 239.18) for requirements for new Schedules XVII, XVIII, and XIX included in Rule 5-04 in order that the rule will specify all schedules required for financial statements of persons to which Article 5 applies. Appropriate revision of Form S-11 is being considered.

F. An expansion of Rule 9-03 to provide a complete format for income statements of bank holding companies within the rule.

G. A revision of Rule 9-05 to require that the financial statements and schedules of banks filed with the Commission conform generally with the forms prescribed under Regulation F (12 CFR 206.71) of the Board of Governors of the Federal Reserve System issued pursuant to section 12(i) of the Securities Exchange Act. The exemption from certification of bank financial statements previously provided in Rule 9-05(a) was removed by the Commission in Release No. 33-5172 (Accounting Series Release No. 121) (36 F.R. 13914) dated July 19, 1971 for financial statements for periods ending after November 30, 1971.

H. A revision of Rule 12-04 and the combining of Rule 12-17 with it under a new title, "Investments in, Equity in Earnings in, and Dividends Received from Affiliates and Other Persons," to eliminate some duplication of requirements. The revised Rule 12-04 has also been made applicable to bank holding companies in lieu of Rule 12-32, "Investments in Securities of Affiliates—Banks," which has been omitted.

I. An expansion of Rule 12-16, "Supplementary Income Statement Information," to include disclosure requirements regarding advertising and research and development costs in accordance with recommendations of the Commission's Disclosure Study Group.

These revisions are proposed to be made, as indicated below, pursuant to authority conferred on the Securities and Exchange Commission by the Securities Act of 1933, particularly sections 6, 7, 8, 10, and 19(a) thereof; the Securities Exchange Act of 1934, particularly Sections 12, 13, 15(d), and 23(a) thereof; the Public Utility Holding Company Act of 1935, particularly sections 5(b), 14 and 20(a) thereof; and the Investment Company Act of 1940, particularly sections 8, 30, 31(c), and 38(a) thereof.

All interested persons are invited to submit comments on the proposals in writing to the Office of Chief Accountant, Securities and Exchange Commission, Washington, D.C. 20549, on or before October 1, 1971. All such comments will be considered available for public inspection.

By the Commission, August 20, 1971.

[SEAL] THEODORE L. HUMES,
Associate Secretary.

APPLICATION OF THIS PART

§ 210.1-01 Application of Regulation S-X (17 CFR Part 210).

(a) This part (together with the Accounting Series Releases Part 211 of this chapter) states the requirements applicable to the form and content of all financial statements required to be filed as a part of—

(1) Registration statements under the Securities Act of 1933 (Part 239 of this chapter) except as otherwise specifically provided in the forms which are to be used for registration under this Act;

(2) Registration statements under Section 12 (Subpart C of Part 249 of this chapter) and annual or other reports under sections 13 and 15(d) (Subparts D and E of Part 249 of this chapter) of the Securities Exchange Act of 1934, except as otherwise specifically provided in the forms which are to be used for registration and reporting under these sections of this Act;

(3) Registration statements and annual reports filed under the Public Utility Holding Company Act of 1935 (Part 259 of this chapter) by public utility holding companies registered under such Act; and

(4) Registration statements and annual reports under the Investment Company Act of 1940 (Part 274 of this chapter).

(b) The term "financial statements" as used in this part shall be deemed to include all notes to the statements and all supporting schedules.

§ 210.1-02 Definitions of terms used in this part.

Unless the context otherwise requires, terms defined in the general rules and regulations or in the instructions to the applicable form, when used in this part, shall have the respective meanings given in such instructions or rules. In addition the following terms shall have the meanings indicated in this section unless the context otherwise requires.

(a) *Accountant's report (or certificate).* The term "accountant's report (or certificate)," when used in regard to financial statements, means a document in which an independent public or certified accountant indicates the scope of the audit (or examination) which he has made and expresses the opinion which he has formed.

(b) *Affiliate.* An "affiliate" of, or a person "affiliated" with, a specified person, is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified. A 50-percent-owned person is deemed to be an affiliate.

(c) *Amount.* The term "amount," when used in regard to securities, means the principal amount if relating to evidences of indebtedness, the number of shares if relating to shares, and the number of units if relating to any other kind of security.

(d) *Audit (or examination).* The term "audit (or examination)," when used in regard to financial statements, means an examination of the statements by an accountant in accordance with generally accepted auditing standards for the purpose of expressing an opinion thereon.

(e) *Bank holding company.* The term "bank holding company" means a person which owns, either directly or indirectly, securities of one or more banks for the purpose and with the effect of exercising control.

(f) *Certified.* The term "certified," when used in regard to financial statements, means examined and reported upon with an opinion expressed by an independent public or certified accountant.

(g) *Control.* The term "control" (including the terms "controlling," "controlled by," and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

(h) *Equity security.* The term "equity security" means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right.

(i) *Fifty-percent-owned person.* The term "50-percent-owned person" means a person approximately 50 percent of whose outstanding voting shares is owned by another person, either directly or indirectly, through one or more intermediaries.

(j) *Fiscal year.* The term "fiscal year" means the annual accounting period or, if no closing date has been adopted, the calendar year ending on December 31.

(k) *Insurance holding company.* The term "insurance holding company" means a person which owns, either directly or indirectly, securities of one or more insurance companies for the purpose and with the effect of exercising control.

(l) *Majority-owned subsidiary.* The term "majority-owned subsidiary" means a subsidiary more than 50 percent of whose outstanding voting shares is owned by its parent and/or the parent's other majority-owned subsidiaries.

(m) *Material.* The term "material," when used to qualify a requirement for the furnishing of information as to any subject, limits the information required to those matters about which an average prudent investor ought reasonably to be informed.

(n) *Parent.* A "parent" of a specified person is an affiliate controlling such person directly, or indirectly through one or more intermediaries.

(o) *Person.* The term "person" means an individual, a corporation, a partnership, an association, a joint-stock company, a business trust, or an unincorporated organization.

(p) *Principal holders of equity securities.* The term "principal holders of equity securities," used in respect of a registrant or other person named in a particular statement or report, means the holders of record or known beneficial owners of more than 10 percent of any class of equity securities of the registrant or other person, respectively, as of a specified date within 90 days prior to the date of filing the particular registration statement or report.

(q) *Registrant.* The term "registrant" means the issuer of the securities for which an application, a registration statement, or a report is filed.

(r) *Share.* The term "share" means a share of stock in a corporation or unit of interest in an unincorporated person.

(s) *Significant subsidiary.* The term "significant subsidiary" means (1) a subsidiary or (2) a subsidiary and its subsidiaries, which meets either of the conditions described below based on the most recent annual financial statements, including consolidated financial statements, of such subsidiary which would be required to be filed if such subsidiary were a registrant and the most recent annual consolidated financial statements being filed:

(i) The total assets (after intercompany eliminations) of the subsidiary, or the investments in and advances to the subsidiary by its parent and the parent's other subsidiaries, if any, exceed 10 percent of the total assets of the parent and the parent's subsidiaries.

(ii) The total sales and revenues (after intercompany eliminations) of the subsidiary exceed 10 percent of the total sales and revenues of its parent and the parent's subsidiaries.

(t) *Subsidiary.* A "subsidiary" of a specified person is an affiliate controlled by such person directly, or indirectly through one or more intermediaries.

(u) *Totally held subsidiary.* The "totally held subsidiary" means a subsidiary (1) substantially all of whose outstanding securities are owned by its parent and/or the parent's other totally held subsidiaries and (2) which is not

indebted to any person other than its parent and/or the parent's other totally held subsidiaries, in an amount which is material in relation to the particular subsidiary, excepting indebtedness incurred in the ordinary course of business which is not overdue and which matures within 1 year from the date of its creation, whether evidenced by securities or not. Indebtedness of a subsidiary which is secured by its parent and/or the parent's other totally held subsidiaries by guarantee, pledge, assignment or otherwise is to be excluded for purposes of (2) above.

(v) *Voting shares.* The term "voting shares" means the sum of all rights, other than as affected by events of default, entitled to vote for election of directors and/or the sum of all interests in an unincorporated person, as of the date of the balance sheet being filed.

(w) *Wholly owned subsidiary.* The term "wholly owned subsidiary" means a subsidiary substantially all of whose outstanding voting shares are owned by its parent and/or the parent's other wholly owned subsidiaries.

CERTIFICATION

§ 210.2–01 Qualifications of accountants.

(a) The Commission will not recognize any person as a certified public accountant who is not duly registered and in good standing as such under the laws of the place of his residence or principal office. The Commission will not recognize any person as a public accountant who is not in good standing and entitled to practice as such under the laws of the place of his residence or principal office.

(b) The Commission will not recognize any certified public accountant or public accountant as independent who is not in fact independent. For example, an accountant will be considered not independent with respect to any person or any of its parents, its subsidiaries, or subsidiaries of its parents (1) in which, during the period of his professional engagement or at the time of expressing his opinion, he or a member of his firm had, or was committed to acquire, any direct financial interest or any material indirect financial interest; or (2) with which, during the period of his professional engagement, at the time of expressing his opinion or during the period covered by the financial statements, he or a member of his firm was connected as a promoter, underwriter, voting trustee, director, officer, or employee.

(c) In determining whether an accountant may in fact be not independent with respect to a particular person, the Commission will give appropriate consideration to all relevant circumstances, including evidence bearing on all relationships between the accountant and that person or any affiliate thereof, and will not confine itself to the relationships existing in connection with the filing of reports with the Commission.

§ 210.2–02 Accountants' reports.

(a) *Technical requirements.* The accountant's report (1) shall be dated; (2) shall be signed manually; (3) shall indicate the city and State where issued; and (4) shall identify without detailed enumeration the financial statements covered by the report.

(b) *Representations as to the audit.* The accountant's report (1) shall state whether the audit was made in accordance with generally accepted auditing standards; and (2) shall designate any auditing procedures generally recognized as normal, or deemed necessary by the accountant under the circumstances of the particular case, which have been omitted, and the reasons for their omission.

Nothing in this section shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made for the purpose of expressing the opinions required by paragraph (c) of this section.

(c) *Opinions to be expressed.* The accountant's report shall state clearly: (1) the opinion of the accountant as to the fairness of the presentation in the financial statements; (2) the opinion of the accountant as to the accounting principles applied; (3) the opinion of the accountant as to the consistency of the application of the accounting principles, or as to any changes in such principles which have a material effect on the financial statements as required to be set forth in § 210.3–07(a); and (4) the opinion of the accountant as to any material differences between the accounting principles reflected in the financial statements and those reflected in the accounts after entry of adjustments for the period under review.

(d) *Exceptions.* Any matters to which the accountant takes exception shall be clearly identified, the exception thereto specifically and clearly stated, and, to the extent practicable, the effect of each such exception on the related financial statements given. (See Release No. AS–4.)

§ 210.2–03 Certification by foreign government auditors.

Notwithstanding any requirements as to certification by independent accountants, the financial statements of any foreign governmental agency may be certified by the regular and customary auditing staff of the respective government, if public financial statements of such governmental agency are customarily certified by such auditing staff.

§ 210.2–04 Examination of financial statements of persons other than the registrant.

If a registrant is required to file financial statements of any other person, such statements need not be examined if examination of such statements would not be required if such person were itself a registrant.

§ 210.2–05 Examination of financial statements by more than one accountant.

If, with respect to the examination of the financial statements of any person, the principal accountant relies on an audit made by another accountant of certain of the accounts of such person or its subsidiaries, the report of such other accountants shall be filed (and the provisions of sections 210.2–01 and 210.2–02 shall be applicable thereto); however, the report of such other accountant need not be filed (a) if no reference is made directly or indirectly to such other accountant's audit in the principal accountant's report, or (b) if, having referred to such other accountant's audit, the principal accountant states in his report that he assumes responsibility for such other accountant's audit in the same manner as if it had been made by him.

§ 210.2–06 Examination of policy reserves of life insurance companies by an actuary.

(a) If, with respect to the examination of policy reserves and other actuarially determined in the financial statements of a life insurance company, the accountant states that his opinion is based in part on the examination of an actuary, the report of such actuary shall be filed.

(b) The actuary's report shall state clearly: (1) The captions and amounts to which it relates; (2) whether the actuarial tests and procedures have been those considered necessary in the circumstances; and (3) that the amounts involved have been determined fairly in accordance with generally accepted actuarial methods applied on a consistent basis and are in compliance with statutory requirements.

(c) The actuary's report (1) shall be dated; (2) shall be signed manually; and (3) shall indicate the city and State where issued.

RULES OF GENERAL APPLICATION

§ 210.3–01 Form, order, and terminology.

(a) Financial statements may be filed in such form and order, and may use such generally accepted terminology, as will best indicate their significance and character in the light of the provisions applicable thereto.

(b) All money amounts required to be shown in financial statements may be expressed in whole dollars, in thousands of dollars or in hundred thousands of dollars, as appropriate; provided that, when stated in other than whole dollars, an indication to that effect is inserted immediately beneath the caption of the statement or schedule, or at the top of the money columns, or at an appropriate point in narrative material. The individual amounts shown need not be adjusted to the nearest dollar, or thousand or hundred thousands if in a note it is stated that the failure of the items to add to the totals shown is due to the dropping of amounts less than $1, $1,000, or $100,000, as appropriate.

(c) Negative amounts (red figures) shall be shown in brackets and so described in the related caption, columnar heading or a note to the statement or schedule, as appropriate.

§ 210.3–02 Items not material.

If the amount which would otherwise be required to be shown with respect to any item is not material, it need not be separately set forth (but see Release No. AS–41).

§ 210.3–03 Inapplicable captions and omission of unrequired or inapplicable financial statements.

(a) No caption need be shown in any financial statement as to which the items and conditions are not present.

(b) Financial statements not required or inapplicable because the required matter is not present need not be filed.

(c) Financial statements omitted and the reasons for their omissions shall be indicated in the list of financial statements required by the applicable form.

§ 210.3–04 Omission of substantially identical notes.

If a note covering substantially the same subject matter is required with respect to two or more financial statements relating to the same person, for which separate sets of notes are presented, the required information may be shown in a note to only one of such statements, provided that a clear and specific reference thereto is made in each of the other statements with respect to which the note is required.

§ 210.3–05 Omission of names of certain subsidiaries.

Notwithstanding the requirements as to particular statements, subsidiaries, the names of which are permitted to be omitted from the list of affiliates required by the applicable form, need not be named in any financial statement. Reasonable grouping of such subsidiaries may be made, with an explanatory group caption which shall state the number of subsidiaries included in the group.

§ 210.3–06 Additional information.

The information required with respect to any statement shall be furnished as a minimum requirement to which shall be added such further material information as is necessary to make the required statements, in the light of the circumstances under which they are made, not misleading. This section shall be applicable to all statements required to be filed, including copies of statements required to be filed in the first instance with other governmental agencies.

§ 210.3–07 Changes in accounting principles and practices and retroactive adjustments of accounts.

(a) Any change in an accounting principle or practice, or in the method of applying any accounting principle or practice, made during any period for which financial statements are being filed which materially affects comparability of such financial statements with those of prior periods, and the effect thereof upon the net income of the period in which such change is made and, if practicable, of the prior periods for which financial statements are filed, shall be disclosed in a note to the appropriate financial statement.

(b) Any material prior period adjustment made in income statements during any period for which financial statements are filed, and the effect thereof upon net income of prior periods shall be disclosed in a note to the appropriate financial statement; provided, however, that such disclosures need not be made (1) if they have been made in filings in prior years with the Commission, or (2) the financial statements which are being retroactively adjusted have not previously been filed with the Commission or otherwise made public.

§ 210.3–08 Summary of accounting principles and practices.

Information required in notes as to accounting principles and practices reflected in the financial statements shall be presented in the form of a single statement. In such case specific references shall be made in the appropriate financial statements to the applicable portion of such single statement.

§ 210.3–09 Translation of items in foreign currencies.

(a) The basis of translation of all items in foreign currencies shall be stated and the amount and disposition of the resulting unrealized profit or loss shown.

(b) When separate financial statements are furnished by a foreign person that is itself the registrant, they shall be stated in its local currency; and, when deemed appropriate, translation into U.S. currency shall be shown on a supplemental basis. If financial statements are shown separately for a foreign person that is a subsidiary not consolidated, a 50-percent-owned person, or a company acquired or to be acquired, the financial statements of the foreign person may be in U.S. currency only.

§ 210.3–10 Valuation and qualifying accounts.

Valuation and qualifying accounts shall be shown separately in the financial statements as deductions from the specific assets to which they apply.

§ 210.3–11 Basis of determining amounts—book value.

If an instruction requires a statement as to "the basis of determining the amount," the basis shall be stated specifically. The term "book value" will not be sufficiently explanatory unless, in a particular instruction, it is stated to be acceptable with respect to a particular item.

§ 210.3–12 Current assets.

Items other than cash or its equivalent classed as current assets shall be generally realizable within approximately 1 year. However, generally recognized trade practices may be followed with respect to the inclusion of items such as installment receivables or inventories long in process, provided an appropriate explanation of the circumstances is made and, if practicable, an estimate is given of the amount not realizable within 1 year. The captions specified under §§ 210.3–12 and 210.3–13 may not be necessary for persons which do not normally distinguish current assets and liabilities from noncurrent.

§ 210.3–13 Current liabilities.

Items due and payable or expected to be paid within approximately 1 year shall in general be classed as current liabilities. However, generally recognized trade practices may be followed with respect to the exclusion of items such as customers' deposits and deferred income, provided an appropriate explanation of the circumstances is made. (See also Release No. AS–102.)

§ 210.3–14 Reacquired evidences of indebtedness.

Reacquired evidences of indebtedness shall be deducted from the appropriate liability caption. However, reacquired evidences of indebtedness held for pension and other special funds not related to the particular issues may be shown as assets of such funds, provided that there be stated parenthetically the amount of such evidences of indebtedness, the cost thereof, and the amount at which stated.

§ 210.3–15 Reacquired shares.

Reacquired shares not retired shall be shown separately as a deduction from capital shares, or from the total of capital shares and additional capital, or from additional capital, at either par or stated value, or cost, as circumstances require.

§ 210.3–16 Discount on capital shares.

Discount on capital shares, or any unamortized balance thereof, shall be shown separately as a deduction from capital shares or from additional capital as circumstances require.

§ 210.3–17 General notes to financial statements.

If present in regard to the person for which the financial statements are filed, the following shall be set forth on the face of the appropriate statement or in notes referred to in such statement. The information shall be provided for each statement required to be filed. When specific statements are presented separately the pertinent notes shall be attached unless cross-referencing is appropriate. (See Release No. AS–4.)

(a) *Principles of consolidation or combination.* When consolidated or combined financial statements are presented, there shall be stated a brief description of the principles followed in consolidating or combining the separate financial statements, including the principles followed in determining the inclusion or exclusion of (1) subsidiaries in consolidated financial statements, and (2) companies in combined financial statements.

(b) *Principles of translation of financial statements in foreign currencies.* When financial statements of foreign persons are included in the consolidated or combined financial statements being presented, there shall be stated a brief description of the principles followed in translating the local currency statements into U.S. currency statements.

(c) *Assets subject to lien.* The amounts of assets mortgaged, pledged, or otherwise subject to lien shall be designated and the obligations secured shall be briefly identified.

(d) *Intercompany profits and losses.* The amount of and the effect upon any balance sheet item of profits or losses resulting from transactions with affiliated companies and not eliminated shall be stated. If impracticable of accurate determination, without unreasonable effort or expense, give an estimate or explain.

(e) *Defaults.* The facts and amounts concerning any existing default in principal, interests, sinking fund, or redemption provisions with respect to any issue of securities or credit agreements, or any existing breach of covenant of a related indenture or agreement, shall be stated. Notation of such default or breach of covenant shall be made in the balance sheet and the entire obligations to which the default or breach relates shall be classified as a current liability if said default or breach accelerates the maturity of the obligation and makes it current under the terms of the related indenture or agreement. If a default or breach exists for which acceleration of the obligation is waived for a stated period of time, state the amount of the obligation and the period of the waiver.

(f) *Preferred shares.* (1) If callable, the date or dates and the amount per share at which such shares are callable shall be stated. If convertible, the terms of conversion shall be stated.

(2) Arrears in cumulative dividends per share and in total for each class of shares will be stated.

(3) Aggregate preferences on involuntary liquidation, if other than the par or stated value, shall be shown parenthetically in the equity section of the balance sheet. When the excess involved is material there shall be shown (i) the difference between the aggregate preference on involuntary liquidation and the aggregate par or stated value; (ii) a statement that this difference, plus any arrears in dividends, exceeds the sum of the par or stated value of the junior capital shares and additional capital, if such is the case; and (iii) a statement as to the existence of any restrictions upon retained earnings growing out of the fact that upon involuntary liquidation the preference of the preferred shares exceeds its par or stated value.

(g) *Pension and retirement plans.* (1) A brief description of the essential provisions of any employee pension or retirement plan and of the accounting and funding policies related thereto shall be given.

(2) The estimated cost of the plan for each period presented shall be stated.

(3) If a plan has not been funded or otherwise provided for, the estimated amount that would be necessary to fund or otherwise provide for the past service cost of the plan shall be disclosed.

(4) The excess, if any, of the actuarially computed value of vested benefits over the total of the pension fund and any balance sheet pension accruals shall be given.

(5) A statement of the nature and effect of significant matters affecting comparability for all periods presented shall be given.

(h) *Restrictions which limit the availability of retained earnings for dividend purposes.* Describe the most restrictive of any such restrictions, other than as reported in (f) above, indicating briefly its source, its pertinent provisions, and, where appropriate and determinable, the amount and the source of retained earnings (i) so restricted, or (ii) free of such restrictions. (See Release No. AS–35).

(i) *Commitments and contingent liabilities.* (1) If material in amount the pertinent facts relative to firm commitments for the acquisition of permanent investments and fixed assets and for the purchase, repurchase, construction, or rental of assets under material leases shall be disclosed.

(2) Where the annual rentals or obligations under noncapitalized leases are in excess of 1 percent of total annual sales and revenues, there shall be shown (i) the minimum annual rentals for the current and each of the 5 succeeding years; (ii) the nature and effect of any provisions that would cause the annual rentals to vary from the minimum rentals; and (iii) a description of the types of property leased, any important obligations assumed or guarantees made, and any other significant provisions of such leases.

(3) A brief statement as to contingent liabilities not reflected in the balance sheet shall be made. In the case of guarantees of securities of other issuers, periodic reports shall include a reference to Schedule XI and reports which do not include that schedule shall briefly describe such guarantees; where only consolidated financial statements are presented, such information shall relate solely to guarantees of securities of companies not included in the consolidation.

(j) *Bonus, profit sharing, or other similar plans.* Describe the essential provisions of any such plans in which a significant number of directors, officers, or key employees participate, and state the amounts provided under all plans by charges to expense in each of the fiscal periods for which income statements are required to be filed.

(k) *Significant changes in bonds, mortgages, and similar debt.* Any significant changes in the authorized or issued amounts of bonds, mortgages, and similar debt since the date of the latest balance sheet filed for a particular person or group shall be stated.

(l) *Installment or deferred sales.* If sales are made on a deferred basis, such as installment sales or sales of equipment long in process of manufacture, or if sales or revenues are otherwise subject to alternative methods of revenue recognition, the method and its effect on earned income shall be stated.

(m) *Depreciation, depletion, obsolescence, and amortization.* State the policy followed with respect to—

(1) The provision for depreciation, depletion, amortization, and obsolescence of physical properties and capitalized leases, including the methods and, if practicable, the rates used in computing the annual amounts;

(2) The provision for depreciation and amortization of intangible assets or the lack of such provision, including the methods and, if practicable, the rates used in computing the annual amounts;

(3) The accounting treatment for maintenance, repairs, renewals, and betterments; and

(4) The adjustment of accumulated depreciation, depletion, obsolescence, and amortization at the time the properties are retired or otherwise disposed of, including the disposition made of any profit or loss on sale of such properties.

(n) *Capital stock optioned, sold or offered for sale to officers, directors, and key employees.* (1) A brief description of the terms of each option arrangement shall be given, including (i) the title and amount of securities subject to option; (ii) the year or years during which the options were granted; and (iii) the year or years during which the optionees became, or will become, entitled to exercise the options.

(2) State (i) the number of shares under option at the balance sheet date, and the option price and the fair value thereof, per share and in total, at the dates the options were granted; (ii) the number of shares with respect to which options became exercisable during each period, and the option price and the fair value thereof, per share and in total, at the dates the options became exercisable; (iii) the number of shares with respect to which options were exercised during each period, and the option price and the fair value thereof, per share and in total, at the dates the options were exercised; and (iv) the number of unoptioned shares available at the beginning and at the close of the period for granting of options under an option plan.

(3) A brief description of the terms of each other arrangement for any shares sold or offered for sale to officers, directors and key employees shall be given, including the number of shares, and the price and the fair value thereof, per share and in total, at the dates of sale or offer to sell, as appropriate.

(4) The required information should be summarized and tabulated, as appropriate, with respect to all option plans as a group and other plans for shares sold or offered for sale as a group.

(5) State the basis of accounting for such arrangements and the amount of charges, if any, reflected in income with respect thereto.

CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

§ 210.4–01 Application of §§ 210.4–01 to 210.4–09.

Sections 210.4–01 to 210.4–09 shall govern the presentation of consolidated and combined financial statements.

§ 210.4–02 Consolidated financial statements of the registrant and its subsidiaries.

The registrant shall follow in the consolidated financial statements principles of inclusion or exclusion which will clearly exhibit the financial conditions and results of operations of the registrant and its subsidiaries: *Provided, however,* That—

(a) The registrant shall not consolidate any subsidiary which is not majority owned;

(b) If the financial statements of a subsidiary are as of a date or for periods different from those of the registrant, such subsidiary may be consolidated only if all the following conditions are met: (1) Such difference is not more than 93 days; (2) the closing date of the subsidiary is expressly indicated; (3) the necessity for the use of different closing dates is briefly explained; and (4) any changes in the respective fiscal periods of the registrant and the subsidiary made during the period of report are clearly indicated, together with the manner of treatment.

(c) Notwithstanding the 93-day requirement specified in (b) above, in connection with the retroactive combination of the operating results of entities following a "pooling of interests," the income statements of the constituents may be combined even if their respective fiscal periods do not end within 93 days. Disclosure of the periods involved and the treatment of interim periods shall be made.

(d) *Consolidation of foreign subsidiaries.* Due consideration shall be given to the propriety of consolidating with domestic corporations foreign subsidiaries whose operations are effected in terms of restricted foreign currencies or are affected by political and economic conditions prevailing outside the country of domicile of the parent company. If consolidated, disclosure should be made as to the effect, insofar as this can reasonably be determined, of foreign exchange restrictions upon the consolidated financial position and operating results of the registrant and its subsidiaries.

§ 210.4–03 Group financial statements of subsidiaries not consolidated, 50-percent-owned persons and other persons.

There may be filed financial statements in which majority-owned subsidiaries not consolidated with the parent are consolidated in one or more groups, and 50-percent-owned persons and other persons accounted for on the equity basis may be combined in one or more groups pursuant to principles of inclusion or exclusion which will clearly exhibit the financial condition and results of operations of the group or groups.

§ 210.4–04 Statement as to principles of consolidation or combination followed.

(a) A brief description of the principles followed in consolidating or combining the separate financial statements, including the principles followed in determining the inclusion or exclusion of (1) subsidiaries in consolidated financial statements, and (2) companies in combined financial statements, shall be stated in the notes to the respective financial statements.

(b) As to each consolidated financial statement and as to each combined financial statement, if there has been a change in the persons included or excluded in the corresponding statement for the preceding fiscal period filed with the Commission, the persons included and the persons excluded shall be disclosed.

§ 210.4–05 Reconciliation of investment of parent in subsidiaries, 50-percent-owned persons and other persons, and equity of parent in their net assets.

(a) *Consolidated subsidiaries.* There shall be set forth in a note to each consolidated balance sheet filed a statement of any difference between the investment in subsidiaries consolidated, as shown by the parent's books, and the parent's equity in the net assets of such subsidiaries, as shown by the books of the latter. If any such difference exists, there shall be set forth the amount of the difference and the disposition made thereof in preparing the consolidated statements, naming the balance sheet captions and stating the amount included in each.

(b) *Subsidiaries not consolidated, 50-percent-owned persons and other persons.* A statement shall be made of the amount of any difference between the investment of the parent and its consolidated subsidiaries, as shown in the consolidated balance sheet in the unconsolidated subsidiaries, 50-percent-owned persons and other persons accounted for on the equity basis for which statements are filed and the equity of such persons in the net assets of such unconsolidated subsidiaries, and 50-percent-owned persons and other persons as shown in their financial statements.

In addition, the portion of the sum of, or difference between, current earnings or losses and the dividends declared or paid by the unconsolidated subsidiaries, 50-percent-owned persons and other persons required to be included in the schedule prescribed by § 210.12–04 that is applicable to the parent and its consolidated subsidiaries shall be set forth in a note to each consolidated income statement.

§ 210.4–06 Intercompany items and transactions.

In general, there shall be eliminated intercompany items and transactions between persons for which consolidated financial statements are being filed, and intercompany transactions, as appropriate, between persons for which financial statements are being filed and persons the investment in which is presented in such statements on the equity basis. If they are not eliminated, a statement of the reasons and the methods of treatment shall be made.

§ 210.4–07 Consolidation of financial statements of a registrant and its subsidiaries engaged in diverse financial activities.

(a) If the registrant and its subsidiaries are engaged primarily in diverse financial activities (e.g., banking, insurance, finance, and savings and loan subsidiaries), consolidated financial statements may be filed; provided that the operations of each significant financial group are disclosed separately by inclusion of individual or group audited financial statements for the significant constituent subsidiaries.

(b) If the registrant and its subsidiaries have significant manufacturing or merchandising operations as well as diverse financial activities as described in paragraph (a) of this section, the financial subsidiaries shall not be consolidated with the manufacturing or merchandising operations.

§ 210.4–08 Special requirements as to public utility holding companies.

There shall be shown in the consolidated balance sheet of a public utility holding company the difference between the amount at which the parent's investment is carried and the underlying book equity of subsidiaries as at the respective dates of acquisition.

§ 210.4–09 Special requirements as to commercial, industrial and mining companies in the promotional, exploratory or development stage subject, §§ 210.5a–01 to 210.5a–07.

The financial statements required by §§ 210.5a–01 to 210.5a–07 shall not be prepared on a consolidated basis but shall, insofar as practicable, be prepared so as to show the information for the registrant and each of its subsidiaries in parallel columns.

COMMERCIAL AND INDUSTRIAL COMPANIES

§ 210.5–01 Application of §§ 210.5–01 to 210.5–04.

(a) Sections 210.5–01 to 210.5–04 shall be applicable to financial statements filed for all persons except—

(1) Commercial, industrial, and mining companies in the promotional, exploratory, or development stage (see §§ 210.5a–01 to 210.5a–07).

(2) Management investment companies (see §§ 210.6–01 to 210.6–10).

(3) Unit investment trusts (see §§ 210.–610a to 210.6–13).

(4) Face-amount certificate investment companies (see §§ 210.6–20 to 210.–6–24).

(5) Employee stock purchase, savings and similar plans (see §§ 210.6–30 to 210.6–34).

(6) Insurance companies other than title insurance companies (see §§ 210.7–01 to 210.7–06 and §§ 210.7a–01 to 210.7a–06).

(7) Committees issuing certificates of deposit (see §§ 210.8–01 to 210.8–03).

(8) Banks (see § 210.9–05).

(9) Brokers and dealers (see § 240.–17a–5 of this chapter and Form X–17A–5 § 249.617 under the Securities Exchange Act of 1934).

(b) *Bank holding companies.* Financial statements and schedules filed for bank holding companies shall be prepared in accordance with this article §§ 210.5–01 to 210.5–04 except §§ 210.9–01

to 210.9–04, inclusive, shall be applicable thereto.

§ 210.5–02 Balance sheets.

Except as otherwise permitted by the Commission, the balance sheets filed for persons to whom this article is applicable shall comply with the following provisions (see Release No. AS–41):

ASSETS AND OTHER DEBITS

CURRENT ASSETS, WHEN APPROPRIATE

(See § 210.3–12)

1. *Cash and cash items.* State separately (a) cash on hand and demand deposits; (b) funds subject to repayment on call or immediately after the date of the balance sheet required to be filed; and (c) time deposits and other funds subject to withdrawal or usage restrictions. Such repayment provisions and withdrawal or usage restrictions shall be described parenthetically or otherwise. Funds subject to withdrawal restrictions shall not be included under this caption unless they will become available within 1 year.

2. *Marketable securities.* Include only securities having a ready market and which are reasonably expected to be sold within the current operating cycle or 1 year if longer. Securities of affiliates shall not be included here. State the basis of determining the amount at which carried. The aggregate cost, and the aggregate amount on the basis of current market quotations, shall be stated parenthetically or otherwise. When the original cost of securities purchased on a yield basis has been properly adjusted to reflect amortization of premium or accumulation of discount since acquisition, the basis of the securities may be described "at cost."

3. *Accounts and notes receivable.* (a) State separately amounts receivable from (1) customers (trade); (2) parents and subsidiaries; (3) affiliates other than parents and subsidiaries; (4) underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates; and (5) others. Exclude from (4) amounts for purchases by such persons subject to usual trade terms, for ordinary travel and expense advances and for other such items arising in the ordinary course of business. With respect to (2) and (3), state separately in the registrant's balance sheet the amounts which in the related consolidated balance sheet are (i) eliminated and (ii) not eliminated.

(b) If receivables maturing after 1 year are included here under a longer current operating cycle (see § 210.3–12), state in a note to the financial statements the amount thereof and, if practicable, the amounts maturing in each year. Interest rates on major receivable items, or classes of receivables, shall be set forth.

(c) Indebtedness of a parent, a subsidiary or an affiliate designated under (a)(2) and (a)(3) above shall not be considered as current unless the net current asset position of such person justifies such treatment.

(d) If the aggregate amount of notes receivable exceeds 10 percent of the aggregate amount of receivables, the above information shall be set forth separately for accounts receivable and notes receivable.

4. *Allowances for doubtful accounts and notes receivable (trade).* Accounts and notes receivable known to be uncollectible shall be excluded from the assets as well as from the allowance accounts.

5. *Unearned income.* Unearned discounts, finance charges and interest included in receivables shall be shown separately and deducted from the applicable receivable caption.

6. *Inventories.* (a) State separately here, or in a note referred to herein, if practicable, the major classes of inventory such as (1) finished goods; (2) work in process; (3) raw materials; and (4) supplies.

(b) The basis of determining the amounts shall be stated. If a basis such as "cost," "market," or "cost or market whichever is lower" is given, there shall also be given, to the extent practicable, a general indication of the method of determining the "cost"; e.g., "average cost," "first-in, first-out," "last-in, first-out," or the method of determining "market" if other than replacement or current cost. If the LIFO method is used, the excess of replacement or current cost over stated LIFO value shall be stated parenthetically or in a note to the financial statements, if material.

7. *Other current assets.* (a) State separately any amounts in excess of 5 percent of total current assets, indicating any such amounts receivable from affiliates. The remaining items may be shown in one amount.

8. *Prepaid expenses and deferred charges* (see caption 19 of § 210.5–02).

9. *Total current assets, when appropriate.*

INVESTMENTS

10. *Securities of affiliates.* State the basis of determining the amount. State separately in the registrant's balance sheet the amounts which in the related consolidated balance sheet are (a) eliminated and (b) not eliminated.

11. *Indebtedness of affiliates—not current.* State separately in the registrant's balance sheet the indebtedness which in the related consolidated balance sheet is (a) eliminated and (b) not eliminated.

12. *Other security investments.* State the basis of determining the amount at which shown in the balance sheet and, if available, state parenthetically or otherwise, the aggregate amount on the basis of market quotations at the balance sheet date.

13. *Other investments.* State separately, by class of investments, any items in excess of 5 percent of the amount of total assets.

OTHER ASSETS

14. *Other assets.* State separately (a) noncurrent receivables from persons specified in caption 3, detailed as required therein when appropriate; (b) each pension or other special fund; and (c) any other item in excess of 5 percent of the amount of total assets.

PROPERTY

15. *Property, plant and equipment.* (a) State separately here, or in a note referred to herein, if practicable, each major class, such as land, buildings, machinery and equipment, leaseholds, or functional grouping such as revenue producing equipment or industry categories, and the basis of determining the amounts; i.e., purchase cost, production cost, production cost plus manufacturing profit, etc.

(b) Tangible and intangible utility plant of a public utility company shall be segregated so as to show separately the original cost, plant acquisition adjustments, and plan adjustments, as required by the system of accounts prescribed by the applicable regulatory authorities. This subparagraph shall not be applicable in respect of companies which are not otherwise required to make such a classification or have not completed the necessary original cost studies. If such classification is not otherwise required or if such original cost studies have not been completed, an appropriate explanation of the circumstances shall be set forth in a note which shall include a specific statement as to the status of the original cost studies and, to the extent practicable, the results indicated thereby.

16. *Accumulated depreciation, depletion and amortization of property, plant and equipment.*

17. *Intangible assets.* State separately each major class, such as goodwill, franchises, patents or trade marks, and the basis of determining the amounts.

18. *Accumulated depreciation and amortization of intangible assets.*

DEFERRED CHARGES

19. *Prepaid expenses and deferred charges.* State separately any material items. Items properly classed as current may, however, be included under caption 8.

20. *Deferred development costs, preoperating expenses and similar deferrals.* State separately each major class and, in a note referred to herein, the policy for deferral of the amounts.

21. *Deferred organization expense.* State, in a note referred to herein, the method and the amount of amortization for the most recent fiscal year.

22. *Deferred debt expense.* State, in a note referred to herein, the method and the amount of amortization for the most recent fiscal year.

23. *Deferred commissions and expense on capital shares.* State, in a note referred to herein, the method and the amount of amortization for the most recent fiscal year. These items may be shown as deductions from additional capital.

24. *Total assets and, when appropriate, other debits.*

LIABILITIES, RESERVES AND STOCKHOLDERS' EQUITY

CURRENT LIABILITIES, WHEN APPROPRIATE

(See § 210.3–13 and Release No. AS–102)

25. *Accounts and notes payable.* (a) State separately amounts payable to (1) banks, for borrowings; (2) trade creditors; (3) parents and subsidiaries; (4) affiliates other than parents and subsidiaries; (5) underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates; and (6) others. Exclude from (5) amounts for purchases from such persons subject to usual trade terms, for ordinary travel expenses, and for other such items arising in the ordinary course of business. With respect to (3) and (4), state separately in the registrant's balance sheet the amounts which in the related consolidated balance sheet are (i) eliminated and (ii) not eliminated.

(b) If the aggregate amount of notes payable exceeds 10 percent of the aggregate amount of payables, the above information shall be set forth separately for accounts payable and notes payable.

26. *Accrued liabilities.* State separately (a) payrolls; (b) taxes, including current portion of deferred income taxes; (c) interest; and (d) any other material items, indicating any liabilities to affiliates.

27. *Other current liabilities.* State separately (a) dividends declared; (b) current portion of bonds, mortgages and similar debt; and (c) any other item in excess of 5 percent of total current liabilities, indicating any such liability to affiliates. Remaining items may be shown in one amount.

28. *Total current liabilities, when appropriate.*

LONG-TERM DEBT

29. *Bonds, mortgages and similar debt.* State separately here, or in a note referred to herein, each issue or type of obligation and such information as will indicate (see § 210.3–14): (a) the general character of each type of debt including the rate of interest; (b) the date of maturity, or if maturing serially, a brief indication of the serial maturities, such as "maturing serially from 1980 to 1990"; (c) if the payment of principal or interest is contingent, an appropriate indication of such contingency; (d) a brief indication of priority; (e) if convertible, the basis; and (f) the combined aggregate amount of maturities and sinking fund requirements for all issues, each year for the 5 years following the date of the balance sheet. For amounts owed to affiliates, state separately in the registrant's balance sheet the amounts which in the related consolidated balance sheet are (1) eliminated and (2) not eliminated.

30. *Unamortized debt discount.* The amount applicable to a specific debt issue under captions 29, 31, 32, and 33 of § 210.5–02 shall be shown separately as a deduction from the face amount of the particular issue.

31. *Indebtedness to affiliates—not current.* State separately in the registrant's balance sheet the indebtedness which in the related consolidated balance sheet is (a) eliminated and (b) not eliminated.

32. *Other long-term debt.* Include under this caption all amounts of long-term debt not provided for under captions 29 and 31 above. State separately amounts payable to (a) banks; (b) underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates; and (c) others, specifying any material item. Indicate the extent that the debt is secured. Show here, or in a note referred to herein, the information required under caption 29.

OTHER LIABILITIES

33. *Other liabilities.* State separately (a) noncurrent payables from persons specified in caption 25, detailed as required therein when appropriate; and (b) any amount in excess of 5 percent of the total of liabilities other than long-term debt.

34. *Commitments and contingent liabilities.* (See § 210.3–17(1).)

DEFERRED CREDITS

35. *Deferred credits.* State separately amounts for (a) deferred income taxes, (b) deferred tax credits, and (c) material items of deferred income. The current portion of deferred income taxes shall be included under caption 24 (see Release No. AS–102).

RESERVES

36. *Reserves.* State separately each major class and indicate clearly its purpose.

37. *Minority interests in consolidated subsidiaries.*

STOCKHOLDERS' EQUITY

(See § 210.3–01(a) of this chapter)

38. *Capital shares.* State for each class of shares the title of issue, the number of shares authorized, the number of shares issued or outstanding, as appropriate (see §§ 210.3–15 and 210.3–16), and the dollar amount thereof, and, if convertible, the basis of conversion. Show also the dollar amount, if any, of capital shares subscribed but unissued, and show the deduction of subscriptions receivable therefrom. Show here, or in a note or statement referred to herein, the changes in each class of capital shares during the period.

39. *Additional capital.* (a) Separate captions shall be shown for (1) paid-in additional capital, (2) other additional capital and (3) retained earnings (i) appropriated and (ii) unappropriated. State, parenthetically or in a note to the financial statements, the amount of retained earnings which has been capitalized by transfers to other capital accounts.

(b) If undistributed earnings of subsidiaries, 50-percent-owned persons or other persons are included, state the amount thereof separately or parenthetically.

(c) For a period of at least 10 years subsequent to the effective date of a quasi-reorganization any description of retained earnings shall indicate the point of time from which the new retained earnings dates and for a period of at least 3 years shall indicate the total amount of the deficit eliminated.

(d) An analysis of each additional capital account setting forth the information prescribed in section 210.11–02 shall be given for each period for which an income statement or summary of operations is filed.

§ 210.5–03 Income statements.

Except as otherwise permitted by the Commission, the income statements filed for persons to whom this article is applicable shall comply with the provisions of this rule.

(a) All items of profit and loss given recognition in the accounts during each period covered by the income statements, except prior period adjustments, shall be included in the income statement for each such period (see § 210.3–07).

(b) Only items entering into the determination of net income or loss may be included.

(c) If income is derived from sales of tangible products (caption 1A below) and/or operating revenues of public utilities (caption 1B below) and/or other revenues (caption 1C below), each class which is not more than 10 percent of the sum of the items may be combined with another class. If these items are combined, the cost of tangible goods sold (caption 2A below), operating expenses of public utilities (caption 2B below), and costs and expenses applicable to other revenues (caption 2C below) may be combined in the same manner: *Provided*, That a statement is made in a note that the conditions requiring such subdivision are not present.

1A. *Net sales of tangible products (gross sales less discounts, returns and allowances).* State separately, if practicable, (a) sales to affiliates, including 50-percent-owned persons, and (b) sales to others. If the total of sales and revenues under captions 1A, 1B and 1C includes excise taxes in an amount equal to 10 percent or more of such total, the amount of such excise taxes shall also be stated separately.

2A. *Cost of tangible goods sold.* (a) State the amount of cost of tangible goods sold as regularly computed under the system of accounting followed. State separately here or in a note referred to herein, if practicable, (a) purchases from affiliates, including 50-percent-owned persons, and (b) purchases from others. Indicate the amount of opening and closing inventories and state the basis of determining such amounts.

(b) Merchandising organizations, both wholesale and retail, may include occupancy and buying costs under this caption. However, publicity costs shall be included under caption 4 below or shown separately.

1B. *Operating revenues of public utilities.* State separately, if practicable, revenues from (a) affiliates, including 50-percent-owned persons, and (b) others. A public utility company using a uniform system of accounts or a form for annual report prescribed by Federal or State authorities, or a similar system or report, shall follow the general segregation of revenues prescribed by such system or report.

2B. *Operating expenses of public utilities.* State separately, if practicable, purchases from and services rendered by (a) affiliates, including 50-percent-owned persons, and (b) others. A public utility company using a uniform system of accounts or a form for annual report prescribed by Federal or State authorities, or a similar system or report, shall follow the general segregation of operating expenses prescribed by such system or report.

1C. *Other revenues (such as royalties, rents, and the sales of services and intangible products, e.g., engineering and research and development).* State separately, if practicable, revenues from and sales to (a) affiliates, including 50-percent-owned persons, and (b) others.

2C. *Costs and expenses applicable to other revenues (caption 1C).* State the amount of costs and expenses applicable to other revenues as regularly computed under the system of accounting followed. State separately here or in a note referred to herein, if practicable, purchases from and services rendered to (a) affiliates, including 50-percent-owned persons, and (b) others.

3. *Other operating costs and expenses.* State separately and describe any material amounts not included in caption 2A, 2B, or 2C above.

4. *Selling, general and administrative expenses.* State separately and describe any material amount.

5. *Provision for doubtful accounts and notes.*

6. *Other general expenses.* Include items not normally included in caption 4 above. State separately and describe any material amount.

OTHER INCOME

7. *Dividends.* State separately, if practicable, the amount of dividends from (a) securities of affiliates, including 50-percent-owned persons, (b) marketable securities, and (c) other securities. Exclude dividends from investments which are accounted for by the equity method.

8. *Interest on securities.* State separately, if practicable, the amount of interest from (a) securities of affiliates, including 50-percent-owned persons, (b) marketable securities, and (c) other securities. Exclude interest on securities of companies the investments in which are accounted for by the equity method.

9. *Profits on securities.* Profits shall be stated net of losses. No profits on the person's own securities, or profits of its affiliates on their own securities, shall be included under this caption. State here or in a note herein referred to the method followed in determining the cost of securities sold, e.g., "average cost," "first-in, first-out," or "identified certificate." Consideration should be given to reporting such transactions under caption 19, when appropriate.

10. *Miscellaneous other income.* State separately any material amounts, indicating clearly the nature of the transactions out of which the items arose. Miscellaneous other income may be stated net of miscellaneous income deductions, provided that a statement is made disclosing the amount of the offset.

INCOME DEDUCTIONS

11. *Interest and debt discount and expense.* State separately (a) interest on bonds, mortgages and similar debt, (b) amortization of debt discount and expense or premium, and (c) other interest.

12. *Losses on securities.* Losses shall be stated net of profits. No losses on the person's own securities, or losses of its affiliates on their own securities, shall be included under this caption. State here or in a note herein referred to the method followed in determining the cost of securities sold, e.g.,

"average cost," "first-in, first-out," or "identified certificate." Consideration should be given to reporting such transactions under caption 19, when appropriate.

13. *Miscellaneous income deductions.* State separately any material amounts, indicating clearly the nature of the transactions out of which the items arose. Miscellaneous income deductions may be stated net of miscellaneous other income, provided that a statement is made disclosing the amount of the offset.

14. *Income or loss before provision for taxes on income and appropriate items below.*

15. *Income tax expense.* State separately (a) Federal taxes on income currently payable; (b) related net tax effects, as appropriate, of (1) timing differences, (2) deferred investment tax credits, and (3) operating losses; and (c) other taxes based solely on income, including foreign. State and local taxes and the related net tax-effects, as appropriate, of timing differences and operating losses. Taxes on earnings of affiliates shall be included in timing differences.

16. *Minority interest in income of consolidated subsidiaries.*

17. *Equity in earnings of unconsolidated subsidiaries, 50-percent-owned persons and other persons.* State separately amounts which are material in relation to caption 19. State parenthetically, or in a note referred to herein, the amount of dividends and interest received from such persons.

18. *Income or loss before extraordinary items.*

19. *Extraordinary items, less applicable tax.* State separately and describe any material items and disclose parenthetically or otherwise the tax applicable to each.

20. *Net income or loss.* See § 210.5–02 (caption 39(d)).

21. *Earnings per share data.* Refer to the pertinent requirements in the appropriate filing form.

§ 210.5–04 What schedules are to be filed.

(a) Except as expressly provided otherwise in applicable form—

(1) The schedules specified below in this section as Schedules I, IX, XI, XIII, XIV, XV, and XIX shall be filed as of the date of the most recent balance sheet being filed for each person or group, provided that any such schedule (other than Schedules I, XIII, and XIX) may be omitted if all the following conditions exist:

(i) The financial statements are being filed as part of an annual or other periodic report; and

(ii) The information that would be shown in the respective columns of such schedule would reflect no changes as to any issue of securities of the registrant or any significant subsidiary in excess of 5 percent of the outstanding securities of such issue as shown in the most recently filed annual report containing such schedule.

(iii) Schedule XIII, Capital Shares, may also be omitted if the two above conditions exist and any information required by column G of the schedule is shown in the related balance sheet or in a note thereto.

(2) All other schedules specified below in this rule as Schedules II, III, IV, V, VI, VII, VIII, X, XII, XVI, XVII, and XVIII shall be filed for each period for which an income statement is required to be filed for each person or group.

(b) The information required in schedules for the registrant and for the registrant and its subsidiaries consolidated may be presented in the form of a single schedule, provided that items pertaining to the registrant are separately shown and that such single schedule affords a properly summarized presentation of the facts.

(c) Reference to the schedules shall be made against the appropriate captions of the financial statements. Where, pursuant to the applicable instructions, the supporting schedules do not accompany the financial statements, references to such schedules shall not be made.

(d) The schedules shall be examined by the independent accountant if the related financial statements are so examined. If the information required by any schedule (including the notes thereto) may be shown in the related financial statement or in a note thereto without making such statement unclear or confusing, that procedure may be followed and the schedule omitted.

Schedule I—Marketable Securities—other security investments. The schedule prescribed by § 210.12–02 shall be filed—

(1) In support of caption 2 of a balance sheet, if the greater of the aggregate amount of marketable securities on the basis of market quotations as of the balance sheet date or the amount at which shown in such balance sheet constitutes 10 percent or more of total assets.

(2) In support of caption 12 of a balance sheet, if the amount at which other security investments is shown in such balance sheet constitutes 10 percent or more of total assets.

(3) In support of captions 2 and 12 of a balance sheet, if the amount at which other security investments is shown in such balance sheet plus the greater of the aggregate amount of marketable securities on the basis of market quotations as of the balance sheet date or the amount at which shown in such balance sheet constitutes 15 percent or more of total assets.

Schedule II—Amounts receivable from underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates. The schedule prescribed by § 210.12–03 shall be filed with respect to each person among the underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates, from whom an aggregate indebtedness of more than $20,000 or 1 percent of total assets, whichever is less, is owed, or at any time during the period for which related income statements are required to be filed, was owed. For the purposes of this schedule, exclude in the determination of the amount of indebtedness all amounts receivable from such persons for purchases subject to usable trade terms, for ordinary travel and expense advances and for other such items arising in the ordinary course of business.

Schedule III—Investments in, equity in earnings in, and dividends received from affiliates and other persons. The schedule prescribed by § 210.12–04 shall be filed in support of caption 10 of each balance sheet. This schedule may be omitted if (1) neither the sum of captions 10 and 11 in the related balance sheet nor the amount of caption 31 in such balance sheet exceeds 5 percent of total assets as shown by the related balance sheet at either the beginning or end of the period, or (2) there have been no changes in the information required to be filed from that last previously reported.

Schedule IV—Indebtedness of affiliates—not current. The schedule prescribed by § 210.12–05 shall be filed in support of caption 11 of each balance sheet; however, the required information may be presented separately on Schedule III or Schedule X. This schedule may be omitted if (1) neither the sum of captions 10 and 11 in the related balance sheet nor the amount of caption 31 in such balance sheet exceeds 5 percent of total assets as shown by the related balance sheet at either the beginning or end of the period, or (2) there have been no changes in the information required to be filed from that last previously reported.

Schedule V—Property, plant and equipment. The schedule prescribed by § 210.12–06 shall be filed in support of caption 15 of each balance sheet, provided that this schedule may be omitted if the total shown by caption 15 does not exceed 5 percent of total assets as shown by the related balance sheet at both the beginning and end of the period and if neither the additions nor the deductions during the period exceeded 5 percent of total assets as shown by the related balance sheet at the beginning or end of the period.

Schedule VI—Accumulated depreciation, depletion and amortization of property, plant, and equipment. The schedule prescribed by § 210.12–07 shall be filed in support of caption 16 of each balance sheet. This schedule may be omitted if Schedule V is omitted.

Schedule VII—Intangible assets. The schedule prescribed by § 210.12–08 shall be filed in support of caption 17 of each balance sheet, provided that this schedule may be omitted if the total shown by caption 17 does not exceed 5 percent of total assets as shown in the related balance sheet at both the beginning and end of the period and if neither the additions nor the deductions during the period exceeded 5 percent of total assets as shown by the related balance sheet at the beginning or end of the period.

Schedule VIII—Accumulated depreciation and amortization of intangible assets. The schedule prescribed by § 210.12–09 shall be filed in support of caption 18 of each balance sheet. This schedule may be omitted if Schedule VII is omitted.

Schedule IX—Bonds, mortgages and similar debt. The schedule prescribed by § 210.12–10 shall be filed in support of caption 29 of a balance sheet.

Schedule X—Indebtedness to affiliates—not current. The schedule prescribed by § 210.12–11 shall be filed in support of caption 31 of each balance sheet; however, the required information may be presented separately on Schedule III or Schedule IV. This schedule may be omitted if (1) neither the sum of captions 10 and 11 in the related balance sheet nor the amount of caption 31 in such balance sheet exceeds 5 percent of total assets as shown by the related balance sheet at either the beginning or end of the period, or (2) there have been no changes in the information required to be filed from that last previously reported.

Schedule XI—Guarantees of securities of other issuers. The schedule prescribed by § 210.12–12 shall be filed with respect to any guarantees of securities of other issuers by the person for which the statement is filed.

Schedule XII—Allowances and reserves. The schedule prescribed by § 210.12–13 shall be filed in support of allowances and reserves included in the balance sheet but not included in Schedules VI and VIII.

Schedule XIII—Capital shares. The schedule prescribed by § 210.12–14 shall be filed in support of caption 38 of a balance sheet.

Schedule XIV—Warrants or rights. The schedule prescribed by § 210.12–15 shall be filed with respect to warrants or rights granted by the person for which the statement is filed to subscribe for or purchase securities to be issued by such person.

Schedule XV—Other securities. If there are any classes of securities not included in Schedules IX, XI, XIII, or XIV, set forth in this schedule information concerning such securities corresponding to that required for the securities included in such schedules. Information need not be set forth, however, as to notes, drafts, bills of exchange, or bankers' acceptances, having a maturity at the time of issuance of not exceeding 1 year.

Schedule XVI—Supplementary income statement information. The schedule prescribed by § 210.12–16 may be omitted for each income statement in which sales or operating revenues were not of significant amount. This schedule may also be omitted if the information required by columns B and C and instructions 3 and 4 thereof is furnished in the income statement or in a note thereto.

Schedule XVII—Real estate and accumulated depreciation and amortization. The schedule prescribed by § 210.12–38 shall be filed in support of each balance sheet for real estate (and the related accumulated depreciation) held as an investment and not used in the business by companies specified in General Instruction A of Form S–11 (§ 239.18 of this chapter) for registration under the Securities Act of 1933 of securities of certain real estate companies. The prescribed schedule shall be adjusted as follows:

(a) Part 2 and instructions 2, 3, and 8 may be omitted as being inapplicable.

(b) The required information is to be given as to each individual investment included in column E except that an amount not exceeding 5 percent of the total of column E may be listed in one amount as "miscellaneous investments." There shall be shown as to each investment listed separately and for the total of columns C and E the amount allocable to land and the amount allocable to buildings and improvements.

(c) In addition to the reconciliation required by instruction 4, there shall be given in a similar form a reconciliation of the total accumulated depreciation at the beginning of the period with the total amount shown in column F.

Schedule XVIII—Mortgage loans on real estate. The schedule prescribed by § 210.12–37 shall be filed by companies specified under Schedule XVII in support of each balance sheet for investments in mortgage loans on real estate. The prescribed schedule shall be adjusted as follows:

(a) Part 2 and instructions 3, 5, 6, 7, and 12 may be omitted as being inapplicable.

(b) The required information is to be given as to each individual mortgage loan included in column C except that an amount not exceeding 5 percent of column C may be listed in one amount as "miscellaneous mortgages."

Schedule XIX—Other investments. If there are any other investments, under caption 13 of § 210.5–02 or elsewhere in a balance sheet, not included in Schedules I or III, there shall be set forth in a separate schedule information concerning such investments corresponding to that prescribed by Schedule I. This schedule may be omitted if the total amounts of such other investments does not exceed 5 percent of the amount of total assets shown in the related balance sheet at either the beginning or end of the period.

BANK HOLDING COMPANIES AND BANKS

§ 210.9–01 Application of §§ 210.9–01 to 210.9–05.

(a) *Bank holding companies.* Financial statements filed for bank holding companies shall be prepared in accordance with §§ 210.5–01 to 210.5–04 and §§ 210.9–02, 210.9–03, and 210.9–04.

(b) *Banks.* Financial statements filed for banks shall be prepared in accordance with § 210.9–05 of this chapter.

(c) *Consolidated and combined financial statements.* Sections 210.4–01 to 210.4–09 is applicable to the preparation of consolidated and combined financial statements. If consolidated financial statements are prepared for a bank holding company and its bank and other subsidiaries, consideration shall be given to utilization of the bank format for financial statements and schedules as prescribed in § 210.9–05.

§ 210.9–02 Balance sheets of bank holding companies.

(a) Notwithstanding the provisions of § 210.5–02, current assets and current liabilities need not be separately classified as such.

(b) Any amount representing balances on deposit with or indebtedness to or from affiliated banks under the following captions prescribed by § 210.5–02 shall be set forth separately under the respective captions:

(1) Caption 1—*Cash and cash items.*

(2) Subdivisions (2) and (3) of caption 3—*Accounts and notes receivable.*

(3) Caption 10—*Securities of affiliates.*

(4) Caption 11—*Indebtedness of affiliates—not current.*

(5) Subdivisions (3) and (4) of caption 25—*Accounts and notes payable.*

(6) Subdivision (c) of caption 27—*Other current liabilities.*

(7) Caption 31—*Indebtedness to affiliates—not current.*

(c) Amounts required to be reported under caption 39(b) of § 210.5–02 shall be stated separately for bank subsidiaries, and 50-percent and less-than-50-percent-owned banks.

§ 210.9–03 Income statements of bank holding companies.

The following captions shall be in complete substitution for § 210.5–03.

1. *Income.* (a) State separately the total of income from (1) equity in earnings of unconsolidated subsidiaries, 50-percent-owned persons and other persons (showing dividends and interest received parenthetically), (2) dividends, (3) interest, (4) management and service fees, and (5) other income (specifying any significant items), exclusive of profits and losses under caption 6, *Profits on securities*, and caption 7, *Losses on securities.*

(b) State separately amounts included under item (1) which are material in relation to caption 5 below.

(c) Exclude from dividends included under item (2) amounts from investments in affiliates and others which are accounted for by the equity method and state separately, if significant, the amounts from (1) securities of other affiliates, (2) marketable securities, and (3) other securities.

In regard to any dividends other than cash, state the basis on which they have been taken up in the accounts and the justification, if any, for such action. If any such dividends received from affiliates have been credited in the accounts in an amount different from that charged to retained earnings by the disbursing company, state the amount of such difference and explain.

(d) State separately, if significant, the amounts of interest included under item (3) from (1) securities of affiliates other than unconsolidated subsidiaries, 50-percent-owned persons and other persons, the investments in which are accounted for by the equity method; (2) marketable securities; and (3) other securities.

2. *Expenses for salaries.* State separately the total of salaries (a) to directors and officers and (b) to others. If paid in other than cash, state the details in a note referred to in the income statement.

3. *Taxes.* Other than income tax expense.

4. *Other expenses.* State separately the amount of interest and debt discount and expense and any significant amounts of other classes of expense.

5. *Income or loss before provision for taxes on income and appropriate items below.*

6. *Profits on securities.* Profits shall be stated net of losses. No profits on the person's own securities, or profits of its affiliates on their own securities, shall be included under this caption. State here or in a note herein referred to the method followed in determining the cost of securities sold, e.g., "average cost," "first-in, first-out," or "identified certificate." Consideration should be

given to reporting such transactions under caption 11, when appropriate.

7. *Losses on securities.* Losses shall be stated net of profits. No losses on the person's own securities, or losses of its affiliates on their own securities, shall be included under this caption. State here or in a note herein referred to the method followed in determining the cost of securities sold, e.g. "average cost," "first-in, first-out," or "identified certificate." Consideration should be given to reporting such transactions under caption 11, when appropriate.

8. *Income tax expense.* State separately (a) Federal taxes on income currently payable, (b) related net tax effects, as appropriate, of (1) timing differences, (2) deferred investment tax credits, and (3) operating losses, and (c) other taxes based solely on income, including foreign, State, and local taxes and the related net tax effects, as appropriate, of timing differences and operating losses. Taxes on earnings of affiliates shall be included in timing differences.

9. *Minority interest in income of consolidated subsidiaries.*

10. *Income or loss before extraordinary items.*

11. *Extraordinary items, less applicable tax.* State separately and describe any material items and disclose parenthetically or otherwise the tax applicable to each.

12. *Net income or loss.* See § 210.5–02 (caption 39(d)).

13. *Earnings per share data.* Refer to the pertinent requirements in the appropriate filing form.

§ 210.9–04 What schedules are to be filed for bank holding companies.

The following special provisions shall be applicable to the schedules specified in § 210.5–04 of this chapter:

Schedule I—The schedule prescribed by § 210.12–01 shall be filed in support of captions 2 and 12 of the latest balance sheet required to be filed.

Schedule III—The schedule prescribed by § 210.12–04 shall be presented in two parts as follows: Part 1 for banks and part 2 for other than banks.

§ 210.9–05 Financial statements and schedules of banks.

(a) Statements of banks need not be certified for periods ending on or before November 30, 1971.

(b) Financial statements and schedules of banks shall be furnished in substantially the same form as prescribed in Forms F–9, F–9A, F–9B, F–9C, and F–9D (12 CFR § 206.71) of Regulation F of the Board of Governors of the Federal Reserve System issued pursuant to section 12(i) of the Securities Exchange Act of 1934, except as otherwise provided in this rule.

(c) The financial statements and schedules required to be filed shall be supplemented as follows:

(1) The aggregate amount on the basis of market quotations at the balance sheet date shall be shown parenthetically for each category of investment securities reported under caption 2 of each balance sheet required to be filed.

(2) The aggregate amount on the basis of market quotations at the balance sheet date shall be stated for each type and maturity grouping of securities listed on Schedules I and II prescribed under Form F–9D (12 CFR § 206.71).

(3) *Schedule VIII—Amounts receivable from directors, officers, and principal holders of equity securities other than affiliates of the person and its affiliates.* A schedule in the format prescribed by § 210.12–03 of part 210 of this chapter, shall be filed showing the aggregate amounts in excess of $20,000 or 1 percent of total assets, whichever is less, that are receivable or were receivable at any time during the period for which income statements are required to be filed from each director, officer, and principal holder of equity securities other than affiliates of the person and its affiliates. For the purpose of this schedule, exclude in the determination of indebtedness all amounts receivable from such persons for ordinary travel expense advances and for other such items arising in the ordinary course of business.

CONTENT OF STATEMENTS OF ADDITIONAL CAPITAL

§ 210.11–01 Application of §§ 210.11–01 and 210.11–02.

These sections prescribe the content of the statements of additional capital specified in § 210.5–02 (caption 39), § 210.6–22 (caption 26), § 210.7–03 (caption 19), and § 210.7A–03 (caption 20).

§ 210.11–02 Statements of additional capital.

A summary shall be given for each class of additional capital set forth in the related balance sheet.

1. *Balance at beginning of period.* State separately the adjustments to the balance at the beginning of the first period of the report for items which were retroactively applied to periods prior to that period. (See § 210.5–03(a) of this chapter.)

2. *Net income or loss from income statement.*

3. *Other additions.* State separately any material amounts, indicating clearly the nature of the transactions out of which the items arose.

4. *Deductions other than dividends.* State separately any material amounts, indicating clearly the nature of the transactions out of which the items arose.

5. *Dividends.* For each class of shares state the amount per share and in the aggregate.

(a) *Cash.*

(b) *Other.* Specify.

6. *Balance at close of period.* The balance at the close of the most recent period shall agree with the related balance sheet caption.

FORM AND CONTENT OF SCHEDULES

§ 210.12–01 Application of §§ 210.12–01 to 210.12–41.

Sections 210.12–01 to 210.12–41 prescribes the form and content of the schedules required by §§ 210.5–04, 210.5A–07, 210.6–10, 210.6–13, 210.6–24, 210.6–34, 210.7–06, 210.7A–06, and 210.9–04 (Rules 5–04, 5A–07, 6–10, 6–13, 6–24, 6–34, 7–06, 7A–06, and 9–04).

§ 210.12–02 Marketable securities—other security investments.

Column A	Column B	Column C	Column D
Name of issuer and title of each issue [1]	Number of shares of units—principal amount of bonds and notes	Amount at which shown in the balance sheet [2]	Value based on market quotations at balance sheet date

[1] (a) Each issue shall be stated separately, except that reasonable groupings, without enumeration, may be made of (1) securities issued or guaranteed by municipalities, States, the U.S. Government or agencies thereof and (2) securities issued by others for which the amounts shown in column C in the aggregate are not more than 5 percent of the total of column C.

(b) In the case of bank holding companies group separately (1) securities of banks and (2) other securities, and in column C show totals for each group.

[2] State the basis of determining the amounts in column C. Column C shall be totaled to agree with the respective balance sheet captions.

§ 210.12–03 Amounts receivable from underwriters, promoters, directors, officers, key employees, and principal holders other than affiliates of equity securities of the person and its affiliates.

Column A	Column B	Column C	Column D		Column E	
			Deductions		Balance receivable at close of period	
Name of debtor [1]	Balance receivable at beginning of period	Additions	(1) Amounts written off	(2) Collections [2]	(1) Current	(2) Not current

[1] Include in this schedule both accounts receivable and notes receivable and provide in a note hereto pertinent information, such as the due date, interest rate, terms of repayment and collateral, if any, for the amounts receivable from each person named in column A as of the date of the most recent balance sheet being filed.

[2] If collection was other than in cash, explain.

§ 210.12–06 Property, plant, and equipment.[1]

Column A	Column B	Column C	Column D	Column E	Column F
Classification [2]	Balance at beginning of period [3]	Additions at cost [4]	Retirements [5]	Other changes—add (deduct)—describe [6]	Balance at close of period

[1] Comment briefly on any significant and unusual additions, abandonments, or retirements, or any significant and unusual changes in the general character and location, or principal plants and other important units, which may have occurred within the period.

(a) Show major classifications, such as land, buildings, machinery and equipment, leaseholds, or functional groupings. If any such classification is not presented, explain the basis of presentation in one amount. The additions included in column C shall, however, be segregated in accordance with an appropriate classification. If property, plant and equipment abandoned is carried at other than a nominal amount indicate, if practicable, the amount thereof and state the reasons for such treatment. Items of minor importance may be included under a miscellaneous caption.

(b) *Public utility companies.* A public utility company shall, to the extent practicable, classify utility plant by the type of service rendered (such as electric, gas, transportation, and water) and shall state separately under each of such classifications the amounts applicable to leased property and property pledged as collateral.

(c) *Mining companies using §§ 210.6A–01 to 210.6A–07.* Such companies shall include herein only depreciable mine plant and equipment at dollar amounts required by the instructions set forth under caption 13, property, plant, and equipment, of §§ 210.5a–01 to 210.5a–07. A mining company falling into this category shall also, to the extent practicable, observe the other instructions set forth under this rule.

[2] If neither the total additions nor total deductions during any of the periods covered by the schedules amount to more than 10 percent of the balance of that period, and a statement to that effect is made, the information required by columns B, C, D, and E may be omitted for that period. Any such omitted item shall be included in column F. Items given in a note hereto and provided further than any information required by instructions 4, 5, and 6 shall be given and may be in summary form.

[3] For each change in accounts in column C that represents anything other than an addition from acquisition, and for each change in that column that is in excess of 10 percent of the related balance at either the beginning or close of the period, state clearly the nature of the change and the other accounts affected. If cost of property additions represents the cash consideration paid by a subsidiary consolidated with its parent company for property of the parent company, state the cost to the parent company. If such cost, provided the acquisition by the affiliate was within 2 years prior to the acquisition by the person for which the statement is filed.

[4] Briefly describe each item in column D(2) and state: (a) Cost of items sold and how determined; (b) amount received for (if other than cash, explain); and (c) disposition of resulting profit or loss.

[5] The total of column D shall be reconciled with the amount reported under caption 17 of § 210.5–03 (or caption 1(a)(1) of § 210.6–04 for bank holding companies) of the same period.

[6] As to any dividends other than cash, state the basis on which they have been taken up in the accounts, and the justification, if any, for such action. If any such dividends received from affiliates have been credited in the accounts in an amount differing from that charged to retained earnings by the disbursing company, state the amount of such difference and explain.

[7] The total of (or a subtotal) of column E(2) shall be reconciled with the amount reported under caption 10 of the related balance sheet.

[8] Disclose, in the column or in a note hereto, the percentage of ownership interest represented by the share or units, if material.

§ 210.12–07 Accumulated depreciation, depletion and amortization of property, plant, and equipment.[1]

Column A	Column B	Column C	Column D	Column E	Column F
Description [2]	Balance at beginning of period	Additions charged to costs and expenses	Retirements	Other changes—add (deduct)—describe	Balance at close of period

[1] (a) Insofar as amounts for depreciation, depletion, and amortization are credited to the property accounts, such amounts shall be shown in the schedule of property, plant, and equipment, as there required.

(b) Mining companies using §§ 210.6A–01 to 210.6A–07 shall include herein only the amount of the accumulated depreciation, depletion, and amortization applicable to depreciable mine plant and equipment covered promotional, exploratory, and development costs applicable to the amounts set forth in the schedule filed pursuant to § 210.12–06 (Rule 12–06) and § 210.12–60A (Rule 12–06A). A mining company falling into this category shall also, to the extent practicable, observe the other instructions set forth under this rule.

[2] If practicable, accumulated depreciation shall be shown to correspond with the classifications of property set forth in the related schedule or property, plant, and equipment, separating especially depreciation, depletion, amortization, and provision for retirement.

§ 210.12–04 Investments in, equity in earnings in, and dividends received from affiliates and other persons.

Column A	Column B		Column C		Column D			Column E		Column F
	Balance at beginning of period		Additions		Deductions			Balance at close of period		
Name of issuer and description of investment [1]	(1) Number of shares or units.[7] Principal amount of bonds and notes	(2) Amount in dollars	(1) Equity taken up in earnings (losses) for the period of affiliates and other persons [4]	(2) Other [2]	(1) Distribution of earnings by persons in which earnings (losses) were taken up [3]	(2) Other [2]		(1) Number of shares or units.[7] Principal amount of bonds and notes	(2) Amount in dollars [8]	Dividends received during the period from investments not accounted for on the equity basis [5]

[1] (a) Group separately securities of (1) consolidated wholly owned multiple subsidiaries carrying on the same line of business; (2) other subsidiaries consolidated; (3) subsidiaries not consolidated; (4) associated companies; and (5) other affiliates, showing shares and bonds separately in each case. Investments in indirect affiliates need not be considered with related advances, exceed 5 percent of the total of column E(2) of this schedule and column C of the schedule prescribed by § 210.12–05 shall be stated separately. Dividends from (1) marketable securities and (2) other security investments shall also be included and may be shown in separate aggregate amounts.

(b) Those companies, the enumeration of which would be detrimental to the registrant, may be grouped. If acquired from an affiliate (and not an original issue of that affiliate) other than cash consideration, explain such cost, provided the acquisition by the affiliate was within 2 years prior to the acquisition by the person for which the statement is filed.

[2] Briefly describe each item in column C(2) and state: (a) Cost of items sold and how determined; (b) amount received for (if other than cash, explain); and (c) disposition of resulting profit or loss.

[3] Include in column D(1) the amount reported under caption 17 of § 210.5–03 (or caption 1(a)(1) of § 210.6–04 for bank holding companies) of the same period.

[4] As to any dividends other than cash, state the basis on which they have been taken up in the accounts, and the justification, if any, for such action. If any such dividends received from affiliates have been credited in the accounts in an amount differing from that charged to retained earnings by the disbursing company, state the amount of such difference and explain.

[5] The total of (or a subtotal) of column E(2) shall be reconciled with the amount reported under caption 10 of the related balance sheet.

[6] Disclose, in the column or in a note hereto, the percentage of ownership interest represented by the share or units, if material.

§ 210.12–05 Indebtedness of affiliates—not current.

Column A	Column B	Column C
Name of affiliate [1]	Balance at beginning of period	Balance at close of period [2]

[1] Affiliates, including 50-percent-owned persons, shall be grouped as in the related schedule required for investments in affiliates. The information called for shall be shown separately for any affiliates whose investments were shown separately in such related schedule.

[2] For each person named in column A explain in a note hereto the nature of any increase during the period that is in excess of 10 percent of the related balances at either the beginning or close of the period.

§ 210.12–08 Intangible assets.[1]

Column A	Column B	Column C	Column D		Column E	Column F
			Deductions [2]			
Description [3]	Balance at beginning of period [4]	Additions at cost—describe [4]	(1) Charged to costs and expenses	(2) Charged to other accounts—describe	Other changes—add (deduct)—describe	Balance at close of period

[1] If in the accounts it is not practicable to separate intangible assets from property, plant, and equipment, the information here required may be included in the schedule for property, plant, and equipment. In such event state in the balance sheet any known amount of intangibles so included with an indication that a further unknown amount of intangibles is also so included.

[2] Show by major classifications, such as patents or goodwill. If such classification is not present or practicable, this may be stated in one amount. The additions included in column C shall, however, be segregated in accordance with an appropriate classification. Items of minor importance may be included under a miscellaneous caption.

[3] If neither the total additions nor total deductions during any of the periods covered by the schedules amount to more than 10 percent of the closing balance of that period and a statement to that effect is made, the information required by columns B, C, D, and E may be omitted for that period by any company other than a public utility company. Any information required by instruction 4 or 5 shall, however, be given and may be in summary form.

[4] For each change in accounts in column C that represents anything other than an addition from acquisition, and for each change in that column that is in excess of 10 percent of the related balance at either the beginning or close of the period, state clearly the nature of the change and the other accounts affected. If cost of additions represents other than cash expenditures, explain. If acquired from an affiliate at other than cost to the affiliate, show such cost, provided the acquisition by the affiliate was within 2 years prior to the acquisition by the person for which the statement is filed.

[5] If provision for depreciation and amortization of intangible assets is credited in the books directly to the intangible asset account, the amounts shall be stated in column D with explanations, including the accounts to which charged. If the changes in column D represent anything other than regular amortization, state clearly the nature of the changes.

§ 210.12–09 Accumulated depreciation and amortization of intangible assets.[1]

Column A	Column B	Column C		Column D	Column E
		Additions			
Description [2]	Balance at beginning of period	(1) Charged to costs and expenses	(2) Charged to other accounts—describe	Deductions—describe	Balance at close of period

[1] Insofar as amounts for depreciation and amortization are credited to the intangible asset accounts, such amounts shall be shown in the schedule of intangible assets, as there required.

[2] If practicable, accumulated depreciation and amortization shall be shown to correspond with the classifications in the related schedule of intangible assets.

§ 210.12–10 Bonds, mortgages and similar debt.

Column A	Column B	Column C	Column D		Column E	Column F	Column G	Column H	
			Amount included in column C, which is		Amount included in sum extended under caption "bonds, mortgages, and similar debt" in related balance sheet [2]	Amount in sinking and other special funds of issuer thereof [2]	Amount pledged by issuer thereof [3]	Amount held by affiliates for which statements are filed herewith [4]	
Name of issuer and title of each issue [1]	Amount authorized by indenture	Amount issued and not retired or canceled	(1) Held by or for account of issuer thereof	(2) Not held by or for account of issuer thereof				(1) Persons included in consolidated statement [5]	(2) Others

[1] Include in this column each issue authorized, whether issued or not and whether eliminated in consolidation or not. For each issue listed give the information called for by columns B to H, inclusive.

[2] This column is to be totaled to correspond to the related balance sheet caption. If amounts shown in this column differ from face amounts shown in column C or D, explain.

[3] Indicate by means of an appropriate symbol any amounts not included in subcolumn D(1).

[4] Affiliates for which statements are filed herewith shall include affiliates for which separate financial statements are filed and those included in consolidated or combined statements, other than the issuer of the particular security.

[5] Include in this subcolumn only amounts held by persons included in the consolidated statement in support of which this schedule is being filed. If not eliminated in the consolidation, explain in a note.

§ 210.12–11 Indebtedness to affiliates—not current.

Column A	Column B	Column C
Name of affiliate [1]	Balance at beginning of period	Balance at close of period [2]

[1] Affiliates, including 50-percent-owned persons, shall be grouped as in the related schedule required for investments in affiliates. The information called for shall be shown separately for any affiliate whose investments were shown separately in such related schedule.

[2] For each person named in column A explain in a note hereto the nature of any increase during the period that is in excess of 10 percent of the related balances at either the beginning or close of the period.

§ 210.12–12 Guarantees of Securities of other issuers.[1]

Column A	Column B	Column C	Column D	Column E	Column F	Column G
Name of issuer or of securities guaranteed by person for which statement is filed	Title of issue of each class of securities guaranteed	Total amount guaranteed and outstanding [2]	Amount owned by person or persons for which statement is filed	Amount in treasury of issuer of securities guaranteed	Nature of guarantee [3]	Nature of any default by issuer of securities guaranteed in principal, interest, sinking fund or redemption provisions, or payment of dividends [4]

[1] Indicate in a note to the most recent schedule being filed for a particular person or group any significant changes since the date of the related balance sheet. If this schedule is filed in support of consolidated statements or combined statements, there shall be set forth guarantees by any person included in the consolidation or group, except that such guarantees of securities which are included in the consolidated or combined balance sheet need not be set forth.

[2] Indicate any amounts included in column C which are included also in column D or E.

[3] There need be made only a brief statement of the nature of the guarantee, such as "Guarantee of principal and interest," "Guarantee of interest," or "Guarantee of dividends." If the guarantee is of interest or dividends, state the annual aggregate amount of interest or dividends so guaranteed.

[4] Only a brief statement as to any such defaults need be made.

§ 210.12–13 Allowances and reserves.

Column A	Column B	Column C		Column D	Column E
		Additions			
Description [1]	Balance at beginning of period	(1) Charged to costs and expenses	(2) Charged to other accounts—describe	Deductions—describe	Balance at close of period

[1] List, by major classes, all allowances and reserves not included in specific schedules. Identify each such class of allowances and reserves by descriptive title. Group (a) those allowances which are deducted in the balance sheet from the assets to which they apply and (b) those reserves which support the balance sheet caption, Reserves. Special contingency reserves may be grouped in one total. Allowances and reserves as to which the additions, deductions, and balances were not individually significant may be grouped in one total and in such case the information called for under columns C and D need not be given.

§ 210.12–14 Capital shares.[1]

Column A	Column B	Column C	Column D		Column E		Column F		Column G	
			Number of shares included in column C which are		Shares issued or outstanding as shown on or included in related balance sheet under caption "capital shares"		Number of shares held by affiliates for which statements are filed herewith [4]		Number of shares reserved for options, warrants, conversions and other rights	
Name of issuer and title of issue [2]	Number of shares authorized by charter	Number of shares issued and not retired or canceled	(1) Held by or for account of issuer thereof	(2) Not held by or for account of issuer thereof	(1) Number	(2) Amount at which shown [3]	(1) Persons included in consolidated statements [5]	(2) Others	(1) Officers, directors, and employees	(2) Others

[1] Indicate in a note to the most recent schedule being filed for a particular person or group any significant changes since the date of the related balance sheet.

[2] Include in this column each issue authorized, whether issued or not and whether eliminated in consolidation or not, provided that when this schedule is filed in support of a consolidated statement the information required by columns A to G, inclusive, need not be given as to any consolidated subsidiary if all of the outstanding shares of each issue of capital shares (other than directors' qualifying shares) of such subsidiary are held by one or more of the persons included in such consolidated statement; if the answer to columns G (1) and (2) would be none; and if a note indicating such omission is given. For each issue or group listed give the information called for by columns B to G, inclusive.

[3] This column is to be totaled to correspond to the related balance sheet caption. In the case of consolidated subsidiaries only the minority interest need be set forth.

[4] Affiliates for which statements are filed herewith shall include affiliates for which separate financial statements are filed and those included in consolidated or combined statements, other than the issuer of the particular security.

[5] Include in this subcolumn only amounts held by persons included in the consolidated statement in support of which this schedule is being filed. If not eliminated in the consolidation, explain in a note.

§ 210.12–15 Warrants or rights.[1]

Column A	Column B	Column C	Column D	Column E	Column F	Column G
Title of issue of securities called for by warrants or rights	Amount of securities called for by each warrant or right	Number of warrants or rights outstanding [2]	Aggregate amount of securities called for by warrants or rights outstanding	Date from which warrants or rights are exercisable	Expiration date of warrants or rights	Price at which warrant or right exercisable

[1] Indicate in a note to the most recent schedule being filed for a particular person or group any significant changes since the date of the related balance sheet.

[2] State separately amounts held by persons for which separate statements are filed or which are included in consolidated or combined statements, other than the issuer of the particular security.

§ 210.12–16 Supplementary income statement information.[1]

Item	Column A	Column B[2]	Column C		Column D
		Charged to costs and expenses	Charged to other accounts (1) Account	Charged to other accounts (2) Amount	Total
1. Maintenance and repairs					
2. Depreciation, depletion and amortization of property; plant and equipment (or charges in lieu thereof)					
3. Depreciation and amortization of intangible assets (or charges in lieu thereof)					
4. Taxes, other than income taxes[3]					
5. Management and service contract fees					
6. Rents and royalties[4]					
7. Advertising costs					
8. Research and development costs					

[1] State, for each of the items noted in column A which exceeds 1 percent of total sales and revenues as reported in the related income statement, the total called for in column D and, if practicable, set forth the details called for in columns B and C.

[2] Totals may be stated in column B without further designation of the accounts to which charged.

[3] State separately each category of tax which exceeds 1 percent of the total sales and revenues.

[4] State rents and royalties separately if either amount exceeds 1 percent of the total sales and revenues. Include rents applicable to leased personal property.

DAVID R. DOUGLAS

Notice of Granting of Relief

Notice is hereby given that David R. Douglas, Rural Delivery 1, Box 35, Hopewell, PA, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on November 13, 1969, in the U.S. District Court for the District of Maryland, Baltimore, Md., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for David R. Douglas because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for David R. Douglas to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered David R. Douglas' application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That David R. Douglas be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 10th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

[FR Doc.71–12191 Filed 8–19–71;8:47 am]

GORDON CLAIR GUERIN

Notice of Granting of Relief

Notice is hereby given that Gordon Clair Guerin, 360 Riverside, Bend, OR, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on October 7, 1964, in the Circuit Court of Oregon in and for Deschutes County, Oreg., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Gordon Clair Guerin because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for Gordon Clair Guerin to receive, possess, or transport in commerce or affecting commerce any firearm.

Notice is hereby given that I have considered Gordon Clair Guerin's application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Gordon Clair Guerin be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 9th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

JOHN E. HARPER

Notice of Granting of Relief

Notice is hereby given that John E. Harper, 547 North 81st Street, Seattle, WA, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on May 2, 1969, by the Superior Court of the State of Washington, King County, Wash., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for John E. Harper because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunitions importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for John E. Harper to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered John E. Harper's application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That John E. Harper be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 9th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

[FR Doc.71–12193 Filed 8–19–71;8:48 am]

DEMPSEY DuWAYNE STOOPS

Notice of Granting of Relief

Notice is hereby given that Dempsey DuWayne Stoops, 179 Greenhaven Road, Council B'uffs. IA, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on September 30, 1949, in the Pottawattamie County Court, Council B'uffs, Iowa, of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Dempsey Stoops, because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm, or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for Dempsey Stoops to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered Dempsey Stoops' application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Dempsey Stoops be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 12th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

LUSHER LEE TAYLOR

Notice of Granting of Relief

Notice is hereby given that Lusher Lee Taylor, 3866 Crane Street, Detroit, MI, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his convictions on February 14, 1950, in the U.S. District Court for the Western District of Tennessee, of crimes punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Lusher Lee Taylor because of such convictions, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code, as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such convictions, it would be unlawful for Lusher Lee Taylor to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered Lusher Lee Taylor's application and:

(1) I have found that the convictions were made upon charges which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the convictions and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Lusher Lee Taylor be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the convictions hereinabove described.

Signed at Washington, D.C., this 6th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

[FR Doc.71-12195 Filed 8-19-71;8:48 am]

JOSEPH TOCCO

Notice of Granting of Relief

Notice is hereby given that Joseph Tocco, 5718 Buckingham, Detroit, MI 48224, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on September 18, 1945, in the Recorder's Court for the city of Detroit, Mich., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Joseph Tocco because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for Joseph Tocco to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered Joseph Tocco's application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Joseph Tocco be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 6th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

[FR Doc.71-12196 Filed 8-19-71;8:48 am]

STEPHEN JAMES WELSH, JR.

Notice of Granting of Relief

Notice is hereby given that Stephen James Welsh, Jr., 4611 North 40th Street, Milwaukee WI, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on or about August 30, 1955, in the Milwaukee County Court, Milwaukee, Wis., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Stephen J. Welsh, Jr., because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for Stephen J. Welsh, Jr., to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered Stephen J. Welsh, Jr.'s application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Stephen J. Welsh, Jr., be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 6th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

[FR Doc.71-12197 Filed 8-19-71;8:48 am]

MILTON BLAKE WOODLEY

Notice of Granting of Relief

Notice is hereby given that Milton Blake Woodley, 825 Morrison Avenue, Bronx, NY, has applied for relief from disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms incurred by reason of his conviction on or about February 4, 1931, in the Court of General Sessions, New York, N.Y., of a crime punishable by imprisonment for a term exceeding 1 year. Unless relief is granted, it will be unlawful for Milton B. Woodley because of such conviction, to ship, transport, or receive in interstate or foreign commerce any firearm or ammunition, and he would be ineligible for a license under chapter 44, title 18, United States Code as a firearms or ammunition importer, manufacturer, dealer, or collector. In addition, under title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C., Appendix), because of such conviction, it would be unlawful for Milton B. Woodley to receive, possess, or transport in commerce or affecting commerce, any firearm.

Notice is hereby given that I have considered Milton B. Woodley's application and:

(1) I have found that the conviction was made upon a charge which did not involve the use of a firearm or other weapon or a violation of chapter 44, title 18, United States Code, or of the National Firearms Act; and

(2) It has been established to my satisfaction that the circumstances regarding the conviction and the applicant's record and reputation are such that the applicant will not be likely to act in a manner dangerous to public safety, and that the granting of the relief would not be contrary to the public interest.

Therefore, pursuant to the authority vested in the Secretary of the Treasury by section 925(c), title 18, United States Code and delegated to me by 26 CFR 178.144: *It is ordered*, That Milton B. Woodley be, and he hereby is, granted relief from any and all disabilities imposed by Federal laws with respect to the acquisition, receipt, transfer, shipment, or possession of firearms and incurred by reason of the conviction hereinabove described.

Signed at Washington, D.C., this 6th day of August 1971.

[SEAL] JOHNNIE M. WALTERS,
Commissioner of Internal Revenue.

DEPARTMENT OF AGRICULTURE

Packers and Stockyards Administration

BRAWLEY AUCTION CO. ET AL.

Deposting of Stockyards

It has been ascertained, and notice is hereby given, that the livestock markets named herein, originally posted on the respective dates specified below as being subject to the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), no longer come within the definition of a stockyard under said Act and are, therefore, no longer subject to the provisions of the Act.

Name, location of stockyard, and date of posting
Brawley Auction Company, Brawley, Calif., Oct. 14, 1964.
Tabor Sale Barn, Tabor, Iowa, June 10, 1959.
Fayette Stockyard, Inc., Fayette, Miss., Feb. 16, 1959.
Southwest Stockyards, Inc., Port Gibson, Miss., Feb. 16, 1959.
Midwest Livestock Producers Cooperative, Francis Creek, Wis., Sept. 2, 1964.

Notice or other public procedure has not preceded promulgation of the foregoing rule. There is no legal justification for not promptly deposting a stockyard which is no longer within the definition of that term contained in the Act.

The foregoing is in the nature of a rule relieving a restriction and may be made effective in less than 30 days after publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER (8-20-71).

(42 Stat. 159, as amended and supplemented; 7 U.S.C. 181 et seq.)

Done at Washington, D.C., this 16th day of August 1971.

EDWARD L. THOMPSON,
Acting Chief, Registrations, Bonds, and Reports Branch, Livestock Marketing Division.

DEPARTMENT OF COMMERCE

Bureau of International Commerce

[File Nos. 23(70)-20, 22(70)-8]

CLAUDE LACROIX

Notice of Related Party Determination

In the matter of Claude Lacroix, 42 rue Georges Bailly, Fontenay aux Roses, France; Files Nos. 23(70)-20, 22(70)-8.

An order dated May 26, 1971, was entered by the Office of Export Control, Bureau of International Commerce, U.S. Department of Commerce, against Bernard Chollet of Montlignon, France, temporarily denying him all privileges of participating in any manner or capacity in exportations from the United States of commodities or technical data. This order, which was effective for a period of 60 days, was published in the FEDERAL REGISTER on June 3, 1971 (36 F.R. 10814), and was extended on July 22, 1971 (36 F.R. 13935) until completion of administrative compliance proceedings.

Section 388.1(b) of the Export Control Regulations provides, in part, that to the extent necessary to prevent evasion of any order denying export privileges, said order may be made applicable to parties other than those named in the order with whom said named parties may then or thereafter be related by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or related services. It has been determined by the Office of Export Control that within the purview of said section that Claude Lacroix, located at the above address, is a related party to Bernard Chollet. Under this determination the terms and restrictions of the outstanding denial order against said Chollet are effective against said related party.

The said related party is being notified of this determination and advised that if he contends that the ruling is not justified, he may make application to have the ruling reconsidered or terminated. Due notice will be given of any termination or change in this related party determination.

Dated: August 13, 1971.

RAUER H. MEYER,
Director, Office of Export Control.

ABBOTT LABORATORIES

Erythromcyin Stearate With Hexocyclium Methylsulfate; Notice of Withdrawal of Approval of New Animal Drug Application

A notice of opportunity for a hearing was published in the FEDERAL REGISTER of June 12, 1971 (36 F.R. 11471), proposing to withdraw approval of the new animal drug application for Byotic, NADA (new animal drug application) No. 12–114V (a product which contains erythromycin stearate and hexocyclium methylsulfate) marketed by Abbott Laboratories, North Chicago, Ill. 60064.

Abbott Laboratories responded to said notice by advising the Commissioner of Food and Drugs that they have elected to waive the opportunity for a hearing.

Based on the grounds set forth in the notice of opportunity for hearing and the firm's waiver of the opportunity for a hearing, the Commissioner concludes that approval of NADA No. 12–114V should be withdrawn. Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343–51; 21 U.S.C. 360b) and under authority delegated to the Commissioner (21 CFR 2.120), approval of NADA No. 12–114V including all amendments and supplements thereto is hereby withdrawn effective on the date of signature of this document.

Dated: August 12, 1971.

R. E. DUGGAN,
Acting Associate Commissioner for Compliance.

[Docket No. FDC–D–371; NADA 8–276V, 8–594V]

LEGEAR LABORATORIES, INC.

Plus. and LeGear Cow Clean: Notice of Withdrawal of Approval of New Animal Drug Applications

In the FEDERAL REGISTER of August 6, 1970 (35 F.R. 12564, DESI 8276V) and August 18. 1970 (35 F.R. 13159, DESI 8594V), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of reports received from the National Academy of Sciences-National Research Council. Drug Efficacy Study Group on Plus. NADA (new animal drug application) No. 8–276V and LeGear Cow Clean, NADA No. 8–594V marketed by Dr. LeGear, Inc., now known as LeGear Laboratories, Inc., 4161 Beck Avenue, St. Louis, Mo. 63116.

LeGear Laboratories. Inc., responded by advising the Commissioner that said drugs have been deleted from their product line.

Based on grounds set forth in said announcements and on the firm's response, the Commissioner concludes that approval of said NADA's should be withdrawn. Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343–51; 21 U.S.C. 360b) and under authority delegated to the Commissioner (21 CFR 2.120), approval of NADA No. 8–276V and NADA No. 8–594V, including all amendments and supplements thereto is hereby withdrawn effective on the date of signature of this document.

Dated: August 12, 1971.

R. E. DUGGAN,
Acting Associate Commissioner for Compliance.

[Docket No. FDC–D–341; NADA 8–120V]

PITMAN-MOORE, INC.

Insecticidal Drug Containing Lindane; Notice of Withdrawal of Approval of New Animal Drug Application

In the FEDERAL REGISTER of February 6, 1969 (34 F.R. 1783), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of the report received from the National Academy of Sciences—National Research Council, Drug Efficacy Study Group, on Lin-70, NADA (new animal drug application) No. 8–120V (a product which contains gamma isomer of benzene hexachloride) marketed by Pitman-Moore, Inc., Camp Hill Road, Fort Washington, Pa. 19034.

Pitman-Moore, Inc., responded by advising the Commissioner that said drug has been deleted from their product line. They waived a hearing and requested withdrawal of the NADA for said drug.

Based on the grounds set forth in said announcement and the firm's response, the Commissioner concludes that approval of said NADA should be withdrawn. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343–51; 21 U.S.C. 360b) and under authority delegated to the Commissioner (21 CFR 2.120), approval of NADA 8–120V, including all amendments and supplements thereto is hereby withdrawn effective on the date of signature of this document.

Dated. August 12, 1971.

R. E. DUGGAN,
Acting Associate Commissioner for Compliance.

STEIN, HALL & CO., INC.

Notice of Withdrawal of Petition for Food Additives

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (b), 72 Stat. 1786; 21 U.S.C. 348(b)), the following notice is issued:

In accordance with §121.52 *Withdrawal of petitions without prejudice* of the procedural food additive regulations (21 CFR 121.52), Stein, Hall & Co., Inc., 605 Third Avenue, New York, N.Y. 10016, has withdrawn its petition (FAP 1A2607), notice of which was published in the FEDERAL REGISTER of March 24, 1971 (36 F.R. 5541), proposing that § 121.1029 *Sorbitan monostearate* (21 CFR 121.1029) be amended to provide for the safe use of sorbitan monostearate as a stabilizer in starches or modified food starches for use in starch-based foods.

Dated: August 16, 1971.

[Docket No. FDC–D–370; NADA 11–511V]

WINTHROP LABORATORIES

Milvonique; Notice of Withdrawal of New Animal Drug Application

In the FEDERAL REGISTER of September 5, 1970 (35 F.R. 14168, DESI 901V), the Commissioner of Food and Drugs announced the conclusions of the Food and Drug Administration following evaluation of the report received from the National Academy of Sciences-National Research Council, Drug Efficacy Study Group, on Milvonique, NADA (new animal drug application) No. 11–511V (a product which contains bithional, thenyldiamine hydrochloride, lindane, benzyl alcohol, camphor, phenol, and mineral oil) marketed by Winthrop Laboratories, 90 Park Avenue, New York, N.Y. 10016.

Winthrop Laboratories, responded to the announcement by advising the Commissioner that said drug has been deleted from the market and requesting that approval of NADA No. 11–511V be withdrawn.

Based on the grounds set forth in said announcement and the firm's response, the Commissioner concludes that approval of said new animal drug application should be withdrawn. Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512, 82 Stat. 343–51; 21 U.S.C. 360b) and under authority delegated to the Commissioner (21 CFR 2.120), approval of NADA No. 11–511V, including all amendments and supplements thereto, is hereby withdrawn effective on the date of signature of this document.

Dated: August 12, 1971.

R. E. DUGGAN,
Acting Associate Commissioner for Compliance.

HEALTH SERVICES AND MENTAL HEALTH ADMINISTRATION

Statement of Organization, Functions and Delegations of Authority

Correction

In F.R. Doc. 71–11770 appearing on page 15465 in the issue of Saturday, August 14, 1971, the date following the signature reading "June 15, 1971" should read "April 15, 1971".

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. D–71–122]

CHIEF, POLICY AND REVIEW BRANCH, CONTRACTS AND AGREEMENTS DIVISION, OFFICE OF GENERAL SERVICES

Designation as Contracting Officer and Redelegation of Authority

The Chief, Policy and Review Branch, Contracts and Agreements Division, Office of General Services, is designated as a contracting officer and is authorized to:

1. Enter into and administer procurement contracts and make related determinations except determinations under sections 302(c) (11), (12), and (13) of the Federal Property and Administrative Services Act, as amended (41 U.S.C. 252(c) (11), (12), and (13)).

2. Enter into and administer agreements with other Federal agencies involving the obligation of funds.

(Designation and redelegation of Director, Office of General Services, effective Mar. 25, 1967, 32 F.R. 4548, Mar. 25, 1967)

Effective date. This document shall be effective as of July 19, 1971.

WILLIAM J. PRIME,
Director, Contracts and Agreements Division.

COST OF LIVING COUNCIL

[Order No. 1]

DIRECTOR, OFFICE OF EMERGENCY PREPAREDNESS

Delegation of Authority

Pursuant to the authority vested in the Council by section 4 of Executive Order No. 11615 (hereinafter referred to as the order), it is hereby ordered as follows:

1. There is hereby delegated to the Director, Office of Emergency Preparedness (hereinafter referred to as the Director), responsibility and authority to implement, administer, monitor, and enforce the stabilization of prices, rents, wages, and salaries as directed by section 1 of the order.

2. There is hereby delegated to the Director the authority vested in the Council by sections 4(a), 5, and 7 of the order.

3. All executive departments and agencies shall furnish such necessary assistance to the Director as may be authorized by section 214 of the Act of May 3, 1945, 59 Stat. 134 (31 U.S.C. 691).

4. Significant policy decisions shall be made only after consultation with the Council.

5. The Director may redelegate to any agency, instrumentality, or official of the United States any authority under this order, and may, in carrying out the functions delegated to it by this order, utilize the services of any other agencies, Federal or State, as may be available and appropriate.

By direction of the Council.

[SEAL] JOHN B. CONNALLY,
Chairman.

[Order No. 2]

IMPOSITION OF SUPPLEMENTAL DUTY

Authority To Increase Prices on Imported Goods

Pursuant to the authority vested in the Council by Executive Order No. 11615, it is hereby ordered that there are exempted from the prohibitions of section 1 of that order articles imported into the Customs territory of the United States from outside thereof, to the extent, but only to the extent, that any price higher than that permitted under that order is to offset the supplemental duty imposed by Proclamation No. 4074 and paid, directly or indirectly, by the person charging, assessing, or receiving, the higher price. Any increase in price, whether at wholesale or retail or otherwise, which is greater than that necessary to offset the supplemental duty actually passed on to, and paid by, the person charging, assessing, or receiving, the higher price, shall be deemed to be in violation of that order.

Any person increasing prices pursuant to the authorization contained herein shall maintain adequate records to demonstrate that such increases are in fact authorized by this order.

By direction of the Council.

[SEAL] JOHN B. CONNALLY,
Chairman.

COUNCIL ON ENVIRONMENTAL QUALITY

NATIONAL OIL AND HAZARDOUS SUBSTANCES POLLUTION CONTINGENCY PLAN

This National Contingency Plan as revised August 1971, prepared at the direction of the 91st Congress and Public Law 91–224, provides a mechanism for coordinating the response to a spill of oil or hazardous polluting substance. (This Plan supersedes the National Oil and Hazardous Materials Pollution Contingency Plan—June 1970.)

100 INTRODUCTION

101 AUTHORITY

101.1 This National Oil and Hazardous Substances Pollution Contingency Plan has been developed in compliance with the Federal Water Pollution Control Act, as amended, (33 U.S.C. 1151, et seq.). The President, in section 4(a), Executive Order 11548, July 22, 1970, delegated authority and responsibility to CEQ to carry out subsection (c)(2) of section 11 of the Act, providing for the preparation, publication, revision and amendment of a National Contingency Plan for the removal of oil.

102 PURPOSE AND OBJECTIVES

102.1 This Plan (including the Annexes) provides for a pattern of coordinated and integrated response by Departments and Agencies of the Federal Government to protect the environment from the damaging effects of pollution spills. It also promotes the coordination and direction of Federal,

State, and local response systems and encourages the development of local government and private capabilities to handle such pollution spills.

102.2 The objectives of this Plan are to provide for efficient, coordinated and effective action to minimize damage from oil and hazardous substance discharges, including containment, dispersal, and removal. The Plan, including the Annexes and regional plans, provides for: (a) Assignment of duties and responsibilities, (b) establishment and identification of strike forces and emergency task forces, (c) a system of notification, surveillance and reporting, (d) establishment of a National Center to coordinate and direct operations in carrying out this Plan, (e) a schedule of dispersants and other chemicals to treat oil spills, (f) enforcement and investigative procedures to be followed, (g) directions on public information releases and (h) instructions covering on-scene coordination.

103 SCOPE

103.1 This plan is effective for all U.S. navigable waters, their tributaries and adjoining shorelines. This includes inland rivers, Great Lakes, coastal territorial waters, the contiguous zone and high seas where there exists a threat to U.S. waters, shoreface, or shelf-bottom.

103.2 The provisions of this Plan are applicable to all Federal Agencies. Implementation of this Plan is compatible with and complementary to currently effective joint International contingency plans, assistance plans, agreements, security regulations, and responsibilities based upon Federal statutes and Executive orders.

104 ABBREVIATIONS

104.1 Department and Agency Title Abbreviations

CEO—Council on Environmental Quality.
Commerce—Department of Commerce.
Corps—U.S. Army Corps of Engineers.
DHEW—Department of Health, Education and Welfare.
DOD—Department of Defense.
DOI—Department of Interior.
DOT—Department of Transportation.
EPA—Environmental Protection Agency.
Justice—Department of Justice.
MarAd—Maritime Administration.
NOAA—National Oceanic and Atmospheric Administration.
OEP—Office of Emergency Preparedness.
State—Department of State.
USCG—U.S. Coast Guard.
USGS—U.S. Geological Survey.
USN—U.S. Navy.

104.2 Operational Title Abbreviations

NRC—National Response Center.
NRT—National Response Team.
OSC—On-Scene Coordinator.
RRC—Regional Response Center.
RRT—Regional Response Team.

105 DEFINITIONS (WITHIN THE MEANING OF THIS PLAN)

105.1 "Act" means the Federal Water Pollution Control Act, as amended, (33 U.S.C. 1151, et seq.).

105.2 "Discharge" includes but is not limited to, any spilling, leaking, pumping, pouring, emitting, emptying, or dumping.

105.3 "United States" means the States, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

105.4 "Inland Waters" generally are those navigable fresh waters upstream from the coastal waters (see 105.5).

105.5 "Coastal Waters" generally are those U.S. marine waters navigable by deep draft vessels.

105.6 "Contiguous Zone" means the entire zone established or to be established by the United States under Article 24 of the Convention on the Territorial Sea and the contiguous zone. This is assumed to extend 12 miles seaward from the baseline where the territorial sea begins.

105.7 "Public Health or Welfare" includes consideration of all factors affecting the health and welfare of man, including but not limited to human health, the natural environment, fish, shellfish, wildlife, and public and private property, shorelines, and beaches.

105.8 "Major Disaster" means any hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake, drought, fire, or other catastrophe in any part of the United States which, in the determination of the President, is or threatens to become of sufficient severity and magnitude to warrant disaster assistance by the Federal government to supplement the efforts and available resources of States and local governments and relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

105.9 "Oil" means oil of any kind or in any form, including but not limited to, petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil.

105.10 "Hazardous Polluting Substance" is an element or compound, other than oil as defined in 105.9 which, when discharged in any quantity, into or upon navigable waters of the United States or their tributaries, presents an imminent or substantial threat to the public health or welfare.

105.11 "Minor Spill" is a discharge of oil of less than 1,000 gallons in inland waters, or less than 10,000 gallons in coastal waters or a discharge of any material in a quantity that does not pose a threat to the public health or welfare. Discharges that: (1) Occur in or endanger critical water areas; (2) generate critical public concern; (3) become the focus of an enforcement action; or (4) pose a threat to public health or welfare, should be classified as medium or major spills depending on their degree of impact.

105.12 "Medium Spill" is a discharge of oil of 1,000 gallons to 10,000 gallons in the inland waters or 10,000 gallons to 100,000 gallons in coastal waters, or a discharge of any quantity of any material that poses a threat to the public health or welfare. See 105.11 for a definition of those spills which might be classified as a major spill even though their quantities conform to the definition of a medium spill.

105.13 "Major Spill" is a discharge of oil of more than 10,000 gallons in inland waters or more than 100,000 gallons in coastal waters or a discharge of any quantity of material or substance that substantially threatens the public health or welfare, or generates wide public interest.

105.14 "Potential Spill" is any accident or other circumstance which threatens to result in the discharge of oil or hazardous polluting substance. A potential spill shall be classified as to its severity based on the guidelines above.

105.15 "Primary Agencies" are those Departments or Agencies comprising the NRT and designated to have primary responsibility and resources to promote effective operation of this Plan. These agencies are: DOD, DOI, DOT, and EPA.

105.16 "Advisory Agencies" are those Departments or Agencies which can make major contributions during response activities for certain types of spills. These Agencies are: Commerce, DHEW, Justice, OEP, and State.

105.17 "Remove or Removal" is the removal of oil or hazardous polluting substance from the water and shorelines or the taking of such other actions as may be necessary to minimize or mitigate damage to the public health or welfare.

200 POLICY AND RESPONSIBILITY

201 FEDERAL POLICY

201.1 Federal Policy. The Congress has declared that it is the policy of the United States that there should be no discharge of oil into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone (sec. 11(b)(1) of the Act). It must also be emphasized that this Nation, in November 1970, announced a goal of no intentional discharges of oil from tankers and other vessels to the seas by mid-decade.

201.2 The primary thrust of regional plans is to provide a Federal response capability at the regional level. The OSC shall determine if the person responsible for the discharge of oil or hazardous polluting substances has reported the discharge in accordance with section 11(b)(4) or section 12(c) of the Act, or in accordance with regulations promulgated under the Outer Continental Shelf Lands Act, and is taking adequate action to remove the pollutant or adequately mitigate its effects. The OSC should, if practicable, insure that the person responsible for the spill is aware of his responsibility and is encouraged to undertake necessary countermeasures. When such person is taking adequate action, the principal thrust of Federal activities shall be to observe and monitor progress and to provide advice and counsel as may be necessary. In the event that the person responsible for a pollution spill does not act promptly, does not take or propose to take proper and appropriate actions to contain, clean up and dispose of pollutants or the discharger is unknown, further Federal response actions shall be instituted as required in accordance with sections 11(c)(1) or 12(d) of the Act.

201.3 The Federal agencies possessing facilities or other resources which may be useful in a Federal response situation will make such facilities or resources available for use in accordance with this Plan, as supplemented by the regional plans, and as consistent with operational requirements, within the limits of existing statutory authority, and within the spirit of the President's intention to minimize discharges and their effects when they do occur.

201.4 Because Federal agencies other than OEP, or the public or private agency that caused the pollution spill, have primary responsibility and resources for alleviating or eliminating the pollution hazard, there appears to be little additional Federal assistance that could be made available as the result of a major disaster declaration. It appears, therefore, that a Presidential major disaster declaration will rarely be involved in a pollution spill.

202 FEDERAL RESPONSIBILITY

202.1 Each of the Primary and Advisory Federal Agencies has responsibilities established by statute, Executive order or Presidential directive which may bear on the Federal response to a pollution spill. This Plan intends to promote the expeditious and harmonious discharge of these responsibilities through the recognition of authority for action by those Agencies having the most appropriate capability to act in each specific situation. Responsibilities and authorities of these several Agencies relevant to the control of pollution spills are detailed in Annex VII. In the development of the regional plans, provision shall be made to assure recognition of the statutory responsibilities of all involved Agencies.

202.2 The Council on Environmental Quality is responsible for the preparation, publication, revision or amendment of this National Contingency Plan in accordance with section 4(a) Executive Order 11548. The Council will receive the advice of the NRT on necessary changes to the Plan and shall insure that any disagreements arising among members of the NRT are expeditiously settled.

202.3 The Department of Commerce, through NOAA and MarAd, provides support to the NRT, RRT, and OSC with respect to: Marine environmental data; living marine resources; current and predicted meterological, hydrologic and oceanographic conditions for the high seas, coastal and inland waters; design, construction, and operation of merchant ships; and maps and charts, including tides and currents for coastal and territorial waters and the Great Lakes.

202.4 The Department of Health, Education, and Welfare is responsible for providing expert advice and assistance relative to those spills or potential spills that constitute or may constitute a threat to public health and safety.

202.5 The Department of Defense, consistent with its operational requirements, may provide assistance in critical pollution spills and in the maintenance of navigation channels, salvage, and removal of navigation obstructions.

202.6 The Department of Interior, through the USGS, supplies expertise in the fields of oil drilling, producing, handling, and pipeline transportation. Also the USGS has access to and supervision over continuously manned facilities which can be used for command, control and surveillance of spills occurring from operations conducted under the Outer Continental Shelf Lands Act. Additionally, the Department of Interior will provide, through its Regional Coordinators, technical expertise to the OSC and RRT with respect to land, fish, and wildlife, and other resources for which it is responsible DOI is also responsible for American Samoa and the Trust Territory.

202.7 The Department of Transportation provides expertise regarding all modes of movement of oil and hazardous substances. Through the USCG, the Department services as vice chairman of the NRT and supplies support and expertise in the domestic/international fields of port safety and security, marine law enforcement, navigation, and construction, manning operation, and safety of vessels and marine facilities. Additionally, the Coast Guard maintains continuously manned facilities that are capable of command, control, and surveillance for spills occurring on the navigable waters of the United States or the high seas. The USCG is responsible for chairing the RRT and for implementing, developing and revising, as necessary, the regional plans for those areas where it is assigned the responsibility to furnish or provide for OSCs (sec. 306.2). EPA will provide guidance to and coordinate with DOT regarding pollution control and the protection of the environment in the preparation of such plans.

202.8 Environmental Protection Agency is responsible for chairing the NRT. In this capacity, it will assure that the Plan is effectively and efficiently implemented with optimum coordination among Federal agencies and will recommend changes in the Plan to CEQ, as deemed necessary. EPA is also responsible for chairing the RRT and for development, revision, and implementation, as necessary, of regional plans for those areas in which it has responsibility to furnish or provide for the OSC (sec. 306.2). Through the resources of the Office of Water Programs, EPA will provide technical expertise to NRT and the RRTs relative to environmental pollution control techniques including assessment of damages and environmental restoration.

202.9 The Department of Justice can supply expert legal advice to deal with complicated judicial questions arising from spills and Federal agency responses.

202.10 The Office of Emergency Preparedness will maintain an awareness of pollution incidents as they develop. The normal OEP procedures will be followed to evaluate any request for a major disaster declaration received from a Governor of a State. If the President declares that a pollution spill constitutes a major disaster under Public Law 91-606, the Director, OEP, will provide coordination and direction of the Federal response in accordance with OEP policies and procedures.

202.11 The Department of State can provide leadership in developing joint international contingency plans with Canada and Mexico in concert with the United States. It can also provide assistance in coordination when a pollution spill transects international boundaries or involves foreign flag vessels.

202.12 All Federal agencies are responsible for minimizing the occurrence of spills and for developing the capability to respond promptly in cases of spills from facilities they operate or supervise, and for making resources available for National spill response operations. Primary Agencies, however, have the following additional responsibilities: For leading all Federal agencies in programs to minimize the number of and environmental damage associated with spills from facilities they operate or supervise; to develop, within their operating agencies, the capability for a rapid, coordinated response to any spill; for providing official representation to NRT and RRT; for making information available as may be necessary; and, for keeping RRT informed, consistent with national security considerations, of changes in the availability of resources that would affect the operation of this Plan.

203 NON-FEDERAL RESPONSIBILITY

203.1 State and local governments, industry groups, the academic community, and others are encouraged to commit resources for response to a spill. Their specific commitments are outlined by the regional plans. Of particular relevance is the organization of a standby scientific response capability.

300 PLANNING AND RESPONSE ELEMENTS

301 SPILL RESPONSE ACTIVITIES AND COORDINATION

301.1 For spill response activities, Federal on-scene coordination is accomplished through a single, predesignated agent, the On-Scene Coordinator (OSC). He reports to and receives advice from an RRT composed of appropriate representatives from the Regional and District offices of the Primary and Advisory Agencies.

301.2 National level coordination is accomplished through the NRT which receives reports from and renders advice to the RRT. Activities are coordinated through the National and various regional response centers.

FEDERAL REGISTER, VOL. 36, NO. 162—FRIDAY, AUGUST 20, 1971

302 NATIONAL RESPONSE CENTER

302.1 The NRC, located at Headquarters, USCG, is the Washington, D.C., headquarters site for activities relative to pollution spills. NRC quarters are described in Annex III, and provide communications, information storage, necessary personnel and facilities to promote the smooth and adequate functioning of this activity.

303 NATIONAL RESPONSE TEAM

303.1 The NRT consists of representatives from the Primary and Advisory Agencies. It serves as the National body for planning and preparedness actions prior to a pollution spill and acts as an emergency response team to be activated under conditions specified in 303.3.

303.2 Planning and preparedness responsibilities of the NRT are:

303.2–1 Maintenance of a continuing review of regional spill response operations and equipment readiness to insure adequacy of regional and national planning and coordination for combating spills of oil and hazardous substances.

303.2–2 Review of functioning of the RRT's to insure that regional plans developed are fully coordinated among involved agencies. It shall serve as a body to which the RRT's may refer for settlement of matters which they cannot resolve.

303.2–3 Development of procedures to promote the coordination of Federal, State, and local governments, and private agencies to respond to pollution spills.

303.2–4 Establishment and maintenance of a standing committee on revision of the National Plan. This committee shall provide suggested revisions to the NRT for consideration, approval and publication by CEQ. The Primary Agencies shall provide membership on this standing committee. Advisory Agencies shall participate whenever revision or proposed amendments would affect those Agencies.

303.2–5 Maintenance of the National posture with respect to pollution spills. Based on a continuing evaluation of response actions it shall consider and make recommendations to appropriate agencies relating to training and equipping response team personnel; necessary research, development, demonstration and evaluation activities to support response capabilities; and equipment, material stockpiling and other operational matters as the need arises. CEQ shall be advised of any Agency's failure to adequately respond to these recommendations. Committees shall be established, as appropriate, to consider various matters. Membership on these committees shall consist of the representatives from the Primary Agencies and such Advisory Agencies that may have direct involvement.

303.2–6 Establishment and maintenance of liaison with the U.S. National Committee for the Prevention of Pollution of the Seas by Oil in order to insure a consistent U.S. posture regarding oil pollution control. The NRT shall also maintain awareness of international coordination efforts in contingency planning.

303.3 During pollution spills, NRT shall act as an emergency response team comprised of representatives from the primary and selected Advisory Agencies to be activated when the spill of oil or hazardous polluting substances (a) exceeds the response capability of the region in which it occurs, (b) involves national security, or (c) presents a major hazard to substantial numbers of persons or nationally significant amounts of property. Any Advisory Agency may, by request to NRT, have a representative present whenever the NRT is activated for response to a spill. When activated the NRT shall:

303.3–1 Monitor and evaluate reports generated by the OSC insuring their completeness. Based on this evaluation, NRT may recommend courses of action in combating the spill through RRT for consideration by the OSC: NRT has no operational control of the OSC.

303.3–2 Consider requesting other Federal, State, local government or private agencies to take action under their existing authorities to provide resources necessary for combating a spill or deployment of personnel to monitor the handling of a spill.

303.3–3 Coordinate the actions of regions or districts other than those affected by spills to supply needed equipment, personnel, or technical advice to the RRT and OSC.

303.3–4 Act as the focal point for national public information releases and for information transfer between the OSC and the Washington, D.C. headquarters of the Agencies concerned, so as to minimize or prevent dissemination of spurious and incomplete information. Public information actions are discussed in Annex VI.

304 REGIONAL RESPONSE CENTER

304.1 The RRC is the regional site for pollution spill response activities. It will be accommodated in quarters described in each regional plan and will provide communications, information storage and other necessary personnel and facilities to promote the proper functioning and administration of regional spill response operations.

305 REGIONAL RESPONSE TEAM

305.1 The RRT consists of regional representatives of the Primary and selected Advisory Agencies, as appropriate. RRT shall act within its region as an emergency response team performing response functions similar to those described for NRT. RRT will also perform review and advisory functions relative to the regional plan similar to those prescribed for NRT at the National level. Additionally, the RRT shall determine the duration and extent of the Federal response, and when a shift of on-scene coordination from the predesignated OSC to another OSC is indicated by the circumstances or progress of a pollution spill. Any of the Advisory Agencies, by request to the RRT, may have a representative present when RRT is activated.

305.2 Boundaries of the standard regions for Federal administration shall be followed for the development of regional contingency plans, where practicable. As a minimum, these areas shall be defined to correspond to the areas in which the Environmental Protection Agency and Coast Guard are respectively responsible for furnishing or providing for the OSC's.

305.3 The Agency membership on RRT is as established by 305.1 above; however, individuals representing the Primary Agencies may vary depending on the subregional area in which the spill occurs. Details of such representation are specified in each regional contingency plan.

305.4 The States lying within a region are invited to furnish one observer each to meetings of the RRT.

305.5 Activation of the RRT shall be automatic in the event of a major or potential major spill. Any Primary Agency representative on the team may request activation during any other spill. Deactivation of RRT shall be by agreement between EPA and USCG team members.

306 ON-SCENE COORDINATION

306.1 Coordination and direction of Federal pollution control efforts at the scene of a spill or potential spill shall be accomplished through the OSC. The OSC is the single executive agent predesignated by regional plan to coordinate and direct such pollution control activities in each area of the region.

306.1–1 In the event of a spill of oil or hazardous polluting substance, the first Federal official on the site shall assume coordination of activities under the Plan until the arrival of the predesignated OSC (or other appropriate person, pending the arrival of the OSC).

306.1–2 The OSC shall determine pertinent facts about a particular spill, such as its potential impact on human health; the nature, amount, and location of material spilled; the probable direction and time of travel of the material; the resources and installations which may be affected and the priorities for protecting them.

306.1–3 The OSC shall initiate and direct as required Phase II, Phase III and Phase IV operations as hereinafter described.

306.1–4 The OSC shall call upon and direct the deployment of needed resources in accordance with the regional plan to initiate and continue containment, countermeasures, cleanup, restoration, and disposal functions.

306.1–5 The OSC shall provide necessary support activities and documentation for Phase V activities.

306.1–6 In carrying out this Plan, the OSC will fully inform and coordinate closely with RRT to ensure the maximum effectiveness of the Federal effort in protecting the natural resources and the environment from pollution damage.

306.2 EPA and the USCG shall insure that OSC's are predesignated for each region and subregion, and for each Federally operated or supervised facility within subregions in accordance with the following criteria:

306.2–1 EPA shall furnish or provide for OSC's on inland navigable waters, and their tributaries.

306.2–2 The USCG shall furnish or provide for OSC's for the high seas, coastal and contiguous zone waters, and for Great Lakes coastal waters, ports and harbors.

306.2–3 The major consideration in selection of the OSC for a particular area or facility shall be based upon the Agency's capability and resources to provide on-scene coordination of pollution control response activities. If the responsible Agency does not act promptly or take appropriate action, the EPA or USCG shall, depending on the area in which the spill occurs, assume the OSC functions. Pollution control actions taken must be in accordance with Federal regulations and guidelines, EPA policies and this Plan.

306.3 Section 4(a)(4) Executive Order 11507, February 5, 1970, requires development, by all Federal agencies, of emergency plans and procedures for dealing with accidental pollution. Plans developed pursuant to that authority shall be in accordance with and complementary to appropriate regional oil and hazardous substances pollution contingency plans.

306.4 In the event of a nuclear pollution spill, the coordination and response procedures of the Interagency Radiological Assistance Plan shall apply.

400 FEDERAL RESPONSE OPERATIONS—RESPONSE PHASES

400.1 The actions taken to respond to a pollution spill can be separated into five relatively distinct classes or phases. For descriptive purposes, these are: Phase I—Discovery and Notification; Phase II—Containment and Countermeasures; Phase III—Cleanup and Disposal; Phase IV—Restoration; and Phase V—Recovery of Damages and Enforcement. It must be recognized that elements of any one phase may take place concurrently with one or more other phases.

401 PHASE I—DISCOVERY AND NOTIFICATION

401.1 Discovery of a spill may be by a report received from the discharger in accordance with statutory requirements, through deliberate discovery procedures such as vessel patrols, aircraft searches, or similar procedures, or through random discovery by incidental observations of Government agencies or the general public. In the event of receipt of a report by the discharger, written verification of such notification shall be provided by the receiving Federal agency within 7 working days. In the event of deliberate discovery, the spill would be reported directly to the RRC. Reports from random discovery may be initially through fishing or pleasure boats, police departments, telephone operators, port authorities, news media, etc. Reports generated by random discovery should be reported to the nearest CG or EPA office. Regional plans should provide for such reports to be channeled to the RRC as promptly as possible to facilitate effective response action.

401.2 The severity of the spill will determine the reporting procedure and the participating Federal agencies to be notified promptly of the spill. The severity of the spill is determined by the nature and quantity of materials spilled, the location of the spill and the resources adjacent to the spill area which may be affected by it. Regional plans should specify critical water use areas and detail alerting procedures and communication links. All spills should be reported to the OSC and the RRC. A major or potential major spill shall immediately be reported to the RRC and NRC via telephone and teletype. Members of the RRT and NRT shall be notified by the appropriate response center depending on the severity of the spill. Medium spills shall be reported to the RRC and the NRC as soon as practicable, utilizing teletype whenever possible.

402 PHASE II—CONTAINMENT AND COUNTERMEASURES

402.1 These are defensive actions to be initiated as soon as possible after discovery and notification of a spill. After the OSC determines that further Federal response actions are needed and depending on the circumstances of each particular case, various actions may be taken. These may include, public health protection activities, source control procedures, salvage operations, placement of physical barriers to halt or slow the spread of a pollutant, emplacement or activation of booms or barriers to protect specific installations or areas, control of the water discharge from upstream impoundments, and the employment of chemicals and other materials to restrain the pollutant and its effects on water related resources. Surveillance activities will be conducted as needed to support Phase II and Phase III actions.

403 PHASE III—CLEANUP AND DISPOSAL

403.1 This includes those actions taken to remove the pollutant from the water and related onshore areas such as the collection of oil through the use of sorbers, skimmers, or other collection devices, the removal of beach sand, and safe, nonpolluting disposal of the pollutants which are recovered in the cleanup process.

404 PHASE IV—RESTORATION

404.1 This includes those actions taken to restore the environment to its prespill condition, including assessment of damages incurred, and actions such as reseeding shellfish beds.

405 PHASE V—RECOVERY OF DAMAGES AND ENFORCEMENT

405.1 This includes a variety of activities, depending on the location of and circumstances surrounding a particular spill. Recovery of Federal cleanup costs and recovery for damage done to Federal, State or local government property is included; however, third party damages are not dealt with in this Plan. Enforcement activities under appropriate authority such as sections 11 and 12 of the Act, the Refuse Act of 1899, and State and local statutes or ordinances are also included. The collection of scientific and technical information of value to the scientific community as a basis for research and development activities and for the enhancement of our understanding of the environment may also be considered in this phase. It must be recognized that the collection of samples and necessary data must be performed at the proper times during the case for enforcement and other purposes. Enforcement procedures, including investigative requirements, are detailed in Annex VIII.

406 PROCEDURES TO BE FOLLOWED FOR THE PURPOSE OF WATER POLLUTION CONTROL

406.1 The agency furnishing the OSC for a particular area is assigned responsibility to undertake and implement Phase I activities in that area. Other agencies should incorporate Phase I activities into their ongoing programs whenever practicable. Upon receipt of information, either from deliberate or random discovery activities, that a spill has occurred, the OSC for the affected area will be notified. Subsequent action and dissemination of information will be in accordance with the applicable regional plan.

406.2 The OSC is assigned responsibility for the initiation of Phase II actions and should take immediate steps to effect containment or other appropriate countermeasures.

406.3 The OSC is assigned responsibility for conduct of Phase III activities.

406.4 The OSC is assigned responsibility for the conduct of Phase IV activities utilizing techniques concurred in by the RRT.

406.5 Phase V activities shall be carried out by the individual agencies in accordance with existing statutes, with such assistance as is needed from other agencies and from the OSC.

406.6 Environmental pollution control techniques shall be in accordance with the applicable regional plan. In any circumstance not covered by the regional plan, the use of chemicals must be in accordance with Annex X and must have the concurrence of the EPA representative on RRT; in his absence, the concurrence of the appropriate EPA Regional Administrator will be required.

500 COORDINATING INSTRUCTIONS

501 DELEGATION OF AUTHORITY

501.1 Delegation of authority or concurrence in proposed or continuing water pollution control activities may be either verbal or written by the EPA representative on RRT.

502 MULTIREGIONAL ACTIONS

502.1 In the event that a spill or a potential spill moves from the area covered by one contingency plan into another area, the authority to initiate pollution control actions shall shift as appropriate. In the event that a polluting

spill or potential spill affects areas covered by two or more regional plans, the response mechanism called for by both plans shall be activated; however, pollution control actions shall be fully coordinated as detailed in the regional plans.

502.2 There shall be only one On-Scene Coordinator at any time during the course of a spill response. Should a spill affect two or more areas, the RRT will designate the OSC, giving prime consideration to the area vulnerable to the greatest damage. NRT shall designate the OSC if members of one RRT or of two adjacent RRTs, if appropriate, are unable to agree on the designation.

503 NOTIFICATION

503.1 Sections 11 and 12 of the Act require that all harmful discharges of oil and all discharges of hazardous substances into or upon the navigable waters of the United States must be reported to appropriate Federal authority. Designation of the Federal agents to receive such reports are contained in Title 33, Part 153, Subpart B, Code of Federal Regulations published by the U.S. Coast Guard and are available through that Agency's District Headquarters. In general, such reports are to be made to the nearest USCG or EPA office.

504 GENERAL PATTERN OF RESPONSE ACTIONS

504.1 When the On-Scene Coordinator receives a report of a spill, or potential spill, the report should be evaluated. In most situations, the sequence of actions shown below should be followed.

504.1–1 Investigate the report to determine pertinent information such as the threat posed to public health or welfare, the type and quantity of material spilled, and the source of the spill.

504.1–2 Effect notification in accordance with the applicable regional plan.

504.1–3 Designate the severity of the situation and determine the future course of action to be followed.

504.2 The result of the report probably can be categorized by one of five classes. Appropriate action to be taken in each specific type case is outlined below:

504.2–1 If the investigation shows that the initial information overstated the magnitude or danger of the spill and there is no environmental pollution involved, it should be considered a false alarm and the case should be closed.

504.2–2 If the investigation shows a minor spill with the discharger taking appropriate cleanup action, contact is made with the discharger, the situation is monitored and information is gathered for possible enforcement action.

504.2–3 If the investigation shows a minor spill with improper action being taken, the following measures should be taken:

a. Attempt should be made to prevent further discharges from the source.

b. The discharger should be advised of the proper action to be taken.

c. If, after providing advice to the discharger and this advice is not followed, the discharger should be warned of legal responsibility for cleanup and violations of law.

d. Information should be collected for possible enforcement action.

e. The OSC should notify appropriate State and local officials. He should keep the Regional Response Center advised and initiate Phase II and III activities as conditions warrant.

504.2–4 When a report or investigation indicates that a medium spill has occurred or that a potential medium spill situation exists, the OSC should follow the same general procedures as for a minor spill. Additionally, the OSC should make a recommendation on convening the RRT.

504.2–5 When a report indicates that a major spill has occurred, that a potential major spill situation exists, or that a spill or potential spill which could arouse wide public concern has occurred, the OSC should follow the same procedures as for minor and medium spills. RRC and NRT should, however, be notified immediately of the situation even if the initial report has not been confirmed.

505 STRIKE FORCE

505.1 A nucleus National level strike force, consisting of personnel trained, prepared and available to provide the necessary services to carry out this Plan has been established by the USCG. This force, presently located on the east coast, is being augmented and will be on site at various locations throughout the country. The National level strike force will be made available if requested to assist in response during pollution spills. The National level strike force may be requested through the appropriate USCG District Commander, Area Commander, or the Commandant, USCG. The strike force will direct the operation of any government-owned specialized pollution cleanup equipment and will function under the OSC.

505.2 Regional plans shall provide the designation of local strike force teams consisting of personnel from operating units within the region. They shall be trained, prepared, and available to provide necessary services to implement the Plan. Regional plans shall specify the location of the local strike force teams. The services of the local strike force teams will be obtained through the appropriate Coast Guard District Commander. These teams are to be capable of merging with other strike forces within the region, or of being sent outside their own region. They are to be capable of supplementing the National level strike force. The local strike force teams should be capable of full independent response to all minor spill situations and joint coordinative response to medium or major spill situations.

600 PROCEDURES FOR CHANGING THE PLAN AND ANNEXES

601 AMENDMENT OF THE PLAN AND ANNEXES

601.1 Recommended changes to this Plan and Annexes shall be developed by NRT and submitted to CEQ for approval and publication. Should disagreements between agencies arise, recommendations of a majority of the NRT members and the minority opinion shall be submitted to CEQ for decision.

602 AMENDMENT OF THE REGIONAL PLANS

602.1 Regional plans may be amended by EPA or the USCG in their respective areas with the concurrence of the Agencies affected by such changes.

Any disagreements will be referred to NRT for resolution.

ROBERT CAHN,
Acting Chairman.

ANNEX X

2000 SCHEDULE OF DISPERSANTS AND OTHER CHEMICALS TO TREAT OIL SPILLS

2001 General. 2001.1 This schedule shall apply to the navigable waters of the United States and adjoining shorelines, and the waters of the contiguous zone as defined in Article 24 of the Convention on the Territorial Sea and the Contiguous Zone.

2001.2 This schedule applies to the regulation of any chemical as hereinafter defined that is applied to an oil spill.

2001.3 This schedule advocates development and utilization of mechanical and other control methods that will result in removal of oil from the environment with subsequent proper disposal.

2001.4 Relationship of the Environmental Protection Agency with other Federal agencies and State agencies in implementing this schedule: In those States with more stringent laws, regulations or written policies for regulation of chemical use, such State laws, regulations, or written policies shall govern. This schedule will apply in those States that have not adopted such laws, regulations, or written policies.

2002 Definitions. Substances applied to an oil spill are defined as follows:

2002.1 Collecting agents—include chemicals or other agents that can gell, sorb, congeal, herd, entrap, fix, or make the oil mass more rigid or viscous in order to facilitate surface removal of oil.

2002.2 Sinking agents—are those chemical or other agents that can physically sink oil below the water surface.

2002.3 Dispersing agents—are those chemical agents or compounds which emulsify, disperse, or solubilize oil into the water column or act to further the surface speading of oil slicks in order to facilitate dispersal of the oil into the water column.

2003 Collecting agents. Collecting agents are considered to be generally acceptable providing that these materials do not in themselves or in combination with the oil increase the pollution hazard.

2004 Sinking agents. Sinking agents may be used only in marine waters exceeding 100 meters in depth where currents are not predominately onshore, and only if other control methods are judged by EPA to be inadequate or not feasible.

2005 Authorities controlling use of dispersants. 2005.1 Regional response team activated: Dispersants may be used in any place, at any time, and in quantities designated by the On-Scene Coordinator, when their use will:

2005.1–1 In the judgment of the OSC, prevent or substantially reduce hazard to human life or limb or substantial hazard of fire to property;

2005.1–2 In the judgment of EPA, in consultation with appropriate State agencies, prevent or reduce substantial hazard to a major segment of the population(s) of vulnerable species of waterfowl; and,

2005.1–3 In the judgment of EPA, in consultation with appropriate State agencies, result in the least overall environmental damage, or interference with designated uses.

2005.2 Regional response team not activated: Provisions of section 2005.1–1 shall apply. The use of dispersants in any other situation shall be subject to this schedule except in States where State laws, regulations, or written policies that govern the prohibition, use, quantity, or type of dispersant are in effect. In such States, the State laws, regulations or written policies shall be followed during the cleanup operation.

2006 Interim restrictions on use of dispersants for pollution control purposes. Except as noted in 2005.1, dispersants shall not be used:

2006.1 On any distillate fuel oil;

2006.2 On any spill of oil less than 200 barrels in quantity;

2006.3 On any shoreline;

2006.4 In any waters less than 100 feet deep;

2006.5 In any waters containing major populations, or breeding or passage areas for species of fish or marine life which may be damaged or rendered commercially less marketable by exposure to dispersant or dispersed oil;

2006.6 In any waters where winds and/or currents are of such velocity and direction that dispersed oil mixtures would likely, in the judgment of EPA, be carried to shore areas within 24 hours; or

2006.7 In any waters where such use may affect surface water supplies.

2007 Dispersant use. Dispersants may be used in accordance with this schedule if other control methods are judged to be inadequate or infeasible, and if:

2007.1 Information has been provided to EPA, in sufficient time prior to its use for review by EPA, on its toxicity, effectiveness and oxygen demand determined by the standard procedures published by EPA (prior to publication by EPA of standard procedures, no dispersant shall be applied, except as noted in section 2005.1–1 in quantities exceeding 5 p.p.m. in the upper 3 feet of the water column during any 24-hour period. This amount is equivalent to 5 gallons per acre per 24 hours); and

2007.2 Applied during any 24- hour period in quantities not exceeding the 96 hour TL_{50} of the most sensitive species tested as calculated in the top foot of the water column. The maximum volume of chemical permitted, in gallons per acre per 24 hours, shall be calculated by multiplying the 96-hour TL_{50} value of the most sensitive species tested, in parts per million, by 0.33; except that in no case, except as noted in section 2005.1–1, will the daily application rate of chemical exceed 540 gallons per acre or one-fifth of the total volume spilled, whichever quantity is smaller.

2007.3 Dispersant containers are labeled with the following information:

2007.3–1 Name, brand, or trademark, if any, under which the chemical is sold;

2007.3–2 Name and address of the manufacturer, importer, or vendor;

2007.3–3 Flash point;

2007.3–4 Freezing or pour point;

2007.3–5 Viscosity;

2007.3–6 Recommend application procedure(s), concentration(s), and conditions for use as regards water salinity, water temperature, and types and ages of oils; and

2007.3–7 Date of production and shelf life.

2007.4 Information to be supplied to EPA on the:

2007.4–1 Chemical name and percentage of each component;

2007.4–2 Concentrations of potentially hazardous trace materials, including, but not necessarily being limited to lead, chromium, zinc, arsenic, mercury, nickel, copper, or chlorinated hydrocarbons;

2007.4–3 Description of analytical methods used in determining chemical characteristics outlined in 2007.4–1, –2 above;

2007.4–4 Methods for analyzing the chemical in fresh and salt water are provided to EPA or reasons why such analytical methods cannot be provided; and

2007.4–5 For purposes of research and development, EPA may authorize use of dispersants in specified amounts and locations under controlled conditions irrespective of the provisions of this schedule.

NOTE: In addition to those agents defined and described in section 2002 above, the following materials which are not a part of this schedule, with cautions on their use, should be considered:

1. Biological agents—those bacteria and enzymes isolated, grown and produced for the specific purpose of encouraging or speeding biodegradation to mitigate the effects of a spill. Biological agents shall be used to treat spills only when such use is approved by the appropriate State and local public health and water pollution control officials.

2. Burning agents—are those materials which, through physical or chemical means, improve the combustibility of the materials to which they are applied. Burning agents may be used and are acceptable so long as they do not in themselves, or in combination with the material to which they are applied, increase the pollution hazard and their use is approved by appropriate Federal, State, and local fire prevention officials.

ANNEX XX

3000 REGIONAL CONTINGENCY PLANS

3001 General. 3001.1 Regional Contingency Plans have been developed for all U.S. coastal and inland navigable waters.

3001.2 These plans are available for review at the local District or Regional offices or the USCG and EPA respectively.

3002 Cross references. 3002.1 State Standard Administrative Regions, USCG District and EPA Regions are as follows:

States	Coast Guard district (coastal)	EPA region (inland)
Region I:		
Maine	First	Region I.
New Hampshire	First	Do.
Vermont		Do.
Massachusetts	First	Do.
Connecticut	Third	Do.
Rhode Island	First	Do.
Region II:		
New York:		
Coastal Area	Third	Region II.
Great Lakes Area	Ninth	Do.
New Jersey	Third	Do.
Region III:		
Pennsylvania:		
East Coast	Third	Region III.
Lakeside	Ninth	Do.
Maryland	Fifth	Do.
Delaware	Third	Do.
West Virginia		Do.
Virginia	Fifth	Do.
Puerto Rico	Seventh	Do.
Virgin Islands	Seventh	Do.
Region IV:		
Kentucky		Region IV.
Tennessee		Do.
North Carolina	Fifth	Do.
South Carolina	Seventh	Do.
Georgia	Seventh	Do.
Florida:		
Atlantic and Gulf Coasts	Seventh	Do.
Panhandle	Eighth	Do.
Alabama	Eighth	Do.
Mississippi	Eighth	Do.
Canal Zone	Seventh	Do.
Region V:		
Minnesota	Ninth	Region V.
Wisconsin	Ninth	Do.
Michigan	Ninth	Do.
Illinois	Ninth	Do.
Indiana	Ninth	Do.
Ohio	Ninth	Do.
States	Coast Guard district (coastal)	EPA region (inland)
Region VI:		
New Mexico		Region VI.
Texas	Eighth	Do.
Oklahoma		Do.
Arkansas		Do.
Louisiana	Eighth	Do.
Region VII:		
Nebraska		Region VII.
Iowa		Do.
Kansas		Do.
Missouri		Do.
Region VIII:		
Montana		Region VIII.
Wyoming		Do.
Utah		Do.
Colorado		Do.
North Dakota		Do.
South Dakota		Do.
Region IX:		
California:		
Northern	Twelfth	Region IX.
Southern	Eleventh	Do.
Nevada		Do.
Arizona		Do.
Hawaiian Islands		Do.
Region X:		
Washington	Thirteenth	Region X.
Oregon	Thirteenth	Do.
Idaho		Do.
Alaska	Seventeenth	Do.

3002.2 Please refer to Annex IV for addresses and telephone numbers as appropriate EPA and USCG offices.

FEDERAL HOME LOAN BANK BOARD

[H.C. 107]

ROGERS RED TOP, INC., AND FIRST ANTIOCH CORP.

Notice of Receipt of Application for Approval of Retention of Control of Antioch Savings and Loan Association

AUGUST 17, 1971.

Notice is hereby given that the Federal Savings and Loan Insurance Corporation has received an application from the First Antioch Corp., Chicago, Ill., which is controlled by Rogers Red Top, Inc., Chicago, Ill., for approval of retention of control of the Antioch Savings and Loan Association, Antioch, Ill., an insured institution, under the provisions of section 408(e) of the National Housing Act, as amended (12 U.S.C. 1730a(e)), and § 584.4 of the regulations for Savings and Loan Holding Companies, said acquisition was effected by the purchase for cash and stock of First Antioch Corp. for stock of said Antioch Savings and Loan Association, Antioch, Ill. Comments on the proposed retention should be submitted to the Director, Office of Examinations and Supervision, Federal Home Loan Bank Board, Washington, D.C. 20552, within 30 days of the date this notice appears in the FEDERAL REGISTER.

[SEAL] GRENVILLE L. MILLARD, JR.
Assistant Secretary,
Federal Home Loan Bank Board.

FEDERAL MARITIME COMMISSION

CERTIFICATES OF FINANCIAL RESPONSIBILITY (OIL POLLUTION)

Notice of Certificates Revoked

Notice is hereby given that the following vessel owners and/or operators have requested voluntary revocation of their Certificates of Financial Responsibility (Oil Pollution) which had been issued by the Federal Maritime Commission, covering the below-indicated vessels, pursuant to Part 542 of Title 46 CFR and section 11(p)(1) of the Federal Water Pollution Control Act, as amended.

Certificate No.	Owner/operator and vessels
01014---	Robert Bornhofen Reederei: Robert Bornhofen.
01081---	Skibsaktieselskapet Karlander: Djatiprana.
01102---	Favorita Shipping Co., Ltd.: Darius.

[Independent Ocean Freight Forwarder License No. 1212]

LESTER D. FRIEND, JR.

Order of Revocation

Lester D. Friend, Jr., 10th Avenue Terminal, San Diego, Calif., has advised the Federal Maritime Commission that he is no longer engaged in ocean freight forwarding, and has requested that his Independent Ocean Freight Forwarder License No. 1212 be canceled.

Therefore, by virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 1 (revised) § 7.04 (f) (dated Sept. 29, 1970);

It is ordered, That the Independent Ocean Freight Forwarder License No. 1212 of Lester D. Friend, Jr., be and is hereby revoked effective July 31, 1971, without prejudice to reapplication for a license at a later date.

It is further ordered, That a copy of this order be published in the FEDERAL REGISTER and served upon Lester D. Friend, Jr.

AARON W. REESE,
Managing Director.

TARIFF COMMISSION

[TEA-I-EX-7]

CERTAIN FLAT GLASS

Notice of Investigation and Hearing Regarding Probable Effect of Termination of Increased Tariffs

Investigation instituted. On Aug. 16, 1971, the U.S. Tariff Commission, upon a petition filed on behalf of the domestic industry concerned, instituted an investigation in connection with the preparation of advice to the President, pursuant to section 351(d)(3) of the Trade Expansion Act of 1962, with respect to flat glass of the kinds described in items 923.31–923.35 and 923.71–923.75 in part 2A of the appendix to the Tariff Schedules of the United States.

Increased rates of duty were imposed by Presidential proclamation upon imports of certain flat glass in 1962 following an escape-clause investigation by the Tariff Commission under section 7 of the Trade Agreements Extension Act of 1951. On January 11, 1967, the President, pursuant to the provisions of section 351(c)(1)(A) of the Trade Expansion Act, terminated certain of these increased rates and reduced the remainder of them. Pursuant to section 351(c)(1)(B) of the Trade Expansion Act, the escape-clause rates that remained were to have automatically terminated at the close of October 11, 1967, unless extended by the President. By proclamations issued pursuant to section 351(c)(2) of the Act, the President extended these rates to the close of December 31, 1969, and subsequently to the close of January 30, 1972.

The Commission's function under section 351(d)(3) is to advise the President of its judgment as to the probable economic effect that a termination of these rates would have on the industry concerned.

Public hearing ordered. A public hearing will be held at 10 a.m., e.s.t., on November 9, 1971, in the Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, DC. Appearances at the hearing should be entered in accordance with § 201.13 of the Tariff Commission's rules of practice and procedure.

Inspection of petition. The petition filed in this case is available for inspection at the office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: August 16, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

[FR Doc.71-12169 Filed 8-19-71;8:45 am]

[TEA-I-23]

GLASS

Notice of Investigation and Hearing

Investigation instituted. Following receipt on July 30, 1971, of a petition filed by ASG Industries, Inc., of Kingsport, Tenn., C-E Glass of Pennsauken, N.J., the Libbey-Owens-Ford Co. of Toledo, Ohio, and PPG Industries, Inc., of Pittsburgh, Pa., the U.S. Tariff Commission, on the 16th day of August 1971, instituted an investigation under section 301(b)(1) of the Trade Expansion Act of 1962 to determine whether—

> Glass of the kinds provided for in items 541.11–541.31, 542.11–542.98, 543.11–543.69, and 544.31–544.32 of the Tariff Schedules of the United States.

are, as a result in major part of concessions granted thereon under trade agreements, being imported into the United States in such increased quantities as to cause, or threaten to cause, serious injury to the domestic industry or industries producing like or directly competitive products.

Public hearing ordered. A public hearing in connection with this investigation will be held immediately following the conclusion of the scheduled hearing which will begin at 10 a.m., e.s.t., on November 9, 1971, in the Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, DC. Notice of the earlier hearing, which relates to certain flat glass (TEA-I-EX-7), is being published concurrently with this notice. Appearances at the subject hearing should be entered in accordance with § 201.13 of the Tariff Commission's rules of practice and procedure. The Secretary of the Tariff Commission will notify interested parties of the time they should be ready for their appearances prior to November 9, 1971.

Inspection of petition. The petition filed in this case is available for inspection by persons concerned at the office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: August 16, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

INTERSTATE COMMERCE COMMISSION

[Rev. S.O. 994; ICC Order 60]

CANADIAN NATIONAL RAILWAYS ET AL.

Rerouting or Diversion of Traffic

In the opinion of R. D. Pfahler, Agent, the Canadian National Railways is unable to effect delivery of traffic to the Duluth, Winnipeg and Pacific Railway Co., at its Duluth interchange account of bridge washout at Milepost 17.3, Taft Subdivision, Duluth, Winnipeg and Pacific Railway, Duluth, Minn.

It is ordered, That:

(a) Rerouting traffic: The Canadian National Railways, being unable to effect delivery of traffic to the Duluth, Winnipeg and Pacific Railway Co., at its Duluth interchange account of bridge washout at Milepost 17.3, Duluth, Minn., that line is hereby authorized to reroute and divert such traffic to the Soo Line Railroad Co., at Noyes, Minn., for delivery to the Duluth, Winnipeg and Pacific Railway Co., at Superior, Wis.

(b) Concurrence of receiving roads to be obtained: The railroad desiring to divert or reroute traffic under this order shall receive the concurrence of other railroads to which such traffic is to be diverted or rerouted, before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic is deemed to be due to carrier disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 4 p.m., August 13, 1971.

(g) Expiration date: This order shall expire at 11:59 p.m., September 15, 1971, unless otherwise modified, changed, or suspended.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing

to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that it be filed with the Director, Office of the Federal Register.

Issued at Washington, D.C., August 13, 1971.

INTERSTATE COMMERCE COMMISSION,
[SEAL] R. D. PFAHLER,
Agent.

[Rev. S.O. 994; ICC Order 60-A]

CANADIAN NATIONAL RAILWAYS ET AL.

Rerouting or Diversion of Traffic

Upon further consideration of I.C.C. Order No. 60 (Canadian National Railways; Duluth, Winnipeg and Pacific Railway Co.) and good cause appearing therefor:

It is ordered, That:

(a) I.C.C. Order No. 60 be, and it is hereby, vacated and set aside.

(b) Effective date: This order shall become effective at 4 p.m., August 16, 1971.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement; and upon the American Short Line Railroad Association; and that it be filed with the Director, Office of the Federal Register.

Issued at Washington, D.C., August 16, 1971.

INTERSTATE COMMERCE COMMISSION,
[SEAL] R. D. PFAHLER,
Agent.

FOURTH SECTION APPLICATIONS FOR RELIEF

AUGUST 17, 1971.

Protests to the granting of an application must be prepared in accordance with Rule 1100.40 of the general rules of practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

LONG-AND-SHORT HAUL

FSA No. 42261—*Aniline oil to East St. Louis, Ill.* Filed by M. B. Hart, Jr., agent (No. A6275), for interested rail carriers. Rates on oil, aniline, in tank carloads, as described in the application, from Geismar, La., and Pascagoula, Miss., to East St. Louis, Ill.

Grounds for relief—Market competition.

Tariff—Supplement 142 to Southern Freight Association, agent, tariff ICC S-800. Rates are published to become effective on September 20, 1971.

FSA No. 42263—*Phthalic anhydride from Ironton, Ohio.* Filed by M. B. Hart, Jr., agent (No. A6274), for interested rail carriers. Rates on phthalic anhydride, in tank carloads, as described in the application, from Ironton, Ohio, to Baton Rouge, La.

Grounds for relief—Market competition.

Tariff—Supplement 316 to Southern Freight Association, agent, tariff ICC S-484. Rates are published to become effective on September 23, 1971.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc. 71-12216 Filed 8-19-71;8:49 am]

[Ex Parte No. 270 (Sub-No. 1)]

EXPORT-IMPORT RATES AND CHARGES

Investigation of Railroad Freight Rate Structure

Present: Robert N. Burchmore, Hearing Examiner, to whom the matter which is the subject of this order has been referred for action thereon.

It appearing, that by order of April 19, 1971, the Commission instituted this investigation into the export-import rates and/or charges to and from (1) the Pacific coast ports, on the one hand, and, on the other, the other recognized groups of ports, and (2) the Great Lakes ports, on the one hand, and, on the other, the other recognized groups of ports, and

It further appearing, that all common carriers by railroad subject to the jurisdiction of the Commission were made respondents, that other persons desiring to participate in the proceeding were directed to make that fact known to the Commission, that a service list of such persons was prepared and served on May 25, 1971, and that a prehearing conference to determine the most efficient method of proceeding was held before the hearing examiner at Chicago, Ill., on June 30, 1971:

It is ordered, That all persons seeking relief through the entry of an affirmative substantive order in this proceeding be, and they are hereby, designated as petitioners.

It is further ordered, That petitioners shall file an original and one copy with the Commission of the evidence upon which they will rely to make a prima facie case for the relief sought, such evidence to be in the form of verified statements and exhibits and to be filed with the Commission on or before October 4, 1971, with copies to all parties requesting it as provided below.

It is further ordered, That any person who intends to participate in the hearing herein and who desires to be served with petitioners' evidence shall advise the Commission and all parties on the attached revised service list as to which petitioner's evidence the person desires to receive, such notice to be given on or before September 1, 1971.

It is further ordered, That hearings shall be held at Chicago, Ill., on November 1, 1971, and at San Francisco, Calif., on November 30, 1971, for the purpose of cross-examination of petitioners' witnesses, for the presentation by respondents and interveners of their evidence to the full extent possible at those times, and for the receipt of rebuttal evidence, if any. Location to be later designated.

It is further ordered, That the parties shall advise the Commission and notify petitioners as to which witnesses, if any, they desire to cross-examine, and such notice shall be given at least 10 days before the date of that hearing which is set nearest to the witness' place of business.

It is further ordered, That any evidence which petitioners submit with respect to grain and grain products shall be designated as such and presented in separate statements and exhibits so as to permit a severance of the proceeding pertaining thereto if such a severance becomes appropriate.

Dated at Washington, D.C., this 10th day of August 1971.

By the Commission, Robert N. Burchmore, Hearing Examiner.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice 350]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 17, 1971.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No.-MC-67 (49 CFR Part 1131), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 11722 (Sub-No. 26 TA), filed August 11, 1971. Applicant: BRADER HAULING SERVICE, INC., Post Office Box 655, Zillah, WA 98953. Applicant's representative: Ronald R. Brader (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Sugar*, in packages or tote bins, from Toppenish and Sunnyside, Wash., to points in Umatilla, Wasco, Hood River, Multnomah, Clackamas, Washington, Yamhill, and Marion Counties, Oreg., for 180 days. Supporting shipper: Utah-Idaho Sugar Co., Toppenish, Wash. 98948. Send protests to: District Supervisor W. J. Huetig, Interstate Commerce Commission, Bureau of Operations, 450 Multnomah Building, 319 Southwest Pine Street, Portland, OR 97204.

No. MC 50069 (Sub-No. 445 TA), filed August 11, 1971. Applicant: REFINERS TRANSPORT & TERMINAL CORPORATION, 445 Earlwood Avenue, Oregon, OH 43616. Applicant's representative: Herman L. Essig (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petrolatum*, from Petrolia, Pa., to London, Ark., for 180 days. Supporting shipper: Viscosity Oil Co., 3200 South Western Avenue, Chicago, IL 60608. Send protests to: Keith D. Warner, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 5234 Federal Office Building, 234 Summit Street, Toledo, OH 43604.

No. MC 66124 (Sub-No. 4 TA), filed August 11, 1971. Applicant: PACIFIC NORTHWEST MOTOR FREIGHT LINES, INC., 600 South Edmonds, Seattle, WA 98108. Applicant's representative: George Kargianis, 21st Floor, Pacific Building, Seattle, Wash. 98104. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those injurious or contaminating to other lading, having a prior or subsequent movement by water), between Seattle Wash., and the international boundary line between the United States and Canada, at or near Blaine and Sumas, Wash., for 180 days. Supporting shipper: Pacific International Freight Lines, Norton Building, Seattle, Wash. 98104. Send protests to: E. J. Casey, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 6130 Arcade Building, Seattle, Wash. 98101.

No. MC 117940 (Sub-No. 58 TA), filed August 11, 1971. Applicant: NATIONWIDE CARRIERS, INC., Post Office Box 104, Maple Plain, MN 55359. Applicant's representative: M. James Levitus (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Envelopes, advertising materials, circulars, paper bags, periodical inserts and business forms, and newsprint*, which is exempt from economic regulation in mixed truckloads with regulated commodities, from Metuchen, N.J., to points in California, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Michigan, Missouri, New York, North Carolina, Ohio, Pennsylvania, Texas, and Wisconsin, for 180 days. Supporting shipper: Webcraft Packaging, Inc., 4 Carpenter Place, Metuchen, NJ 08840. Send protests to: A. N. Spath, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 448 Federal Building and U.S. Courthouse, 110 South Fourth Street, Minneapolis, MN 55401.

No. MC 123067 (Sub-No. 112 TA), filed August 11, 1971. Applicant: M & M TANK LINES, INC., Post Office Box 612, Winston-Salem, NC 27102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Ferrous sulphate*, in bulk, from Savannah, Ga., to Pulaski, Va., for 180 days. Supporting shipper: American Cyanamid Co., Wayne, NJ 07470. Send protests to: District Supervisor Interstate Commerce Commission, Bureau of Operations, 316 East Morehead, Suite 417 (BSR Building), Charlotte, NC 28202.

No. MC 125433 (Sub-No. 28 TA), filed August 9, 1971. Applicant: F-B TRUCK LINE COMPANY, 1891 West 2100 South Street, Salt Lake City, UT 84119. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities which because of size or weight require special handling or use of special equipment and other commodities when shipped therewith*, from points in Los Angeles, San Bernardino, and Riverside Counties, Calif., to points in Oregon and Washington, for 180 days. Supporting shipper: Harvey Aluminum, Inc. (K. Paul Thorpe, General Traffic Manager), 19200 South Western Avenue, Torrance, CA 90509. Send protests to: John T. Vaughan, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 5239 Federal Building, Salt Lake City, Utah 84111.

No. MC 128375 (Sub-No. 66 TA), filed August 11, 1971. Applicant: CRETE CARRIER CORP., Box 249, 1444 Main, Crete, NE 68333. Applicant's representative: Richard A. Peterson, Box 80806, Lincoln, NE 68501. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Cleaning compounds, display racks, bags, floor polishers or scrubbers, and advertising matter*, from French Lick, Ind., to points in Arizona, Arkansas, California, Colorado, Idaho, Iowa, Kansas, Louisiana, Minnesota, Missouri, Montana, Nevada, Nebraska, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming, for 180 days. Supporting shipper: Earl Grissmer Co., Inc., 712 East 64th Street, Indianapolis, IN 46220. Send protests to: Max H. Johnston, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 320 Federal Building and Courthouse, Lincoln, Nebr. 68508.

No. MC 135867 TA, filed August 9, 1971. Applicant: H. T. L. INC., Post Office Box 558, Fairfield, AL 35064. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Steel and steel products*, from the plant and warehouse site of Hanna Steel Corp., at Fairfield, Ala., to points in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas; (2) *equipment, materials and supplies used in the processing of steel and steel products* (except commodities in bulk) from points in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas to the plant and warehouse site of Hanna Steel Corp., at Fairfield, Ala., under contract with Hanna Steel Corp., for 180 days. Supporting shipper: Hanna Steel Corp., Post Office Box 558, Fairfield, AL 35064. Send protests to Clifford W. White, District Supervisor, Interstate Commerce Commission, Bureau of Operations, Room 814, 2121 Building, Birmingham, Ala. 35203.

No. MC 135868 TA, filed August 9, 1971. Applicant: ASHTON SUPPLY COMPANY, Post Office Box W, Vernal, UT 84078. Applicant's representative: Philip C. Pugsley, 400 El Paso Gas Building, Salt Lake City, Utah 84111. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Ground barite*, in sacks, and in bulk, from Dunphy, Nev., to points in Wasatch, Daggett, Duchesne, Uintah, Grand, and Carbon Counties, Utah, for 180 days. Supporting shipper: Baroid Division, National Lead Industries, Inc., Post Office Box 1675, Houston, TX 77001. (James J. Doyle, Manager Distribution Operations.) Send protests to: John T. Vaughan, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 5239 Federal Building, Salt Lake City, Utah 84111.

No. MC 135869 TA, filed August 9, 1971. Applicant: J. E. RILEY, doing business as RILEY TRUCKING COMPANY, 8380 East 105th Avenue, Henderson, CO 80640. Applicant's representative: J. E. Riley (same address as above). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Building materials, metal products, pet supplies, and recreational supplies*, from Denver, Colo., to Los Angeles, Calif., San Francisco, Calif., Portland, Oreg., Seattle, Wash., and Salt Lake City, Utah, and return, for 180 days. Supporting shippers: Quamagra Quality Marble & Granite Co., 11961 Vose Street, North Hollywood, CA 91605; Majestic Building Products, Inc., 6270 East Evans Avenue, Denver, CO 80222; Colorado Leisure Products, Inc., 2300 West Midway Boulevard, Broomfield, CO 80020; Western States Wholesale Aquarium & Pet Supplies, 3891 Forest Street, Denver, CO 80207. [Notice 735]

MOTOR CARRIER TRANSFER PROCEEDINGS

AUGUST 17, 1971.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-72989. By order of August 13, 1971, the Motor Carrier Board approved the transfer to Cho-Bo, Inc., St. Georges, Beauce County, Quebec, Canada of the operating rights in certificates Nos. MC-126313, MC-126313 (Sub-No. 1), and MC-126313 (Sub-No. 2) issued May 1, 1967, April 14, 1967, and May 3, 1968, respectively, to Beauce Express, Inc., St. Georges, Beauce County, Quebec, Canada, authorizing the transportation of lumber, wood chips, pulpboard, hardwood squares, cedar furniture, shingles, fencepost, pickets, panels, and hardwood flooring from

specified ports of entry on the international boundary line between the United States and Canada located in Maine, New York, and Vermont to points in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, and New Jersey; and steel bar joints, steel trusses, and steel bars from ports of entry on the international boundary line between United States and Canada located in Maine and New York to points in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, and New Jersey, and return movement, Frank J. Weiner, 6 Beacon Street, Boston, MA 02108, attorney for applicants.

[Special Permission No. 72-810]

FARES, CHARGES, ETC.

Postponement or Suspension of Effectiveness of Increases, Reestablishment of Lower Rates

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D.C., on the 16th day of August 1971.

Whereas, the President of the United States by Executive order of August 15, 1971, entitled Providing For Stabilization of Prices, Rents, Wages, and Salaries, among other things ordered a stabilization of prices for services for a period of 90 days from the date of the said order, relating to those effective during the 90-day period ending August 14, 1971, as more fully described in the said order:

It is ordered, That:

1. All carriers, including express companies and freight forwarders, performing transportation subject to economic regulation by this Commission under parts I, II, III, and IV of the Interstate Commerce Act, and their duly authorized tariff-publishing agents, in instances where increases in rates, fares and charges (whether directly or by means of any change in any rule, regulation, or practice affecting such rate, fare, or charge) have been published and filed with this Commission and not yet effective or which became effective August 15, 1971, and later, are hereby authorized to publish and file with the Commission consecutively numbered supplements to their respective tariffs, such supplements:

(a) To postpone upon not less than 1 day's notice the effective date of such provisions (if not yet effective) to November 13, 1971, and direct the amendment of cancellations, expiration dates and other provisions to the extent necessary to continue in effect the lawful rates, fares, charges, and other provisions which would have been superseded.

(b) To direct, effective upon not less than 1 day's notice, the suspension of the effectiveness and operation of such provisions (if in effect, or the proximity of the published effective date prevents postponement) to November 13, 1971, or specified later date, and direct the reestablishment of the effectiveness of the lawful rates, fares, charges, and other provisions in effect August 14, 1971, for the interim period to expire with November 12, 1971, or later if a later effective date was published, directing the amendment or modification of cancellation, expiration dates and other provisions to the extent necessary to accomplish the purpose.

2. The aforesaid authority to postpone, suspend or to reestablish extends to reductions in rates, fares, charges, or other provisions provided they are part of a general adjustment of rates which includes or included increases of the character embraced by the said Executive order of the President.

3. The rules of the various tariff circulars of the Commission are waived to the extent necessary to publish, post and file, including use of short-form notice provisions directing what is postponed, reestablished, amended, etc., in accordance with the purpose hereof.

4. All such publications hereunder shall bear the following notation:

Notice and publishing requirements waived; ICC permission No. 72-810, August 16, 1971.

It is further ordered, That,

This permission does not modify any outstanding formal order of the Commission not inconsistent herewith, nor waive, except to the extent necessary to accomplish the purpose referred to herein, the requirements of the Commission's published rules governing the construction, filing and posting of the publications, nor modify any of the provisions of the Interstate Commerce Act.

It is further ordered, That,

This permission does not authorize the filing of tariffs, schedules, supplements or pages in addition to, or other than those referred to herein and it shall be void as authority for filing after November 10, 1971.

And it is further ordered, That,

Notice of this order be given the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C.

By the Commission, Division 2.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.71-12220 Filed 8-19-71;8:49 am]

[Suspension Docket No. 8664]

STABILIZATION OF RATES AND CHARGES, AUGUST 1971

At a general session of the Interstate Commerce Commission held at its office in Washington, D.C., on the 16th day of August 1971.

The President of the United States, by virtue of the authority vested in him by the Constitution and statutes of the United States, including the Economic Stabilization Act of 1970 (Public Law 91-379, 84 Stat. 799), as amended, has issued an Executive order dated August 15, 1971, providing for the stabilization of prices, rents, wages and salaries for a period of 90 days from the date of said order at levels not greater than the highest of those pertaining to a substantial volume of actual transactions by each individual, business, firm or other entity of any kind during the 30-day period ending August 14, 1971, for like or similar commodities or services. The Executive order also provides, inter alia, that no person shall charge, assess, or receive, directly or indirectly in any transaction prices in any form higher than as described therein.

It appearing, that there have been filed with the Interstate Commerce Commission schedules setting forth new increased rates, fares and charges and new rules, regulations, and practices having the effect of increasing rates, fares and charges, applicable on interstate or foreign commerce, to become effective August 17, 1971, and later;

And it further appearing, that the said schedules would, if permitted to become effective, result in rates, fares, charges, rules, regulations or practices which would be in violation of the Executive order described above; and good cause appearing therefor:

It is ordered, That the operation of the said schedules be and it hereby is suspended, and that the use thereof on interstate and foreign commerce be deferred to and including November 12, 1971, unless otherwise ordered by this Commission.

It is further ordered, That neither the schedules hereby suspended nor those sought to be altered thereby shall be changed until the period of suspension has expired, unless otherwise ordered by the Commission, except that rates, fares, charges, rules, regulations and practices may be changed if such change results in a reduction below the highest level which existed during the 30-day period preceding August 15, 1971.

It is further ordered, That all carriers, respondents to this order, be, and they are hereby, directed to file with this Commission supplements containing notice of suspension of all increased rates, fares, charges, rules, regulations, and practices which are subject to this order.

And it is further ordered, That copies of this order be posted in the Office of the Secretary and in the Section of Tariffs of the Interstate Commerce Commission and that all carriers subject to the jurisdiction of the Interstate Commerce Commission be, and they are hereby, made respondents to this order.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

Minimum Wages for Federal and Federally Assisted Construction

Regions III and IV

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Area Wage Determination Decisions for Specified Localities in Certain Southern States and District of Columbia

There are set forth below general Area Wage Determination Decisions Nos. AM–442 through AM–506, AM–554, and AM–1841 through AM–1876 of the Secretary of Labor. These decisions specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein. The decisions are applicable to Federal and federally assisted construction in described localities situated within the States of Alabama, Delaware, Florida, Georgia, Kentucky, Maryland, Mississippi, North Carolina, Pennsylvania, South Carolina Tennessee, West Virginia, Virginia, and the District of Columbia. No general area wage determinations are currently applicable to localities within such States other than those described in these decisions; only determinations for specific projects are made in such other localities.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306) following Secretary of Labor's Order No. 24–70 containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of the Code of Federal Regulations, *Procedure for predetermination of wage rates*, and of Secretary of Labor's Orders 13–71 and 15–71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal or federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 533, and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes such procedures to be impractical and contrary to the public interest. These wage determination decisions shall, accordingly, be effective on publication in the FEDERAL REGISTER, except as otherwise provided hereinafter.

The wage determinations in these decisions replace all prior general or area wage determinations for localities in the above States, the expiration dates of which were extended by the notice of variation published in the FEDERAL REGISTER on April 3, 1971 (36 F.R. 6467). The replaced determinations are hereby canceled: *Provided, however*, That where bids have been opened or will be opened within 10 days from the date of publication of this document in the FEDERAL REGISTER, the expiration date of the prior wage determination decision provided for preparation of such bids may be extended by the contracting agency for an additional 30-day period to permit orderly contracting procedures.

These wage determinations are effective for a period of 120 days from the date of publication in the FEDERAL REGISTER and are to be used in accordance with the provisions of 29 CFR Part 5. Accordingly, the applicable determination together with any modification issued subsequent to this date during this 120-day period, shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained herein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Area wage determination decisions for specific localities in other States and insular possessions will be published in series on August 25, August 27, and September 3, 1971. Changes in published area decisions will be made as necessary and will appear in Friday issues of the FEDERAL REGISTER.

Any person, organization, or governmental agency having an interest in the wages determined or to be determined as prevailing in any locality is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, Washington, D.C. 20210.

The area wage determination decisions for localities within the above States are set forth below.

Dated at Washington, D.C., this 13th day of August 1971.

HORACE E. MENASCO,
Administrator,
Wage and Hour Division.

BUILDING, HEAVY AND HIGHWAY CONSTRUCTION (Contd.) 4 of 4

PAID HOLIDAYS (Where Applicable)

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day
E-Thanksgiving Day; F-Christmas Day

FOOTNOTES:

a. Employer contributes 4% of basic hourly rate for 5 years or more of service or 2% of basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

b. 6 paid holidays: A through F.

c. 08136% of Basic hourly rate employer contribution to Vacation Fund and 5 paid holidays: A through E and A through F.

d. A through F, provided that the employee worked the days preceding and following the holiday.

e. Election Day paid holiday.

f. Employer contributes $.90 to Health and Welfare and pension fund.

g. $4.00 per week for health and welfare and $1.00 per week for life insurance contribution.

h. $6.00 per week for those on the payroll for over 90 days.

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Holidays: A through F.

b. Employer contributes 4% basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years service as Vacation Pay Credit.

c. Holidays: A through F, plus Washington's Birthday and Good Friday (providing employee has worked at least 45 full days during the 120 calendar days prior to the holiday, and the regularly scheduled work days immediately preceding and following the holiday).

d. Employer contributes $23.70 per man per month.

e. Employer contributes $37.92 per man per month.

f. $6.00 per week when employee has worked 90 days and works 3 days in a work week.

g. Holidays: A - D - E and F (providing the employee works the regularly scheduled work days immediately preceding and following the holiday).

BUILDING CONSTRUCTION, continued 1-DC-1-2-G 3 of 3

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Holidays: A through F.

b. Employer contributes 4% basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years service as Vacation Pay Credit.

c. Holidays: A through F, plus Washington's Birthday and Good Friday (providing employee has worked at least 45 full days during the 120 calendar days prior to the holiday, and the regularly scheduled work days immediately preceding and following the holiday).

d. Employer contributes $23.70 per man per month.

e. Employer contributes $37.92 per man per month.

f. $6.00 per week when employee has worked 90 days and works 3 days in a work week.

g. Holidays: A - D - E and F (providing the employee works the regularly scheduled work days immediately preceding and following the holiday).

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Paid Holiday "D".

b. Employer contributes 4% of basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years service as Vacation Pay Credit.

c. Six paid holidays: A through F.

d. Holidays: A through F, Washington's Birthday and Good Friday providing employee has worked 45 full days during the 120 calendar days prior to the holiday and the regularly scheduled work days immediately preceding and following the holiday.

e. Election Day - paid holiday.

f. Employee who has been on the employer's seniority list for a period of one (1) year from date of hire; and who shall have worked a minimum of one-hundred thirty (130) days in the year previous to his anniversary date, shall be elegible for one (1) week's vacation.

g. Paid holidays: Memorial Day; Independence Day & Labor Day for employee who has worked a minimum of thirty days, and is on the employer's seniority list, provided he works the scheduled work days before and after the said holidays.

PAID HOLIDAYS (Where applicable): A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. 8 paid holidays, A through F and Washington's Birthday and Good Friday, provided the employee has worked 45 days for the employer during the 120 days prior to the holiday, and is available for work the days preceding and following the holiday.

b. Employer contributes 4% of basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

c. Six paid holidays: A through F.

d. Seven paid holidays: A through F plus Veterans' Day.

HIGHWAY CONSTRUCTION	Basic Hourly Rate	FRINGE BENEFITS PAYMENTS				
		H & W	Pensions	Vacation	App. Tr.	Other
Counties of Bucks, Chester, Delaware, Montgomery and Philadelphia:						
Carpenters	$7.50	.92	.25		.07	
Cement masons	5.50	.55	.27			
Piledrivermen	7.60	.92	.25		.07	
Laborers:						
Powdermen, Multiple wagon drill operator	5.35	.15	.10			
Finished surface asphalt rakers, Jackhammer ops., Paving breaker operators, pipelayers, caulkers	5.15	.15	.10			
Other pneumatic tool operators, Laborers stripping concrete forms, carrying or handling lumber, steel, steel mesh and other concrete materials, form pinners, tool room men, Conduit and duct layers, Mortar mixers, Concrete pitmen & spaders, Grade men, Asphalt shovelers, Men working in sheeting, Men working in shoring, Men working in lagging, Laborers assisting in the setting of cut stone, granite or artificial stone, hod carriers, Scaffold builders	5.05	.15	.10			
Wagon drill operators	5.20	.15	.10			
YARD WORKERS:						
Laborers, Scale mixermen, Burnermen, Dustmen, Feeders	4.95	.15	.10			
FREE AIR TUNNELS:						
Miners, Miners bore driver, Blasters, Drillers, Pneumatic Shield operators	5.475	.15	.10			
Miners' helpers, Form setters	5.325	.15	.10			
Trackmen, Brakemen, Groutmen, Bottom shaft men, All others in free air tunnels	5.175	.15	.10			
Circular caisson excavation bottom men	5.45	.15	.10			
Underpinning excavation bottom men	5.35	.15	.10			
All other laborers on construction work, with the exception of workers in compressed air	5.05	.15	.10			
Truck Drivers:						
Euclids	4.12	.2375	.25	b+c		
Helpers	4.32	.2375	.25	b+c		
Welders - Rate for craft.	4.02	.2375	.25	b+c		
Ironworkers:						
Bucks County - Structural & Reinforcing	7.65	.235	.665	7%	.03	
Chester County - Structural & Reinforcing	7.15	a			.05	
Remaining Counties:						
Structural	7.67	.235	.665		.04	
Reinforcing	7.70	.235	.665		.01	

FOOTNOTES:

a. Employer contributes $.90 to a combined Health and Welfare and Pension Fund.

b. Employee who has been on the employer's seniority list for a period of one (1) year from date of hire, and who shall have worked a minimum of one hundred thirty (130) days in the year previous to his anniversary date, shall be eligible for one (1) week's vacation.

c. Paid Holidays: Memorial Day; Independence Day; & Labor Day for employee who has worked a minimum of thirty days & is on the employer's seniority list, provided he works the scheduled work days before and after the said Holiday.

Guide to Record Retention Requirements

[Revised as of January 1, 1971]

This useful reference tool is designed to keep businessmen and the general public informed concerning the many published requirements in Federal laws and regulations relating to record retention.

The 90-page "Guide" contains over 1,000 digests which tell the user (1) what type records must be kept, (2) who must keep them, and (3) how long they must be kept. Each digest carries a reference to the full text of the basic law or regulation providing for such retention.

The booklet's index, numbering over 2,200 items, lists for ready reference the categories of persons, companies, and products affected by Federal record retention requirements.

Price: $1.00

Compiled by Office of the Federal Register, National Archives and Records Service, General Services Administration

Order from Superintendent of Documents, U.S. Government Printing Office Washington, D.C. 20402

FEDERAL REGISTER

Area Code 202 Phone 962-8626

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., Ch. 15), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $2.50 per month or $25 per year, payable in advance. The charge for individual copies is 20 cents for each issue, or 20 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended (44 U.S.C. 1510). The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

HIGHLIGHTS—Continued

MARITIME SUBSIDIES—Commerce Dept. proposal on operating-differential subsidy agreement provisions; comments by 8–20–71 16520

ANTIDUMPING—
Customs Bur. order regarding clear sheet glass from Taiwan 16508
Customs Bur. notice of withholding appraisement of diamond tips for phonograph needles from the United Kingdom; written comments within 30 days 16522

FOOD ADDITIVE—EPA notice of petition for use of piperonyl butoxide and pyrethrins for insect control in food processing 16525

PESTICIDE—EPA notice of petition for use on certain raw agricultural commodities 16525

PROGRAM LOG ANALYSIS—FCC notice of composite week dates for use with certain license applications 16525

PIPES, TUBES AND FITTINGS—Tariff Comm. notice of investigation of eligibility for adjustment assistance 16538

Contents

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

Rules and Regulations

Flue-cured tobacco; 1970–71 and subsequent marketing years; correction 16503

Correction

In F.R. Doc. 71-11211 appearing at page 14379 in the issue for Thursday, August 5, 1971, the word "any" should be inserted after the word "against" in the 12th line of the introductory text of § 725.112(b).

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 494]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.794 Lemon Regulation 494.

(a) *Findings.* Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910; 36 F.R. 9061), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on August 17, 1971.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period August 22, 1971, through August 28, 1971, is hereby fixed at 200,000 cartons.

(2) As used in this section, "handled," and "carton(s)" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 19, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[Pear Reg. 10]

PART 927 — BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

Regulation by Grades and Sizes

Notice was published in the FEDERAL REGISTER issue of August 7, 1971 (36 F.R. 14655) that the Department was giving consideration to a proposal which would limit the handling of Beurre D'Anjou, Winter Nelis, Beurre Bosc, and Doyenne du Comice varieties of pears grown in Oregon, Washington, and California by establishing regulations, pursuant to the applicable provisions of the marketing order, as amended, and Order No. 927, as amended (7 CFR Part 927), regulating the handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown Oregon, Washington, and Californi This regulatory program is effective u der the Agricultural Marketing Agre ment Act of 1937, as amended (7 U.S. 601–674). Interested persons were a forded opportunity to file written da views, or arguments thereon. None we filed.

The regulation recommended by t Control Committee reflects its apprais of the winter pear crop and the curre and prospective market conditions. Shi ments of winter pears are expected begin on or about August 23, 1971. T grade and size requirements provid herein are necessary to prevent t handling, on and after August 23, 19 of any of the listed varieties of wint pears (Beurre D'Anjou, Winter Ne Beurre Bosc, and Doyenne du Comice) lower grades and smaller sizes than tho herein specified so as to provide co sumers with good quality fruit consiste with (1) the overall quality of the cr and (2) improving returns to the pr ducers pursuant to the declared policy the act.

The handling of fresh pears of t aforementioned varieties would be reg lated by limiting shipments of such pea to those meeting the size and gra requirements hereinafter specified. T specifications applicable to Anjou a Comice varieties would permit the ha dling of such pears bearing limit damage from skin punctures, howev this limiting factor of market desirabil would be beneficially offset by the acco panying requirement that any pears th affected be of the specified higher gra and larger size. Likewise, the regulati would permit shipment of Bosc varie pears of a size smaller than that whi is set forth in the basic specifications such pears are of a higher grade th that which is set forth in the ba specifications.

After consideration of all releva matter presented, including the propo set forth in the aforesaid notice, t recommendation and information su mitted by the Control Committee, a upon other available information, it hereby found that the limitation handling of Anjou, Winter Nelis, Bo and Comice varieties of pears, as here after provided, will tend to effectuate t declared policy of the act.

It is hereby further found that go cause exists for not postponing the fective date of this regulation until days after publication in the FEDE REGISTER (5 U.S.C. 553) in that (1) sh ments of Anjou, Winter Nelis, Bosc, a Comice varieties of pears are expected begin on or about the effective date he of and this regulation should be applic ble to all such shipments in order effectuate the declared policy of the a (2) notice of proposed rule making co cerning this regulation, with an effect

date as hereinafter specified, was published in the FEDERAL REGISTER (36 F.R. 14655), and no objection to this amendment or such effective date was received; and (3) compliance with this regulation will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

§ 927.310 Pear Regulation 10.

(a) Order: During the period August 23, 1971, through June 30, 1972, no handler shall ship any pears which do not meet the following requirements for the variety specified:

(1) Beurre D'Anjou pears shall be of a size not smaller than 165 size and shall grade at least U.S. No. 2: *Provided*, That pears of such variety which bear unhealed broken skin punctures not exceeding three-sixteenth ($^3/_{16}$) of an inch in diameter or depth, as the case may be, may be shipped if such pears otherwise grade at least U.S. No. 1 and are of a size not smaller than 135 size;

(2) Beurre D'Anjou pears shipped from the Medford, Hood River-White, Salmon-Underwood, Wenatchee, and Yakima Districts prior to October 15, 1971, shall have an appropriate certification by the Federal-State Inspection Service, issued prior to shipment, showing that the core temperature of such pears has been lowered to 35° Fahrenheit or less;

(3) Winter Nelis pears shall grade at least U.S. No. 2 and shall be of a size not smaller than 195 size;

(4) Beurre Bosc pears shall grade at least U.S. No. 2 and shall be of a size not smaller than 180 size: *Provided*, That pears of such variety which are of a size not smaller than 195 size may be shipped if such pears grade at least U.S. No. 1;

(5) Doyenne du Comice pears shall be of a size not smaller than 165 size and shall grade at least U.S. No. 2: *Provided*, That pears of such variety which bear unhealed broken skin punctures not exceeding three-sixteenth ($^3/_{16}$) of an inch in diameter or depth, as the case may be, may be shipped if such pears otherwise grade at least U.S. No. 1 and are of a size not smaller than 135 size;

(b) During the aforesaid period, each handler may ship on any one conveyance up to, but not to exceed, 200 standard western pear boxes of pears, or an equivalent quantity of pears in other containers computed by weight to the nearest 5 pounds, without regard to the inspection requirements of § 927.60(a), under the following conditions:

(1) Each handler desiring to make shipment of pears pursuant to this subparagraph shall first apply to the committee, on forms furnished by the committee, for permission to make such shipments. The application form shall provide a certification by the shipper that all shipments made thereunder during the marketing season shall meet the marketing order requirements, that he agrees such shipments shall be subject to spot check inspection, and that he agrees to report such shipments at time of shipment to the committee on forms furnished by the committee, showing the car or truck number and destination; and

(2) On the basis of such individual reports the committee shall require spot check inspection of such shipments.

(c) When used herein, "U.S. No. 1" and "U.S. No. 2" shall have the same meaning as when used in the U.S. Standards for Winter Pears such as Anjou, Bosc, Winter Nelis, Comice, and other similar varieties (§§ 51.1300–51.1323 of this title); "135 size," "180 size," and "195 size," shall mean that the pears are of a size which, as indicated by the size number, will pack, in accordance with the sizing and packing specifications of a standard pack as specified in said U.S. Standards, 135, 180, or 195 pears, respectively, in a standard western pear box (inside dimensions 18 inches long by 11½ inches wide by 8½ inches deep); and, except as otherwise specified, all other terms shall have the same meaning as when used in the amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 18, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[FR Doc.71-12285 Filed 8-20-71;8:51 am]

[Papaya Reg. 1]

PART 928—PAPAYAS GROWN IN HAWAII

Regulation by Grades and Sizes

Notice was published in the FEDERAL REGISTER issue of August 4, 1971 (36 F.R. 14334), that the Department was giving consideration to a proposal which would limit the handling of papayas grown in Hawaii by establishing regulations, pursuant to the applicable provisions of the marketing agreement and Order No. 928 (7 CFR Part 928) regulating the handling of papayas grown in Hawaii. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). Interested persons were afforded opportunity to file written data, views, or arguments thereon. None were filed.

The proposal was recommended by the Papaya Administrative Committee, established pursuant to said marketing agreement and order. Such recommendation by the committee reflects its appraisal of the 1971 Hawaiian papaya crop and the current and prospective market conditions. Shipments of Hawaiian papayas are in progress and seasonally heavy shipments are expected to begin on or about August 25, 1971. The grade and size requirements provided herein are necessary to prevent the handling, on and after August 25, 1971, of Hawaiian papayas of lower grades and smaller sizes than those specified herein so as to provide consumers with good quality fruit consistent with (1) the overall quality of the crop, and (2) improving returns to producers pursuant to the declared policy of the act.

The regulation requires that shipments of Hawaiian papayas to destinations within the State grade at least Hawaii No. 2 and that such papayas exported to destinations outside the State grade at least Hawaii No. 1 except that exported papayas must be of pyriform shape and must each weigh at least 10 ounces. The higher minimum grade requirement for papayas to be exported is included because such papayas better justify the higher transportation costs and are aimed at fostering an expanded export market through superior quality. The minimum grade for intrastate shipments of papayas will provide Hawaiian markets with fruit of satisfactory quality while providing an outlet for papayas that do not qualify for export shipment.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the recommendation and information submitted by the Papaya Administrative Committee, and upon other available information, it is hereby found that the limitation of handling of Hawaiian papayas, as hereinafter provided, will tend to effectuate the declared policy of the act.

It is hereby further found that good cause exists for not postponing the effective date of this regulation until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) seasonally heavy shipments of Hawaiian papayas are expected to begin on or about the effective date hereof and this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; (2) notice of proposed rule making concerning this regulation, with an effective date as hereinafter specified, was published in the FEDERAL REGISTER (36 F.R. 14334), and no objection to this amendment or such effective date was received; and (3) compliance with this regulation will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

§ 928.301 Papaya Regulation 1.

(a) Order: During the period August 25 through December 31, 1971, no handler shall ship any container of papayas:

(1) To any destination within the production area unless said papayas grade at least Hawaii No. 2;

(2) To any export destination unless said papayas grade at least Hawaii No. 1: *Provided*, That such papayas shall be of pyriform shape and weigh not less than 10 ounces each.

(b) When used herein "Hawaii No. 1", "Hawaii No. 2" and "pyriform shape" shall have the same meaning as set forth in the State of Hawaii Revised Regulation No. 1 subsection 5.32—Wholesale Standards for Hawaiian Grown Papayas. All other terms shall have the same meaning as when used in the marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 18, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 71-CE-20-AD; Amdt. 39-1273]

PART 39—AIRWORTHINESS DIRECTIVES

Cessna Model 337 Aircraft

There have been a number of accidents involving Cessna Model 337 airplanes in which rear engine failure or stoppage during the takeoff phase of operations has occurred. Some of these power losses appear to have been undetected by the pilot at a sufficiently early time to permit adequate or proper corrective action. The problem of undetected engine failures, particularly of the rear engine in this model aircraft, is complicated by the fact that because of the center-line powerplant installation the pilot does not receive the positive yaw indication he normally experiences in a conventional twin engine design. There are instrument indications, sound level changes and performance characteristics which flight tests have indicated are adequate to warn an experienced or alert pilot that he has a rear-engine failure. However, based on the history of accidents to date, the less experienced or less alert pilot may be unaware of the partial loss of power.

Since the agency believes that the ability of the pilot to detect partial power failure, particularly in the rear engine, can be greatly enhanced by requiring certain operation techniques and minor adjustments to the aircraft engine, it has been concluded that mandatory compliance with these requirements is necessary to enhance safety. We, therefore, are adopting an Airworthiness Directive effective within 10 hours' time in service after the effective date, which will require the aircraft be taxied primarily with rear engine power, that power at the start of the takeoff be applied initially to the rear engine only and subsequent application of power to the front engine after it has been established the rear engine is operating satisfactorily. It also requires that the idle r.p.m. on the rear engine be adjusted to 625–675 r.p.m. in order to diminish the possibility of inadvertent engine stoppage. This operational information will be set forth in a placard which must be installed in the aircraft.

Since immediate action is required in the interest of safety, compliance with the notice and public procedure provisions of the Administrative Procedure Act is not practical and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new AD.

CESSNA. Applies to Model 337 Airplanes.

Compliance: To minimize the possible adverse affects of undetected rear engine stoppage during takeoff, within the next 10 hours' time in service after the effective date of this AD, the following modifications must be accomplished and the following operational procedures will be applicable:

(A) Readjust the rear engine idle r.p.m. from 575–625 to 625–675 and readjust idle mixture accordingly.

(B) Taxi primarily by use of the rear engine.

(C) Initiate all takeoffs by advancing the throttle on the rear engine to a point where the normal functioning of the rear engine has been established before advancing the throttle of the front engine.

(D) Install a permanent placard to the right of the tachometer instrument to read as follows:

TAXI AND TAKEOFF
LEAD WITH REAR ENGINE POWER
CHECK R.P.M. AND FUEL FLOW

NOTE: The operator may make and install a temporary placard using minimum ⅛-inch high letters until the permanent placard is obtained from the manufacturer and properly installed.

Cessna Service Letter ME 71-21 refers to the subject matter of this AD.

This amendment becomes effective August 24, 1971.

(Sec. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), of the Department of Transportation Act, 49 U.S.C. 1566(c))

Issued in Kansas City, Mo., on August 13, 1971.

JOHN M. CYROCKI,
Director, Central Region.

[FR Doc.71-12236 Filed 8-20-71;8:47 am]

[Airspace Docket No. 71-WA-31]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Revocation of Jet Route Segment and Control Area; Alteration of Control Area

The purpose of these amendments to Parts 71 and 75 of the Federal Aviation Regulations is to revoke the Flaxman Island/Fort Yukon, Alaska, additional control area; revoke Jet Route No. 125 segment between Chandalar Lake, Alaska, and Flaxman Island; realign the Point Barrow/Barter Island, Alaska, additional control area.

The Department of the Air Force has advised that the Flaxman Island, Alaska, radio beacon will be decommissioned. This radio beacon is utilized in the designation of J-125; Flaxman Island/Fort Yukon additional control area and the Point Barrow/Barter Island additional control area.

Since the decommissioning of this navigational aid will obviate the necessity of retaining the designation of airspace based upon the Flaxman Island radio beacon, action is being taken herein to revoke a segment of J-125; revoke the Flaxman Island/Fort Yukon additional control area; and realign the Point Barrow/Barter Island additional control area.

Since these amendments restore airspace to the general public use and relieve an assignment of airspace for IFR operation, notice and public procedure thereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, these amendments will become effective more than 30 days after publication.

In consideration of the foregoing, Part 71 and 75 of the Federal Aviation Regulations are amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

1. Section 71.163 (36 F.R. 2048) is amended as follows:

a. "Fort Yukon, Alaska" is revoked.

b. In Point Barrow/Barter Island, Alaska, "12 AGL Flaxman Island, Alaska, RBN;" is deleted and "12 AGL Deadhorse, Alaska, RBN;" is substituted therefor.

2. In § 75.100 (36 F.R. 2371) Jet Route No. 125 is amended by deleting in the caption "Flaxman Island Alaska" and substituting "Chandalar Lake, Alaska" therefor and deleting in the text "RBN to Flaxman Island, Alaska,".

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 8(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Washington, D.C., on August 16, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc.71-12235 Filed 8-20-71;8:47 am]

[Airspace Docket No. 71-WA-2]

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Routes

On March 4, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 4298) stating that the Federal Aviation Administration was considering an amendment to Part 75 of the Federal Aviation Regulations that would designate 32 area high routes in the Eastern and Central United States as part of the overall program to establish an area navigation route structure.

Eight of the proposed routes—J821R, J822R, J825R, J832R, J833R, J835R, J837R, and J884R—have been successfully flight inspected and are being designated in this rule. Interested persons

were afforded an opportunity to participate in the proposed rule making through the submission of comments.

The USAF Strategic Air Command tentatively objected to the 32 routes due to possible derogation of their training program by conflicts between the proposed routes and USAF radar bomb scoring routes or USAF refueling areas. The FAA regions involved have assured USAF that procedural separation shall be provided between military aircraft and civil aircraft at route conflict points.

Reference facilities and geographical coordinates have been changed on several routes to provide more precise route definition and guidance. The minor changes involved, made herein, do not affect the route alignment as proposed in the notice. The remaining routes in Airspace Docket No. 71–WA–2 will be issued in one or more final rules soon after flight inspection has been completed.

In consideration of the foregoing, Part 75 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 75.400 (36 F.R. 2370) the following area high routes are added:

Waypoint name, latitude/longitude, reference facility

(North Latitude/West Longitude in Degrees, Minutes, and Seconds)

J821R CHICAGO, ILL., TO MINNEAPOLIS, MINN.

[Airspace Docket No. 71-WA-3]

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Area High Routes

On March 4, 1971, a notice of proposed rule making was published in the FEDERAL REGISTER (36 F.R. 4299) stating that the Federal Aviation Administration was considering an amendment to Part 75 of the Federal Aviation Regulations that would designate 22 area high routes in the Western and Southwestern United States.

Five of these routes—J901R, J902R, J903R, J904R, and J912R—have been successfully flight inspected and are being designated in this rule. Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. No adverse comments have been received to these five routes. The remaining routes listed in Airspace Docket No. 71–WA–3 will be issued in a final rule as soon as a successful flight inspection is performed.

In consideration of the foregoing, Part 75 of the Federal Aviation Regulations is amended, effective 0901 G.m.t., October 14, 1971, as hereinafter set forth.

In § 75.400 (36 F.R. 2370) the following area high routes are added:

Waypoint name, latitude/longitude, reference facility

J901R SEATTLE, WASH., TO SPOKANE, WASH.
Cedar Grove, Wash., 47°26'08"/122°18'30", Yakima, Wash.
Spokane, Wash., 47 33'54"/117°37'33", Spokane, Wash.

J902R PORTLAND, OREG., TO LOS ANGELES, CALIF.
Sherwood, Oreg., 45°21'05"/122°59'00", Portland, Oreg.
Rustlers Peak, Oreg., 42°32'40"/122°21'46", Medford, Oreg.
Kirkwood, Calif., 40°08'28"/121°52'29", Red Bluff, Calif.
Sacramento, Calif., 38°26'38"/121°33'02", Sacramento, Calif.
Avenal, Calif., 35°38'49"/119°58'40", Bakersfield, Calif.

J903R LOS ANGELES, CALIF., TO TUCSON, ARIZ.
Seal Beach, Calif., 33°47'05"/118°03'03", Oceanside, Calif.
Kofa, Ariz., 33°30'58"/113°53'17", Yuma, Ariz.
Allied, Ariz., 32°07'21"/110°49'12", Phoenix, Ariz.

J904R LOS ANGELES, CALIF., TO DENVER, COLO.
Kingston, Ariz., 35°40'57"/115°40'43", Las Vegas, Nev.
Glen, Ariz., 37°00'17"/111°41'11", Tuba City, Ariz.
Gypsum, Colo., 37°51'16"/108°33'32", Farmington, N. Mex.
Baldwin, Colo., 38°38'45"/107°11'08", Gunnison, Colo.
Shawnee, Colo., 39°25'38"/105°27'51", Denver, Colo.

J912R DALLAS, TEX., TO CHICAGO, ILL.
Greater Southwest, Tex., 32°49'10"/97°02'28", Ardmore, Okla.
Stigler, Okla., 35°06'27"/95°07'27", Tulsa, Okla.
Springfield, Mo., 37°21'21"/93°20'02", Butler, Mo.
Peoria, Ill., 40°40'07"/89°41'28", Capital, Ill.
Joliet, Ill., 41°32'47"/88°19'06", Joliet, Ill.
Warren, Ill., 41°48'38"/88°16'07", Joliet, Ill.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c).

Issued in Washington, D.C., on August 16, 1971.

Title 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

[Release No. 33-5180]

PART 231—INTERPRETATIVE RELEASES RELATING TO THE SECURITIES ACT OF 1933 AND GENERAL RULES AND REGULATIONS THEREUNDER

Guidelines for Release of Information by Issuers Whose Securities are in Registration

The Commission today took note of situations when issuers whose securities are "in registration"[1] may have refused to answer legitimate inquiries from stockholders, financial analysts, the press, or other persons concerning the company or some aspect of its business. The Commission hereby emphasizes that there is no basis in the securities acts or in any policy of the Commission which would justify the practice of non-disclosure of factual information by a publicly held company on the grounds that it has securities in registration under the Securities Act of 1933 (Act). Neither a company in registration nor its representatives should instigate publicity for the purpose of facilitating the sale of securities in a proposed offering. Further, any publication of information by a company in registration other than by means of a statutory prospectus should be limited to factual information and should not include such things as predictions, projections, forecasts or opinions with respect to value.

A basic purpose of the Act and the Securities Exchange Act of 1934 is to require dissemination of adequate and accurate information concerning issuers and their securities in connection with the offer or sale of securities to the public, and the publication periodically of material business and financial facts, knowledge of which is essential to an informed trading market in such securities. It has been asserted that the increasing obligations and incentives of corporations to make timely disclosures concerning their affairs creates a possible conflict with statutory restrictions on publication of information concerning a company which has securities in registration. As the Commission has stated in previously issued releases this conflict may be more apparent than real. Disclosure of factual information in response to inquiries or resulting from a duty to make prompt disclosure under the antifraud provisions of the securities acts or the timely disclosure policies of self-regulatory organizations, at a time when a registered offering of securities is comtemplated or in process, can and should be effected in a manner which will not unduly influence the proposed offering.[2]

STATUTORY REQUIREMENTS

In order for issuers and their representatives to avoid problems in responding to inquiries, it is essential that such persons be familiar with the statutory requirements governing this area. Generally speaking, section 5(c) of the Act makes it unlawful for any person directly or indirectly to make use of any means or instruments of interstate commerce or of the mails to offer to sell a security unless a registration statement has been filed with the Commission as to such security. Questions arise from time to time because many persons do not realize that the phrase "offer to sell" is broadly defined by the Act and has been liberally construed by the courts and Commission. For example, the publication of information and statements, and publicity efforts, made in advance of a proposed financing which have the effect of conditioning the public mind or arousing public interest in the issuer or in its securities constitutes an offer in violation of the Act. The same holds true with respect to publication of information which is part of a selling effort between the filing date and the effective date of a registration statement.

Section 5(a) of the Act makes it unlawful to sell a security unless a registration statement with respect to such security has become effective. Section 5(b) makes it unlawful to make use of any means or instruments of transportation or communication in interstate commerce or of the mails to transmit a prospectus with respect to any security as to which a registration statement has been filed unless such prospectus contains the information specified by section 10 of the Act. Pitfalls may be encountered because the term "prospectus" has a broad meaning. The Act defines prospectus to include any notice, circular, advertisement, letter, or communication written or by radio or television, which offers any security for sale except that any communication sent after the effective date of a registration statement shall not be deemed a prospectus if, prior to or at the same time with such a communication, a written prospectus meeting the requirements of section 10[3] of the Act was sent or given.[4]

GUIDELINES

The Commission strongly suggests that all issuers establish internal procedures designed to avoid problems relating to the release of corporate information when in registration. As stated above, issuers and their representatives should not initiate publicity when in registration, but should nevertheless respond to legitimate inquiries for factual information about the company's financial condition and business operations. Further, care should be exercised so that, for example, predictions, projections, forecasts, estimates and opinions concerning value are not given with respect to such things, among other, as sales and earnings and value of the issuer's securities.

It has been suggested that the Commission promulgate an all inclusive list of permissible and prohibited activities in this area. This is not feasible for the reason that determinations are based upon the particular facts of each case. However, the Commission as a matter of policy encourages the flow of factual information to shareholders and the investing public. Issuers in this regard should:

1. Continue to advertise products and services.

2. Continue to send out customary quarterly, annual and other periodic reports to stockholders.

3. Continue to publish proxy statements and send out dividend notices.

4. Continue to make announcements to the press with respect to factual business and financial development; i.e., receipt of a contract, the settlement of a strike, the opening of a plant, or similar events of interest to the community in which the business operates.

5. Answer unsolicited telephone inquiries from stockholders, financial analysts, the press and others concerning factual information.

6. Observe an "open door" policy in responding to unsolicited inquiries concerning factual matters from securities analysts, financial analysts, security holders, and participants in the communications field who have a legitimate interest in the corporation's affairs.

7. Continue to hold stockholder meetings as scheduled and to answer shareholders' inquiries at stockholder meetings relating to factual matters.

In order to curtail problems in the area, issuers in this regard should avoid:

1. Issuance of forecasts, projections or predictions relating but not limited to revenues, income or earnings per share.

2. Publishing opinions concerning values.

In the event a company publicly releases material information concerning new corporate developments during the period that a registration statement is pending, the registration statement should be amended at or prior to the time the information is publicly released through inadvertance, the pending registration statement should be promptly amended to reflect such information.

The determination of whether an item of information or publicity could be deemed to constitute an offer—a step in the selling effort—in violation of section 5 must be made by the issuer in the light of all the facts and circumstances surrounding each case. The Commission recognizes that questions may arise from time to time with respect to the release of information by companies in registration and, while the statutory obligation always rests with the company and can never be shifted to the staff, the staff will be available for consultation concerning such questions. It is not the function of the staff to draft corporate press releases. If a company, however, desires to consult with the staff as to the application of the statutory requirements to a particular case, the staff will continue to be available, and in this regard the pertinent facts should be set forth in written form and submitted in sufficient time to allow due consideration.

By the Commission, August 16, 1971.

[SEAL] RONALD F. HUNT,
Acting Associate Secretary.

[FR Doc.71-12245 Filed 8-20-71;8:47 am]

[1] "In registration" is used herein to refer to the entire process of registration, at least from the time an issuer reaches an understanding with the broker-dealer which is to act as managing underwriter prior to the filing of a registration statement and the period of 40 to 90 days during which dealers must deliver a prospectus.

[2] Under Rule 135 (17 CFR 230.135), as recently amended by Securities Act Release No. 5101 (35 F.R. 18456), for example, a notice given by an issuer that it proposes to make a public offering of securities to be registered under the Act is not deemed to constitute an offer of such securities for sale if the notice states that the offering will be made only by means of a prospectus and contains only certain specified information.

[3] Such a prospectus would contain information concerning, among other things, the issuer's financial condition, business, property, management, and certain information about the offering including the manner of the offering and the intended use of the proceeds received.

[4] However, section 2(10) of the Act and Rule 134 (17 CFR 230.134) promulgated pursuant thereto exclude from the term "prospectus" the use of the "Tombstone ad" and the "identifying statement" described thereunder. Furthermore, Rules 433, 434, and 434A (17 CFR 230.433, 230.434, 230.434a) relate to the use of preliminary and summary prospectuses.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 71-226]

PART 153—ANTIDUMPING

Clear Sheet Glass From Taiwan

AUGUST 16, 1971.

Section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), gives the Secretary of the Treasury responsibility for determination of sales at less than fair value. Pursuant to this authority the Secretary of the Treasury has determined that clear sheet glass from Taiwan is being, or is likely to be, sold at less than fair value within the meaning of section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)). (Published in the FEDERAL REGISTER of April 22, 1971 (36 F.R. 7612, F.R. Doc. 71-5704).)

Section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), gives the United States Tariff Commission responsibility for determination of injury or likelihood of injury. The United States Tariff Commission has determined, and on July 21, 1971, it notified the Secretary of the Treasury that an industry in the United States is being injured by reason of the importation of clear sheet glass from Taiwan sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended. (Published in the FEDERAL REGISTER of July 27, 1971 (36 F.R. 13869, F.R. Doc. 71-10623).)

On behalf of the Secretary of the Treasury, I hereby make public these determinations, which constitute a finding of dumping with respect to clear sheet glass from Taiwan.

Section 153.43 of the Customs Regulations is amended by adding the following to the list of findings of dumping currently in effect:

Merchandise	Country	T.D.
Clear sheet glass	Taiwan	71-226.

(Secs. 201, 407, 42 Stat. 11, as amended, 18; 19 U.S.C. 160, 173)

[SEAL] EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER C—DRUGS

PART 135c—NEW ANIMAL DRUGS IN ORAL DOSAGE FORMS

Sulfadimethoxine

The Commissioner of Food and Drugs has evaluated a new animal drug application (46-285V) filed by Hoffmann-La Roche, Inc., Nutley, N.J. 07110, proposing the safe and effective use of sulfadimethoxine as the soluble sodium salt in the drinking water of chickens and turkeys. The application is approved.

Therefore, pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 135c is amended in § 135c.13 by revising paragraph (c) and the entire text of the "Limitations" column in table 1 of paragraph (e) as follows:

§ 135c.13 Sulfadimethoxine.

* * * * * *

(c) *Special considerations.* Chickens and turkeys that have survived fowl cholera outbreaks should not be kept for replacements or breeders.

* * * * * *

(e) * * *

TABLE 1—IN DRINKING WATER

	Grams per gallon	Limitations	Indications for use
1. * * *	* * *	For broiler and replacement chickens only; administer for 6 consecutive days; do not administer to chickens over 16 weeks of age; as sole source of drinking water and sulfonamide medication; as sulfadimethoxine solution or sulfadimethoxine soluble sodium salt; withdraw 5 days before slaughter.	* * *
2. * * *	* * *	For meat-producing turkeys only; administer for 6 consecutive days; do not administer to turkeys over 24 weeks of age; as sole source of drinking water and sulfonamide medication; as sulfadimethoxine solution or sulfadimethoxine soluble sodium salt; withdraw 5 days before slaughter.	* * *

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER (8-21-71).

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i))

Dated: August 12, 1971.

C. D. VAN HOUWELING,
Director,
Bureau of Veterinary Medicine.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 11—ARROWHEAD AND PARKSCAPE SYMBOL

Miscellaneous Amendments

Pursuant to the authority contained in section 3 of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 3), Part 11 is hereby amended.

The purpose of the amendment is to permit the manufacture, reproduction or use of the Arrowhead Symbol or the Parkscape Symbol for purposes of education and conservation as they relate to the program of the National Park Service, with permission of the Director, National Park Service.

It is the policy of the Department of the Interior, whenever practicable, to afford the public an opportunity to participate in the rule making process. However, since this amendment relaxes restrictions on the public, it is not deemed necessary, or in the public interest, to request comments on this amendment. Therefore, the amendment will become effective on the date of its publication in the FEDERAL REGISTER (8-21-71).

Part 11 is amended as follows:

Section 11.2 of Part 11 is amended as follows:

§ 11.2 Uses.

The Director may permit the reproduction, manufacture, sale, and use of the "Arrowhead Symbol" or the "Parkscape Symbol", with or without charge, for uses that will contribute to purposes of education and conservation as they relate to the program of the National Park Service. All other uses are prohibited.

§ 11.3 [Deleted]

Section 11.3 *Commercial use* is deleted.

§ 11.3 [Redesignated]

Section 11.4 *Power to revoke* is renumbered as § 11.3.

§ 11.4 [Redesignated]

Section 11.5 *Penalties* is renumbered as § 11.4.

Dated: August 13, 1971.

GEORGE B. HARTZOG, JR.,
Director,
National Park Service.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 101—Federal Property Management Regulations

SUBCHAPTER G—TRANSPORTATION AND MOTOR VEHICLES

PART 101-39—INTERAGENCY MOTOR VEHICLE POOLS

Subpart 101-39.6—Official Use of Government Motor Vehicles and Related Motor Pool Services

STANDARD FORM 46, U.S. GOVERNMENT MOTOR VEHICLE OPERATOR'S IDENTIFICATION CARD

This amendment deletes the requirement for a Federal operator's permit (SF 46) to operate Government-owned vehicles for personnel in travel status provided the travel orders authorize the temporary use of a vehicle furnished by an interagency motor pool.

Sections 101-39.601(b), 101-39.602-1(a), and 101-39.603-1 are revised and § 101-39.601(c) is added to read as follows:

§ 101-39.601 General requirements.

* * * * * *

(b) To operate a motor vehicle furnished by a motor pool system, civilian employees of the Federal Government and designated employees of authorized contractors and subcontractors shall be required to have a State, District of Columbia, or Commonwealth operator's permit for the type of vehicle to be operated, issued for the area in which the employee is principally employed or in which he lives; and, except as authorized in paragraph (c) of this § 101-39.601, a Federal operator's permit (Standard Form 46, U.S. Government Motor Vehicle Operator's Identification Card) issued in accordance with requirements of the Civil Service Commission.

(c) Government employees requiring temporary use of a vehicle furnished by a motor pool while on travel status need not possess a Standard Form 46 if his travel orders specifically authorize the use of such vehicle.

§ 101-39.602 Authorized use.

§ 101-39.602-1 Government vehicles.

(a) Officers and employees of the Government shall use Government owned or leased vehicles for official purposes only. "Official purposes" does not include transportation of an officer or employee between his place of residence and place of employment, unless authorized under the provisions of 31 U.S.C. 638a(c)(2), or other applicable law. A copy of any such written approval shall be furnished the motor pool system. Officers and employees entrusted with motor vehicles are responsible at all times for the proper care, operation, maintenance, and protection of the vehicle. Any officer or employee who willfully uses or authorizes the use of such vehicle for other than official purposes is subject to suspension or removal by the head of his agency (31 U.S.C. 638a(c)(2)).

* * * * * *

§ 101-39.603 Violations.

§ 101-39.603-1 Notification of violation.

When a violation of the provisions of § 101-39.602 comes to the attention of the agency operating the motor pool system, such agency shall notify the official in charge of the local office of the agency concerned; and furnish a copy of the notification to the General Services Administration (TM), Washington, D.C. 20405, for transmission to the headquarters office of the agency concerned.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Effective date. This admendment is effective upon publication in the FEDERAL REGISTER (8-21-71).

Dated: August 16, 1971.

ROBERT L. KUNZIG,
Administrator of General Services.

Title 43—PUBLIC LANDS: INTERIOR

Chapter II—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5108]

[Anchorage 060160]

ALASKA

Modification of Public Land Orders Nos. 4108, 4582, 4962, 5081; Withdrawal for Protection of Civil Works Project (Snettisham Power Project)

By virtue of the authority vested in the President by section 1 of the Act of June 25, 1910, 36 Stat. 847, as amended, 43 U.S.C. 141 (1964), and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 4582 of January 17, 1969, as amended and modified by Public Land Order No. 4962 of December 8, 1970, as amended and modified by Public Land Order No. 5081 of June 17, 1971, is hereby modified to provide for the reservation of a right-of-way for the construction, operation, and maintenance of transmission lines and related facilities authorized by the Act of October 23, 1962 (76 Stat. 1173, 1193), on the following described lands:

Three parcels of land, being a portion of U.S. Survey No. 1762 (Juneau Townsite Elimination from the Tongass National Forest) and lot 8 of U.S. Survey No. 3269 located on the northeasterly side of Gastineau Channel, approximately 5 miles southeast of Juneau, Alaska; being within the Harris Mining District of the Juneau Recording District, First Judicial District, State of Alaska; said parcels being described as follows:

PARCEL NO. 1

Commencing at Corner No. 3 of a tract of land known as U.S. Survey No. 3269; thence on the west boundary line thereof, S. 45°47'27" W., a distance of 145.68 feet to the true point of beginning; thence continuing S. 45°47'27" W., a distance of 301.88 feet; thence leaving said line N. 50°38'41" W., a distance of 193 feet; thence N. 76°56'28" W., a distance of 428.92 feet to a point on the north boundary line of a tract of land known as Belvedere Mill Site, Mineral Survey No. 72-B; said point being N. 44°17'33" W., a distance of 93.01 feet (as measured on said boundary line) from Corner No. 4 thereof; thence on said line N. 44°17'33" W., a distance of 367.75 feet; thence leaving said line N. 45°57'27" E., a distance of 293.07 feet; thence S. 44°02'33" E., a distance of 266.5 feet; thence S. 76°56'28" E., a distance o 425.89 feet; thence S. 50°38'41" E., a distanc of 296.62 feet, more or less, to said point o beginning.

Containing approximately 4.86 acres.

PARCEL NO. 2

Commencing at Corner No. 3 of a tract o land known as U.S. Survey No. 3269; thenc on the north boundary line thereof, S 40°47'33" E., a distance of 1,723.52 feet t said centerline; said point being N. 40°47'33 W., a distance of 159.46 feet from Corner No. of said survey and being the true point o beginning; thence leaving said boundary li and on said centerline S. 50°38'41" E., a di tance of 2,912.77 feet; thence S. 64°06'35" E a distance of 8,771.36 feet; thence S. 50°28'42 E., a distance of 1,450 feet, more or less, the east boundary line of said U.S. Surve No. 1762 and the terminus of said centerlin

Containing approximately 108.87 acres.

PARCEL NO. 3

Beginning at Corner No. 4 of a tract of la known as U.S. Survey No. 3269; said corn also being the northwest corner of lot 8 said survey; thence on the north bounda line thereof, S. 44°12'33" E., a distance 399.68 feet to the northeast corner of sa lot; thence on the east boundary line there S. 45°47'27" W., a distance of 77.96 fee thence leaving said line, N. 50°38'41" W., distance of 402.16 feet, more or less, to t west boundary of said lot; thence on sa line N. 45°47'27" E., a distance of 123. feet, more or less, to said point of beginnin

Containing approximately 1.13 acres.

2. Public Land Order No. 4108 of O tober 26, 1966, is hereby modified a amended to include the right-of-way re ervation made by paragraph 1 of th order.

3. The lands in the right-of-way re ervation shall otherwise be administer by the Secretary of the Interior und appropriate laws and regulations.

4. Subject to valid existing rights, t following described lands within U.S. Su vey No. 1762, the Juneau Townsite Elim nation from the Tongass National Fo est, are hereby withdrawn from forms of appropriation under the pub land laws, including the mining laws U.S.C., Ch. 2), and from leasing und the mineral leasing laws, for the prote tion of facilities of the Snettisham Pow Project:

JUNEAU

A portion of U.S. Survey No. 1762 (June Townsite Elimination from the Tongass N tional Forest) located on the northeaste side of Gastineau Channel, approximately miles southeast of Juneau, Alaska; bei within the Harris Mining District of t Juneau Recording District, First Judicial D trict, State of Alaska; said portion be described as follows:

Commencing at Corner No. 3 of the Mex Mill Site (Mineral Survey No. 71-B); the on the northwest boundary line there south 45°42'27" W., a distance of 135.25 f to Corner No. 4 of the Jumbo Mill Site (M eral Survey No. 260); thence on the nort easterly boundary line thereof, north 35° 33" W., a distance of 608.91 feet; thence le ing said boundary line, S. 56°30'58" E. distance of 503.18 feet; thence N. 45°57'2 E., a distance of 244.20 feet; thence S. 44°

33" E., a distance of 570.00 feet; thence S. 45°57'27" W., a distance of 305.63 feet to a point on the northeasterly boundary line of said Mexico Mill Site, said point being N. 44°17'33" W., a distance of 6.99 feet (as measured on said boundary line) from Corner No. 4 of said Mexico Mill Site; thence on said boundary line N. 44°17'33" W., a distance of 459.67 feet to said point of beginning.

The above bearings are based on the U.T.M. Grid System with Corner No. 3 of said Mexico Mill Site having Grid Coordinates of N. 21,187,391.49 and E. 1,770,617.38.

The parcel of land described above contains 5.24 acres, more or less.

5. The withdrawal made by the order in paragraph 4 does not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or governing the disposal of their mineral or vegetative resources other than under the mining and mineral leasing laws. However, leases, licenses, or permits will be issued only if the Department of the Army finds that the proposed use of the lands will not interfere with the proper operation of its facilities on the land.

6. Public Land Order No. 4582 of January 17, 1969, as extended, and modified, does not affect the lands described in paragraph 4 which were already reserved in Powersite Classification No. 203, approved October 18, 1928, as modified by Order No. 420, approved June 26, 1947.

HARRISON LOESCH,
Assistant Secretary of the Interior.

AUGUST 17, 1971.

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 73—RADIO BROADCAST SERVICES

Use of Emergency Action Notification Attention Signal

Order. In the matter of editorial amendment of § 73.971 of the Commission's rules to correct errors in subparagraphs (1) and (2) of paragraph (a).

1. By report and order released May 17, 1968 (FCC 68-552, 33 F.R. 7493, May 21, 1968), we adopted self-authorizing rules governing the use of all standard, FM, and television broadcast stations, at their discretion, for the transmission of the Emergency Action Notification Attention Signal in connection with day-to-day emergency situations posing a threat to the safety of life and property.

2. In implementing those rules our attention has been drawn to errors in subparagraphs (1) and (2) of paragraph (a) of § 73.971 wherein the word "and" was changed to "for", which affects the meaning of these two subparagraphs.

3. Authority for the adoption of the amendments herein ordered is contained in sections 1, 4(i), 303(r), and 307(b) of the Communications Act of 1934, as amended, and § 0.261 of the Commission's rules and regulations. Because the amendment is editorial in nature, the prior notice and effective date provisions of 5 U.S.C. 553, do not apply.

4. In view of the foregoing: *It is ordered*, That effective August 25, 1971, Part 73 of the Commission's rules and regulations is amended as set forth below.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083, 47 U.S.C. 154, 303, 307)

Adopted: August 16, 1971.

Released: August 17, 1971.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

Part 73 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

In § 73.971(a), subparagraphs (1) and (2) are amended by changing the ninth word "for" following the word "facilities" to "and".

[FR Doc 71-12272 Filed 8-20-71;8:50 am]

Title 49—TRANSPORTATION

Chapter V—National Highway Traffic Safety Administration, Department of Transportation

[Docket 70-12; Notice 12]

PART 574—TIRE IDENTIFICATION AND RECORD KEEPING

Size Codes

This notice amends the Tire Identification and Recordkeeping Regulation, Table I—Size Codes for Motor Vehicle Tires, to insert two size codes inadvertently deleted from a previous notice and to list size codes not previously assigned.

On January 26, 1971, the National Highway Traffic Safety Administration published a revision of the Tire Identification and Record Keeping Regulation (Notice 5; 36 F.R. 1196), including a table listing the size codes for tires to which the regulation is applicable. Other tire sizes were added by notice of March 12, 1971 (Notice 7; 36 F.R. 4783), and July 24, 1971 (Notice 11; 36 F.R. 13757, correction published July 30, 1971, 36 F.R. 14136).

The two sizes, omitted from the notice published on July 24, 1971, are:

A6	18.5 x 8.5–8
B3	4.00–12

The code numbers previously unassigned that are now assigned are 9T through 9X.

The preamble of the notice of July 24, 1971, contained a misstatement which, while not reflected in the table, should be noted to avoid confusion. The preamble stated "size 3.25–8 is assigned code AP and the other code (AL) assigned to 3.25–8 is reassigned to H60–14;" and it should have read "size 3.25–8 is assigned code AP and the other code (A1) assigned to 3.25–8 is reassigned to H60–14;."

(Secs. 103, 119, 201, and 206, National Highway Traffic Safety Act of 1966 as amended, 15 U.S.C. 1392, 1407, 1421, and 1426; delegation of authority at 49 CFR 1.51)

Effective date. Because this amendment does not impose any additional burden on any person it is found that notice and public procedure thereon are unnecessary and impracticable and that, for good cause shown, an effective date earlier than 180 days is in the public interest. Accordingly, this amendment is effective on the date of publication in the FEDERAL REGISTER (8-21-71).

CHARLES H. HARTMAN,
Acting Administrator.

AUGUST 12, 1971.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 32—HUNTING

Certain National Wildlife Refuges in California

The following regulations are issued and are effective on date of publication in the FEDERAL REGISTER (8–21–71). These regulations apply to public hunting on portions of certain national wildlife refuges in California.

General conditions. Hunting shall be in accordance with applicable State regulations. Portions of refuges which are open to hunting are designated by signs and/or delineated on maps. Special conditions applying to individual refuges are listed on the reverse side of maps available at refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 730 Northeast Pacific Street, Portland, OR 97208.

§ 32.12 Special regulations: migratory game birds: for individual wildlife refuge areas.

Ducks, geese, coots, and gallinules may be hunted on the following refuge areas:

Clear Lake National Wildlife Refuge (Headquarters: Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134)

Special conditions. (1) Boats with or without motors are permitted. Sculling and all thrust boats are prohibited.

(2) Leaving boats, decoys, or other hunting equipment in other than designated areas is prohibited. Boats, decoys, or other equipment so left 1 hour after close of shooting time will be subject to removal and impoundment. The expense of the removal shall be paid for by the person owning or claiming ownership of the property. Such property is subject to sale or other disposal after

3 months, in accordance with section 203m of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C., sec. 484m) and regulations issued thereunder.

Colusa National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Delevan National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Kern National Wildlife Refuge, Post Office Box 219, Delano, CA 93215.

Kesterson National Wildlife Refuge, Post Office Box 2176, Los Banos, CA 98635.

Lower Klamath National Wildlife Refuge (Headquarters: Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134).

Special conditions. (1) A 200-yard wide retrieving zone is established immediately within the exterior refuge boundary and at certain locations between the open and closed areas as designated on the hunting map. A hunter may enter the retrieving zone to retrieve dead or crippled birds which he has shot, providing he does not carry weapons. Possession of firearms in the retrieving zone or closed portion of the refuge is prohibited, except that unload firearms may be carried only along established routes of travel through the zone or closed area when necessary to reach or leave the hunting area.

(2) Boats, with the exception of airthrust boats, are permitted with or without motors. Sculling is prohibited.

(3) Leaving boats, decoys, or other hunting equipment in other than designated areas is prohibited. Boats, decoys, or other equipment left 1 hour after close of shooting time will be subject to removal and impoundment. The expense of the removal shall be paid for by the person owning or claiming ownership of the property. Such property is subject to sale or other disposal after 3 months, in accordance with section 203m of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C., sec. 484m) and regulations issued thereunder.

Merced National Wildlife Refuge, Post Office Box 854, Merced, CA 95340.

Modoc National Wildlife Refuge, Post Office Box 1439, Alturas, CA 96101.

Sacramento National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Salton Sea National Wildlife Refuge, Post Office Box 247, Calipatria, CA 92233.

San Luis National Wildlife Refuge, Post Office Box 2176, Los Banos, CA 93635.

Sutter National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134.

Special conditions. (1) A 200-yard retrieving zone is established immediately within the exterior refuge boundary and at certain locations between the open and closed areas as designated on the hunting map. A hunter may enter the retrieving zone to retrieve dead or crippled birds which he has shot, providing he does not carry weapons. Possession of firearms in the retrieving zone or closed portion of the refuge is prohibited, except that unloaded firearms may be carried only along established routes of travel through the zone or closed area when necessary to reach or leave the hunting area.

(2) Boats, with the exception of airthrust boats, are permitted with or without motors. Sculling is prohibited.

(3) Leaving boats, decoys, or other hunting equipment in other than designated areas is prohibited. Boats, decoys, or other equipment left 1 hour after close of shooting time will be subject to removal and impoundment. The expense of the removal shall be paid for by the person owning or claiming ownership of the property. Such property is subject to sale or other disposal after 3 months, in accordance with section 203m of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C., sec. 484m) and regulations issued thereunder.

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

Upland game may be hunted on the following refuge areas:

Colusa National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Delevan National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Kern National Wildlife Refuge, Post Office Box 219, Delano, CA 93215.

Merced National Wildlife Refuge, Post Office Box 854, Merced, CA 95340.

Sacramento National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Sutter National Wildlife Refuge, Route 1, Box 311, Willows, CA 95988.

Ring-necked pheasant may be hunted on the following refuge areas:

Lower Klamath National Wildlife Refuge (Headquarters: Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134).

Special condition. Additional refuge area designated by special posting will be open to a special 2-day pheasant hunt.

Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134.

Special condition. Additional refuge area designated by special posting will be open to a special 2-day pheasant hunt.

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

Big game animals may be hunted on the following refuge area:

Clear Lake National Wildlife Refuge (Headquarters: Tule Lake National Wildlife Refuge, Route 1, Box 74, Tulelake, CA 96134).

Special conditions. (1) Species permitted to be taken: One adult male antelope bearing horns longer than its ears.

(2) Only five permittees shall be allowed on the Peninsula "U" section of the refuge at any one time. This area will be open on the following days during the hunt: August 28–29, September 4, 5, and 6, 1971. Entrance to this area will be granted at the gate entrance located on the Clear Lake Road, on a first-come, first-served basis. This station will be opened from 6 a.m. to 1 hour after sundown. The antelope take from the Peninsula will be limited to a specific number based on the number of animals on the area. This area of the refuge will be closed when this quota is reached even though the season may still be open.

The provisions of these special regulations supplement the regulations which govern hunting on wildlife refuge areas generally and which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through June 30, 1972.

CLAY E. CRAWFORD,
Acting Regional Director, Bureau of Sport Fisheries and Wildlife, Portland, Oregon.

[FR Doc.71-12240 Filed 8-20-71;8:47 am]

PART 32—HUNTING

Havasu National Wildlife Refuge, Arizona and California

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-21-71).

§ 32.22 Special regulations; upland game; for individual wildlife refuge areas.

ARIZONA AND CALIFORNIA

HAVASU NATIONAL WILDLIFE REFUGE

Public hunting of quail, cottontail, and jackrabbits on the Havasu National Wildlife Refuge, Ariz. and Calif., is permitted only on the area designated by signs as open to hunting. This open area, comprising 29,150 acres, is delineated on maps available at refuge headquarters, Needles, Calif., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting seasons are as follows: Arizona—Quail, October 1, 1971, through January 31, 1972 inclusive; cottontail and jackrabbits, September 1, 1971, through January 31, 1972, inclusive. California—Quail, October 30, 1971, through January 30, 1972, inclusive; cottontail and jackrabbits, September 1, 1971, through January 30, 1972, inclusive. Hunting shall be in accordance with all applicable State regulations governing the hunting of quail, cottontail, and jackrabbits subject to the following special conditions:

(1) Hunting is prohibited within one-fourth mile of any occupied dwelling or concession operation.

(2) Weapons—Shotguns only, not larger than 10 gauge and incapable of holding more than three shells.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through January 31, 1972.

STANLEY S. CORNELIUS,
Acting Refuge Manager, Havasu National Wildlife Refuge, Needles, Calif.

AUGUST 10, 1971.

[FR Doc.71-12239 Filed 8-20-71;8:47 am]

PART 32—HUNTING

Laguna Atascosa National Wildlife Refuge, Tex.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8-21-71).

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

TEXAS

LAGUNA ATASCOSA NATIONAL WILDLIFE REFUGE

Public hunting of deer on the Laguna Atascosa National Wildlife Refuge, Tex., is permitted only on the area designated by signs as open to hunting. This open area, comprising 19,240 acres, is delineated on maps available at refuge headquarters, San Benito, Tex., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, NM 87103. Hunting shall be in accordance with all applicable State regulations covering the archery hunt of deer subject to the following special conditions:

(1) Hunting with, or possession of, weapons other than long bow is not permitted.

(2) The open season for hunting deer on the refuge is from 12 noon October 1 through October 14, 1971, inclusive.

(3) Target and field arrows are not permitted.

(4) Hunters must check in and out each day of the hunt at the Laguna Atascosa Field Office, which will be open 1½ hours before sunrise to 1½ hours after sunset. Permits will be issued and collected at this point. Every deer must be checked out at this point.

(5) Vehicles will not be permitted off refuge roads or beyond blocked off gates.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through October 14, 1971.

CARRELL L. RYAN,
Refuge Manager, Laguna Atascosa National Wildlife Refuge, San Benito, Tex.

AUGUST 13, 1971.

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Emergency Preparedness

[Economic Stabilization Reg. No. 1]

ES REG. 1—STABILIZATION REGULATIONS FOR PRICES, RENTS, WAGES, AND SALARIES

Sec.
1 Purpose.
2 Prohibition.
3 Guidance.
4 Exemptions.
5 Imports.
6 Definitions.
7 Administration.
8 Record keeping.
9 Applicability.
10 Violations and penalties.
11 Information.

AUTHORITY: Sections 1 to 11 issued under the Economic Stabilization Act of 1970, as amended, Public Law 91-379, 84 Stat. 799; Public Law 91-558, 84 Stat. 1468; Public Law 92-8, 85 Stat. 13, Public Law 92-15, 85 Stat. 38; Executive Order No. 11615, 36 F.R. 15127, Aug. 17, 1971, Cost of Living Council Order No. 1.

Section 1 Purpose.

The purpose of this regulation is to promulgate initial guidance and procedures for implementing the stabilization of prices, rents, wages, and salaries in accordance with the provisions of Executive Order No. 11615 of August 15, 1971. It is expected that all persons will voluntarily comply with the provisions of the Executive order and all regulations, circulars, and orders issued thereunder.

Sec. 2 Prohibition.

(a) No person may charge, assess or receive more for commodities and services than the highest prices, including customary price differentials, pertaining to a substantial volume of actual transactions in any class of trade by such person which were in effect during the base period.

(b) No employer shall pay and no employee shall receive a wage, salary, or other form of compensation at a rate higher than that paid or received or in effect during the base period, nor shall any person use any means to obtain payment of wages, salaries or other form of compensation higher than those permitted under the Executive order or this regulation. Such remuneration shall be based upon a substantial number of actual transactions for services of like or similar nature.

(c) No person shall offer, demand, or receive any rent higher than the maximum rent prevailing for the same or comparable property for a substantial number of actual transactions during the base period.

(d) No owner of any interest in real property shall demand or receive more than the sales price ceilings which shall be:

(1) The sale price specified in a sales contract signed by both parties on or before August 14, 1971.

(2) Where there is no such sales contract, the fair market value of the property as of the base period based on sales of like or similar property.

Sec. 3 Guidance.

(a) *Prices.* (1) The ceiling price for the sale of a commodity or service is the highest price at which a seller delivered or furnished such commodity or service to purchasers in a substantial number of transactions during the base period.

(2) If a seller delivers or offers a commodity or service which he did not previously deliver or furnish, he can determine his ceiling price either by (i) applying to his current direct unit cost or to his net invoice cost the percentage markup he is currently receiving on the most nearly similar commodity or service he sells, or (ii) using the ceiling price prevailing for comparable commodities or services in the same locality.

(3) A seller's ceiling price when determined, shall reflect his customary price differentials.

(4) Even though the price charged is no higher than the ceiling permitted hereunder, the transaction may be in violation if the commodity or service sold has been reduced in quality or otherwise is not comparable to that sold in the base period.

(b) *Rents.* The ceiling rent for commercial property, housing accommodations, hotels, motels, rooming houses, farms and other establishments, together with all privileges, services, furnishings, furniture, equipment, facilities, improvements, and any other privileges connected with the use thereof shall
no greater than the highest rent charg
for the same property during the ba
period. If the property was not rent
during the base period, the ceiling pri
shall be no higher than the highest re
charged during the nearest precedi
30-day period prior to the base perio
If the property was never previous
rented, the ceiling rent shall be
higher than the ceiling rent charged f
similar or comparable property in t
locality or area.

(c) *Wages and salaries.* Deferr
wage or salary increases which w
negotiated to take effect in the futu
cost-of-living increases built into wa
contracts or provided by manageme
and routine in-grade increases not in
fect on or before August 14, 1971, are
permitted. Regardless of any right
contract heretofore or hereafter exi
ing, no change or adjustment shall
made in rates of wages, salaries, or oth
forms of compensation whether by ret
active increase or otherwise.

Sec. 4 Exemptions.

(a) The Director of OEP at his d
cretion may make exceptions to or gra
exemptions from the prohibitions list
in section 2 of this regulation for t
purpose of preventing or correcting gr
inequities.

(b) Prices of the following categor
of goods and services are not subject
the provisions of Executive Order
11615 and this regulation:
(1) Raw agricultural products.
(2) School tuitions.
(3) Stocks and Bonds.
(4) Exports.

Sec. 5 Imports.

Sales of commodities imported fr
other countries are subject to the pro
sions of this regulation. Price ceilings
all levels, however, may be increased
an amount equivalent to increases in t
landed cost of the commodity import
after August 15, 1971, due to changes
United States customs duties.

Sec. 6 Definitions.

(a) For purposes of this regulati
the term—

(1) "Base period"—for any commo
ity, service, rent, salary or wage includ
the period from July 16, 1971, throu
August 14, 1971, and, in the event th
no transaction occurred in the lat
period, the nearest preceding 30-d
period in which a transaction did occu
Provided, however, That prices, ren
wages, and salaries need not be esta
lished at levels less than those prevaili
on May 25, 1970.

(2) "Person"—shall include any in
vidual, corporation, partnership, associ
tion or any other organized group
persons, or legal successors or represent
tives of the foregoing, and the Unit
States, the States or any other gover
ment or their political subdivisions
agencies subject to this regulation, or a
other entity of any kind.

(3) "Price"—shall include renta
commissions, margins, rates, fe
charges or other forms of prices pa

or received for the sale or use of commodities or services or for the sale of real property.

(4) "Commodity"—means all commodities, articles, products, and materials, including those provided by public utilities services, such as electricity, gas, and water.

(5) "Services"—means all services rendered, other than as an employee, in connection with the processing, distribution, storage, installation, repair, or negotiation or purchases or sales of a commodity, or in connection with the operation of any service establishment for the servicing of a commodity, or professional services.

(6) "Sale"—includes sales, dispositions, exchanges, and other transfers and contracts.

(7) "Class of trade"—means categories of sellers and/or purchasers such as manufacturers, wholesalers, jobbers, distributors, retailers, government agencies, public institutions, individual consumers, and bulk purchasers.

(8) "Class of purchasers or purchasers of same class"—This term refers to the practice adopted by a seller in setting different prices for sales to different purchasers to kinds of purchasers (for example, manufacturer, wholesaler, shopper, retailer, Government agency, public institutions or individual consumer) or for purchasers located in different areas or for purchasers of different quantities or grades or under different terms or conditions of sale or delivery.

(9) "Rent"—Includes charges for any building, structure or part thereof, or land appurtenant thereto, or services, furnishings, furniture, equipment, facilities, and improvements connected with the use or occupancy of such property.

(10) "Net invoice cost"—This term refers to a seller's invoice cost less any discount or allowance he took or could have taken. It does not include separately stated charges such as freight, taxes, etc.

(11) "Unit direct cost"—This term means labor and material costs which enter directly into the product. It does not include factory overhead, or indirect manufacturing expenses, administrative, general, or selling expenses.

(12) "Customary price differentials"—Means differentials, including discounts, allowances, premiums and extras, based upon differences in classes or location or purchasers, or in terms and conditions of sale or delivery.

(13) "Substantial volume of transactions"—is determined as follows: The ceiling price is the price at or above which 10 percent of the actual transactions during the base period were made, except that in the case of increases in posted and effective prices during the base period, the base period itself will be considered to have begun at the time of the increase in posted and effective prices.

(b) For purposes of this regulation, wage, salary, or other form of compensation includes all forms of remuneration to an employee by an employer for personal services, including, but not limited to premium overtime rate payments, night shift, year-end, and other bonus payments, incentive payments, commissions, vacation and holiday payments, employer contributions to or payments of insurance or welfare benefits or pension funds or annuities, and payments in kind.

Sec. 7 Administration.

Pursuant to Cost of Living Council Order No. 1, the Director of OEP has been delegated authority to implement, administer, monitor and enforce the stabilization of prices, rents, wages, and salaries established by Executive Order 11615. Significant policy decisions shall be made only after consultation with the Cost of Living Council established under Executive Order 11615.

Sec. 8 Record keeping.

(a) All records in existence reflecting prices which were charged for the commodities or services during the base period, together with all other pertinent records of any kind or description shall be preserved and there shall be maintained available for public inspection a record of the highest prices charged during the base period. All records hereafter required to be kept pursuant to regulations or directives issued hereunder shall be maintained and preserved.

(b) All persons subject to this regulation shall maintain and preserve all records which are necessary to show the manner by which the ceiling rentals were determined and the record of payments made by persons in occupancy of real property or any part thereof and shall maintain available for public inspection a record of the highest rents charged during the base period.

(c) All employers shall maintain and preserve all records which reflect the rates of wages, salaries, or other forms of compensation paid during the base period.

(d) All persons covered by this regulation, upon demand of the Council, the OEP, or their authorized representatives, shall make available for inspection and copying such books and records as may be deemed necessary by the Council or the OEP to carry out the purpose and provisions of the Executive order and the rules and regulations promulgated thereunder.

Sec. 9 Applicability.

The provisions of this regulation shall be applicable to the United States, the District of Columbia and the Commonwealth of Puerto Rico. This regulation shall not apply to territories and possessions of the United States.

Sec. 10 Violations and penalties.

(a) Any practice which constitutes a means to obtain a higher price, wage, salary or rent, than is permitted by this regulation is a violation of this regulation. Such practices include, but are not limited to, devices making use of inducements, commissions, kickbacks, retroactive increases, transportation arrangements, premiums, discounts, special privileges, tie-in agreements, trade understandings, falsification of records, substitution of inferior commodities or failure to provide the same services and equipment previously sold.

(b) Whenever it appears that any person is engaged, or is about to engage, in any acts or practices constituting a violation of any regulation or order under this program, the United States Government may, in its discretion, bring an action in the proper district court of the United States or other place subject to the jurisdiction of the United States to enjoin such acts or practices. Upon a proper showing, a permanent or temporary injunction or restraining order shall be granted. In addition, upon proper application, such court may issue mandatory injunctions commanding any person to comply with any regulation or order under this program.

(c) Any person who wilfully violates the provisions of Executive Order 11615 or this regulation shall be subject to a fine of not more than $5,000 for each violation.

Sec. 11 Information.

All persons seeking information with respect to the provisions of this regulation or the administration of this program should contact the local office of the Internal Revenue Service, or the Regional Service and Compliance Center of the Office of Emergency Preparedness in their geographical area, or such other local Federal offices as may be hereafter designated. Persons requesting exemptions, exceptions, or adjustments should direct their request, in writing, to the Director of the appropriate Regional Service and Compliance Center. OEP Regional Service and Compliance Centers are located in the following cities:

Atlanta.	Kansas City.
Boston.	New York.
Chicago.	Philadelphia.
Dallas.	San Francisco.
Denver.	Seattle.

Effective date. This regulation, unless modified, superseded or revoked, is effective on the date of publication for a period terminating on November 12, 1971.

Dated: August 20, 1971.

G. A. LINCOLN,
Director,
Office of Emergency Preparedness.

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Agricultural Stabilization and Conservation Service

[7 CFR Part 729]

PEANUTS

Notice of Proposed Proclamation Regarding 1972 National Marketing Quotas, National Acreage Allotment, Date of Referendum

The Secretary of Agriculture is required by section 358(a) of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1358(a)), to proclaim, between July 1 and December 1 of each calendar year, the amount of the national marketing quota for peanuts for the crop produced in the next succeeding calendar year. The amount of such quota is the total quantity of peanuts which will make available for marketing a supply of peanuts from the crop with respect to which the quota is proclaimed equal to the average quantity of peanuts harvested for nuts during the 5 years immediately preceding the year in which such quota is proclaimed, adjusted for current trends and prospective demand conditions.

Section 358(a) of the act further provides that the national marketing quota for peanuts shall be converted to a national acreage allotment by dividing such quota by the normal yield per acre of peanuts for the United States determined by the Secretary on the basis of the average yield per acre of peanuts in the 5 years preceding the year in which the quota is proclaimed, with such adjustment as may be found necessary to correct for trends in yields and for abnormal conditions of production affecting yields.

Section 358(a) of the act also requires that the national marketing quota be a quantity of peanuts sufficient to provide a national acreage allotment of not less than 1,610,000 acres.

Section 358(c)(1) of the act (7 U.S.C. 1358(c)(1)) provides that the national acreage allotment for any year shall be apportioned among the States on the basis of their shares of the national acreage allotment for the most recent year in which such apportionment was made. Pursuant to this provision of the act, the national acreage allotment for the 1972 crop of peanuts will be apportioned to States on the basis of their shares of the 1971 national acreage allotment.

As required by section 358(b) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358(b)), a referendum of farmers who were engaged in the production of the 1971 crop of peanuts will be held not later than December 15, 1971, to determine whether such farmers are in favor of or opposed to peanut marketing quotas for the crops of peanuts produced in the calendar years 1972, 1973, and 1974.

The subjects and issues involved in the proposed determinations are:

1. The amount of the national marketing quota.

2. The amount of the national acreage allotment.

3. The date or period of the referendum (§ 717.2, 33 F.R. 18345).

Consideration will be given to data, views, and recommendations pertaining to the proposed determinations covered by this notice which are submitted in writing to the Director, Oilseeds and Special Crops Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C., 20250. All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27 (b)). All submission must, in order to be sure of consideration, be postmarked not later than 30 days after the date of publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D.C., on August 17, 1971.

KENNETH E. FRICK,
Administrator, Agricultural Stabilization and Conservation Service.

[Docket No. AO-160-A48]

MILK IN MIDDLE ATLANTIC MARKETING AREA

Decision on Proposed Amendments t Marketing Agreement and to Orde

A public hearing was held upon pro posed amendments to the marketin agreement and the order regulating th handling of milk in the Middle Atlant marketing area. The hearing was hel pursuant to the provisions of the Agr cultural Marketing Agreement Act o 1937, as amended (7 U.S.C. 601 et seq. and the applicable rules of practice CFR Part 900), at Bala Cynwyd, Pa July 26, 1971, pursuant to notice thereo issued on July 15, 1971 (36 F.R. 13272

The material issues on the record re late to:

1. Diversion of producer milk.

2. The need for emergency action.

Findings and conclusions. The follow ing findings and conclusions on the ma terial issues are based on evidence pre sented at the hearing and the recor thereof:

1. *Diversion of producer milk.* The pro ducer definition of the Middle Atlant milk order should be amended to in crease the prescribed percentage limita tion on diversions to nonpool plant (other than the plant of a producer handler) of cooperative and nonmembe milk from 15 to 25 percent for any mont of September through February. N change should be made in the 10-day di version limitation applicable to the mil of individual dairy farmers.

The order now permits diversions with out limit to pool reserve processin plants throughout the year. Unlimite diversions are permitted to nonpoo plants only during the months of Marc through August. During the months o September through February, diversion to nonpool plants are limited to not mor than 10 days' production of individua dairy farmers. An alternative procedur is provided whereby a cooperative ma divert to nonpool plants up to 15 percen of its total member-producer milk with out restriction on the days of diversio of an individual dairy farmer's mil and a proprietary handler may similarl

divert up to 15 percent of his nonmember milk supply. If the prescribed percentage limitation is exceeded, all diversions by the handler are governed by the 10-day limitation. In the event any producer's milk is diverted in excess of the allowed 10 days, only the milk of such producer physically received at pool plants is pooled.

The Inter-State Milk Producers' Cooperative, Inc., one of three cooperative associations making up the Pennmarva Dairymen's Cooperative Federation, Inc. (the others being the Maryland Cooperative Milk Producers, Inc., and the Maryland and Virginia Milk Producers Association), proposed that the prescribed percentage limitations on diversions to nonpool plants be increased from 15 to 25 percent.

The Milk Distributors' Association of the Philadelphia Area, Inc., whose members have the preponderance of route disposition in the Philadelphia (formerly Delaware Valley) segment of the marketing area, proposed an increase in the allowable diversions for milk of individual farmers during the months of September through February from the present 10 days to 15 days. This proposed change in the diversion allowance also was supported by a nonassociation member proprietary handler operating both a pool distributing plant and a manufacturing plant in Philadelphia.

In support of the cooperative's proposal, its spokesman documented a number of significant changes which have taken place in the market structure since the Middle Atlantic order was effected (August 1, 1970) and which have made difficult the cooperative's ability to efficiently handle its reserve milk supply within the current diversion rules.

When the Middle Atlantic order was promulgated, the pooling provisions were formulated to accommodate the pooling of four manufacturing plants which historically had held pool plant status under one or another of the previous three separate orders. These particular plants were the primary outlets for the reserve milk supply then associated with the individual markets. With these plants holding pool plant status, it was anticipated that there would be a minimal need for diversions to nonpool plants. The present provisions were formulated to accommodate the then existing market structure, insure an orderly and efficient disposition of the market's necessary reserve, and at the same time to deter handlers from associating with the market unneeded milk supplies solely for manufacturing uses.

The three members of the Pennmarva group were at the time the orders were merged the primary suppliers of milk in the three segments of the market. Only the Maryland and Virginia Milk Producers Association (Washington, D.C.) actually operated reserve processing facilities. The other two cooperatives relied substantially on proprietary manufacturing facilities for the processing of their balancing supplies. With the order merger (concurrent with the formation of the Pennmarva organization), it was anticipated that the reserve processing facilities of the Maryland and Virginia association at Laurel, Md., would complement the three other pool reserve processing plants operated by proprietary handlers in processing the combined markets' balancing supplies. However, the substantial changes which have taken place in the market structure have significantly limited accessibility to the facilities at Laurel for Inter-State Milk Producers' Association and at the same time have increased such cooperative's need for access to nonpool manufacturing facilities. Thus, the cooperative cannot operate within the present diversion limitations during the months of September through February.

Earlier this year the principal manufacturing plant handling the reserve supply for the Upper Chesapeake Bay segment of the market and located at Westminster, Md., was closed, requiring the Maryland Cooperative Milk Producers' Association to move significant additional volumes of milk to the Laurel manufacturing plant.

In April 1971, a large chain store account in the Delaware Valley segment of the market shifted from one of Inter-State's buyers to another handler not served primarily by that association. While the operating cooperative now holding the account requires substantial additional milk which Inter-State is furnishing, such operating cooperative has had no need for the volume of reserve milk (from 4 to 5 million pounds a month) which previously had been associated with the account. Most of this reserve had been handled and pooled by the previous contract holder who no longer can use the milk.

During April and May 1971, Inter-State was able to move this milk directly from farms to the Laurel, Md., plant. Since that time, however, because of lack of weekend capacity at such plant, the association has had to divert such milk to nonpool manufacturing facilities. This situation is not likely to improve in light of other developments hereinafter set forth.

A substantial pool distributing plant which had served the Washington, D.C., metropolitan area ceased operations in June 1971. Most of this plant's milk supply is necessarily being moved through the Laurel plant. This has further limited the volume of reserve milk which the proponent cooperative can expect to move through this manufacturing facility.

The closing of a nonpool manufacturing plant at Greensboro, Md., in May 1971, which plant had been processing a significant volume of proponent's reserve milk supply, has substantially reduced the cooperative's flexibility in handling reserve milk. This plant by location accommodated efficient movement of milk by proponent by either transfer or diversion. The locations of most remaining accessible nonpool manufacturing plants are not such as to accommodate efficient transfer, and hence greater dependence must be placed on diversions.

An Army base contract formerly held by one of the proponent cooperative's buyers was recently awarded to an Ohio dealer who is now serving the contract with milk pooled under the Eastern Ohio-Western Pennsylvania order (Order 36). The volume of milk represented in this shift of sales (about 1 percent of proponent's total member-producer supply) is now necessarily a part of the market reserve and is being diverted to nonpool manufacturing outlets.

Handler representatives testifying at the hearing supported the requested increase in the diversion percentage. At the same time, however, they held that it was equally necessary and appropriate that the number of days of permissive diversion be increased from 10 to 15 to better accommodate the operations of proprietary handlers.

The principal handler witness testifying on his own behalf, as well as on behalf of the distributors' association, indicated without specificity that a number of the reasons advanced by Inter-State in support of a higher percentage diversion allowance apply also with respect to the need of certain handlers for a 15-day diversion allowance during the September–February period.

He acknowledged that a number of handlers operating in the Philadelphia segment of the market have full supply contracts with Inter-State and thus are having their supplies balanced through such cooperative. He knew of only three milk dealers in the Philadelphia area other than himself who do not have full supply contracts with some cooperative.

It was the position of the milk dealers that the relationship of allowable diversions on a percentage basis compared to the diversion potential associated with days of diversion (i.e., 15 percent versus 33 percent) should be retained. Hence, they held that with an increase in the percentage diversion from 15 to 25 the number of days of allowable diversion should be increased from the present 10 to 15.

Because cooperatives in this market supply a number of handlers variously located and such handlers' needs are varied, it is difficult for such cooperatives to operate under diversion limitations applicable to the milk of individual producers. The alternative diversion percentage was adopted so that cooperatives could operate more efficiently in handling the market's necessary reserve. Such alternative diversion percentage is also available to proprietary handlers in handling non-member milk. A much greater percentage of the market's total milk supply can be diverted through the use of the 10-day provision, however, than by either the existing 15 percent, or the proposed 25 percentage diversion limitation.

The fundamental consideration with which we are here faced is whether there is need for a larger than 33 percent diversion potential which would result from handlers' full use of the 10-day provision. Proprietary handler diversion problems, to the extent that they exist under the current provisions, are limited to four handlers, three of whom testified in support of the more liberal 15-day diversion limitation. Contrary to the suggestions

of these handlers, it is not apparent that the problems confronting handlers are the same as those confronting cooperatives.

The principal witness for the distributors' association suggested that his operation was unique in that a part of such operation involved the distribution of "breed milk" for which he paid a premium. He further indicated that he preferred to maintain and supervise his own quality control program and for this reason needed a greater overall supply to insure a continuing adequate supply to meet his changing needs. In this regard he indicated that he actively sought contract business and thus had a fluctuating demand. Notwithstanding his desire to maintain his own balancing supply, he conceded that a substantial part of his supply is received from interstate member-producers and that the cooperative could perform the balancing operation for him efficiently.

A pool distributing plant now must dispose of a minimum of 50 percent of its direct producer receipts for class I use. The handler testified to using approximately 15 percent of his receipts in his own plant for class II use. He further testified that the farms of all his producers are so located that their milk can be efficiently diverted. While he indicated that his utilization in the months of September through February could run somewhat below the market average (about 65 percent), it is not apparent that he actually has a diversion problem since a minimum of 65 percent of his receipts is used in his own plant, leaving a maximum 35 percent for diversion. In view of this, and the part played by the cooperative in diverting milk for him, the 33-percent diversion potential through the use of the 10-day provision is fully adequate.

The handler in his testimony emphasized further that the inappropriateness of the present provision was evidenced by the fact that in all but two of the months of limited diversion last year the diversion limitation was under suspension. The special circumstances surrounding the suspension actions, however, were set forth in the suspension orders and may not be construed to be representative of the existing market. Even if this were not the case, it is clear that the percentage adjustment requested by the proponent cooperative would have been more than adequate to accommodate the situation last year and will fully accommodate the current situation.

The proponent cooperative's diversions during September 1970, when diversion limitations were under suspension amounted to 16 percent of its member-producer milk and during the months of December 1970 and January and February 1971 (also under suspension), amounted to 15, 16, and 17 percent, respectively. While the cooperative indicated that it likely could now operate under a maximum 20 percent diversion limitation, it recognized that such a limitation would provide no buffer against marketing contingencies of an unusual nature, such as those which necessitated the suspension of diversion limitations last fall and winter. The 25-percent diversion limitation was proposed in an abundance of caution to accommodate further changes in the market structure.

The second spokesman for the distributors' association in support of a 15-day diversion limitation is employed by a handler operating three pool distributing plants and a pool reserve processing plant at Chambersburg, Pa., as well as nonpool manufacturing plants through subsidiary corporations. One of these latter plants is in Hagerstown, Md., and another in Philadelphia, Pa.

The handler's Chambersburg manufacturing plant was accorded pooling status to accommodate the disposition of the necessary market reserve. The facility is pooled in conjunction with one of the three pool distributing plants of such handler. With pool status such plant is eligible to receive milk as diverted milk from either of the remaining two pool distributing plants of such handler as well as from other handlers. There are no limitations on the total volume of milk it can handle under the order other than plant capacity. It is difficult therefore to accept that this handler could have difficulty with the current diversion provisions or the provisions as herein revised.

The third handler who testified in support of an increase in the number of days of allowable diversions operates both a pool distributing plant and an adjacent nonpool manufacturing plant in the city of Philadelphia. The handler indicated that his business has somewhat more seasonality than other handlers, and accordingly his route disposition is greatest at the peak of the vacation season (July-August). In addition, he pointed out that the transition of the market from a normal 6-day to a 5-day bottling week has increased the need for diversions.

Notwithstanding this handler's position, it reasonably can be concluded that he must physically receive at his pool plant at least 65 percent of the producer milk associated with such plant in order to cover his minimum bottling needs and associated Class II use. He indicated that thus far in 1971, except for the month of April, his utilization has been above the market average.

The location of this handler's manufacturing plant in near proximity to his pool plant readily accommodates his use of the 10-day diversion provision. Thus, even under the present provisions, he can divert up to 33 percent of his milk supply.

Because of the nature of this handler's manufacturing business he does not handle reserve milk for other proprietary handlers in any substantial degree. Milk which he takes from other handlers is in limited quantity and usually through special arrangements. The handler does, however, receive significant quantities of milk from Inter-State Milk Producers Cooperative and also from at least one other cooperative. Since the cooperatives can apparently accommodate to the movement of such milk under the proposed modified diversion percentage, there is no apparent need for the requested increase in the number of days of diversion to accommodate the oper tions of this handler.

In light of the foregoing, there is basis established on this record for increase in the number of days of dive sion of a producer's milk. An increa in the allowable percentage diversi limit from 15 percent to 25 percent, ho ever, will implement efficient moveme of the market's necessary reserve to ma ufacturing outlets and thus promote mo orderly marketing.

Official notice was taken at the heari of Table 7 of the publication "Summa of Major Provisions in Federal Milk Ma keting Orders," January 1971, for t purpose of demonstrating that the div sion provisions of the Middle Atlan order were more stringent than those most Federal orders. As previously not the pooling provisions of the Middle A lantic order were drafted to impleme the pooling of four reserve processi plants for the express purpose of insu ing the efficient handling of the marke reserve supply. Milk diverted to th plants is not subject to the diversi limitations. Under the circumstanc there is no need in this market for version privileges more liberal than th herein adopted to insure the orderly a efficient handling of the market's ba ancing supplies.

2. *Emergency action.* The due a timely execution of the functions of t Secretary under the Act imperatively a unavoidably requires the omission of recommended decision and an opport nity for exceptions thereto. Orderly ma keting of certain reserve supplies in Se tember 1971, the first month of 6-month period for which the order pr scribes limitations on milk diversions nonpool plants (which limitation is vised herewith), requires that the tached order be effective beginning wi that month.

Any delay in informing interested pa ties of the action taken will tend to ma ineffective the relief sought. Handl should know promptly and with certain the conditions of diversion to be app cable in the coming September 197 February 1972 period.

The timely execution of the ord changes as herein proposed will perm milk of producers which has been sociated with the market to rema pooled without requiring the unnec sary and uneconomic delivery to d tributing plants for subsequent trans to other plants for manufacturing.

The notice of hearing stated that co sideration would be given to the eme gency marketing conditions relating the proposed amendment. Action un the procedure prescribed above was quested by the cooperative associati and generally supported at the heari and in posthearing briefs. There was opposition to expedited action.

It is therefore found that good ca exists for omission of the recommend decision and the opportunity for fili exceptions thereto.

Rulings on proposed findings and co clusions. Briefs and proposed findi and conclusions were filed on behalf

certain interested parties. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

General findings. The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the tentative marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents, a marketing agreement regulating the handling of milk, and an order amending the order regulating the handling of milk in the Middle Atlantic marketing area which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions.

It is hereby ordered, That this entire decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the marketing agreement are identical with those contained in the order as hereby proposed to be amended by the attached order which is published with this decision.

Determination of producer approval and representative period. June 1971, is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of the order, as amended and as hereby proposed to be amended, regulating the handling of milk in the Middle Atlantic marketing area is approved or favored by producers, as defined under the terms of the order, as amended and as hereby proposed to be amended, and who, during such representative period, were engaged in the production of milk for sale within the aforesaid marketing area.

Signed at Washington, D.C., on August 17, 1971.

RICHARD E. LYNG,
Assistant Secretary.

Order[1] Amending the Order, Regulating the Handling of Milk in the Middle Atlantic Marketing Area

Findings and determinations. The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings.* A public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Middle Atlantic marketing area. The hearing was held pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure (7 CFR Part 900).

Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order as hereby amended regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Middle Atlantic marketing area shall be in conformity to and in compliance with the terms and conditions of the order, as amended, and as hereby amended, as follows:

In § 1004.15 *Producer,* the specified diversion limits "15," where they appear in paragraph (c)(2) (i) and (ii), respectively, are revised to read "25". As revised, the applicable text of paragraph (c)(2) (i) and (ii) read in part "* * * milk so diverted does not exceed 25 percent * * *"

[FR Doc.71-12253 Filed 8-20-71;8:48 am]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

DEPARTMENT OF COMMERCE

Maritime Administration

[46 CFR Ch. II]

OPERATING-DIFFERENTIAL SUBSIDY AGREEMENTS

Notice of Proposed Rule Making

Notice is hereby given that the Maritime Subsidy Board is considering the promulgation of certain "General Provisions" to be incorporated in operating-differential subsidy (ODS) agreements.

The ODS agreements which were in effect when the Merchant Marine Act of 1970 was enacted on October 21, 1970, were framed in two parts: Part I, styled "Special Provisions", contained provisions designed for the particular operator involved; part II, styled "General Provisions", contained provisions of general applicability to all subsidized operators.

The Merchant Marine Act of 1970 amended the Merchant Marine Act, 1936, in several important respects. Among other things, the 1970 Act authorizes operating-differential subsidy for bulk operators as well as for liner operators. In addition, it prescribes a new method of calculating the wage subsidy for all operators who enter into an ODS agreement subsequent to its enactment. Under the provisions of section 40 thereof, this statute also affords operators who were holders of ODS agreements on the date of its enactment, certain options with respect to the amendment of these contracts.

Accordingly, the "General Provisions" to be embodied in the various ODS agreements will be drawn with due regard to both the particular operator's type of subsidized service (i.e., whether a liner or a bulk cargo operation) and such option or options, if any, the operator may have elected under section 40 of the Merchant Marine Act of 1970. The "General Provisions" of the ODS agreements which were in effect on the date the Merchant Marine Act of 1970 was enacted will be amended only to the extent necessary to reflect the option or options elected by the particular operator involved pursuant to section 40 of the 1970 Act.

It is proposed that the respective "General Provisions" be identified as follows:

Part II: General Provisions included in ODS agreements which were in effect on the date of enactment of the Merchant Marine Act of 1970 and which will be continued in such of those agreements as are not amended to reflect any of the amendments authorized by section 40 of that statute.

Part II-A(1): General Provisions proposed for inclusion in ODS agreements entered into by liner operators subsequent to the date of enactment of the Merchant Marine Act of 1970.

Part II-A(2): General Provisions proposed for inclusion in those ODS agreements which were in effect on the date of enactment of the Merchant Marine Act of 1970 and which are amended pursuant to section 40 of that statute to reflect all of the amendments authorized thereby.

Part II-A(3): General Provisions proposed for inclusion in those ODS agreements which were in effect on the date of enactment of the Merchant Marine Act of 1970 and which are amended pursuant to section 40 of that statute to reflect all of the amendments authorized thereby, except that the operaor elects to continue with its "old fund" as provided in section 607 of the Merchant Marine Act, 1936, as amended by section 21 of the Merchant Marine Act of 1970.

Part II-A(4): General Provisions proposed for inclusion in those ODS agreements which were in effect on the date of enactment of the Merchant Marine Act of 1970 and which are amended pursuant to section 40 of that statute to reflect all of the amendments authorized thereby, except that the operator elects to continue its 10-year recapture period and recapture obligations as provided in the Merchant Marine Act, 1936, as it existed immediately before the enactment of the Merchant Marine Act of 1970, until the end of such recapture period.

Part II-A(5): General Provisions proposed for inclusion in those ODS agreements which were in effect on the date of enactment of the Merchant Marine Act of 1970 and which are amended pursuant to section 40 of that statute to reflect all of the amendments authorized thereby, except that the operator elects to continue with its "old fund" as provided in section 607 of the Merchant Marine Act, 1936, as amended by section 21 of the Merchant Marine Act of 1970, and also to continue its 10-year recapture period and recapture obligations as provided in the Merchant Marine Act, 1936, as it existed immediately before the enactment of the Merchant Marine Act of 1970, until the end of such recapture period.

Part II-B: General Provisions proposed for inclusion in ODS agreements entered into by operators of bulk cargo carrying vessels.

Parts II-A(1), II-A(3), and II-B referred to above have been drafted. Copies thereof may be obtained from the Secretary, Maritime Subsidy Board, Department of Commerce, Washington, D.C. 20235. (Prior to execution, these documents will be amended to the extent necessary to conform with any applicable requirements of the Clean Air Act as amended (42 U.S.C. 1857 et seq.), Executive Order 11602 and such rules and regulations as may be issued thereunder.)

While the operating-differential subsidy program is exempt from the requirements of 5 U.S.C. 553, the Maritime Subsidy Board invites all interested parties to submit written comments, in triplicate, on proposed Parts II-A(1), II-A(3), and II-B to the Secretary, Maritime Subsidy Board, by close of business on September 20, 1971. Parts II-A(2), II-A(4), and II-A(5) referred to above will be made available for comment in the future.

Dated: August 17, 1971.

By order of the Maritime Subsidy Board.

AARON SILVERMAN,
Assistant Secretary.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[33 CFR Part 117]

[CGFR 71-81]

TENSAW RIVER, ALA.

Drawbridge Operation

The Coast Guard is considering revising the regulations for the Louisville and Nashville railroad bridge across the Tensaw River, Mile 15.0, near Hurricane, Ala., to permit the draw to remain closed and unattended for the passage of vessels from 12 midnight to 8 a.m. The draw is presently closed during this period but is required to be attended and to open for fireboats and patrol boats operated by the Maritime Administration for the security of the Mobile Reserve Fleet Anchorage. The Mobile Reserve Fleet has been removed from this area and therefore there is no need for a tender during this period.

Interested persons may participate in this proposed rule making by submitting written data, views, or arguments to the Commander (oan), Eighth Coast Guard District, Customhouse, New Orleans, La. 70130. Each person submitting comments should include his name and address, identify the bridge, and give reasons for any recommended change in the proposal. Copies of all written communications received will be available for examination by interested persons at the office of the Commander, Eighth Coast Guard District.

The Commander, Eighth Coast Guard District, will forward any comments received before September 24, 1971, with his recommendations to the Chief, Office of Operations, who will evaluate all communications received and take final action on this proposal. The proposed regulations may be changed in the light of comments received.

In consideration of the foregoing, it is proposed that Part 117 of Title 33 of the Code of Federal Regulations, be amended by revising § 117.245(i)(17) to read as follows:

§ 117.245 **Navigable waters discharging into the Atlantic Ocean south of and including Chesapeake Bay and into the Gulf of Mexico, except the Mississippi River and its tributaries and outlets; bridges where constant attendance of draw tenders is not required.**

* * * * *

(i) * * *

(17) *Tensaw River, Ala.; Louisville and Nashville railroad bridge, mile 15.0.*

(i) The draw shall open on signal from 8 a.m. to 12 midnight. The draw need not open from 12 midnight to 8 a.m.

(ii) During periods of severe storms (hurricanes from the time the U.S. Weather Bureau sounds an "alert" for the area until the "all clear" is sounded) drawtenders will be constantly on duty and the draw shall open on signal for the passage of vessels.

* * * * *

(Sec. 5, 28 Stat. 362, as amended, sec. 6(g)(2) 80 Stat. 937; 33 U.S.C. 499, 49 U.S.C. 1655(g)(2); 49 CFR 1.46(c)(5), 33 CFR 1.05-1(c)(4) (35 F.R. 15922))

Dated: August 12, 1971.

R. E. HAMMOND,
Rear Admiral, U.S. Coast Guard,
Chief, Office of Operations.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Secretary

[24 CFR Part 72]

[Docket No. R-71-134]

FAIR HOUSING POSTER

Notice of Proposed Rule Making; Correction

On August 4, 1971, at 36 F.R. 14336, the Department published a notice of proposed rule making in the above-styled proceeding. The preamble to that notice provided for the filing of all communications with the Assistant Secretary for Equal Opportunity and indicated that copies of comments received would be available at that address.

The provision is being changed and all communications will be filed with, and all comments received will be available for public inspection at, the office of the Rules Docket Clerk, Office of General Counsel, Room 10256, Department of HUD, 451 Seventh Street SW., Washington, DC 20410, as otherwise provided in the preamble.

SAMUEL J. SIMMONS,
Assistant Secretary
for Equal Opportunity.

Notices

DEPARTMENT OF THE TREASURY

Bureau of Customs

DIAMOND TIPS FOR PHONOGRAPH NEEDLES FROM THE UNITED KINGDOM

Withholding of Appraisement Notice

Information was received on November 30, 1970, that diamond tips for phonograph needles from the United Kingdom were being sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 et seq.) (referred to in this notice as "the Act"). This information was the subject of an "Antidumping Proceeding Notice" which was published in the FEDERAL REGISTER of March 12, 1971, on page 4793. The "Antidumping Proceeding Notice" indicated that there was evidence on record concerning injury to or likelihood of injury to or prevention of establishment of an industry in the United States.

Pursuant to section 201(b) of the Act (19 U.S.C. 160(b)), notice is hereby given that there are reasonable grounds to believe or suspect that the purchase price (section 203 of the Act; 19 U.S.C. 162) of diamond tips for phonograph needles from the United Kingdom is less, or likely to be less, than the foreign market value (section 205 of the Act; 19 U.S.C. 164).

Statement of reasons. The information currently before the Bureau tends to indicate that the probable basis of comparison will be between purchase price and home market price of such or similar merchandise.

Preliminary analysis suggests that purchase price will probably be calculated by deducting the cash discount and any included freight charges from the price for exportation to the United States.

It appears that home market price will probably be based on the weighted average of home market prices, less the cash discount.

Using the above criteria, there are reasonable grounds to believe or suspect that purchase price will be lower than home market price.

Customs officers are being directed to withhold appraisement of diamond tips for phonograph needles from the United Kingdom in accordance with § 153.48, Customs Regulations (19 CFR 153.48).

In accordance with §§ 153.32(b) and 153.37, Customs Regulations (19 CFR 153.32(b), 153.37), interested parties may present written views or arguments, or request in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed to the Commissioner of Customs, 2100 K Street NW., Washington, DC 20226, in time to be received by his office not later than 10 calendar days from the date of publication of this notice in the FEDERAL REGISTER.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office not later than 30 days from the date of publication of this notice in the FEDERAL REGISTER.

This notice, which is published pursuant to § 153.34(b), Customs Regulations, shall become effective upon publication in the FEDERAL REGISTER. It shall cease to be effective at the expiration of 6 months from the date of this publication, unless previously revoked.

Approved: August 16, 1971.

[SEAL] EDWIN F. RAINS,
Acting Commissioner of Customs.

EUGENE T. ROSSIDES,
Assistant Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

ROUND VALLEY RESERVATION, CALIF.

Ordinance Legalizing Introduction, Sale, or Possession of Intoxicants

AUGUST 13, 1971.

In accordance with authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2, and in accordance with the Act of August 15, 1953, Public Law 277, 83d Congress, first session (67 Stat. 586), I certify that the following ordinance relating to the application of the Federal Indian Liquor Laws on the Round Valley Reservation, Calif., was adopted on December 28, 1970, by the Covelo Indian Community of the Round Valley Reservation, which has jurisdiction over the area of Indian country included in the ordinance, which amends the ordinance adopted July 21, 1970, and published on page 13750 in the August 28, 1970 issue of the FEDERAL REGISTER (35 F.R. 13750), the new ordinance reading as follows:

Whereas: Public Law 277, 83d Congress, approved August 15, 1953, provides that sections 1154, 1156, 3113, 3488, and 3618 of Title 18, United States Code, commonly referred to as the Federal Indian Liquor Laws, shall not apply to any act or transaction within any area of Indian Country, provided such act or transaction is in conformity with both the laws of the State in which such act or transaction occurs and with an ordinance duly adopted by the tribe having jurisdiction over such area of Indian Country, certified by the Secretary of the Interior, and published in the FEDERAL REGISTER.

Now therefore, be it resolved, That the introduction, sale, or possession of intoxicating beverages shall be lawful within the boundaries of the Round Valley Reservation under the jurisdiction of the Covelo Indian Community Council: *Provided*, That such introduction, sale, or possession is in conformity with the laws of the State of California.

Be it further resolved, that any tribal laws, resolutions, or ordinances heretofore enacted which prohibits the sale, introduction, or possession of intoxicating beverages are hereby repealed.

HAROLD D. COX,
Acting Deputy Commisisoner of Indian Affairs.

[Muskogee Area Office Redelegation Order 2, Amdt. 2]

SUPERINTENDENTS ET AL., MUSKOGEE AREA OFFICE

Delegation of Authority

AUGUST 5, 1971.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2 (32 F.R. 13938).

This delegation is issued under the authority delegated to the Commissioner of Indian Affairs from the Secretary of the Interior in section 25 of Secretarial Order 2508 (10 BIAM 2.1) and redelegated by the Commissioner to the Area Directors in 10 BIAM 3.

Muskogee Area Office Redelegation Order 2 was published beginning at page 15812 in the October 14, 1969, issue of the FEDERAL REGISTER (34 F.R. 15812). It was amended on page 2599 in the February 5, 1970, issue of the FEDERAL REGISTER (35 F.R. 2599). As amended, Muskogee Area Office Redelegation Order 2 is being further amended to extend the authorities delegated to the Superintendents under the jurisdiction of this area.

The table of sections for Part 2 of the Muskogee Area Office Redelegation Order 2 is hereby amended to read as follows:

PART 2.—AUTHORITY OF SUPERINTENDENTS

* * * * *

FUNCTIONS RELATING TO FUNDS AND FISCAL MATTERS

2.10 Individual Indian moneys.
2.11 Loan agreements and modifications.
2.12 Penalties or default.
2.13 Acceptance of donations.
2.14 Partial release and satisfaction.

FUNCTIONS RELATING TO LAND AND MINERALS

2.20 Allotment applications.
2.21 Tax exemption certificates.
2.22 Surface leasing and permitting.
2.23 Rights-of-way.
2.24 Mineral leases and permits.
2.25 Sale of improvements.
2.26 Certificate on deed of acquisition.
2.27 Sales, fee patents, and other matters in 25 CFR Part 121.
2.28 Release of mortgages.
2.29 Soil and moisture conservation.
2.30 Purchase of lands for individuals and Indian tribes.

FUNCTIONS RELATING TO REDELEGATION

2.31 Redelegation authority.

Part 2 is hereby amended to read as follows:

PART 2—AUTHORITY OF SUPERINTENDENTS

* * * * *

FUNCTIONS RELATING TO FUNDS AND FISCAL MATTERS

SEC. 2.10 *Individual Indian moneys.* The approval of expenditures of individual Indian moneys held in custody of the Department. This authority extends to and includes investments, loans, and donations by individual Indians.

SEC. 2.11 *Loan agreements and modifications.* The approval of loans and modification of loans made to corporations, tribes, bands, credit associations, and individuals pursuant to 25 CFR Part 91 where the indebtedness to the lender does not exceed $20,000, subject to the availability of funds and the restrictions imposed by 10 BIAM 3.3F.

SEC. 2.12 *Penalties or default.* Take all steps to enforce loan agreements authorized in 25 CFR 91.10.

SEC. 2.13 *Acceptance of donations.* The acceptance of donations of funds or other property for the advancement of the Indian race, and use of the donated property in accordance with the terms of the donation in furtherance of any program authorized by other provisions of law for the benefit of Indians pursuant to the act of February 14, 1931, 46 Stat. 1106, 25 U.S.C. section 451 (1964), as amended by the act of June 8, 1968, 82 Stat. 171, Public Law 90-333.

SEC. 2.14 *Partial release and satisfaction.* The approval of partial releases and satisfactions of mortgages given as security for loans from the United States made pursuant to 25 CFR Part 91.

FUNCTIONS RELATING TO LAND AND MINERALS

* * * * *

SEC. 2.22 *Surface leasing and permitting.* All those matters set forth in 25 CFR Part 131, provided that approvals of leases and permits on land of the Five Civilized Tribes and members thereof shall be limited to a term of 5 years or less.

* * * * *

SEC. 2.28 *Release of mortgages.* The approval of releases of mortgages given as security for loans made from the restricted funds of individual Indians upon proof of payment of the loan.

SEC. 2.29 *Soil and moisture conservation.* The approval of soil and moisture conservation operations on Indian lands, pursuant to the President's Reorganization Plan No. IV, of 1940 (54 Stat. 1235), and the Soil Conservation Act of April 27, 1935 (16 U.S.C. sec. 590a), and subject to the coordination and general supervision of the Office of the Secretary.

SEC. 2.30 *Purchase of lands for individuals and Indian tribes.* The approval of the purchase of lands for individual Indians and Indian tribes. This authority extends to and includes the acceptance of options for the acquisition of lands, excepting Five Civilized Tribes Agencies.

FUNCTIONS RELATING TO REDELEGATION

SEC. 2.31 *Redelegation authority.* Except as may otherwise be provided in this order, the superintendent may, upon approval of the area director, redelgate in writing to any Officer or employee within his organization, any authority delegated to him by this order or by the regulations in 25 CFR.

VIRGIL N. HARRINGTON,
Area Director.

Approved: August 16, 1971.

HAROLD D. COX,
Acting Deputy Commissioner of Indian Affairs.

[Case 413]

J. A. GOLDSCHMIDT S.A.

Order Suspending Effectiveness of Denial Order

In the matter of J. A. Goldschmidt S.A., 149 rue Saint Honore, Paris, France, respondent, Case No. 413.

On July 28, 1971, the undersigned issued an order against the above respondent denying all U.S. export privileges for a period of 9 months and thereafter placing respondent on probation for the remainder of 3 years. Said order, effective as of August 5, 1971, was published in the FEDERAL REGISTER on August 6, 1971 (36 F.R. 14489). The order extends not only to the respondent, but also to its successors, representatives, agents, and employees and also to any person, firm, corporation, or other business organization with which it now or hereafter may be related by affiliation, ownership, control, position of responsibility, or other connection in the conduct of trade or services connected therewith.

The respondent on its own behalf and on behalf of a company to which it is related by affiliation and ownership has applied for a stay of effectiveness of the order and has assigned reasons therefor. The respondent has represented that it proposes promptly to file a request for reopening of the proceedings, principally for reconsideration of the matter of the sanctions that were imposed.

In the light of the information presented and in order to give the respondent an opportunity to present evidence for the purpose of showing that the sanctions should be modified because (1) of their severe effect on respondent, and parties related to it; (2) they will adversely affect parties in the United States involved in exportations to respondent and parties related to it: *It is hereby ordered:*

I. The effectiveness of the sanctions in the order of July 28, 1971, are hereby suspended forthwith.

II. If the respondent on or before August 25, 1971, files a request for reopening of the proceedings with supporting evidence, this suspension order will continue in effect until a further order is issued in the proceedings. If such request is not filed within such time, this suspension order will be terminated and due notice will be published in the FEDERAL REGISTER.

III. Upon further hearing conducted in accordance with § 388.12 of the Export Control Regulations, the Compliance Commissioner shall submit his report and recommendation to the undersigned and action will be taken as provided in said section.

Dated: August 18, 1971.

RAUER H. MEYER,
Director, Office of Export Control.

CIVIL AERONAUTICS BOARD

[Order 71-7-78]

ALL U.S. AIR CARRIERS AND FOREIGN AIR CARRIERS

Order Stabilizing Fares, Rates and Charges for Passengers and Property

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 17th day of August 1971.

By this order and consistent with the provisions of the Executive order of the President issued August 15, 1971, providing for the stabilization of prices, rents, wages, and salaries for a 90-day period therefrom, the Board is making provision for the stabilization of fares, rates, and charges for passengers and property during this period. In order to assure the implementation of the Executive order with respect to all aspects of fares, rates, and charges applicable to air transportation and in coordination with the national economic stabilization program, the Board finds that it is essential to the stabilization of our economy that prices of goods and services for air transportation be maintained at levels no higher than those in effect during the 30-day period ending August 14, 1971. The Board further finds it essential that the tariffs of all air carriers and foreign air carriers on file with the Board be consistent with the provisions of this stabilization program. Accordingly, the Board concludes that the economic stabilization measures provided for in this order are required in the national interest, and should be implemented by the Board in accordance with its responsibilities.

The Board deems it necessary, therefore, to provide that no air carrier or foreign air carrier shall make any increase in its rates, fares, or charges, to become effective prior to November 13, 1971, in excess of the highest of those in effect during the 30-day period ending August 14, 1971. This action is applicable to all changes in air carrier prices including changes in classifications, rules, regulations, or practices, and the application of expiry provisions in tariffs, which have the effect of increasing the prices charged to the public, irrespective as to whether the changes are embodied in tariff filings. In addition, the Board will direct the carriers to cancel or withdraw those tariff filings (including provisions for expiry dates) for effectiveness during the period ending November 12, 1971, that would result in higher fares, rates, or charges than those in effect during the 30-day period ending August 14, 1971. Tariffs not timely canceled or withdrawn will be rejected by the Board.[1]

Accordingly, it is ordered, That:

1. Each air carrier and foreign air carrier shall:

a. Make no increases directly or indirectly, in fares, rates, and charges in air transportation services for effectiveness during the period ending November 12, 1971, above the highest in effect during the 30-day period ending August 14, 1971.

b. Withdraw all proposed tariffs, or effective tariffs, including expiry provisions, which would directly or indirectly effect an increase in fares, rates, and charges during the period ending November 12, 1971, above the highest in effect during the 30-day period ending August 14, 1971.

2. Special tariff permission is hereby granted to effect such withdrawals on 1 day's notice.

3. The Chief, Tariffs Section, is hereby authorized and directed to issue such rejection notices and to take such other action as is necessary to implement this order.

4. This order shall be served upon all air carriers and foreign air carriers.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.71-12277 Filed 8-20-71;8:50 am]

[1] Each carrier, of course, has the ultimate responsibility of assuring its individual compliance with the Executive order, and to take any action, in addition to that specified herein, which may be required by the terms of that order.

RHODIA, INC.

Notice of Filing of Petition Regarding Pesticide Chemical

Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 4(d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 2F1182) has been filed by Rhodia, Inc., 120 Jersey Avenue, New Brunswick, NJ 08903, proposing establishment of tolerances (21 CFR Part 420) for negligible residues of the defoliant, desiccant, and herbicide *p*-(dimethylamino) thiocyanobenzene in or on the raw agricultural commodities potatoes, onions, and cottonseed at 0.1 part per million.

The analytical method proposed in the petition for determining residues of the pesticide is a gas chromatographic procedure utilizing an electron-capture detector.

Dated: August 17, 1971.

WILLIAM M. UPHOLT,
Deputy Assistant Administrator for Pesticides Programs.

[1] Commissioners Robert E. Lee, Johnson, Wells, and Houser.

STANDARD BROADCAST APPLICATION READY AND AVAILABLE FOR PROCESSING

Notice is hereby given, pursuant to § 1.571(c) of the Commission's rules, that on September 22, 1971, the following standard broadcast application will be considered as ready and available for processing:

BP-19063 New, Seward, Alaska.
Radio Seward, Inc.
Req: 950 kc., 1 kw., S.H. (facilities formerly assigned to KIBH).

Pursuant to §§ 1.227(b)(1) and 1.591(b) of the Commission's rules, an application, in order to be considered with this application or with any other application on file by the close of business September 21, 1971, which involves a conflict necessitating a hearing with this application, must be substantially complete and tendered for filing at the offices of the Commission in Washington, D.C., by the close of business September 21, 1971.

The attention of any party in interest desiring to file pleadings concerning any pending standard broadcast application pursuant to section 309(d)(1) of the Communications Act of 1934, as amended, is directed to § 1.580(i) of the Commission's rules for provisions governing the time of filing and other requirements relating to such pleadings.

Adopted: August 9, 1971.

Released: August 13, 1971.

FEDERAL MARITIME COMMISSION

CONTINENTAL NORTH ATLANTIC WESTBOUND FREIGHT CONFERENCE

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Burton H. White, Esq., Burlingham Underwood Wright White & Lord, 25 Broadway, New York, NY 10004.

Agreement No. 8210-13 modifies the basic agreement by adding language providing that any member line which is also a member of the Atlantic Container Line Consortium may charter space to Wallenius Line for the carriage of cars, trucks, and house trailers and may represent Wallenius Line in matters pertaining to the movement of such vehicles.

Dated: Aug. 18, 1971.

By order of the Federal Maritime Commission.

JOSEPH C. POLKING,
Assistant to the Secretary.

HAWAIIAN EMPLOYERS ALLOCATION AGREEMENT

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 10 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Thomas E. Kimball, Esq., Lillick, McHose, Wheat, Adams & Charles, Attorneys at Law, 311 California Street, San Francisco, CA 94104.

Agreement No. T-2548, between Castle & Cooke Terminals, Ltd.; C. Brewer Corporation doing business as Hilo Transportation & Terminal Co.; Honolulu Terminals Co., Ltd.; Kawaihae Terminals Inc.; Matson Terminals, Inc.; McCabe, Hamilton & Renny Co., Ltd.; Seatrain Terminals of California; Theo. H. Davies & Company, Limited (employers), provides for a formula and procedures for the allocation among the employers of the costs of certain fringe benefits payable to their employees. Except for its termination date, the agreement is identical to Agreement No. T-2369 which expired by its own terms on June 30, 1971. The purpose of Agreement No. T-2548 is to provide for a continuation of payments under the same terms until September 30, 1971.

Dated: August 18, 1971.

By order of the Federal Maritime Commission.

JOSEPH C. POLKING,
Assistant to the Secretary.

WSUP ALLOCATION AGREEMENT

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1405 I Street NW., Room 1015; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 10 days after publication of this notice in the FEDERAL REGISTER. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Mr. Thomas E. Kimball, Lillick, McHose, Wheat, Adams & Charles, 311 California Street, San Francisco, CA 94104.

Agreement No. T-2188-5, between certain Hawaiian stevedore companies (employers) formalizes the extension of the termination date of the basic agreement from June 30, 1971, to and including September 30, 1971. Under date of June 30, 1971, the Commission approved the extension of the agreement in order for the employers to meet their obligations under their labor agreement which had been extended by the employers and the International Longshoremen's and Warehousemen's Union to September 30, 1971. The purpose of Agreement No. T-2188-5 is to confirm that the extension shall be on the same basis and pursuant to the same terms and conditions as set forth in Agreement No. T-2188, as amended, and to provide for the pro rata application, on a 3 months' basis, of these same terms and conditions.

Dated: August 18, 1971.

By order of the Federal Maritime Commission.

JOSEPH C. POLKING,
Assistant to the Secretary.

FEDERAL POWER COMMISSION

[Docket No. CI72-99]

GEORGE T. ABELL

Notice of Application

AUGUST 18, 1971.

Take notice that on August 13, 1971, George T. Abell (Applicant), First National Bank Building, Midland, Tex. 79701, filed in Docket No. CI72-99 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to Northern Natural Gas Co. (Northern) from the Gomez Field, Pecos County, Tex., all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that he commenced the sale of natural gas to Northern within the contemplation of § 157.29 of the regulations under the Natural Gas Act (18 CFR 157.29) and that he proposes to continue said sale for 24 months commencing October 2, 1971, at the rate of 28.0 cents per Mcf at 14.65 p.s.i.a. within the contemplation of § 2.70 of the Commission's General Policy and Interpretations (18 CFR 2.70). The contract between Applicant and Northern provides that deliveries may be taken by Northern for up to 6 additional months if necessary to allow Northern to take gas for which payment has been made.

Applicant, small producer certificate holder in Docket No. CS66-109, states that he has limited his proposed sale to Northern to 24 months in view of the challenges to the Commission's Order No. 428, issued March 18, 1971 (36 F.R. 5598), which amended the Commission's certificate procedure for small producers. Applicant states further that, if at the end of the term of the proposed sale it appears to Applicant that Order No. 428, as amended, has been affirmed and is no longer subject to review or modification and that Applicant's status and rights as a small producer have not been adversely affected as of then, Applicant has agreed with Northern that he will enter into a long-term contract for a 20-year small producer sale of the same production.

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 15 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before August 30, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.71-12298 Filed 8-20-71;8:52 am]

[Docket No. CI72-97]

HUMBLE OIL & REFINING CO.

Notice of Application

AUGUST 18, 1971.

Take notice that on August 12, 1971, Humble Oil & Refining Co. (applicant), Post Office Box 2180, Houston, TX 77001, filed in Docket No. CI72-97 an application pursuant to section 7(c) of the Natural Gas Act for certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce to United Gas Pipe Line Co. from the Pecan Island Field, Vermilion Parish, La., for 1 ye commencing October 1, 1971, at the ra of 35 cents per Mcf at 15.025 p.s.i within the contemplation of § 2.70 of t Commission's General Policy and Inte pretations (18 CFR 2.70), all as mo fully set forth in the application whi is on file with the Commission and op to public inspection.

It appears reasonable and consiste with the public interest in this case prescribe a period shorter than 15 da for the filing of protests and petitio to intervene. Therefore, any person desi ing to be heard or to make any prote with reference to said application shou on or before August 30, 1971, file wi the Federal Power Commission, Was ington, D.C. 20426, a petition to inte vene or a protest in accordance with t requirements of the Commission's ru of practice and procedure (18 CFR 1.8 1.10). All protests filed with the Comm sion will be considered by it in dete mining the appropriate action to be tak but will not serve to make the protestan parties to the proceeding. Any pers wishing to become a party to a proceedi or to participate as a party in any hea ing therein must file a petition to inte vene in accordance with the Commi sion's rules.

Take further notice that, pursuant the authority contained in and subje to the jurisdiction conferred upon t Federal Power Commission by sections and 15 of the Natural Gas Act and t Commission's rules of practice and pr cedure, a hearing will be held witho further notice before the Commissi on this application if no petition to inte vene is filed within the time require herein, if the Commission on its own r view of the matter finds that a grant the certificate is required by the publ convenience and necessity. If a petitio for leave to intervene is timely filed, o if the Commission on its own motio believes that a formal hearing is require further notice of such hearing will b duly given.

Under the procedure herein provide for, unless otherwise advised, it will b unnecessary for applicant to appear o be represented at the hearing.

[Docket No. RI72-47, etc.]

ATLANTIC RICHFIELD CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

AUGUST 13, 1971.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the respondent or by the Commission. Each respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[1] Does not consolidate for hearing or dispose of the several matters herein.

* Unless otherwise stated, the pressure base is 15.025 p.s.i.a.
[1] Includes 1-cent tax reimbursement.
[2] Applicable to gas produced from above the base of the Gray Sand.
[3] Contract dated Apr. 23, 1971, amending basic contract to provide for rate of 25-cent and 2-cent periodic increases every 4 years from date of initial deliveries applicable to gas produced from below the base of the Gray Sand.
[4] Includes 1.75-cent tax reimbursement.
[5] Applicable to casinghead gas production added by Supplement No. 7.
[6] Includes 1.333-cent tax reimbursement.
[7] Subject to downward B.t.u. adjustment.
[8] Pressure base is 14.65 p.s.i.a.
[9] Accepted, to be effective as of the dates shown in the "Effective date" column.

The purchaser, United, has tracked the rate increase involved here of Atlantic Richfield Co., in its rate increase filing of November 13, 1970, which was suspended in Docket No. RP71-41. In these circumstances, good cause exists for waiving the 60-day notice period. The proposed increase is therefore suspended for 1 day from the date of filing.

The proposed increase filed by Southwest Gas Producing Co., Inc. relates to a sale in an area outside southern Louisiana and exceeds the corresponding rate filing limitations imposed in southern Louisiana. It is therefore suspended for 5 months.

All of the producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR 2.56).

[FR Doc.71-12208 Filed 8-20-71;8:46 am]

[Docket No. CP72-31]

EL PASO NATURAL GAS CO.

Notice of Application

AUGUST 16, 1971.

Take notice that on August 6, 1971, El Paso Natural Gas Co. (applicant), Post Office Box 1492, El Paso, TX 79978, filed in Docket No. CP72-31 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain natural gas facilities heretofore used for the direct sale and delivery of natural gas to Union Carbide Nuclear Co., a division of Union Carbide Corp. (Union Carbide), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, applicant proposes to abandon approximately 3.74 miles of 3½-inch pipeline and appurtenances and a meter and regulating station at the terminus of the pipeline located in San Miguel County, Colo. These facilities were constructed and operated for the direct sale of natural gas to Union Carbide pursuant to Commission authorization in Docket No. G-12269. Applicant states that Union Carbide has ceased active operations at its Slick Rock plant and that natural gas service thereto is no longer required. Therefore, applicant proposes to abandon, at an approximate cost of $1,400, the facilities heretofore employed for the sale and delivery of natural gas to Union Carbide for its Slick Rock plant.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 7, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.71-12200 Filed 8-20-71;8:45 am]

[Docket No. CS72-74, etc.]

GEORGE W. GRAHAM ET AL.

Notice of Applications for "Small Producer" Certificates [1]

AUGUST 11, 1971.

Take notice that each of the applicants listed herein has filed an application pursuant to section 7(c) of the Natural Gas Act and § 157.40 of the regulations thereunder for a "small producer" certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce, all as more fully set forth in the applications which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before September 7, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicants to appear or be represented at the hearing.

[Docket No. RI72-43, etc.]

KING RESOURCES CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

AUGUST 13, 1971.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the respondent or by the Commission. Each respondent shall comply with the refunding procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[1] Does not consolidate for hearing or dispose of the several matters herein.

* Unless otherwise stated, the pressure base is 14.65 p.s.i.a.
[2] Subject to upward and downward B.t.u. adjustment.
[3] Initial rate under Mitchell type certificate.
[4] Sale of Ellenburger gas only.
[5] Exclusive of quality adjustments per Permian Basin Opinion.
[6] Letter agreement dated July 8, 1971, which provides for proposed increased rate for period from Aug. 1, 1971, through July 31, 1972.
[7] Subject to downward B.t.u. adjustment.
[8] Includes 1.5-cent gathering dehydration and compression charge paid by buyer.
[9] Renegotiated contract dated June 11, 1971, which provides for increased rate. Basic contract dated Dec. 9, 1946, expired on Nov. 1, 1969.
[10] Includes 1.5-cent tax reimbursement.
[11] Pressure base is 15.025 p.s.i.a.
[12] Accepted to be effective on the date shown in the "Effective date" column.

The proposed increases filed by Texaco, Inc., and Suburban Propane Gas Corp., for sales in areas outside southern Louisiana exceed the corresponding rate filing limitations imposed in southern Louisiana and therefore are suspended for 5 months from the expiration of the statutory notice period. The proposed increased rates in areas outside southern Louisiana which do not exceed the corresponding rate limitation for increased rates in southern Louisiana are suspended for a period ending 61 days from the date of filing or for 1 day from the contractually due date, whichever is later.

Texaco, Inc. and Murphy Oil Corp., request effective dates for which adequate notice has not been given. Murphy Oil Corp. also requests that its proposed rate be allowed to become effective without suspension or in the alternative that the suspension period be limited to 1 day. Good cause has not been shown for granting such requests and they are denied.

All of the producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's statement of general policy No. 61-1, as amended (18 CFR 2.56).

[Docket No. E-7657]

NORTHERN STATES POWER CO.

Notice of Application

AUGUST 16, 1971.

Take notice that on August 3, 1971, Northern States Power Co. (Minnesota) (applicant) filed an application seeking an order pursuant to section 204 of the Federal Power Act authorizing the issuance of 350,000 shares of its new series cumulative preferred stock, par value $100 per share (new preferred stock).

Applicant is incorporated under the laws of the State of Minnesota with its principal business office at Minneapolis, Minn., and is engaged in the electric utility business in central and southern Minot area of North Dakota.

The new preferred stock is to be issued on or about October 7, 1971, and the dividend rate thereof will be determined by competitive bidding preferred stock will be redeemable prior to October 1, 1976, from the proceeds of issuance of any debt having an effective interest cost or any preferred stock having a dividend cost less than the effective cost of the new preferred stock.

The proceeds from the sale of the new preferred stock will be added to the general funds of applicant and will be used to prepay some of the outstanding short-term borrowings of the Applicant, which are estimated at $56 million as of the date of issuance and delivery of the new preferred stock. The short-term borrowings have been or will be incurred in connection with the construction program of applicant.

Expenditures during 1971 for the construction program of applicant are estimated at $203 million, of which $193 million is for electric facilities, $6 million for gas facilities, and $4 million for heating, telephone, and general facilities.

Any person desiring to be heard or to make any protest with reference to said application should, on or before August 27, 1971, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Project 1913]

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE

Notice of Issuance of Annual License

AUGUST 16, 1971.

On June 27, 1969, Public Service Company of New Hampshire, licensee for Hookset Project No. 1913 located in Merrimack County, N.H., on the Merrimack River filed an application for a new license under section 15 of the Federal Power Act and Commission regulations thereunder (§§ 16.1-16.6). Licensee also made a supplemental filing pursuant to Commission Order No. 384 on February 17, 1970.

The license for Project No. 1913 was issued effective January 1, 1938 for a period ending June 30, 1970. An annual license was issued from the original date of expiration until June 30, 1971. In order to authorize the continued operation of the project pursuant to section 15 of the Act pending completion of licensee's application and Commission action thereon it is appropriate and in the public interest to issue an annual license to Public Service Company of New Hampshire for continued operation and maintenance of Project No. 1913.

Take notice that an annual license is issued to Public Service Company of New Hampshire (licensee) under section 15 of the Federal Power Act for the period July 1, 1971 to June 30, 1972 or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Hookset Project No. 1913, subject to the terms and conditions of its license.

KENNETH F. PLUMB,
Secretary.

[Docket No. CS71-57, etc.]

RUTH C. RICE ET AL.

Findings and Order

AUGUST 12, 1971.

Findings and order after statutory hearing issuing small producer certificates of public convenience and necessity, terminating certificates, cancelling FPC gas rate schedules, terminating rate proceedings, and dismissing applications.

Each applicant herein has filed an application pursuant to section 7(c) of the Natural Gas Act and § 157.40 of the regulations thereunder for small producer certificates of public convenience and necessity authorizing sales of natural gas in interstate commerce, all as more fully set forth in the applications and the Appendix hereto.

Certain applicants are presently authorized to sell natural gas pursuant to FPC gas rate schedules on file with the Commission. The temporary and permanent certificates authorizing said sales will be terminated and the related rate schedules will be canceled. Some sales by these applicants have been made at rates in effect subject to refund. The proceedings in which increased rates collected subject to refund by any of these applicants were equal to or below area ceiling rates will be terminated.

The Commission's staff has reviewed the applications and recommends each action ordered as consistent with all substantive Commission policies and required by the public convenience and necessity.

After due notice by publication in the FEDERAL REGISTER, no petition to intervene, notice of intervention or protest to the granting of the applications has been filed.

At a hearing held on July 23, 1971, the Commission on its own motion received and made a part of the record in this proceeding all evidence, including the applications submitted in support of the authorization sought herein, and upon consideration of the record,

The Commission finds:

(1) Each applicant is or will be engaged in the sale of natural gas in interstate commerce for resale for ultimate public consumption subject to the jurisdiction of the Commission and is, therefore, a "natural-gas company" or will be when the initial delivery is made, within the meaning of the Natural Gas Act.

(2) The sales of natural gas hereinbefore described, as more fully described in the applications herein, will be made in interstate commerce subject to the jurisdiction of the Commission, and such sales by applicants are subject to the requirements of subsections (c) and (e) of section 7 of the Natural Gas Act.

(3) Applicants are able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of the Natural Gas Act and the requirements, rules, and regulations of the Commission thereunder.

(4) Each applicant is an independent producer of natural gas which is not affiliated with a natural gas pipeline company and whose total jurisdictional sales on a nationwide basis, together with sales of affiliated producers, were not in excess of 10 million Mcf at 14.65 psia during the preceding calendar year.

(5) The sales of natural gas by applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, are required by the public convenience and necessity, and small producer certificates of public convenience and necessity therefor should be issued as hereunder ordered and conditioned.

(6) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the temporary and permanent certificates of public convenience and necessity heretofore issued to applicants should be terminated and that the related FPC gas rate schedule should be canceled.

(7) The applications pending in Dockets Nos. G-18985, CI62-1305, CI69-551, CI71-9, CI71-116, CI71-146, CI71-505, CI71-568, CI71-591, and CI71-713 are moot.

The Commission orders:

(A) Small producer certificates of public convenience and necessity are issued upon the terms and conditions of this order authorizing the sale for resale and delivery of natural gas in interstate commerce by applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, all as hereinbefore described and as more fully described in the applications in this proceeding.

(B) The certificates granted in paragraph (A) above are not transferable and shall be effective only so long as applicants continue the acts or operations hereby authorized in accordance with the provisions of the Natural Gas Act and the applicable rules, regulations, and orders of the Commission and particularly:

(1) The subject certificates shall be applicable only to all small producer sales as defined in § 157.40(a)(3) of the regulations under the Natural Gas Act; and

(2) Applicants shall file annual statements pursuant to § 154.104 of the regulations under the Natural Gas Act.

(C) The certificates granted in paragraph (A) above shall remain in effect for small producer sales until the Commission on its own motion or on application terminates said certificates because applicants no longer qualify as small producers or fail to comply with the requirements of the Natural Gas Act, the regulations thereunder, or the terms of the certificates. Upon such termination Applicants will be required to file separate certificate applications and individual rate schedules for future sales. To the extent compliance with the terms of this order is observed, the small producer certificates will still be effective as to sales already included thereunder.

(D) The grant of the certificates in paragraph (A) above shall not be construed as a waiver of the requirements of section 7 of the Natural Gas Act or Part 157 of the regulations thereunder and is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceedings now pending or hereafter instituted by or against applicants. Further, our action in this proceeding shall not foreclose any future proceedings or objections relating to the operation of any price or related provisions in the gas purchase contracts herein involved. The grant of the certificates aforesaid for service to the particular customers involved shall not imply approval of all of the terms of the contracts, particularly as to the cessation of service upon the termination of said contracts as provided by section 7(b) of the Natural Gas Act. The grant of the certificates aforesaid shall not be construed to preclude the imposition of any sanctions pursuant to the provisions of the Natural Gas Act for the unauthorized commencement of any sales subject to said certificates.

(E) The temporary and permanent certificates heretofore issued to applicants for sales proposed to be continued under small producer certificates are terminated and the related FPC gas rate schedules are cancelled as indicated in the Appendix hereto.

(F) The proceedings in which applicants' increased rates have not been made effective or have been made effective subject to refund and do not exceed the applicable area rate base are terminated as indicated in the Appendix hereto.

(G) The applications pending in Dockets Nos. G–18985, CI62–1305, CI69–551, CI71–9, CI71–116, CI71–146, CI71–505, CI71–568, CI71–591, and CI71–17 are dismissed.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[Project 1895]

SOUTH CAROLINA ELECTRIC & GAS CO.

Notice of Issuance of Annual License

AUGUST 16, 1971.

On June 19, 1969, South Carolina Electric & Gas Co., licensee for Columbia Project No. 1895 located in Richland County, S.C., on the Broad River, filed an application for a new license under section 15 of the Federal Power Act and Commission regulations thereunder (§§ 16.1–16.6). Licensee also made a supplemental filing pursuant to Commission Order No. 384 on February 23, 1970.

The license for Project No. 1895 was issued effective January 1, 1938 for a period ending June 30, 1970. An annual license was issued from the original date of expiration until June 30, 1971. In order to authorize the continued operation of the project pursuant to section 15 of the Act pending completion of licensee's application and Commission action thereon it is appropriate and in the public interest to issue an annual license to South Carolina Electric & Gas Co. for continued operation and maintenance of Project No. 1895.

Take notice that an annual license is issued to South Carolina Electric & Gas Co. (licensee) under section 15 of the Federal Power Act for the period July 1, 1971, to June 30, 1972, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Columbia Project No. 1895, subject to the terms and conditions of its license.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP72-30]

SOUTHERN NATURAL GAS CO.

Notice of Application

AUGUST 16, 1971.

Take notice that on August 6, 1971, Southern Natural Gas Co. (applicant), Post Office Box 2563, Birmingham, AL 35202, filed in Docket No. CP72-30 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of facilities and the transportation of natural gas for Florida Gas Transmission Co. (Florida), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, applicant proposes to construct and operate measuring facilities for the receipt of natural gas from Florida at the Unknown Pass Field, Orleans Parish, La., and at the Kirklin Field, Walthall County, Miss. Applicant states that it will receive up to 2,500 Mcf per day from the Kirklin Field and up to 6,000 Mcf per day from the Unknown Pass Field. Applicant proposes to transport said volumes of natural gas for Florida and to redeliver equivalent volumes at an existing connection between their facilities located in Washington Parish, La.

The estimated cost of the measuring facilities proposed herein is $14,980, which cost applicant states will be reimbursed by Florida. Florida will pay applicant a monthly charge for the cost of operating the Kirklin facilities and the Unknown Pass facilities, in addition to a transportation charge per Mcf of natural gas delivered by applicant to Florida.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 7, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.71-12201 Filed 8-20-71;8:45 am]

[Docket No. CP72-32]

TRANSCONTINENTAL GAS PIPE LINE CORP.

Notice of Application

AUGUST 16, 1971.

Take notice that on August 9, 1971, Transcontinental Gas Pipe Line Corp. (applicant), Post Office Box 1396, Houston, TX 77001, filed in Docket No. CP72-32 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction of a meter station and appurtenant facilities and the operation thereof for the delivery of natural gas to South Jersey Gas Co. (South Jersey), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, applicant proposes to construct and operate a natural gas sales metering station and appurtenant facilities to be located near milepost 15.35 on applicant's Marcus Hook-Woodbury-Camden line in Gloucester County, N.J. Applicant states that South Jersey has requested the construction and operation of this station for the delivery of natural gas to South Jersey for resale and delivery in the Mid-Atlantic Industrial Park. The estimated volume of natural gas to be delivered through the subject facilities is 360 Mcf par day, which volume, applicant states, will be from the allocation heretofor authorized for delivery to South Jersey.

The facilities proposed herein are estimated to cost $42,300, which cost will be reimbursed in full to applicant by South Jersey.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 7, 1971, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18

CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

FEDERAL RESERVE SYSTEM

ASSOCIATED BANK CORP.

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)), by Associated Bank Corp., Des Moines, Iowa, for prior approval by the Board of Governors of action whereby applicant would become a bank holding company through the acquisition of 55 percent or more of the outstanding voting shares of Iowa Trust & Savings Bank, Estherville, Iowa.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors or the Federal Reserve Bank of Chicago.

Board of Governors of the Federal Reserve System, August 16, 1971.

[SEAL] ELIZABETH L. CARMICHAEL,
Assistant Secretary.

NORTHERN VIRGINIA BANKSHARES

Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made, pursuant to section 3(a)(3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)), by Northern Virginia Bankshares, which is a bank holding company located in Bailey's Crossroads, Va., for prior approval by the Board of Governors of the acquisition by applicant of 41.96 percent or more of the voting shares of The Bank of Arlington, Arlington, Va.

Section 3(c) of the Act provides that the Board shall not approve:

(1) Any acquisition or merger or consolidation under section 3 which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or

(2) Any other proposed acquisition or merger or consolidation under section 3 whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Board finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that, in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The application may be inspected at the office of the Board of Governors of the Federal Reserve Bank of Richmond.

Board of Governors of the Federal Reserve System, August 13, 1971.

[SEAL] KENNETH A. KENYON,
Deputy Secretary.

FEDERAL TRADE COMMISSION

CIGARETTE TESTING RESULTS

Tar and Nicotine Content

Correction

In F.R. Doc. 71-11608 appearing at page 15074 in the issue for Thursday, August 12, 1971, the following changes should be made:

1. The nicotine content for "Domino—King size, filter, menthol", now reading "1.6", should read "1.3".

2. The nicotine content for "Doral—King size, filter", now reading "0.3", should read "0.9".

3. The entry reading "Herbert Taryton" should read "Herbert Tareyton", and the nicotine content for that variety, now reading "1.3", should read "1.8".

4. The nicotine content for "Home Run", now reading "1.8", should read "1.3".

GENERAL SERVICES ADMINISTRATION

[Federal Property Management Regs.: Temporary Reg. F-116]

SECRETARY OF DEFENSE

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government in an electric service rate proceeding.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d) (40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the Hawaii Public Utilities Commission in a proceeding (Docket No. 1971) involving electric service rates of the Hawaiian Electric Co.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and, further, shall be exercised in cooperation with the

responsible officers, officials, and employees thereof.

Dated: August 16, 1971.

ROBERT L. KUNZIG,
Administrator of General Services.

SECURITIES AND EXCHANGE COMMISSION

[File No. 2-26909 (22-460)]

GENERAL AMERICAN TRANSPORTATION CORP.

Notice of Application and Opportunity for Hearing

AUGUST 16, 1971.

Notice is hereby given that General American Transportation Corp. (Company) has filed an applicant pursuant to clause (ii) of section 310(b)(1) of the Trust Indenture Act of 1939 (the Act) for a finding by the Commission that the trusteeship of First National City Bank (FNCB) under General American Transportation Corp. Equipment Trust Agreements, covering Series 52, 55, 61, and 67 (two of which related to private placements) and the proposed successor trusteeship of FNCB under an existing General American Transportation Corp. Equipment Trust Agreement, Series 64, is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify FNCB from acting as trustee under the five Equipment Trust Agreements.

Section 310(b) of the Act provides in part that if a trustee under an indenture qualified under the Act has or shall within 90 days after ascertaining that it has such a conflicting interest, either eliminate such conflicting interests, or resign. Subsection (1) of this section provides, with certain exceptions stated therein, that a trustee under a qualified indenture shall be deemed to have a conflicting interest if such trustee is trustee under another indenture under which any other securities, of the same issuer are outstanding. However, under clause (ii) of subsection (1), there may be excluded from the operation of this provision another indenture under which other securities of the issuer are outstanding, if the issuer shall have sustained the burden of proving, on application to the Commission and after opportunity for hearing thereon, that trusteeship under the qualified indenture and such other indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as trustee under either of said indentures.

The Company alleges that:

1. On July 13, 1967, the Company filed with the Commission a registration statement (No. 2-26909, made effective July 26, 1967) covering an equipment trust designated as General American Transportation Corp. Equipment Trust, Series 64, under which $25 million principal amount of certificates were issued pursuant to an Equipment Trust Agreement (Series 64 indenture) qualified under the Act. There is presently outstanding (excluding certificates held in the Company's treasury) $19,908,000 principal amount of such certificates.

2. The trustee under the Series 64 Indenture, The First National Bank of Chicago, has resigned such trusteeship, effective upon the acceptance of appointment by the successor trustee. The Company desires to appoint FNCB, a corporation organized as a national banking association under the laws of the United States of America, as successor trustee.

3. FNCB is presently acting as trustee under General American Transportation Corp. Equipment Trusts, Series 52, 55, 61, and 67, which are four of the Company's 19 presently existing equipment trusts. Of the amount issued under the present FNCB trusteeships, $88,330,000 are outstanding.

4. Each of the series of equipment trust certificates issued under the present FNCB trusteeships (i.e. Series 52, 55, 61, and 67) is, and the Series 64, are secured by a separate lot of identified railroad cars, so that should FNCB have occasion to proceed against the security under one of their trusts, such action would not affect the security, or the use of any security, under the other trusts. Thus, the existence of the other trusteeships should in no way inhibit or discourage FNCB's actions.

5. By order dated November 18, 1970, in File No. 2-38708 (22-6352), the Commission recently found that the trusteeship of FNCB under the Series 48, 52, 55, and 61 indentures (Series 48 has since been retired) and the then proposed trusteeship of FNCB under the Series 67 indenture were not so likely to involve a material conflict of interest as to disqualify FNCB from acting as trustee under all five indentures at the same time.

6. The Company is not in default under any of its equipment trust obligations.

The Company waives notice of hearing, hearing on the issues raised by this application and all rights to specify procedures under Rule 8(b) of the Commission's rules of practice.

For a more detailed statement of matters of fact and law asserted, all persons are referred to said application which is a public document on file in the offices of the Commission at 500 North Capitol Street NW., Washington, DC 20549.

Notice is further given that any interested person may, not later than September 7, 1971, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities & Exchange Commission, Washington, D.C. 20549. At any time after said date, the Commission may issue an order granting the application, upon such terms and conditions as the Commission may deem necessary or appropriate in the public interest and the interest of investors, unless a hearing is ordered by the Commission.

For the Commission, by the Division of Corporation Finance, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Acting Associate Secretary.

SMALL BUSINESS ADMINISTRATION

[License No. 01/01-5073]

GREATER SPRINGFIELD INVESTMENT CORP.

Notice of Issuance of License To Operate as Minority Enterprise Small Business Investment Company

On July 1, 1971, a notice was published in the FEDERAL REGISTER (36 F.R., 12566) stating that Greater Springfield Investment Corp., 958 State Street, Springfield, Mass., had filed an application with the Small Business Administration, pursuant to § 107.102 of the SBA Rules and Regulations Governing Small Business Companies (13 CFR 107.102 (1971)) for a license to operate as a minority enterprise small business investment company (MESBIC).

Interested parties were given to the close of business July 11, 1971, to submit their written comments to SBA.

Notice is hereby given that, having considered the application and all other pertinent information, SBA has issued License No. 01/01-5073 to Greater Springfield Investment Corp., pursuant to section 301(c) of the Small Business Investment Act of 1958, as amended.

Dated: August 10, 1971.

A. H. SINGER,
Associate Administrator for Operations and Investment.

TARIFF COMMISSION

[TEA-W-102]

H. K. PORTER CO., INC.

Workers' Petition for Determination of Eligibility to Apply for Adjustment Assistance; Notice of Investigation

On the basis of a petition filed under section 301(a)(2) of the Trade Expansion Act of 1962, on behalf of the workers of the H. K. Porter Co., Inc., Electrical Division, Ambridge, Pa., the U.S. Tariff Commission on August 17, 1971, instituted an investigation under section 301(c)(2) of the Act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with pipes and tubes and fittings therefor and electrical apparatus (of the types described in items 688.30, 688.35, 685.90, and 685.91, respectively, of the Tariff Schedules of the United States) all produced by said Electrical Division are being imported into the United States in such increased quantities as to cause, or threaten to cause, the unemployment or underemployment of a significant number or proportion of the workers of such division of the firm.

The petitioners have not requested a public hearing. A hearing will be held on request of any other party showing a proper interest in the subject matter of the investigation, provided such request is filed within 10 days after the notice is published in the FEDERAL REGISTER.

The petition filed in this case is available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: August 18, 1971.

By order of the Commission.

[SEAL] KENNETH R. MASON,
Secretary.

DEPARTMENT OF LABOR

Office of the Secretary

NEW HAMPSHIRE

Notice of Termination of Extended Unemployment Compensation

The Federal-State Extended Unemployment Compensation Act of 1970, title II of Public Law 91-373, establishes a program of extended unemployment compensation which provides for payment to unemployed workers who have received all of the regular compensation to which they are entitled, commencing when unemployment is high (according to indicators set forth in the law) and terminating when unemployment ceases to be high (according to indicators set forth in the law). Pursuant to section 203(b)(2) of the Act, notice is hereby given that Benjamin C. Adams, Commissioner of the New Hampshire Department of Employment Security, has determined that there was a State "off" indicator in New Hampshire for the week ending June 12, 1971, and that an extended benefit period terminated in the State with the week ending July 3, 1971.

Signed at Washington, D.C., this 13th day of August 1971.

J. D. HODGSON,
Secretary of Labor.

[Drought Order No. 66 (Sub No. 10)]

CERTAIN DROUGHT AREAS IN TEXAS

Transportation of Hay at Reduced Rates

In the Matter of Relief under Section 22 of the Interstate Commerce Act.

Present: George M. Stafford, Chairman, to whom the above entitled matter has been assigned for action thereon.

It appearing, that by reasons of drought conditions existing in certain portions of the State of Texas, hereinafter referred to as the disaster area, the Assistant Secretary of the U.S. Department of Agriculture, has requested the Commission to enter an order under section 22 of the Interstate Commerce Act authorizing railroads subject to the Commission's jurisdiction to transport hay to the disaster area at reduced rates:

It is ordered, That carriers by railroad participating in the transportation of hay to the counties of:

Austin.	Leon.
Brewster.	Midland
Grayson.	Presidio.
Jeff Davis.	Tarrant.
Johnson.	

all located in the State of Texas, referred to herein as the disaster area, be, and they are hereby, authorized under section 22 of the Interstate Commerce Act to establish and maintain until March 31, 1972, reduced rates for such transportation, the rates to be published and filed in the manner prescribed in section 6 of the Interstate Commerce Act except that they may be effective 1 day after publication and filing instead of 30.

It is further ordered, That the class of persons entitled to such reduced rates is hereby defined as persons designated as being in distress and in need of relief by the U.S. Department of Agriculture or by such State agents or agencies as may in turn be designated by the U.S. Department of Agriculture to assist in relieving the distress caused by the drought.

It is further ordered, That, during the period in which any reduced rates authorized by this order are effective the carriers may notwithstanding the provisions of section 4 of the Interstate Commerce Act, maintain higher rates to directly intermediate points and maintain through rates in excess of the aggregate of intermediate rates over the same routes if one or more of the factors of such aggregate of intermediate rates is a reduced rate established under the authority of this order.

It is further ordered, That any tariffs or tariff provisions published under the authority of this order shall explicitly so state, making reference to this order by number and date.

And it is further ordered, That, subject to the conditions in the succeeding paragraphs hereof, the use of reduced rates established by authority of this order may be conditioned upon the release by the shipper of the value of the commodity, which released value, in its relation to the invoice value of the property at time of shipment, shall be in the same percentage relation which the reduced rates bear to the rates which otherwise would apply.

And it is further ordered, That tariffs containing released rates filed under authority of this order shall show in connection with such rates the following notation:

The released value must be entered on shipping order and bill of lading in the following form:

The agreed or declared value of the property is hereby specifically stated by the shipper to be not in excess of (show percent) of the invoice value of the property herein described.

If the shipper fails or declines to execute the above statement, shipments will not be accepted for transportation at the rates subject hereto. Rates published elsewhere in other tariffs lawfully filed with the Interstate Commerce Commission will apply in such a case. Rates herein published on released value have been authorized by the Interstate Commerce Commission in Drought Order No. 66 (Sub. No. 10) of August 17, 1971.

And it is further ordered, That notice to the affected railroads and the general public shall be given by depositing a copy of this order in the Office of the Secretary of the Commission and by filing a copy with the Director, Office of the Federal Register; and that copies be mailed to the Chairman of the Traffic Executive Association-Eastern Railroads, New York, N.Y.; the Chairman of the Southern Freight Association, Atlanta, Ga.; the Chairman of the Executive Committee, Western Railroads Traffic Association, Chicago, Ill.; the Vice President and Director, Bureau of Railway Economics, Association of American Railroads, Washington, D.C.; and to the President of the American Short Line Railroad Association, Washington, D.C.

Dated at Washington, D.C., this 17th day of August 1971.

By the Commission, Chairman Stafford.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.71-12280 Filed 8-20-71;8:50 am]

[Notice 351]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

AUGUST 18, 1971.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No.-MC-67, (49 CFR Part 1131) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protests must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

Supporting shipper: Lunn Laminates Inc., Straight Path, Wyandanch, Long Island, N.Y., 11798. Send protests to: Anthony Chiusano, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 26 Federal Plaza, New York, NY 10007.

No. MC 111729 (Sub-No. 323 TA), filed August 12, 1971. Applicant: AMERICAN COURIER CORPORATION, 2 Nevada Drive, Lake Success, NY 11040. Applicant's representative: John M. Delany (same address as above). Authority sought to operate as a *common carrier,* by motor vehicle, over irregular routes, transporting: (1) *Business papers, records, audit and accounting media of all kinds;* (a) between Hammond, Ind., and Peoria, Ill.; (b) between Milwaukee, Wis., on the one hand, and, on the other, points in Boone, Cook, Du Page, Lake, McHenry, and Winnebago Counties, Ill.; (2) *small truck parts and accessories,* restricted against the transportation of packages or articles weighing in the aggregate more than 100 pounds from one consignor to one consignee on any one day, between Roanoke, Va., on the one hand, and, on the other, points in North Carolina; (3) *ophthalmic goods, business papers and records;* (a) between Richmond, Va., on the one hand, and, on the other, points in North Carolina and points in Cabell, Kanawha, Mercer, and Raleigh Counties, W. Va., and Johnson City, Tenn.; (b) between Dallas, Tex., on the one hand, and, on the other, Fort Smith and Little Rock, Ark., and points in Louisiana; (c) between Minneapolis, Minn., on the one hand, and, on the other, Des Moines, Fort Dodge, Mason City, Ottumwa, and Sioux City, Iowa, St. Paul, Minn., Mitchell, S. Dak., and Wausau, Wis.;

(4) *Proofs, cuts, copy, artwork, advertising posters, and other related printed matter,* between Bethlehem, Pa., on the one hand, and, on the other, New York, and Ticonderoga, N.Y.; Baltimore, Md.; Washington, D.C.; and Trenton, N.J.; (5) *biological laboratory samples; blood specimens; serum specimens; urine specimens and business papers and records,* between Morristown, N.J., on the one hand, and, on the other, Hartford, New Haven, and New London, Conn.; (6) *small parts, components, and supplies for copying machines,* restricted against the transportation of packages or articles weighing in the aggregate more than 75 pounds from one consignor to one consignee on any one day, between Blauvelt, N.Y., on the one hand, and, on the other, points in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, Rhode Island, and Vermont, for 180 days. Supporting shippers: Sealtest Foods, 736 Southwest Washington Street, Peoria, IL 61602; A. O. Smith Corp., Post Office Box 584, Milwaukee, WI 53201; Dickerson GMC, Inc., 341 24th Street NW., Roanoke, VA 24009; American Optical Corp., Southbridge, Mass. 01550; Laros Printing Co., Inc., Ninth and Linden Street, Miller Heights, Bethlehem, PA 18017; Diagnostic Sciences, Inc., 36 Elm Street, Morristown, NJ 07960; Xerox Corp., Blauvelt, N.Y. Send protests to: Anthony Chiusano, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 26 Federal Plaza, New York, N.Y. 10007.

No. MC 114840 (Sub-No. 9 TA), filed August 8, 1971. Applicant: EUGENE EBY, GLENN EBY, AND WAYNE EBY, a partnership, doing business as EBY BROTHERS, 2622 Regan Street, Boise, ID 83702 (Ada County). Applicant's representative: Kenneth G. Bergquist, Post Office Box 1775, Boise, ID 83701. Authority sought to operate as a *common carrier,* by motor vehicle, over irregular routes, transporting: (1) *Lumber and lumber mill products, plywood and plywood mill products, and particle board,* from points in Crook, Deschutes, Gilliam, Jefferson, Lake, Morrow, Sherman, Wasco, and Wheeler Counties, Oreg., to points in Idaho south of the northern boundary of Idaho County; and (2) *stone and clay products consisting of brick, flue tile, blocks, slabs, and tile,* from Box Elder, Salt Lake, and Weber Counties, Utah, to points in Ada, Boise, Canyon, Elmore, Gem, Owyhee, Payette, Valley, and Washington Counties, Idaho, and points in Baker, Malheur, and Union Counties, Oreg., for 180 days. NOTE: Applicant does not intend to tack or interline authority herein applied for. Supporting shippers: Pullman Brick Co., Inc., 7901 Warm Springs Avenue, Boise, ID 83706; Boise Cascade Corp., Transportation & Distribution Department, Post Office Box 7747, Boise, ID 83707; Chandler Supply Co., Post Office Box 2840, Boise, ID 83701. Send protests to: C. W. Campbell, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 455 Federal Building and U.S. Courthouse, Boise, Idaho 83702.

No. MC 116544 (Sub-No. 127 TA) (Correction), filed July 26, 1971, published FEDERAL REGISTER August 6, 1971, corrected and republished in part as corrected this issue. Applicant: WILSON BROTHERS TRUCK LINE, INC., 700 East Fairview Street, Carthage, MO 64836. Applicant's representative: Robert Wilson (same address as above). NOTE: The purpose of this partial republication is to show the correct Sub-No. 127 in lieu of Sub-No. 126, shown

erroneously in previous publication. The rest of the notice remains the same.

No. MC 117167 (Sub-No. 3 TA) (Correction), filed June 9, 1971, published FEDERAL REGISTER June 22, 1971, corrected and republished in part as corrected this issue. Applicant: WHEELER'S TOWING & SERVICE, INC., 5050 L Street, Omaha, NE 68117. Applicant's representative: Donald L. Stern, 530 Univac Building, Omaha, Nebr. 68106. NOTE: The purpose of this partial republication is to include the words "and replacement" in the commodity description, in (1) and (2) above, which was inadvertently omitted in previous publication. The rest of the application remains the same.

No. MC 117699 (Sub-No. 2 TA), filed August 12, 1971. Applicant: MILLER BROS. CO., INC., Box 1, Hyrum, UT 84319. Applicant's representative: Irene Warr, 419 Judge Building, Salt Lake City, Utah 84111. [Notice 736]

MOTOR CARRIER TRANSFER PROCEEDINGS

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-73010. By order of August 12, 1971, the Motor Carrier Board approved the transfer to Texas-Commercial Express, Inc., Euless, Tex., of portions of the operating rights in Certificates Nos. MC-119789 (Sub-No. 20), and MC-119789 (Sub-No. 29) issued May 6, 1968, and September 10, 1970, respectively, to Caravan Refrigerated Cargo, Inc., Dallas, Tex., authorizing the transportation of foodstuffs (except bananas and commodities in bulk), from the plantsite and warehouse site of Mississippi Federated Cooperatives (AAL) at or near Jackson, Miss., to points in Louisiana and Texas, subject to restriction; and meats, meat products, and meat byproducts, and articles distributed by meat packinghouses, as described in sections A and C of appendix I to the report in *Descriptions in Motor Carrier Certificates* (except hides and commodities in bulk), from Liberal, Kans., to points in Rhode Island, Connecticut, Massachusetts, Vermont, New Hampshire, and Maine restricted to the transportation of traffic originating at the plantsites and storage facilities utilized by National Beef Packing Co., Inc., at Liberal, Kans. Paul M. Daniell, Post Office Box 872, Atlanta, GA 30301, attorney for applicants.

No. MC-FC-73039. By order of August 16, 1971, the Motor Carrier Board approved the transfer to John L. Brown, 2236 Brookfield Drive SW., Roanoke, VA 24018, of that portion of the operating rights in Certificate No. MC-106274 (Sub-No. 6) issued March 29, 1965, to Raeford Trucking Co., a corporation, Post Office Box 45, Sanford, NC 27330, authorizing the transportation of machinery from points in Virginia to points in Caswell County, N.C.

No. MC-FC-73044. By order of August 16, 1971, the Motor Carrier Board approved the transfer to Southeastern Motor Freight, Inc., Metairie, La., of the Certificate of Registration in No. MC-58828 (Sub-No. 2) and the Certificates in Nos. MC-58828 (Sub-No. 4), MC-58828 (Sub-No. 5), and MC-58828 (Sub-No. 7) issued July 23, 1964, November 25, 1964, November 25, 1964, and November 12, 1965, respectively, to Aswell Pitre and Ronald F. Story, a partnership, doing business as Southeastern Motor Freight, Metairie, La., authorizing operations as a motor common carrier of general commodities, with usual exceptions, between specified points in Louisiana. Harold R. Ainsworth, 2307 American Bank Building, New Orleans, LA 70130, attorney for applicants.

No. MC-FC-73055. By order of August 16, 1971, the Motor Carrier Board approved the transfer to Kale Equipment Rentals, Inc., Philadelphia, Pa., of the operating rights in Permit (Corrected) No. MC-60387 issued June 19, 1946, to Bonner Hauling Co., Inc., Philadelphia, Pa., authorizing the transportation of general commodities, except dangerous explosives, household goods, and commodities in bulk, between Philadelphia, Pa., on the one hand, and, on the other, points and places in Delaware, Maryland, New Jersey, and New York within 125 miles of Philadelphia. Robert B. Pepper, 174 Brower Avenue, Edison, NJ 08817, registered practitioner for applicants.

EMERGENCY SCHOOL ASSISTANCE PROGRAM

Title 45—PUBLIC WELFARE

Chapter I—Office of Education, Department of Health, Education, and Welfare

PART 181—EMERGENCY SCHOOL ASSISTANCE PROGRAM

Notice of proposed rule making was published in the FEDERAL REGISTER on July 10, 1971 (36 F.R. 12984), setting forth proposed amendments to Part 181 of Title 45 of the Code of Federal Regulations relating to the Emergency School Assistance Program. Following review of comments and upon further consideration of the proposed amendments with respect to the matters upon which comment was received, the following changes were made, and the regulation (in its amended form) is published in full below as the current regulation applicable to the Emergency School Assistance Program.

Summary of changes—1. *Changes relating to transactions with certain private schools.* Editorial changes have been made in § 181.3(a)(4) by combining the first and second sentences and by eliminating the adverb "knowingly," which was considered to be neither necessary nor appropriate under the provisions of the underlying statute.

The disclosure requirement in § 181.6(a)(4)(iv) has been modified to cover transactions with private schools without regard to whether such schools practice discrimination on the basis of race, color, or national origin. Of course, only transactions with discriminatory schools are disqualifying under the regulations; the disclosure serves merely to facilitate administration of § 181.3(a)(4).

The parenthetical sentence at the end of § 181.6(a)(4)(iv), which would have established a presumption of nondiscrimination by a nonpublic school or school system which has been determined by the Internal Revenue Service after June 30, 1971, to qualify for tax-exempt status, has been deleted. The date of June 30, 1971, referred to in that presumption was the date of the decision of the U.S. District Court for the District of Columbia in the case of "Green" v. "Connally," imposing certain requirements on the Internal Revenue Service in determining that nonpublic schools or school systems applying for tax-exempt status did not discriminate upon the basis of race. Because there has yet been no final disposition of the "Green" case, the use of the June 30, 1971 cutoff date is inappropriate, and accordingly the presumption set forth in the parenthetical sentence should not be included in the regulation as of this time.

2. The term "annulled" is removed from the parenthetical in § 181.3(a)(3) to avoid further penalizing school districts whose ESAP grants were required to be annulled during 1970–71 as a result of a mistake by the Government, or a mutual mistake, as to their legal status.

3. The new priority criterion set forth in § 181.10(f) (relating to the relative effectiveness of projects carried out under the program prior to July 1, 1971) is revised to apply to all applicants under § 181.3, rather than those covered by § 181.3(a)(3) alone.

4. Certain changes are made in the General Terms and Conditions as follows:

Paragraph 11 (formerly paragraph 12) no longer permits grantees to extend their project or budget periods for 3 months without a formal request for approval by the Grants Officer.

A new paragraph 26 requires prior approval by the Grants Officer for use of consultants paid at a rate of more than $100 a day, and requires grantees to maintain written records as to the use of all consultants.

The above changes being minor and technical in nature, the effective date of this document shall be August 21, 1971, 30 days or more after the publication of the proposed amendments in the FEDERAL REGISTER.

The regulations set forth in this part are applicable to the Emergency School Assistance Program (hereinafter "the program"), which will be administered by the Commissioner of Education. Authority to carry out the program is based upon the following statutory provisions:

1. The Education Professions Development Act, Part D (20 U.S.C. 1119–1119a).
2. The Cooperative Research Act (20 U.S.C. 331–332b).
3. The Civil Rights Act of 1964, Title IV (42 U.S.C. 2000c—2000c–9).
4. The Elementary and Secondary Education Act of 1965, section 807 (20 U.S.C. 887).
5. The Elementary and Secondary Education Amendments of 1967, section 402 (20 U.S.C. 1222).
6. The Economic Opportunity Act of 1964, Title II (42 U.S.C. 2781–2837) (under authority delegated to the Secretary of Health, Education, and Welfare).

Regulations previously published pursuant to the foregoing statutory authorities will not be applicable to the program.

AUTHORITY: The provisions of this Part 181 issued under 20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837.

§ 181.1 Definitions.

As used in this part:

(a) The term "Commissioner" means the U.S. Commissioner of Education.

(b) The term "desegregation" means the assignment of students to public schools and within such schools without regard to their race, color, religion, or national origin, but "desegregation" does not mean the assignment of students to public schools in order to overcome racial imbalance.

(42 U.S.C. 2000c)

(c) The term "local educational agency" means a public board of education or other public authority legally constituted within a State either for administrative control or direction of, or to perform a service function for, public elementary or secondary schools in a city, county, township, school district, or other political subdivision of a State, or such combination of school districts or counties as are recognized in a State as an administrative agency for its public elementary or secondary schools, or a combination of local educational agencies; and includes any other public institution or agency having administrative control and direction of a public elementary or secondary school.

(20 U.S.C. 881)

(d) The term "minority group" with reference to any person or persons, means a person or persons of Negro, American-Indian, Spanish-surnamed American, or Oriental ancestry.

(e) The term "nonprofit" as applied to an agency, organization, or institution means an agency, or organization, or institution owned or operated by one or more nonprofit corporations or associations no part of the net earnings of which inures or may lawfully inure, to the benefit of any private shareholder or individual.

(20 U.S.C. 881)

(f) The term "person" includes an individual, group, organization, corporation, association, or other entity.

(g) The term "property" includes real or personal property.

(Public Law 91–380)

(h) The term "secondary school" means a school which provides secondary education, as determined under State law, except that it does not include any education beyond grade 12.

(20 U.S.C. 881)

(i) The term "transfer" in relation to property (or services) includes the gift, lease, or sale of such property or services.

(Public Law 91–380)

§ 181.2 Purpose.

The purpose of the emergency assistance to be made available under the program described in this part is to meet special needs during the 1971–72 academic year incident to the elimination of racial segregation and discrimination among students and faculty in elementary and secondary schools by contributing to the costs of new or expanded activities to be carried out by local educational agencies or other agencies organizations, or institutions and designed to achieve successful desegregation and the elimination of all forms of discrimination in the schools on the basis of race, color, religion, or national origin.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.3 Eligibility.

(a) (1) Assistance under the program may be made available to a local educational agency which is implementing a plan for the desegregation of its schools, which plan (i) has been undertaken pursuant to a final order of a court of the United States or of any State, or of a State administrative agency of competent jurisdiction, issued or modified on or after April 20, 1971, pursuant to constitutional requirements as set forth by the U.S. Supreme Court in "Swann v. Charlotte-Mecklenburg Board of Education," and its companion cases, or (ii) has been approved by the Secretary, on or after such date as adequate under title VI of the Civil Rights Act of 1964, and (iii) imposes new or additional desegregation requirements for the 1971–72 school year over and above those implemented by the school district in any prior year.

(2) Commencing 30 days after the effective date of this part, as amended, assistance may also be made available to a local educational agency which is implementing a plan for the desegregation of its schools, which plan would have made the local educational agency eligible for assistance under subparagraph (1) of this paragraph but for the fact that the applicable court order or title VI approval was issued prior to April 20, 1971: *Provided however*, That in any State a local educational agency which is eligible for assistance under subparagraph (1) of this paragraph shall be accorded priority over such an agency in that State which is eligible therefor under this subparagraph (2).

(3) Commencing 30 days after the effective date of this part, as amended, such assistance may also be made available to a local educational agency which is implementing a plan for the desegregation of its schools with respect to which plan assistance was furnished (and not terminated) under this program prior to July 1, 1971: *Provided however*, That in any State a local educational agency which is eligible for assistance under subparagraph (1) or (2) of this paragraph shall be accorded priority over such an agency in that State which is eligible under this subparagraph (3).

(4) A local educational agency shall be ineligible for such assistance if it has engaged directly or indirectly in a transfer of property or services to or for the benefit of a nonpublic school or school system which practices discrimination on the basis of race, color, or national origin (or a person intending to establish or operate such a school or school system) (i) where such transfer (*a*) was for less than full value and (*b*) was effected after May 27, 1968 ("Green v. County School Board of New Kent County, Virginia," 391 U.S. 430), or (ii) where such transfer was by local educational agency which had applied for and received assistance under the program prior to July 1, 1971.

(Public Law 91–380)

(b) In any case where the Commissioner finds that it would more effectively carry out the purposes of the program, he may make a grant to any public or nonprofit private agency, organization, or institution (other than a local educational agency), and contract with any public or private agency, institution, or organization to assist in the implementation of one or more desegregation plans described in paragraph (a) of this section.

(c) The Commissioner initially will reserve for use pursuant to paragraph (b) of this section 10 percent of the funds made available for the program. Any of such reserved funds not used pursuant to paragraph (b) of this section within such time as the Commissioner may determine will be made available for use by local educational agencies pursuant to paragraph (a) of this section.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, 42 U.S.C. 2781–2837, Public Law 91–380, and Public Law 92–38)

§ 181.4 Authorized activities.

Projects assisted under the program shall be designed to contribute to achieving and maintaining desegregated school systems and should emphasize such activities as the following:

(a) Carrying out special community programs designed to assist school systems to implement desegregation plans such as (1) promoting understanding among students, school staffs, parents and community groups; (2) conducting community information programs to provide information concerning desegregation; (3) establishing and supporting committees consisting of minority and nonminority group members; (4) conducting school-home visitation programs; and (5) conducting special parent programs designed to facilitate the implementation of the desegregation plans;

(b) Carrying out special pupil personnel services designed to assist in maintaining quality education during the desegregation process such as (1) providing special guidance and counseling personnel with expertise in working with a desegregated student body; (2) providing remedial and other services to meet special needs of children affected by desegregation; and (3) employing special consultants;

(c) Carrying out special curriculum revision programs and special teacher preparation programs required to meet the needs of a desegregated student body such as (1) developing new and varied instructional techniques and materials designed to meet the special needs of children affected by desegregation; (2) designing and introducing new curricula that serve children from various ethnic backgrounds; (3) developing new material and techniques for improved evaluation and assessment of student progress; (4) carrying out special demonstration projects for the introduction of innovative instructional methodologies which will improve the quality of education in desegregated schools; (5) providing for individualized instruction, team teaching, nongraded programs, and the employment of master teachers; (6) establishing inservice programs to assist teachers in dealing with children who have inadequate English language skills; (7) promoting greater understanding of the attitudes and interpersonal relationships of students and teachers involved in the desegregation process; (8) upgrading basic skills and instructional methodologies; (9) mobilizing university and consultant expertise in developmental programs and seminars on problems incident to desegregation; (10) providing temporary teachers whose employment will permit permanent teachers to participate in training related to desegregation; and (11) providing teacher aides whose employment will help improve instruction in schools affected by desegregation;

(d) Carrying out special student-to-student programs designed to assist students in opening up channels of communication concerning problems incident to desegregation such as (1) promoting mutual acceptance; (2) promoting greater understanding of racial peer pressures of students; (3) assisting student groups to develop interracial understanding; (4) involving groups consisting of minority and nonminority group students in curriculum revision; and (5) assisting groups consisting of minority and nonminority group students to plan and conduct desegregated extracurricular activities;

(e) Carrying out special comprehensive planning and logistic support designated to assist in implementing a desegregation plan such as (1) employing additional administrative and clerical personnel necessary for implementation of a plan; (2) assisting in the rescheduling and reassignment of students and teachers and the redrawing of transportation routes; (3) supervising necessary physical changes; and (4) minor repairing and minor remodeling of existing facilities and leasing or purchasing of mobile or demountable classroom units.

Assistance may also be provided for any other specially designed project which the Commissioner determines will meet the purposes of the program.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.5 Allotment.

(a) The Commissioner will allot the funds appropriated, allocated, or otherwise made available for the purposes of the program as follows:

(1) As soon as practicable after the effective date of this part, as amended, he shall allot to each State an amount which bears the same ratio to such funds (or portion thereof as determined in accordance with subparagraph (3) of this paragraph) as the number of minority group children aged 5 to 17 inclusive in the State who are in local educational agencies eligible for assistance under § 181.3

(a)(1) bears to the number of such minority group children in all of the States.

(2) In addition, within such time as the Commissioner may specify he shall allot such additional funds which have not been allotted pursuant to subparagraph (1) of this paragraph (or a portion thereof) by alloting to each State an amount which bears the same ratio to the funds to be alloted as the number of minority group children aged 5 to 17 inclusive in the State who are in local educational agencies eligible for assistance under § 181.3(a) (1), (2), and (3) bears to the total number of such minority group children in all the States. Any additional allotments shall be made on the basis of this subparagraph.

(3) The allotments specified in this paragraph (and the reallotments specified in paragraph (b) of this section) may be made on the basis of estimates with respect to the local educational agencies which will be eligible for assistance. For the purpose of making any of the allotments specified in this paragraph, the Commissioner may treat the funds available under the program in installments and allot each installment separately. The allotment of each such installment may be made on the basis of the most recent satisfactory data (including estimates in accordance with the second preceding sentence) available on the date of such allotment.

(b) That part of any State's allotment which the Commissioner determines will not be needed may be reallotted, on such dates as the Commissioner may fix, in proportion to the original allotments, but with appropriate adjustments to assure that any amount so made available to any State in excess of its needs is similarly reallotted among the other States.

(c) In no event will more than 12½ percent of the funds allotted be used in any one State.

(42 U.S.C. 2812)

§ 181.6 Application.

(a) An application of a local educational agency for assistance under the program shall—

(1) Set forth a comprehensive statement of the problems faced by that agency in achieving and maintaining a desegregated school system, including a comprehensive assessment of the needs of the children in such agency;

(2) Describe in detail the new requirements to which such agency is subject with respect to the 1971–72 academic year, and

(3) Describe the activities that are designed to comprehensively and effectively meet the problems created by such new requirements, including the specific activities to be carried out with assistance requested under the program and the manner in which these activities will address such problems;

(4) Contain assurances satisfactory to the Commissioner, accompanied by such supportive information as he may require:

(i) That Federal funds made available under the program for any fiscal year will be so used as to supplement and, to the extent practical, increase the level of funds that would, in the absence of such Federal funds, be available to the applicant from non-Federal sources for purposes which meet the requirements of the program, and in no case to supplant such funds;

(ii) That Federal funds made available under the program will not be used to supplant funds which (*a*) were available to the applicant from non-Federal sources prior to the implementation by the applicant of an order or plan for the desegregation of its schools and (*b*) have been withdrawn or reduced as a result of desegregation. For the purposes of this paragraph, a reduction as a result of desegregation shall not be deemed to have taken place where non-Federal funds available to a local educational agency pursuant to State statute are reduced by operation of such statute, solely on account of a decline in such agency's enrollment or its transportation needs;

(iii) That a reasonable effort is being made to utilize other Federal funds available for meeting the needs of children;

(iv) (*a*) That in order to facilitate the administration of § 181.3(a)(4) such agency has fully disclosed in such application any transfer after May 27, 1968, of property or services to or for the benefit of a nonpublic school or school system (or a person intending to establish or operate a nonpublic school or school system), in which transfer it has engaged directly or indirectly; and (*b*) that such agency will not, after the date of such application, engage directly or indirectly in any transfer of property or services to or for the benefit of a nonpublic school or school system which practices discrimination on the basis of race, color, or national origin (or a person intending to establish or operate such a school or school system), and will take all steps within its authority to insure that its property or services do not benefit such a school, school system, or person;

(Public Law 91–380)

(v) That staff members of the local educational agency who work directly with children, and professional staff of such agency who are employed on the administrative level, will be hired, assigned, promoted, paid, demoted, dismissed, and otherwise treated without regard to being members of minority groups.

(vi) That the local educational agency has assigned its full-time classroom teachers for the 1971–72 academic year so that the ratio of minority to nonminority group classroom teachers in each school is substantially the same as the ratio that exists in the faculty of the system as a whole;

("Swann v. Charlotte-Mecklenburg Board of Education," Sup. Ct. Oct. Term 1970, Nos. 281 and 349 (Apr. 20, 1971))

(vii) That no practices or procedures, including testing, will be employed by the local educational agency in the assignment of children to classes, or otherwise in carrying out curricular or extracurricular activities, within the schools of such agency in such a manner as to result in the isolation of minority and nonminority group children for a substantial part of the day; and that no other practices or procedures, including disciplinary sanctions, will be employed in such a manner as to discriminate against children on the basis of race, color, or national origin;

(viii) That the applicant will have published in the local newspaper of general circulation the terms and provisions of each project approved by the Commissioner within 30 days of such approval, or will have published in a local newspaper of general circulation, within 30 days of such approval, pertinent information as to the manner in which, and the place at which, the terms and provisions of such approved project are made reasonably available to the public;

(ix) That the applicant will complete and submit to the Office for Civil Rights of the Department of Health, Education, and Welfare, by October 15, 1971, or such other time as may be determined by that office, an evaluation form to be furnished by that office;

(x) That the applicant will furnish to the Commissioner such additional information as he may deem necessary for the administration of the program;

(xi) That in order to achieve the purposes of the program, the local educational agency will carry out, and comply with, any voluntary plan or court or administrative order described in § 181.3(a), upon which the determination of its eligibility for assistance under the program is based; and

(xii) That such agency is familiar with, and that such agency will comply with the provisions of, all regulations, grant or contract terms, conditions, and requirements applicable to the program.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

(b) An application of a public or nonprofit private agency, organization or institution (other than a local educational agency) for a grant under the program shall

(1) Set forth a statement of the problems as seen from the point of view of such agency, organization, or institution, of achieving one or more desegregated school systems in the relevant community or communities;

(2) Describe any previous involvement and concern of such agency, organization, or institution with education or school desegregation;

(3) Describe the activities which such agency, organization, or institution proposes to undertake for the purpose of assisting in the implementation of one or more desegregation plans described in § 181.3(a), including a description of the manner in which such activities would contribute to achieving and maintaining one or more desegregated school systems;

(4) Contain an assurance satisfactory to the Commissioner that such agency, organization, or institution will furnish him such additional information as he may deem necessary for the administration of the program;

(5) Be accompanied by the comments (if any) of the local educational agency (or agencies) in the school district (or districts) of which the project to be assisted will take place.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.7 Advisory Committee.

(a) A local educational agency shall, prior to applying for assistance under the program, afford its biracial advisory committee formed in accordance with paragraph (b) or (c) of this section a reasonable opportunity (not less than 5 days) in which to review and comment to such agency upon such application. In connection with such review, such agency shall furnish to each member of such committee a copy of the regulations applicable to the program. No such application may be approved unless it is accompanied by the written comments of a committee properly constituted in accordance with this section or a certification by such agency that such committee has been formed and was afforded the opportunity to review and comment upon the application (as required by this paragraph) but failed to submit any comments with respect thereto within the period afforded for such review.

(b) For the purposes of this section a biracial committee may be a committee which has been formed pursuant to an order of a Federal or State court for the desegregation of the school system of such agency.

(c) (1) A local educational agency which does not have a committee as described in paragraph (b) of this section (or which desires to establish a new committee for the purposes of this part) shall establish a committee under this paragraph. Such agency shall designate at least five civic or community organizations each of which shall select a member of the committee. The civic or community organizations which participate in the selection process shall, when taken together rather than considered individually, be broadly representative of the minority and nonminority communities to be served. (The following organizations, if they exist in the district served by the local educational agency, should be among those invited to select a member of the biracial advisory committee: Title I Advisory Committee; Community Action Agency or Head Start Program; Model Cities Agency; Parent-Teacher Association; and the National Association for the Advancement of Colored People, Urban League, or other civil rights or human relations organization active in the community.)

(2) A committee formed under this paragraph must be composed of equal numbers of nonminority group members and members from each significant minority group represented in the community. (For example, in a school district containing both Negro and Spanish-surnamed communities, the committee should be composed of equal numbers of Negro, Spanish-surnamed American and nonminority group members.) At least 50 percent of the members of the committee shall be parents of children directly affected by the requirements described in § 181.3(a). In addition to members appointed to the committee by civic or community organizations, a local educational agency shall select the minimum number of additional persons as may be necessary to meet the requirements of this subparagraph.

(d) Each application by a local educational agency for assistance under the program shall contain an assurance that such agency will consult at least once a month with its biracial committee established under this section (in formal meetings of such committee) with respect to policy matters arising in the administration and operation of any project for which funds are made available under the program, and that it will provide such committee with a reasonable opportunity to periodically observe (upon prior and adequate notice to such agency at such time or times as such committee and agency may agree) and comment upon all project-related activities.

(e) The names of the members of said biracial advisory committee shall be published in a newspaper of general circulation or otherwise made public prior to the submission of an application under this part.

(f) No amendment to the project of a local educational agency shall be approved, and no additional funds made available under the program, unless the biracial advisory committee has been given an opportunity to comment upon such amendment of or addition to the project. Amendments or additions suggested by the biracial advisory committee shall be forwarded by the local educational agency, with or without comment by such agency, to the Commissioner for his consideration.

(20 U.S.C. 1231d)

§ 181.8 Student advisory committees.

The application of a local educational agency shall contain an assurance that, no later than 30 days after the opening of the 1971–72 acadamic year or after the approval of such application, whichever occurs later, a student advisory committee will be formed from secondary grade students in each school affected by the project which offers secondary instruction. Each such committee shall be composed of equal numbers of each significant minority and nonminority group in the affected school. The members of each such committee shall be selected by the student body or the student government of such school. Representatives of the local educational agency shall periodically consult with the student advisory committee concerning matters relevant to the program.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.9 Evaluation.

Each application for assistance under the program shall contain an assurance that the applicant will undergo and cooperate with an evaluation conducted by the Commissioner or by an organization, agency, or institution selected and approved by him, of any project assisted under the program. Such evaluation may include a reasonable number of interviews with administrators, principals, teachers, and students at reasonable times and places.

(20 U.S.C. 1222, and 20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, and 42 U.S.C. 2781–2837)

§ 181.10 Priorities.

In determining whether to provide assistance under the program, or in fixing the amount thereof, the Commissioner will consider such criteria as he deems pertinent, including—

(a) The applicant's relative need for assistance;

(b) The relative promise of the project or projects to be assisted in carrying out the purpose of the program;

(c) The extent to which the proposed project deals comprehensively and effectively with problems faced by the local educational agency in achieving and maintaining a desegregated school system;

(d) The extent and impact of the desegregation achieved or to be achieved;

(e) The number of minority students in the school district;

(f) In the case of applicants which have previously received assistance under the program, the relative effectiveness of the projects conducted under the program prior to July 1, 1971, and other factors relating to the performance of such applicant under such program.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.11 Review by State educational agency.

The Commissioner will not approve an application for assistance pursuant to § 181.6 without first affording the appropriate State educational agency a reasonable opportunity to review and make recommendations with respect to such application.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.12 Non-Federal contributions.

In view of the emergency nature of the program and the fact that most local educational agencies have already determined their budgets for the 1971–72 academic year, the Commissioner will not require an applicant to contribute to the costs of the project if the application is accompanied by an assurance satisfactory to him that the applicant does not have available adequate resources for that purpose.

(42 U.S.C. 2812)

§ 181.13 Submission and disposition of application.

The Commissioner will notify each applicant of the approval, disapproval, or other disposition of the application.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.14 General terms and conditions.

Grants provided pursuant to this part will be subject to the General Terms and Conditions for the Emergency School Assistance Program, published as Appendix A to this part. Activities carried out under the authority of title II of the Economic Opportunity Act of 1964 will be carried out in conformance with the Memorandum of Understanding between the Office of Economic Opportunity and the Department of Health, Education, and Welfare, published as Appendix B to this part.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

§ 181.15 Termination.

(a) (1) Assistance under the program may be terminated in whole or in part if the Commissioner determines after affording the recipient reasonable notice and an opportunity for a full and fair hearing, that the recipient has failed to carry out its approved project proposal in accordance with the applicable law and the terms of such assistance or has otherwise failed to comply with any law, regulation, assurance, term or condition applicable to the program. Assistance under this program may be suspended during the pendency of a termination proceeding initiated pursuant to this paragraph: *Provided*, That the recipient is afforded reasonable notice and opportunity to show cause why such action should not be taken.

(2) Proceedings with respect to the termination of a grant shall be initiated by the mailing to the recipient of a notice by certified mail, return receipt requested, informing the recipient of the Government's request for termination and the specific grounds therefor, together with information regarding the time, place, and nature of the hearing and the legal authority and jurisdiction under which the hearing is to be held and such other information with respect to the conduct of such proceedings as the Commissioner may determine. If the Commissioner determines for good cause that suspension of assistance during the pendency of such proceedings is necessary, said notice shall, in addition to the matters described above, inform the recipient of such determination and shall offer the recipient an opportunity to show cause why such action should not be taken.

(3) A notice of suspension of assistance shall advise the recipient, in addition to the matters described in subparagraph (2) of this paragraph, that any new expenditures or obligations made or incurred in connection with the program during the period of the suspension will not be recognized by the Government in the event the assistance is ultimately terminated. Expenditures to fulfill legally enforceable commitments made prior to the notice of suspension, in good faith and in accordance with the recipient's approved program or project, and not in anticipation of suspension or termination, shall not be considered new expenditures.

(4) Termination of assistance shall be effected by the delivery to the recipient of a final order of termination, signed by the Commissioner or his designee, or upon an initial decision of a hearing examiner becoming final without appeal to or review by the Commissioner.

(5) In the event assistance is terminated under this section, financial obligations incurred by the recipient prior to the effective date of such termination will be allowable to the extent they would have been allowable had such assistance not been terminated, except that no obligations incurred during the period in which such assistance was suspended pursuant to subparagraph (1) of this paragraph and no obligations incurred in anticipation of suspension or termination will be allowed. Within 60 days of the effective date of termination of assistance under this section, the recipient shall furnish an itemized accounting of funds expended, obligated, and remaining. Within 30 days of a request therefor, the recipient shall remit to the Government any accounts found due.

(b) (1) If the recipient requests an opportunity to show cause why a suspension of assistance pursuant to paragraph (a) (1) of this section should not be continued or imposed, the Commissioner will, within 7 days after receiving such request, hold an informal meeting for such purpose.

(2) Hearings respecting the termination of assistance pursuant to this section shall be conducted pursuant to the provisions of the Administrative Procedure Act (5 U.S.C. 554–557). Proposed findings of fact, conclusions of law, and briefs will be submitted to the presiding officer within 20 days of the conclusion of the hearing.

(3) The initial decision of a hearing examiner regarding the termination of a grant under the program shall become the decision of the Commissioner without further proceedings unless there is an appeal to, or review on motion of, the Commissioner made in writing no later than 15 days after receipt by the party requesting such appeal or review of the decision of the hearing examiner. A request for appeal or review under this section shall be accompanied by exceptions to the hearing examiner's decision, proposed findings, supporting reasons and briefs. The adverse party shall submit its reply no later than 15 days after the submission of such request for appeal or review. The Commissioner shall issue a final decision in the case of such appeal or review no later than 30 days after the final submission of the above materials by the parties. The Commissioner may delegate his functions under this subparagraph to an appellate review council established and appointed by him.

(c) The procedures established by this section shall not preclude the Commissioner from pursuing any other remedies authorized by law. Proceedings pursuant to Part 80 of this title with respect to the eligibility of an applicant for assistance under title VI of the Civil Rights Act (42 U.S.C. 2000d) shall be governed by the regulations in that part and Part 81.

(42 U.S.C. 2944)

§ 181.16 Effect of Federal action.

No official, agent, or employee of the Office of Education or the Department of Health, Education, and Welfare shall have the authority to waive or alter any provision of these regulations or other relevant Act or regulation, and no action or failure to act on the part of such official, agent, or employee shall operate in derogation of the Commissioner's right to enforcement of said provisions in accordance with their terms.

(43 Dec. Comp. Gen. 31 (1963))

Dated: August 10, 1971.

PETER P. MUIRHEAD,
Acting U.S. Commissioner of Education.

Approved: August 18, 1971.

JOHN G. VENEMAN,
Acting Secretary of Health, Education, and Welfare.

APPENDIX A

GENERAL TERMS AND CONDITIONS—EMERGENCY SCHOOL ASSISTANCE PROGRAM

1. Definitions.
2. Scope of the project.
3. Limitations on costs.
4. Allowable costs.
5. Accounts and records.
6. Fund control.
7. Preliminary audit.
8. Payment procedures.
9. Reports.
10. Printing and duplicating.
11. Extension of project and budget period.
12. Applicability of State and local laws and institutional procedures.
13. Copyright and publication.
14. Acknowledgement and disclaimer in publication.
15. Patent rights.
16. Travel.
17. Equipment.
18. Service contracts.
19. Health and safety standards.
20. Salary limitations and reporting requirements.
21. Compensation.
22. Prohibition of political activities.
23. Restrictions on certain unlawful activities.
24. Labor standards.
25. Equal employment opportunity.
26. Use of consultants.

1. *Definitions.* As used in the grant documents relating to this award, the following terms shall have the meaning set forth below:

a. "Commissioner" means the U.S. Commissioner of Education.

b. "Grantee" means the agency, institution, or organization named in the grant as the recipient of the grant award.

c. "Grants Officer" means the employee of the U.S. Office of Education who has been delegated authority to execute or amend the grant document on behalf of the Government.

d. "Project Officer" means the employee of the U.S. Office of Education who is responsible for monitoring the project of the Grantee to assure compliance with the terms and conditions of the grant.

e. "Project Director" is the person responsible for directing the project of the Grantee.

f. "Project" is the identified activity or program approved by the Commissioner for support.

g. "Project Period" means the length of time specified in the Notification of Grant Award for which a project is approved.

h. "Budget Period" means the period of time (within or coterminous with the project period specified in the Notification of Grant Award), during which project costs may be charged against the grant. A budget period is generally twelve (12) months but may be for a different period of time, if appropriate.

i. "Budget" means the amount of funds approved by the Office of Education for designated services, materials, and other items.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

2. *Scope of the project.* The project to be carried out hereunder shall be consistent with the proposal as approved for support by the Commissioner and referred to in the Notification of Grant Award and shall be performed in accordance with this approved project proposal. No substantive changes in the program of a project shall be made unless the Grantee submits (at least 30 days prior to the effective date of the proposed change) an appropriate amendment thereto, along with a justification for the change, and this amendment is approved in writing by the Grants Officer.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

3. *Limitations on costs.* a. The total costs to the Government for the performance of the grant shall not exceed the amount set forth in the Notification of Grant Award or any appropriate modification thereof. The Government shall not be obligated to reimburse the Grantee for costs incurred in excess of such amount unless and until the Grants Officer shall have notified the Grantee in writing that such amount has been increased and shall have specified in a revised Grant Award a revised amount which shall thereupon constitute the revised total cost of performance of the grant.

b. When and to the extent that the amount set forth in the grant has been increased, costs incurred by the Grantee prior to notification of such increase, in excess of the previous amount, shall be allowable to the same extent as if such costs had been incurred after notification of such increase in the amount.

c. The Grantee may transfer funds among the various cost categories in the negotiated budget to the extent necessary to assure the effectiveness of the project, except that, no transfers may be made which alter the approved project.

d. Funds for the production of motion picture films for viewing by the general public area not authorized until prior written approval is received from the Grants Officer.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

4. *Allowable costs.* a. Expenditures of the Grantee may be charged to this grant only if they: (1) Are incurred subsequent to the effective date of the project indicated in the Notification of Grant Award, which shall be no earlier than the date upon which the award document is signed by the Grants Officer, and (2) conform to the approved project proposal.

b. Funds obtained under this grant shall not be used for the construction of new facilities or for major structural changes in or additions to existing facilities.

c. Subject to paragraphs (a) and (b), allowability of costs incurred under this grant shall be determined in accordance with the principles and procedures set forth in the documents identified below, as amended prior to the date of the award.

(1) Exhibit X–2–65–1 of the Department of Health, Education, and Welfare Grants Administration Manual, if the Grantee is an institution of higher education; or

(2) Chapter 5–60 of the Department of Health, Education, and Welfare Grants Administration Manual, if the Grantee is a State or local government agency; or

(3) Exhibit X–2–68–1 of the Department of Health, Education, and Welfare Grants Administration Manual, if the Grantee is a nonprofit institution, as defined therein.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

d. In accordance with the policy of the Department of Health, Education, and Welfare, if the Grantee has an audited indirect cost rate that has been approved by the Division of Grants Administration Policy, this approved rate may be applied to both the Federal and non-Federal share of allowable direct costs of the project. When an indirect cost rate is applied to either the Federal or non-Federal share of project costs, no item normally included in the Grantee's indirect cost pool (such as supervision, accounting, budgeting, or maintenance) shall be listed as a direct cost of the project. Procedures for establishing Indirect Cost Rates are covered in Department of Health, Education, and Welfare brochures: OASC–1, A Guide for Educational Institutions; OASC–5, A Guide for Non-Profit Institutions; and OASC–6, A Guide for State Government Agencies.

5. *Accounts and Records*—a. *Accounts.* The Grantee shall maintain accounts, records and other evidence pertaining to all costs incurred, and revenues or other applicable credits acquired under this grant. The system of accounting employed by the Grantee shall be in accordance with generally accepted accounting principles generally used by State or local agencies or institutions of higher education, or nonprofit organizations, as appropriate, and will be applied in a consistent manner so that the project expenditures can be clearly identified.

b. *Cost sharing records.* The Grantee's records shall demonstrate that any contribution made to the project by the Grantee is not less, in proportion to the charges against the grant, than the percentage specified in the grant or any subsequent revision thereof.

c. *Examination of records.* All records directly relating to transactions under this grant are subject to inspection and audit by the Department of Health, Education, and Welfare and by the General Accounting Office at all reasonable times during the period of retention provided for in paragraph (d) below.

d. *Disposition of records.* Except as provided in paragraph (e), all pertinent records and books of accounts related to this grant in the possession of the Grantee shall be preserved by the Grantee for a period of three (3) years after the end of the budget period, if audit by or on behalf of the Department has occurred by that time; or if audit by or on behalf of the Department has not occurred by that time, the records must be retained until audit or until five (5) years following the end of the budget period, whichever is earlier.

e. *Questioned expenditures.* Records relating to any litigation or claim arising out of the performance of this grant, or costs and expenses of this grant to which exception has been taken as a result of inspection or audit shall be retained by the Grantee until such litigation, claim, or exception has been disposed of.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

6. *Fund control.* No funds shall be released to any public or private nonprofit agency, or combination thereof, unless the Grantee has submitted to the Grants Officer either—

a. a statement from an appropriate public financial officer certifying that the Grantee has established an accounting system with internal controls adequate to safeguard its assets, check the accuracy and reliability of accounting data, promote operating efficiency and encourage compliance with prescribed management policies, and that such officer shall be responsible for maintaining this accounting system; or

b. an opinion from a Certified Public Accountant or a duly licensed public accountant stating that the Grantee has established such an accounting system.

(42 U.S.C. 2835)

7. *Preliminary audit.* Within three (3) months after the effective date of the grant, the Grantee will secure a preliminary audit survey of its accounting system and will submit a report thereon to the Grants Officer.

(42 U.S.C. 2835)

8. *Payment procedures.* a. To obtain Federal funds, the Grantee must submit Forms 5141, Quarterly Estimated Requirements for Federal Cash, and OE–5140, with attachment 5232–A, Monthly/Quarterly Report of Disbursement of Federal Cash. Instructions for completing the forms are printed on the reverse side. The report of cash disbursements is to be submitted as a quarterly report and is due by the 10th day of the month following the end of a calendar quarter.

Inquiries regarding payment shall be addressed to the Director, Finance Division, U.S. Office of Education, 400 Maryland Avenue SW., Washington, DC 20202.

b. Any funds remaining unobligated at the expiration of the Budget period shall within ninety (90) days of the date of expiration of the said period be refunded by check made payable to the U.S. Office of Education. All refunds must reference the Grant Number shown on the Notification of Grant Award.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

9. *Reports.* The Grantee shall submit the following reports to the Office of Education.

a. *Evaluation.* 1. Completed form furnished by HEW (see § 181.6(a)(4)(ix) of regulations—October 15.

2. Interim report—May 1.

3. Final report—ninety (90) days after expiration of the budget period.

b. *Statistical Informations (forms and instructions to be submitted to grantee by DHEW).* 1. The initial report will be due ninety (90) days after date of award, and should represent information applicable to the current school year.

2. The final report will be due ninety (90) days after the expiration of the budget period, and is to represent information applicable to the subsequent school year.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

10. *Printing and duplicating.* All printing and duplicating authorized under this grant are subject to the limitations and restrictions contained in the current issue of the

U.S. Government Printing and Binding Regulations if done for the use of the Office of Education within the meaning of those Regulations.

(U.S. Government Printing and Binding Regulations)

11. *Extension of project period or budget period.* When progress under the grant is delayed and circumstances make it necessary to request an extension of either the project period or the budget period, or both, without additional funds, it is the policy of the Office of Education to consider such extensions upon written request.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781, 2837)

12. *Applicability of State and local laws and institutional procedures regarding expenditure of funds.* Except to the extent otherwise provided for in this document or any document incorporated herein by reference, nothing herein or therein shall be construed so as to alter the applicability to the Grantee of any State or local law, rule, regulation, or any institutional procedure which would otherwise pertain to the expenditure of funds.

(20 U.S.C. 119–119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

13. *Copyright and publication.* a. The term "materials" as used herein means writings, sound recordings, films, pictorial reproductions, drawings, or other graphic representations, computer programs, and works of any similar nature produced under this grant. The term does not include financial reports, cost analysis, and similar information incidental to grant administration.

b. It is the policy of the Office of Education that the results of activities supported by it should be utilized in the manner which would best serve the public interest. To that end, except as provided in paragraph (c), the Grantee shall not assert any rights at common law or in equity or establish any claim to statutory copyright in such materials; and all such materials shall be made freely available to the Government, the education community, and the general public.

c. Notwithstanding the provisions of paragraph (b) above, upon request of the Grantee or his authorized designee, arrangements for copyright of the materials for a limited period of time may be authorized by the Commissioner, through the Grants Officer, upon a showing satisfactory to the Office of Education that such protection will result in more effective development or dissemination of the materials and would be in the public interest.

d. With respect to any materials for which the securing of a copyright protection is authorized under paragraph (c), the Grantee hereby grants a royalty-free, nonexclusive and irrevocable license to the Government to publish, translate, reproduce, deliver, perform, use, and dispose of all such materials.

e. To the extent the Grantee has the right and permission to do so, the Grantee hereby grants to the Government a royalty-free, nonexclusive and irrevocable license to use in any manner, copyrighted material not first produced in the performance of this grant but which is incorporated in the materials. The Grantee shall advise the Grants Officer of any such copyrighted material known to it not to be covered by such license.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

14. *Acknowledgment and disclaimer in publication.* Any publication or presentation resulting from or primarily related to the project being performed hereunder shall contain the following acknowledgment:

The project presented or reported herein was performed pursuant to a Grant from the U.S. Office of Education, Department of Health, Education, and Welfare. However, the opinions expressed herein do not necessarily reflect the position or policy of the U.S. Office of Education, and no official endorsement by the U.S. Office of Education should be inferred.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

15. *Patent rights*—a. *Policy.* In accordance with Department of Health, Education, and Welfare Regulations (45 CFR Subtitle A, Parts 6 and 8), all inventions made in the course of or under any Office of Education grant shall be promptly and fully reported to the Assistant Secretary (Health and Scientific Affairs), Department of Health, Education, and Welfare.

The grantee institution and the principal investigator shall neither have nor make any commitments or obligations which conflict with the requirements of this policy.

b. *Determination.* Determination as to ownership and disposition of invention rights, including whether a patent application shall be filed, and if so, the manner of obtaining, administering, and disposing of rights under any patent application or patent which may be issued shall be made either:

(1) By the Assistant Secretary (Health and Scientific Affairs) whose decision shall be considered as final, or

(2) Where the institution has a separate formal institutional agreement with the Office of Education or the Department, by the grantee institution in accordance with such agreement.

Patent applications shall not be filed on inventions under (1) above without prior written consent of the Assistant Secretary (Health and Scientific Affairs) or his representative. Any patent application filed by the Grantee on an invention made in the course of or under an Office of Education grant shall include the following statement in the first paragraph of the specification:

"The invention described herein was made in the course of, or under, a grant from the U.S. Office of Education, Department of Health, Education, and Welfare."

c. *Reports and other requirements.* A complete written disclosure of each invention in the form specified by the Assistant Secretary (Health and Scientific Affairs) shall be made by the Grantee promptly after conception or first actual reduction to practice, whichever occurs first under the grant. Upon request, the Grantee shall furnish such duly executed instruments (prepared by the Government) and such other papers as are deemed necessary to vest in the Government the rights reserved to it under this policy statement to enable the Government to apply for and prosecute any patent application, in any country, covering each invention where the Government has the right to file such application.

The Grantee shall furnish interim reports (Annual Invention Statements) prior to the continuation of any grant listing all inventions made during the budget period whether or not previously reported, or certifying that no inventions were made during the applicable period. Upon completion of the project period, the Grantee shall furnish a final invention report listing all inventions made during performance of work on the supported project or certifying that no inventions were made during that work.

d. *Supplementary patent agreements.* The Grantee shall obtain appropriate patent agreements to fulfill the requirements of this provision from all persons who perform any part of the work under the grant, except such clerical and manual labor personnel as will have no access to technical data, and except as otherwise authorized in writing by the Department.

The Grantee shall insert in each subcontract or agreement having experimental developmental, or research work as one of its purposes, a clause making this provision applicable to the subcontractor and its employees.

e. *Definitions.* As used in this provision, the stated terms are defined as follows for the purposes hereof:

(1) "Invention" or "invention or discovery" includes any art, machine, manufacture, design, or composition of matter, or any new and useful improvement thereof, or any variety of plant, which is or may be patentable under the Patent Laws of the United States.

(2) "Made" when used in relation to any invention or discovery means the conception or first actual reduction to practice of such invention in the course of the grant.

f. *Inventions resulting from grants made in support of research by Federal employees.* Inventions resulting from grants made in support of research by Federal employees shall be reported simultaneously to the Assistant Secretary (Health and Scientific Affairs) pursuant to terms of the grant and to the employing agency under the terms of Executive Order 10096, as amended.

(45 CFR Parts 6 and 8)

16. *Travel.* Travel allowances shall be paid in accordance with applicable State and local laws and regulations and grantee policies. If none of these are applicable, travel shall be done in accordance with Federal Government regulations. No foreign travel is authorized under the grant unless prior approval is received from the Grant Officer. Travel between the United States and Guam, American Samoa, Puerto Rico, the U.S. Virgin Islands, the Canal Zone, and Canada is not considered foreign travel.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

17. *Equipment.* Title to, and accountability for, equipment shall be determined in accordance with Chapter I–410, Management of Equipment and Supplies Acquired Under Project Grants, of the Department of Health, Education, and Welfare Grants Administration Manual.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

18. *Service contracts.* The Grantee may enter into contracts or agreements (to the extent permitted by State and local law) for the provision of part of the services under this grant by other appropriate public or private agencies or institutions. Such contract or agreement shall incorporate these grant terms and all other rules and regulations applicable to the program, shall describe the services to be provided by the agency or institution, and shall contain provisions assuring that the Grantee will retain supervision and administrative control over the provision of services under the contract. Services to be provided by contract pursuant to this section shall be specified in the project proposal or in an amendment thereto, and the proposed contract shall be submitted to the Grants Officer and be approved by him in writing.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

19. *Health and safety standards.* Whenever the Grantee, acting under the terms of the

grant, shall rent, lease, purchase, or otherwise obtain classroom facilities (or any other facilities) which will be used by students and faculty, the Grantee shall comply with all health and safety regulations and laws applicable to similar facilities being used in that locality for such purpose.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

20. *Salary limitations and reporting requirements.* a. Compensation paid from Federal or matching non-Federal funds to persons employed in carrying out the project shall be subject to the following limitations:

(1) In no case shall the rate of compensation be less than the Federal minimum wage rate, which is $1.60 per hour except as otherwise provided in section 6(a)(1) of the Fair Labor Standards Act of 1938.

(2) Except as provided in paragraph (1) the rate of compensation shall not exceed the average rate paid in the community where the project is carried out to persons providing substantially comparable services, or the average rate paid to such persons in the area of the employee's immediately preceding employment, whichever is higher.

(3) In no case shall the rate of compensation exceed $15,000 per year, unless the Grantee obtains a specific exception from this requirement from the Grants Officer. A Grantee applying for such an exception shall submit a written justification together with information as to salary levels for persons with comparable skills or holding comparable positions in the same community (or in the nearest community where such persons are employed), and, if relevant, similar information for the last community in which a specific job applicant or incumbent was employed.

(4) Unless approved by the Grants Officer, the rate of compensation of any person being paid at a rate in excess of $6,000 per year shall not exceed by more than twenty percent (20%) that person's rate of compensation in his immediate preceding employment.

b. The Grantee shall maintain records adequate to demonstrate compliance with the limitations in (a). The Grantee shall also report to the Office of Education on or before July 15 of each year the names of all employees who, as of June 30 of that year, were receiving a salary of $10,000 or more per year, together with the amount of compensation paid to each such person from grant funds or matching funds since July 1 of the preceding year.

(42 U.S.C. 2836(2) and 42 U.S.C. 2951)

21. *Compensation.* If a staff member is involved simultaneously in two or more projects supported by funds from the Federal Government, he may not be compensated for more than a total of one-hundred percent (100%) time from such Government funds for all projects during any given period of time.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c—2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

22. *Prohibition of political activities.* No project shall be carried on in a manner involving the use of program funds, the provision of services, or the employment or assignment of personnel in a manner supporting or resulting in the identification of the project with (1) any partisan or nonpartisan political activity or any other political activity associated with a candidate, or contending faction or group, in an election from public or party office, (2) any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election, or (3) any voter registration activity.

(42 U.S.C. 2943(L))

23. *Restrictions on certain unlawful activities.* No individual employed or assigned by the Grantee shall, pursuant to or during the performance of services rendered in connection with any activity conducted or assisted under this Grant, plan, initiate, participate in, or otherwise aid or assist in the conduct of any unlawful demonstration, rioting, or civil disturbance.

(42 U.S.C. 2963)

24. *Labor standards.* To the extent that grant funds will be used for alteration and repair (including painting and decorating) of facilities, the Grantee shall furnish the Grants Officer with the following:

A description of the alteration or repair work and the estimated cost of the work to be performed at the site;

The proposed advertising and bid opening dates for the work;

The city, county, and State at which the work will be performed; and

The name and address of the person to whom the necessary wage determination and labor standards provisions are to be sent for inclusion in contracts; not later than six (6) weeks prior to the advertisement for bids for the alteration or repair work to be performed. The Grantee shall also include or have included in all such alterations or repairs the wage determination and labor standards provisions that are provided and required by the Secretary of Labor under 29 CFR Parts 3 and 5.

(42 U.S.C. 2947)

25. *Equal employment opportunity.* With respect of repair and minor remodeling, the Grantee shall comply with and provide for Contractor and Subcontractor compliance with the requirements of Executive Order 11246 as implemented by 41 CFR Part 60. The terms required by Executive Order 11246 will be included in any contract for construction work, or modification thereof, as defined in said Executive order.

(Executive Order 11246)

26. *Use of consultants.* a. The hiring and payments to consultants shall be in accordance with applicable State and local laws and regulations and grantee policies. However, for the use of and payment to consultants whose rate will exceed $100.00 per day, prior written approval for the use of such consultants must be obtained from the Grants Officer.

b. The Grantee must maintain a written report for the files on the results of all consultations charged to this grant. This report must include, as a minimum; (1) the consultant's name, dates, hours, and amount charged to the grant; (2) the names of the grantee staff to whom the services are provided; and (3) the results of the subject matter of the consultation.

(20 U.S.C. 1119–1119a, 20 U.S.C. 331–332b, 42 U.S.C. 2000c–2000c–9, 20 U.S.C. 887, 20 U.S.C. 1222, and 42 U.S.C. 2781–2837)

APPENDIX B

MEMORANDUM OF UNDERSTANDING BETWEEN THE OFFICE OF ECONOMIC OPPORTUNITY AND THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

In anticipation of the delegation of authority to the Department of Health, Education, and Welfare (HEW) by the Office of Economic Opportunity (OEO) for the purpose of developing and carrying out the Emergency School Assistance Program under section 222(a) of the Economic Opportunity Act of 1964, OEO and HEW agree to the following:

A. *Policy.* 1. Subject to the provisions of the delegation instrument, HEW shall develop and carry out programs and projects designed to assist schools or school districts with substantial enrollments of children from low-income families in meeting the emergency transitional needs of such districts incident to the elimination of racial segregation and discrimination among students and faculty in elementary and secondary schools.

"Low-income families," as referred to in this agreement, are those families whose incomes fall below OEO's poverty line, as set forth in OEO Instruction 6004–1a.

2. Programs and projects assisted by HEW pursuant to the delegation of authority referred to above shall not provide general aid to elementary or secondary education in any school or school system; however, as authorized in section 244(5) of the Act, special, remedial, and other noncurricular educational assistance may be provided, including the following:

(a) The provision of additional professional or other staff members to meet emergency transitional needs and for the training and retraining of school staff members to meet such needs;

(b) Remedial and other services to meet the special needs of children in schools which are affected by desegregation plan or plans, including special services for gifted and talented children in such schools;

(c) Comprehensive guidance, counseling, and other personal services for pupils;

(d) Development of new instructional techniques and materials designed to meet the special needs of children in schools which are affected by desegregation plans;

(e) Such repair or minor remodeling or alteration of existing school facilities as may be necessary to meet emergency transitional needs and the lease or purchase of mobile or demountable classroom units or other mobile educational facilities for use in meeting such needs;

(f) Community activities, including public education efforts which are designed to meet emergency transition needs and are in support of a plan, program, project, or other activity having the objectives described in paragraph A1 of this agreement;

(g) Special administrative activities to meet emergency transitional needs such as the rescheduling of students or teachers, or the provision of information to parents and other members of the general public, incident to the implementation of a desegregation plan;

(h) Planning and evaluation activities; and

(i) Other specially designed programs or projects which are consistent with the terms of this Agreement and the delegation of authority it implements.

3. In carrying out activities under the delegation of authority referred to above, measures shall be taken to assure compliance with the provisions of section 225 (c) and (d) of the Act relating to non-Federal share and maintenance of effort. In view of the fact that this is an emergency program designed to aid school districts which have for the most part already firmed up their budgets for the coming school year, it is understood that HEW may desire to waive the formal non-Federal share requirements otherwise imposed by section 225(c) and to rely instead on the school districts' general commitment to the purposes of the program. It is understood that these activities will be conducted in compliance with section 614 of the Act which prohibits Federal direction, supervision, or control over the curriculum, program of instruction, administration, or personnel of any educational institution or school system and with other applicable provisions of such Act.

4. No program developed and carried out under such delegation of authority shall be operated as a replacement for any existing program under other Federal law.

B. *Administration and coordination.* 1. Grants and contracts to carry out programs and projects referred to in this agreement may be made directly to or with public or nonprofit private agencies, organizations or institutions, and contracts to carry out such programs and projects may be made to or with public or private agencies, organizations or institutions. Where feasible, community action agencies will be involved in planning and advisory functions and in the community activities contemplated by paragraph A2(f) of this agreement.

2. Primary authority to initiate policies, regulations, and issuances for such programs and projects shall rest with HEW. OEO and HEW will maintain liaison on proposed policies.

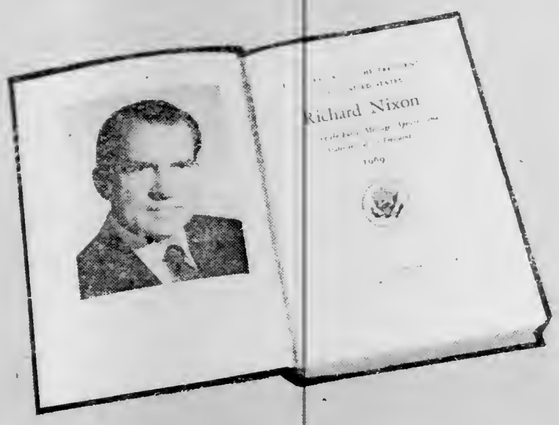
3. HEW shall be responsible for the administration of training and technical assistance grants and contracts, and all other contracts relating exclusively to such programs and projects.

4. HEW shall have the primary responsibility for inspection and audit of grants and contracts made or entered into by HEW in exercising the powers delegated to it by OEO.

5. HEW shall, in consultation with OEO, develop a plan for making a separate allotment of funds under section 225(b) of the Act which will assure an equitable distribution of assistance among the States for developing and carrying out the programs and projects referred to in this agreement.

6. All operating information evaluation reports, and other data concerning the programs administered under the powers delegated to HEW by OEO shall be freely exchanged between the agencies pursuant to section 602(d) of the Act.

Dated: June 12, 1970.



JOHN G. VENEMAN,
Acting Secretary of Health, Education, and Welfare.

Dated: June 17, 1970.

DON RUMSFELD,
Director,
Office of Economic Opportunity.

List of CFR Parts Affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears following the Notices section of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1971, and specifies how they are affected.

Title 3—The President

PROCLAMATION 4076

Establishment of Tariff-Rate Quota on Certain Stainless Steel Flatware

By the President of the United States of America

A Proclamation

1. WHEREAS, pursuant to the authority vested in him by the Constitution and the statutes, including section 350(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1351; hereinafter referred to as "the Tariff Act"), on October 30, 1947 the President entered into, and by Proclamation No. 2761A of December 16, 1947 (61 Stat. 1103) proclaimed, a trade agreement with certain foreign countries designated as the General Agreement on Tariffs and Trade (61 Stat. (pt. 5) A11; hereinafter referred to, as supplemented from time to time, as "the General Agreement");

2. WHEREAS the President has supplemented and modified the General Agreement and Proclamation No. 2761A by many subsequent agreements and proclamations, including;

(a) the Torquay Protocol of April 21, 1951 to the General Agreement (3 UST (pt. 1) 615; hereinafter referred to as "the Torquay Protocol") proclaimed by Proclamation No. 2929 of June 2, 1951 (65 Stat. C12);

(b) the Protocol of March 10, 1955 Amending the Preamble and Parts II and III of the General Agreement (8 UST (pt. 2) 1768; hereinafter referred to as "the 1955 Protocol") proclaimed by Proclamation No. 3513 of December 28, 1962 (77 Stat. 970, 979);

(c) the Sixth Protocol of Supplementary Concessions of May 23, 1956 to the General Agreement (7 UST (pt. 2) 1086; hereinafter referred to as "the Sixth Protocol") proclaimed by Proclamation No. 3140 of June 13, 1956 (70 Stat. C33);

(d) the Geneva (1967) Protocol of June 30, 1967 to the General Agreement (19 UST (pt. 1) 18) proclaimed by Proclamation No. 3822 of December 16, 1967 (82 Stat. 1455);

3. WHEREAS the General Agreement as originally concluded and several of the agreements supplementary thereto contain a schedule of United States concessions designated as Schedule XX;

4. WHEREAS item 355 in part I of Schedule XX to the Torquay Protocol provided for, and Proclamation No. 2929 proclaimed, concessions on certain knives and forks with stainless steel handles; and item 339 in part I of Schedule XX to the Sixth Protocol provided for, and Proclamation No. 3140 proclaimed, concessions on certain spoons with stainless steel handles;

5. WHEREAS Proclamation No. 3548 of August 21, 1963 (77 Stat. 1017) gave effect to the Tariff Schedules of the United States (hereinafter referred to as "the TSUS") and proclaimed, with modifications, the concession rates of duty for knives, forks and spoons with stainless steel handles in column numbered 1 of items 650.09, 650.11, 650.39, 650.41 and 650.55 of the TSUS;

6. WHEREAS part I of Schedule XX to the Geneva (1967) Protocol (19 UST (pt. 2) 1227, 1626–1628) recognized the continuation, in items 650.08, 650.10, 650.38, 650.40 and 650.54, of such prior concessions, with the modifications made by Proclamation No. 3548, in the case of knives, forks and spoons with stainless steel handles valued under 25 cents each and not over 10.2 inches in overall length (hereinafter referred to as "stainless steel flatware") and Proclamation No. 3822, without modifying the rates of duty applicable thereto, proclaimed the modification of the classification of stainless steel flatware in the TSUS to correspond with its classification in such Protocol;

7. WHEREAS Article XXVIII of the General Agreement, as amended by the 1955 Protocol and proclaimed by Proclamation No. 3513, provides that a contracting party may, on compliance with specified procedures, modify or withdraw concessions in its schedules to the General Agreement;

8. WHEREAS, pursuant to the procedures of Article XXVIII, the stainless steel flatware concessions under the General Agreement have been modified by the insertion of a note after note 5 in unit E of chapter 3 of section 6 of part I of Schedule XX to the Geneva (1967) Protocol, so as to permit the establishment of the tariff-rate quota hereinafter proclaimed;

9. WHEREAS, in accordance with such note, the average imports from sources of supply during calendar years 1968 and 1969 are to be used for the sole purpose of providing a basis for the allocation of the tariff-rate quota hereinafter proclaimed among such sources and I determine that the allocation of such tariff-rate quota on such basis shall be as hereinafter proclaimed;

10. WHEREAS, subject to certain limitations, section 350(a)(1)(B) of the Tariff Act and section 201(a)(2) of the Trade Expansion Act of 1962 authorize the President to proclaim such modifications of duties as are required or appropriate to carry out trade agreements entered into under sections 350(a) and 201(a) of such Acts, respectively, and I determine that the modifications of duties hereinafter proclaimed are appropriate to carry out Article XXVIII of the General Agreement;

11. WHEREAS section 350(a)(6) of the Tariff Act and section 255(b) of the Trade Expansion Act of 1962 authorize the President at any time to terminate, in whole or in part, any proclamations made under sections 350(a) and 201(a) of such Acts, respectively, and I determine it is appropriate to terminate in part certain of such proclamations with respect to certain articles for such time as the tariff-rate quota hereinafter proclaimed remains in effect;

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, acting under the authority vested in me by the Constitution and the statutes, including section 350(a)(1)(B) of the Tariff Act of 1930, as amended, and section 201(a)(2) of the Trade Expansion Act of 1962 and, as separate and additional authority, section 350(a)(6) and section 255(b) of such Acts, respectively, and in accordance with Article XXVIII of the General Agreement, do proclaim as follows:

1. I hereby establish a tariff-rate quota with respect to stainless steel flatware so that the rates of duty provided in column numbered 1 of the TSUS shall be the same as the rates of duty now provided in column numbered 2 thereof with respect to any such flatware entered in excess of such quota. To that end the new subpart D set out in the annex to this proclamation shall be inserted after subpart C of part 2 of the Appendix to the TSUS.

2. I hereby modify the duties proclaimed by the proclamations referred to in recitals 4 and 5 above to the extent necessary to give effect to the tariff-rate quota established hereby, for such time as such quota remains in effect; and I hereby terminate in part such proclamations to such extent and for such time.

3. The tariff-rate quota established hereby shall be effective as to articles entered, or withdrawn from warehouse, for consumption on and after the first day of October 1971.

IN WITNESS WHEREOF, I have hereunto set my hand this 21st day of August, in the year of our Lord one thousand nine hundred and seventy-one, and of the Independence of the United States of America the one hundred and ninety-sixth.

Richard Nixon

THE WHITE HOUSE,
Washington, D.C.

ANNEX

SUBPART D.—OTHER TEMPORARY MODIFICATIONS

Subpart D headnotes:

1. This subpart contains temporary modifications of the provisions of the tariff schedules (other than modifications for balance of payments purposes) proclaimed by the President pursuant to his authority to modify duties as required or appropriate to carry out trade agreements (section 350(a)(1)(B) of the Tariff Act of 1930, as amended, and section 201(a)(2) of the Trade Expansion Act of 1962) and/or pursuant to his authority to terminate proclamations in part (section 350(a)(6) and section 255(b) of such acts, respectively). The rates of duty provided for in this subpart apply only with respect to articles entered during the period specified in the last column.

2. *Stainless Steel Flatware Tariff-Rate Quota.*—

(a) The tariff-rate quota with respect to knives, forks and spoons with stainless steel handles, valued under 25 cents each and not over 10.2 inches in over-all length, provided for in items 949.00 through 949.08, was established by the President pursuant to section 350(a)(1)(B) and (a)(6) of the Tariff Act of 1930, as amended, and sections 201(a)(2) and 255(b) of the Trade Expansion Act of 1962.

(b) The tariff rate quota—

(i) shall be allocated among sources of supply and administered on a calendar quarter basis;

(ii) may be increased for each calendar quarter in any calendar year commencing with the calendar year 1972, by an increase in the quarterly allocations over the allocations for the last quarter of the immediately preceding calendar year by the percentage (not in excess of 6 percent) which the President determines is the percentage increase in United States consumption of knives, forks and spoons with stainless steel handles during such preceding calendar year over the next preceding calendar year, unless economic conditions in the United States industry producing such articles indicate that a smaller growth rate or no growth rate is warranted; notice of any such increase shall be given by the President to the Secretary of the Treasury and published in the *Federal Register*; any such increase shall take effect on the first day of the calendar quarter next succeeding the date of such publication and shall remain in effect until further increased under this subparagraph;

(iii) shall be administered so that if any quantity of a product of a particular source of supply which is permitted to be entered within the tariff-rate quota during any calendar quarter is not entered, the difference between the allocation to such source for such quarter and the quantity which was entered and charged against the quota from such source, or 10 percent of such allocation, whichever is the lesser, may be entered during the immediately following calendar quarter; provided that any increased quantity permitted under this subparagraph shall not be considered part of such source's allocation for any quarter;

(iv) shall be administered so that if it becomes effective, or is increased, after the beginning of a calendar quarter, the quantity entitled to enter, or the amount of the increase which may be entered, during the unexpired portion of such quarter as originating from each source of supply shall be the quantity as so effective, or the amount of the increase, for such calendar quarter, less 1/90 thereof for each day that has expired in such quarter;

(v) shall be administered so that each single unit entered in a set shall be counted in determining the number of units entered during any calendar quarter.

(c) As promptly as practicable in each calendar year (beginning with 1972), the Tariff Commission shall determine the apparent United States consumption of knives, forks and spoons with stainless steel handles during the preceding calendar year and shall report such determination to the President. In its first report, the Commission shall also determine the apparent United States consumption of such articles during the calendar year 1970.

		Rates of duty		Effective period
		1	2	
	Knives, forks and spoons; all the foregoing valued under 25 cents each, not over 10.2 inches in overall length, and with stainless steel handles (provided for in items 650.08, 650.10, 650.38, 650.40, 650.54 and, if included in sets, 651.75 of part 3E of schedule 6):			On or before September 30, 1976 unless extended by the President:

		Rates of duty		Effective period
		1	2	
	For the following aggregate quantities of single units, which are the product of the specified sources of supply and are subject to the rates set forth in rates of duty column numbered 1, entered in any calendar quarter in any calendar year (see headnote 2 of this subpart with respect to possible increases in these quantities)—

[FR Doc.71-12505 Filed 8-23-71;11:52 am]

Rules and Regulations

Title 7—AGRICULTURE

Chapter I—Consumer and Marketing Service (Standards, Inspection, Marketing Practices), Department of Agriculture

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

Subpart—U.S. Standards for Grades of Canned Ripe Olives [1]

MISCELLANEOUS AMENDMENTS

On pages 12746 and 12747 of the FEDERAL REGISTER of July 7, 1971, as corrected on page 13035 of the FEDERAL REGISTER of July 13, 1971, there was published a notice of proposed rule making to issue amendments to the U.S. Standards for Grades of Canned Ripe Olives. Interested persons were given 30 days in which to submit written data, views, or arguments regarding the proposed amendments.

No comments have been received and the proposed amendments are hereby adopted without change and are set forth below.

It is hereby found that it is impracticable and contrary to the public interest to postpone the effective date beyond September 1, 1971 (5 U.S.C. 553) in that:

1. The processing industry affected by the amended grade standards is familiar with the amendments, having requested they be made;

2. Additional time is not needed for the industry to make preparations for compliance with the amended standards;

3. The amendments establish specifications for a quartered style of canned ripe olives which should be made available at the start of the crop year, September 1, 1971, to facilitate operations under marketing Order No. 932 (7 CFR Part 932).

Accordingly, the amendments to the U.S. Standards for Grades of Canned Ripe Olives set forth herein shall become effective on September 1, 1971.

Dated: August 17, 1971.

G. R. GRANGE,
Deputy Administrator,
Marketing Services.

1. Section 52.3753 would be revised by adding a new paragraph (d) and redesignating the present paragraphs (d), (e), and (f). As amended, the section would read as follows:

§ 52.3753 Styles of canned ripe olives.

(a) *Whole.* "Whole" olives are those which have not been pitted.

(b) *Pitted.* "Pitted" olives are those from which pits have been removed.

(c) *Halved.* "Halved" olives are pitted olives in which each olive is cut lengthwise into two approximately equal parts.

(d) *Quartered.* "Quartered" olives are pitted olives in which each olive is cut lengthwise into four approximately equal parts.

(e) *Sliced.* "Sliced" olives consist of parallel slices of fairly uniform thickness prepared from pitted olives.

(f) *Chopped or Minced.* "Chopped" or "Minced" olives are random-size cut pieces or cut bits prepared from pitted olives.

(g) *Broken pitted.* "Broken pitted" olives consist substantially of large pieces that may have been broken in pitting but have not been sliced or cut.

2. Section 52.3754 would be changed to read:

§ 52.3754 Grades of canned ripe olives.

(a) "U.S. Grade A" (or "U.S. Fancy") is the quality of canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles that possess a good flavor, that possess a good color, that are practically uniform in size in whole and pitted styles of single sizes, that are practically free from defects, that possess a good character; and that for those factors which are rated in accordance with the scoring system outlined in this subpart, the total score is not less than 90 points: *Provided,* That such canned ripe olives may possess a reasonably good color and may be reasonably uniform in size, if the total score is not less than 90 points.

(b) "U.S. Grade B" (or "U.S. Choice") is the quality of canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles that possess a good flavor, that possess a reasonably good color, that are reasonably uniform in size in whole and pitted styles of single sizes, that are reasonably free from defects, that possess a reasonably good character; and that for those factors which are rated in accordance with the scoring system outlined in this subpart, the total score is not less than 80 points.

(c) "U.S. Grade C" (or "U.S. Standard") is the quality of canned ripe olives of whole, pitted, halved, quartered, sliced, chopped or minced, and broken pitted styles that possess a normal flavor, that possess a fairly good color, that are fairly uniform in size in whole and pitted styles of single sizes or whole style in mixed sizes, that are fairly free from defects, that possess a fairly good character; and that for those factors which are rated in accordance with the scoring system outlined in this subpart, the total score is not less than 70 points.

(d) "Substandard" is the quality of canned ripe olives of any style that fail to meet the applicable requirements for U.S. Grade C.

3. Section 52.3757 would be revised by changes to Table III and Table IV. In both tables, recommended drained weights for No. 300 metal containers would be added. In Table IV, recommended drained weights for quartered olives would be included. In addition, the recommended drained weights for No. 10 size cans of halved and sliced olives would be changed. As amended, the tables would read as follows:

§ 52.3757 Recommended minimum drained weights.

* * * * * *

TABLE III—RECOMMENDED MINIMUM DRAINED WEIGHTS FOR CANNED RIPE OLIVES (WHOLE AND PITTED STYLES)

Container sizes (metal) (overall measurements: width × height)	Buffet or 8 Z Tall (2 1/16 × 3 5/16 inches)		No. 1 Tall (3 1/16 × 4 11/16 inches) and 211 × 600 Cylinder (2 1/16 × 6 inches)		No. 300 (3 × 4 7/16 inches)		No. 10 (6 3/16 × 7 inches)
	Whole	Pitted	Whole	Pitted	Whole	Pitted	Whole
Size designations	*Ounces*	*Ounces*	*Ounces*	*Ounces*	*Ounces*	*Ounces*	*Ounces*
Small (or) select (or) standard(s)	4 1/2	3 1/4	9	7	7 3/4	6	66
Medium	4 1/2	3 1/4	9	7	7 3/4	6	66
Large	4 1/2	3 1/2	9	7	7 3/4	6	66
Extra large	4 1/2	3 1/2	9	7 1/2	7 3/4	6	66
Mammoth	4 1/2	3 1/2	9	7 1/2	7 3/4	6	66
Giant	4 1/2	3 1/2	9	7 1/2	7 1/2	6	66
Jumbo	4	3 1/4	8 1/2	7	7 1/4	5 3/4	64
Colossal	4	3 1/4	8 1/2	7	7 1/4	5 3/4	64
Super colossal or special super colossal	4	3 1/4	8 1/2	7	7 1/4	5 3/4	64

King	4 1/2	3 1/2	9	7 1/2	7 3/4	6	66
Royal	4	3 1/4	8 1/2	6 1/2	7 1/4	5 3/4	64
Other blends	4	3	8	6 1/2	7 1/4	5 1/2	64
Mixed sizes	4 1/2	3 1/2	9	7 1/2	7 3/4	6	66
	4 1/2	3 1/2	9	7 1/2	----------	----------	66

[1] Compliance with the provisions of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act or with applicable State laws and regulations.

TABLE IV—RECOMMENDED MINIMUM DRAINED WEIGHTS FOR CANNED RIPE OLIVES (HALVED, QUARTERED, CHOPPED OR MINCED, SLICED, AND BROKEN PITTED STYLES)

Container sizes (metal) (overall measurements: width x height)	211 x 200 can (2 13/16 x 2 inches) and 200 x 214 can (2 x 2 5/16 inches)	211 x 304 can (2 13/16 x 3 5/16 inches)	No. 300 can (3 x 4 1/16 inches)	No. 10 (6 3/16 x 7 inches)
Styles	*Ounces*	*Ounces*	*Ounces*	*Ounces*
Halved	2 1/4	3 3/8	6 1/2	55
Quartered	2 1/4	3 3/4	6 1/2	55
Chopped or minced	4 1/2			100
Sliced	2 1/4	3 3/4	6 1/2	55
Broken pitted				55

4. Section 52.3761 would be amended by including quartered style in (a) and headings of (d)(1)(i), (e)(1)(i) and (f)(1)(i). The amended section would read as follows:

§ 52.3761 Color.

(a) *General.* The evaluation of color shall be determined approximately 5 minutes after the olives are removed from the container and, as applicable for the type, while olives are moist, is based upon the uniformity of the exterior color or general appearance as to color of the olives within the container. The evaluation of color in "halved" and "quartered" styles is based on the uncut surfaces.

* * * * *

(d) (1) *Ripe type*—(i) *Whole; pitted; halved; quartered.* * * *

* * * * *

(e) (1) *Ripe type*—(i) *Whole; pitted; halved; quartered.* * * *

* * * * *

(f) (1) *Ripe type*—(i) *Whole; pitted; halved; quartered.* * * *

* * * * *

5. Section 52.3762 would be changed to read:

§ 52.3762 Uniformity of size.

(a) *General.* * * *

(2) The factor of uniformity of size for whole or pitted olives of blended sizes and halved, quartered, sliced, chopped or minced, or broken pitted styles is not based on any detailed requirements and is not scored; the other three factors (color, absence of defects, and character as applicable) are scored and the total is multiplied by 100 and divided by 80, dropping any fractions to determine the total score.

* * * * *

6. Section 52.3763 would be revised to include allowances for defects specific to quartered style olives. As amended, the revisions would read as follows:

§ 52.3763 Absence of defects.

* * * * *

(b) * * *

(7) *Broken piece.* A "broken piece" in quartered style olives is any piece of olive flesh that appears to be less than three-fourths of a full quarter-olive.

(c) (*A*) *Classification.* Canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles that are practically free from defects may be given a score of 27 to 30 points. "Practically free from defects" means that the canned ripe olives are practically free from any defects not specifically mentioned and that these defects may affect no more than slightly the appearance or edibility of the olives; that the overall appearance of the product is not materially affected by olives or units with insignificant blemishes; and, in addition, has the following meanings for the applicable styles:

(1) *Whole; pitted; halved; quartered.* (i) There may be present, on an average, per 100 whole or pitted olives; per 200 units in halved style; or per 9 ounces in quartered style:

Not more than one piece of harmless extraneous material;

Not more than one pit or one piece of pit in pitted style;

Not more than three minor and major stems of which not more than one stem may be a major stem; and

* * * * *

(iii) There may be not more than 8 percent, by count, of broken pieces in quartered olives.

* * * * *

(d) (*B*) *Classification.* If canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles are reasonably free from defects, a score of 24 to 26 points may be given. Canned ripe olives that fall into this classification shall not be graded above U.S. Grade B or U.S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the canned ripe olives are reasonably free from any defects not specifically mentioned and that these defects may affect more than slightly but not materially the appearance or edibility of the olives; that the overall appearance of the product may be materially affected by olives or units with insignificant blemishes; and, in addition, has the following meanings for the applicable styles:

(1) *Whole; pitted; halved; quartered.* (i) There may be present, on an average, per 100 whole or pitted olives; per 200 units in halved style; or per 9 ounces in quartered style:

Not more than two pieces of harmless extraneous material;

Not more than a total of two pits and pieces of pit in pitted style;

Not more than six minor and major stems of which not more than three stems may be major stems; and

* * * * *

(iii) There may be not more than 15 percent, by count, of broken pieces in quartered olives.

* * * * *

(e) (*C*) *Classification.* If canned ripe olives of whole, pitted, halved, quartered, sliced, chopped and minced, and broken pitted styles are fairly free from defects, a score of 21 to 23 points may be given. Canned ripe olives that fall into this classification shall not be graded above U.S. Grade C or U.S. Standard, regardless of the total score for the variety (this is a limiting rule). "Fairly free from defects" means that the canned ripe olives are fairly free from any defects not specifically mentioned and that these defects may materially but not seriously affect the appearance and edibility of the olives; that the overall appearance of the product may be seriously affected by olives or units with insignificant blemishes; and, in addition, has the following meanings for the applicable styles:

(1) *Whole; pitted; halved; quartered.* (i) There may be present, on an average, per 100 whole or pitted olives; per 200 units in halved style; or per 9 ounces in quartered style:

Not more than two pieces of harmless extraneous material;

Not more than a total of two pits and pieces of pit in pitted style;

Not more than eight minor and major stems of which not more than four stems may be major stems; and

* * * * *

(iii) There may be not more than 25 percent, by count, of broken pieces in quartered olives.

* * * * *

7. Section 52.3764 would be changed to read:

§ 52.3764 Character.

* * * * *

(b) (*A*) *Classification.* Canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles that possess a good character may be given a score of 27 to 30 points. "Good character" means that for the type the olives have a fleshy texture characteristic for the variety and size; that not less than 95 percent, by count, of the olives are practically uniform in texture and are tender but not soft.

(c) (*B*) *Classification.* If canned ripe olives of whole, pitted, halved, quartered, sliced, and chopped or minced styles possess a reasonably good character, a score of 24 to 26 points may be given. Canned ripe olives that fall into this classification shall not be graded above U.S. Grade B or U.S. Choice, regardless of the total score for the variety (this is a limiting rule). "Reasonably good character" means that for the type the olives may vary moderately in texture in that not less than 90 percent, by count, of the olives are practically uniform in texture and of the remainder not more than 5 percent, by count, of the olives may be excessively soft.

(d) (*C*) *Classification.* If canned ripe olives of whole, pitted, halved, quartered, sliced, chopped, and broken pitted styles possess a fairly good character, a score of 21 to 23 points may be given. Canned ripe olives that fall into this classification shall not be graded above U.S. Grade C or U.S. Standard, regardless of the total score for the variety (this is a limiting rule). "Fairly good character means" that the olives may vary considerably in texture, varying from fairly soft to firm but the olives are not excessively soft; and that not less than 80 percent, by count, of the olives are practically uniform in texture and of the remainder not more than 10 percent, by count, of the olives may be excessively soft.

* * * * *

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER D—PROVISIONS COMMON TO MORE THAN ONE PROGRAM

PART 795—PAYMENT LIMITATION

Interpretations

The following interpretations of the regulations governing the Payment Limitation, 35 F.R. 19339, are hereby issued:

1. A question has been raised concerning the application of § 795.7 of the regulations. Section 795.7 provides that a corporation shall be considered as one person. An individual stockholder of the corporation may be considered as a separate person to the extent that he is engaged in the production of the crop as a separate producer and otherwise meets the requirements of the regulations. However, a corporation in which more than 50 percent of the corporation's stock is owned by an individual (including the stock owned by the individual's spouse and minor children), or by a legal entity, shall not be considered as a separate person from such individual or legal entity.

In the question raised, an individual owns less than 50 percent of the capital stock of one corporation. The same individual owns more than 50 percent of the capital stock of a second corporation. The second corporation owns a portion of the capital stock of the first corporation. If all the capital stock of the first corporation which is owned by the second corporation is added to the capital stock of the first corporation which is owned by the individual, the total amount would be in excess of 50 percent. None of the capital stock of either corporation is owned by the spouse or minor children of the individual and none of the capital stock of the second corporation is owned by the shareholders of the first corporation other than the individual in question.

It has been concluded that the individual and the first corporation would be considered as the same person and limited to a single payment limitation. Under the regulations, the individual and the second corporation are a single person. All of the stock owned by the second corporation in the first corporation is, therefore, to be attributed to the individual.

2. (a) A question has been raised concerning the application of § 795.8 of the regulations. Section 795.8 provides that an estate or irrevocable trust shall be considered as one person except that an estate or trust which has a sole heir or beneficiary shall not be considered as a separate person from such heir or beneficiary. A revocable trust shall not be considered as a separate person from the grantor.

In the question raised, a widow owns and operates certain farm property with a cotton allotment. Under the will of her late husband, certain specific bequests of cash and nonfarm property were made to persons other than the widow. The residue of the estate, including certain farmland, is distributable to a testamentary trust. The widow has the sole right to the income of the trust during her lifetime. At the time of her death, the trust is to be terminated and the property distributed to her issue.

It has been concluded that since the widow has the sole right to the income of the trust during her lifetime, she is the sole heir or beneficiary to the property which will be farmed by the estate. Under such circumstances, the estate and the widow are limited to a single payment limitation. Whether or not distribution has been made by the estate to the testamentary trust would not alter this result.

(b) A second question has been raised concerning the application of § 795.8 of the regulations. In the question raised, a testamentary trust with several beneficiaries has been the owner and operator of a large farm. The beneficiaries of such trust are also the beneficiaries of a second trust. The corpus of the second trust consists of stocks, bonds, notes receivable, and urban real estate. It has not previously been engaged in farming. The same person serves as the trustee for both trusts.

It is proposed that the second trust cash lease a certain portion of farmland from the first trust with the objective of having each of the trusts considered as a separate person for purposes of applying the payment limitation.

It has been concluded that where two trusts have the same beneficiaries, the same trustee, and the farming operation to be carried out by the second trust is on land it is leasing from the first trust, the two trusts may not be regarded as separate persons and are limited to a single payment limitation.

(c) A third question has been raised concerning the application of § 795.8 of the regulations. In the question raised, an individual owns and operates a number of farms. The individual's father has created a trust for the individual's two minor children. The trust is irrevocable, the trustee is independent of the individual, and no part of the income or corpus of the trust is to inure to his benefit so long as any of his children or any of their issue are alive. The trust terminates upon the youngest child's attaining 25 years of age, and the corpus of the trust is to be distributed to the children. The trust has leased a farm from a third party and employed the father of the beneficiaries of the trust to custom farm the land at $20 per acre.

It has been concluded that the trust in favor of the two minor children may not be considered as a separate person apart from their father. Section 795.11 of the regulations describes the circumstances under which a minor child may be considered as a separate person from his parents or guardian in the application of the payment limitation. Under § 795.11, a minor who is the beneficiary of an irrevocable trust, with ownership of the property vested in the trust or the minor, may be considered as a person separate from his parents or guardian if the parents or guardian takes no part in the operation of the farm and owns no interest in the farm or in any portion of the production on the farm.

Section 795.5 of the regulations provides that the rules in §§ 795.5 through 795.12 shall be used to determine whether certain multiple individuals or legal entities are to be treated as one person or as separate persons for the purpose of applying the limitation. In cases in which more than one rule would appear to be applicable, the rule which is most restrictive on the number of persons shall apply.

With respect to the farm being leased by the trust, the father of the beneficiaries of the trust is taking part in the operation of the farm as a custom farmer, and ownership of the property is not vested in the trust or the minor children. Accordingly, the trust and the individual are limited to a single payment limitation.

3. A question has been raised concerning the application of § 795.11 of the regulations. Section 795.11 provides that, except under certain circumstances, a minor child and his parents or guardian (or other persons responsible for him) shall be considered as one person for purposes of applying the payment limitation. The question has been raised as to (1) whether a person remains a minor for purposes of applying the regulations when majority is conferred on him by court proceedings and (2) the date to be used in determining whether an individual is to be considered as a minor or an adult for a particular crop year.

It has been concluded that court proceedings conferring majority on a person will not change his status as a minor for purposes of applying the regulations and that such a person will be considered a minor until he reaches adult age under the law of the State where he resides. It has also been concluded that the date the farm is enrolled in the particular set-aside program is to be used in determining whether an individual is to be considered a minor or an adult for the particular crop year. Thus, an individual who has not reached adult age under the law of the State where he resides as of the date the farm is enrolled in the program will be considered a minor for that crop year.

4. (a) A question has been raised concerning the application of § 795.13 of the regulations. Section 795.13 provides that, subject to the provisions of Part 795, a person may exercise his right heretofore existing under law, to divide, sell, transfer, rent, or lease his property if such division, sale, transfer, rental arrangement, or lease is legally binding as between the parties thereto.

In the question raised, a corporation is owned equally by four shareholders. The corporation owns land, buildings, and equipment and in 1970 carried out substantial farming operations. Three of the shareholders propose forming a partnership which they would own equally. The partnership would cash lease land and equipment from the corporation with the objective of having the three partners considered as separate persons for purposes of applying the payment limitation under the provisions of § 795.6 of the regulations.

It has been concluded that the formation of such a partnership and the leasing of land from a corporation in which they hold a major interest does not constitute a substantive and bona fide change in operations. Therefore, the corporation and the partners are limited to a single payment limitation.

(b) In a second question which has been raised concerning the application of § 795.13 of the regulations, three individuals each have individual farming operations which, if continued unchanged, would permit them to have a total of three payment limitations.

The three individuals propose forming a corporation which they would own equally. The corporation would then cash lease a portion of the farmland owned and previously operated by the individuals with the objective of having the corporation considered as a separate person for purposes of applying the payment limitation under the provisions of § 795.7 of the regulations. It has been concluded that the formation of such a corporation and the leasing of land from the stockholders would not constitute a substantive and bona fide change in operations and that the corporation and the three individuals are limited to three payment limitations.

5. A question has been raised concerning the application of § 795.15(b) of the regulations. According to the question raised, there exist a corporation and a partnership of long standing. All the capital stock of the corporation is owned by adult members of a family. Three of the members each own 25 percent of the capital stock and two of them each own 12½ percent of such stock. None of the shareholders is married to any other shareholder.

The partnership is composed of the same persons who are shareholders of the corporation. The interests in the partnership capital and profits differ only slightly from the proportionate shareholdings in the corporation. Some of the partners of the partnership are also officers of the corporation. The principal asset of the partnership is land on which there is a cotton allotment. The corporation holds certain land and operating assets, such as farm machinery and equipment.

It is proposed that the partnership contract with the corporation for "custom farming services" with respect to the partnership land. The "custom farming" would be done on a unit of work basis and the compensation for such custom farming would also be on a basis customary to the area. The partnership and the individual partners would make the necessary set aside of cropland and maintain the conserving base. The corporation would also farm the property which it owns and would grow cotton on a portion of such land. The corporation would not, however, participate in the upland cotton program.

Section 795.15(b) of the regulations provides that a person having more than a 20 percent interest in any legal entity performing custom farming shall be considered as being separate from the persons for whom the custom farming is performed only if the person having such interest in the legal entity performing the custom farming has no interest directly or indirectly (1) in the crop on the farm or (2) in the farm as landowner. Three of the partners each have more than a 20 percent interest in the corporation custom farmer and each such person has a direct interest in the crop and the farm of the partnership. Thus, it has been concluded that the partners of the partnership in question may not be considered as separate persons.

Signed at Washington, D.C., on August 17, 1971.

KENNETH E. FRICK,
Administrator, Agricultural Stabilization and Conservation Service.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

PART 911—LIMES GROWN IN FLORIDA

Subpart—Budget of Expenses and Rate of Assessment

RESERVE FUND

On July 27, 1971, notice was published in the FEDERAL REGISTER (36 F.R. 13838) that consideration was being given to the proposed amendment of the provisions of § 911.204 *Reserve Fund*. (Subpart—Budget of Expenses and Rate of Assessment), pursuant to the applicable provisions of the marketing agreement, as amended and Order No. 911, as amended (7 CFR Part 911), regulating the handling of limes grown in Florida, effective under applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). This notice allowed interested persons 10 days for the submission of written data, views, or arguments pertaining to this proposal. None were submitted.

The amendment would authorize establishment by the Florida Lime Administrative Committee of a reserve fund in an amount not to exceed approximately 3 years' operational expenses consistent with the amendment to the order effective November 26, 1970. The reserve fund currently is limited to $10,000 under said § 911.204, and such increase in the level of the committee's reserve is necessary to implement the promotional activities and other order operations authorized by said amended marketing agreement and order.

After consideration of all relevant matter presented, including that in the aforesaid notice which was submitted by the Florida Lime Administrative Committee (established pursuant to said amended marketing agreement and order as the agency to administer the provisions thereof), it is hereby found that the amendment, as hereinafter set forth, of said provisions dealing with the reserve fund, is in accordance with the said amended marketing agreement and order and will tend to effectuate the declared policy of the act. Therefore, § 911.204 *Reserve Fund.*, of Subpart—Budget of Expenses and Rate of Assessment, is amended to read as follows:

§ 911.204 Reserve fund.

(a) The establishment of a reserve fund at an amount not to exceed approximately 3 fiscal years' operational expenses is appropriate and necessary to the maintenance and functioning of the Florida Lime Administrative Committee. Such reserve, including funds carried forward from prior fiscal years, shall be used to provide for the maintenance and functioning of the committee in accordance with the provisions of the marketing agreement, as amended, and this part.

(b) Terms used in this section shall have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 19, 1971, to become effective September 27, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[FR Doc.71-12357 Filed 8-23-71;8:51 am]

[Tokay Grape Reg. 7]

PART 926—TOKAY GRAPES GROWN IN SAN JOAQUIN COUNTY, CALIFORNIA

Regulation by Grades and Sizes

Notice was published in the FEDERAL REGISTER issue of August 10, 1971 (36 F.R. 14700) that the Department was giving consideration to a proposal which would limit the handling of Tokay grapes grown in San Joaquin County, Calif., pursuant to the applicable provisions of the marketing agreement, as amended, and Order No. 926, as amended (7 CFR Part 926), regulating the handling of Tokay grapes grown in San Joaquin County, Calif. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). Interested persons were afforded opportunity to file written data, views, or arguments thereon. None were filed.

The recommendations by the Industry Committee reflect its appraisal of the crop and the current and prospective market conditions. Shipments of Tokay grapes from the production area are expected to begin on or about August 25, 1971. The grade requirements provided herein are designed to prevent the handling on and after August 25, 1971, of any Tokay grapes of a lower grade than that herein specified, so as to provide consumers with good quality fruit, consistent with (1) the overall quality of the crop, and (2) improving returns to the producers pursuant to the declared policy of the act. The container marking requirement, is included to verify inspection of the fruit and assure compliance with the quality requirements specified herein.

The handling of fresh Tokay grapes would be regulated by limiting shipments of such grapes to those meeting the size and grade requirements hereinafter specified. The requirement that 65 percent of the grapes in each bunch and 30 percent of the grapes in the lower quarter of each bunch possess the color characteristics of "fairly well colored" reflects a desire, by the industry, to enhance the desirability of Tokay grapes by shipping a quality of fruit somewhat higher than U.S. No. 1 Table Grapes. It is believed, by the industry, that such quality requirements will be met by a quantity of grapes that is sufficient to fulfill the market demand.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the recommendation and information submitted by the Industry Committee, and upon other available information, it is hereby found that the limitation of handling of Tokay grapes grown in San Joaquin County, Calif., as hereinafter provided, will tend to effectuate the declared policy of the act.

It is hereby further found that good cause exists for not postponing the effective date of this regulation until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) shipments of said Tokay grapes are expected to begin on or about the effective date hereof and this regulation should be applicable to all such shipments in order to effectuate the declared policy of the act; (2) notice of proposed rule making concerning this regulation, with an effective date as hereinafter specified, was published in the FEDERAL REGISTER (36 F.R. 14700), and no objection to this amendment or such effective date was received; and (3) compliance with this regulation will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

§ 926.308 Tokay Grape Regulation 7.

(a) *Order.* During the period August 25, 1971, through December 31, 1971, no handler shall ship any Tokay grapes, grown in the production area, which do not meet the following requirements:

(1) Such grapes shall meet the size and grade specifications of U.S. No. 1 Table Grapes including a requirement that each bunch shall have not less than 65 percent, by count, of berries showing characteristic color;

(2) Of the 25 percent, by count, of the berries of each bunch of such grapes which are attached to the lower part of the main stem, including laterals, at least 30 percent, by count, shall show characteristic color; and

(3) Any container of such grapes shall bear, in plain letters and figures on one outside end, a Federal-State Inspection Service lot stamp number showing that the grapes have been inspected in accordance with the established grade set forth in this section.

(b) *Definitions.* As used herein, the terms "handler," "ship," and "production area" shall have the same meaning as when used in the amended marketing agreement and order; "U.S. No. 1 Table Grapes" and "characteristic color" shall have the same meaning as when used in the U.S. Standards for Table Grapes (§§ 51.880–51.912 of this title; 36 F.R. 9125).

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: August 19, 1971.

PAUL A. NICHOLSON,
Acting Director, Fruit and Vegetable Divison, Consumer and Marketing Service.

[FR Doc.71-12356 Filed 8-23-71;8:51 am]

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[Amdt. 3]

PART 1446—PEANUTS

Subpart—General Regulations Governing 1967 and Subsequent Crop Peanut Warehouse Storage Loans and Sheller Purchases

MISCELLANEOUS AMENDMENTS

It is impracticable to give notice of the proposed rule making with respect to this amendment because 1971-crop peanuts are being moved to market and it is essential that necessary changes in the regulations governing price support through warehouse storage loans and sheller purchases be put into effect with respect to such peanuts at the earliest possible time. Therefore, this amendment is being issued without following such proposed rule making procedure and shall be effective upon publication in the FEDERAL REGISTER.

The General Regulations issued by Commodity Credit Corporation, published in 32 F.R. 9950, as amended, 33 F.R. 10503, 34 F.R. 1564, which contain the terms and conditions governing 1967 and subsequent crop peanut warehouse storage loans and sheller purchases, are hereby further amended for 1971 and subsequent crops as follows:

1. In § 1446.3 paragraph (g) is amended by defining "final acreage" as the term used for picked and threshed peanut acreage determined in accordance with the marketing quota regulations; paragraph (j) is amended by adding a sentence which will limit the quantity of farmers stock peanuts covered by one inspection certificate to not more than the contents of two vehicles; and a definition of compliance regulations is added as paragraph (v). Paragraphs (g), (j) and (v) of § 1446.3 read as follows:

§ 1446.3 Definitions.

* * * * *

(g) *Final acreage.* The final acreage of peanuts on a farm for the applicable crop, determined in accordance with the marketing quota regulations which, in general, define such acreage as the total acreage of peanuts on the farm which is picked or threshed.

* * * * *

(j) *Lot.* That quantity of farmers stock or shelled peanuts for which one Form MQ–94 or other inspection certificate is issued. In the case of farmers, stock peanuts delivered to the association for a price support advance, a lot shall consist of not more than the contents of two vehicles.

* * * * *

(v) *Compliance regulations.* The Regulations Governing Acreage and Compliance Determinations for Farm Marketing Quotas, Acreage Allotments, and Related ASCS Programs, as amended, issued by the Administrator, ASCS, and effective for the applicable crop, part 718 of this title.

2. Section 1446.6 is amended by deleting references to Form MQ–92, which is no longer in use, and incorporating by reference compliance determinations and eligibility requirements covered in Regulations Governing Acreage and Compliance Determinations for Farm Marketing Quotas, Acreage Allotments, and Related ASCS Programs and, as amended, reads as follows:

§ 1446.6 Eligible producer.

(a) *Requirements.* An eligible producer is an individual, partnership, association, corporation, estate, trust, or other legal entity, and whenever applicable, a State, political subdivision of a State or any agency thereof, producing peanuts as a landowner, landlord, tenant, or sharecropper on a farm on which it is determined (1) that the final acreage does not exceed the effective farm allotment, or (2) if the final acreage exceeds the effective farm allotment, that the producer did not knowingly exceed such allotment. Determinations under

subparagraphs (1) and (2) of this paragraph shall be made pursuant to the marketing quota regulations and the compliance regulations.

(b) *Estates and trusts.* A receiver of an insolvent debtor's estate, an executor or an administrator of a deceased person's estate, a guardian of an estate or of a ward or incompetent person, and trustees of a trust estate shall be considered to represent the insolvent debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively, and the production of the receiver, executor, administrator, guardian or trustees shall be considered to be the production of the person he represents. Loan documents executed by any such person shall be accepted by CCC only if they are legaliy valid and such person has the authority to sign the applicable documents.

(c) *Eligibility of minors.* A minor who is otherwise an eligible producer shall be eligible for price support only if he meets one of the following requirements: (1) The right of majority has been conferred on him by court proceedings or by statute; (2) a guardian has been appointed to manage his property and the applicable price support documents are signed by the guardian; or (3) a bond is furnished under which a surety guarantees to protect CCC from any loss incurred for which the minor would be liable had he been an adult.

3. Section 1446.12 is amended by adding a provision that will permit an eligible sheller to sell to CCC peanuts which have been unsuccessfully remilled to remove aflatoxin, as certified by the PAC Committee and, as amended, reads as follows:

§ 1446.12 Peanuts excluded from purchases.

CCC will not purchase from a sheller (a) any loose shelled kernels, sheller oil-stock or pickouts which the sheller is obligated under the marketing agreement to identify separately and to dispose of in accordance with limitations imposed in the marketing agreement, (b) any peanuts which are eligible for indemnification, or which would be eligible for indemnification if sold commercially, under any peanut marketing agreement approved by the Secretary of Agriculture, unless such peanuts have been remilled, as directed by the Peanut Administrative Committee, and such remilling was unsuccessful in reducing the aflatoxin content to acceptabie levels specified under the marketing agreement, as determined by such committee, (c) any shelled peanuts which have been blanched (for the purpose of this section, blanched peanuts are whole peanut kernels with 50 percent or more of their skins removed), or (d) a quantity of peanuts (farmers stock equivalent as determined by CCC) of any crop which exceeds 90 percent of the quantity of Segregation 1 farmers stock peanuts of that crop purchased by the sheller for which producers received not less than their price support value, exclusive of any farmers stock peanuts purchased from CCC or an association for the restricted uses of crushing or export.

(Secs. 4 and 5, 62 Stat. 1070, as amended; 15 U.S.C. 714 b and c. Interpret or apply secs. 101, 401, 63 Stat. 1051, as amended 7 U.S.C. 1441, 1421, 1441)

Effective date: Upon publication in the FEDERAL REGISTER (8–21–71).

Signed at Washington, D.C., on August 18, 1971.

KENNETH E. FRICK,
Executive Vice President,
Commodity Credit Corporation.

Chapter XVIII—Farmers Home Administration, Department of Agriculture

SUBCHAPTER G—MISCELLANEOUS REGULATIONS

[Administration Letter 69(440)]

PART 1890r—NATIONAL HISTORIC PRESERVATION ACT OF 1966

New Part 1890r, Administration directive supplementing certain preceding parts of this chapter is added to Chapter XVIII, Title 7, Code of Federal Regulations, to read as follows:

Sec.
1890r. 1 Purpose.
1890r. 2 Scope.
1890r. 3 Responsibilities of the State Director.

AUTHORITY: The provisions of this Part 1890r issued under 80 Stat. 379, 5 U.S.C. 301; Orders of the Secretary of Agriculture, 29 F.R. 16210, 32 F.R. 6650.

§ 1890r.1 Purpose.

This part supplements Parts 1831; 1823; Subparts A, B, D, E, H, I, J, K, and L; 1822, subparts A, B, C, D, E, F, and G; 1832, subparts A and B; 1833, subparts A and B; and 1821, subparts A, B, and C, of this chapter, and establishes the policies and procedures to be followed by the Farmers Home Administration (FHA) to comply with the provisions of the National Historic Preservation Act of 1966 (Public Law 89–665).

§ 1890r.2 Scope.

This part is applicable to any undertaking or project (hereafter called project) financed in whole or in part by FHA loans or grants, and is intended to protect all objects or areas of historical importance. These objects or areas are listed in the National Register.

§1890r.3 Responsibilities of the State Director.

The State Director will be responsible for:

(a) Contacting the State Liaison Officer of the Advisory Council on Historical Preservation designated under the provisions of the Act to obtain a list of all facilities included in the National Register in his area of jurisdiction. Such list will be maintained in State and county offices. A list of the State liaison officers is available in all FHA offices, including the National Office, 14th and Independence Avenue SW., Washington, DC 20250. The State Director will maintain the necessary contacts to insure that the list of facilities is maintained in a current status.

(b) Issuing guidelines to insure that each project will be considered from the standpoint of any effect that it may have on any district, site, building, structure, or object that is included in the National Register. If a Watershed Protection, Flood Prevention, or Resource Conservation and Development project is involved, clearance should have been obtained by the Soil Conservation Service. The State Director will contact the State Soil Conservationist and determine if the project was cleared. If it was not cleared, the State Director will clear it with the State Liaison Officer, and include any comments in the docket.

(c) Developing procedures to provide for review and comments by the State Liaison Officer for each project that will affect an object or area listed in the National Register prior to the approval of the loan or grant.

(d) Considering comments of the State Liaison Officer as the project is developed. In the event that comments and recommendations of the State Liaison Officer cannot be incorporated into the project plans and compliance cannot be resolved on the State level, a complete report will be forwarded to the National Office for review and coordination with the National representatives of the Department of the Interior.

Dated: August 17, 1971.

JOSEPH HASPRAY,
Deputy Administrator,
Farmers Home Administration.

[FR Doc.71–12355 Filed 8–23–71;8:51 am]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 6448; Amdt. 39–1263]

PART 39—AIRWORTHINESS DIRECTIVES

Certain Beech Airplanes

Beech AT–11, C18S, D18S, E18S, and C–45 Series Airplanes modified per Airline Training, Inc.; STCs SA4–113, SA4–119, SA4–128, SA2–280, SA2–383, SA2–523, SA2–820, SA2–1016, and SA2–1246.

Amendment 39–26, AD 65–3–1 requires the application of a mixture of MIL–G–25760 or MIL–G–7118 grease with methyl ethyl ketone or aliphatic naphtha (Varsol) to the stabilizer-to-elevator gap seal strip piano-type hinges. The Military specification greases specified in the AD have been superseded and are not available. MIL–G–81322 replaces MIL–G–25760 and MIL–G–23827 replaces MIL–G–7118. Preferable to the use of the grease mixture would be the direct application of an oil complying with Federal Specification VV–L–880 "Lubricating Oil, General Purpose; Preservative, Water Displacing, Low Temperature," which would not require mixing. Use of either the replacement greases, properly mixed, or the direct application of the oil is acceptable.

Since this amendment provides alternate and additional materials for performing the required lubrication and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39–26 AD 65–3–1 is amended as follows:

Strike paragraph (a) and replace with the following:

(a) Apply a good coverage of Federal Specification VV–L–800 oil to the top and bottom sides of both upper and lower stabilizer-to-elevator gap seal strip piano-type hinges. An acceptable alternate lubricant is a mixture of MIL–G–81322 (MIL–G–25760) or MIL–G–23827 (MIL–G–7118) grease and methyl ethyl ketone or aliphatic naphtha (Varsol), to a consistency suitable for application with a squirt-type oil can or an equivalent material approved by Engineering and Manufacturing Branch, FAA Southern Region.

This amendment becomes effective upon publication in the FEDERAL REGISTER (8–24–71).

(Sec. 601(a), Federal Aviation Act of 1958, 49 U.S.C. 1421(a); sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in East Point, Ga., on August 11, 1971.

JAMES G. ROGERS,
Director, Southern Region.

[FR Doc.71–12307 Filed 8–23–71;8:46 am]

[Docket No. 70–EA–122; Amdt. 39–1274]

PART 39—AIRWORTHINESS DIRECTIVES

McCauley Aircraft Propellers

The Federal Aviation Administration is amending § 39.13 of Part 39 of the Federal Aviation Regulations so as to issue an airworthiness directive applicable to McCauley type aircraft propellers.

There have been reports that the subject propellers have experienced separation of the counterweight assembly due to fatigue type fractures of the clamps and attach bolts which in certain cases have resulted in considerable damage to the propeller blade, spinner and aircraft coupled with severe vibration and some loss of propeller control. Since this deficiency can exist or develop in propellers of similar type design, an airworthiness directive is being issued which will require alteration of the counterweight assembly.

Expeditious adoption of this amendment is required because of the effect on air safety and therefore notice and public procedure are impractical and the rule may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator, 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

MCCAULEY. Applies to Model 2AF34C55, 2AF34C55–A, B, C, D, E, F, G, HM, J, JM, K, KM, L, LM, M, and N propellers.

Compliance required as indicated, unless already accomplished.

To prevent propeller counterweight assembly failures accomplish the following:

(a) Propellers with 750 hours or more time in service as of the effective date of this airworthiness directive must be modified in accordance with paragraph (C) within the next 100 hours' time in service.

(b) Propellers with less than 750 hours in service as of the effective date of this airworthiness directive must be modified in accordance with paragraph (c) prior to the accumulation of 850 hours in service.

(c) Modify propeller counterweight assembly in accordance with McCauley Service Bulletins Nos. 93 dated April 21, 1971, and 93–1 dated June 30, 1971, or later FAA-approved revision or an equivalent method approved by the Chief, Engineering and Manufacturing Branch, Eastern Region.

NOTE: McCauley Service Bulletin 93–2 lists serial numbers of 2AF34C55N propeller hub assemblies which were in compliance with this airworthiness directive when shipped from the manufacturer.

This amendment is effective August 31, 1971.

(Sec. 313(a), 601, 603, Federal Aviation Act of 1958, 49 U.S.C. 1354(a), 1421, 1423; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 17, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.71–12312 Filed 8–23–71;8:46 am]

[Airspace Docket No. 71–EA–60]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On page 11942 of the FEDERAL REGISTER for June 23, 1971, the Federal Aviation Administration published a proposed rule so as to alter the Boston, Mass., transition area (36 F.R. 2157).

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t. October 14, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 6, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Boston, Mass., 700-foot-floor transition area by inserting after the phrase, "from 700 feet above the surface bounded by a line beginning at: Latitude 42°53'00'' N., longitude 71°05'-00'' W.", the following: "to latitude 42°-52'00'' N., longitude 71°02'45'' W. to latitude 42°54'00'' N., longitude 71°00'-15'' W. to latitude 42°49'45'' N., longitude 70°54'00'' W. to latitude 42°48'15'' N., longitude 70°55'30'' W."

[FR Doc.71–12311 Filed 8–23–71;8:46 am]

[Airspace Docket No. 71–EA–36]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Control Zone and Transition Area

On page 9665 of the FEDERAL REGISTER for May 27, 1971, the Federal Aviation Administration published a proposed rule so as to alter the Windsor Locks, Conn., control zone (36 F.R. 2138) and Hartford, Conn., transition area (36 F.R. 2200).

Interested parties were given 30 days after publication in which to submit written data or views. One objection was received from a Mr. Stamford Robertson representing Robertson Field, which is located under the requlred additional transition air space. Mr. Robertson suggested that the transition area should be at 1,200 feet because of nearby obstructions. However, the criteria for instrument approaches requires that a 700-foot transition area be established so as to contain all instrument approaches under 1,500 feet above the ground.

In view of the foregoing, the proposed regulations are hereby adopted, effective 0901 G.m.t., October 14, 1971.

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S. 1655(c))

Issued in Jamaica, N.Y., on August 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Windsor Locks, Conn., control zone as follows:

Delete all before: "southwest of the OM", and insert the following in lieu thereof: "Within a 5-mile radius of the center 41°56'19'' N., 72°41'00'' W., of Bradley International Airport, Windsor Locks, Conn.; within 3.5 miles each side of the Bradley International Airport ILS localizer southwest course, extending from the 5-mile-radius zone to 11.5 miles."

2. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Hartford, Conn., 700-foot floor transition area as follows:

Delete all before: "southwest of the OM", and insert the following in lieu thereof: "That airspace extending upward from 700 feet above the surface within an 11.5-mile radius of the center 41°56'19" N., 72°41'00" W. of Bradley International Airport, Windsor Locks, Conn.; within 4.5 miles northwest and 9.5 miles southeast of the Bradley International Airport ILS localizer southwest course, extending from the 11.5-mile-radius area to 18.5 miles."

[FR Doc.71-12308 Filed 8-23-71;8:46 am]

[Airspace Docket No. 71-EA-48]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

On page 11669 of the FEDERAL REGISTER for June 17, 1971, the Federal Aviation Administration published a proposed rule so as to designate an Oxford, Conn., transition area.

Interested parties were given 30 days after publication in which to submit written data or views. No objections to the proposed regulations have been received. There will be need to correct a technical error in the description, which however was not reflected in the chart of the proposal.

In view of the foregoing, the proposed regulation is hereby adopted, effective 0901 G.m.t., October 14, 1971 except as follows: Insert after the words "radius area to" the words "10 miles north of".

(Sec. 307(a), Federal Aviation Act of 1958, 72 Stat. 749; 49 U.S.C. 1348; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c))

Issued in Jamaica, N.Y., on August 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to designate the Oxford, Conn., 700-foot-floor transition area as follows:

OXFORD, CONN.

That airspace extending upward from 700 feet above the surface within a 7-mile-radius area of the center of 41°28'45" N., 73°08'10" W. of Waterbury-Oxford Airport, Oxford, Conn., and within 4 miles each side of the Oxford, Conn., RBN (41°31'45" N., 73°08'36" W.) 354° bearing extending from the 7-mile-radius area to 10 miles north of the RBN.

[FR Doc.71-12310 Filed 8-23-71;8:46 am]

[Airspace Docket No. 71-SW-44]

PART 73—SPECIAL USE AIRSPACE

Alteration of Restricted Area

The purpose of this amendment to Part 73 of the Federal Aviation Regulations is to reduce the designated altitude of the Camp Claiborne, La., Restricted Area R-3801.

The Department of the Air Force has requested that the maximum altitude of R-3801 be reduced from "18,000 feet MSL" to "14,000 feet MSL." Such action is taken herein.

Since this amendment restores airspace to the public use and relieves a restriction, notice and public procedure thereon are unnecessary, and good cause exists for making this amendment effective on less than 30-day notice.

In consideration of the foregoing, Part 73 of the Federal Aviation Regulations is amended, effective upon publication in the FEDERAL REGISTER (8-24-71), as hereinafter set forth.

Section 73.38 (36 F.R. 2343) is amended as follows:

In the "Designated altitudes" of R-3801 Camp Claiborne, La., "to 18,000 feet MSL." is deleted and "to 14,000 feet MSL." is substituted therefor.

(Sec. 307(a), Federal Aviation Act of 1958, 49 U.S.C. 1348(a); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in Washington, D.C., on August 17, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

[FR Doc. 71-12309 Filed 8-23-71;8:46 am]

[Docket No. 9974; Amdt. 93-22]

PART 93—SPECIAL AIR TRAFFIC RULES AND AIRPORT TRAFFIC PATTERNS

High Density Traffic Airports

The purpose of this amendment of Part 93 of the Federal Aviation Regulations is to extend for one year the special air traffic rule for High Density Traffic Airports which would otherwise expire on October 25, 1971, and to partially suspend the allocation and reservation requirements for operation into and out of Kennedy International Airport, New York, N.Y., and O'Hare International Airport, Chicago, Ill. The amendment is based on Notice No. 71-15 published in the FEDERAL REGISTER on May 18, 1971 (36 F.R. 9029).

Many comments were received in response to the proposal contained in Notice No. 71-15, and the proposal has been changed in the light of the comments received.

The general aviation sector including the business aircraft segment is basically opposed to any extension of the rule. The comments from this sector were to the effect that the conditions which led to the issuance of the rule no longer exist; that the rule denies equal access to the use of the airports system; that the rule discriminates against general aviation; that the reservation requirement militates against necessary flexibility in corporate aircraft operations. These same objections have been considered before and were answered at the time the rule was issued and when it was later amended. The FAA reiterates the position taken at the time the rule was originally issued. The rule does grant a greater priority to certificated air carriers who provide common carriage service. This accords with the policy of recognizing the national interest in maintaining a public mass air transportation system. It is even more true today than it was 2 years ago that for the traveler there is frequently no feasible alternative mode of travel to air travel. So long as capacity is adequate to meet the demands of all airspace users without unreasonable delay or inconvenience, "first come-first served" remains the fundamental policy, however, when capacity limitations compel a choice, the public service offered by the common carrier must be preferred. These capacity limitations, carefully examined and reviewed, indicate the necessity for extension of the rule in the interest of the efficient use of the airspace, albeit with some relaxation of the reservation and allocation requirements. It should be noted that the Administrator retains the authority to suspend the quotas at a particular high density traffic airport or to restore those provisions in order to alleviate an inefficient airspace utilization.

Two governmental bodies involved with the operation of Kennedy International Airport and La Guardia Airport support the proposal to extend the rule but oppose the suspension of the quota system at Kennedy International Airport. Two organizations which represent the air carriers also support the proposal to extend the rule but oppose complete suspension of the quota system at Kennedy and O'Hare International Airports. They argue that quotas at these airports are currently close to full during prime hours and that if restraints are discontinued, peak period traffic would quickly increase. They discount the voluntary maintenance of scheduling committees as an effective device to control the level of traffic, pointing out that the self-discipline envisioned by the proposal is highly doubtful when many carriers would be free to ignore collective scheduling and rearrange flight schedules unilaterally. They believe that should the scheduling machinery become ineffective, the FAA could not react quickly enough to a congestion crisis. The air carrier organizations suggested, however, that quotas need only be kept in force at Kennedy International Airport and O'Hare International Airport during peak traffic periods, and could be suspended at other times.

Two air carriers, commenting individually, supported the proposal, as stated in the notice, provided there were no qualifying conditions.

The FAA has carefully considered these comments and has again reviewed the traffic figures for all high density traffic airports. The FAA concludes that the high utilization of quotas at La Guardia and National Airports during all hours indicates a continuing need for maintaining the status quo at these airports. It further concludes that the high utilization of quotas during the afternoon-evening peak period at the Kennedy and O'Hare International Airports require continuation of the quota system during the hours 3 p.m. to 8 p.m.

to preclude further buildup of traffic during the heavy peak period, but that the system may be suspended during the remaining hours of the day with no adverse impact upon the efficient utilization of the airspace. Since traffic volume is expected to continue at or near its present level for the near future, the high density traffic airports rule should be extended for another year as proposed.

Interested persons have been afforded an opportunity to participate in the making of this amendment. Due consideration has been given to all matter presented. In other respects, for the reasons stated in the preamble to the notice, the amendment is adopted as prescribed herein.

In consideration of the foregoing, Part 93 of the Federal Aviation Regulations is amended effective October 25, 1971, as follows:

1. Section 93.131 is amended to read as follows:

§ 93.131 Termination date.

The provisions of §§ 93.121-93.131 and 93.133 terminate October 25, 1972.

2. Section 93.133 is amended to read as follows:

§ 93.133 Exceptions.

Except as provided in § 93.130, the provisions of §§ 93.123 and 93.125 (a) and (b) do not apply to—

(a) The Newark Airport, Newark, N.J.; and

(b) The Kennedy International Airport, New York, N.Y., and the O'Hare International Airport, Chicago, Ill., except during the hours from 3 p.m. to 7:59 p.m., local time.

(Secs. 103, 307, 313(a), 601, Federal Aviation Act of 1958, 49 U.S.C. 1303, 1348, 1354(a), 1421; sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c); § 1.4(b), Part 1, Regulations of the Office of the Secretary, 49 CFR 1.4(b))

Issued in Washington, D.C., on August 18, 1971.

J. H. SHAFFER,
Administrator.

[FR Doc.71-12306 Filed 8-23-71;8:46 am]

[Docket No. 11327; Amdt. No. 770]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

This amendment to Part 97 of the Federal Aviation Regulations incorporates by reference therein changes and additions to the Standard Instrument Approach Procedures (SIAPs) that were recently adopted by the Administrator to promote safety at the airports concerned.

The complete SIAPs for the changes and additions covered by this amendment are described in FAA Forms 3139, 8260-3, 8260-4, or 8260-5 and made a part of the public rule making dockets of the FAA in accordance with the procedures set forth in Amendment No. 97-696 (35 F.R. 5609).

SIAP's are available for examination at the Rules Docket and at the National Flight Data Center, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20590. Copies of SIAP's adopted in a particular region are also available for examination at the headquarters of that region. Individual copies of SIAP's may be purchased from the FAA Public Document Inspection Facility, HQ-405, 800 Independence Avenue SW., Washington, DC 20590, or from the applicable FAA regional office in accordance with the fee schedule prescribed in 49 CFR 7.85. This fee is payable in advance and may be paid by check, draft or postal money order payable to the Treasurer of the United States. A weekly transmittal of all SIAP changes and additions may be obtained by subscription at an annual rate of $125 per annum from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Since a situation exists that requires immediate adoption of this amendment, I find that further notice and public procedure hereon is impracticable and good cause exists for making it effective in less than 30 days.

In consideration of the foregoing, Part 97 of the Federal Aviation Regulations is amended as follows, effective on the dates specified:

1. Section 97.11 is amended by establishing, revising or canceling the following L/MF-ADF(NDB)-VOR SIAP's, effective September 16, 1971:

Burbank, Calif.—Hollywood-Burbank Airport; NDB (ADF)-1, Amdt. 4; Conceled.
Los Angeles, Calif.—Van Nuys Airport; ADF-1, Original; Canceled.
Burbank, Calif.—Hollywood-Burbank Airport; VOR-1, Amdt. 2; Conceled.
Massena, N.Y.—Richards Field; VOR-1, Amdt. 7; Canceled.

2. Section 97.13 is amended by establishing, revising or conceling the following Ter VOR SIAP's effective September 16, 1971:

Los Angeles, Calif.—Van Nuys Airport; Ter VOR-R-255, Original; Canceled.

3. Section 97.15 is amended by establishing, revising, or canceling the following VOR/DME SIAP's, effective September 16, 1971:

Albuquerque, N. Mex.—Albuquerque Sunport/Kirtland AFB; VOR/DME No. 1, Amdt. 3; Canceled.
Massena, N.Y.—Richards Field; VOR/DME No. 1, Original; Canceled.
Massena, N.Y.—Richards Field; VOR/DME No. 2, Amdt. 1; Canceled.
Santa Fe, N. Mex.—Santa Fe County Municipal Airport; VOR/DME No. 1, Original; Canceled.

4. Section 97.17 is amended by establishing, revising, or canceling the following ILS SIAP's, effective September 16, 1971:

Los Angeles, Calif—Van Nuys Airport; ILS-8, Amdt. 3; Canceled.

5. Section 97.23 is amended by establishing, revising, or canceling the following VOR-VOR/DME SIAP's, effective August 19, 1971:

Iron Mountain, Mich.—Ford Airport; VOR Runway 1, Amdt. 4; Revised.
Iron Mountain, Mich.—Ford Airport; VOR Runway 19, Original; Established.
Iron Mountain, Mich.—Ford Airport; VOR Runway 31, Amdt. 6; Revised.

6. Section 97.23 is amended by establishing, revising, or canceling the following VOR-VOR/DME SIAP's, effective September 16, 1971:

Albuquerque, N. Mex.—Albuquerque Sunport Airport; VOR Runway 8, Amdt. 13; Revised.
Barnesville, Ohio—Barnesville-Bradfield Airport; VOR Runway 27, Amdt. 3; Revised.
Burbank, Calif.—Hollywood-Burbank Airport; VOR Runway 7, Original; Established.

Title 31—MONEY AND FINANCE: TREASURY

Chapter II—Fiscal Service, Department of the Treasury

SUBCHAPTER A—BUREAU OF ACCOUNTS

PART 257—PAYMENT ON ACCOUNT OF DEPOSITS IN THE POSTAL SAVINGS SYSTEM

Applications by States; Revocation

Public Law 92-117, enacted August 13, 1971, provides for the pro rata distribution by the Secretary of the Treasury among the States and four other jurisdictions of deposit, in five annual payments, of available amounts of unclaimed Postal Savings System accounts remaining from deposits in the post offices of the States and other jurisdictions. The distribution authorized by this statute is inconsistent with payment of unclaimed Postal Savings System accounts to the States on the basis of State court judgments of escheat obtained on records of those accounts provided by the Treasury Department. Consequently, the Treasury Department finds it necessary and proper to revoke its regulations set forth in § 257.3 of Title 31 of the Code of Federal Regulations which provided for the recognition and payment of the claims of States on the basis of such State court judgments. Furthermore, since this revocation is legally necessary, notice and public procedure respecting this action are not appropriate or needed.

Accordingly, § 257.3 is hereby revoked.

Dated: August 18, 1971.

[SEAL] S. S. SOKOL,
Deputy Fiscal Assistant Secretary.

Title 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of Transportation

SUBCHAPTER A—GENERAL

[CGFR 71-85]

PART 3—COAST GUARD AREAS, DISTRICTS, MARINE INSPECTION ZONES, AND CAPTAIN OF THE PORT AREAS

Ninth Coast Guard District

This amendment revises the boundaries of the Ninth Coast Guard District and reorganizes the Marine Inspection Zones and Captain of the Port areas within the Ninth Coast Guard District.

The reorganization of the Ninth Coast Guard District's Marine Inspection Zones and Captain of the Port Areas includes adding the Oswego Marine Inspection Zone to the Buffalo Marine Inspection Zone and adding the Ludington and Milwaukee Marine Inspection Zones to the Chicago Marine Inspection Zone. The present Ludington, Milwaukee, and Oswego Marine Inspection Offices are designated Marine Inspection Detachments. The changes affecting the Marine Inspection Offices will be effective on the date of publication of this document in the FEDERAL REGISTER. It is expected that the inspected cargo vessels going into summer operation will have been certificated before that date. The Coast Guard has established internal procedures to minimize any inconvenience to the public during the period that the changes are being made.

The Ludington Captain of the Port Office is moved to Muskegon, Mich., and the Captain of the Port Area is redesignated the Muskegon Captain of the Port Area. The area formerly called the Oswego Captain of the Port Area is added to the Buffalo Captain of the Port Area and the Oswego Captain of the Port Office is closed. Changes affecting the Captain of the Port areas will be effective on the date of publication of this document in the FEDERAL REGISTER.

There is a minor change in the boundary of the Third Coast Guard District and the Ninth Coast Guard District which places the entire Alleghany River Reservoir in Pennsylvania, in the Ninth Coast Guard District. In addition, there are minor boundary changes in the marine inspection zones and captain of the port areas in the Great Lakes area.

Since this is a matter relating to agency management, it is exempted from notice of proposed rule making and public notice and procedure thereon by 5 U.S.C. 553 and the amendments may be made effective in less than 30 days after publication in the FEDERAL REGISTER.

Accordingly, Part 3 is amended as follows:

1. Section 3.15-1(b) is revised to read as follows:

§ 3.15-1 Third District.

* * * * *

(b) The Third Coast Guard District is comprised of the counties of Orleans, Franklin, Grand Isle, Chittenden, Addison, and Rutland in Vermont; Connecticut, but not including the waters of Beach Pond in New London County; Watch Hill Station in Rhode Island; that portion of Massachusetts containing the waters of Congamond Lakes in Hampden County; New York, except that part north of latitude 42° N. and west of longitude 74°39′ W.; New Jersey; that part of Pennsylvania north of latitude 41° N. and east of longitude 78°55′ W. and south of latitude 41° N. and east of longitude 79° W.; Delaware, including Fenwick Island Light, but not including that part of Delaware that contains the reaches of the Nanticoke River and the Chesapeake and Delaware Canal; the ocean area encompassed by a line bearing 112° T. from Montauk Point Light to the southernmost point of the First Coast Guard District (39°00′ N.; 65°05′ W.); thence along a line bearing 219° T. to the intersection with the ocean boundary between the Third and Fifth Coast Guard Districts, which is defined as a line extending 122° T. from the coastal end of the Third and Fifth Coast Guard District land boundary; thence along this line to the coast.

2. Section 3.15-15(b) is revised to read as follows:

§ 3.15-15 Albany Marine Inspection Zone.

* * * * *

(b) The Albany Marine Inspection Zone boundary starts at the junction of the Massachusetts, Connecticut, and New York State lines; thence in a southerly direction along the New York-Connecticut State line to 41°34′ N. latitude; thence due west to the east bank of the Delaware River (Tusten, N.Y.); thence in a northwesterly direction along the east bank of the Delaware River to 42° N. latitude; thence due east to 74°39′ W. longitude; thence due north to the Canadian border; thence east along the Canadian border to the northeast corner of the Orleans County line in Vermont; thence following the eastern and southern boundaries of Orleans, Franklin, Chittenden, Addison, and Rutland County lines to the Vermont-New York State line; thence south along the Vermont-New York State line to the junction of the Massachusetts, Connecticut, and New York State lines.

3. Sections 3.45-30, 3.45-35, 3.45-40, 3.45-45, and 3.45-90 are revoked and §§ 3.45-1(b), 3.45-5(b), 3.45-10, 3.45-15, 3.45-20, 3.45-25(b), 3.45-45(b), 345-50 (b), 3.45-55(b), 3.45-60(b), 3.45-65(b), 3.45-70(b), 3.45-75(b), 3.45-80, 3.45-85, 345-95(b), 3.45-97(b) are revised to read as follows:

§ 3.45-1 Ninth District.

* * * * *

(b) The Ninth Coast Guard District comprise Michigan, New York north of latitude 42° N. and west of longitude 74°-39′ W.; Pennsylvania north of latitude 41° and west of longitude 78°55′ W.; that part of Ohio and Indiana north of latitude 41° N.; that part of Illinois north of latitude 41° N. and east of longitude 90° W.; Wisconsin, except that part south of latitude 46°20′ N. and west of longitude 90° W.; and that part of Minnesota north of latitude 46°20′ N.

§ 3.45-5 Cleveland Marine Inspection Zone.

* * * * *

(b) The Cleveland Marine Inspection Zone is that part of Ohio north of latitude 41° N., east of longitude 82°25′ W. and west of longitude 81° W.

(c) Notwithstanding paragraph (b) of this section and § 3.10-50(b), factory inspections at the towns of Alliance and Sebring, Ohio, are conducted by marine inspectors from the office of the Officer-in-Charge, Marine Inspection, at Cleveland, Ohio, rather than from the office of the Officer-in-Charge, Marine Inspection, Pittsburgh, Pa.

§ 3.45-10 Buffalo Marine Inspection Zone.

(a) The Buffalo Marine Inspection Office is in Buffalo, New York, with Marine Inspection Detachments in Alexandria Bay, New York; Oswego, New York; and Erie, Pennsylvania.

(b) The Buffalo marine inspection zone includes that part of New York north of latitude 42° N. and west of

longitude 74°39′ W.; that part of Pennsylvania north of latitude 41° N. and west of longitude 78°55′ W.; and that part of Ohio north of latitude 41° N. and east of longitude 81° W.

§ 3.45–15 Chicago Marine Inspection Zone.

(a) The Chicago Marine Inspection Office is in Chicago, Illinois with Marine Inspection Detachments in Ludington, Mich.; South Chicago, Illinois; Milwaukee, Wisconsin; and Sturgeon Bay, Wisconsin.

(b) The Chicago marine inspection zone includes those parts of Wisconsin, Michigan, Ohio, Indiana, and Illinois within the following boundaries: Starting at latitude 46°20′ N., longitude 90° W.; thence due east to longitude 88°30′ W.; thence due south to latitude 45°27′ N.; thence due east to longitude 86°40′ W.; thence due south to latitude 44°43′ N.; thence due east to longitude 84°30′ W.; thence due south to latitude 41° N.; thence due west to longitude 90° W.; thence due north to latitude 46°20′ N.

§ 3.45–20 Detroit Marine Inspection Zone.

(a) The Detroit Marine Inspection Office is in Detroit, Mich., with a Marine Inspection Detachment in Bay City, Mich.

(b) The Detroit marine inspection zone is that part of Michigan north of latitude 42° N., south of latitude 44°43′ N. and east of longitude 84°30′ W.

§ 3.45–25 Duluth Marine Inspection Zone.

* * * * *

(b) The Duluth marine inspection zone includes those parts of Michigan, Minnesota, and Wisconsin north and west of the following boundaries: From the international boundary at longitude 86°40′ W.; thence southwesterly to latitude 46°20′ N., longitude 88° 30′ W.; thence due west to the North Dakota State line.

§ 3.45–30 Ludington Marine Inspection Zone. [Revoked]

§ 3.45–35 Milwaukee Marine Inspection Zone. [Revoked]

§ 3.45–40 Oswego Marine Inspection Zone. [Revoked]

§ 3.45–45 St. Ignace Marine Inspection Zone.

* * * * *

(b) The St. Ignace marine inspection zone includes those parts of Michigan and Wisconsin within the following boundaries: Starting on the international boundary in Lake Huron at latitude 44°43′ N.; thence due west to longitude 86°40′ W.; thence due north to latitude 45°27′ N.; thence due west to longitude 88°30′ W.; thence due north to latitude 46°20′ N.; thence northeasterly to the international boundary at longitude 86°40′ W.

§ 3.45–50 Toledo Marine Inspection Zone.

* * * * *

(b) The Toledo marine inspection zone includes that part of Ohio north of latitude 41° N., west of longitude 82°25′ W. and east of longitude 84°30′ W.; and that part of Michigan east of longitude 84°30′ W. and south of latitude 42° N.

§ 3.45–55 Buffalo Captain of the Port.

* * * * *

(b) The Buffalo Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From the international boundary in Lake Erie at longitude 81° W.; thence due south to latitude 41° N.; thence due east to longitude 78°55′ W.; thence due north to latitude 42° N.; thence due east to longitude 74°39′ W.; thence due north to the international boundary; thence southwesterly along the international boundary to the starting point.

§ 3.45–60 Chicago Captain of the Port.

* * * * *

(b) The Chicago Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From the Illinois-Wisconsin State line at longitude 90° W.; thence due east to longitude 87° W.; thence due south to latitude 41° N.; thence due west to longitude 90° W.; thence due north to the starting point.

§ 3.45–65 Cleveland Captain of the Port.

* * * * *

(b) The Cleveland Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From the international boundary in Lake Erie at longitude 82°25′ W.; thence due south to latitude 41° N.; thence due east to longitude 81° W.; thence due north to the international boundary; thence southwesterly along the international boundary to the starting point.

§ 3.45–70 Detroit Captain of the Port.

* * * * *

(b) The Detroit Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From latitude 42° N., longitude 84°30′ W.; thence due east to the international boundary; thence northerly along the international boundary to latitude 44°43′ N.; thence due west to longitude 84°30′ W.; thence due south to the starting point.

§ 3.45–75 Duluth Captain of the Port.

* * * * *

(b) The Duluth Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From a point where the Minnesota-North Dakota State line meets the international boundary; thence southerly along the Minnesota-North Dakota State line to latitude 46°20′ N.; thence due east to longitude 88°30′ W.; thence northeasterly to the international boundary at latitude 86°40′ W.; thence westerly along the international boundary to the starting point.

§ 3.45–80 Muskegon Captain of the Port.

(a) The Muskegon Captain of the Port Office is in Muskegon, Mich.

(b) The Muskegon Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From latitude 41° N., longitude 37° W.; thence due east to longitude 84°30′ W.; thence due north to latitude 44°43′ N.; thence due west to longitude 86°40′ W.; thence southwesterly to latitude 44°15′ N., longitude 87° W.; thence due south to the starting point.

§ 3.45–85 Milwaukee Captain of the Port.

* * * * *

(b) The Milwaukee Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From the Illinois-Wisconsin State line at longitude 90° W.; thence due east to longitude 87° W.; thence due north to latitude 44°15′ N.; thence northeasterly to latitude 44°43′ N.; longitude 86°40′ W.; thence due north to latitude 45°27′ N.; thence due west to longitude 88°30′ W.; thence due north to latitude 46°20′ N.; thence due west to longitude 90° W.; thence due south to the starting point.

§ 3.45–90 Oswego Captain of the Port. [Revoked]

§ 3.45–95 Sault Ste. Marie Captain of the Port.

* * * * *

(b) The Sault Ste. Marie Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From the International Boundary in Lake Huron at latitude 44°-43′ N.; thence northwesterly along the International Boundary to longitude 86°40′ W.; thence southwesterly to latitude 46°20′ N., longitude 88°30′ W.; thence due south to latitude 45°27′ N.; thence due east to longitude 86°40′ W.; thence due south to latitude 44°43′ N.; thence due east to the starting point.

§ 3.45–97 Toledo Captain of the Port.

* * * * *

(b) The Toledo Captain of the Port area includes all navigable waters of the United States and contiguous land areas within the following boundaries: From latitude 42° N., longitude 84° 30′ W.; thence due south to latitude 41° N.; thence due east to longitude 82° 25′ W.; thence due north to the international boundary in Lake Erie; thence northwesterly along the international

boundary to latitude 42° N.; thence due west to the starting point.

(80 Stat. 383, as amended, 63 Stat. 545, sec. 6(b), 80 Stat. 937; 5 U.S.C. 552, 14 U.S.C. 633, 49 U.S.C. 1655(b); and 49 CFR 1.45 and 1.46)

Effective date. This amendment is effective on the date of publication in the FEDERAL REGISTER (8–24–71)

Dated: August 16, 1971.

T. R. SARGENT,
Vice Admiral, U.S. Coast Guard,
Acting Commandant.

Title 49—TRANSPORTATION

Chapter I—Hazardous Materials Regulations Board, Department of Transportation

[Docket No. HM–69; Amdt. Nos. 171–11, 173–53, 178–20]

CYLINDER SPECIFICATIONS

The purpose of these amendments to the Department's Hazardous Materials Regulations is to provide a new specification for a nonrefillable cylinder to be used for certain compressed gases, to remove existing authorization for fabrication of Department of Transportation specifications 9, 40, and 41 cylinders, and to require that certain cylinders be shipped in outside protective packagings.

On December 11, 1970, the Hazardous Materials Regulations Board published a notice of proposed rule making, Docket No. HM–69; Notice No. 70–25 (35 F.R. 18879) which proposed these changes.

Several commenters objected to Note 1 of § 173.34(d) (1). Some objections were addressed to the requirement for use of a safety relief valve on specifications 39 cylinders containing liquefied flammable gases, thereby prohibiting the use of other type safety relief devices. It was stated that CGA pamphlet S–1.1 is a standard accepted and used by the industry and that such a standard should be referenced. This standard allows other safety relief devices to be used. The Board notes that although a standard exists, this does not mean its provisions are followed by industry in all respects. It cannot be concluded that this standard is the decisive factor in the safe history of transportation of gases. Although the industry claims a safe history, the actual practices followed are the standards to consider, rather than a permissive standard which may not be fully utilized. Safety relief valves are the devices routinely used by industry on cylinders containing flammable liquefied gases. Other objections related to specifying metal as the construction material for the valve. Since the Board has determined that a valve is desirable in place of a fusible device for liquefied flammable gases, then the valve should be capable of functioning as a valve, i.e., opening and closing. Use of a valve made of materials that would lose their shape, or act as a fusible device after short exposure to elevated temperatures would defeat the purpose of the original requirement for a valve. Objections also were made to the prohibition against use of fusible safety relief devices. The Board has re-examined its position in this matter, including consideration of experience under special permits, and has concluded that fusible safety relief devices are not desirable for use with liquefied compressed gases. However, the Board believes that fusible safety relief devices are adequate for use with non-liquefied gases and the rule has been amended accordingly.

Comments made on § 173.301(k) indicated a definite need for clarification of the objective for the outside packaging. The basic design for specification 39 was predicated on this cylinder's transportation in an outside container. Section 173.301(k)(1) as it was proposed, did not clearly express this fact and therefore has been modified. Specification 3E is included in this paragraph because of its specified size limitation.

Objection was raised concerning the 75-cubic-inch container limitation for flammable gases. This limitation is based on extensive experience under special permits and the consideration that, in transportation, nonreusable cylinders of larger sizes would be used in place of the higher-integrity reusable cylinders now used in flammable gas service. The Board believes that this usage would degrade the level of transportation safety now established for the shipment of flammable gases.

Requests were made to add products to the table in § 173.304(a)(2), but since these items would be new commodities to be covered by name in the Hazardous Materials Regulations, a separate rule-making action would be required.

Several of the comments concerned the specification itself. One commenter suggested an upper design pressure limit of 3,000 p.s.i., stating that the Board should not exceed that limit unless a need and justification were demonstrated. Need and justification for pressures higher than 3,000 p.s.i. have been demonstrated and several permits are now in effect for pressures above 3,000 p.s.i. The Board considers the design parameters of the specification to be adequate and finds no justification for setting a specified upper design pressure limit.

Some commenters observed that, as written, § 178.65–2 (c) and (d) would require remarking of cylinders for different service and test pressures. However, § 173.34(a)(2) provides for using higher service pressure marked units than are required by the regulations and applies in this circumstance. To avoid ambiguity because of the requirements of § 178.65–14 relating to markings, § 178.-65–2(d) has been changed by the addition of the word "maximum".

Comments on § 178.65–3 concerned foreign chemical analyses and test provisions and the requirements for disinterested inspectors for cylinders having a marked service pressure over 900 p.s.i.g. The question of the need for chemical analyses and testing to be performed in the United States is the subject of Docket No. HM–74 (36 F.R. 11224). The manner in which the question is resolved in that docket will have a bearing on the final wording of this section. Meanwhile, the rule is being published consistent with existing requirements. Based on visits to plant sites by Department personnel, the Board believes there is need for disinterested inspectors. There appears to be a higher degree of compliance with Department of Transportation specification requirements where disinterested inspection is required or used even though not required. Therefore, on the basis of available information, the Board is not authorizing the use of interested inspectors for cylinders having a marked service pressure over 900 p.s.i.g.

Two commenters objected to § 178.65–4(c)(1), stating that complete internal and external inspection, particularly if by a disinterested inspector, would present extreme difficulty if high capacity production lines were used. The Board agrees with this observation, and for this inspection only, is authorizing use of an interested inspector. This permits use of qualified production personnel under the overall supervision of assigned inspectors.

Some commenters noted that the steel material specifications would be improved in the interest of safety by a modification of § 178.65–5(a) to guard against age hardening and loss of ductility in a completed cylinder. The Board

acknowledges the correctness of this observation and has amended the rule accordingly.

Objection was raised to the pressure limitation proposed to be placed on cylinders fabricated from aluminum. The Department's knowledge of experience with high pressure aluminum cylinders is very limited. At the present time these cylinders have to be considered experimental. The Board does not consider it appropriate to authorize aluminum cylinders of higher service pressure.

It was pointed out by several commenters that the carbon content of steel should be increased to provide for the use of seamless steel tubing. The Board agrees with this comment and has so provided.

One commenter objected to § 178.65–6(b)(7), which states that welded joints must have a strength equal to or greater than the minimum strength of the shell material in the completed cylinder. This requirement is consistent with § 178.65–11(b)(2), which requires that the entire lot must be rejected if a failure during testing initiates in a weld or its heat affected zone. The objective of the rule is to assure that the weld area is not the weakest point of a completed cylinder. The Board concludes that the rule, as it was proposed, is valid but has modified it to clearly express this objective.

Two commenters objected to the requirement that openings be permitted in heads only. The Board is of the opinion that side openings create greater stress raisers than end openings. The stresses present in a side would be higher than in an ellipsoidal, spherical or flat head. Another commenter objected to the limitation that the diameter of a head opening not exceed 80 percent of the outside diameter of the cylinder. Requests were also made to authorize welded steel tubing in cylinder fabrication and to authorize additional aluminum alloys. The Board has not had the opportunity to fully evaluate these suggested designs and materials and does not have sufficient knowledge of experience in their use. Therefore, it considers these designs and fabrication to be experimental, and will deal with them on an individual rule-making basis. However, in this amendment, the Board is authorizing use of longitudinal or helical welded cylinders up to a 500 p.s.i.g. service pressure on the basis of existing cylinder specifications.

An objection was received on the lot size to be used for testing, suggesting a larger lot size. In a performance oriented specification adequate test requirements are paramount. The Board is concerned that testing be meaningful. To positively relate various tests to the end product, tests must be conducted at a frequency to assure that the unit tested is representative. No data have been presented to the Board to support the contention that a larger lot size could be used with assurance that there would be adequate monitoring of production for this type of packaging.

Objection was raised regarding the severity of the flattening test when compared to stationary vessel standards. The Board recognizes that the flattening test may be more restrictive, but these vessels will be exposed under pressure to a varied transportation environment and greater abuse. The test proposed is similar to testing requirements for other Department of Transportation cylinder specifications.

A commenter objected to the proposed wording of § 178.65–12(a)(2) regarding the inclusion of the weld in the crush test. He observed that the metal adjacent to the weld could be annealed by the welding process and thus would not be representative of the base metal. Since the intent of the crush test is to assure that the base metal remains ductile in the finished condition, the Board agrees with this observation and the rule has been modified accordingly.

A question was raised concerning the need for marking both service and test pressure on the cylinder. Under the concept of this specification, the test pressure is specifically related to the maximum pressure of the contents at 130° F., and the filler needs this information. Therefore, the marking requirement is being retained as proposed.

One commenter considered the statement required by § 178.65–14(b)(8) to be too lengthy. The Board agrees that the statement is longer than any similar statement previously required, but believes that by the emphasis placed on the penalties prescribed by law, the statement will serve as a better deterrent to refilling. The proposed statement is a prime requisite to the safe applicability of this specification in transportation and therefore is being retained.

The Board received several comments on various aspects of the use and disposition of this specification cylinder, and while many of these appeared to have merit, they did not sufficiently relate to transportation safety to be an appropriate matter for the Board's consideration.

In consideration of the foregoing, 49 CFR Parts 171, 173, and 178 is amended as follows:

PART 171—GENERAL INFORMATION AND REGULATIONS

In § 171.7, paragraph (c)(12) is added to read as follows:

§ 171.7 Matter incorporated by reference.

* * * * *

(c) * * *

(12) Aluminum Association: The Aluminum Association, 420 Lexington Avenue, New York, N.Y. 10017.

* * * * *

PART 173—SHIPPERS

(A) In § 173.34 paragraph (d)(1) Note 1 and (d)(2) are amended to read as follows:

§ 173.34 Qualification, maintenance, and use of cylinders.

* * * * *

(d) * * *

(1) * * *

NOTE 1: Safety relief devices are required on specifications 9, 40, 41, and 39 (§ 178.65 of this chapter) cylinders. Metal safety relief valves are required on specification 39 cylinders used for liquefied flammable gases. Fusible safety relief devices are not authorized on specification 39 cylinders containing liquefied compressed gases.

(2) Except for specification 39 cylinders and cylinders for acetylene in solution, safety relief devices are not required on cylinders charged with non-liquefied gas under pressure of 300 p.s.i. or less at 70° F.

* * * * *

(B) In § 173.301, paragraph (h) Table is amended by adding "DOT–39" in the last column following "DOT–38"; paragraph (k) is added to read as follows:

§ 173.301 General requirements for shipment of compressed gases in cylinders.

* * * * *

(k) *Outside packagings.* Specifications 2P, 2Q, 3E, 3HT, 4D, 4DA, 4DS, 9, 39, 40, and 41 must be shipped in strong outside packagings.

(1) Outside packagings must provide protection for the complete cylinder and against accidental functioning of and damage to valves under conditions normally incident to transportation.

(C) In § 173.302 paragraph (a)(4) is added to read as follows:

§ 173.302 Charging of cylinders with non-liquefied compressed gases.

(a) * * *

(4) Specification 39 (§ 178.65 of this chapter). For flammable gases, internal volume must not exceed 75 cubic inches.

* * * * *

(D) In § 173.304 paragraph (a)(1) is amended; paragraph (a)(2) table miscellaneous entries and Note 8 are amended, Note 9 is added; paragraph (d)(3)(i) is amended to read as follows:

§ 173.304 Charging of cylinders with liquefied compressed gas.

(a) * * *

(1) Specifications 3,[1] 3A, 3AA, 3B, 3N, 3D, 3E, 4, 4A, 4B, 4BA, 4B–ET, 4BW, 9,[1] 25,[1] 26,[1] 38,[1] 39, 40,[1] or 41[1] (§§ 178.36, 178.37, 178.38, 178.39, 178.41, 178.42, 178.48, 178.49, 178.50, 178.51, 178.55, 178.61, 178.63, 178.65, 178.66, 178.67 of this chapter), except that Specifications 9, 39, 40, and 41 containers must not be charged and shipped with mixtures containing pyrophoric liquids, carbon bisulfide (disulfide), ethyl chloride, ethylene oxide, nickel carbonyl, spirits of nitroglycerin, or poisonous materials (class A, B, or C), unless specifically prescribed in this part.

(i) For flammable gases, the internal volume of a specification 39 cylinder must not exceed 75 cubic inches.

[1] Use of existing cylinders authorized, but new construction not authorized.

Kind of gas	Maximum permitted filling density (see Note 1)	Containers marked as shown in this column or of the same type with higher service pressure must be used except as provided in § 173.34 (a), (b), § 173.301(j) (see notes following table).
* * *	*Percent* * * *	* * *
Carbon dioxide, liquefied (see Notes 3, 4, 7, and 8).	68	DOT–3A1800; DOT–3AA1800; DOT–3; DOT–3E1800; DOT–3HT2000; DOT–39.

* * * * *

(d) * * *

(3) * * *

(i) Specifications 3,[1] 3A, 3AA, 3B, 3E, 4A, 4B, 4BA, 4B240ET, 4BW240, 4B240X,[1] 4B240FLW, 4E, 4, 9,[1] 25,[1] 26,[1] 38,[1] 39, or 41[1] (§§ 178.36, 178.37, 178.38, 178.42, 178.49, 178.50, 178.51, 178.55, 178.61, 178.54, 178.68. 178.48, 178.63, 178.65, 178.67 of this chapter). The internal volume of a specification 39 cylinder must not exceed 75 cubic inches. Note 1 remains the same.

* * * * *

PART 178—SHIPPING CONTAINER SPECIFICATIONS

(A) In Part 178 Table of Contents §§178.63, 178.66, and 178.67 are canceled; § 178.65 is added as follows:

Sec.

178.65 Specification 39; non-reusable (non-refillable) cylinder.

§ 178.63 [Canceled]

(B) Section 178.63 is canceled.

[1] Use of existing cylinders authorized, but new construction not authorized.

(C) Section 178.65 is added to read as follows:

§ 178.65 Specification 39; non-reusable (non-refillable) cylinder.

§ 178.65–1 Compliance.

Each cylinder must meet the applicable requirements of § 173.24 of this chapter.

§ 178.65–2 Type, size, service pressure, and test pressure.

(a) Type: Each cylinder must be of seamless, welded, or brazed construction. Spherical pressure vessels are authorized and covered by references to cylinders in this specification.

(b) Size limitation: Maximum water capacity may not exceed:

(1) 55 pounds (1,526 cubic inches) for a service pressure of 500 p.s.i.g. or less, and

(2) 10 pounds (277 cubic inches) for a service pressure in excess of 500 p.s.i.g.

(c) Service pressure: The marked service pressure may not exced 80 percent of the test pressure.

(d) Test pressure: The minimum test pressure is the maximum pressure of contents at 130° F. or 180 p.s.i.g. whichever is greater.

(e) The term "pressure of contents" as used in this specification means the total pressure of al. the materials to be shipped in the cylinder.

§ 178.65–3 Inspection by whom and where.

Inspection of each cylinder must be performed by a competent inspector with chemical analyses and tests performed within limits of the United States. Disinterested inspectors, acceptable to the Bureau of Explosives, are required for cylinders having marked service pressure higher than 900 p.s.i.g., except as otherwise provided in this section.

§ 178.65–4 Duties of inspector.

(a) The inspector must determine that all material used complies with the requirements of this specification.

(b) The inspector must verify compliance with the requirements of § 178.65–5 by making a chemical analysis or obtaining a certified chemical analysis from the material manufacturer for each heat of material (ladle analysis acceptable). If an analysis is not provided by the material manufacturer, a sample from each coil, sheet, or tube must be analyzed.

(c) The inspector must determine that each cylinder is made and marked in compliance with this specification by:

(1) Complete internal and external inspection (interested inspectors authorized);

(2) Verification of proper heat treatment (if any);

(3) Selection of samples to be tested;

(4) Witnessing all tests; and

(5) By preparation of required report.

§ 178.65–5 Material; steel or aluminum.

(a) Steel:

(1) The steel analysis must conform to the following:

	Ladle analysis	Check analysis
Carbon, maximum percent	0.12	0.15
Phosphorus, maximum percent	0.04	0.05
Sulfur, maximum percent	0.05	0.06

(2) For a cylinder made of seamless steel tubing with integrally formed ends, hot drawn, and finished, content percent for the following must not exceed: carbon, 0.55; phosphorus, 0.045; sulfur, 0.050.

(3) For non-heat treated welded steel cylinders, adequately killed deep drawing quality steel is required.

(4) Longitudinal or helical welded cylinders are not authorized for service pressures in excess of 500 p.s.i.g.

(b) Aluminum: Aluminum not authorized for service pressures in excess of 500 p.s.i.g. Analysis of aluminum must conform to Aluminum Association standard designated for alloys 1100, 1170, 3003, 5052, 5086, 5154, 6061, and 6063 specified in its publication entitled "Aluminum Standards and Data" (1970–71 edition dated December 1969).

(c) Material with seams, cracks, laminations, or other injurious defects not permitted.

(d) Material used must be identified by any suitable method.

§ 178.65–6 Manufacture.

(a) General manufacturing requirements are as follows:

(1) Dirt and scale must be removed prior to inspection and processing.

(2) The surface finish must be uniform and reasonably smooth.

(3) Inside surfaces must be clean, dry, and free of loose particles.

(4) No defect of any kind is permitted if it is likely to weaken a finished cylinder.

(b) Requirements for seams:

(1) Brazing is not authorized on aluminum cylinders.

(2) Brazing material must have a melting point of not lower than 1,000° F.

(3) Brazed seams must be assembled with proper fit to insure complete penetration of the brazing material throughout the brazed joint.

(4) Minimum width of brazed joints must be at least four times the thickness of the shell wall.

(5) Brazed seams must have design strength equal to or greater than 1.5 times the minimum strength of the shell wall.

(6) Welded seams must be properly aligned and welded by a method that provides clean, uniform joints with adequate penetration.

(7) Welded joints must have strength equal to or greater than the minimum strength of the shell material in the finished cylinder.

(c) Attachments to the cylinder are permitted by any means which will not be detrimental to the integrity of the cylinder. Welding or brazing of attachments to the cylinder must be completed prior to all pressure tests.

§ 178.65–7 Wall thickness.

(a) The minimum wall thickness must be such that the wall stress at test pressure does not exceed the yield strength of the material of the finished cylinder wall.

(b) Calculation of the stress for cylinders must be made by the formula:

$$S=\frac{P(1.3D^2+0.4d^2)}{D^2-d^2}$$

where:

S = Wall stress, in p.s.i.;
P = Test pressure;
D = Outside diameter, in inches;
d = Inside diameter, in inches.

(c) Calculation of the stress for spheres must be made by the formula:

$$S=\frac{PD}{4t}$$

where:

S = Wall stress, in p.s.i.;
P = Test pressure;
D = Outside diameter, in inches;
t = Minimum wall thickness, in inches.

§ 178.65–9 Openings and attachments.

(a) Openings and attachments are permitted on heads only.

(b) All openings and their reinforcements must be within an imaginary circle, concentric to the axis of the cylinder. The diameter of the circle may not exceed 80 percent of the outside diameter of the cylinder. The plane of the circle must be parallel to the plane of a circumferential weld and normal to the long axis of the cylinder.

(c) Unless a head has adequate thickness, each opening must be reinforced by a securely attached fitting, boss, pad, collar, or other suitable means.

(d) Material used for welded openings and attachments must be of weldable quality and compatible with the material of the cylinder.

§ 178.65–10 Safety devices.

Safety devices must meet the requirements of § 173.34(d) of this chapter.

§ 178.65–11 Pressure tests.

(a) Each cylinder must be tested at an internal pressure of at least the test pressure and must be held at that pressure for at least 30 seconds.

(1) The leakage test must be conducted by submersion under water or by some other method that will be equally sensitive.

(2) If the cylinder leaks, evidences visible distortion, or any other defect, while under test, it must be rejected (see § 178.65–13).

(b) One cylinder taken from the beginning of each lot, and one from each 1,000 or less successively produced within the lot thereafter, must be hydrostatically tested to destruction. The entire lot must be rejected if (see § 178.65–13):

(1) A failure occurs at a gage pressure less than 200 times the test pressure.

(2) A failure initiates in a braze or a weld or the heat affected zone thereof:

(3) A failure is other than in the sidewall of a cylinder longitudinal with its long axis, or

(4) In a sphere, a failure occurs in any opening, reinforcement, or at a point of attachment.

(c) A "lot" is defined as the quantity of cylinders successively produced per production shift (not exceeding 10 hours) having identical size, design, construction, material, heat treatment, finish, and quality.

§ 178.65–12 Flattening test.

(a) One cylinder must be taken from the beginning of production of each lot (as defined above) and subjected to a flattening test.

(1) The flattening test must be made on a cylinder that has been tested at test pressure.

(2) A ring taken from a cylinder may be flattened as an alternative to a test on a complete cylinder. The test ring must not include the heat affected zone or any weld. However, for a sphere, the test ring may include the circumferential weld if it is located at a 45 degree angle to the ring, ±5 degrees.

(3) The flattening must be between 60 degrees included-angle, wedge shaped knife edges, rounded to a 0.5 inch radius.

(4) Cylinders and test rings must not crack when flattened so that their outer surfaces are not more than six times wall thickness apart when made of steel or not more than ten times wall thickness apart when made of aluminum.

(b) If any cylinder or ring cracks when subjected to the specified flattening test, the lot of cylinders represented by the test must be rejected (see § 178.65–13).

§ 178.65–13 Rejected cylinders.

(a) If the cause for rejection of a lot is determinable, and if by test or inspection defective cylinders are eliminated from the lot, the remaining cylinders must be qualified as a new lot under §§ 178.65–11 and 178.65–12.

(b) Repairs to welds are permitted. Following repair, a cylinder must pass the pressure test specified in § 178.65–11(a).

(c) If a cylinder made from seamless steel tubing fails the flattening test described in § 178.65–12, suitable uniform heat treatment must be used on each cylinder in the lot. All prescribed tests must be performed subsequent to this heat treatment.

§ 178.65–14 Markings.

(a) The markings required by this section must be durable and waterproof. The requirements of § 713.24(c)(1) (ii) and (iv) of this chapter do not apply to this section.

(b) Required markings are as follows:

(1) DOT–39.
(2) NRC.
(3) The service pressure.
(4) The test pressure.
(5) The registration number (M****) of the manufacturer.
(6) The lot number.
(7) The date of manufacture if the lot number does not establish the date of manufacture.
(8) The following statement:

Federal law forbids transportation if refilled—penalty up to $10,000 fine and 10 years imprisonment (18 U.S.C. 831–835).

(c) The markings required by paragraph (b)(1) through (5) of this section must be in numbers and letters at least ⅛ inch high and displayed sequentially. For example:

DOT–39 NRC 250/500 M1001.

(d) No person may mark any cylinder with the specification identification "DOT–39" unless (1) it was manufactured in compliance with the requirements of this section and (2) its manufacturer has a registration number (M****) from the Office of Hazardous Materials, Department of Transportation, Washington, D.C. 20590.

§ 178.65–15 Inspector's report.

(a) The inspector's report must be retained by the manufacturer for a period of 3 years and must be available for examination by representatives of the Department.

(b) The report must be legible, and contain at least the following information:

INSPECTION REPORT COVERING THE MANUFACTURE OF SPECIFICATION DOT–39 CYLINDERS OR SPHERES

The cylinders (spheres) covered by this report were manufactured for _____ located at _____. They were manufactured by _____ located at _____ whose Department of Transportation registration number is M_____. The cylinders are _____ inches in diameter (OD) and _____ inches in length. They have a design test pressure of _____ p.s.i.g. and a market service pressure of _____ p.s.i.g. Each has an internal volume of _____ cubic inches (nominal).

These containers were made by process of _____.

The metal used was identified by heat or analysis numbers as shown on the "Record of Chemical Analysis of Metal" attached hereto.

All material and each cylinder was inspected. All accepted material was found free from seams, cracks, laminations, and other defects which might prove injurious to the strength of the cylinder. The processes of manufacture and heat treatment (if any) were observed and found satisfactory.

My record of tests and inspection for each lot covered by this report is as follows:

Lot No.	Lot quantity	Lot tests		All cylinders	
		Burst-pressure [1]	Flattening test [2]	Pressure tests [1]	Visual inspection [2]

[1] Enter the lowest actual failure pressure of all cylinders tested within the lot.
[2] Enter "Pass" or "Fail".

Inspector's name (print) _____ Inspector's signature _____

Date _____ Inspector's employer (company name) _____

§ 178.67 [Canceled]

(D) Section 178.66 is canceled.

§ 178.67 [Canceled]

(E) Section 178.67 is canceled.

This amendment is effective December 31, 1971. However, compliance with the regulations as amended herein is authorized immediately.

(Sec. 831–835, Title 18, United States Code; sec. 9, Department of Transportation Act, 49 U.S.C. 1657; Title VI, sec. 902(h), Federal Aviation Act of 1958, 49 U.S.C. 1421–1430, 1472(h))

Chapter X—Interstate Commerce Commission

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[2d Rev. S.O. 1063]

PART 1033—CAR SERVICE

Railroad Operating Regulations for Freight Car Movement

At a session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 28th day of May 1971.

It appearing, that there are acute shortages of freight cars throughout the country; that certain carriers are unable to furnish an adequate supply of freight cars to shippers located on their lines; that these shortages of freight cars are impeding the movement of agricultural, mineral, forest, and manufactured products, and other commodities; and that the existing car service rules, regulations, and practices of the railroads are ineffective with respect to the use, supply; control, movement, distribution, exchange, interchange, and return of freight cars to meet the requirements of shippers. It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than thirty days' notice.

It is ordered, That:

§ 1033.1063 Service Order No. 1063.

(a) Railroad operating regulations for freight car movement. Each common carrier by railroad subject to the Interstate Commerce Act shall observe, enforce, and obey the following rules, regulations, and practices with respect to its car service:

(1) *Application.* (i) The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

(ii) This order shall apply to all loaded cars.

(iii) This order shall apply to all empty cars listed in the Official Railway Equipment Register, I.C.C. R.E.R. No. 379, issued by E. J. McFarland, or reissues thereof, as having mechanical designations XL, XM, XP, RB, RBL, RP, RPL, RS, RSB, GA, GB, GD, GE, GH, GRA, GS, GT, HD, HE, HF, HFA, HFB, HK, HM, HMA, HT, HTA, FM, LC, LO, or LP, including all such cars to which the suffix H, I, R, or S has been added to the mechanical designation to denote the addition of heaters, insulation, roofs, or other special modifications. Exception: Cars described in subdivisions (iv), (v), (vi), and (vii) of this subparagraph.

(iv) Any empty car with inside length 69 feet, 0 inch and over, and empty flat cars having mechanical designation FM, with a carrying capacity of 200,000 lbs. or more, are exempt from the provisions of this order.

(v) Empty cars owned by the Alaska Railroad, while held in the State of Washington, pursuant to instructions of the car owner, are exempt from the provisions of this order.

(vi) Empty cars of private ownership held pursuant to instructions of the car owner or lessee, or held awaiting instructions from the car owner or lessee, are exempt from the provisions of this order.

(vii) Empty cars, described in subdivision (iii) of this subparagraph, which are in general service and are not assigned to the exclusive use of a specified shipper, owned by and bearing the registered reporting marks assigned to the line holding the car, are exempt from the provisions of this order.

(viii) This order shall apply to all empty cars described in subdivision (iii) of this subparagraph, which are assigned to the exclusive use of a specified shipper, except as otherwise provided in this section.

(ix) Freight cars assigned to the exclusive use of a specified shipper may be removed from the provisions of subparagraph (2)(iii) of this paragraph; provided, that assignee furnishes written notice to originating railroad and to the car owner, if different from originating railroad at least 1 day in advance of his desire to release such cars from assignment in a permanent or temporary basis of not less than 15 days' duration. (See exception.) The carrier must remove cars from assignment in accordance with assignee's request.

(a) *Exception.* Assigned cars which have arrived empty at the point of assignment or at a point of loading designated by assignee, shall not be diverted empty to another point for loading unless released from assignment in the manner described herein. When so released, cars may not be ordered empty to any point or shipper on instructions of the assignee who ordered the release of the cars.

(x) Cars assigned to the exclusive use of a specified shipper must be listed on assignment lists posted in the office of the chief transportation officer of the car owner, and in the office designated to issue waybills and other shipping documents for loaded movements from the points of assignment. Assignment lists must specify initial and number of each assigned car, the shipper to whom assigned. and the date car assignment became effective.

Requests for assignments of cars must be secured in writing, or confirmed in writing, by the carrier on whose lines the cars are assigned, not less than 10 days before the effective date of the car assignment. Freight cars in assigned service on February 28, 1971, shall be considered as having been in such assignments for 10 days or longer, provided that the assignment lists are prepared and posted, as required herein, not later than March 21, 1971.

(xi) The mechanical designations of existing freight cars in subdivision (iii) of this subparagraph may not be changed to any mechanical designation other than those listed in subdivision (iii) of this subparagraph during the period this order is in effect.

(xii) Actual placement means placing a car in an accessible position for loading or unloading, or placing on an industrial interchange track serving the consignor or consignee. If such placing is prevented by any cause attributable to consignor or consignee and car is placed on the private or other-than-public-delivery tracks serving the consignor or consignee, it shall be considered constructively placed without notice.

(xiii) Holidays shall be those listed in item 25 of Agent B. B. Maurer's Tariff ICC H-36, naming Car Demurrage Rules and Charges, supplements thereto, or successive issues thereof.

(2) *Placing of cars.* (i) Loaded cars shall be actually or constructively placed within 24 hours, exclusive of Saturdays, Sundays, and holidays, following arrival at destination.

(ii) Empty cars which are in general service and are not assigned to the exclusive use of a specified shipper, which after placement will be subject to demurrage or detention rules applicable to cars for loading, shall be actually or constructively placed within 48 hours, exclusive of Saturdays, and Sundays, and holidays, after arrival at the point where held.

(iii) (a) Empty cars described in subparagraph (1)(viii) of this paragraph which are assigned to the exclusive use of a specified shipper shall be subject to a storage charge of $5 per car per day or fraction thereof until ordered placed for loading or appropriated for loading, without free time allowance and without allowance for Saturdays, Sundays, and holidays. (See exception, subdivision (iv) of this subparagraph.)

(b) In computing storage charges on cars subject to this subdivision, such charges shall begin at the second 7 a.m., exclusive of Saturdays, Sundays, and holidays, following the sending or giving of notice that the cars are being held awaiting orders for actual placement or appropriation for loading.

(c) When empty assigned cars are held at any point awaiting orders from assignee for placement for loading or awaiting appropriation by assignee for loading, a written notice of arrival (see note) shall be sent or given assignee within 24 hours of arrival of the empty car at the point where held, exclusive of Saturdays, Sundays, and holidays. Such notice shall contain the initials and numbers of each car held and shall state that each car is being held subject to a storage charge of $5 per car per day or fraction of a day, until ordered placed for loading or ordered released, in writing, from assignment.

NOTE: When the assignee notifies the railroad, in writing, that it will accept verbal or telephone notice of the arrival of empty assigned cars, verbal or telephone notice may be substituted for written notice of arrival. The carriers will maintain a written record of all such verbal or telephone notices, such records to show car initials and numbers, date, and hour of notice, name of assignee, name of railroad employee giving the notice, and name of employee of assignee receiving the notice.

(d) Empty cars released from storage status by order or appropriation for loading shall be subject to all demurrage or detention rules and charges published in tariffs applicable to cars held for loading, from time released from storage charges.

(iv) *Exception to subdivision (iii) of this subparagraph.* When it is impossible to load or to receive for loading empty cars assigned to the exclusive use of a shipper because of cessation of operations for a period of five days or more resulting from a strike, work stoppage, flood, high water, or other interference at the plant of the assignee for which empty assigned cars are held, the charges provided in subdivision (iii) of this subparagraph shall be suspended for the period of such interference with operations; provided, that the assignee furnishes a written notice to the carrier at the point of assignment, with a copy to the Director, Bureau of Operations, Interstate Commerce Commission, Washington, D.C., for his approval. Such notice shall be given within 5 days, exclusive of Saturdays, Sundays, and holidays, after the date on which the interference ceased; and shall state the date and time the interference began and ceased and the cause of the interference.

(v) When delivery of a car, either empty or loaded, consigned or ordered to an industrial interchange track or to an other-than-public-delivery track, cannot be made because of any condition attributable to the consignor or consignee, such car shall be held at destination or, if it cannot reasonably be accommodated there, at an available hold point; and constructive placement notice, in writing or as otherwise agreed to in writing, shall be sent or given the consignor or consignee within 24 hours, exclusive of Saturdays, Sundays, and holidays, after arrival of car at destination or hold point.

(vi) Proper notice for cars placed on public delivery tracks shall be sent or given within 24 hours after placement, exclusive of Saturdays, Sundays, and holidays.

(vii) Cars held at destination for accessorial terminal services described in the applicable tariffs, such as holding for orders or inspection, shall be placed on unloading, hold, or inspection tracks; and proper notice shall be given within 24 hours, exclusive of Saturdays, Sundays, and holidays, at the hold point. Time and charges shall be computed following such notice and demurrage or detention charges assessed in accordance with provisions of governing tariffs.

(3) *Removal of cars.* (i) Empty cars must be removed from point of unloading or interchange tracks of industrial plants within 24 hours, exclusive of Sundays and holidays, following unloading or release by consignee or shipper, unless such empty cars are ordered or appropriated by the shipper for reloading within such 24-hour period. Empty cars not ordered for loading at point where made empty must be forwarded or set aside for cleaning or repairs within 24 hours following removal of empty cars.

(ii) Outbound loaded freight cars must be removed from point of loading or interchange tracks of industrial plants within 24 hours, exclusive of Sundays and holidays, following acceptance by carrier of the shipping instructions covering the cars. Such cars must be forwarded or set aside for repairs within 24 hours, following release and removal.

(iii) Cars subject to subdivisions (i) and (ii) of this subparagraph, not made accessible to the carrier, shall be subject to demurrage until such time as they become, and remain, accessible to the carrier.

(4) *Forwarding of cars.* (i) Loaded cars and empty cars shall be forwarded within 24 hours, except cars described in subdivision (ii), (iii), or (iv) of this subparagraph or cars described in subparagraph (2)(ii) of this paragraph.

(ii) Loaded cars held subject to instructions of consignee, consignor or other qualified owner of the freight contained therein, while subject to applicable tariffs.

(iii) Cars held for repairs or cleaning. (See subparagraph (5) of this paragraph.)

(iv) Cars held because no train or switch engine service is available between hold point and destination.

(5) *Cars held for repairs or cleaning.* (i) Cars of system, foreign, or private ownership which are held for light repairs or cleaning shall be placed on repair or cleaning tracks not later than the first 7:00 a.m., exclusive of Sundays and holidays, after time carded for repairs or cleaning, or after arrival at point where repairs or cleaning are performed. Light repairs or cleaning shall be accomplished within 24 hours, exclusive of Sundays and holidays, after placement on repair or cleaning tracks; except that when necessary to order material from car owner to make the repairs to foreign or private cars, repairs to foreign or private cars held awaiting such material shall be completed within 24 hours, exclusive of Sundays and holidays, after receipt of such material at the station at which the repair point is located.

(ii) Light repairs are defined as repairs requiring less than 20 man-hours by repair track forces to complete.

(6) *Movement of freight cars.* (i) No common carrier by railroad subject to the Interstate Commerce Act shall delay the movement of cars by holding such cars in yards, terminals, or sidings for the purpose of increasing the time in transit of such cars.

(ii) Cars shall not be set out between terminals except in cases of emergency.

(iii) Back-hauling cars for the purpose of increasing the time in transit is prohibited.

(iv) Through cars shall not be handled on local or way freight trains for the purpose of increasing the time in transit of such cars.

(v) The use by any common carrier by railroad, for the movement of cars over its line, of any route other than its shortest available route or its usual and customary fast freight route from point of receipt of the car from consignor, or connecting line, to point of delivery to consignee, or to next connecting line, except for the purpose of according a lawfully established transit privilege (not including a diversion or reconsignment privilege) is hereby prohibited.

(b) *Rules and regulations suspended.* The operation of all rules and regulations, insofar as they conflict with the provisions of this order, is hereby suspended.

(c) *Effective date.* This order shall become effective at 12:01 a.m., June 7, 1971.

(d) *Expiration date.* This order shall expire at 11:59 p.m., December 31, 1971, unless otherwise modified, changed, or suspended by order of this Commission.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10–17), 15(4), and 17(2))

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of the agreement, and upon the American Short Line Railroad Association; and that notice of this order be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD, *Secretary.*

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 32—HUNTING

Valentine National Wildlife Refuge, Nebr.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER (8–14–71).

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

NEBRASKA

VALENTINE NATIONAL WILDLIFE REFUGE

Public hunting of deer on the Valentine National Wildlife Refuge, Nebr., is permitted only on the area designated by signs as open to hunting. This open area, comprising 70,085 acres, is delineated on maps available at refuge headquarters, Valentine, Nebr., and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, Federal Building, Fort Snelling, Twin Cities, Minn. 55111.

Hunting shall be in accordance with all applicable State regulations governing the hunting of deer subject to the following special regulations:

(1) The open season for hunting deer with firearms on the refuge will extend from November 13, 1971, through November 21, 1971.

(2) The hunting season for deer on the refuge with bow and arrow will extend from September 18, 1971, through December 31, 1971, except that the bow and arrow season will be closed during the season open to hunting deer with firearms.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through December 31, 1971.

AUGUST 5, 1971.

NED I. PEABODY, *Refuge Manager, Valentine National Wildlife Refuge, Valentine, Nebr.*

Title 45—PUBLIC WELFARE

Chapter VIII—Civil Service Commission

PART 801—VOTING RIGHTS PROGRAM

Appendix A; Mississippi

Appendix A to Part 801 is amended under the heading "Dates, Times, and Places for Filing" by the addition, under the subheading "Mississippi", of (1) an additional place for filing in Humphreys County (Isola), and (2) an additional county (Tallahatchie), as set out below:

MISSISSIPPI

County:	Place for filing:	Beginning date.
•	•	•
Humphreys;	(1) Belzoni—Post Office Building;	October 1, 1965;
	(2) Louise—Post Office Building;	June 21, 1966;
	(3) Isola—trailer at Post Office,	August 23, 1971.
•	•	•
Tallahatchie;	(1) Charleston—103 Market Street;	August 23, 1971;
	(2) Sumner—trailer at Court Square,	August 23, 1971.

(Secs. 7, 9, Voting Rights Act of 1965; Public Law 89–110)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY, *Executive Assistant to the Commissioners.*

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Emergency Preparedness

[Economic Stabilization Reg. No. 1]

ES REG. 1—STABILIZATION REGULATIONS FOR PRICES, RENTS, WAGES AND SALARIES

Exemptions and Provision for Appendices

SECTION 1. The purpose of the amendment contained in Section 2 is to delete the subject of school tuitions as an exemption under the regulations. Guidance on the subject of school tuitions will be furnished in OEP guidance circulars. The purpose of the amendment contained in section 3 is to provide a basis for issuing OEP guidance circulars in the form of appendices to the regulations.

SEC. 2. Subparagraph (b) of section 4 of Economic Stabilization Regulation No. 1 is hereby amended to read as follows:

Sec. 4 Exemptions.

• • • • •

Prices of the following categories of goods and services are not subject to the provisions of Executive Order No. 11615 and this regulation:

(1) Raw agricultural products.

(2) Stocks and bonds.

(3) Exports.

SEC. 3. Section 11 of OEP Economic Stabilization Regulation No. 1 is hereby amended by adding a second paragraph as follows: OEP shall from time to time issue circulars containing implementing instructional material which shall be set forth in Appendix I to this regulation.

This amendment shall become effective on publication in the FEDERAL REGISTER (8-24-71).

Dated: August 23, 1971.

G. A. LINCOLN,
Director,
Office of Emergency Preparedness.

[FR Doc.71-12486 Filed 8-23-71;11:33 am]

[OEP Economic Stabilization Reg. 1]

GENERAL GUIDANCE FOR APPLICATION

Economic Stabilization Circular No. 1

This circular is designed for general information only. The statements herein are intended solely as general guides drawn from OEP Economic Stabilization Regulation No. 1 and from specific determinations by the Cost of Living Council and do not constitute legal rulings applicable to cases which do not conform to the situations clearly intended to be covered by such guides.

NOTE: Provisions of this and subsequent circulars are subject to clarification, revision, or revocation.

This first circular covers the most significant determinations issued from August 15, 1971, through August 20, 1971.

APPENDIX I

ECONOMIC STABILIZATION CIRCULAR NO. 1

100. *Purpose.* (a) On August 15, 1971, President Nixon issued Executive Order No. 11615 providing for stabilization of prices, rents, wages, and salaries and establishing the Cost of Living Council, a Federal agency. The order delegated to the Council all of the powers conferred on the President by the Economic Stabilization Act of 1970, as amended.

(b) By its Order No. 1 the Council delegated to the Director of the Office of Emergency Preparedness authority to administer the program for the stabilization of prices, rents, wages, and salaries as directed by Section 1 of Executive Order No. 11615.

(c) The purpose of this circular, the first in a series to be issued, is to furnish guidance to Federal officials and the public in order to promote maximum understanding and cooperation in the application of the program.

200. *Authority.* Relevant legal authority for the program includes the following:

The Constitution.
Economic Stabilization Act of 1970, Public Law 91-379, 84 Stat. 799; Public Law 92-15, 85 Stat. 38.
Executive Order No. 11615, 36 F.R. 15127, August 17, 1971.
Cost of Living Council Order No. 1.
OEP Economic Stabilization Regulation No. 1.

300. *General guidelines.*

301. *Base period.* (a). As used in OEP Economic Stabilization Regulation No. 1, the term "base period" for any commodity, service, rent, salary, or wage includes the period from July 16, 1971, through August 14, 1971. In the event that no transaction occurred in that period, the nearest preceding 30-day period in which a transaction did occur is considered the base period. In addition, in the case of increases in posted and effective prices during the base period, the base period itself will be considered to have begun at the time of the increase in posted and effective prices.

(b) In accordance with section 202 of the Economic Stabilization Act of 1970, as amended, prices, rents, wages, or salaries need not be established at levels less than those prevailing on May 25, 1970.

400. *Price guidelines.*

401. *General.* Based on OEP Economic Stabilization Regulation No. 1 and determinations of the Cost of Living Council, the following guidance is provided:

(a) No person may charge, assess, or receive more for commodities and services than the ceiling prices of such commodities and services in effect during the base period. It is not unlawful to charge less than ceiling prices. In fact, such sales are encouraged.

(b) "Price" includes rentals, commissions, margins, rates, fees, charges, or other forms of prices paid or received for the sale or use of commodities or services or for the sale of real property. Both wholesale and retail prices are included in the freeze.

(c) Prices shall include customary price differentials, such as discounts, allowances, premiums, and extras, based upon differences in classes or location of purchasers, or in terms and conditions of sale or delivery.

(d) The ceiling price for the sale of a commodity or service is the highest price at which a seller delivered or furnished during the base period such commodity or service to purchasers in a substantial number of transactions, i.e., 10 percent of his actual transactions. Thus, price increases announced prior to August 15 to take place during the period of the freeze are not permitted since no transactions had taken place upon which to base the price.

(e) In the event a commodity or service had both (1) a published price, and (2) a discounted price at which actual transactions were made during the base period, the effective price ceiling would be the highest price at or above which 10 percent of the actual transactions were made which may be a discounted price when less than 10 percent of such sales were made at posted prices without discounts.

(f) Price ceilings are to be set on the basis of the normal procedures used in establishing market prices. Market price ceilings are to be established for each of a firm's normal pricing areas at a level no greater than the highest price at or above which 10 percent of actual transactions were carried out during the base period in these pricing areas, regardless of whether such pricing areas are national, regional, or individual stores.

(g) If a seller delivers or offers a commodity or service which is new, i.e., which he did not previously deliver or offer, he can determine his ceiling price by (1) applying to his current unit direct cost or to his net invoice cost the percentage markup he is currently receiving on the most nearly similar commodity or service he sells, or if (1) is not applicable, (2) using the ceiling price prevailing for comparable commodities and services in the same locality.

(h) "Unit direct cost"—This term means labor and material costs which enter directly into the product. It does not include factory overhead, or indirect manufacturing expenses, administrative, general, or selling expenses.

(i) "Net invoice cost"—This term refers to a seller's invoice cost less any discount or allowance he took or could have taken. It does not include separately stated charges such as freight, taxes, etc.

(j) If a seller wishes to sell something but does not know its price during the base period, he should use the ceiling price prevailing for comparable items in his locality.

(k) The freeze on prices does not prevent the lowering of prices.

(l) Even though the price charged is no higher than the permitted ceiling, the transaction may be in violation if the commodity or service sold has been reduced in quality or is not otherwise comparable to the commodity or service sold in the base period. For example, a business cannot reduce services or the quality of a product and maintain the same price, as this would amount to an increase in price for the services or product.

402. *Prices in relation to taxes.* (a) State and local tax rates are not frozen by the program. If a State or local government should increase local or State taxes, i.e., property or business taxes, merchants and other commercial businesses may not pass on to consumers the amount of the tax increase.

(b) Auto dealers must continue to charge the 7-percent excise tax on 1971 model year-end automobile sales. The excise tax remains in effect and must be collected until Congress rescinds it. The President has requested authority to rescind the tax, retrocative to August 15. If this authority is approved by Congress, rebates will be made by dealers to automobile purchasers.

403. *Prices on imports.* (a) Sales of commodities imported from other countries are subject to the freeze. Price ceilings at all levels, however, may be increased by an amount equivalent to increases in the landed cost of the commodity imported after August 15, 1971, due to changes in the United States customs duties and tariffs. These increased customs duties, penny for penny, may be passed on to the purchaser but shall not be considered in calculating markups for the transaction price of the import. Sellers must be prepared with records to show that such duties were so treated.

(b) An importer and each reseller may pass on a price increase for an imported product, but only as long as the product is not physically transformed by the seller or does not become a component of the goods being sold. When the imported product loses its identity or is incorporated into another goods, at that point, the price increase may no longer be passed on.

(c) The 10% import surcharge imposed as a part of the stabilization program is not applicable to goods in stock as of August 15.

404. *Sale of real estate.* (a) The ceiling price on real estate shall be the sale price specified in a sales contract signed by both parties on or before August 15, 1971.

(b) Where there is no such sales contract, the price shall be the fair market value of the property during the base period based upon substantial numbers of sales of like or similar property.

405. *Government-regulated industries.* Governmental agencies which regulate industries may permit price decreases and change other aspects of the industry, but no price increases are allowed.

406. *Commodities and services.* (a) "Commodity" includes all commodities, articles, products, and materials, including those provided by public utilities services, such as electricity, gas, and water, as well as rates charged by common carriers. It also includes "used" commodities such as used cars and antiques.

(b) "Services" mean (1) all services rendered (other than as an employee) in connection with the processing, distribution, storage, installation, repair, or negotiation or purchases or sales of a commodity, (2) or in connection with the operation of any service establishment for the servicing of a commodity, or (3) professional services.

(c) Fees, therefore, for professional services of doctors or lawyers are included in the freeze order.

(d) Motel and hotel rates are also included.

(e) Insurance and other similar fees and rates are included in the freeze.

(f) Interest rates are not included.

407. *School tuitions.* Increased school tuition rates for the 1971-72 school year, announced on or before August 14, are permitted because such rates are considered to be in effect at the time of the announcement.

408. *Exemptions.* (a) Several commodities and services have been specifically exempted from Executive Order No. 11615 and in OEP Economic Stabilization Regulation No. 1. These are: (1) raw, unprocessed agricultural products, (2) stocks and bonds, and (3) exports. Thus, there is no price control over these items.

(b) Raw agricultural products include those products that retain the same physical form that they possessed when they left the farm gate. All other agricultural and food products would be considered processed and subject to the freeze. This would include all products canned, frozen, slaughtered, milled or processed in some other way that changes the physical form; packaging would not be considered a processing activity.

Examples:

Exempt

Live animals and poultry.
Shell eggs.
Raw milk.
Sugar cane and sugar beets.
All fresh fruit.
All fresh vegetables.
Honey.
Fresh fish.
Fresh seafood.

Nonexempt

Slaughtered animals.
Dressed poultry.
Pasteurized milk.
"Raw" and refined sugar.
Canned and frozen fruits.
Frozen vegetables.

500. *Wage and salary guidelines.*

501. *General.* (a) No employer shall pay and no employee shall receive a wage, salary, or other form of compensation at a rate higher than that paid or received or in effect during the base period, nor shall any person use any means to obtain payment of wages, salaries or other form of compensation higher than those permitted under the Executive Order or the regulation. Such remuneration shall be based upon a substantial number of actual transactions for services of like or similar nature.

(b) For purposes of the regulation, wage, salary, or other form of compensation includes all forms of remuneration to an employee by an employer for personal services including, but not limited to, premium overtime rate payments, night shift, year-end, and other bonus payments, incentive payments, commissions, vacation and holiday payments, employer contributions to or payments of insurance or welfare benefits or pension funds or annuities, and payments in kind.

(c) Deferred wage or salary increases which were negotiated to take effect in the future, cost-of-living increases built into wage contracts or provided by management, and routine in-grade increases not in effect on or before August 14, 1971, are not permitted. Regardless of any right or contract heretofore or hereafter existing, no change or adjustment shall be made in rates of wages, salaries, or other forms of compensation whether by retroactive increase or otherwise.

502. *Specific.* Based on the general guidance provided above and determinations of the Cost of Living Council the following specific guidance is provided:

(a) Deferred wage or salary increases which have been negotiated to take effect during the period of the wage freeze are not permitted.

(b) There will be no cost-of-living increases during the 90-day freeze.

(c) The freeze does not require termination of bargaining for wage changes during the 90-day freeze period. However, no wage increase negotiated during the 90-day period can apply to the period of the freeze nor can it go into effect during the period of the freeze.

(d) If a strike is now in progress, contract negotiations can proceed during the course of the freeze. However, no increases in wages negotiated can be paid for services rendered during the period the freeze is in effect.

(e) State and local governments are subject to Executive Order No. 11615 freezing wages and prices. Accordingly, cost-of-living wage or salary increases ordered by a municipal government to become effective subsequent to the date of the Executive order are not permitted during the 90-day freeze period. This includes the wages of State and local governmental employees such as firemen, policemen, and the like.

(f) Increases in the salaries of teachers may be granted if the contract period started before August 15. If the contract period started after August 15, the increase is not allowed. For example, if teachers have reached a new agreement on pay scales for the coming school year but the contract does not go into effect until September 1, teachers cannot receive the pay increase.

(g) The wages and salaries of Federal Government employees are frozen during the 90-day freeze period.

(h) The wage freeze applies to all employers regardless of the number of employees they employ.

(i) Scales for wages and salaries for new jobs will be determined on the basis of comparable jobs within the affected business or firm. If no comparability exists within such entities, such scales will be determined on the basis of comparable jobs in nearby comparable firms.

(j) Policy on promotions provides that:

(1) Bona fide promotions that constitute an advancement to an established job with greater responsibility are allowed.

(2) Increases in certified rates for apprentices and learners under programs established prior to August 15 are allowed.

(3) Merit and longevity increases are not allowed.

(k) Where the employer is willing to certify that an agreement was in existence that provided for increases in pay dependent on employees completing educational requirements for specific job levels, the pay increase can be granted during the freeze. For example, a teacher who has been awarded a master's degree can receive the increment which is normally given. If the effective date of the teacher's contract is after August 14, the increment must be the amount that was granted last year.

(l) Employees being severed for various reasons and due severance pay in excess of their normal pay rate in effect as of August 14 can receive their severance pay if severance pay procedures are a part of the understood corporate procedure and the firm is willing to certify that this was the procedure they had in effect as of August 14.

(m) If a salary increase was granted and the employee actually performed under the new rate prior to August 15,

he can be paid at the higher rate if the pay day is after August 15 provided there are adequate records to demonstrate that the increase was put into effect prior to the freeze date.

(n) The President's program does not call for reducing compensation levels below those in effect on August 15. Consequently, such matters are left entirely to negotiation between labor and management.

(o) Unions and management cannot negotiate for pay increases to be effective after the freeze which will be retroactive to cover the period of the freeze.

(p) Commission rates or piece rates cannot be increased over those existing in the base period.

(q) Employees who are United States citizens employed by U.S. firms abroad are subject to the freeze.

600. *Rent guidelines.*

601. *General.* (a) The ceiling rent for commercial property, housing accommodations, hotels, motels, rooming houses, farms and other establishments, together with all privileges, services, furnishings, furniture, equipment, facilities, improvements, and any other privileges connected with the use thereof, shall be no greater than the highest rent charged for the same property during the base period. If the property was not rented during the base period, the ceiling price shall be no higher than the highest rent charged during the nearest preceding 30-day period prior to the base period. If the property was never previously rented, the ceiling rent shall be no higher than the ceiling rent charged for similar or comparable property in the locality or area.

(b) "Rent" includes charges for any building, structure, or part thereof, or land appurtenant thereto, or services, furnishings, furniture, equipment, facilities, and improvements connected with the use of occupancy of such property.

602. *Specific.* Based on the general guidance provided above, the following specific guidance is provided:

(a) Apartment house and other rent fees are included in the 90-day freeze.

(b) The standard to be used in determining the rent ceiling for new or unrented units will be that generally prevailing for comparable units in the immediate area.

(c) If a rent agreement is signed August 1 but the effective date of the agreement is after August 15, any increase in rent is not permitted.

(d) If substantial improvements are made in rental property, an increase to the level of rents charged for comparable properties in the area is permitted.

700. *Recordkeeping.*

701. *General.* (a) All records in existence reflecting prices which were charged for the commodities or services during the base period, together with all other pertinent records of any kind or description shall be preserved, and there shall be maintained available for public inspection a record of the highest prices charged during the base period. All records hereafter required to be kept pursuant to regulations or directives issued under this program shall be maintained and preserved.

(b) All persons subject to regulations and directives under this program shall maintain and preserve all records which are necessary to show the manner by which the ceiling rentals were determined and the record of payments made by persons in occupancy of real property or any part thereof and shall maintain available for public inspection a record of the highest rents charged during the base period.

(c) All employers shall maintain and preserve all records which reflect the rates of wages, salaries or other forms of compensation paid during the base period.

(d) All persons covered by OEP Economic Stabilization Regulation No. 1, upon demand of the Council, the OEP, or their authorized representatives, shall make available for inspection and copying such books and records as may be deemed necessary by the Council or the OEP to carry out the purpose and provisions of Executive Order No. 11615 and the rules and regulations promulgated thereunder.

702. *Specific.* Based on the general guidance provided above and determinations of the Cost of Living Council, the following specific guidance is provided:

(a) The Executive order is interpreted to require that records shall be maintained for other than the specified base period if another base period is used to establish prices.

800. *Applicability.* The provisions of OEP Economic Stabilization Regulation No. 1 are applicable only to the U.S. Customs Zone: The United States and the Commonwealth of Puerto Rico. The regulation does not apply to territories and possessions of the United States, nor to Okinawa, the Trust Territories, or the Panama Canal Zone.

900. *Violations and penalties.* (a) Any practice which constitutes a means to obtain a higher price, wage, salary, or rent than is permitted by OEP Economic Stabilization Regulation No. 1 is a violation of the regulation. Such practices include, but are not limited to, devices making use of inducements, commissions, kickbacks, retroactive increases, transportation arrangements, premiums, discounts, special privileges, tie-in agreements, trade understandings, falsification or records, substitution of inferior commodities, or failure to provide the same services and equipment previously sold.

(b) Whenever it appears that any person is engaged, or is about to engage, in any acts or practices constituting a violation of any regulation or order under this program, the U.S. Government may, in its discretion, bring an action in the proper district court of the United States or other place subject to the jurisdiction of the United States to enjoin such acts or practices. Upon a proper showing, a permanent or temporary injunction or restraining order shall be granted. In addition, upon proper application, such court may issue mandatory injunctions commanding any person to comply with any regulation or order under this program.

(c) Any person who willfully violates the provisions of Executive Order 11615 or regulations and directives under this program shall be subject to a fine of not more than $5,000 for each violation.

1000. *Information.* All persons seeking information with respect to the provisions of this circular or the administration of this program should contact the local office of the Internal Revenue Service, or the Regional Service and Compliance Center of the Office of Emergency Preparedness in their geographical area, or such other local Federal offices as may be hereafter designated. Persons requesting exemptions, exceptions, or adjustments should direct their request, in writing, to the Director of the appropriate Regional Service and Compliance Center. OEP Regional Service and Compliance Centers are located as follows:

Proposed Rule Making

DEPARTMENT OF THE TREASURY

Bureau of Customs

[19 CFR Part 10]

INTERNATIONAL TRAFFIC

Use of Foreign-Built Containers

Pursuant to a notice of proposed rule making dated June 13, 1969 (34 F.R. 9754), Treasury Decision 69-216, dated September 19, 1969 (34 F.R. 14886), amended paragraph (f) of § 10.41a, Customs Regulations, to permit the use of containers arriving in the United States with cargo to be used in point-to-point local traffic in the United States on a reasonably direct route to, or near to, the place where export cargo is to be loaded or where the container is to be reexported empty. Such local traffic must be incidental to the efficient and economical utilization of the containers in the course of their use in international traffic.

Notice is hereby given that it is proposed to amend paragraph (f) of § 10.41a, Customs Regulations, to provide that containers arriving empty to pick up export cargo may be used in incidental point-to-point local traffic under authority of section 251 of the Revised Statutes (19 U.S.C. 66), section 322, Tariff Act of 1930 (19 U.S.C. 1322), and section 301, title 5, United States Code, by amending paragraph (f) to read as follows:

§ 10.41a Lift vans, cargo vans, shipping tanks, skids, pallets, and similar instruments of international traffic; repair components.

* * * * *

(f) Except as provided in paragraph (i) of this section, no part of this section precludes (1) the use of an instrument in picking up and delivering loads at intervening points in the United States while en route between the port of arrival and the point of destination of its imported cargo, (2) such use of the instrument while en route from such point of destination of imported cargo to a point where export cargo is to be loaded or to an exterior port of departure by a reasonably direct route to, or nearer to, the place of such loading or departure, or (3) such use of a "container", as defined in Article 1 of the Customs Convention on Containers (see paragraph (a) (3) of this section), which arrived empty while en route between the port of arrival and a point where export cargo is to be loaded or from that point to an exterior port of departure by a reasonably direct route to, or nearer to, the place of such loading or departure, provided such point-to-point traffic is incidental to the efficient and economical utilization of the instrument in the course of its use in international traffic. Such use does not constitute a diversion to unpermitted point-to-point local traffic within the United States or a withdrawal of an instrument in the United States from its use as an instrument of international traffic under this section.

* * * * *

Before action is taken on this proposed amendment, consideration will be given to all relevant data, views, or arguments which may be submitted in writing to the Commissioner of Customs, Washington, D.C. 20226, not later than 30 days from the date of the publication of this notice in the FEDERAL REGISTER. No hearing will be held.

[SEAL] MYLES J. AMBROSE,
Commissioner of Customs.

Approved: August 16, 1971.

Eugene T. Rossides,
Assistant Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Consumer and Marketing Service

[7 CFR Part 68]

SIGNATURE ON INSPECTION CERTIFICATES

Notice of Proposed Rule Making

Pursuant to the administrative procedure provisions of 5 U.S.C. 553, notice is hereby given that the U.S. Department of Agriculture is proposing amendments to the Part 68 regulations (7 CFR Part 68) under authority contained in sections 203 and 205 of the Agricultural Marketing Act of 1946, 60 Stat. 1087 and 1090, as amended (7 U.S.C. 1622 and 1624).

Statement of considerations. The Agricultural Marketing Act of 1946 provides for the permissive inspection and certification as to class, quality, quantity, and condition of agricultural products under such rules and regulations as the Secretary of Agriculture may prescribe.

The Part 68 regulations under the Act provide that inspection certificates shall be signed and issued by "the inspector." No provision is made for (1) authorizing others to affix the inspector's signature; (2) typing instead of signing the inspector's name; or (3) the signing of certificates by supervisory inspectors or qualified inspection personnel other than inspectors. Further, no guidelines are provided for who should sign certificates for composite inspections in which two or more inspectors participate.

In practice, it has been found beneficial and acceptable to have authorized clerical employees type or affix an inspector's name, to show only one name on certificates for composite inspections, and, on occasion, to show a supervisory inspector's name.

The proposed amendments, if adopted, would provide a needed definition; authorize current practices; and provide needed guidelines in signing and issuing inspection certificates.

It is proposed that:

1. Section 68.2, *Terms defined,* be amended by the addition of "(aa)" to read as follows:

§ 68.2 Terms defined.

* * * * *

(aa) *Official technician.* Any person licensed under the Act and regulations, or any employee of the Department who is authorized under the Act and regulations to perform specified official laboratory functions, including, but not limited to, chemical analyses, mechanical tests, or physical separations, or to perform sampling duties and related services, as specified in the license or authorization.

2. Section 68.14 be amended by changing the introductory paragraph and adding new paragraphs (c), (d), (e), and (f) to read respectively as follows:

§ 68.14 Inspection certificate, issuance.

Immediately after an inspection has been completed, an inspection certificate shall be issued showing the results of the inspection in accordance with paragraph (a) or (b) of this section.

* * * * *

(c) *General authorization to issue Certificates.* Certificates for inspection conducted by a Federal-cooperator inspection service agency may be issued in accordance with paragraph (d) of this section by any official sampler, official technician, or inspector who is employed by the cooperating agency and is licensed to perform and to certify the inspection covered by the certificate: *Provided,* That only a licensed inspector may issue a certificate which shows an official grade determination, with or without additional factor information. Certificates for inspections conducted by the Division may be issued in accordance with paragraph (d) of this section by any official sampler, official technician, inspector, or supervising inspector who is employed by the Department and authorized by the Administrator to perform the inspection covered by the certificate. In no case may a person issue a certificate unless he is licensed or otherwise authorized to issue the certificate.

(d) *Specific requirements for issuing certificates.* The person who is in the best position to know whether an inspection has been performed in an approved manner and whether the final determinations are accurate and true shall issue the certificate for the inspection. If an inspection is performed, in whole or in large part, by one person, the certificate shall be issued by that person. If an inspection is performed by two or more persons, the certificate shall be issued by the person who made the majority of the more significant determinations. However, in any case, a supervisory inspector may issue any official certificate if he is licensed or authorized to perform the inspection covered by the certificate and has ascertained by examination of the product or relevant records that the facts stated in the certificate are true.

(e) *Name requirement.* The name or the signature, or both, of the person who issued the inspection certificate shall be shown on the certificate: *Provided,* That the name and the signature shall be shown on each original export certificate and, upon request of an applicant, shall be shown on other original certificates. If an original certificate is signed, either the signature or a stamped facsimile shall be shown on each copy.

(f) *Authorizations to affix names.* (1) The names or the signatures of official inspection personnel who issue official certificates may be affixed to the official certificates by persons other than the official inspection personnel: *Provided,* That (i) the persons are employed by a cooperating agency or by the Division; (ii) the persons have been designated as authorized agents for this purpose by a Field Office; (iii) a power of attorney authorizing the affixing of the names or signatures has been issued to each such person by each of the official inspection personnel; (iv) if the person is employed by a cooperating agency, the original or a true copy of the designation and of the power of attorney are on file in the office of the agency, and a copy of each document is on file in the Field Office, and in the case of Division personnel, the original or a true copy of the designation and of the power of attorney are on file in the Field Office and a copy of each document is on file in the Regional Office; and (v) the certificate is prepared from an official work record which has been personally signed by the person whose name or signature is shown on the certificate.

(2) When a name or signature of any official inspection personnel issuing a certificate is affixed to an official certificate by an authorized agent, the word "By" and the initials of the given names and surname of the authorized agent shall be shown on the certificate immediately below or following the name or signature of such official inspection personnel.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals should file them in duplicate with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the 30th day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

Done at Washington, D.C., this 18th day of August 1971.

G. R. GRANGE,
Deputy Administrator, Marketing Services.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 71-EA-114]

CONTROL ZONE AND TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the Morgantown, W. Va., control zone (36 F.R. 2107, 12897) and transition area (36 F.R. 2237).

A review of the airspace requirements for the Morgantown, W. Va., terminal area for compliance with the U.S. Standard for Terminal Instrument Procedures indicates that alteration of the control zone and 700-foot-floor transition area will be required.

Interested parties may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Department of Transportation, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y. 11430. All communications received within 30 days after publication in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Airspace and Procedures Branch, Eastern Region. Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested parties at the office of Regional Counsel, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y.

The Federal Aviation Administration, having completed a review of the airspace requirements for the terminal area of Morgantown, W. Va., proposes the airspace action hereinafter set forth:

1. Amend § 71.171 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Morgantown, W. Va., control zone and insert the following in lieu thereof:

Within a 5.5-mile radius of the center, 39°38'34" N., 79°55'01" W., of Morgantown Municipal Airport, Morgantown, W. Va., extending clockwise from a 220° bearing to a 030° bearing from the airport; within a 7.5-mile radius of the center of the airport, extending clockwise from a 030° bearing to a 040° bearing from the airport; within a 14.5-mile radius of the center of the airport, extending clockwise from a 040° bearing to a 075° bearing from the airport; within a 10-mile radius of the center of the airport, extending clockwise from a 075° bearing to a 105° bearing from the airport; within a 9-mile radius of the center of the airport, extending clockwise from a 105° bearing to a 140° bearing from the airport; within a 10-mile radius of the center of the airport, extending clockwise from a 140° bearing to a 202° bearing from the airport; within a 7.5-mile radius of the center of the airport, extending clockwise from a 202° bearing to a 220° bearing from the airport and within 2 miles each side of the 168° bearing from the Bobtown RBN, extending from the 5.5-mile-radius arc to the RBN.

2. Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Morgantown, W. Va., 700-foot-floor transition area and insert the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within an 11.5-mile radius of the center, 39°38'34" N., 79°55'01" W. of Morgantown Municipal Airport, Morgantown, W. Va., extending clockwise from a 205° bearing to a 030° bearing from the airport; within a 19-mile radius of the center of the airport, extending clockwise from a 030° bearing to a 055° bearing from the airport; within an 18-mile radius of the center of the airport, extending clockwise from a 055° bearing to a 065° bearing from the airport; within a 15-mile radius of the center of the airport, extending clockwise from a 065° bearing to a 095° bearing from the airport; within a 16.5-mile radius of the center of the airport, extending clockwise from a 095° bearing to a 157° bearing from the airport; within a 14-mile radius of the center of the airport, extending clockwise from a 157° bearing to a 205° bearing from the airport; within 5 miles each side of the Morgantown VORTAC 152° radial extending from the VORTAC to 9.5 miles southeast of the VORTAC and within 5 miles southwest and 7.5 miles northeast of the

Morgantown VORTAC 334° radial, extending from the 11.5-mile-radius arc to 22 miles northwest of the VORTAC.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Jamaica, N.Y., on August 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.71-12314 Filed 8-23-71;8:46 am]

[14 CFR Part 71]

[Airspace Docket No. 71-EA-116]

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering amending § 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the Indiana, Pa., transition area (36 F.R. 2207).

A review of the airspace requirements in the Indiana terminal area for compliance with the U.S. Standard for Terminal Instrument Procedures indicates a need to alter the 700-foot-floor transition area to provide the controlled airspace necessary to protect aircraft executing the approach procedures for Indiana County-Jimmy Stewart field.

Interested parties may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, Eastern Region, Attention: Chief, Air Traffic Division, Department of Transportation, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, New York 11430. All communications received within 30 days after publication in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with the Federal Aviation Administration officials by contacting the Chief, Airspace and Procedures Branch, Eastern Region. Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested parties at the Office of Regional Counsel, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, N.Y.

The Federal Aviation Administration, having completed a review of the airspace requirements for the terminal area of Indiana, Pa., proposes the airspace action hereinafter set forth:

Amend § 71.181 of Part 71 of the Federal Aviation Regulations so as to delete the description of the Indiana, Pa., 700-foot-floor transition area and insert the following in lieu thereof:

That airspace extending upward from 700 feet above the surface within a 7-mile radius of the center (40°38'00" N., 79°06'15" W.) of Indiana County-Jimmy Stewart Field, Indiana, Pa., and within 3.5 miles each side of the 091° bearing from the Indiana RBN (40°37'54" N., 79°03'51" W.) extending from the 7-mile-radius area to 9.5 miles east of the RBN.

This amendment is proposed under section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Jamaica, N.Y., on August 5, 1971.

LOUIS J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.71-12315 Filed 8-23-71;8:47 am]

[14 CFR Part 71]

[Airspace Docket No. 71-SO-139]

TRANSITION AREA

Proposed Alteration

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Monroe, N.C., transition area.

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Federal Aviation Administration, Southern Region, Air Traffic Division, Post Office Box 20636, Atlanta, GA 30320. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in light of comments received.

The official docket will be available for examination by interested persons at the Federal Aviation Administration, Southern Region, Room 724, 3400 Whipple Street, East Point, GA.

The Monroe transition area described in § 71.181 (36 F.R. 2140) would be redesignated as:

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Monroe Airport (lat. 35°01'15" N., long. 80°38'00" W.); within 3 miles each side of Fort Mill, S.C. VORTAC 264° radial, extending from the 5-mile-radius area to 23 miles east of the VORTAC.

The proposed alteration is required to provide controlled airspace protection for IFR aircraft executing the new VOR/DME A Instrument Approach Procedure, utilizing the Fort Mill, S.C. VORTAC, to Monroe Airport.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in East Point, Ga., on August 12, 1971.

JAMES G. ROGERS,
Director, Southern Region.

[FR Doc.71-12316 Filed 8-23-71;8:47 am]

[14 CFR Part 75]

[Airspace Docket No. 71-RM-13]

JET ROUTE SEGMENT

Proposed Alteration

The Federal Aviation Administration (FAA) is considering an amendment to Part 75 of the Federal Aviation Regulations that would alter Jet Route No. 84 segment between Mina, Nev., and Delta, Utah.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Administrator, 5651 West Manchester Avenue, Post Office 92007, Worldway Postal Center, Los Angeles, CA 90009. All communications received within 30 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Administration, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, DC 20590. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA proposes the realignment of J-84 segment from Mina direct to Delta. This proposed realignment would reduce the en route mileage between these points.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on August 17, 1971.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

ATOMIC ENERGY COMMISSION

[10 CFR Parts 30, 150]

REPORTING AND CONTROL REQUIREMENTS FOR TRITIUM

Notice of Proposed Rule Making

The Atomic Energy Commission is considering the amendment of its regulations in 10 CFR Part 30, "Rules of General Applicability to Licensing of Byproduct Material," and 10 CFR Part 150, "Exemptions and Continued Regulatory Authority in Agreement States under Section 274," to prescribe new reporting and control requirements for tritium in the possession of Commission and Agreement State licensees. These procedures and reports would, in the interest of national security, provide the Commission information within reasonable limits and on a current basis as to the flow of tritium into, out of, and within the country, and inventory quantities at various locations.

AEC licensees and Agreement State licensees would, with certain exceptions, be required to submit to the Commission:

1. A report concerning each transfer and receipt of 1,000 curies or more of tritium per shipment;

2. A statement of their inventories of tritium, within 30 days of the effective date of the proposed amendments and June 30 and December 31 of each year thereafter (if authorized to possess more than 10,000 curies of tritium at any one time and location); and

3. A report concerning any attempted theft or unlawful diversion of more than 10 curies of tritium at any one time or more than 100 curies of tritium in any 1 calendar year.

In addition, licensees authorized to possess more than 10,000 curies of tritium, except tritium incidentally produced in the operation of a production or utilization facility (unless intentionally produced or recovered for subsequent use), would be required to maintain written material control and accounting procedures for assuring that tritium in their possession under license will be adequately accounted for.

A copy of Form AEC-741, on which transfers of tritium would be reported, and related printed instructions, is available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, DC. Copies may be obtained by addressing a request to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545.

Pursuant to the Atomic Energy Act of 1954, as amended, and section 553 of title 5 of the United States Code, notice is hereby given that adoption of the following amendments of 10 CFR Parts 30 and 150 is contemplated. All interested persons who desire to submit written comments or suggestions should send them to the Secretary of the Commission, U.S. Atomic Energy Commission, Washington, D.C. 20545, Attention: Chief, Public Proceedings Branch, within sixty (60) days after publication of this notice in the FEDERAL REGISTER. Comments received after that period will be considered if it is practicable to do so, but assurance of consideration cannot be given except as to comments filed within the period specified. Copies of comments on the proposed amendments may be examined at the Commission's Public Document Room at 1717 H Street NW., Washington, DC.

1. The undesignated center head preceding § 30.51 of 10 CFR Part 30 is amended to read as follows:

RECORDS, INSPECTIONS, TESTS, PROCEDURES, AND REPORTS

2. New §§ 30.54 and 30.55 are added to 10 CFR Part 30 to read as follows:

§ 30.54 Control and accounting procedures for tritium.

(a) Except as specified in paragraph (b) of this section, each licensee who is authorized to possess at any one time and location more than 10,000 curies of tritium shall establish and maintain written material control and accounting procedures that are sufficient to enable the licensee to account for the tritium in his possession under specific license.

(b) Written material control and accounting procedures are not required for tritium produced or possessed within a production or utilization facility incidental to the operation of the facility or for tritium contained in spent fuel, other than tritium intentionally produced in or recovered from a production or utilization facility for any subsequent use.

§ 30.55 Tritium reports.

(a) Except as specified in paragraph (d) of this section, each licensee who transfers or receives at any one time 1,000 curies or more of tritium shall complete and distribute a Nuclear Material Transfer Report on Form AEC-741, in accordance with the printed instructions for completing the form. Each licensee who transfers such material shall submit a completed copy of Form AEC-741 to the Commission and three copies to the receiver of the material promptly after the transfer takes place. Each licensee who receives such material shall submit a completed copy of Form AEC-741 to the Commission and to the shipper of the material within ten (10) days after the material is received. The Commission's copies of the reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830.

(b) Except as specified in paragraphs (d) and (e) of this section, each licensee who is authorized to possess at any one time and location more than 10,000 curies of tritium shall submit to the Commission within thirty (30) days after ----------[1], and within thirty (30) days after June 30 and December 31 of each year thereafter, a statement of his tritium inventory to the nearest hundredth of a gram calculated at 10,000 curies per gram. The reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830, and shall include the Reporting Identification Symbol (RIS) assigned by the Commission to the licensee.

(c) Except as specified in paragraph (d) of this section, each licensee who is authorized to possess, import, or export tritium shall report promptly to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, by telephone, telegram, or teletype any incident in which an attempt has been made or is believed to have been made to commit a theft or unlawful diversion of more than 10 curies of such material at any one time or more than 100 curies of such material in any one calendar year. The initial report shall be followed within a period of fifteen (15) days by a written report submitted to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, which sets forth the details of the incident and its consequences. Subsequent to the submission of the written report required by this paragraph, the licensee shall promptly inform the Division of Nuclear Materials Safeguards by means of a written report of any substantive additional information, which becomes available to the licensee, concerning an attempted or apparent theft or unlawful diversion of tritium.

(d) The reports described in this section are not required for tritium possessed pursuant to a general license provided in Part 31 of this chapter or for tritium contained in spent fuel.

(e) The reports described in paragraph (b) of this section are not required for tritium produced or possessed within a production or utilization facility incidental to the operation of the facility, other than tritium intentionally produced by or recovered from a production or utilization facility for any subsequent use.

(Secs. 81, 82, 161, 68 Stat. 935, 948; 42 U.S.C. 2111, 2112, 2201)

3. Section 150.10 of 10 CFR Part 150 is amended to read as follows:

§ 150.10 Persons exempt.

Except as provided in §§ 150.15, 150.16, 150.17, 150.18, and 150.19, any person in an Agreement State who manufactures, produces, receives, possesses, uses, or transfers byproduct material, source material, or special nuclear material in quantities not sufficient to form a critical mass is exempt from the requirements for a license contained in chapters 6, 7, and 8 of the Act, regulations of the Commission imposing licensing requirements upon persons who manufacture, produce, receive, possess, use, or transfer such materials, and from regulations of the Commission applicable to licensees. The exemptions in this section do not apply

[1] Effective date of this amendment.

to agencies of the Federal Government as defined in § 150.3.

4. New §§ 150.18 and 150.19 are added to 10 CFR Part 150 to read as follows:

§ 150.18 Control and accounting procedures for tritium.

(a) Except as specified in paragraph (b) of this section, each person who, pursuant to an Agreement State license, is authorized to possess at any one time and location more than 10,000 curies of tritium shall establish and maintain written material control and accounting procedures which are sufficient to enable such person to account for the tritium in his possession under specific license.

(b) Written material control and accounting procedures are not required for tritium contained in spent fuel.

§ 150.19 Submission to Commission of tritium reports.

(a) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, transfers or receives at any one time 1,000 curies or more of tritium shall complete and distribute a Nuclear Material Transfer Report on Form AEC-741, in accordance with the printed instructions for completing the form. Each person who transfers such material shall submit a completed copy of Form AEC-741 to the Commission and three copies to the receiver of the material promptly after the transfer takes place. Each person who receives such material shall submit a completed copy of Form AEC-741 to the Commission and to the shipper of the material within ten (10) days after the material is received. The Commission's copies of the reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830.

(b) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, is authorized to possess at any one time and location more than 10,000 curies of tritium shall submit to the Commission within thirty (30) days after ----------,[1] and within thirty (30) days after June 30 and December 31 of each year thereafter, a statement of his tritium inventory to the nearest hundredth of a gram calculated at 10,000 curies per gram. The reports shall be submitted to the U.S. Atomic Energy Commission, Post Office Box E, Oak Ridge, TN 37830, and shall include the Reporting Identification Symbol (RIS) assigned by the Commission to such person.

(c) Except as specified in paragraph (d) of this section, each person who, pursuant to an Agreement State license, is authorized to possess tritium or who, pursuant to § 36.31 of this chapter, is authorized to import tritium shall report promptly to the Director, Division of Nuclear Materials Safeguards, by telephone, telegram, or teletype any incident in which an attempt has been made or is believed to have been made to commit a theft or unlawful diversion of more than 10 curies of such material at any one time or 100 curies of such material in any one calendar year. The initial report shall be followed within a period of fifteen (15) days by a written report submitted to the Director, Division of Nuclear Materials Safeguards, U.S. Atomic Energy Commission, Washington, D.C. 20545, which sets forth the details of the incident and its consequences. Subsequent to the submission of the written report required by this paragraph, each person subject to the provisions of this paragraph shall promptly inform the Division of Nuclear Materials Safeguards by means of a written report of any substantive additional information, which becomes available to such person, concerning an attempted or apparent theft or unlawful diversion of tritium.

(d) The reports described in this section are not required for tritium possessed pursuant to a general license issued pursuant to regulations of an Agreement State equivalent to Part 31 of this chapter or for tritium in spent fuel.

(Sec. 161, 274, 68 Stat. 948, 73 Stat. 688; 42 U.S.C. 2201, 2021)

Dated at Washington, D.C., this 6th day of August 1971.

For the Atomic Energy Commission.

W. B. McCool,
Secretary of the Commission.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Parts 230, 270]

[Releases Nos. 33-5173, IC-6635]

DEFINITION OF "PUBLIC OFFERING" AS RELATED TO SECURITIES OF SMALL BUSINESS INVESTMENT COMPANIES

Proposed Repeal of Rules

Notice is hereby given that the Securities and Exchange Commission proposes to repeal Rule 3c-1 under the Investment Company Act of 1940 (17 CFR 270.3c-1) and Rule 151 under the Securities Act of 1933 (17 CFR 230.151). The two rules were adopted in February 1959 (25 F.R. 8026), to aid in the implementation of the Small Business Act of 1958 (Small Business Act) which originally provided that small business concerns receiving capital from a small business investment company (SBIC) had to purchase stock in the investment company.

Both Rule 3c-1 and Rule 151 provide that the term, "public offering" as used in section 3(c)(1) of the Investment Company Act (15 U.S.C. 80a-3(c)(1)) and section 4(2) of the Securities Act (15 U.S.C. 77d(2)), respectively should not be deemed to include an offer or sale of the capital stock of an SBIC licensed under the Small Business Act to small business concerns pursuant to section 304 of that Act, provided certain conditions were met.

In 1960, the Small Business Act was amended to provide that small business concerns were no longer required to buy stock in the investment company, but retained a right to buy stock if they wished (Public Law 86-502, section 304 (c)) (15 U.S.C. 684). The Commission also amended the two rules to make them consistent with the 1960 amendment to the Small Business Act.

On October 11, 1967, Congress repealed section 304(c) of the Small Business Act effective January 9, 1968 (Public Law 90-104). The Senate Committee on Banking and Currency stated that the reason was that section 304(c) gave rise to numerous "administrative and regulatory problems." (Senate Report No. 368 to accompany S. 1862, Committee on Banking and Currency of the U.S. Senate, June 27, 1967.)

Following repeal of section 304(c) the Small Business Administration on January 9, 1968, amended its regulation section 13 CFR 107.1001 (33 F.R. 326) to read:

> No funds may be provided by a licensee [SBIC] for:
>
> (a) *Relending, reinvesting, etc.* Relending or reinvesting by the small business concern * * *
>
> (b) *Financing licenses.* Use directly, or indirectly to purchase stock in or otherwise provide capital for a licensee, or to repay indebtedness to accomplish such purpose.[1]

Thus, it appears that in view of the repeal of section 304(c) and the amendment of § 107.1001 there is a substantial question whether small business concerns financed by SBICs may invest in SBICs and Rules 3c-1 and 151 may no longer serve any purpose. Therefore, the Commission proposes to repeal Rules 3c-1 and 151.

All interested persons are invited to submit views and comments on the proposed repeal. Any views or comments should be submitted in writing to the Securities and Exchange Commission, Washington, D.C. 20549, on or before September 2, 1971. All communication will be available for public inspection.

Commission action. The Commission proposes to amend Parts 230 and 270 of Chapter II of Title 17 of the Code of Federal Regulations by deleting therefrom §§ 230.151 and 270.3c-1, respectively.

(Sec. 38(a), 54 Stat. 841, 15 U.S.C. 80a-37(a); sec. 19(a), 48 Stat. 85, 15 U.S.C. 77s(a); Public Law 90-104)

By the Commission, August 2, 1971.

[SEAL] Ronald F. Hunt,
Acting Associate Secretary.

[FR Doc.71-12330 Filed 8-23-71;8:49 am]

[1] Prior to repeal of section 304(c) the regulation read: "No funds may be provided by a licensee for: (a) Relending and reinvesting (1) * * * nor may funds be provided to a small business concern if the business activity of such concern involves the investing of funds * * * (2) Financing Licensees * * * *Provided, however,* The foregoing prohibition shall not apply to any purchase of stock made by any eligible small business concern pursuant to § 107.501 [under section 304(c) of Small Business Act], in a licensee from which it received equity financing" 13 CFR 107.715.

FEDERAL TRADE COMMISSION

[16 CFR Part 434]

LABELING AND ADVERTISING REQUIREMENTS FOR DETERGENTS

Administration's Recommendations to the Proposed Trade Regulation Rule and Additional Time for Submission of Written Comment Thereto

Public hearings were held in April and June 1971 regarding the proposed Trade Regulation Rule concerning Labeling and Advertising Requirements for Detergents. The closing date for the submission of written comments to be placed on the public record for this proceeding had been extended to August 23, 1971, by announcement at the June 16, 1971, hearing.

The Council on Environmental Quality, on behalf of the Administration, has requested the Commission to extend the date for filing the Administration's recommendations and conclusions concerning the proposed rule. The Commission has been informed that the Council will file such data with the Commission by September 17, 1971. In order to allow for the filing of the above, and to allow for the filing by interested parties of written data, views, or arguments with respect to such recommendations and conclusions, the date for submitting such data, views, or arguments for the Public Record is being extended to October 15, 1971.

Upon receipt of the Administration's recommendations and conclusions, they will be placed on the Public Record and will be available for public inspection in Room 130 of the Division of Legal and Public Records, Federal Trade Commission, Washington, D.C. All such data, views, or arguments filed not later than October 15, 1971, will be considered by the Commission in determining the proper disposition of this matter.

Approved: August 20, 1971.

By direction of the Commission.

[SEAL] Paul M. Trueblood,
Acting Secretary.

DEPARTMENT OF STATE

Agency for International Development

DIRECTOR FOR CAPITAL DEVELOPMENT AND FINANCE, OFFICE OF EAST ASIA DEVELOPMENT PROGRAMS

Redelegation of Authority

Pursuant to the authority delegated to me by A.I.D. Delegation of Authority No. 5, dated December 29, 1961, as amended, I hereby redelegate to the Director for Capital Development and Finance, authority to exercise any of the functions for countries within my area of responsibility, retaining for myself concurrent authority to exercise any of the functions herein redelegated:

1. Authority to negotiate and execute loan agreements and amendments thereto, with respect to loans authorized under the Foreign Assistance Act of 1961, as amended (the Act), in accordance with the terms of the authorization of such loan;

2. Authority to implement loan agreements with respect to loans authorized under the Act and by the Board of Directors of the Corporate Development Loan Fund including the following:

(a) Authority to prepare, negotiate, sign, and deliver letters of implementation;

(b) Authority to review and approve documents and other evidence submitted by borrowers in satisfaction of conditions precedent to financing under such loan agreements;

(c) Authority to negotiate, execute and implement all agreements and other documents ancillary to such loan agreements; and

(d) Authority to approve contractors, review, and approve the terms of contracts, amendments and modifications thereto, and invitations for bids with respect to such contracts financed by funds made available under such loan agreements.

The authorities herein redelegated may be exercised by a person who is performing the functions of the Director in an "Acting" capacity.

The authorities enumerated above may be redelegated to Mission Directors for countries within my area of responsibility in whole or in part as may be deemed necessary or desirable.

This Redelegation of Authority is effective immediately.

Dated: August 10, 1971.

WILLARD H. MEINECKE,
Acting Director, Office of East Asia Development Programs.

[FR Doc.71-12292 Filed 8-23-71;8:45 am]

DIRECTOR OF PROCUREMENT MANAGEMENT OFFICE OF INTER-REGIONAL PROGRAMS, BUREAU FOR SUPPORTING ASSISTANCE

Redelegation of Authority Regarding Contracting Functions

Pursuant to the authority delegated to me by A.I.D. Delegation of Authority No. 17 from the Administrator, dated June 14, 1962, as amended and by Subpart 7-30.4 of the A.I.D. Procurement Regulations, I hereby redelegate, for countries or areas within my area of responsibility, authority to the Director of Procurement Management, Office of Inter-Regional Programs, Bureau for Supporting Assistance, to sign or approve the following:

(1) Contracts and amendments to contracts, financed in whole or in part by A.I.D., other than contracts exclusively for the supply of commodities, and grants, other than to a foreign government, or agencies of a foreign government;

(2) Letters of Commitment and Notices of Approval for Financing of Cooperating Country Contracts for Contracts described in paragraph (1) above;

(3) Amendment or modification (pursuant to Executive Order 11223) involving less than $25,000 of A.I.D.-financed contracts entered into with nonprofit institutions under which no fee is charged or paid, where the amendment or modification is requested by the contractor and does not involve a consideration for the United States: *Provided*, That all such amendments or modifications are requested prior to final payment under the contract;

(4) Advance payments and the required determination and findings for such payments under A.I.D.-financed nonprofit contracts with nonprofit educational or research institutions.

The authorities herein redelegated may be exercised by a person who is performing the functions of the Director of Procurement Management in an "Acting" capacity. The authorities are to be exercised in accordance with regulations, procedures and policies now or hereafter established or modified and promulgated within A.I.D. The authorities redelegated herein may not be further redelegated.

The Redelegation of Authority from the Assistant Administrator for East Asia to the Director, Office of Procurement Management, dated February 24, 1971 (36 F.R. 4301), is hereby superseded.

This Redelegation of Authority is effective immediately.

Dated: August 10, 1971.

ARMARES FISHING

Notice of Loan Application

AUGUST 16, 1971.

Armares Fishing, 1800 Northwest 35th Street, Miami, FL 33142, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used wood vessel, about 68 feet in length, to operate in the fishery for lobster.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above-entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Interior Building, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director. National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

PHILIP M. ROEDEL,
Director.

[Docket No. A-579]

WILLIAM H. SPARKS

Notice of Loan Application

AUGUST 16, 1971.

William H. Sparks, Box 93, Haines, AK 99827, has applied for a loan from the Fisheries Loan Fund to aid in financing the purchase of a used fiberglass vessel, about 29-foot in length, to engage in the fishery for salmon and halibut.

Notice is hereby given, pursuant to the provisions of 16 U.S.C. 742c, Fisheries Loan Fund Procedures (50 CFR Part 250, as revised), and Reorganization Plan No. 4 of 1970, that the above entitled application is being considered by the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce, Interior Building, Washington, D.C. 20235. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, National Marine Fisheries Service, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operation of the vessel will or will not cause such economic hardship or injury.

ATOMIC ENERGY COMMISSION

[Docket No. 50-208]

TRUSTEES OF COLUMBIA UNIVERSITY, CITY OF NEW YORK

Notice of Commencement of Proceeding

Notice is hereby given that the proceeding in the above captioned matter will commence at 10 a.m. on Wednesday, October 27, 1971, in Courtroom No. 1, U.S. Tax Court, 1111 Constitution Avenue NW., Washington, DC 20044. This proceeding is held to hear oral argument and review further evidence in accordance with the Atomic Safety and Licensing Appeal Board's Memoranda and Orders dated June 14, 1971, and August 6, 1971.

Dated: August 18, 1971.

By the Atomic Safety and Licensing Appeal Board.

WILLIAM L. WOODARD,
Assistant Executive Secretary.

CIVIL AERONAUTICS BOARD

[Docket No. 23646; Order 71-8-84]

BUCKEYE AIR SERVICE, INC.

Order To Show Cause Regarding Service Mail Rate

Issued under delegated authority August 18, 1971.

The Postmaster General filed a notice of intent July 23, 1971, pursuant to 14 CFR Part 298, petitioning the Board to establish for the above-captioned air taxi operator, a final service mail rate of 56.44 cents per great circle aircraft mile for the transportation of mail by aircraft between Detroit, Mich., and Buffalo, N.Y., based on five round trips per week.

No protest or objection was filed against the proposed services during the time for filing such objections. The Postmaster General states that the Postal Service and the carrier agree that the above rate is a fair and reasonable rate of compensation for the proposed services. The Postmaster General believes these services will meet postal needs in the market. He states the air taxi plans to initiate mail service with Beechcraft S-18 or equivalent twin-engine aircraft.

It is in the public interest to fix, determine, and establish the fair and reasonable rate of compensation to be paid by the Postmaster General for the proposed transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between the aforesaid points. Upon consideration of the notice of intent and other matters officially noticed, it is proposed to issue an order [1] to include the following findings and conclusions:

The fair and reasonable final service mail rate to be paid to Buckeye Air Service, Inc., in its entirety by the Postmaster General pursuant to section 406 of the Act for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, shall be 56.44 cents per great circle aircraft mile between Detroit, Mich., and Buffalo, N.Y., based on five round trips per week flown with Beechcraft S-18 or equivalent twin-engine aircraft.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and regulations promulgated in 14 CFR Part 302, 14 CFR Part 298, and 14 CFR 385.16(f).

It is ordered, That: 1. Buckeye Air Service, Inc., the Postmaster General, Allegheny Airlines, Inc., American Airlines, Inc., Mohawk Airlines, Inc., and all other interested persons are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions and fix, determine, and publish the final rate specified above for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith as specified above as the fair and reasonable rate of compensation to be paid to Buckeye Air Service, Inc.;

2. Further procedures herein shall be in accordance with 14 CFR Part 302, and notice of any objection to the rate or to the other findings and conclusions proposed herein, shall be filed within 10 days, and if notice is filed, written answer and supporting documents shall be filed within 30 days after service of this order;

3. If notice of objection is not filed within 10 days after service of this order, or if notice is filed and answer is not filed within 30 days after service of this order, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and fix and determine the final rate specified herein;

4. If answer is filed presenting issues for hearing, the issues involved in determining the fair and reasonable final rate shall be limited to those specifically raised by the answer, except insofar as other issues are raised in accordance with Rule 307 of the rules of practice (14 CFR 302.307); and

5. This order shall be served on Buckeye Air Service, Inc., the Postmaster General, Allegheny Airlines, Inc., American Airlines, Inc., and Mohawk Airlines, Inc.

This order will be published in the FEDERAL REGISTER.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.71-12348 Filed 8-23-71;8:50 am]

[1] As this order to show cause is not a final action, it is not regarded as subject to the review provisions of 14 CFR Part 385. These provisions will apply to final action taken by the staff under authority delegated in § 385.16(g).

[Dockets Nos. 22859, 23711; Order 71-8-72]

DELTA AIR LINES, INC.

Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 16th day of August 1971.

By tariff revision [1] filed July 19, and marked to become effective August 18, 1971, Delta Air Lines, Inc. (Delta), proposes to adhere to an industry rule covering charges for shipments containing pieces in excess of 118 inches in length or 88 inches in width, applicable to interstate air transportation.[2] This rule requires advance arrangements for such shipments, and that, if the shipment cannot be loaded in the cargo compartment of a passenger aircraft, or the lower compartment of all-cargo aircraft, Delta will notify the shipper. The shipper may either request (a) the return of the shipment, or (b) that Delta transport the shipment on all-cargo aircraft on pallets furnished by the carrier. The pallets to be furnished are 118 inches in length and 88 inches in width, and Delta proposes to assess charges on such shipments by using either the actual weight of the shipment, or by assessing a minimum weight of 6,000 pounds for each pallet in the shipment, whichever produces the higher charge. The rule further assesses a single charge of $25 for both loading and unloading those shipments that are acceptable under the rule, and provides that shipments containing pieces of a length of 264 or more inches, or a width of 118 inches or more, are not acceptable. Delta's proposal differs from the rules of the other carriers in that the currently effective rules of the other carriers impose minimum weights ranging from 2,415 to 3,500 pounds per pallet, whereas Delta proposes a minimum weight of 6,000 pounds per pallet. In addition, the pallets furnished by the other carriers are 108 by 88 inches and 125 by 88 inches. No complaints have been received.

In support of its filing, Delta states that:

1. The rule will enable it to assess equitable charges for unusual shipments since such shipments block off otherwise usable space in the aircraft;

2. The Lockheed-Hercules L100-20 propellor aircraft has only a single main cargo compartment, as there is no lower belly compartment, and this aircraft has a 750-pound per square foot floor-bearing weight capacity, compared with typically 200 to 300 pounds per square foot floor-bearing weight capacity of jet aircraft with upper and lower cargo compartments;

3. A minimum weight of 6,000 pounds per pallet is proper because the pallet utilized in the L100-20 all-cargo aircraft has approximately twice the carrying potential of those pallets used in other all-cargo aircraft with upper and lower cargo compartments;

4. The combination of a main cargo compartment and heavy-duty deck permits each pallet to be loaded to a much greater height and with a greater weight than can those pallets carried on other all-cargo aircraft with upper and lower cargo compartments; and

5. Assuming a reasonable cargo density of 10 pounds per cubic foot, a fully loaded pallet measuring 118 by 88 inches (representing approximately 600 cubic feet of cargo space) will result in a payload of 6,000 pounds.

Upon consideration of all relevant factors, the Board finds that Delta's proposed rule may be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and should be investigated. The Board further concludes that the rule should be suspended pending investigation.[3]

[1] Rule No. 40 of Airline Tariff Publishers, Inc., Agent's, CAB No. 8 (Agent J. Aniello series).

[2] The currently effective rules of similar import on behalf of Airlift International, Inc.; Alaska Airlines, Inc.; American Airlines, Inc.; Braniff Airways, Inc.; Northwest Airlines, Inc.; also operating as Northwest Orient Airlines; The Flying Tiger Line Inc.; Trans World Airlines, Inc.; United Air Lines, Inc.; and Wien Consolidated Airlines, Inc., are presently under investigation in Docket 22859, Domestic Air Freight Rate Investigation. Delta's rule will automatically be embraced in the above proceeding.

[3] While the Board recognizes that shipments containing pieces in excess of 118 or 125 inches in length will present problems to the carriers with respect to the efficient utilization of the cubic capacity of the aircraft, there are undoubtedly some inequities in charging for the space of two or three pallets where the shipment contains one or more pieces in excess of 118 or 125 inches in length, particularly when the application of the length alone may not accurately indicate the amount of useable aircraft space preempted by a piece of a shipment, e.g., one roll of carpet with a length of 119 inches may require the use of two pallets at a charge based on not less than 12,000 pounds, notwithstanding that it could possibly fit on one pallet diagonally, or that a considerable additional quantity of other freight on hand could be used to fill the remaining capacities of the pallets.

Based on Delta's currently effective tariff rule [4] 600 cubic feet of cargo space would equate to approximately 4,148 pounds. The instant proposal would, therefore, effect an increase of approximately 45 percent in cubic dimensional weight, as well as in the charges on such traffic. Delta, however, has not presented any sound reasons or adequate support why it should be permitted to assess higher charges than the industry level by use of a cubic dimensional weight of 10 pounds per cubic foot in lieu of its currently effective cubic dimensional weight of 6.9 pounds per cubic foot applicable to all other traffic generally, and the Board will not permit such a sharp increase to become effective without investigation.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 1002 thereof.

It is ordered, That:

1. An investigation be instituted to determine whether the charges and provisions in Rule No. 40 applicable to "DL" on Third Revised Page 14-I of Airline Tariff Publishers, Inc., Agent's CAB No. 8 (Agent J. Aniello series), and rules, regulations, or practices affecting such charges and provisions are, or will be, unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful charges and provisions, and rules, regulations, or practices affecting such charges and provisions;

2. Pending hearing and decision by the Board, the addition of the carrier "DL" and all charges and provisions in connection with such carrier in Rule No. 40 on Third Revised Page 14-I of Airline Tariff Publishers, Inc., Agent's CAB No. 8 (Agent J. Aniello series), is suspended and its use deferred to and including November 15, 1971, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension, except by order or special permission of the Board;

3. The proceeding herein, designated as Docket 23711, be assigned for hearing before an examiner of the Board at a time and place hereafter to be designated; and

4. Copies of this order shall be filed with the tariff and served upon Delta Air Lines, Inc., which is hereby made a party to this proceeding.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HARRY J. ZINK,
Secretary.

[FR Doc.71-12346 Filed 8-23-71;8:50 am]

[4] Rule No. 50 (Charges For Weight) of Airline Tariff Publishers, Inc., Agent's CAB No. 96 provides for a minimum density requirement of 6.9 pounds per cubic foot on traffic generally.

FRONTIER AIRLINES, INC.

Investigation of Local Service Class Subsidy Mail Rate; Notice of Prehearing Conference Regarding "Other Revenue" Issue

Notice is hereby given that a prehearing conference in the above-entitled matter is assigned to be held on October 6, 1971, at 10 a.m., in Room 503, Universal Building, 1825 Connecticut Avenue NW., Washington, DC., before Examiner Thomas P. Sheehan.

In order to facilitate the conduct of the conference parties are instructed to submit to the examiner and other parties: (1) proposed statements of issues; (2) proposed stipulations; (3) requests for information; (4) statement of positions of parties; and (5) proposed procedural dates. The Bureau of Economics will circulate its material on or before September 15, 1971, and the other parties or or before September 29, 1971. The submissions of the other parties shall be limited to points on which they differ with the Bureau of Economics.

Dated at Washington, D.C., August 18, 1971.

[Docket No. 23647; Order 71-8-83]

JIM HANKINS AIR SERVICE, INC.

Order To Show Cause Regarding Service Mail Rate

Issued under delegated authority August 18, 1971.

The Postmaster General filed a notice of intent July 23, 1971, pursuant to 14 CFR Part 298, petitioning the Board to establish for the above-captioned air taxi operator, a final service mail rate of 58.3 cents per great circle aircraft mile for the transportation of mail by aircraft between Detroit, Mich., Indianapolis, Ind., and St. Louis, Mo., based on 10 one-way trips per week.

No protest or objection was filed against the proposed services during the time for filing such objections. The Postmaster General states that the Postal Service and the carrier agree that the above rate is a fair and reasonable rate of compensation for the proposed services. The Postmaster General believes these services will meet postal needs in the market. He states the air taxi plans to initiate mail service with two Beech S-18 or equivalent twin-engine aircraft.

It is in the public interest to fix, determine, and establish the fair and reasonable rate of compensation to be paid by the Postmaster General for the proposed transportation of mail by aircraft, the facilities used and useful therefor,

and the services connected therewith, between the aforesaid points. Upon consideration of the notice of intent and other matters officially noticed, it is proposed to issue an order[1] to include the following findings and conclusions:

The fair and reasonable final service mail rate to be paid to Jim Hankins Air Service, Inc., it its entirety by the Postmaster General pursuant to section 406 of the Act for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, shall be 58.3 cents per great circle aircraft mile between Detroit, Mich., Indianapolis, Ind., and St. Louis, Mo., based on 10 one-way trips per week flown with two Beech S–18 or equivalent twin-engine aircraft.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a) and 406 thereof, and regulations promulgated in 14 CFR Part 302, 14 CFR Part 298, and 14 CFR 385.16(f),

It is ordered, That:

1. Jim Hankins Air Service, Inc., the Postmaster General, Allegheny Airlines, Inc., American Airlines, Inc., Delta Air Lines, Inc., Trans World Airlines, Inc., Ozark Air Lines, Inc., and all other interested persons are directed to show cause why the Board should not adopt the foregoing proposed findings and conclusions and fix, determine, and publish the final rate specified above for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith as specified above as the fair and reasonable rate of compensation to be paid to Jim Hankins Air Service, Inc.;

2. Further procedures herein shall be in accordance with 14 CFR Part 302, and notice of any objection to the rate or to the other findings and conclusions proposed herein, shall be filed within 10 days, and if notice is filed, written answer and supporting documents shall be filed within 30 days after service of this order;

3. If notice of objection is not filed within 10 days after service of this order, or if notice is filed and answer is not filed within 30 days after service of this order, all persons shall be deemed to have waived the right to a hearing and all other procedural steps short of a final decision by the Board, and the Board may enter an order incorporating the findings and conclusions proposed herein and fix and determine the final rate specified herein;

4. If answer is filed presenting issues for hearing, the issues involved in determining the fair and reasonable final rate shall be limited to those specifically raised by the answer, except insofar as other issues are raised in accordance with Rule 307 of the rules of practice (14 CFR 302.307); and

[1] As this order to show cause is not a final action, it is not regarded as subject to the review provisions of 14 CFR Part 385. These provisions will apply to final action taken by the staff under authority delegated in § 385.16(g).

5. This order shall be served on Jim Hankins Air Service, Inc., the Postmaster General, Allegheny Airlines, Inc., American Airlines, Inc., Delta Air Lines, Inc., Trans World Airlines, Inc., and Ozark Air Lines, Inc.

This order will be published in the FEDERAL REGISTER.

[SEAL] HARRY J. ZINK,
Secretary.

The Civil Service Commission invites interested parties, within 45 days of the publication of this notice, to submit written comments or suggestions relative to the guidelines to the Bureau of Policies and Standards, Civil Service Commission, 1900 E Street NW., Washington, DC 20415.

Comments and suggestions submitted will be evaluated and may be incorporated into future revisions of the guidelines. Until revised, however, these guidelines will remain as published.

Dated: August 24, 1971.

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.71-12322 Filed 8-23-71; 8:47 am]

FEDERAL COMMUNICATIONS COMMISSION

[Report No. 557]

COMMON CARRIER SERVICES INFORMATION [1]

Domestic Public Radio Services Applications Accepted for Filing [2]

AUGUST 16, 1971.

Pursuant to §§ 1.227(b)(3) and 21.30 (b) of the Commission's rules, an application, in order to be considered with any domestic public radio services application appearing on the list below, must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business 1 business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which subsequent applications are in conflict) as having been accepted for filing. An application which is subsequently amended by a major change will be considered to be a newly filed application. It is to be noted that the cutoff dates are set forth in the alternative—applications will be entitled to consideration with those listed in the appendix if filed by the end of the 60-day period, only if the Commission has not acted upon the application by that time pursuant to the first alternative earlier date. The mutual exclusivity rights of a new application are governed by the earliest action with respect to any one of the earlier filed conflicting applications.

The attention of any party in interest desiring to file pleadings pursuant to section 309 of the Communications Act of 1934, as amended, concerning any domestic public radio services application accepted for filing, is directed to § 21.27 of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

[1] All applications listed below are subject to further consideration and review and may be returned and/or dismissed if not found to be in accordance with the Commission's rules, regulations, and other requirements.

[2] The above alternative cutoff rules apply to those applications listed below as having been accepted in Domestic Public Land Mobile Radio, Rural Radio, Point-to-Point Microwave Radio, and Local Television Transmission Services (Part 21 of the rules).

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

File No., applicant, call sign and nature of application

609-C2-P-72—Instant Communications, Inc. (KQD303), C.P. to relocate facilities operating on 158.70 MHz to a new site described as location No. 2: 10 Witherell Street, Detroit, MI.

610-C2-MP-72—George E. Kitchen & Associates (KWA873), Modification of C.P. to replace the transmitter operating on 158.70 MHz, change the antenna system and relocate facilities to 4.5 miles northeast of Benton Harbor, MI.

612-C2-P-72—Forester Radiotelephone Inc. (KKO344), C.P. for additional facilities to operate on frequency 43.58 MHz at a new site described as location No. 3: 2001 Bryan Street, Dallas, TX.

613-C2-MP-72—Autofone Co. (KOP257), Modification of C.P. to replace the transmitter for 152.210 MHz at location No. 4: Near Pacific Highway West and Western Avenue, McMinnville, Oreg.

614-C2-P-72—North Shore Communications, Inc. (KCC483), C.P. for additional frequencies to operate on frequency 454.300 MHz, located at No. 3 Sidney Street, Wakefield, MA.

622-C2-P-72—Valley Telephone Co. (New), C.P. for a new two-way station to be located at 3 miles southeast of Baggs, Wyo., to operate on frequency 152.66 MHz.

623-C2-P-72—General Communications Service, Inc. (KOH280), C.P. for additional facilities to operate on 158.70 MHz at station located at 7.5 miles south of Phoenix, Ariz.

624-C2-P-72—Shaw-Rose Communications, Inc. (KED360), C.P. to replace the standby transmitter operating on 152.12 MHz, located at 337 Driftway Road, Greenbrook, NJ.

654-C2-P-(2)-72—Airsignal International, Inc. (New), C.P. for a new one-way station to operate on frequency 43.58 MHz to be located at location No. 1: The Continental Bank Building, 714 Houston Street, Fort Worth, TX, and at location No. 2: Fidelity Union Tower, Pacific and Akard Streets, Dallas, TX.

655-C2-P-(5)-72—RAM Broadcasting of Massachusetts, Inc. (KCC263), C.P. for additional facilities to operate on frequencies 152.120, 152.090, and 454.300 MHz at a new site described as location No. 4: At the northeast corner of intersection of Routes No. 24 & No. 123, Brockton, Mass., and for additional facilities to operate on 454.300 MHz (new) and 152.090 MHz (relocated from location No. 1) at another new site described as location No. 5: No. 1 Boston Place, Boston, MA.

707-C2-P-72—Cascade Utilities Inc. (KOP324), C.P. for additional facilities to operate on 454.375 MHz at station located on Day Hill Road, 2 miles south of Estacada, Oreg.

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIER)—Continued

625-C1-MP-72—Peninsula Telephone & Telegraph Co. (KPG69), Modification of C.P. to replace transmitters with Farinon SS6000-YC-02 and change frequency 6130.5 MHz to 6204.7 MHz toward Port Angeles, Wash.

627-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Omaha, latitude 41°15'30", longitude 95°56'19". Frequency 4150 on azimuth 182°.

628-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Nehaka, latitude 40°54'00", longitude 95°57'30". Frequency 3870 on azimuth 2° and 3750 on azimuth 69°.

629-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Emerson, latitude 41°03'25"; longitude 95°24'00". Frequency 3950 on azimuth 250° and 3950 on azimuth 52°.

630-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Lewis, latitude 41°16'20", longitude 95°02'10". Frequency 3750 on azimuth 232° and 3750 on azimuth 30°.

631-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, North Branch, latitude 41°38'20", longitude 94°45'01". Frequency 3950 on azimuth 210° and 3950 on azimuth 76°.

632-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Panora, latitude 41°43'08", longitude 94°18'38". Frequency 3750 on azimuth 257° and 3750 on azimuth 79°.

633-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Alleman, latitude 41°49'09", longitude 93°36'11". Frequency 3950 on azimuth 259°, 3950 on azimuth 53°, and 3870 on azimuth 175°.

634-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Des Moines, latitude 41°37'59", longitude 93°34'52". Frequency 4150 on azimuth 355°.

635-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, State Center, latitude 42°02'50", longitude 93°12'00". Frequency 3750 on azimuth 233° and 3750 on azimuth 84°.

636-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Traer, latitude 42°06'10", longitude 92°31'00". Frequency 3950 on azimuth 264°, 3950 on azimuth 107°, and 3870 on azimuth 20°.

637-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Waterloo, latitude 42°28'46", longitude 92°20'52". Frequency 4150 on azimuth 200°.

638-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Atkins, latitude 41°57'10", longitude 91°52'00". Frequency 3750 on azimuth 287°, 3750 on azimuth 100°, and 4150 on azimuth 85°.

639-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Cedar Rapids, latitude 42°00'59", longitude 91°41'03". Frequency 3870 on azimuth 245°.

640-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, McVille, latitude 41°52'29", longitude 91°18'16". Frequency 3950 on azimuth 281° and 3950 on azimuth 113°.

641-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, New Liberty, latitude 41°44'09", longitude 90°51'38". Frequency 3750 on azimuth 293°, 3750 on azimuth 64°, and 3910 on azimuth 135°.

642-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Davenport, latitude 41°31'22", longitude 90°34'33". Frequency 4110 on azimuth 315°.

643-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Ten Mile, latitude 41°56'37", longitude 90°17'15". Frequency 3950 on azimuth 244° and 3950 on azimuth 65°.

644-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Baileyville, latitude 42°12'06", longitude 89°33'20". Frequency 3750 on azimuth 245° and 3750 on azimuth 91°.

645-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Kings, latitude 42°11'15", longitude 88°49'53". Frequency 3950 on azimuth 272°, 3950 on azimuth 126°, and 3870 on azimuth 292°.

646-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Rockford, latitude 42°15'55", longitude 89°05'38". Frequency 4150 on azimuth 112°.

647-C1-P-72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Lily Lake, latitude 41°59'50", longitude 88°28'55". Frequency 3750 on azimuth 306°, and 3750 on azimuth 117°.

NOV 36 164 XUM

POINT-TO-POINT MICROWAVE RADIO SERVICE (TELEPHONE CARRIER)—Continued

648–C1–P–72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Wheaton, latitude 41°50'24", longitude 88°00'52". Frequency 3950 on azimuth 297°, 3950 on azimuth 81°, and 3870 on azimuth 181°.

649–C1–P–72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Joliet, latitude 41°31'09", longitude 88°04'57". Frequency 4150 on azimuth 1°.

650–C1–P–72—Western Tele-Communications, Inc. (New), CP for a new fixed station, Chicago, latitude 41°53'56", longitude 87°37'24". Frequency 3750 on azimuth 261°.

(INFORMATIVE:) The applicant, Western Tele-Communications, Inc., proposes to provide "Low Cost Customized" interstate communications service between fixed stations at Omaha, Des Moines, Waterloo, Cedar Rapids, Davenport, Rockford, Joliet, and Chicago. This filing will interconnect with applicant's filings (Files Nos. 8300–8326–C2–P–70).

710–C1–ML–72—Central Telephone Co. (KYN49), Modification of license to delete frequency 6197.2 MHz toward path to KYN50. (Nelson, Nev.). Station location: Christmas Tree Pass, approximately 12 miles northwest of Bullhead City, Ariz.

711–C1–ML–72—Central Telephone Co. (KYN50), Modification of license to delete frequency 5945.2 MHz on path to KYN49. (Christmas Tree Pass, Nev.) Station location: 3 miles west of Nelson, Nev.

121–C1–R–72—Illinois Bell Telephone Co. (WAN84), Renewal of a developmental license expiring Aug. 26, 1971. Term: Aug. 26, 1971 to Aug. 26, 1972.

747–C1–P–72—RCA Global Communications, Inc. (New), C.P. for a new station to be located at Finegayan, Mariana Island. Frequency: 6675 MHz toward Yona Station via passive reflector.

748–C1–P–72—RCA Global Communications, Inc. (KUA53), C.P. to add frequency 6835 MHz toward transpacific cablehead via passive reflector. Station location: 2 miles northwest of Yona, Mariana Islands.

CPI Microwave of Louisiana, Inc.

(INFORMATIVE: The following twenty-one (21) applications for construction permits for new point-to-point microwave facilities propose to provide a single channel, full duplex, space diversity, voice/data service to points between Beaumont, Tex., and New Orleans, Lafayette, Grand Isle, and Buras, all in the State of Louisiana.

759–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 1: C.P. for a new fixed station 100 feet west of Fourth Street and 700 feet south of College Street, Beaumont, Tex., at latitude 30°04'00" N., longitude 94°06'57" W. Frequency 6034.2V on azimuth 96°37' toward Bridge City, Tex. Station location: Beaumont, Tex.

760–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 2: C.P. for a new fixed station approximately 3 miles northeast of Bridge City, Tex., at latitude 30°02'03" N., longitude 93°47'50" W. Frequencies 6226.9H on azimuth 156°08' toward Johnson's Bayou, La., and 6345.5V on azimuth 276°46' toward Beaumont, Tex. Station location: Bridge City, Tex.

761–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 3: C.P. for a new fixed station one-half mile west of Johnson's Bayou post office, Johnson's Bayou, La., at latitude 29°45'45" N., longitude 93°39'34" W. Frequencies 5945.2V on azimuth 83°02' toward Cameron, La., and 6152.8H on azimuth 336°12' toward Bridge City, Tex. Station location: Johnson's Bayou, La.

762–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 4: C.P. for a new fixed station at the northeast edge of city limits of Cameron, La., at latitude 29°47'52" N., longitude 93°19'28" W. Frequencies 6390.0V on azimuth 101°47' toward Rutherford, La., and 6197.2V on azimuth 263°12' toward Johnson's Bayou, La. Station location: Cameron, La.

763–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 5: C.P. for a new fixed station 1¾ miles south of Oak Grove, La., at latitude 29°45'36" N., longitude 93°07'04" W. Frequencies 5945.2H on azimuth 88°24' toward Grand Cheniere, La., and 6167.6V on azimuth 281°53' toward Cameron, La. Station location: Rutherford, La.

764–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 6: C.P. for a new fixed station 1¼ miles east of Grand Cheniere, La., at latitude 29°45'50" N., longitude 92°57'14" W. Frequencies 6375.2V on azimuth 103°17' toward North Island, La. and 6315.9H on azimuth 268°29' toward Rutherford, La. Station location: Grand Cheniere, La.

765–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 7: C.P. for a new fixed station 3¾ miles southeast of the North Island School at latitude 29°42'25" N., longitude 92°40'44" W. Frequencies 6004.5H on azimuth 106°09' toward Front Ridge, La., and 5945.2V on azimuth 283°25' toward Grand Cheniere, La. Station location: North Island, La.

CPI Microwave of Louisiana, Inc.—Continued

766–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 8: C.P. for a new fixed station just east of road end at Front Ridge and the Louisiana Fur Co. Canal at latitude 29°37'26" N., longitude 92°20'58" W. Frequencies 6226.9H on azimuth 46°14' toward Intracoastal City, La. at 6256.5H on azimuth 286°19' toward North Island, La. Station location: Front Ridge, La.

767–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 9: C.P. for a new fixed station at the north edge of Intracoastal City, La. at latitude 29°47'04" N., longitude 92°09'21" W. Frequencies 5945.2H on azimuth 63°30' toward Avery Island, La., and 6093.5H on azimuth 226°20' toward Front Ridge, La. Station location: Intracoastal City, La.

768–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 10: C.P. for a new fixed station 1,500 feet east-southeast of Blue Pond in Avery Island, La. at latitude 29°53'38" N., longitude 91°54'12" W. Frequencies 6345.5H on azimuth 91°35' toward Matilda, La.; 6375.2H on azimuth 243°38' toward Intracoastal City, La.; and 6256.5V on azimuth 343°33' toward Lafayette, La. Station location: Avery Island, La.

769–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 11: C.P. for a new fixed station two thousand feet northeast of South College and Pinhook Street, at latitude 30°12'10" N., longitude 92°00'32" W. Frequency 6167.6V on azimuth 163°30' toward Avery Island, La. Station location: Lafayette, La.

770–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 12: C.P. for a new fixed station located at intersection of Route 67 and Jeanerette Oil Field Road at latitude 29°53'10" N., longitude 91°35'41" W. Frequencies 5945.2H on azimuth 170°46' toward Salt Point, La., and 6093.5H on azimuth 271°44' toward Avery Island, La. Station location: Matilda, La.

771–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 13: C.P. for a new fixed station located on Salt Point due west of village of Burns at latitude 29°34'22" N., longitude 91°32'11" W. Frequencies 6330.7V on azimuth 66°45' toward Morgan City, La., and 6226.9V on azimuth 350°47' toward Matilda, La. Station location: Salt Point, La.

772–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 14: C.P. for a new fixed station 100 feet east of intersection of Duke and 11th Street at latitude 29°42'02" N., longitude 91°11'40" W. Frequencies 5974.8V on azimuth 103°33' toward Crescent Farm, La., and 6019.3V on azimuth 246°56' toward Salt Point, La. Station location: Morgan City, La.

773–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 15: C.P. for a new fixed station located approximately 1,000 feet east of the town of Crescent, La., at latitude 29°36'52" N., longitude 90°47'19" W. Frequencies 6375.2V on azimuth 122°23' toward Bully Camp, La., and 6226.9V on azimuth 283°45' toward Morgan City, La. Station location: Crescent Farms, La.

774–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 16: C.P. for a new fixed station 0.6 mile northwest of the Live Oak Church on the Terrebonne/Lafourche Parish line road at latitude 29°25'53" N., longitude 90°27'35" W. Frequencies 5974.8V on azimuth 134°58' toward Leeville, La.; 5945.2V on azimuth 302°33' toward Crescent Farms, La.; and 5974.8H on azimuth 48°15' toward Delta Farms, La. Station location: Bully Camp, La.

775–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 17: C.P. for a new fixed station 2 miles south-southeast of the town of Leeville, La., at latitude 29°13'07" N., longitude 90°12'57" W. Frequencies 6345.5H on azimuth 82°00' toward Grand Isle, La., and 6226.9V on azimuth 315°05' toward Bully Camp, La. Station location: Leeville, La.

776–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 18: C.P. for a new fixed station located 1 mile northeast of town of Grand Isle, La. at latitude 29°14'53" N., longitude 89°58'24" W. Frequencies 6063.8H on azimuth 74°42' toward Buras, La. and 6034.2H on azimuth 262°07' toward Leeville, La. Station location: Grand Isle, La.

777–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 19: C.P. for a new fixed station at Buras, La. at latitude 29°21'18" N., longitude 89°31'26" W. Frequency 6212.0H on azimuth 254°55' toward Grand Isle, La. Station location: Buras, La.

778–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 20: C.P. for a new fixed station at the center of Delta Farms Oil and Gas Field, 6 miles southwest of Lafitte, La. at latitude 29°38'23" N., longitude 90°11'27" W. Frequencies 6330.7V on azimuth 19°43' toward New Orleans, La. and 6226.9H on azimuth 228°23' toward Bully Camp, La. Station location: Delta Farms, La.

779–C1–P–72—CPI Microwave of Louisiana, Inc. (New), Site 21: C.P. for a new fixed station at the International Trade Mart Tower, New Orleans, La. at latitude 29°56'55" N., longitude 90°03'47" W. Frequency 6137.9V on azimuth 199°47' toward Delta Farms, La. Station location: New Orleans, La.

Major Amendments

(INFORMATIVE: Applicant, West Texas Microwave Co., is amending 31 applications for new point-to-point microwave facilities for specialized services between Fort Worth, Abilene, Lubbock, Amarillo, Big Spring, Midland, Odessa, and El Paso all in the State of Texas, and Hobbs, N. Mex., to conform with new engineering standards stemming from the Commission's First Report and Order in Docket No. 18920, effective July 15, 1971. In addition, certain applications are amended to provide three channels of video and audio programing to television stations in Lubbock and Midland/Odessa, Tex., and one similar channel to Abilene, Texas.)

6133–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 6093.5H toward Aledo, Tex. Station location: Fort Worth, Tex.

6134–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6226.9H toward Fort Worth, Tex. and 6226.9V toward Mineral Wells, Tex. Station location: Aledo, Tex.

6135–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 5974.8V toward Aledo, Tex. and 5974.8H toward Brackeen, Tex. Station location: Mineral Wells, Tex.

6136–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6197.2H toward Mineral Wells, Tex. and 6197.2V toward Breckenridge, Tex. Station location: Brackeen, Tex.

6137–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6093.5V toward Brackeen, Tex., 6034.2V and 6152.8V toward Davis, Tex.; add frequency 6004.5V toward Davis, Tex. Station location: Breckenridge, Tex.

6138–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6375.2V toward Breckenridge, Tex. and 6197.2V toward Estes, Tex. Station location: Davis, Tex.

6139–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6093.5V toward Davis, Tex. and 6049.0V toward Sweetwater, Tex.; add frequencies 6137.9H toward Sweetwater, Tex. and 10,775H toward Station KRBC–TV, Abilene, Tex. Station location: Estes, Tex.

6140–C1–P–70—West Texas Microwave Co. (New), Application amended to add changed transmitting antenna information. Station location: Sweetwater, Tex.

6141–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 5930.4H, 5989.7H, and 6108.3H toward Big Spring, Tex. Station location: Colorado City, Tex.

6142–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6301.0H and 6390.0H toward Colorado City, Tex.; add frequencies 6271.4H, 6330.7H, 6182.4V, 6419.6V, and 6212.0H toward Colorado City, Tex. Station location: Snyder, Tex.

6143–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 6049.0H, 5989.7H, and 6137.9V toward Snyder, Tex. Station location: Griffins Creek, Tex.

6144–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 6390.0H toward Griffins Creek, Tex.; add frequencies 6182.4H, 6212.0V, 6271.4V, and 6419.6H toward Griffins Creek, Tex. Station location: Pleasant Valley, Tex.

6145–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6078.6H toward Levelland, Tex.; add frequencies 5930.4H, 6019.3V, and 6137.9V toward Pleasant Valley, Tex.; and add frequencies 11,175V, 10.855V, and 10,975H toward Stations KSEL–TV, KLBK–TV, and KCBD–TV, respectively, at Lubbock, Tex. Station location: Lubbock, Tex.

6146–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6330.7H toward Lubbock, Tex., and 6360.3V toward Brownfield, Tex. Station location: Levelland, Tex.

6147–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6108.3V toward Levelland, Tex., and 6108.3H toward Seminole, Tex. Station location: Brownfield, Tex.

6148–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6360.3H toward Brownfield, Tex., and 6330.7V toward Hobbs, N. Mex. Station location: Seminole, Tex.

6149–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 6137.9V toward Seminole, Tex. Station location: Hobbs, N. Mex.

6150–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 6182.4H, 6301.0H, and 6241.7H toward Lubbock, Tex. Station location: Cotton Center, Tex.

Major Amendments—Continued

6151–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 5989.7V, 6167.6V, and 5930.4V toward Cotton Center, Tex. Station location: McClurg Farm, Tex.

6152–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 6301.0H, 6419.6H, and 6182.4H toward McClurg Farm, Tex. Station location: Jennings Farm, Tex.

6153–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 6019.3H toward Jennings Farm, Tex.; add frequencies 5930.4H, 5989.7V, 6049.0V, and 6108.3V toward Jennings Farm, Tex.; and add frequencies 10,775V, 10,975H, and 10,935V toward Stations KFDA–TV, KGNC–TV, and KVII–TV, respectively, Amarillo, Tex. Station location: Amarillo, Tex.

6154–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 6212.0V, 6390.0V, and 6301.0H toward Midland, Tex. Station location: Big Spring, Tex.

6155–C1–P–70—West Texas Microwave Co. (New), Application amended to add frequencies 5960.0H, 6078.6H, and 6108.3V toward Odessa, Tex. Station location: Midland, Tex.

6156–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 6390.0V toward Goldsmith, Tex.; add frequencies 11,385H and 11,545H toward Stations KMID–TV and KOSA–TV, respectively, Odessa, Tex.; and add frequency 11,465H toward Station KMOM–TV, Monahans, Tex. Station location: Odessa, Tex.

6157–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6078.6V toward Odessa, Tex. and 6108.3V toward Wink, Tex. Station location: Goldsmith, Tex.

6158–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6301.0V toward Goldsmith, Tex. and 6390.0H toward Mason, Tex. Station location: Wink, Tex.

6159–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6078.6H toward Wink, Tex., and 6137.9V toward Guadalupe, Tex. Station location: Mason, Tex.

6160–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6390.0V toward Mason, Tex., and 6345.5H toward Borrego, Tex. Station location: Guadalupe, Tex.

6161–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6093.5H toward Guadalupe, Tex., and 6167.6V toward El Paso, Tex. Show frequency 6108.3V toward Comanche Peak, Tex. Station location: Borrego, Tex.

6162–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequencies 6301.0V toward Borrego, Tex., and 11,345H toward El Paso, Tex. Station location: Comanche Peak, Tex.

6163–C1–P–70—West Texas Microwave Co. (New), Application amended to delete frequency 10,935H toward Comanche Peak, Tex. Station location: El Paso, Tex.

Major Amendment

797–C1–P–71—Western Tele-Communications, Inc. (New), Delete frequencies 4050 and 4130 MHz and add frequency 3970 MHz on azimuth 329°06'. Location: 211 West Eighth Street, Pueblo, CO. All other particulars same as reported on Public Notice dated Aug. 10, 1970.

(INFORMATIVE: Applicant is deleting one channel on its system in order to convert from frequency diversity to space diversity operation in Applications Files Nos. 797 through 804–C1–P–71.)

Major Amendment

8327–C1–P–70—Western Tele-Communications, Inc. (New), Change coordinates to latitude 39°37'03" N., longitude 104°53'36" W. Delete proposed frequencies and add frequency 6004.5 MHz on azimuth 292°39'. Location: Denver Technological Center, 4 miles east of Littleton, Colo.

8328–C1–P–70—Western Tele-Communications, Inc. (New), Delete frequencies toward Denver and add frequency 6256.5 MHz toward Denver on azimuth 112°25'. Location: Colorow Hills, 2 miles southwest of Golden, Colo.

8329–C1–P–70—Western Tele-Communications, Inc. (New), Replace frequencies proposed toward Colorow, Colo. with frequencies 5974.8 and 6034.2 MHz. Location: Almagre, Colo. (All other particulars same as reported in Public Notice dated June 22, 1970.)

XUM

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)—Continued

668–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Bungy Mountain, Mass., at latitude 42°13'34" N., longitude 72°48'31" W. Frequencies 5974.8 and 6034.2 on azimuth 128°16' toward Bald Mountain, Conn., frequencies 5945.2 and 6004.5 on azimuth 288°39' toward Becket Mountain, Mass.

667–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Becket Mountain, Mass., at latitude 42°18'37" N., longitude 73°08'48" W. Frequencies 6197.2 and 6256.5 on azimuth 108°25' toward Bungy Mountain, Mass., and frequencies 6286.2 and 6345.5 on azimuth 283°01' toward Mercer Mountain, N.Y.

668–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Mercer Mountain, N.Y., at latitude 42°21'55" N., longitude 73°28'12" W. Frequencies 6034.2 and 6093.5 on azimuth 102°48' toward Becket Mountain, Mass., frequencies 5974.8 and 6152.8 on azimuth 305°04' toward Helderberg Mountain, N.Y.

669–C1–P–72—Eastern Microwave, Inc. (KEM58), C.P. for additional facilities at Helderberg Mountain, N.Y., at latitude 42°38'12" N., longitude 73°59'45" W. Frequencies 6226.9 and 6404.8 on azimuth 124°43' toward Mercer Mountain, N.Y., and frequencies 11,385 on azimuth 84°16' toward Albany, N.Y.

670–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Albany, N.Y., at latitude 42°39'14" N., longitude 73°45'37" W. Frequency 10775 on azimuth 264°25' toward Helderberg Mountain, N.Y.

671–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Blue Hills, Mass., at latitude 42°12'43" N., longitude 71°06'52" W. Frequency 11,385 on azimuth 24°56' toward Boston, Mass. (WHDH–TV), frequency 11,625 on azimuth 24°21' toward Boston, Mass. (WKBG–TV), frequency 11,305 on azimuth 14°37' toward Boston, Mass. (WNAC–TV), frequency 11,545 on azimuth 354°28' toward Boston, Mass. (WBZ–TV), frequency 11,225 on azimuth 350°00' toward Boston, Mass. (WGBH–TV), and frequencies 5945.2 and 6004.5 on azimuth 245°20' toward Kempton Road, Mass.

672–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Boston, Mass., at latitude 42°21'49" N., longitude 71°07'29" W. Frequency 10,855 on azimuth 177°07' toward Blue Hills, Mass.

(INFORMATIVE: Applicant proposes to provide television service in the New England area, primarily between New York City and Boston, Mass., with intermediate drop points in Albany, Springfield, Hafford, New Britain, New Bedford, and Providence.)

673–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 0.3 miles west-northwest of McNeill, Miss., at latitude 30°40'13" N., longitude 89°38'27" W. Frequency 11,245 MHz on azimuth 21°05' and frequencies 6286.2 and 6404.8 MHz on azimuth 89°50'.

674–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 4.7 miles east of Howison, Miss., at latitude 30°40'52" N., longitude 89°03'30" W. Frequencies 6034.2 and 6152.8 MHz on azimuth 86°20'.

675–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.8 miles southeast of Harleston, Miss., at latitude 30°42'06" N., longitude 88°31'29" W. Frequencies 6197.2 and 6315.9 MHz on azimuth 116°15'.

676–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 2.1 miles north-northwest of Poplarville, Miss., at latitude 30°52'09" N., longitude 89°32'58" W. Frequency 10,715 MHz on azimuth 32°25'.

677–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station at Lumberton, Miss., at latitude 31°02'23" N., longitude 89°25'23" W. Frequency 11,325 MHz on azimuth 24°55'.

678–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 5.8 miles south of Hattiesburg, Miss., at latitude 31°14'30" N., longitude 89°18'48" W. Frequency 11,115 MHz on azimuth 15°00'.

679–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 2 miles east-northeast of Eastabuchie, Miss., at latitude 31°26'59" N., longitude 89°14'56" W. Frequency 11,565 MHz on azimuth 28°18'.

680–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 3.2 miles south of Laurel, Miss., at latitude 31°37'52" N., longitude 89°07'47" W. Frequency 11,035 MHz on azimuth 26°00' and azimuth 344°45'.

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)

651–C1–P–72—United Video, Inc. (New), C.P. for a new station 5.2 miles east-southeast of Loco, Okla., at latitude 34°18'46" N., longitude 97°35'36" W. Frequencies 11,265 and 11,585 MHz on azimuth 11°12'.

652–C1–P–72—United Video, Inc. (New), C.P. for a new station 1.5 miles east of Wallville, Okla., at latitude 34°46'28" N., longitude 97°26'57" W. Frequencies 10,735 and 10,895 MHz on azimuth 111°27'.

(INFORMATIVE: Applicant proposes to provide the television signals of Stations KTVT and KDTV of Dallas Tex., to Cablevision Construction Corp. in Pauls Valley, Okla.)

653–C1–P–72—American Television Relay, Inc. (KPV78), C.P. to add frequencies 6271.4, 6330.7, and 6390.0 MHz on azimuth 223°12'. Location: White Tank Mountain, 10.5 miles north-northwest of Perryville, Ariz., at latitude 33°34'10" N., longitude 112°33'33" W.

(INFORMATIVE: Applicant proposes to move its present off air pickup point of KPHO–TV, KOOL–TV, and KAET of Phoenix from Oatman Mountain, to White Tank Mountain. Waiver requested for section 21.701(l) of the Commission rules.)

656–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Rockefeller Center, New York, N.Y., at latitude 40°45'32" N., longitude 73°58'45". Frequencies 10775V, 11,015V, 11,175V, 10,935H, 11,095H, and 10,855 H MHz on azimuth 8°35' toward Englewood Cliffs, N.J.

657–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Englewood Cliffs, N.J., at latitude 40°52'14" N., longitude 73°57'25" W. Frequencies 11,365 and 11,625 on azimuth 188°36' toward New York, N.Y., and frequencies 6197.2, 6226.9, 6256.5, 6286.2, 6315.9, and 6375.2 on azimuth 45°10' toward High Ridge, Conn.

658–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at High Ridge, Conn., at latitude 41°09'56" N., longitude 73°33'48" W. Frequencies 5943.2 and 6004.5 on azimuth 225°26' toward Englewood Cliffs, N.J., and frequencies 5945.2, 5974.8, 6004.5, 6034.2, 6063.8, and 6123.1 on azimuth 54°36' toward Moose Hill, Conn.

659–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Moose Hill, Conn., at latitude 41°24'08" N., longitude 73°07'10" W. Frequencies 6197.2 and 6256.5 on azimuth 234°54' toward High Ridge, Conn., frequency 11,385 on azimuth 33°53' toward Prospect, Conn. (WATR), frequency 11,625 on azimuth 123°30' toward New Haven, Conn. (WHN), and frequencies 6197.2, 6256.5, 6226.9, 6286.2, 6315.9, and 6375.2 on azimuth 14°46' toward Johnnycake Mountain, Conn.

660–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Johnnycake Mountain, Conn., at latitude 41°45'21" N., longitude 72°59'42" W. Frequencies 5945.2 and 6004.5 on azimuth 194°51' toward Moose Hill, Conn., and frequencies 5945.2, 5974.8, 6004.5, 6034.2, 6063.8, and 6123.1 on azimuth 61°24' toward Bald Mountain, Conn.

661–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Bald Mountain, Conn., at latitude 41°59'30" N., longitude 72°24'41" W. For particulars of operation of the proposed station, please see Exhibit 2.

662–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Stickney Hill, Conn., at latitude 41°59'36" N., longitude 72°11'05" W. Frequencies 5945.2 and 6004.5 on azimuth 269°31' toward Bald Mountain, Conn., and frequencies 5945.2, 5974.8, 6004.5, 6034.2, 6063.8, and 6123.1 on azimuth 82°46' toward Kempton Road, Mass.

663–C1–P–72—Eastern Microwave, Inc. (New), C.P. for new station at Kempton Road, Mass., at latitude 42°02'53" N., longitude 71°35'25" W. Frequencies 6197.2 and 6256.5 on azimuth 173°15' toward Stickney Hill, Conn., frequencies 6226.9, 6286.2, 6345.5, and 6404.5 on azimuth 173°15' toward Pine Hill, R.I., frequencies 6197.2, 6256.5, 6226.9, 6286.2, 6315.9, and 6375.2 on azimuth 65°01' toward Blue Hills, Mass.

664–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Pine Hills, R.I., at latitude 41°49'12" N., longitude 71°33'15" W. Frequency 5974.8 on azimuth 353°16' toward Kempton Road, Mass., frequency 6004.5 on azimuth 104°48' toward Copicut Hill, Mass., frequency 11385 on azimuth 86°54' toward Providence, R.I. (WJAR–TV), frequency 11625 on azimuth 87°17' toward Providence, R.I. (WPRI–TV).

665–C1–P–72—Eastern Microwave, Inc. (New), C.P. for a new station at Copicut Hill, Mass., at latitude 41°43'17" N., longitude 71°03'37" W. Frequency 6256.5 on azimuth 285°06' toward Pine Hill, R.I., frequency 11,305 on azimuth 132°07' toward New Bedford, Mass. (WTEV).

POINT-TO-POINT MICROWAVE RADIO SERVICE (NONTELEPHONE)—Continued

681–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.7 miles northeast of Bonner, Miss., at latitude 31°49'37" N., longitude 89°01'28" W. Frequency 11,485 MHz on azimuth 13°25'.

682–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 5.2 miles east-southeast of Pachuta, Miss., at latitude 32°01'15" N., longitude 88°58'13" W. Frequency 10,795 MHz on azimuth 45°55'.

683–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 2 miles east of Enterprise, Miss., at latitude 32°10'23" N., longitude 88°47'26" W. Frequency 11,325 MHz on azimuth 28°30'.

684–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 5.7 miles south-southeast of Meridian, Miss., at latitude 32°19'40" N., longitude 88°41'28" W. Frequency 10,715 MHz on azimuth 342°55' and 55°10'.

685–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1 mile southeast of Center Hill, Miss., at latitude 32°31'03" N., longitude 88°45'07" W. Frequency 11,245 MHz on azimuth 339°05'.

686–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 2.8 miles west-northwest of Moscow, Miss., at latitude 32°43'14" N., longitude 88°50'41" W. Frequency 10,755 MHz on azimuth 359°45'.

687–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.2 miles northwest of Preston, Miss., at latitude 32°53'29" N., longitude 88°50'49" W. Frequency 11,285 MHz on azimuth 353°43'.

688–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 4.6 miles east-southeast of Boon, Miss., at latitude 33°05'30" N., longitude 89°52'42" W. Frequency 10,795 MHz on azimuth 352°00'.

689–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1 mile west of Loakfoma, Miss., at latitude 33°15'06" N., longitude 88°54'26" W. Frequency 11,325 MHz on azimuth 29°50'.

690–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.2 miles east-southeast of Starkville, Miss., at latitude 33°26'58" N., longitude 88°46'23" W. Frequency 10,835 MHz on azimuth 28°45'.

691–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 0.5 mile northwest of West Point, Miss., at latitude 33°36'44.5" N., longitude 88°39'42.6" W. Frequency 11,365 MHz on azimuth 114°30'.

692–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station at 319 College Avenue, Columbus, MS, at latitude 33°30'48" N., longitude 88°23'34" W. Frequency 10,875 MHz on azimuth 118°05'.

693–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.5 miles west of Melrose, Ala., at latitude 33°23'55" N., longitude 88°08'47" W. Frequency 11,405 MHz on azimuth 114°53'.

694–C1–P–72—Frank K. Spain, doing business as Microwave Service Co. (New), C.P. for a new station 1.5 miles west of Holman, Ala., at latitude 33°16'51" N., longitude 87°51'01" W. Frequency 10,915 MHz directed toward Tuscaloosa CATV Tower at latitude 33°11'52" N., longitude 87°29'05" W.

(INFORMATIVE: Applicant is proposing to deliver the signals of Stations WYES–TV and WWOM of New Orleans, La., to a CATV system in Mobile, Ala., and signal of WWOM to CATV systems in Meridian and Laurel, Miss. and Tuscaloosa, Ala. Waiver of 21.701(l) requested for use of 6 GHz frequencies.)

FEDERAL RESERVE SYSTEM

[Regs. G, T, and U]

OTC MARGIN STOCK

Changes in List

The following changes have been made, effective August 16, 1971, in the List of OTC Margin Stocks, as of July 12, 1971, published in the FEDERAL REGISTER on July 17, 1971.

1. Addition: (Stock now subject to margin requirements): Reece Corp., The, $1 par common.

2. Deletions: (Stocks now registered on national securities exchanges.) Bio-Dynamics, Inc., no par common; Coldwell, Banker and Co., no par common; Equimark Corp., $5 par common, Gifford-Hill & Co., $2 par common; Hasbro Industries, $0.50 par common; James, Fred S. & Co., Inc., $0.50 par common; and Philadelphia Suburban Corp., $1 par common (stocks of company acquired by another firm); United Life & Accident Insurance Co., $1 par common.

3. Changes: Motor Club of America Companies, $0.50 par common now reads as Motor Club of America, $0.50 par common; New Jersey National Bank, $5 par common is changed to NJN Bancorporation, $5 par common; and Pittsburgh National Corp., $10 par common becomes Pittsburgh National Corp., $5 par common.

Board of Governors of the Federal Reserve System, by its Acting Director of Supervision and Regulation pursuant to delegated authority (12 CFR 265.2(c)(13)), August 16, 1971.

[SEAL] ELIZABETH L. CARMICHAEL,
Assistant Secretary.

ALAMEDA BANCORPORATION, INC.

Order Approving Action To Become a Bank Holding Company

In the matter of the application of Alameda Bancorporation, Inc., Alameda, Calif., for approval of action to become a bank holding company through the acquisition of 98 percent or more of the voting shares of Alameda First National Bank, Alameda, Calif.

There has come before the Board of Governors, pursuant to section 3(a)(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)) and § 222.3(a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), an application by Alameda Bancorporation, Inc. (Applicant), Alameda, Calif., for the Board's prior approval of action whereby Applicant would become a bank holding company through the acquisition of 98 percent or more of the voting shares of Alameda First National Bank (Bank), Alameda, Calif. Applicant proposes to exchange its shares for all the assets and liabilities of Alameda First Corp. (Alameda First), Alameda, Calif., a bank holding company that owns 98.8 percent of the voting shares of Bank, to dissolve Alameda First, and to distribute said shares of Applicant to the shareholders of Alameda First.

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Comptroller of the Currency and requested his views and recommendation. The Comptroller replied that he did not object to approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on June 23, 1971 (36 F.R. 11959), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired and all those received have been considered.

The proposal is a corporate reorganization that raises no issues under the Bank Holding Company Act. Accordingly, the application is approved on condition that the transaction shall not be consummated (a) before the 30th calendar day following the date of this order or (b) later than 3 months after the date of this order.

By order of the Board of Governors,[1] August 17, 1971.

[SEAL] ELIZABETH L. CARMICHAEL,
Assistant Secretary.

ELLIS BANKING CORP.

Order Approving Action To Become a Bank Holding Company

In the matter of the application of Ellis Banking Corp., Bradenton, Fla., for approval of action to become a bank holding company through the acquisition of 80 percent or more of the voting shares of each of the following Florida banks: Sarasota Bank & Trust Co., Sarasota; First National Bank of Bradenton;

[1] Voting for this action: Vice Chairman Robertson and Governors Mitchell, Maisel, and Brimmer. Absent and not voting: Chairman Burns and Governors Daane and Sherrill.

VOL 36 164 XUM

First National Bank of New Port Richey; First National Bank in Tarpon Springs; Northeast National Bank of St. Petersburg; Ellis National Bank of Tampa; American Bank of Sarasota; Springs State Bank, Tarpon Springs; American Security Bank, New Port Richey; Commercial Bank of Dade City; Manasota Bank, Manatee County; Bank of Jay; Bank of Blountstown; Harbor State Bank, Safety Harbor; and Longboat Key Bank, Longboat Key.

There has come before the Board of Governors, pursuant to section 3(a)(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)) and § 222.3 (a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), an application by Ellis Banking Corp., Bradenton, Fla., for the Board's prior approval of action whereby Applicant would become a bank holding company through the acquisition of 80 percent or more of the voting shares of each of the following Florida banks: Sarasota Bank & Trust Co., Sarasota; First National Bank of Bradenton; First National Bank of New Port Richey; First National Bank in Tarpon Springs; Northeast National Bank of St. Petersburg; Ellis National Bank of Tampa; American Bank of Sarasota; Springs State Bank, Tarpon Springs; American Security Bank, New Port Richey; Commercial Bank of Dade City; Manasota Bank, Manatee County; Bank of Jay; Bank of Blountstown; Harbor State Bank, Safety Harbor; and Longboat Key Bank, Longboat Key.

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Comptroller of the Currency and the Florida Commissioner of Banking, and requested their views and recommendations. Both the Comptroller and the Commissioner recommended approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on June 17, 1971 (36 F.R. 11680), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired, and all those received have been considered by the Board.

It is hereby ordered, For the reasons set forth in the Board's statement [1] of this date, that said application be and hereby is approved: *Provided*, That the action so approved shall not be consummated (a) before the 30th calendar day following the date of this order or (b) later than 3 months after the date of this order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

[1] Filed as part of the original document. Copies available upon request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551, or to the Federal Reserve Bank of Atlanta.

By order of the Board of Governors,[2] August 17, 1971.

UNITED BANK SHARES, INC.

Order Approving Action To Become a Bank Holding Company

In the matter of the application of United Bank Shares, Inc., El Paso, Tex., for approval of action to become a bank holding company through the acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the successor by merger to Southwest National Bank of El Paso, El Paso, Tex.

There has come before the Board of Governors, pursuant to section 3(a)(1) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(1)) and § 222.3 (a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), an application by United Bank Shares, Inc. (Applicant), El Paso, Tex., for the Board's prior approval of action whereby Applicant would become a bank holding company through the acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the successor by merger to Southwest National Bank of El Paso (Bank), El Paso, Tex.

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Comptroller of the Currency, and requested his views and recommendation. The Comptroller recommended approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on July 1, 1971 (36 F.R. 12562), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired and all those received have been considered.

The Board has considered the application in the light of the factors set forth in section 3(c) of the Act, including the effect of the proposed acquisition on competition, the financial and managerial resources and future prospects of the Applicant and the banks concerned, and the convenience and needs of the communities to be served, and finds that:

Applicant is a nonoperating corporation formed for the purpose of acquiring Bank ($63.1 million deposits). (All banking data are as of December 31, 1970, and reflect holding company formations and acquisitions approved through June 30, 1971.) Upon consummation of the proposal, Applicant will assume Bank's present position as the third largest banking organization in the El Paso market with 11.4 percent of commercial bank deposits in that market. As Applicant has no present operations or subsidiaries, consummation of this proposal would eliminate neither existing nor potential competition nor does it appear that there would be any adverse effects on any bank in the market area.

The financial and managerial resources and prospects of Bank are regarded as satisfactory and consistent with approval as would be those Applicant upon approval. Consummation of the proposal would have no immediate effect on the convenience and needs of the community involved, but should enable Applicant to respond to the increasing needs of the growing El Paso market by offering new and expanded services in banking and bank-related activities. It is the Board's judgment that consummation of the proposal would be in the public interest and that the application should be approved.

It is hereby ordered, On the basis of the Board's findings summarized above, that said application be and hereby is approved; *Provided*, That the acquisition so approved shall not be consummated (a) before the 30th calendar day following the date of this order or (b) later than 3 months after the date of this order, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of Dallas pursuant to delegated authority.

By order of the Board of Governors,[1] August 17, 1971.

[SEAL] ELIZABETH L. CARMICHAEL, *Assistant Secretary.*

[FR Doc.71-12336 Filed 8-23-71;8:49 am]

UNITED JERSEY BANKS

Order Approving Acquisition of Bank Stock by Bank Holding Company

In the matter of the application of United Jersey Banks, Hackensack, N.J., for approval of acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the successor by merger to The First National Bank of Princeton, Princeton, N.J.

There has come before the Board of Governors, pursuant to section 3(a)(3) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)) and § 222.3(a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), an application by United Jersey Banks, Hackensack, N.J., for the Board's prior approval of the acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the successor by merger to The First National Bank of Princeton, Princeton, N.J. (First National). (First National is to be merged into a nonoperating bank that has significance only as a vehicle to accomplish acquisition of all the shares of First National; accordingly, acquisition of the shares of the successor bank is treated as an acquisition of shares of First National.)

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Comptroller of the Currency, and requested his views and recommendation. The Comptroller recommended approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on July 1, 1971 (36 F.R. 12562), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired and all those received have been considered.

The Board has considered the application in the light of the factors set forth in section 3(c) of the Act, including the effect of the proposed acquisition on competition, the financial and managerial resources and future prospects of the applicant and the banks concerned, and the convenience and needs of the communities to be served, and finds that:

Applicant controls five banks with approximately $777 million in deposits, representing 5.2 percent of the commercial bank deposits in New Jersey. (Banking data are as of December 31, 1970, unless otherwise noted, and reflect holding company acquisitions approved through July 31, 1971.) Upon consummation of this proposal, applicant's share of statewide deposits would be increased to 5.7 percent, but its rank as the second largest banking organization in the State would remain unchanged.

First National ($79 million in deposits), on the basis of its control of about 8 percent of the deposits in the market (as of June 30, 1970), is the third largest of the 27 banking organizations in the Trenton banking market, consisting of Mercer County and surrounding towns in Pennsylvania and New Jersey. First National operates four offices in the county and has received approval to open a fifth in South Brunswick (Middlesex County). The two larger banking organizations control about 45 percent of market deposits.

There is no significant competition between First National and any of Applicant's present subsidiary banks. No banking office in Applicant's system is located nearer than 34 miles to an office of First National. In view of more attractive branching opportunities in or near its market, it is unlikely that First National would branch into the market areas of applicant's subsidiary banks. Only two of applicant's subsidiary banks are permitted under New Jersey law to branch into First National's area, and the likelihood of either doing so is remote. Each is a retail-oriented bank serving a limited local area, and there is little incentive to branch so far from its service area. The large number of participants in the Trenton banking market and the relatively low population per banking office ratio would seem to make it unattractive to applicant to establish a de novo bank there. Therefore, the Board concludes that consummation of the proposal would not have a significant adverse effect on competition in any relevant area.

The banking factors are generally satisfactory and are consistent with approval of the application. Applicant has recently placed a multimillion dollar note issue, and it is expected that part of the proceeds would be available to meet the capital needs of First National as they arise. Through affiliation with applicant, First National would be able to offer to residents of the area a complete line of banking services, including data processing and international banking services. It is the Board's judgment that consummation of the proposal would be in the public interest and that the application should be approved.

It is hereby ordered, For the reasons set forth in the findings summarized above, that said application be and hereby is approved, provided that the acquisition so approved shall not be consummated (a) before the 30th calendar day following the date of this order or (b) later than 3 months after the date of this order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of New York pursuant to delegated authority.

By order of the Board of Governors,[1] August 17, 1971.

[SEAL] ELIZABETH L. CARMICHAEL, *Assistant Secretary.*

[FR Doc.71-12335 Filed 8-23-71;8:49 am]

WYOMING BANCORPORATION

Order Approving Acquisition of Bank Stock by Bank Holding Company

In the matter of the application of Wyoming Bancorporation, Cheyenne, Wyo., for approval of acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the First National Bank of Jackson Hole, Jackson, Wyo., a proposed new bank.

There has come before the Board of Governors, pursuant to section 3(a)(3) of the Banking Holding Company Act of 1956 (12 U.S.C. 1842(a)(3)) and § 22.3(a) of Federal Reserve Regulation Y (12 CFR 222.3(a)), an application by Wyoming Bancorporation (Applicant), Cheyenne, Wyo., a registered bank holding company, for the Board's prior approval of the acquisition of 100 percent of the voting shares (less directors' qualifying shares) of the First National Bank of Jackson Hole (Bank), Jackson, Wyo., a proposed new bank.

As required by section 3(b) of the Act, the Board gave written notice of receipt of the application to the Comptroller of the Currency and requested his views and recommendation. The Comptroller responded that he recommended approval of the application.

Notice of receipt of the application was published in the FEDERAL REGISTER on June 17, 1971 (36 F.R. 11681), providing an opportunity for interested persons to submit comments and views with respect to the proposal. A copy of the application was forwarded to the U.S. Department of Justice for its consideration. Time for filing comments and views has expired and all those received have been considered.

The Board has considered the application in the light of the factors set forth in section 3(c) of the Act, including the effect of the proposed acquisition on competition, the financial and managerial resources and future prospects of Applicant and the banks concerned, and the convenience and needs of the communities to be served, and finds that:

Applicant has four subsidiary banks with aggregate deposits of about $42 million, representing 5.2 percent of commercial bank deposits in Wyoming. (Banking data are as of December 31, 1970, and reflect holding company formations and acquisitions approved by the Board through July 31, 1971.) Approval of the acquisition of Bank would not increase Applicant's deposits since Bank, as stated above, is a proposed new bank. There is presently only one bank located in Jackson, and the addition of Bank would increase competition in the area, which is separated by geographical barriers and by distance from other banking alternatives. Based on the record before it, the Board concludes that consummation of the proposed acquisition would not adversely affect competition in any relevant area.

The financial and managerial resources and future prospects of Applicant, its subsidiary banks, and Bank are regarded as consistent with approval. Considerations related to the convenience and needs of the community to be served lend weight in favor of approval since the establishment of Bank provides a banking alternative for customers in the Jackson area. It is the Board's judgment that the proposed acquisition would be in the public interest and that the application should be approved.

Some citizens of Jackson have written the Board indicating their dissatisfaction that the Comptroller of the Currency awarded a national bank charter to Applicant rather than another competing group. However, the Board has no authority to make any redetermination of that decision. The Board has dealt with this application on the basis of the statutory factors. Included in its consideration was the fact that the Comptroller granted a charter to this Applicant after hearings were held on both applications for national banks in Jackson.

It is hereby ordered, For the reasons set forth above, that said application be and hereby is approved: *Provided*, That the acquisition so approved shall not be consummated (a) before the 30th calen-

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN HAITI

Entry or Withdrawal From Warehouse for Consumption

AUGUST 18, 1971.

On July 29, 1971, the U.S. Government in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles, done at Geneva on February 9, 1962, and extended through September 30, 1973, requested the Government of Haiti to enter into consultations concerning exports to the United States of cotton textile products in Category 53 produced or manufactured in Haiti. In that request the U.S. Government stated its view that exports in this category from Haiti should be restrained for the 12-month period beginning July 29, 1971, and extending through July 28, 1972.

Notice is hereby given that under the provisions of Articles 3 and 6(c) of the Long-Term Arrangement, if no solution is mutually agreed upon by the two governments within sixty (60) days of the date of the aforementioned note, entry and withdrawal from warehouse for consumption of cotton textile products in Category 53 produced or manufactured in Haiti and exported from Haiti on and after the date of such note may be restrained.

STANLEY NEHMER, *Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.*

METROPOLITAN EDISON CO.

Notice of Proposed Issue and Sale of Shares of Cumulative Preferred Stock at Competitive Bidding

AUGUST 18, 1971.

Notice is hereby given that Metropolitan Edison Co. (Met-Ed) 2800 Pottsville Pike, Muhlenberg Township, Berks County, PA 19605, an electric utility subsidiary company of General Public Utilities Corp. (GPU), a registered holding company, has filed an application with this Commission pursuant to the Public Utility Holding Company Act of 1935 (Act), designating section 6(b) of the Act and Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the application, which is summarized below, for a complete statement of the proposed transaction.

Met-Ed proposes to issue and sell, subject to the competitive bidding requirements of Rule 50 under the Act, 160,000 shares of its cumulative preferred stock, ------ percent Series, par value $100 per share. The dividend rate of the preferred stock (which will be a multiple of 1/20 of 1 percent) and the price to be paid to Met-Ed (which will be not less than $100 nor more than $102.75 per share) will be determined by competitive bidding. The terms of the preferred stock include a prohibition against refunding the preferred stock prior to October 1, 1976, directly or indirectly, with funds derived from the issue of debt securities at a lower effective interest cost or preferred stock at a lower effective dividend cost.

The proceeds from the proposed sale of the preferred stock will be used to pay a portion of Met-Ed's short-term bank borrowings, which were incurred for construction purposes and which are expected to aggregate approximately $49 million at the time of the proposed sale. Met-Ed's 1971 construction program is estimated at $107,800,000. Met-Ed plans to finance its 1971 construction program by the issuance and sale of additional funded debt securities, funds provided from operations and cash contributions by GPU, and/or additional short-term bank loans. The proceeds from any premium resulting from the sale of the preferred stock will be used to finance the business of Met-Ed, including the payment of expenses of its financing program.

It is further stated that the fees and expenses to be incurred in connection with the proposed transaction are estimated at $79,000, including legal fees of $23,500 and accounting fees of $6,500. The fees and expenses of counsel for the underwriters to be paid by the successful bidders, will be supplied by amendment. The application further states that the issue and sale of the preferred stock is subject to the jurisdiction of the Pennsylvania Public Utility Commission, the State commission of the State in which Met-Ed is organized and doing business and that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than September 10, 1971, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as filed or as it may be amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Acting Associate Secretary.*

[70-4910]

METROPOLITAN EDISON CO.

Notice of Second Posteffective Amendment Regarding Issue and Sale of Short-Term Notes to Banks

AUGUST 18, 1971.

Notice is hereby given that Metropolitan Edison Co. (Met-Ed), 2800 Pottsville Pike, Muhlenberg Township, Berks County, PA 19605, an electric utility subsidiary company of General Public Utilities Corp., a registered holding company, has filed with this Commission a second posteffective amendment to its declaration in this proceeding pursuant to sections 6(a) and 7 of the Public Utility Holding Company Act of 1935 (Act) regarding the following proposed transactions. All interested persons are referred to the declaration, as now amended, which is summarized below, for a complete statement of the proposed transactions.

By orders dated September 16, 1970, and October 1, 1970 (Holding Company Act Releases Nos. 16829 and 16851), the Commission authorized Met-Ed to issue and sell its short-term promissory notes to a group of banks prior to December 31, 1971, in an aggregate amount of up to $44 million outstanding at any one time. In its second posteffective amendment, Met-Ed now seeks authority (a) to increase to $50 million the amount of short-term notes evidencing borrowings from banks that it be permitted to have outstanding at any one time, (b) to increase to 40 the number of banks from which it may effect borrowings and, in some instances, the maximum amount it may borrow from each of them, (c) to extend to December 31, 1972, the date up to which it may be permitted to issue such notes, and (d) requests that it be relieved of the undertakings in the declaration that the net proceeds of any permanent debt financing effected by it prior to the maturity of all notes issued by it pursuant to the declaration be applied in reduction of said notes and that the authority granted by the declaration be reduced by the net proceeds of any such permanent debt financing.

Each note issued will bear interest at the prime rate in effect for commercial borrowings at the lending banks as of the date of issue of such note, will mature not more than 9 months from the date of issue, and will be prepayable at any time without premium. Met-Ed generally will be required to maintain compensating balances of 10 percent of the line of credit or 20 percent of the loans outstanding, whichever is higher. Met-Ed computes its effective rate of interest at 7.5 percent per annum based on the current prime rate of 6 percent and assuming the full amount of the line of credit is borrowed. There are no commitment fees or closing costs required.

It is stated that the proceeds of the proposed borrowings will be used by Met-Ed for the purpose of financing its business as a public-utility company, including provisions for construction expenditures, the repayment of short-term borrowings, and the temporary reimbursement of its treasury for construction expenditures provided therefrom. At the time of filing the posteffective amendment, Met-Ed had outstanding $44 million of its notes to banks issued pursuant to the previous authorization in this proceeding. Met-Ed anticipates that its fees, commissions, and expenses, including legal fees, in connection with the posteffective amendment will approximate $4,000.

Notice is further given that any interested person may, not later than September 7, 1971, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said posteffective amendment to the declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as now amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropirate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT, *Acting Associate Secretary.*

[812-2981]

NORTHWESTERN MUTUAL LIFE INSURANCE CO. AND NML VARIABLE ANNUITY ACCOUNT B

Notice of Application for Exemption

AUGUST 18, 1971.

Notice is hereby given that the Northwestern Mutual Life Insurance Co. (Northwestern Mutual), 720 East Wisconsin Avenue, Milwaukee, WI 53202, a mutual life insurance company organized in 1857 by a special statute of the legislature of the State of Wisconsin, and NML Variable Annuity Account B (Account B), a unit investment trust registered under the Investment Company Act of 1940 (Act), hereinafter collectively called "Applicants," have filed an application pursuant to section 6(c) of the Act for an order of exemption to the extent noted below from the provisions of section 22(d) of the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

Account B was established by NML in connection with the sale of certain "qualified" variable annuity Contracts (the "Contracts"). Since May 1, 1971, the contracts offered have been restricted to Contracts designed to provide retirement annuity benefits for employees of public educational institutions and of organizations exempt from tax under section 501(c)(3) of the Internal Revenue Code of 1954, as amended, as tax deferred annuity contracts pursuant to the provisions of section 403(b) of the Code.

VOL 36 164 XUM

Under the Contracts a purchaser makes a number of payments until a maturity date selected by the purchaser. These payments (net of various deductions) are allocated to Account B, which invests in shares of NML Fund, Inc. (Fund), a Maryland corporation and an open-end, diversified management investment company registered under the Act. The value of a Contract before the maturity date will fluctuate with the fluctuations in value of the shares of the Fund. After the maturity date the Contracts provide lifetime annuity payments, either variable or fixed, or other settlement options.

Section 22(d) of the Act, in relevant part, provides that no registered investment company shall sell any redeemable security issued by it to any person except at a current offering price described in the prospectus. From each payment made under the Contracts NML makes a deduction of 50 cents per payment (but not in excess of 1 percent) plus the following graded percentage charge based on total payments received during each contract year (a 12-month period beginning with the contract date or anniversary thereof): 8 percent on the first $5,000; 4 percent on the next $20,000; 2 percent on the next $75,000; and 1 percent on amounts exceeding $100,000.

NML proposes to begin offering "immediate" variable annuity contracts (Immediate Contracts) which may be acquired by a single payment of $2,000 or more and under which annuity payments would begin immediately. NML intends to apply the graded charges described above to the single purchase payment under an Immediate Contract. However, NML proposes to charge a reduced deduction of 1 percent plus $50 in lieu of the graded deduction described above on amounts derived from the value of other tax-qualified insurance policies or fixed annuity contracts previously issued by NML and exchanged for an Immediate Contract, or on death benefits payable under such previously issued tax-qualified insurance policies or fixed annuity contracts which are settled under an Immediate Contract. Applicants state that the 1 percent charge is a sales charge and that the $50 charge is designed to cover the administrative costs involved in such transactions.

NML proposes to make no charge with respect to amounts which are transferred from a fixed form of settlement option under an Immediate Contract to a variable form of settlement option under the same Immediate Contract.

The Applicants state that the reduced deduction on amounts transferred from other NML insurance policies or fixed annuity contracts, and the absence of any deduction on amounts transferred from fixed to variable settlement options, appropriately recognizes that sales charges have previously been charged against the amounts already paid on such other policies or applied under such fixed settlement options. The Applicants further state that the purpose of the reduced sales charge, or no sales charge, in such situations is to avoid cumulative sales charges and is in the best interests of investors and the public as well as consistent with the purposes of section 22(d).

Applicants have consented that any order granting the requested exemptions from section 22(d) may be subject to the condition that any charges for administrative services shall not exceed such reasonable amounts as the Commission shall prescribe, and the Commission shall reserve jurisdiction for such purposes.

Section 6(c) provides that the Commission, by order upon application, may conditionally or unconditionally exempt any persons or transactions from any provision or provisions of the Act, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than September 6, 1971, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicants at the address stated above. Proof of such service by affidavit (or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in the matter including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Acting Associate Secretary.

WALT DISNEY PRODUCTIONS

Notice of Filing of Application for Order Exempting Applicant From All the Provisions of the Act

AUGUST 18, 1971

Notice is hereby given that Walt Disney Productions (Applicant), 500 South Buena Vista Street, Burbank, CA 91505, a California corporation, has filed an application with this Commission pursuant to section 3(a)(3) of the Public Utility Holding Company Act of 1935 (Act), requesting an exemption from all provisions of the Act. All interested persons are referred to the application, which is summarized below, for a complete statement of the facts.

Walt Disney World, a large entertainment and recreation complex near Orlando, Fla. (Theme Park), is presently being developed by wholly owned subsidiary companies of Applicant. Applicant proposes to organize a utility company in Florida for the sole purpose of providing electric energy, natural gas and other utilities to the Walt Disney World project. The proposed utility company will be 100-percent owned by the Applicant, and none of its securities will be issued or offered for sale to the public.

It is represented that Applicant is directly engaged in the production of theatrical motion pictures and television films, the operation of Disneyland in Anaheim, Calif., and various related business activities. As of the end of fiscal year 1970, the consolidated assets of the Applicant and its domestic subsidiary companies were $267,626,000, including approximately $105 million invested in the Florida project. Consolidated gross revenues of the Applicant and its domestic subsidiaries for fiscal year 1970 were $167,103,000, and consolidated net income was $21,759,000.

It is estimated that the electric energy requirements of the project for the initial 9-month period of operation, October 1971 through June 1972, will be about 95 million kw.-hr. (including 12 million kw.-hr. to be utilized in operation of the central energy plant), and it is expected to be substantially higher thereafter. Most of the rides and attractions will be operated by electric power. In addition, electric energy will be used in the general operation of the Theme Park and for general lighting, and the operation of computer equipment.

It is represented that while it is planned to purchase between 60 and 70 percent of the project's power requirements from the Florida Power Corp. (a nonaffiliated public utility serving Central Florida), the proposed electrical energy generating facilities, two 5,500 kw. gas turbine generators, are indispensable to the safe and uninterrupted operation of the project, particularly the Theme Park rides and attractions. The proposed utility subsidiary company will generate the power needed to operate certain rides and attractions for which an uninterrupted flow of power is critical, and will provide a continuous power source (spinning reserve) for all critical facilities. In the event of curtailment or interruption of electricity supplied by Florida Power Corp., the utility subsidiary company will provide power in order to keep essential facilities operating.

It is further represented that the proposed utility subsidiary company's electric system will result in substantial economies and cost savings due to the fact that "waste" heat produced in the operation of the gas turbines for the generation of electric power will be used to produce high temperature hot water and (by means of absorption chillers) chilled water. Hot water (for heating and cooking) and chilled water (for air conditioning) will be sold by the utility subsidiary for use at Walt Disney World. It is estimated that this utilization of "waste" heat may result in a net saving to the project of as much as one-half the cost of purchasing equivalent amounts of electric energy from Florida Power Corp.

Due to the frequent occurrence of intense electrical storms in Central Florida, such power is periodically subject to interruptions of varying durations and has a relatively high rate of outage, and even a temporary curtailment of electrical power would have severe adverse effects. Through the use of underground utility lines and cables, the power generating facilities of the proposed utility subsidiary company are designed to avoid power interruptions caused by electrical storms.

The Theme Park and its related enterprises will also make extensive use of natural gas. Many of the automobiles and boats in the Theme Park and recreational areas will operate on compressed natural gas to be furnished by the proposed utility company, and gas lights will be used in many areas of the park. Gas will be used for lighting effects as an integral part of several attractions and at one of the two large resort hotels to be operated by Walt Disney World Hotel Co., a wholly owned subsidiary of Applicant. Gas will also be used extensively in the many restaurants and snack bars to be located in the Theme Park and in the resort hotels.

Applicant's utility subsidiary company proposes to purchase from the Florida Gas Transmission Co., a nonaffiliated public utility, at wholesale rates the natural gas required to operate its own generators and for resale to its customers. The capital cost of facilities for generating and distributing electric energy are estimated to be $6,655,000, and for distributing natural gas, $333,000. Applicant expects to finance these costs through capital contributions and loans to the utility subsidiary company.

Approximately 83 percent of the subsidiary company's sales of electric energy will be intracompany sales to Walt Disney World Co., a wholly owned subsidiary company of Applicant, for the operation of the Theme Park and its related facilities, and to Walt Disney World Hotel Co., for the operation of the two large resort hotels adjacent to the Theme Park. About 17 percent of the electric energy and 24 percent of the natural gas will be sold to consumers in the residential and light commercial area, which will include principally (i) the owners and operators of nearby motor inns; (ii) the owners and operators of light commercial facilities; and (iii) individual residents.

Applicant states that the proposed utilities are functionally related to Applicant's Florida project and that the sole object of the proposed utility company is to provide electric power and natural gas needed for the Florida project, and that it will continue to be primarily engaged in the entertainment business. The Florida Public Service Commission will have jurisdiction over the utility subsidiary company with respect to the rates, service and similar matters affecting its nonaffiliated consumers. It is further stated that Applicant's proposed investment in gas and electric utilities will represent less than 3 percent of its capital investment in the Florida project as of October 1, 1971, and that anticipated gross receipts from electric and gas utility sales for the second year of operations would represent only about 1½ percent of its 1970 consolidated gross revenues and only three-tenths of 1 percent of 1970 consolidated gross revenues after the elimination of intracompany utility sales.

Notice is further given that any interested person may, not later than September 14, 1971, request in writing that a hearing be held in respect of the request for exemption, stating the nature of his interest and the reasons for such request, and the issues of fact or law which he desires to controvert; or he may request that he be notified should the Commission order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. At any time after said date the Commission may grant the exemption requested, or take such other action as it deems appropriate.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] RONALD F. HUNT,
Acting Associate Secretary.

FIRST GENERAL CAPITAL, INC.

Notice of License Surrender

Notice is hereby given that First General Capital, Inc., 165 Prospect Street, Passaic, NJ 07055, has surrendered its license to operate as a small business investment company pursuant to § 107.105 of the Regulations governing small business investment companies (13 CFR 107.105 (1971)).

First General Capital, Inc., was licensed as a small business investment company on April 29, 1963, to operate solely under the Small Business Investment Act of 1958 (the Act), as amended (15 U.S.C., 661 et seq.), and the regulations promulgated thereunder.

Under the authority vested by the Act, and pursuant to the cited regulation, the surrender of the license is hereby accepted and all rights, privileges, and the franchises derived therefrom are canceled.

Dated: August 12, 1971.

A. H. SINGER,
Associate Administrator for Operations and Investment.

[FR Doc.71–12301 Filed 8–23–71;8:48 am]

[License 05/07–5087]

INDIANAPOLIS BUSINESS INVESTMENT CORP.

Notice of Application for License as Minority Enterprise Small Business Investment Company

An application for a license to operate as a minority enterprise small business investment company (MESBIC) under the provisions of the Small Business Investment Act of 1958, as amended (15 U.S.C. 661 et seq.), has been filed by Indianapolis Business Investment Corp. (applicant) with the Small Business Administration (SBA) pursuant to § 107.102 of the SBA Rules and Regulations governing small business investment companies (13 CFR 107.102 (1971)).

The officers and directors of the applicant are as follows:

VOL 36 164 XUM

Aubrey F. Lowe, 1620 West 63d Street, Indianapolis, IN., President and Director.
Robert C. Morris, 1120 West 77th Street, North Drive, Indianapolis, IN 46260, Treasurer and Director.
H. Kent Howard, 5029 Adams Boulevard, North Drive, Indianapolis, IN., Secretary and Director.

The applicant, an Indiana corporation with its principal place of business located at 1241 North Pennsylvania Street, Indianapolis, IN 46202, will begin operations with $200,000 of paid-in capital, consisting of 1,000 shares of common stock. All of the issued and outstanding stock will be owned by Model Neighborhood Economic Development Corp., with a place of business located at 1241 North Pennsylvania Street, Indianapolis, IN 46202, and engaged in implementing the Indianapolis Model Cities Program under a grant received by the city of Indianapolis, Ind., pursuant to title I of the Demonstration Cities and Metropolitan Development Act of 1966.

Applicant will not concentrate its investments in any particular industry. According to the company's stated investment policy, its investments will be made solely in small business concerns which will contribute to a well-balanced national economy by facilitating ownership in such concerns by persons whose participation in the free enterprise system is hampered because of social or economic disadvantages.

Matters involved in SBA's consideration of the applicant include the general business reputation and character of the proposed owner and management, and the probability of successful operation of the applicant under their management, including adequate profitability and financial soundness, in accordance with the Small Business Investment Act and the SBA rules and regulations.

Any interested person may, not later than 15 days from the date of publication of this notice, submit to SBA, in writing, relevant comments on the proposed MESBIC. Any such communication should be addressed to the Associate Administrator for Operations and Investment, Small Business Administration, 1441 L Street NW., Washington, DC 20416.

A copy of this notice shall be published in a newspaper of general circulation in Indianapolis, Ind.

Dated: August 16, 1971.

A. H. SINGER,
Associate Administrator for Operations and Investment.

TARIFF COMMISSION

[TEA-F-29, TEA-W-103]

WHITTIER MILLS CO.

Firm and Worker Petitions for Determination of Eligibility To Apply for Adjustment Assistance; Notice of Investigations and Hearing

On the basis of petitions filed under section 301(a)(2) of the Trade Expansion Act of 1962, by Whittier Mills Co., 2975 Wales Avenue NW., Atlanta, Ga, and by the workers of such firm, the U.S. Tariff Commission, on August 17, 1971, instituted investigations under sections 301(c)(1) and 301(c)(2) of the act to determine whether, as a result in major part of concessions granted under trade agreements, articles like or directly competitive with cotton osnaburgs and sheetings of the type produced by Whittier Mills Co. at Atlanta, Ga., are being imported into the United States in such increased quantities as to cause, or threaten to cause, serious injury to such firm or to cause or threaten to cause the unemployment or underemployment of a significant number or proportion of the workers of such manufacturing company.

A public hearing in connection with the investigation requested by the firm will be held beginning at 10 a.m., e.d.s.t., on September 27, 1971, in the Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, DC. Appearances at the hearing should be entered in accordance with § 201.13 of the Tariff Commission's rules of practice and procedure.

The petitions filed in these cases are available for inspection at the Office of the Secretary, U.S. Tariff Commission, Eighth and E Streets, NW., Washington, DC, and at the New York City office of the Tariff Commission located in Room 437 of the Customhouse.

Issued: August 19, 1971.

By order of the Commission.

KENNETH R. MASON,
Secretary.

[FR Doc.71-12341 Filed 8-23-71;8:49 am]

[TEA-I-21]

TELEVISION RECEIVERS

Postponement of Hearing

Notice is hereby given that the hearing in Investigation No. TEA-I-21, scheduled to be held in the Tariff Commission's Hearing Room, Tariff Commission Building, Eighth and E Streets NW., Washington, DC, beginning at 10 a.m., e.d.s.t., on August 24, 1971, has been postponed to 10 a.m., e.d.s.t., on October 6, 1971.

The hearing is being held in connection with a Commission investigation under section 301(b)(1) of the Trade Expansion Act of 1962 to determine whether, as a result in major part of concessions granted under trade agreements, television receivers and parts thereof provided for in item 685.20 of the Tariff Schedules of the United States, are being imported into the United States in such increased quantities as to cause, or threaten to cause, serious injury to the domestic industry or industries producing articles which are like or directly competitive with the imported articles. Notice of the investigation was published in the FEDERAL REGISTER of June 12, 1971 (36 F.R. 11491-11492).

By order of the Commission:

KENNETH R. MASON,
Secretary.

[FR Doc.71-12409 Filed 8-23-71;8:51 am]

INTERSTATE COMMERCE COMMISSION

DESCRIPTION OF CENTRAL AND FIELD ORGANIZATION

The following revised current description of the central and field organization of the Interstate Commerce Commission is supplemental to the "Organization Minutes of the Interstate Commerce Commission Relating to the Organization of Divisions and Boards and Assignment of Work" 26 F.R. 4773, 5167, 8434, 10991, and 12789; 27 F.R. 1234, 1747, 2500, 3830, and 9997; 28 F.R. 198, 896, 8013, and 8185; 29 F.R. 3027, 4935, 11401, 12503, 14517, 16846, and 18403; 30 F.R. 5723, 8246, 10069, and 11013; 32 F.R. 8690 and 10955; and 33 F.R. 5780 and is published pursuant to the provisions of section 3(a) of the Administrative Procedure Act (60 Stat. 237). For last prior statement as amended see 35 F.R. 4353.

1. *The Commission.* The Interstate Commerce Commission is a Federal independent regulatory agency existing under the Interstate Commerce Act.

(a) *Offices.* The central and principal office of the Commission is located at 12th Street and Constitution Avenue NW., Washington, DC 20423. In the field, there are six regional offices and 74 area offices, located in the more important transportation centers throughout the United States. A list of these offices is included in an appendix attached hereto.

(b) *Hours.* Office hours in Washington, D.C., are from 8:30 a.m. to 5 p.m. Office hours of field offices are also from 8:30 a.m. to 5 p.m., local time, except where local conditions require otherwise.

(c) *Sessions.* General sessions of the Commission are held at Washington, D.C., but special sessions may be held at any place in the United States. Hearings or investigations may be conducted by one or more Commissioners, by one or more hearing examiners, by boards authorized by sections 17 and 205 of the Interstate Commerce Act, or by other authorized personnel, at any place in the United States or its territories. (Sections 17, 19, and 205)

(d) *Definitions*—(1) *Acts.* The words "Act" or "the Act" used in this part shall be construed to mean the Interstate Commerce Act and other acts administered by the Commission, unless the context indicates that a different meaning is intended.

(2) *Commission.* Where reference is made to the exercise of any authority or the determination of any matter by the "Commission," the term shall be construed to mean the entire Commission, a division thereof, an individual Commissioner, a board of employees, a joint board, or an examiner to whom, according to the assignment of duties, that authority or the determination of such matters has been assigned, unless the context indicates that a different meaning was intended.

(3) *Carrier.* Where reference is made to a carrier, in this part, the term will include railroads, express companies and sleeping car companies, common and contract motor carriers and brokers of motor transportation, pipelines (other than those for water or gas), freight forwarders and certain domestic water carriers.

2. *Availability of Information*—(a) *Releases by the Commission.* Releases to the public are issued through the Office of the Secretary.

(b) *Requests for Information.* Requests for information or advice concerning any matter within the jurisdiction of the Commission may be addressed to the Secretary, the Director of the bureau or office which handles the particular subject matter, the field offices of various bureaus, to the extent stated in the description of bureau organization, or to the Public Information Office.

(c) *Reports and orders.* The reports and orders of the Commission are initially prepared for service upon the parties to the proceedings in duplicated form. Copies of all such reports and orders are made available for public inspection at the time of issuance through the Secretary's Office and, to the extent that copies are available, are furnished to interested persons without charge.

The more important reports of the Commission are printed and sold in advance sheet form and in bound volumes by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Reports concerning other than motor carrier application matters are published in volumes entitled "Interstate Commerce Commission Reports," commonly cited "_____ I.C.C. _____." Reports concerning motor carrier application matters are published in a separate series of reports entitled "Interstate Commerce Commission Reports, Motor Carrier Cases", commonly cited "_____ M.C.C. _____." The first 21 volumes of reports relating to valuation matters are included in the "ICC" series of reports, but beginning with Volume 22 and ending with Volume 57, these reports are published in a separate series entitled "Interstate Commerce Commission Valuation Reports", commonly cited "_____ Val Rep _____." Beginning with the initial (basic) pipeline reports for the year 1963, such valuation reports appear in the "Interstate Commerce Commission Reports."

Copies of reports and orders, including those printed as described above, may be examined at the Washington office of the Commission.

(d) *Inspection of Records.* The following specific files and records in the custody of the Secretary are available to the public (sections 16, 204, 316, and 417 of the Act) and may be inspected at the Commission's office in Washington upon reasonable request:

(1) Copies of tariffs, rate schedules, section 22 quotations or tenders, classifications, powers of attorney, concurrences and contracts filed with the Commission pursuant to sections 6, 22, 217, 218, 306, 405, and 409 of the Act.

(2) Annual and other periodic reports filed with the Commission pursuant to sections 20, 220, 313, and 412 of the Act.

(3) Annual reports, maps, profiles, and other data filed with the Commission pursuant to section 19a.

(4) All docket files, including pleadings, depositions, exhibits, transcripts of testimony, recommended and proposed reports, exceptions, briefs, and reports and orders of the Commission in any proceedings.

(5) Files of instruments or documents recorded pursuant to section 20c and index thereto.

(6) Other files and records, depending on their nature, may be available for public inspection where the disclosure would be consistent with the public interest and duties of the Commission. Request to inspect such records, when such request is not made during a formal proceeding, shall be addressed to the Secretary. If the Secretary rules that such records cannot be made available because they are exempt under the provisions of Public Law 90-23 (sec. 1, 81 Stat. 54; 5 U.S.C. sec. 552), appeal from such ruling may be addressed to the Chairman whose decision shall be administratively final. (49 CFR 1001.4)

(7) Requests to inspect public records should be made at the Secretary's Office or at one of the public reference rooms in the Commission's Washington Office. Copies of certain rate schedules, tariffs, reports and operating authorities filed by and applicable to motor carriers are available for inspection at field offices where personnel of the Bureau of Operations are located.

(8) Copies of and extracts from public records will be certified by the Secretary under the seal of the Commission. Persons requesting the Commission to prepare such copies should clearly state the material to be copied, and whether it shall be certified. A charge will be made for certification and for the preparation of copies.

3. *Bureau and Office Organization*—(a) *Central Organization.* The Commission's staff is organized into five bureaus and five offices, the duties of which will be hereafter described. Boards of employees provided for by section 17 are shown as units within the bureaus and offices of which they form a part. The portions of the work, business, and functions of the Commission which have been assigned to the boards are described in the organization minutes and will not be repeated in this publication. Immediately following the name of each board is a reference, in parentheses, to the pertinent item number of the organization minutes. Each bureau and office reports as provided in item 9.1 of the organization minutes.

(b) *Field Organization.* Each region is headed by a regional manager who is responsible for the management of all ICC activities within the region. Regions are staffed with employees who perform certain investigative and other duties specifically outlined as part of the function and description of the individual bureaus to which they are attached. In each of the 74 area offices a member of the technical staff has been designated to serve as the officer-in-charge. Such officer represents the Commission at the local level and provides information and assistance to the public as may be appropriate and within the scope of his authority.

(c) *Office of the Managing Director.* The Managing Director is responsible for the day-to-day administration of the Commission and the management of Commission operations.

(1) *Budget and Fiscal Office.* Responsible for the preparation and execution of the Commission's budget; assessment of manpower utilization and requirements and the analysis of related work processes; fiscal accounting, auditing, payroll, and leave administration; and program evaluation and internal fiscal audit.

(2) *Personnel Office.* Responsible for planning, organizing, accomplishing, and evaluating the overall personnel management program in Washington and in the field, including (a) personnel policy and procedures; (b) position management; (c) personnel program development; (d) personnel staffing; (e) employee relations and services; (f) personnel organization structure and functional relationships; (g) employee-management cooperation; (h) employee development and training; (i) personnel security; (j) occupational health program; and (k) maintenance of personnel records and information.

(3) *Section of Administrative Services.* Responsible for all contracting, property, supply, maintenance, physical security, space and facilities functions within the Commission; receiving, processing and maintaining records of reports and claims arising from motor vehicle or other accidents involving Commission employees; planning and conducting an employee safety education program; providing central graphics and copy preparation services for the Commission; preparation of administrative and other issuances; operation of the Commission's authorized printing plant; publications supply and distribution; maintaining a special library of transportation materials; processing all incoming and outgoing mail and providing messenger service; processing applications and other filings for which fees and charges are made; and making personal service of official notices, orders, reports, or other processes upon designated agents of parties in Washington.

(4) *Section of Systems Development.* Responsible for conducting studies to determine the feasibility of applying automatic and other data processing methods to Commission operations and work processes. Develops and implements complete systems for those areas determined to be susceptible to such methods and performs automatic data processing operations for bureaus and offices of the Commission. Designs, develops and implements work measurement and work reporting systems. Responsible for paperwork management activities including review of forms and procedures and the design of efficient paperwork and records practices and systems. Provides management analysis and operations research support to Commission activities. Utilizing electronic data processes, operates

VOL 36 164 XUM

automated control system which reflects the status of proceedings cases and specifically identifies those cases and steps in which processing should be reviewed for expediting action.

(d) *Office of the Secretary and Congressional Relations.* The Secretary is the official through whom the Commission, its divisions, individual Commissioners, boards of employees, joint boards, and examiners issue their orders and decisions; he is custodian of the seal and records of the Commission and is responsible for the proper documentation of Commission decisions, procedures, and other transactions; pursuant to the rules of practice, he is responsible for processing the official documents pending before the Commission and for service on parties to formal proceedings. The Secretary's Office is the medium through which decisions, orders, statements, releases, and other information, including individual votes contained in the Commission's minutes, are made available to the public. The Secretary serves as Congressional Liaison Officer for the Commission, providing for communication between the Commission and the Congress on various matters. In this capacity he serves as the central point of contact, and is responsible for and supervises liaison of matters involving the agency, its functions, jurisdiction, rules and regulations, and other matters, and for maintaining cooperative relations with the Congress. Coordinates plans for the appearance of the Chairman or his designees before the Congressional Committees and accompanies the Commission's witnesses and assists them when necessary as to the presentation of their testimony. Advises Commission witnesses in advance respecting the extent to which a particular subject will probably be covered and the nature of the questions likely to be asked. Attends Congressional committee hearings as an observer for the Commission on various matters of interest to the Commission.

(1) *Section of Dockets and Service.* Responsible for searching the official docket files and preparing the service lists of the parties upon whom all official notices, orders, reports, decisions, and other processes are served. Maintains docket files covering all formal proceedings of the Commission; files all applications, correspondence, pleadings, exceptions, petitions, etc., which make up the dockets; maintains a control card record system of the location of all official dockets; and mails dockets to the field offices for use at hearings.

(e) *Office of the General Counsel.* This office, under the direction of the General Counsel, furnishes general legal advisory service to the Commission in all matters involving its functions and activities under the Act and other statutes administered by it and concerning other laws or statutes applicable to or affecting the Commission; defends, on behalf of the Commission, all court actions instituted to suspend, enjoin, annul or set aside orders of the Commission, and participates in the appeals therefrom; and assists in formulating all legislative matters pertaining to the Commission. This office does not participate as public counsel in Commission proceedings nor does it act as investigator or prosecutor in proceedings to enforce the requirements of the Act or to exact penalties for violations.

(1) *Section of Research and Opinions.* Furnishes general legal advisory service to the Commission in all matters involving its functions and activities under the Act and other statutes administered by it and concerning other laws or statutes applicable to or affecting the Commission.

(2) *Section of Litigation.* Defends, on behalf of the Commission, all court actions instituted to suspend, enjoin, annul or set aside orders of the Commission, and participates in the appeals therefrom.

(3) *Section of Legislation.* Assists in the formulation of the Commission's position on legislative proposals by advising the Commission of the substance and status of pending bills, preparing statements of the Commission's views thereon and the testimony of the Chairman, and recommending legislative proposals to be submitted by the Commission.

(f) *Office of Hearings.* This office performs duties in connection with the quasi-judicial administrative proceedings which come before the Commission pursuant to the various provisions of the Interstate Commerce Act and other related Acts. Such proceedings generally involve rail carriers, motor carriers, water carriers, freight forwarders, brokers, and pipelines subject to the Commission's jurisdiction and relate to: authority to construct, acquire, or abandon lines of a railroad or the operation thereof; proposed discontinuance or changes in the operation by railroads of trains or ferries; contracts and agreements for the pooling or division of traffic and earnings: authority to consolidate, merge, transfer ownership, or acquire control of carriers; authority for a railroad to acquire trackage rights over, or joint ownership or use of, railroad lines and terminals and the use by one railroad of terminal facilities of another; authority to issue securities or to assume obligations and liabilities with respect to securities of others; authority to alter or modify outstanding securities and obligations; transfers of brokers' licenses and of certificates and permits of motor carriers and water carriers, and permits of freight forwarders; under provisions of the Uniform Bankruptcy Act, the approval of plans of reorganization, the submission thereof to creditors and stockholders for acceptance or rejection, the recommendation of formulas for the segregation of earnings, the ratification of trustees, the fixing of maximum limits of allowances to trustees and other parties in interest, and the authorization of persons, including protective committees, to solicit and act under proxies, authorizations, or deposit agreements in connection with railroad reorganization or receivership proceedings; applications for certificates, permits and licenses to perform services as motor common and contract carriers, brokers of motor carrier transportation, water carriers, and freight forwarders; requests for exemptions under the various sections of the Act relative to operating authority matters; the suspension, change, or revocation of certificates, permits, and licenses; applications for Certificates of Registration under section 206(a) (6) and (7) of the Act; proceedings relative to rates, fares, charges, and practices; applications for relief from antitrust laws relative to collective ratemaking agreements; proceedings arising under a number of miscellaneous provisions of the Act and other acts such as the Railway Mail Service Pay Act, Railroad Retirement Act, etc., which require Commission findings and determinations; investigations looking to the prescription of rules and regulations governing operations of carriers; and formal complaints and investigations and concerning failure to comply with the Act or any requirements established thereunder. The Office schedules hearings in all proceedings processed by the office which require an oral hearing; handles proceedings under certain special procedures and modified procedures; handles procedural questions arising in connection therewith at all processing steps and up to and including service of a report and recommended order; conducts hearings; prepares initial reports; and releases for service all initial reports and recommended orders. The Chief Hearing Examiner's Office is responsible for overall effective management of the Office of Hearings including direction of case assignment and control; maintaining case processing and other statistical records; providing case status information; performing special studies and projects; maintaining a system of production control; handling Joint Board appointments and performing necessary administrative functions for the office.

(g) *Office of Proceedings.* This office is responsible for the processing of all formal and certain informal proceedings arising or initiated under the provisions of the Interstate Commerce Act dealing with the activities of rail, motor, and water carriers, brokers and freight forwarders. Operations are conducted by and through the several sections and employee boards which are charged with the efficient, effective and expedient direction of all proceedings received. The Director's Office has primary responsibility for the overall effective management of the Office of Proceedings including the direction of the sections and employee boards. The office advises and counsels the Commission on proceedings matters coming before it; has responsibility for examining applications for operating rights and preparation of certificates, permits and licenses specifying permanent grants of authorities approved by the Commission; and is responsible for reissuing, vacating or amending such authorities after action by the Commission. The Director's office is responsible for overseeing the budgetary, personnel and administrative management requirements and activities of the entire office.

(1) *Section of Administrative Support.* Maintains case index and status records on formal proceedings and provides a central source for case information; annotates legal precedents for publication and maintains index-digests for case research and plans and supervises all clerical administrative functions in support of the Office of Proceedings. Duties include (1) the filing, indexing, and docketing of formal proceedings cases; (2) the issue of notice by publication in the FEDERAL REGISTER or other publication as required to assure due process; (3) the examination of pleadings for acceptability for filing; (4) periodic assessment of the status of the proceedings docket and the workload of the office; (5) administrative support activities involved in the issue (preparation and typing), recording, controlling, and reporting on moving or delaying actions affecting the status of proceedings cases; (6) the preparation of certificates, permits and licenses specifying permanent grants of authorities approved by the Commission and related orders reissuing, vacating or amending such authorities after action by the Commission; (7) the compilation and maintenance and publication of index-digests and tables in the Commission's bound volumes of decisions, and the annotation of legal precedents for publication in the Interstate Commerce Acts Annotated and in advance bulletins thereto (these are for use of Commission personnel, other Government agencies, practitioners and the public); and (8) prepares and maintains records indicating the filing dates of applications for motor-carrier authority, the grant or denial of operating authority, to whom issued or transferred, applicants, addresses, types of operation, and revocation notices.

(2) *Section of Finance.* Performs duties in connection with the Commission's proceedings involving rail carriers, motor carriers, water carriers, and freight forwarders, under the various sections of the Act, relative to: authority to construct, acquire, or abandon lines of a railroad or the operation thereof; proposed discontinuances or changes in the operation by railroads of commuter and other short-haul service in metropolitan and suburban areas; approval for motor carriers, water carriers, and railroads to enter into contracts and agreements for the pooling or division of traffic and earnings; authority to consolidate, merge, transfer ownership, or acquire control of carriers and, when directly related to such authority, the granting of certificates or permits to motor carriers in connection therewith; authority for a railroad to acquire trackage rights over, or joint ownership or use of railroad lines and terminals; ordering the use by one railroad of terminal facilities of another; authority to issue securities or to assume obligation and liability with respect to securities of others; authority to sell securities without competitive bidding; authority to alter or modify outstanding securities and obligations; transfers of brokers' licenses and of certificates and permits of motor carriers, water carriers, and permits of freight forwarders; authority to hold position of officer or director of more than one railroad; the guaranty of loans to railroads in financing additions or betterments or other capital expenditures, or for the financing of expenditures for maintenance of property; formal investigations concerning possible violations of the Act relating to the foregoing subjects; and, under provisions of the Uniform Bankruptcy Act, the approval of plans of reorganization, the submission thereof to creditors and stockholders for acceptance or rejection, the recommendation of formulas for the segregation of earnings, the ratification of trustees, the fixing of maximum limits of allowances to trustees and other parties in interest, and the authorization of persons, including protective committees, to solicit and act under proxies, authorizations, or deposit agreements in connection with railroad reorganization or receivership proceedings.

After analysis of the record and consideration of briefs, exceptions, other pleadings, and oral argument, if any, attorneys assigned to this section: (a) Under the direction and supervision of the Commissioner to whom the case is assigned, prepare draft final reports and orders; and (b) in cases which have not been assigned to individual Commissioners independently prepare draft reports and orders for circulation to employee boards for consideration and adoption. Attorneys assigned to this section also independently prepare and review memoranda recommending the action the Commission, a Division, or an individual Commissioner should take on petitions for rehearing, reargument, or reconsideration, and petitions for other relief. Attorneys are assigned to branches for the purpose of direction, guidance, and training.

(3) *Section of Operating Rights.* Performs duties in connection with the Commission's proceedings involving motor common and contract carriers, brokers of motor carrier transportation, water carriers, and freight forwarders, under the various sections of the Act, relative to operating authority matters, provisions, and exemptions, including investigations looking to the prescription of rules and regulations governing operations of such carriers; formal complaints and investigations concerning failure of carriers to comply with the Act or any requirements established thereunder with respect to operating practices under the jurisdiction of Division 1; the suspension, change, or revocation of certificates, permits, and licenses; extensions of dates for filing pleadings; processing of applications for Certificates of Registration and Certificates to Transport Mail; and the handling of requests for authority under the Superhighway and Deviation Rules.

After analysis of the record and consideration of briefs, exceptions, other pleadings, and oral argument, if any, attorneys assigned to this section: (a) Under the direction and supervision of the Commissioner to whom the case is assigned, prepare draft final reports and orders; and (b) in cases which have not been assigned to individual Commissioners independently prepare draft reports and orders for circulation to employee boards for consideration and adoption. Attorneys assigned to this section also independently prepare and review memoranda recommending the action the Commission, a Division, or an individual Commissioner should take on petitions for rehearing, reargument, or reconsideration, and petitions for other relief. Attorneys are assigned to branches for the purpose of direction, guidance, and training.

(4) *Section of Rates.* Performs duties in connection with the Commission's proceedings involving rail carriers, motor carriers, water carriers, and freight forwarders, under the various sections of the Act, relative to rates, fares, charges, practices and service, and relief from anti-trust laws relative to collective ratemaking agreements; and conducts proceedings arising under a number of miscellaneous provisions of the Act and other related statutes.

After analysis of the record and consideration of briefs, exceptions, other pleadings, and oral argument, if any, attorneys assigned to this section: (a) Under the direction and supervision of the Commissioner to whom the case is assigned, prepare draft final reports and orders; and (b) in cases which have not been assigned to individual Commissioners independently prepare draft reports and orders for circulation to employee boards for consideration and adoption. Attorneys assigned to this section also independently prepare and review memoranda recommending the action the Commission, a Division, or an individual Commissioner should take on petitions for rehearing, reargument, or reconsideration, and petitions for other relief. Attorneys are assigned to branches for the purpose of direction, guidance, and training.

(5) *Review Boards Nos. 1, 2, 3, 4, and 5.* See Item 7.12 of the organization minutes, as amended, for functions and duties.

(6) *Operating Rights Board.* See Item 7.11 of the organization minutes, as amended, for functions and duties.

(7) *Finance Board.* See Item 7.6 of the organization minutes, as amended, for functions and duties.

(8) *Motor Carrier Board.* See Item 7.4 of the organization minutes, as amended, for functions and duties.

(h) *Bureau of Accounts.* Performs the accounting, cost finding, valuation and reporting functions necessary in the regulatory work of the Commission to bring about accurate, uniform and comprehensive disclosure of financial data by carriers in the public interest. This includes the development of uniform systems of accounts, valuation regulations, regulations governing the destruction of carrier records, statistical and accounting reporting requirements of annual and periodic reports, and other related regulations for all transportation companies

VOL 36 164 XUM

subject to the Act; examining the accounts, records, reports, and financial statements filed by such companies to ascertain compliance with Commission accounting and related regulations; compilation and publication of transportation statistics; development of equitable and reasonable depreciation rates for carrier property; preparing studies and analyses of the costs and revenues of transportation service of carriers subject to the Act; maintaining inventories of railroad and pipeline properties, and developing property valuation data; preparing accounting, cost and valuation data for use in proceedings before the Commission; analyzing cost evidence presented by other parties in rate proceedings; rendering assistance in accounting matters in finance proceedings; preparation of financial analyses in connection with Commission's proceedings involving authority to construct, acquire, or abandon lines of railroads; approval for regulated industry to enter into contracts for the pooling or division of traffic in earnings, to consolidate, merge, transfer ownership or acquire control of carriers; and responsible for the administration of the loan guaranty program provided for by the Transportation Act of 1958.

(1) *Section of Accounting.* Prepares uniform systems of accounts and general accounting rules applicable to carriers in the several modes of transportation subject to Commission regulation; prepares modifications and revisions of such systems and rules; furnishes interpretations of accounting and related rules as required; renders assistance in proceedings before the Commission, the courts and congressional committees involving the application of accounting rules and principles; prepares regulations governing forms, recording of passes for free transportation, and the destruction of carrier records; and prepares correspondence relating thereto.

(2) *Section of Audit.* Examines accounts and records of carriers to ascertain compliance with accounting, valuation and related regulations prescribed by the Commission; reviews and evaluates all reports and related working papers pertaining to general accounting and valuation examinations; performs accounting review of annual reports for adequacy and compliance with accounting provisions, rules and regulations; and provides expert testimony in courts of law and proceedings before the Commission with respect to matters developed in field examinations and investigations.

(3) *Section of Cost Finding.* Prepares cost formulas and studies to reflect the cost of transportation by railroads, motor carriers, and inland, coastal and intercoastal water carriers; furnishes cost data for use in considering rate proposals; analyzes cost evidence submitted by carriers in petitions for vacation of suspension orders and in rate proceedings, and evaluates the adequacy of the studies in relation to the issues; and prepares cost exhibits and supplies witnesses in a variety of cases when directed by the Commission.

(4) *Section of Financial Analysis.* Prepares accounting and financial analyses for use by Commissioners and their immediate staffs, members of employee boards, hearing examiners, attorney advisors, adjudicators and other officials of the Commission in connection with pending applications involving railroads, motor carriers and other carriers subject to the Commission's jurisdiction for authority to purchase, lease, merge, consolidate or acquire stock control; to issue securities or assume obligations and liability in respect thereof; for modification of capital structures; for reorganizations; for abandonment of a line of railroad; for discontinuance of a passenger train; reviews accounting exhibits submitted by carriers pursuant to Commission orders in finance proceedings; and administers the Commission's Part V loan program.

(5) *Section of Reports.* Prepares the annual and periodic ICC statistical and accounting reporting publications; sets forth policies and practices to be followed by carriers in filing the annual and periodic reports; examines and verifies carrier reports to determine accuracy, completeness and compliance with reporting requirements; and conducts correspondence with carriers regarding same.

(6) *Section of Valuation and Depreciation.* Performs work necessary to ascertain the value of railroad and pipeline properties and to determine equitable and reasonable depreciation rates for carrier property as required by the Interstate Commerce Act. This includes maintaining current inventories of carrier property; ascertaining the original and current reproduction cost of carrier property; ascertaining the present value of land; and the development of other pertinent information for finding final property values.

(7) *Field Staff.* Examines accounts and records of carriers to ascertain compliance with accounting, valuation and related regulations prescribed by the Commission. Ascertains that the payments made by railroads or express companies are just and reasonable and in accordance with agreements with persons furnishing protective services. Provides expert testimony in courts of law and proceedings before the Commission with respect to matters developed in field examinations and investigations.

(8) *Accounting and Valuation Board.* See Item No. 7.13 of the Organization Minutes, as amended, for functions and duties.

(i) *Bureau of Economics.* The primary function of the Bureau is to advise the Commission on economic, mathematical and statistical matters. It provides analytical and informational services in these areas to assist the Commission in its policy and case decisional processes; and it defines requirements for economic information needed by the Commission for its regulatory purposes.

Since the primary role of the Commission is economic regulation, the goals of the Bureau's economic research and analysis are to assist the Commission to recognize the presence, nature and significance of economic issues and problems as they exist in the industries it regulates and as they arise in the process of regulation; to improve both the quality of the evidence and analysis submitted on such issues in proceedings before the Commission and the quality of the scrutiny to which such evidence is subjected; and to assist the Commission in the formulation and evaluation of policy on the basis of sound economic principles and evidence.

(1) *Section of Mathematics and Statistics.* Initiates, develops and applies mathematics and mathematical statistics to problems, projects and proceedings involving the Commission and Bureau; designs and implements nationwide probability sample studies to collect information on traffic, costs and operations as required by the Commission; analyzes data from sample studies and prepares reports on same; renders technical assistance, advice and evaluation of the mathematical and statistical aspects of major proceedings before the Commission; develops quality standards for conducting sample studies and processing collected data; renders technical advisory services generally in the field of applied mathematics and statistics as related to the Commission's interests; and develops new applications of mathematical and statistical techniques to the Commission's work.

(2) *Section of Research.* Embodies the economic analysis and research capability of the Commission; is concerned broadly with the regulatory implications of economic problems in transportation and, conversely, with the economic effects or implications of current or proposed regulatory policies and practices; carries out economic studies of transportation and regulatory problems; advises the Commission on national economic developments affecting or affected by transportation and regulatory problems; provides analytical services and independent evidence or testimony on economic aspects of proceedings; and supplies economic information, technical evaluation, and special reports to meet specific current needs of the Commission.

(j) *Bureau of Enforcement.* Guides investigations of violations and analyzes and evaluates reports thereon; prosecutes in court and assists the Department of Justice in prosecuting through trial and all appellate stages civil and criminal proceedings arising under all parts of the Act, and related acts such as the Elkins Act (49 U.S.C. secs. 41–43) and the Clayton Anti-trust Act (15 U.S.C. secs. 12 et seq.); and negotiates and makes compromise agreements, or suspends or terminates monetary civil enforcement claims. As authorized by a continuing delegation from the Commission, participates in Commission proceedings arising under all parts of the Act on the issue of the fitness of applicants to acquire operating authority. When specifically authorized by the Commission, a division thereof, or the vice chairman, in any particular case or

class of cases, participates in Commission proceedings for the purpose of developing facts and issues other than the fitness of an applicant.

(1) *Section of Motor, Water, and Forwarder Enforcement.* Supervises and handles the legal activities involved in the enforcement of parts II, III, and IV of the act, the Elkins Act, the Clayton Anti-trust Act, and related acts involving motor, water, and freight forwarder transportation. Participates in Commission proceedings and in negotiating monetary civil enforcement claims against motor carriers, shippers, and freight forwarders violating certain sections of parts II and IV of the act.

(2) *Section of Rail Enforcement.* Supervises and handles the legal activities involved in the enforcement of part I of the act, the Elkins Act, the Clayton Anti-trust Act, and other acts as they relate to railroads and pipeline carriers; prosecutes, or recommends prosecution to and assists U.S. attorneys in the prosecution of, civil and criminal proceedings arising under the aforesaid acts; participates as counsel in Commission proceedings; and participates in negotiating monetary civil enforcement claims with carriers, shippers, and other persons violating certain sections of part I of the act and the Elkins Act.

(3) *Field Staff.* Provides legal advice to members of the Commission's field staff in connection with investigations of violations and other matters requiring legal determinations and, with respect to enforcement action to be taken, prosecutes, or recommends prosecution to and assists U.S. attorneys in the prosecution of civil and criminal proceedings in Federal Courts; participates in Commission proceedings as counsel; and participates in negotiating monetary civil enforcement claims with carriers, shippers, and other persons, all of which are related to violations of parts II, III, and IV of the act.

(k) *Bureau of Operations.* Performs duties in connection with the Commission's programs insofar as they involve: keeping informed of and advising the Commission concerning operations and practices of surface transportation industries; initiating and administering the rules and regulations governing the filing and approval of security or insurance for the protection of the public and designation of agents for service of process; initiating and administering the rules and regulations governing the lease and interchange of vehicles by motor carriers; initiating and administering the rules and regulations involving the car service provisions of the Act which include preparing proposed regulations and emergency orders regarding the use, control, supply, movement, distribution, interchange, and return of rail locomotives, cars, and other vehicles used in the transportation of property by rail; initiating and administering the rules and regulations applicable to water carriers, freight forwarders, and rate bureaus; processes applications for temporary operating authorities and exemptions; makes field inspections of the operations and records of carriers and others to inform them of the requirements of the Act and regulations and to discover unauthorized operations or violations with regard to tariffs, rebates, accounts, insurance, annual reports, and extensions of credit; investigates violations, and recommends and assists in prosecutions; and issuing informal interpretations of Commission's certificates, permits, licenses and regulations affecting motor, water, freight forwarder, and broker operations. Coordinates the Commission's overall mobilization activities which include the National Defense Executive Reserve program, and provides liaison with other Federal and State agencies and all such other responsibilities assigned the Commission by executive orders and/or congressional acts except those responsibilities delegated by the Chairman to the Director of Personnel relating to personnel security and to the Secretary of the Commission relating to the national security document control activity and continuity of the agency functions including relocation site arrangements and the prepositioning of essential records.

(1) *Section of Insurance.* Performs work in connection with the administration of section 215 of the act pertaining to the furnishing of insurance or other security by motor carriers and brokers for the protection of shippers and the public. This includes the preparation of recommendations to the Commission with regard to applications to self-insure. This section also approves or disapproves certificates of insurance and bonds, and in connection therewith, evaluates the acceptability of the issuing agency. In addition, performs work similar to that described above in connection with the administration of section 403(c) of the act applicable to freight forwarders. Also performs work in connection with the administration of section 221 (a) and (c) of the act pertaining to designation of the agents to receive service of judicial process.

(2) *Section of Motor Carriers.* Performs work in connection with the administration of certain provisions of part II of the act as it relates to motor carriers and brokers; advises the bureau director and others regarding interpretations of motor carrier operating rights; develops recommendations for new or revised regulations pertaining to motor carriers and brokers; furnishes instructions, information and assistance to the field staff in matters involving motor carrier regulations; develops programs governing compliance and investigative matters; and assembles, prepares and maintains reference materials in such matters; and in coordination with the Director's Office and Regional Directors supervises the bureau's field activities with respect to such items.

(3) *Section of Railroads.* Performs necessary duties relating to the administration of the railroad economic regulatory provisions of the act, including car service provisions pertaining to use, control, supply, movement, distribution, exchange, interchange and return of locomotives, cars and other vehicles used in the transportation of property, including special types of equipment; provides data for use as the basis for issuance of service orders, permits and freight car distribution orders and directives; advises the bureau director and others concerning freight car conditions throughout the country; develops recommendations for new or revised regulations pertaining to rail transportation; develops programs governing compliance and enforcement matters; and in coordination with the Director's Office and Regional Directors supervises the Bureau's field activities with respect to these items.

(4) *Section of Water Carriers and Freight Forwarders.* Performs duties in connection with the Commission's programs involving the regulation of water carriers, freight forwarders, and rate bureaus under parts III and IV, and section 5a of the act; processes the applications of water carriers for temporary authorities and exemptions; and provides technical assistance to the field staff in the inspection of operations of water carriers, freight forwarders and rate bureaus to inform them of the requirements of the Act and Commission regulations, and to assist in the processing of cases involving the unauthorized operations or violations with regard to tariffs, rebates, accounts, annual reports, extensions of credit or procedures for collective rate-making under approved agreements.

(5) *Field Staff.* Conducts inspections and investigations of the activities, and operations of railroads, motor carriers, brokers, water carriers, freight forwarders, and rate bureaus to ascertain their compliance with the law and regulations under the Act including: (1) Motor carriers' posting and adherence to rate and tariff schedules, filing of insurance, operating in accordance with authority and like matters; provides reports on applications for temporary operating authority; prepares investigation reports recommending prosecutions and other proceedings respecting these matters; (2) inspecting the operations of water carriers, freight forwarders and rate bureaus to inform them of the requirements of the act and Commission regulations and to discover unauthorized operations or violations with regard to tariffs, rebates, accounts, annual reports, extensions of credit or procedures for collective rate-making under approved agreements; (3) performs inspections and investigations of carrier compliance with regulations relating to the car service provisions of the act, pertaining to use, control supply, movement, distribution, exchange, interchange, and return of locomotives, cars and other vehicles used in the transportation of property by rail; and (4) such other matters under provisions of the Act that are administered by the Bureau.

(6) *Insurance Board.* See item 7.8 of the organization minutes, as amended, for functions and duties.

(7) *Motor Carrier Leasing Board.* See item 7.8 of the organization minutes, as amended, for functions and duties.

(8) *Railroad Service Board.* See item 7.8 of the organization minutes, as amended, for functions and duties.

(1) *Bureau of Traffic.* Performs duties relative to the filing of schedules or tariffs of rates, fares and charges, and of transportation contracts of carriers subject to the Act; the suspension of tariff provisions pending investigation of their lawfulness, and the administration of the long-and-short-haul and aggregate-of-intermediate-rate, released rates and reduced rates in case of calamitous visitation provisions of the Act; confers and corresponds with carriers, shippers and other interested parties, expressing its views concerning the application of rates and other tariff provisions as a possible means of settling controversies; processes applications of carriers requesting authority to make reparation on past shipments; and advises with, and acts as consultant to, the Commission and its staff with respect to tariff policies, rate adjustments, general rate investigations, tariff interpretations, and rate-making principles.

(1) *Section of Tariffs.* Receives, examines and maintains the official files of all tariff publications, except passenger and express publications; processes applications for special permission to establish rates and charges or other tariff provisions on less than statutory notice or for waiver of tariff circular rules, including those of motor carriers when such carriers have been granted temporary operating authority by the Commission; receives, examines and files powers of attorney, concurrences, and quotations filed under section 22 of the act; makes recommendations to the Commission as to changes in tariff circular rules; and maintains a complete file of tariffs of all carriers, section 22 quotations and contracts between freight forwarders and motor carriers filed under section 409 of the act for use of the public.
